

Technical Advisory Committee (TAC) Meeting

Marion County Public Library
2720 E. Silver Springs Blvd., Ocala, FL 34470
Meeting Room C

November 12, 2019

10:00 AM

AGENDA

- 1. CALL TO ORDER AND ROLL CALL**
- 2. PROOF OF PUBLICATION**
- 3. ACTION ITEMS**
 - A. Goals & Objectives 2045 Long-Range Transportation Plan (LRTP)**

Staff will present the results of the committees weighting exercise of the Goals & Objectives, and the recommended Goals & Objectives for the 2045 LRTP
 - B. Fiscal Year 2019/20 – 2023/24 Transportation Improvement Program (TIP) Amendment**

Staff will present and is requesting action regarding an amendment to the fiscal year (FY) 2019/20 – 2023/24 Transportation Improvement Program (TIP). The TIP is a five-year planning document that tracks the funding and phasing of transportation projects.
- 4. CONSENT AGENDA**
 - A. October 08, 2019 – Minutes**
- 5. COMMENTS BY FDOT**
- 6. COMMENTS BY TPO STAFF**
 - A. Website**
- 7. COMMENTS BY TAC MEMBERS**
- 8. PUBLIC COMMENT (Limited to 2 minutes)**
- 9. ADJOURNMENT**

If reasonable accommodations are needed for you to participate in this meeting, please call the TPO Office at (352) 438-2630 forty-eight (48) hours in advance so arrangements can be made.

at this meeting or hearing, he or she will need a record of the proceedings, and that, for such purpose, he or she may need to ensure that a verbatim record of the proceedings is made, which record includes the testimony and evidence upon which the appeal is to be based.

*The next regular meeting of the Ocala/Marion County Transportation Planning Organization will be held on
January 14, 2019*

TO: COMMITTEE MEMBES

FROM: DERRICK HARRIS, TPO ASSISTANT DIRECTOR

RE: GOAL WEIGHTS FOR THE 2045 LRTP

As many of you know, we have been diligently garnering feedback, expertise, and advice regarding the Goals and Objectives (G&O's) for the update to the 2045 Long-Range Transportation Plan (LRTP) which began this summer. We have conducted a nearly three month long survey, held several public workshops, and presented to our various committees along the way. Therefore, after several months of analysis we are ready to present the Goal weights for the 2045 LRTP.

In the following page, you will find a summary of how the Technical Advisory Committee (TAC), the Citizen Advisory Committee (CAC), the 2045 LRTP Steering Committee, the public, and TPO staff weighted the goals. In addition, we have presented two options for discussion and possible recommendation to the TPO Board for approval. The first option includes 50/50 split with all committees, including TPO staff comprising 50 percent, and those who participated in the online survey (public) comprising the remaining 50 percent. This was completed by a simple average of the committees/TPO staff. Then, averaging it with the data from the public. The second option includes an equal four way split between the TAC/CAC, LRTP Steering Committee, TPO Staff, and the public. This was performed using the same methodology.

Therefore, we would like to discuss the options that are being recommended and obtain an official action by both the TAC and CAC to bring before the TPO Board. If you have any further questions or concerns feel free to reach out to me directly at (352) 438-2632 or at derrick.harris@marioncountyfl.org.

RE: Fiscal Year 2019/2020 to 2023/2024 Transportation Improvement Program Amendment

Per the request of the Florida Department of Transportation (FDOT), the following projects are being amended to the fiscal year (FY) 2019/20 to 2023/24 Transportation Improvement Program (TIP). These projects may be found highlighted on pages 46, 48 and 6-4 of the attached TIP.

**FM#446913-1 – 5310 Operating Assistance – ARC Marion (Small Urban)
Transit Project Grant for Elderly and Individuals with Disabilities**

Sponsor: SunTran

- \$75,380.00 is being added in FY 19/20, including \$37,690.00 Federal; \$37,690.00 Local. Previously there was no money allocated for this phase or fiscal year.
- New federal transit capital grant funding awarded to SunTran from the Federal Transit Administration (FTA) for FY 19/20.
- To be used for the elderly and individuals with disabilities per Section 5310 grant program.

**FM#446914-1 – 5310 Operating Assistance – Florida Center for the Blind (Small Urban)
Transit Project Grant for Elderly and Individuals with Disabilities**

Sponsor: SunTran

- \$37,248.00 is being added in FY 19/20, including \$18,624.00 Federal; \$18,624.00 Local. Previously there was no money allocated for this phase or fiscal year.
- New federal transit capital grant funding awarded to SunTran from FTA for FY 19/20.
- To be used for the elderly and individuals with disabilities per Section 5310 grant program.

TPO staff is requesting your review and approval. If you have any questions regarding the TIP or two amended projects, please contact me at 438-2631.

OCALA/MARION COUNTY TRANSPORTATION PLANNING ORGANIZATION (TPO)

TRANSPORTATION IMPROVEMENT PROGRAM (TIP) FY 2019/20—FY 2023/24

ADOPTED June 25, 2019

AMENDED: July 29, 2019; September 24, 2019; November [], 2019

Resolution

19-13

RESOLUTION OF THE OCALA/MARION COUNTY
TRANSPORTATION PLANNING ORGANIZATION (TPO)
ENDORING THE TRANSPORTATION IMPROVEMENT
PROGRAM (TIP) FOR FISCAL YEAR 2019/20 – 2023/24.

WHEREAS, the Ocala/Marion County Transportation Planning Organization, designated by the Governor of the State of Florida as the body responsible for the urban transportation planning process for the Ocala/Marion County area; and

WHEREAS, Title 23 U.S.C 134(h), 23 CFR Section 450 and Florida Statute 339.175(7) require each Metropolitan/Transportation Planning Organization to annually submit a Transportation Improvement Program; and

WHEREAS, a Transportation Improvement Program is defined as “a staged, multi-year, inter-modal program of transportation projects which is consistent with the metropolitan (long-range) transportation plan [23 CFR 450.104].

WHEREAS the TPO Board has authorized the TPO Director to perform revisions and amendments to plans, programs, and documents approved by the TPO, when such action is needed to obtain state or federal approval within a constrained timeframe. The authorization includes the following tenets:

- (i) The TPO Director shall include any such revision or amendment on the agenda of the next regularly scheduled meeting for ratification by TPO Board;
- (ii) No revision or amendment performed by the TPO Director shall substantially modify any plans, programs, or document approved by the TPO Board or result in the need to conduct a public hearing regarding such revision or amendment.

NOW THEREFORE BE IT RESOLVED that the Ocala/Marion County Transportation Planning Organization amends the Transportation Improvement Program for FY 2019/20 – 2023/24.

CERTIFICATE

The undersigned duly qualified and acting Chairman of the Ocala/Marion County Transportation Planning Organization hereby certifies that the foregoing is a true and correct copy of a Resolution adopted at a legally convened meeting of the Ocala/Marion County Transportation Planning Organization held on this 24th day of September 2019.

