- Ken McKelvey attended a Defensive Driving course and was able to obtain materials at no cost to the agency to train drivers on Defensive Driving internally.
- Cameras on buses allowed for weekly spot checks of drivers as they are driving for behaviors (speeding, not wearing a seatbelt, aggressive driving, etc.) If the behaviors were noticed drivers would be monitored daily until the next week when the driver could go back to regular weekly observation.
- Fleet Supervisor, Ed Rivers attended a Lively Paratransit Instructional Program that certified him to do lift inspections internally at no cost to the agency.
- Staffing updates
 - 33 of 40 drivers employed

- By not being fully staffed it was costing the ability to run some requested trips. Approximately 20-30 trips a day that were unable to be completed due to short staffing.
- Covid cases had increased with 6 drivers out
- Audit by CTD on May 26th
 - The TD application review process conducted every two years
 - Form of income level that was non-certifiable proof
- More riders due to the high cost of fuel
- Suggestion boxes had been installed in all four parts of the buses
- Added Friday services to Dunnellon
- Several grants and CARES money that was approved to repave the parking lot and make roof repairs.
- Air infiltration units had been installed.
- Ridership was at 65% of what it was pre-COVID

Mr. Neal commented that Mr. Murch along with another staff member of Marion Senior Services attended a CUTR training and that the staff was doing everything they could to use their time wisely and seeking out additional training whenever they can.
