

Citizens Advisory Committee (CAC) Meeting

Marion County – Library Headquarters 2720 E. Silver Springs Blvd., Ocala, FL 34470

February 14, 2023 1:00 PM

AGENDA

- 1. CALL TO ORDER AND ROLL CALL
- 2. PROOF OF PUBLICATION
- 3. CONSENT AGENDA
 - A. January 10, 2023 Meeting Minutes
- 4. ACTION ITEMS
 - A. Fiscal Years (FY) 2023 to 2027 Transportation Improvement Program (TIP) Amendment #4

Staff will present an amendment to the TIP for approval.

- **B.** Performance Management 2023 Safety Targets
 Staff is seeking review and approval of Safety Performance Targets for 2023.
- C. <u>2022 List of Priority Projects (LOPP) Amendment</u>
 Staff is seeking approval of a requested amendment to the LOPP.
- 5. PRESENTATIONS
 - **A.** 2020 U.S. Census Update

 An update by TPO staff on the Census Urban Area Maps in Marion County.
- 6. COMMENTS BY FDOT
 - A. Construction Report
- 7. COMMENTS BY TPO STAFF
 - A. Moving Florida Forward Instructure Initiative
 - B. 2045 Long Range Transportation Plan (LRTP) Update
 - C. 2022 TPO Annual Report
 - D. 2023 Commitment to Zero Activities
- 8. COMMENTS BY CAC MEMBERS
- 9. PUBLIC COMMENT (Limited to 2 minutes)

10. ADJOURNMENT

All meetings are open to the public, the TPO does not discriminate on the basis of race, color, national origin, sex, age, religion, disability and family status. Anyone requiring special assistance under the Americans with Disabilities Act (ADA), or requiring language assistance (free of charge) should contact Liz Mitchell, Title VI/Nondiscrimination Coordinator at (352) 438-2634 or liz.mitchell@marioncountyfl.org forty-eight (48) hours in advance, so proper accommodations can be made.

Pursuant to Chapter 286.0105, Florida Statutes, please be advised that if any person wishes to appeal any decision made by the Board with respect to any matter considered at the above meeting, they will need a record of the proceedings, and that, for such purpose, they may need to ensure that a verbatim record of the proceedings is made, which record includes the testimony and evidence upon which the appeal is to be based.

The next regular meeting of the Citizens Advisory Committee will be held on March 14, 2023

Citizens Advisory Committee (CAC) Meeting

Marion County – Library Headquarters, Meeting Room C 2720 E. Silver Springs Blvd., Ocala, FL 34470 1:00 PM

MINUTES

Members Present:

Matt Fabian
Brandon Cave (arrived at 1:01pm)
Michelle Shearer
Richard Howard
Richard McGinley
Steve Rudnianyn
Travis Magamoll

Members Not Present:

Davis Dinkins Suzanne Mangram

Others Present:

Rob Balmes Elizabeth Mitchell Shakayla Irby Anna Taylor, FDOT Jonathan (Jon) Scarfe, FDOT Kathy Alexander-Corbin, FDOT Ji Li, City of Ocala

Item 1. Call to Order and Roll Call

Chairwoman Michelle Shearer called the meeting to order at 1:00pm and Secretary Shakayla Irby called the roll. There was a quorum present.

Item 2. Proof of Publication

Secretary Shakayla Irby stated the meeting had been published online to the TPO's website, as well as the City of Ocala, Belleview, Marion County, and Dunnellon's websites on January 3, 2023. The meeting had also been published to the TPOs Facebook and Twitter pages.

<u>Item 3a. Florida Department of Transportation (FDOT) District 5 Fiscal Years (FY) 2024</u> to 2028 Tentative Work Program

Ms. Kathy Alexander-Corbin, with FDOT District 5 provided a presentation to the committee covering the Tentative Five-Year Work Program for fiscal years (FY) 2024 through 2028 in Marion County.

The FDOT District 5 Work Program Public Hearing Week took place from December 5 to 9, including a Public Hearing Workshop meeting held both virtually and at the District Headquarters in DeLand on December 6, 2022.

Ms. Alexander-Corbin talked about some of the project impacts in a review of the year 2022.