EXECUTIVE SUMMARY

PURPOSE

The Ocala/Marion County Transportation Planning Organization's (TPO) Transportation Improvement Program (TIP) documents the anticipated timing and cost of regional transportation improvements for a period of five years. It is a program that serves as the budget for carrying out the adopted Year 2040 Long Range Transportation Plan (LRTP). In July 1989, the Florida Legislature passed Senate Bill 1474 which revamped the TIP process in order to provide a more responsive and comprehensive method of developing the annual Florida Department of Transportation (FDOT) budget. This TIP represents the federal *Fixing America's Surface Transportation (FAST) Act* requirements according to (23 USC 134 (j)) and the state requirement of Florida Statute 339.175 (7). All sections and elements of this document are financially feasible as demonstrated through the TIP implementation schedule with corresponding committed public resources expected to carry out the plan pursuant to (23 USC 135 (g)(4)(D)(ii) and Title 49 CFR, Part 316). The TIP must include federal and state funded projects as well as turnpike, airport, and transit work items.

FEDERAL AND STATE FUNDED HIGHWAY PROJECTS

This chapter contains project descriptions for the FDOT District Five 2019/2020 - 2023/2024 Tentative Work Program for federal and state road, enhancement, intersection, and railroad

improvement projects. These projects are funded with National Highway System funds, Surface Transportation Program funds, or State Trust funds and are developed by the FDOT based on TPO recommended priorities. Under state law the annually updated TIP shall consist of the state's first year funded improvements and the recommended subsequent four state fiscal years for advancement. This five-year schedule of federal and state projects begins on page 1-1. It is inclusive of the federally funded first three years and consistent with the Department's Tentative Work Program.

PUBLIC TRANSPORTATION ELEMENT

On April 15, 1997, the City of Ocala and Marion County signed an inter-local agreement for the development of a fixed route transit system in Ocala, named SunTran. By December 1998, SunTran had purchased vehicles, established a route network, and contracted with a management company to establish a fixed route transit system and complementary paratransit system in Ocala and Marion County. On December 15, 1998 SunTran began service to the community. Within weeks SunTran had surpassed its six-month ridership goals. SunTran currently operates a fleet of nine vehicles on six routes. Daily ridership currently averages 1,410 passengers per weekday and 1,108 passengers per Saturday.

Until 2019, the TPO staff operated as SunTran's administrative staff and the TPO board served as its policy board. On April 23, 2019 the TPO board approved an interlocal agreement that transferred its duties as the SunTran policy board to the Ocala

City Council, effective July 1, 2019. The new agreement was subsequently approved by the Marion County Commission and the Ocala City Council on May 7, 2019. SunTran contracts with RATP Development (RATPDev), which directly operates and maintains the fixed-route buses. RATPDev subcontracts for Americans with Disabilities (ADA) paratransit services with Marion Transit Services, the local Community Transportation Coordinator (CTC) under the Florida Transportation Disadvantaged Program. This arrangement has proved to provide a complete, comprehensive and cost-effective transportation system for the citizens of Ocala and Marion County.

The SunTran service consists of six routes. In downtown Ocala, five of the six routes meet at the Central Transfer Station and provide service to Ocala. The Central Transfer Station is a multi-modal terminal providing connections to Greyhound services and formerly to AMTRAK. The sixth route operates from southeast Ocala to the community of Silver Springs Shores. A transfer station located at the Marion County Public Health Unit provides access to the downtown routes from this route. SunTran's routes were developed to provide the greatest access for passengers to local hospitals, major employers, shopping sites, medical offices, schools and housing opportunities. Service operates from approximately 5:00 a.m. to 10:00 p.m. Monday through Saturday. The basic adult fare for SunTran is \$1.50. A reduced fare of \$0.75 is offered throughout the day for seniors, persons with disabilities, and persons with Medicare cards as well as retired and active duty military. Youth and students pay \$1.10. Children five years of age or lower ride free. SunTran also has discounted monthly passes for all categories of passengers. Fares for Marion

Transit Service paratransit services are \$2.00.

The National Transit Database Report for FY 2018 showed that SunTran provided 30,064 revenue hours and 479,908 revenue miles of service to 416,242 unlinked passengers. Total annual operating expenses for the period were \$1.82 million.

Also included in this Element are funds provided to Marion Transit Services for the provision of transportation services under the Transportation Disadvantaged Program. The State of Florida Commission for the Transportation Disadvantaged provides grants to the TPO and to Marion Transit Services. Marion Transit Services was selected as the CTC for Marion County by the Ocala/Marion County Transportation Disadvantaged Local Coordinating Board and the TPO. The funds provided to the TPO are earmarked for planning functions. The funds provided to Marion Transit Services are earmarked for the purchase of non-sponsored trips and equipment. Non-sponsored trips are for any transportation disadvantaged individual that are not covered in whole or part by any other social service agency. Services provided under this program are coordinated by the CTC to increase efficiency as well as to reduce duplication of services.

AVIATION ELEMENT

The TIP's Aviation Element addresses the next five years of scheduled FDOT programmed improvements to the Ocala Regional Airport and the Dunnellon/Marion County Airport. The Federal Aviation Administration (FAA) and FDOT are currently involved in numerous planned improvements for both of these

regionally significant airports. The FAA general aviation terminal study forecasts that Marion County will experience rapid aviation growth over the next several years.

FINANCIAL PLAN

The Ocala/Marion County TIP is financially constrained each fiscal year. All federal and state funded projects can be implemented using current or projected revenue sources. The summary tables on pages 1-1 through 6-2 identify, by funding source, the projects scheduled by fiscal year. These tables correspond to funding available in the FDOT Tentative Five-Year Work Program, demonstrating the document's financial feasibility.

PROJECT SELECTION PROCESS

The project selection process is carried out annually by the TPO in accordance with federal requirements (23 C.F.R. 450.322(c)). This requires the Ocala/Marion County TPO to complete its project selection with the support and cooperation of the FDOT District Planning Office in conformance with the TIP process. When a project in the TPO planning area has been identified as a potential project, the TPO requests that FDOT and the FHWA actively pursue the appropriate funding.

The FDOT shall give priority to those projects that are:

1. Designed to maximize safe and efficient travel;
2. Identified in approved local government comprehensive plans to receive local matching funds in accordance with the provisions of Section

335.20 or to be funded pursuant to the provisions of Section 339.12;

3. Within transportation corridors protected by local government action;
4. Used in the operation of or in conjunction with public transportation facilities; and
5. Located within the boundaries of a local government which has made a responsible effort to fund improvements needed to accommodate local traffic.

This document translates the local elected government officials' priorities for transportation improvements from the planning level to the actual project development level. The TIP is updated annually to ensure that these priorities are always current with the desires of the members of the local governments.

AMENDMENTS TO OR REMOVAL FROM TRANSPORTATION IMPROVEMENT PROGRAM

The existing federally approved TIP can be modified at any time when there is a joint agreement between the TPO and FDOT. Modification of a current TIP may require amendment to the FDOT Adopted Work Program. The district may amend the Adopted Work Program based on projects that require mid-year rescheduling, however; any project change requires joint action by the TPO and the FDOT.

Therefore, the TPO may not remove or reschedule any local City,

County, or City/County funded level of service project from the current TIP to a subsequent TIP without an amendment. However, if a locally funded project is a non-level of service requirement, the TPO may unilaterally add, remove, or reschedule any project to the TIP.

Action by the District Secretary is required for all joint TIP amendments that involves the FDOT Adopted Work Program that is to be advanced, deleted, or rescheduled pursuant to the following provisions of paragraph 339.135(7) (c), F.S.:

- (a) The change adds new individual projects;
- (b) The change adversely impacts financial constraint;
- (c) The change results in major scope changes;
- (d) The change deletes and individually listed project from the TIP/STIP; or
- (e) The change results in a cost increase greater than 20% AND \$2 million.

SAFETY/PERFORMANCE MANAGEMENT MEASURES

Performance Management is a strategic approach to connect investment and policy decisions to help achieve performance goals. Performance measures are quantitative criteria used to

evaluate progress. Performance measure targets are the benchmarks against which collected data is gauged. The Moving Ahead for Progress in the 21st Century Act (MAP-21) requires State DOTs and TPOs/MPOs to conduct performance-based planning by tracking performance measures and setting data-driven targets to improve those measures. Performance-based planning ensures the most efficient investment of federal transportation funds by increasing accountability, transparency, and providing for better investment decisions that focus on key outcomes related to seven national goals:

- Improving Safety;
- Maintaining Infrastructure Condition;
- Reducing Traffic Congestion;
- Improving the Efficiency of the System
- Improving Freight Movement;
- Protecting the Environment; and,
- Reducing Delays in Project Delivery.

The Fixing America’s Surface Transportation (FAST) Act supplements the MAP-21 legislation by establishing timelines for State Department of Transportation (DOT) and TPOs/MPOs to comply with the requirements of MAP-21. State DOTs are required to establish statewide targets and TPOs/MPOs have the option to support the statewide targets or adopt their own.

Safety is the first national goal identified in the FAST Act. In March of 2016, the Highway Safety Improvement Program (HSIP) and Safety Performance Management Measures Rule was finalized and published in the *Federal Register*. The rule requires TPOs/MPOs to set targets for the following safety-related

performance measures and report progress to the State (DOT):

- Fatalities;
- Serious Injuries;
- Nonmotorized Fatalities and Serious Injuries;
- Rate of Fatalities per 100M Vehicle Miles Traveled (VMT); and
- Rate of Serious Injuries per 100M VMT.

The 2016 Florida Strategic Highway Safety Plan (SHSP) is the statewide plan focusing on how to accomplish the vision of eliminating fatalities and reducing serious injuries on all public roads. The SHSP was developed in coordination with Florida's 27 metropolitan planning organizations (TPO/MPOs) through Florida's Metropolitan Planning Organization Advisory Council (MPOAC). The SHSP development process included review of safety-related goals, objectives, and strategies in TPO plans. The SHSP guides FDOT, TPOs/MPOs, and other safety partners in addressing safety and defines a framework for implementation activities to be carried out throughout the State.

The Florida SHSP and the Florida Transportation Plan (FTP) both highlight the commitment to a vision of zero deaths. The FDOT Florida Highway Safety Improvement Program (HSIP) annual report documents the statewide performance measures toward that zero deaths vision. The TPO adopted their own safety targets on February 26, 2019. The safety targets are as follows:

- Number of Fatalities – 80*
- Rate of Fatalities per 100 Million VMT – 1.66*
- Number of Serious Injuries – 405*

- Rate of Serious Injuries per 100 Million VMT – 8.40
- Number of Non-Motorized Fatalities/Serious Injuries – 50*

*the fatality and serious injury target numbers were determined by using historical trend to predict the 2019 Vehicle Miles Traveled (VMT) and multiplying that number by the annual average rate over the previous 5 years.

The TIP considers potential projects that fall into specific investment priorities established by the TPO in the Long-Range Transportation Plan (LRTP). For the Ocala/Marion County TPO this includes safety programs such as collaborative community efforts with the Marion County CTST, Safety Through Engineering, Education and Responsibility (S.T.E.E.R.), the Bike 'Rodeo' program with the Marion County Health Department, CarFit, Walk Your Kids to School Day and the Safe Routes to School (SRTS) program. Other efforts by the TPO include monitoring of crash data and trends through the annual Traffic Counts & Trends Manual, crash mitigation and data collection efforts through Intelligent Transportation Systems deployment, Roadway Safety Audits (RSAs), and operational and safety analysis for any projects that are added to any of the three Priority Project lists that are maintained by the TPO. These analyses allow for TPO staff to predict the potential safety and operational benefits that each project would afford to each corridor and the overall system as a whole.

The TIP includes specific investment priorities that support all of the TPO's goals including safety, using a prioritization and project selection process established in the LRTP. This process evaluates projects that have an anticipated effect of reducing both fatal and

injury crashes. The TPO’s goal of reducing fatal and serious injury crashes is linked to this investment plan and the process used in prioritizing the projects is consistent with federal requirements. The TPO will continue to coordinate with FDOT and transit providers to take action on the additional targets and other requirements of the federal performance management process.

CONGESTION MANAGEMENT PROCESS

On May 18, 2018, FDOT established statewide performance targets for the system performance measures. On October 23, 2018, the Ocala/Marion County TPO agreed to support FDOT’s statewide system performance targets, thus agreeing to plan and program projects in the TIP that, once implemented, are anticipated to make progress toward achieving the statewide targets. Table 5.1 presents the statewide and TPO targets.

Performance Measure	2-year Statewide Target (2019)	4-year Statewide Target (2021)
Percent of person-miles on the Interstate system that are reliable (Interstate LOTTR)	75%	70%
Percent of person-miles on the non-Interstate NHS that are reliable (Non-Interstate NHS LOTTR)	Not Required ⁵	50%
Truck travel time reliability (TTTR)	1.75	2.00

For comparative purposes, current statewide conditions are as follows:

- 82 percent of person-miles traveled on the Interstate are reliable;
- 84 percent of person-miles traveled on the non-Interstate are reliable; and
- 1.43 truck travel time reliability index.

In establishing these targets, FDOT reviewed external and internal factors that may affect reliability; analyzed travel time data from the National Performance Management Research Dataset (NPMRDS) for the years 2014 to 2017, and developed a sensitivity analysis indicating the level of risk for road segments to become unreliable.

The federal travel time reliability measures follow a new methodology that differ from prior Florida efforts. In addition, beginning in 2017, the NPMRDS expanded its coverage of travel segments, and a new vendor began to supply the dataset, creating a difference in reliability performance results on non-Interstate NHS segments between pre-2017 trends and later trends. These factors create challenges for establishing a confident trend line to inform target setting for the next two to four years.

In consideration of these differences, as well as other unknowns and unfamiliarity associated with the new required processes, FDOT took a conservative approach when establishing its initial statewide system performance and freight targets. It is the intent of FDOT to meet or exceed the

established performance targets. System performance and freight are addressed through several statewide initiatives:

- Florida's Strategic Intermodal System (SIS) is composed of transportation facilities of statewide and interregional significance. The SIS is a primary focus of FDOT's capacity investments and is Florida's primary network for ensuring a strong link between transportation and economic competitiveness. These facilities, which span all modes and includes highways, are the workhorses of Florida's transportation system and account for a dominant share of the people and freight movement to, from and within Florida. The SIS includes 92 percent of NHS lane miles in the state. Thus, FDOT's focus on improving performance of the SIS goes hand-in-hand with improving the NHS, which is the focus of the FHWA's TPM program. The development of the SIS Five-Year Plan by FDOT considers scores on a range of measures including mobility, safety, preservation, and economic competitiveness as part of FDOT's Strategic Investment Tool (SIT).
- In addition, FDOT's Freight Mobility and Trade Plan (FMTP) defines policies and investments that will enhance Florida's economic development efforts into the future. The FMTP's Investment Element is specifically intended to identify freight needs, identify criteria for state investments in freight, and prioritize freight investments across modes. In February 2018, FHWA approved the FMTP as FDOT's State Freight Plan.