- Cost increases; material and labor shortages, premium pricing for certain materials (i.e., electrical, steel) and augmented project unknowns
- Limited competition; single bids at significant high costs, selective pursuits
- Dynamic cost estimation and predictions; forecasting of ongoing/future projects in the pipeline
- ROW Impacts Included: Approximately 15% increase on land prices, and higher severance damage and appraisal costs

The presentation covered how FDOT went about Building and Balancing the Tentative Work Program.

According to the Five-Year Work Program, Marion County was on track to receive \$368,163,260 in funding.

Ms. Alexander-Corbin highlighted the following Key Projects:

FM# 435209-1:

TPO Priority #1, SIS #1

I-75 (S.R. 93) at NW 49th Street, from end of NW 49th Street to end of NW 35th Street New Interchange

Construction funded in FY 24/25

Funding in Tentative Work Program: \$33,565,826

CAC Meeting Minutes – January 10, 2023 Approved –

FM# 238648-1:

TPO Priority #14, Non-SIS #8

S.R. 45 (U.S. 41), from SW 110th Street to north of SR 40

Add lanes and reconstruct

Construction funded in FY 27/28

Funding in Tentative Work Program: \$62,027,312

FM# 410674-3:

SIS #11

S.R. 40, from east of C.R. 314 to east of C.R. 314A

Future Capacity

Right of Way funded in FYs 23/24 and 24/25

Funding in Tentative Work Program: \$25,293,495

FM# 450637-1:

U.S. 27, from Sumter County Line to U.S. 301 / Abshier (Bellview)

Resurfacing

Design funded in FY 23/24 and Construction funded in FY 25/26

Funding in Tentative Work Program: \$21,434,383

FM# 450948-1:

S.R. 40, from NE 64th Avenue to west of NE 60th Court

Resurfacing

Design funded in FY 23/24 and Construction funded in FY 25/26

Funding in Tentative Work Program: \$24,831,080

FM# 451253-1:

S.R. 200 (SW College Road) at SW 60th Avenue

Safety Project

Design funded in FY 23/24 and Construction funded in FY 25/26

Funding in Tentative Work Program: \$723,118

FM# 451251-1:

S.R. 40 (W. Silver Springs Boulevard) at SW 27th Avenue

Safety Project

Design funded in FY 24/25 and Construction funded in FY 26/27

Funding in Tentative Work Program: \$1,595,576

FM# 439238-2:

Trail Priority #1, Bike/Ped Priority #3

S.R. 25 (S.R. 500/US 441) from SE 102nd Place to SR 200/SW 10th Street

Bike Lane/Sidewalk

Construction funded in FY 24/25

Funding in Tentative Work Program: \$3,972,004

Item 3b. 2020 U.S. Census Update

Mr. Balmes gave the committee a brief update on the 2020 U.S. Census and provided the listing of the 2020 Urban Areas.

On December 29, 2022, the U.S. Census Bureau had released only the listing of 2020 Urban Areas. Maps would not be available until January 2023 according to the U.S. Census webpage and press release. The listing was based on the 2020 Final Urban Area Criteria, published in March 2022.

According to the U.S. Census, the population of the 2020 Ocala Urban Area was set at 182,647.

Additionally, the U.S. Census designated other Urban Areas in Marion County, including: Marion Oaks with a population of 19,077; Rainbow Springs with a population of 4,667; and Lake Bryant with a population of 3,632.

Without maps, Mr. Balmes had no further insights as to other Urban Areas in Marion County, in particular, the southeast including Belleview (The Villages-Lady Lake) and southwest impacting Dunnellon (Beverly Hills-Homosassa Springs).

In order to be part of a Transportation Management Area (TMA), an Urban Area must have a minimum population of 200,000. Until maps were made available, it was uncertain what the Urban Areas would look like in Marion County and why the Ocala Urban Area was not part of the Villages-Lady Lake Urban Area and/or Marion Oaks Urban Area.

Mr. Balmes made mention that per 49 U.S. Code Section 5303(k), TMA's may also be designated by the U.S. Transportation Secretary by request of the MPO and Governor.

More information on 2020 U.S. Census results would be forthcoming.