- FDOT also developed and refined a methodology to identify freight bottlenecks on Florida's SIS on an annual basis using vehicle probe data and travel time reliability measures. Identification of bottlenecks and estimation of their delay impact aids FDOT in focusing on relief efforts and ranking them by priority. In turn, this information is incorporated into FDOT's SIT to help identify the most important SIS capacity projects to relieve congestion.

The Ocala/Marion County TPO TIP reflects investment priorities established in the 2040 LRTP. The focus of the TPO's investments that address system performance and freight include traffic operations improvements along US 441, ITS operational support, and bike and pedestrian projects that promote mode shift such as the Silver Springs State Park Pedestrian Bridges, the Pruitt Trail and the Downtown Ocala Trail.

The projects included in the TIP are consistent with FDOT's Five Year Work Program, and therefore to FDOT's approach to prioritize funding to address performance goals and targets. Per federal planning requirements, the state selects projects on the NHS in cooperation with the TPO/MPO from the approved TIP. Given the significant resources devoted in the TIP to programs that address system performance and freight, the TPO/MPO anticipates that once implemented, the TIP will contribute to progress towards achieving the statewide reliability performance targets.

Transportation Performance Measures

Consensus Planning Document

The FDOT in collaboration with Florida's 27 TPOs/MPOs through the Florida Metropolitan Planning Organization Advisory Council (MPOAC), developed the Transportation Performance Measures Consensus document. The primary purpose of the document is to outline the roles of FDOT, TPOs/MPOs and public transportation providers for meeting transportation performance management requirements promulgated by federal laws and regulations.

The document is included in this section of TIP in following pages.

Transportation Performance Measures Consensus Planning Document

Purpose and Authority

This document has been cooperatively developed by the Florida Department of Transportation (FDOT) and Florida's 27 Metropolitan Planning Organizations (MPOs) through the Florida Metropolitan Planning Organization Advisory Council (MPOAC), and, by representation on the MPO boards and committees, the providers of public transportation in the MPO planning areas.

The purpose of the document is to outline the minimum roles of FDOT, the MPOs, and the providers of public transportation in the MPO planning areas to ensure consistency to the maximum extent practicable in satisfying the transportation performance management requirements promulgated by the United States Department of Transportation in Title 23 Parts 450, 490, 625, and 673 of the *Code of Federal Regulations* (23 CFR). Specifically:

- 23 CFR 450.314(h)(1) requires that “The MPO(s), State(s), and providers of public transportation shall jointly agree upon and develop specific written procedures for cooperatively developing and sharing information related to transportation performance data, the selection of performance targets, the reporting of performance targets, the reporting of performance to be used in tracking progress toward achievement of critical outcomes for the region of the MPO, and the collection of data for the State asset management plan for the National Highway System (NHS).”
- 23 CFR 450.314(h)(2) allows for these provisions to be “Documented in some other means outside the metropolitan planning agreements as determined cooperatively by the MPO(s), State(s), and providers of public transportation.”

Section 339.175(11), Florida Statutes creates the MPOAC to “Assist MPOs in carrying out the urbanized area transportation planning process by serving as the principal forum for collective policy discussion pursuant to law” and to “Serve as a clearinghouse for review and comment by MPOs on the Florida Transportation Plan and on other issues required to comply with federal or state law in carrying out the urbanized transportation planning processes.” The MPOAC Governing Board membership includes one representative of each MPO in Florida.

This document was developed, adopted, and subsequently updated by joint agreement of the FDOT Secretary and the MPOAC Governing Board. Each MPO will adopt this document by incorporation in its annual Transportation Improvement Program (TIP) or by separate board action as documented in a resolution or meeting minutes, which will serve as documentation of agreement by the MPO and the provider(s) of public transportation in the MPO planning area to carry out their roles and responsibilities as described in this general document.

Roles and Responsibilities

This document describes the general processes through which FDOT, the MPOs, and the providers of public transportation in MPO planning areas will cooperatively develop and share information related to transportation performance management.

Email communications will be considered written notice for all portions of this document. Communication with FDOT related to transportation performance management generally will occur through the Administrator for Metropolitan Planning in the Office of Policy Planning. Communications with the MPOAC related to transportation performance management generally will occur through the Executive Director of the MPOAC.

1. Transportation performance data:

- a) FDOT will collect and maintain data, perform calculations of performance metrics and measures, and provide to each MPO the results of the calculations used to develop statewide targets for all applicable federally required performance measures. FDOT also will provide to each MPO the results of calculations for each applicable performance measure for the MPO planning area, and the county or counties included in the MPO planning area.¹² FDOT and the MPOAC agree to use the National Performance Management Research Data Set as the source of travel time data and the defined reporting segments of the Interstate System and non-Interstate National Highway System for the purposes of calculating the travel time-based measures specified in 23 CFR 490.507, 490.607, and 490.707, as applicable.
- b) Each MPO will share with FDOT any locally generated data that pertains to the federally required performance measures, if applicable, such as any supplemental data the MPO uses to develop its own targets for any measure.
- c) Each provider of public transportation is responsible for collecting performance data in the MPO planning area for the transit asset management measures as specified in 49 CFR 625.43 and the public transportation safety measures as specified in the National Public Transportation Safety Plan. The providers of public transportation will provide to FDOT and the appropriate MPO(s) the transit performance data used to support these measures.

2. Selection of performance targets:

FDOT, the MPOs, and providers of public transportation will select their respective performance targets in coordination with one another. Selecting targets generally refers to the processes used to identify, evaluate, and make decisions about potential targets prior to action to formally establish the targets. Coordination will include as many of the following opportunities as deemed appropriate for each measure: in-person meetings, webinars, conferences calls, and email/written communication. Coordination will include timely

¹ When an MPO planning area covers portions of more than one state, as in the case of the Florida-Alabama TPO, FDOT will collect and provide data for the Florida portion of the planning area.

² If any Florida urbanized area becomes nonattainment for the National Ambient Air Quality Standards, FDOT also will provide appropriate data at the urbanized area level for the specific urbanized area that is designated.

sharing of information on proposed targets and opportunities to provide comment prior to establishing final comments for each measure.

The primary forum for coordination between FDOT and the MPOs on selecting performance targets and related policy issues is the regular meetings of the MPOAC. The primary forum for coordination between MPOs and providers of public transportation on selecting transit performance targets is the TIP development process.

Once targets are selected, each agency will take action to formally establish the targets in its area of responsibility.

- a) FDOT will select and establish a statewide target for each applicable federally required performance measure.
 - i. To the maximum extent practicable, FDOT will share proposed statewide targets at the MPOAC meeting scheduled in the calendar quarter prior to the dates required for establishing the target under federal rule. FDOT will work through the MPOAC to provide email communication on the proposed targets to the MPOs not in attendance at this meeting. The MPOAC as a whole, and individual MPOs as appropriate, will provide comments to FDOT on the proposed statewide targets within sixty (60) days of the MPOAC meeting. FDOT will provide an update to the MPOAC at its subsequent meeting on the final proposed targets, how the comments received from the MPOAC and any individual MPOs were considered, and the anticipated date when FDOT will establish final targets.
 - ii. FDOT will provide written notice to the MPOAC and individual MPOs within two (2) business days of when FDOT establishes final targets. This notice will provide the relevant targets and the date FDOT established the targets, which will begin the 180-day time-period during which each MPO must establish the corresponding performance targets for its planning area.
- b) Each MPO will select and establish a target for each applicable federally required performance measure. To the extent practicable, MPOs will propose, seek comment on, and establish their targets through existing processes such as the annual TIP update. For each performance measure, an MPO will have the option of either³:
 - i. Choosing to support the statewide target established by FDOT, and providing documentation (typically in the form of meeting minutes, a letter, a resolution, or incorporation in a document such as the TIP) to FDOT that the MPO agrees to plan and program projects so that they contribute toward the accomplishments of FDOT's statewide targets for that performance measure.
 - ii. Choosing to establish its own target, using a quantifiable methodology for its MPO planning area. If the MPO chooses to establish its own target, the MPO will coordinate with FDOT and, as applicable, providers of public transportation regarding the approach used to develop the target and the proposed target prior to

³ When an MPO planning area covers portions of more than one state, as in the case of the Florida-Alabama TPO, that MPO will be responsible for coordinating with each state DOT in setting and reporting targets and associated data.

establishment of a final target. The MPO will provide FDOT and, as applicable, providers of public transportation, documentation (typically in the form of meeting minutes, a letter, a resolution, or incorporation in a document such as the TIP) that includes the final targets and the date when the targets were established .

- c) The providers of public transportation in MPO planning areas will select and establish performance targets annually to meet the federal performance management requirements for transit asset management and transit safety under 49 U.S.C. 5326(c) and 49 U.S.C. 5329(d).
 - i. The Tier I providers of public transportation will establish performance targets to meet the federal performance management requirements for transit asset management. Each Tier I provider will provide written notice to the appropriate MPO and FDOT when it establishes targets. This notice will provide the final targets and the date when the targets were established, which will begin the 180-day period within which the MPO must establish its transit-related performance targets. MPOs may choose to update their targets when the Tier I provider(s) updates theirs, or when the MPO amends its long-range transportation plan by extending the horizon year in accordance with 23 CFR 450.324(c).
 - ii. FDOT is the sponsor of a Group Transit Asset Management plan for subrecipients of Section 5311 and 5310 grant funds. The Tier II providers of public transportation may choose to participate in FDOT's group plan or to establish their own targets. FDOT will notify MPOs and those participating Tier II providers following of establishment of transit-related targets. Each Tier II provider will provide written notice to the appropriate MPO and FDOT when it establishes targets. This notice will provide the final targets and the date the final targets were established, which will begin the 180-day period within which the MPO must establish its transit-related performance targets. MPOs may choose to update their targets when the Tier II provider(s) updates theirs, or when the MPO amends its long-range transportation plan by extending the horizon year in accordance with 23 CFR 450.324(c).
 - iii. FDOT will draft and certify a Public Transportation Agency Safety Plan for any small public transportation providers (defined as those who are recipients or subrecipients of federal financial assistance under 49 U.S.C. 5307, have one hundred (100) or fewer vehicles in peak revenue service, and do not operate a rail fixed guideway public transportation system). FDOT will coordinate with small public transportation providers on selecting statewide public transportation safety performance targets, with the exception of any small operator that notifies FDOT that it will draft its own plan.
 - iv. All other public transportation service providers that receive funding under 49 U.S. Code Chapter 53 (excluding sole recipients of sections 5310 and/or 5311 funds) will provide written notice to the appropriate MPO and FDOT when they establish public transportation safety performance targets. This notice will provide the final targets and the date the final targets were established, which will begin the 180-day period within which the MPO must establish its transit safety

performance targets. MPOs may choose to update their targets when the provider(s) updates theirs, or when the MPO amends its long-range transportation plan by extending the horizon year in accordance with 23 CFR 450.324(c).

- v. If the MPO chooses to support the asset management and safety targets established by the provider of public transportation, the MPO will provide to FDOT and the provider of public transportation documentation that the MPO agrees to plan and program MPO projects so that they contribute toward achievement of the statewide or public transportation provider targets. If the MPO chooses to establish its own targets, the MPO will develop the target in coordination with FDOT and the providers of public transportation. The MPO will provide FDOT and the providers of public transportation documentation (typically in the form of meeting minutes, a letter, a resolution, or incorporation in a document such as the TIP) that includes the final targets and the date the final targets were established. In cases where two or more providers operate in an MPO planning area and establish different targets for a given measure, the MPO has the options of coordinating with the providers to establish a single target for the MPO planning area, or establishing a set of targets for the MPO planning area.

3. Reporting performance targets:

- a) Reporting targets generally refers to the process used to report targets, progress achieved in meeting targets, and the linkage between targets and decision making processes FDOT will report its final statewide performance targets to the Federal Highway Administration (FHWA) and the Federal Transit Administration (FTA) as mandated by the federal requirements.
 - i. FDOT will include in future updates or amendments of the statewide long-range transportation plan a description of all applicable performance measures and targets and a system performance report, including progress achieved in meeting the performance targets, in accordance with 23 CFR 450.216(f).
 - ii. FDOT will include in future updates or amendments of the statewide transportation improvement program a discussion of the anticipated effect of the program toward achieving the state's performance targets, linking investment priorities to those performance targets, in accordance with 23 CFR 450.218 (q).
 - iii. FDOT will report targets and performance data for each applicable highway performance measure to FHWA, in accordance with the reporting timelines and requirements established by 23 CFR 490; and for each applicable public transit measure to FTA, in accordance with the reporting timelines and requirements established by 49 CFR 625 and 40 CFR 673.
- b) Each MPO will report its final performance targets as mandated by federal requirements to FDOT. To the extent practicable, MPOs will report final targets through the TIP update or other existing documents.
 - i. Each MPO will include in future updates or amendments of its metropolitan long-range transportation plan a description of all applicable performance measures

and targets and a system performance report, including progress achieved by the MPO in meeting the performance targets, in accordance with 23 CFR 450.324(f)(3-4).

- ii. Each MPO will include in future updates or amendments of its TIP a discussion of the anticipated effect of the TIP toward achieving the applicable performance targets, linking investment priorities to those performance targets, in accordance with 23 CFR 450.326(d).
 - iii. Each MPO will report target-related status information to FDOT upon request to support FDOT's reporting requirements to FHWA.
- c) Providers of public transportation in MPO planning areas will report all established transit asset management targets to the FTA National Transit Database (NTD) consistent with FTA's deadlines based upon the provider's fiscal year and in accordance with 49 CFR Parts 625 and 630, and 49 CFR Part 673.
4. Reporting performance to be used in tracking progress toward attainment of performance targets for the MPO planning area:
- a) FDOT will report to FHWA or FTA as designated, and share with each MPO and provider of public transportation, transportation performance for the state showing the progress being made towards attainment of each target established by FDOT, in a format to be mutually agreed upon by FDOT and the MPOAC.
 - b) If an MPO establishes its own targets, the MPO will report to FDOT on an annual basis transportation performance for the MPO area showing the progress being made towards attainment of each target established by the MPO, in a format to be mutually agreed upon by FDOT and the MPOAC. To the extent practicable, MPOs will report progress through existing processes including, but not limited to, the annual TIP update.
 - c) Each provider of public transportation will report transit performance annually to the MPO(s) covering the provider's service area, showing the progress made toward attainment of each target established by the provider.
5. Collection of data for the State asset management plans for the National Highway System (NHS):
- a) FDOT will be responsible for collecting bridge and pavement condition data for the State asset management plan for the NHS. This includes NHS roads that are not on the State highway system but instead are under the ownership of local jurisdictions, if such roads exist.