Item 3c. 2023 TPO Major Activities

On an annual basis the TPO provided the board and committee members with a summary listing of the anticipated program activities to meet organization goals and state and federal requirements.

Mr. Balmes presented the following 2023 upcoming major activities:

- Title VI Plan Update (January)
- Safety (PM1) Targets (February)
- FDOT/TPO Joint Certification (Feb/March)
- List of Priority Projects (LOPP) (April, May)
- Pavement & Bridge (PM2), System Performance (PM3) Targets (May)
- FY 24 to FY 28 Transportation Improvement Program (TIP) (May, June)
- 2022 Traffic Counts Report (May)
- Commitment to Zero Dashboard (May)
- GPC Planning Consultants (June)
- TDSP Annual Update (June) TDLCB

CAC Meeting Minutes – January 10, 2023 Approved –

- Congestion Management Plan State of System Report Update (September)
- Roll Forward TIP Amendment (September)
- 2045 LRTP Amendment (if necessary)
- 2050 LRTP RFQ Process (October)
- Census Urban Areas December 29, 2022
- Urban Area Maps TBD
- Functional Classification and Urban Boundary process

Item 4a. Fiscal Years (FY) 2023 to 2027 Transportation Improvement Program (TIP) Amendment #3

Mr. Balmes presented and said per the request of the Florida Department of Transportation (FDOT), one project had been proposed for amendment in the Fiscal Years (FY) 2023 to 2027 Transportation Improvement Program (TIP).

The current I-75 Rest Area project (FM 438562-1) was receiving federal funding from the Carbon Reduction program and additional state funding to ensure completion. The original and proposed project pages along with the complete TIP document was provided to the committee.

FM# 438562-1: I-75 (SR 93) Rest Area Marion County, from North of CR 484 to South of SR 200

Funds to be added: \$12,437,031
Federal: \$6,524,619

o State: \$5,912,412

• FY 23 Construction (CST) phase

• Total TIP Funding: \$42,379,024

Mr. Fabian made a motion to approve the FY 2023 to 2027 TIP Amendment #3. Mr. Howard seconded, and the motion passed unanimously.

Item 4b. TPO Title VI Plan Update

Ms. Mitchell presented the Title VI Plan Update and said that the TPO had currently updated the plan to ensure that the TPO complied with the Title VI/ Nondiscrimination 1964 Civil Rights Act.

Ms. Mitchell explained that Title VI of the Civil Rights Act of 1964 was the Federal law that protected individuals and groups from discrimination based on their race, color, sex, age, disability, income and national origin.

All Recipients of federal funding must comply with the requirements of Title VI of the Civil Rights Act of 1964, and the Florida Civil Rights Act of 1992, does not permit discrimination on the basis of religion or family status.

All of the nondiscrimination statutes, rules, regulations and authorities were required and had to take place in the TPO's employment, transportation programs, services, events or activities.

Ms. Mitchell highlighted the following updates to the plan:

- Added clarity to the CAC, TAC, and TPO Board membership representation and the guidance they provided.
- Instituted a robust but easy to follow complain procedure, with blank forms attached and various Civil Rights Certifications and Assurances.
- 2045 Long Range Transportation Plan, Assessment of Investments in Environmental Justice Areas
- The plan also provided updated graphs, demographics, and population tables to reflect the new 2020-21 Census data.

The TPO continued to accommodate anyone with disabilities such as, blind and hearing impaired, as well as any language barriers through our Website, Social Media Platforms or as requested.

The TPO Title VI Plan encompasses all of the rules and regulations required to ensure that all members of the community are involved and participation was solicited throughout the planning process.

Ms. Mitchell ended her presentation saying, the TPO actively ensured that diversity and equality was at the forefront of all its actions. Completely committed to making sure everyone had an equal footing to the TPO's plans, programs, meetings, activities and events.

Mr. McGinley made a motion to approve the TPO Title VI Plan Update. Mr. Rudnianyn seconded, and the motion passed unanimously.

Item 5a. US 301/441 at SE 80th Street

Chairwoman Michelle Shearer raised a discussion topic regarding US 301/441 at SE 80th Street.