For more information, contact:

Mark Reichert, Administrator for Metropolitan Planning, Office of Policy Planning, Florida Department of Transportation, 850-414-4901, mark.reichert@dot.state.fl.us

Carl Mikyska, Executive Director, MPOAC, 850-414-4062, carl.mikyska@mpoac.org

CONSISTENCY WITH OTHER PLANS

The TIP shall be consistent, to the maximum extent possible, with the approved local government comprehensive plans of the governments within the TPO area. The TPO must indicate any state and federal projects that are not consistent with the comprehensive plans to ensure the TIP's consistency with all applicable federal laws, rules, regulations and guidance available pursuant to (23 USC 134 (h) and (l)).

After the TPO adopts the TIP, it transmits copies to the FDOT District, FAA, EPA, DEO, RPC, State Clearinghouse, Regional Clearinghouse, FTA, Florida Energy Office, and to each Marion County Legislator for review prior to the final submission date. The FDOT District staff sends copies of TIP to FHWA and FDOT Central Office for review of the TIP against the Tentative Work Program and notes any discrepancies for use in preparing the next district work program. The DCA shall notify the TPO of any transportation projects in the TIP that are inconsistent with approved local comprehensive plans per Florida Statute 339.175 (10).

STATE & FEDERAL CONSISTENCY

Ocala/Marion County LRTP

Long Range Transportation Plan all projects included in the TIP are consistent with the Ocala/Marion County TPO's 2040 LRTP adopted on November 24th, 2015.

FDOT Freight Plan

The TIP includes specific investment priorities that support all of the TPO's goals including freight, using a prioritization and project selection process established in the LRTP. The TPO will continue to coordinate with FDOT to take action on the additional targets and other requirements of the federal performance management process.

FDOT Asset Management Plan

The TIP includes specific investment priorities that support all of the TPO's goals including modal options, using a prioritization and project selection process established in the LRTP. The TPO will continue to coordinate with FDOT to take action on the additional targets and other requirements of the federal performance management process.

ADMINISTRATIVE AMENDMENTS

In the event a TIP amendment is needed prior to a regularly scheduled TPO meeting, the TPO Director is authorized, per the TIP adoption resolution, to perform an administrative TIP amendment. Any administrative amendment is placed on the next TPO agenda for ratification at that meeting.

PROJECT PRIORITY SELECTION PROCESS

In November of 2015 the TPO adopted the Year 2040 Long-Range Transportation Plan (LRTP). This Plan has two components: the Needs Plan and the Cost Feasible Plan. The first portion of the plan, the Needs Plan, identifies the deficient roadway corridors based upon population, employment and land use projections. The Cost Feasible Plan was developed by prioritizing these deficient corridors based upon the improvement's overall benefit to the highway network as well as available revenues.

The TPO staff evaluates all eligible priority projects based on FDOT and TPO policies. This evaluation includes an objective and technical review of each priority based on the road's level of service, physical condition, facility type, benefit to highway network, construction cost, and scheduled work program phase.

In recent years, the TIP has included three separate lists of priority projects: SIS, off-system and trail projects. Per FDOT directive, these lists have been consolidated into one list for clarity on relative priority.

As the TPO develops its 2045 LRTP, it is concurrently working to develop a well-defined priority ranking protocol for the future. For the development of this TIP, the TPO used an interim ranking process which used the 2040 LRTP approved and established Goals and Objectives as a baseline for the foundation of the ranking criteria. Then, the projects were given priority according to the following criteria:

1. Multimodality (1 point)
2. Whether they meet performance measures stated in the 2040 LRTP (up to 2 points)
3. Current work program phase
 - a. PD & E 1 point
 - b. Design 2 points
 - c. ROW 3 points
 - d. Construction 4 points
4. Funding Availability (1 point)
5. Local Revenue/Funding Source (1 point)
6. Local Partnership (1 point)

The consolidation of three lists into one and the implementation of this interim ranking methodology explain any differences in priority from the previous TIP.

After the CAC and TAC reviewed the priority recommendation developed according to this ranking methodology, the TPO Board reviewed the resulting recommendation for the final list of Federal and State Priorities. This recommendation was transmitted to FDOT for the development of the next FDOT Tentative Work Program for Marion County. **Page 15** displays the **FY 2025 List of Priority Projects (LOPP)** adopted by the TPO Board on June 25, 2019.

ANNUAL LIST OF OBLIGATED PROJECTS

The FDOT Annual List of Obligated Projects and provided in the following pages, and can be found at:

www.fdot.gov/workprogram/federal/fa-mpo-obligdet.shtm

PUBLIC INVOLVEMENT

The Ocala/Marion County TPO strives to involve the public in all phases of the planning process, from the development of the long-range plans to the review of PD&E documents. Public information meetings and hearings are conducted for all FDOT projects throughout the PD&E process to enhance public awareness. Notices of the public information meetings and hearings are mailed to all affected property owners and published in local newspapers. The TIP is also reviewed and approved through a two-stage process wherein the TPO Citizen Advisory Committee (CAC) and Technical Advisory Committee (TAC) comprise the first stage and the TPO Board offers reviews and offers final approval in the second stage. The CAC and TAC are made up of many representatives from local planning and land development agencies, engineering offices, the local school district, office of the greenways and trails, and the fixed-route public transportation provider. Therefore, all of these agencies are made aware of any changes, and are able to provide feedback throughout the TIP development process.

The TIP is made available to the public through the various committees (TAC, CAC) and board meeting notifications posted

on the websites of the City of Ocala, Marion County, Belleview, Dunnellon, and the TPO, prior to the committee review and through the TPO Board review. In addition, the TPO placed a legal advertisement calling for public review and comments through the Ocala Star Banner for a minimum of 30 days. This advertisement gave the contact information of TPO staff on how to give an official comment on the TIP process. However, no comments were received. If any comments were submitted, significant or otherwise, they would have been presented to the Project Manager and the TPO Director. The TPO Director would have determined the best course of action in addressing such comments. Any comments that were made on a repetitive basis or any comments of significance, would have been presented to the TPO Board prior to approval. Therefore, the TPO Board would have any and all information that the public provided, prior to approving the TIP. Once the document is approved by the TPO Board, it is posted on the TPO website. A physical copy of the document is also available to any citizen who requests one.

All meetings of the TPO, CAC, and TAC are conducted in accordance with the Sunshine Law, Chapter 286, Florida Statute. The TPO updates and adopts a formal Public Involvement Plan in accordance with 23 USC 450.316(b)(1) of March 28, 1995. The Ocala/Marion TPO's Public Involvement Plan was most recently adopted in July, 2018. The link to the Ocala/Marion TPO Public Involvement Plan is provided for more information and/or convenience, www.ocalamariontpo.org/what-we-do/plans-and-programs/public-involvement-plan

CERTIFICATION

The most recent certification review was conducted by the Florida Department of Transportation in February 2019. The Department recommended that the urban transportation planning process be certified for fiscal year 2019/2020. The next certification review will be performed in the spring of 2020.

Phase Codes - Abbreviations used for project phase information for the appropriate transportation project are given in the following table.

<u>Code</u>	<u>Project Phase Information</u>
ADM	Administration
CEI	Construction Engineering Inspection
CRT MNT	Contract Routine Maintenance
CST	Construction
CAP	Capital
DES	Design
ENG	Engineering
ENV CON	Environmental/Conservation
INC	Construction Incentive/Bonus
MNT	Maintenance
MSC	Miscellaneous Construction
OPS	Operations
PD&E	Project Development & Environmental Study
PE	Preliminary Engineering
PLEMO	Planning and Environmental Offices Study
PLN	In House Planning
PST DES	Post Design
R/R CST	Railroad Construction
RELOC	Relocation
ROW	Rights-of-Way Support & Acquisition
RRU	Railroad & Utilities
RT MNT	Routine Maintenance
UTIL	Utilities Construction

Funding Source Codes - Abbreviations used for each funding source within the project chart section are given in the following table.

FEDERAL FUNDING TYPES
NATIONAL HIGHWAY SYSTEM

<u>Funding Code</u>	<u>Source</u>	<u>Fund Description</u>
ACNH/NH I	75% Federal 85% Federal	On any eligible National Highway System Project. Interstate Resurfacing, Rehabilitating, & Reconstruction on the approved Federal Interstate System.
IM	85% Federal	Interstate Maintenance.
<u>SURFACE TRANSPORTATION PROGRAM</u>		
SU	75% Federal	Urban Area Funds. These funds must be used in areas with a population of over 200,000. Consists of Surface Transportation Program (STP) funds, Minimum Allocation Funds, and Donor Bonus Funds.
SL	75% Federal	Non-Urban Area Funds. These funds must be used in areas with a population of 200,000 or less. Consists of STP funds, Minimum Allocation Funds, and Donor Bonus Funds.
SA	75% Federal	Any Area Funds. These funds may be used in any area of the State on Federal-Aid Roads. There are no restrictions as to population area. Consists of STP funds, Minimum Allocation Funds, and Donor Bonus Funds.
SN	100% Federal	Mandatory Rural Funds. This fund must be used exclusively in rural areas with populations of 5,000 or less. Consists of STP funds.
SE	100% Federal	Transportation Enhancements. 10% set aside of STP funds for Transportation Enhancement activities. There are no geographic location restrictions.

<u>Funding Code</u>	<u>Source</u>	<u>Fund Description</u>
MG	75% Federal	Minimum Guarantee – ensures each state will be guaranteed a percent of apportionment, which is at least 90.5% of the state percent contributions to the Highway Trust Fund in the previous year.
PLH	100% Federal	Available for projects on unappropriated or unreserved public land.
<u>SAFETY CONSTRUCTION ACTIVITIES</u>		
SH	85% Federal	High Hazard Elimination.
SS	85% Federal	Any Safety Improvement, Railroad-Highway Crossings, & Hazard Elimination Program.
SR	85% Federal	Railroad Hazard Elimination.
SP	85% Federal	Railroad Protection Devices.
<u>BRIDGE REPLACEMENT PROGRAM</u>		
BRT	73% Federal	Bridge Replacement and Rehabilitation on the Federal System plus 15% of this allocation must be spent off the Federal System as required by the 1978 Highway Act.
BRTZ	73% Federal	Bridge Replacement and Rehabilitation off the Federal System.
BRTD	73% Federal	Discretionary Bridge Replacement and Rehabilitation on the Federal System with construction cost in excess of 10 million.
<u>OTHER FEDERAL ACTIVITIES</u>		
ARRA	100% Federal	American Recovery & Reinvestment Act

CM	75% Federal	Congestion Mitigation
<u>Funding Code</u>	<u>Source</u>	<u>Fund Description</u>
HP	80% Federal	Highway Planning
HR	75% Federal	Highway Research
PL	100% Federal	Metropolitan Planning
HPP	100% Federal	High-Priority Project – SAFETEALU Appropriation
SR2S	100% Federal	Safe Route to School (ROW acquisition funding under this program)

On non-state facilities, local government will 50/50 split with FDOT on the remaining 25% balance.

STATE OF FLORIDA FUNDING

<u>Funding Code</u>	<u>Source</u>	<u>Fund Description</u>
BNDS		Bonds
BRRP	100% State	Bridge Repair and Rehabilitation Program.
BRP	100% State	Bridge Replacement
CIGP	50% State	County Incentive Grant Program offers 50/50 county/state match.
D	100% State	

DDR	100% State	District Dedicated Revenue
DIH	100% State	District In-House
<u>Funding Code</u>	<u>Source</u>	<u>Fund Description</u>
DPE	100% State	For Preliminary Engineering (PE) and Construction Engineering Inspection (CEI) on all state funded projects and certain federal-aid projects which qualify.
DPTO	100% State	Aviation, Transit, and Rail
DS	100% State	Primary funds for use on the state highway system for new construction, preservation, traffic operations type projects, and right-of-way acquisitions.
<u>Funding Code</u>	<u>Source</u>	<u>Fund Description</u>
DSB	100% State	Primary - Reimbursed by bonds
DSL	100% State	Local Government Cooperative Assistance Program for transportation projects which meet both local and state transportation needs that call for construction, reconstruction, or expansion of any state, county, or city road which would improve traffic flow and reduce congestion on the state system.
DU	100% Federal	Pass-thru funds administered by FDOT.
FCO	100% State	Fixed Capital Outlay for purchase, construction or improvement to FDOT real property.
FTA	100% Federal	Federal Transit Administration
LF	100% Local	Funds from sources other than state or federal.
TDTF	90% State	Transportation Disadvantaged Trust Fund

PKYI	100% State	Parkway Improvement Funds for roadway construction, building construction, and other necessary improvements.
<u>Funding Code</u>	<u>Source</u>	<u>Fund Description</u>
PKYF	100% Tnpk	For use on feeder roads to the turnpike.
PKYR	100% State	Parkway Maintenance Funds for roadway maintenance, building and other necessary maintenance.
TRIP	50% State	Transportation Regional Incentive Program (Requires a 50/50 match with local funds)

TO: TAC Members

FROM: Rob Balmes, Director

RE: Fiscal Years 2019/2020 to 2023/2024 “Roll-Forward” Transportation Improvement Program (TIP) Amendment - **CORRECTION**

At the October Technical Advisory Committee (TAC) meeting, I shared with members a “Roll-Forward” list received by the Florida Department of Transportation (FDOT) Work Program. The list provided to you was an error that I made on behalf of the TPO. Please disregard the list provided at the October meeting.

Please find attached in your packet the **correct** version of the draft ‘Roll-Forward’ Fiscal Years (FY) 2019/2020 to 2023/2024 list in the back of the TIP document. This list was presented to and approved by the TPO Board on October 29. The following list below shows notable project-specific changes and additions for FY 19/20.

4336601: US 441 at SR 464 – additional \$1.2M for Traffic Operations (turn lanes)

4392381: US 441: SR 35 to SR 200 – additional \$3.2M for Resurfacing

4302521: Countywide ITS – \$3.1M for regional roadways

4383291: Countywide Emergency Sign Repair – \$3.1M

Additionally, an administrative modification was made to the FY 2019/2020 to 2023/2024 TIP for project **4385621: I-75 Rest Area Marion County**. The current TIP shows a total project cost of \$46,112,878 with \$43,337,688 programmed in FY 2022/23. This is also an error. The project is only programmed in the Work Program for the Northbound Rest Area with funding for Construction and Construction Engineering Inspection (CEI) totaling \$25,422,603.

If you have any questions regarding the TIP or any of the ‘Roll Forward’ projects, please contact me at 438-2631.

Technical Advisory Committee (TAC) Meeting

Marion County Public Library
2720 E. Silver Springs Blvd., Ocala, FL 34470
Meeting Room C
October 8, 2019
10:00 AM

MINUTES

Members Present:

Nicholas Blizzard
Dave Herlihy
Vickie Wyche (*Joel Graff attended on Vickie's behalf*)
Kenneth Odom
Lonnie Smith
Nancy Smith

Members Not Present:

Steven Neal
Bruce Phillips
Mickey Thomason

Others Present:

Amber Gartner, Kimley-Horn
Franco Saraceno, Kittelson Associates

Item 1. Call to Order and Roll Call

Chairman Dave Herlihy called the meeting to order at 10:03am. Secretary Shakayla Irby called the roll. A quorum was present.

Item 2. Proof of Publication

Secretary Shakayla Irby stated that the meeting had been published online on the TPO website, the City of Ocala, Belleview, and Dunnellon websites on October 1st, 2019.

Item 3a. Goals & Objectives 2045 Long-Range Transportation Plan (LRTP)

Franco Saraceno, Associate Planner for Kittelson Associates gave a presentation on the Goals and Objectives for the 2045 LRTP and said that the TPO staff had kicked off the start to the Long-Range Transportation Plan (LRTP) 2045 Update in late May. The first part of the plan update was to identify the Goals and Objectives. Rather than a complete rebuild, the TPO decided to use the existing Goals and Objectives from the previous LRTP as a framework to build off of going into the plan update.

In July, TPO staff had begun their public involvement outreach by using a MetroQuest survey, a Facebook site, and a project specific website www.ocalamarion2045.com to help garner participation regarding the Goals and Objectives.

In August, TPO staff held several public workshops throughout the TPO Planning Area to discuss the update as well. The presentation given by Franco highlighted all of the feedback received.

Franco asked the committee to help in ranking the Goals and Objectives by providing a survey. The Goals and Objectives set the foundation for the plan moving forward.

In addition, the Goals and Objectives would be used for ranking priority projects moving forward. Therefore, it was essential that the Goals and Objectives reflected the needs of the community.

Item 4a. Trail Safety, Connectivity, and Facility Plan

Amber Gartner with Kimley-Horn gave a presentation to the committee on the Plan.

The TPO had entered into a contractual agreement with Kimley-Horn and Associates in July of 2018 for services related to a Trail Safety, Connectivity, and Facility Plan. The intent of the plan was to analyze existing trail systems throughout the TPO Planning Area, and to evaluate how they could be improved upon. Therefore, Kimley-Horn had spent the better part of a year analyzed the existing trail systems in the area, and had formulated those into the plan contained therein.

Some of the major takeaways presented by Ms. Gartner from the plan included, adding refuges such as shelters along the existing trails, providing better connectivity, and adding signage along the trails to indicate how far users were from towns, refuges, restrooms, and parking.

Ms. Smith made a motion to approve the Trails Safety, Connectivity, and Facility Plan. Mr. Odom seconded, and the motion passed unanimously.

Item 4b. “Roll-Forward” Transportation Improvement Program (TIP)

Mr. Balmes presented the “Roll-Forward” TIP and said that when the TPO’s Transportation Improvement Program (TIP) and Florida Department of Transportation (FDOT) Work Program was adopted on July 1st, there were cases in which some projects had not yet been authorized. The projects, in addition to funding changes within other projects, “roll forward” automatically into the Work Program, but not in the TPO’s TIP.

Therefore, there was a need each year to reconcile the two documents.

The following highlights were the most notable project-specific changes, including funding:

- 4112565:** SR 35 (US 301) Dallas Pond Redesign – Add \$240K Construction, Right-of-Way
- 4261791:** Silver Springs State Park Pedestrian Bridges – Add \$409K Survey, Consultant
- 4302521:** ITS Countywide – Add \$1.13M
- 4306431:** I-75: N/O SR 500/US 27 to Alachua Co – Add \$221.3K, Resurfacing
- 4336521:** SR 40: SW 40th Ave to SW 27th Ave Turn Lanes – Reduce \$2.5M, Right-of-Way
- 4336611:** US 441: SR 40 to Broadway Traffic Operations – Reduce \$188K project costs
- 4354861:** Silver Springs Trail, SE 64th to Silver Spgs St. Park – NEW - \$4.5M (FY ‘24/25)
- 4356592:** SR 200 @ I-75 E & W Add turn lanes – NEW \$416K (FY ‘19/20)
- 4367561:** Dntown Ocala Trail to Silver Spgs St. Park – Moved PE \$253K ‘19/20 to ‘24/25
- 4373441:** SR 200: SW 60th to SW 38th – NEW \$783K, Resurface
- 4375962:** SR 50: NW 27th to SW 7th Sidewalk – NEW \$1.28M Tied to SR 40 Turn Lanes
- 4385621:** I-75 Rest Area Marion County – Reduce \$20.3M CST
- 4392381:** US 441: SR 25 to SR 200 – Reduce \$2.2M, Resurface
- 4431701:** I-75: Sumter Co. to SR 200 – Reduce \$2.7M, Resurface

Mr. Odom made a motion to approve the “Roll-Forward” TIP. Ms. Smith seconded, and the motion passed unanimously.

Item 4c. Bylaws DRAFT

At TAC meeting on September 10, 2019 Derrick Harris presented DRAFT Bylaws to the committee and noted some changes that the committee members wanted to see changed. The changes were listed in a strikethrough document provided by Mr. Harris for the committee to review.

Ms. Smith made a motion to approve the Bylaws DRAFT. Mr. Smith seconded, and the motion passed unanimously.

Item 5. Consent Agenda

Mr. Odom made a motion to approve the Consent Agenda. Mr. Blizzard seconded, and the motion passed unanimously.

Item 6. Comments by FDOT

Mr. Graff said that the Florida Department of Transportation (FDOT) would hold an open public information outreach meeting to present the District Five Tentative Five-Year Work Program, seek public input, and provide interested persons the opportunity to express their views on the information.

The Tentative Five-Year Work Program provided direction on where and when to build transportation system improvements, and was used to forecast funds that would be needed for improvements across all modes of transportation including: Roadway, Bicycle, Freight, Seaports, Enhancement Projects (Trails and Sidewalks), Multimodal Transit (Passenger Operations), Pedestrian, Aviation, and Space.

District Five would hold a week long virtual public hearing on the Tentative Five-Year Work Program for Fiscal years 2020/2021 through 2024/2025 on Monday, Oct. 21 through Friday, Oct. 25. This is an opportunity to learn about proposed projects in the upcoming five years and provide input to FDOT. The online public hearing would be available 24 hours a day at www.D5WPPH.com. On the website, informational material will be available for viewing, along with opportunities to provide comments.

Item 7. Comments by TPO Staff

Mr. Balmes reminded the committee that Mobility Week was October 25th – November 1st and that on October 30th starting at 11:30am the TPO would be hosting a Cycling Savvy Course at the Marion County Growth Services Training Room. The course would focus on laws, tactics, and techniques for effective cycling.

Item 8. Comments by TAC Members

There were no comments by TAC members.

Item 9. Public Comment

There was no public comment.

Item 10. Adjournment

Chairman Herlihy adjourned the meeting at 11:13am.

Respectfully Submitted By:

Shakayla Irby, TPO Administrative Assistant