Chairwoman Shearer said that around high traffic times (lunch time and the end of the work day) the intersection had become a "trap". What had been happening was going east there would be a green light however, making a left-hand turn going north vehicles would get trapped because only a certain number of vehicles could fit in the middle section of the roadway and other vehicles could not get around the others.

Chairwoman Shearer mentioned that the area was also where the Santos paved trails would be opening providing areas for pedestrians and cyclist to stand. She mentioned that maybe installing a left-hand turn signal could help.

Ms. Anna Taylor with FDOT said that they could submit to Traffic Ops to do an evaluation of the intersection.

Item 6. Consent Agenda

Mr. Rudnianyn made a motion to approve the Consent Agenda. Mr. Fabian seconded, and the motion passed unanimously.

Item 7. Comments by FDOT

Ms. Taylor provided the following comments from FDOT:

- The monthly construction report was provided to the committees with a highlight on the CR 484 and I-75 Interchange Roadway Improvements that had been began construction at the beginning of the year. There would be some nightly lane closures and FDOT would keep updated. Also, the Baseline Road Project and the NW 20th Street project were wrapping up with some delays due to outside temperatures.
- Mobility Week Bike Lane Design Contest: The TPO staff had been supporting and
 participating with FDOT. In Marion County, Oakcrest Elementary School had been the
 selected participating school in the Bike Lane Design Contest. Winners were to be
 selected January 16-18. Once a design was selected FDOT would work with the school
 to get the bike lane design installed.
- CSX had an ongoing project that would be updating railroad crossings in both Marion and Sumter counties. All lanes of South Pine Ave. (U.S.441/301) between SW 17th Street and SE 32nd Street would be closed from 5 a.m. Tuesday, January 17 to 5 a.m. Wednesday, January 18 for railroad reconstruction work.

Item 8. Comments by TPO Staff

There were no comments by the TPO Staff.

Item 9. Comments by CAC Members

There were no comments by the CAC members.

Item 10. Public Comment

There was no public comment.

Item 11. Adjournment

Chairwoman I	Michelle	Shearer	adjourned	the meeting	at 2:021	pm.

Respectfully Submitted By:	
Shakayla Irby, TPO Administrative Assistant	_

TO: Committee Members

FROM: Rob Balmes, Director

RE: Amendment #4 of the FY 2023 to 2027

Transportation Improvement Program (TIP)

Summary

Per the request of the Florida Department of Transportation (FDOT), one project is proposed to be amended in the Fiscal Years (FY) 2023 to 2027 Transportation Improvement Program (TIP). The project (FM#452364-2) is receiving federal funding to implement the National Electric Vehicle Infrastructure Program (NEVI). This project will consist of deployment of direct current fast charges (DCFCS) along the I-75 corridor in Marion County.

The new project page may be found with this memo, along with the complete TIP document.

FM# 452364-2: I-75 (SR 93) "GAP" 12 – EV DCFCS (Phase 1)

• Funding: \$1,100,000

• Federal: \$1,100,000

• FY 23 Capital (CAP) phase

• Total TIP Funding: \$1,100,000

Attachment(s)

- FDOT TIP Amendment Request
- TIP Proposed amended project pages
- FY 2023 to 2027 TIP document

Recommendation(s)

TPO staff is requesting your review and approval. If you have any questions regarding the proposed TIP amendments, please contact me at 438-2631.

RON DESANTIS GOVERNOR 605 Suwannee Street Tallahassee, FL 32399-0450 JARED W. PERDUE, P.E. SECRETARY

January 6, 2023

Mr. Robert Balmes, AICP, CTP, Executive Director Ocala-Marion Transportation Planning Organization (TPO) 2710 E Silver Springs Blvd Ocala, FL 34470

RE: Request to Amend Fiscal Year (FY) 2022/23-2026/27 Transportation Improvement Program (TIP)

Dear Mr. Balmes:

The purpose of this letter is to request Ocala Marion TPO amend the FY 2022/23-2026/27 TIP.

Project #452364-2 received federal grant funding to implement the National Electric Vehicle Infrastructure Program (NEVI). The project will consist of deployment of direct current fast charges (DCFCS) along alternate fuel corridors (AFCS) to serve drivers of electric vehicles by providing charging stations. Phase 1 of this project will include location(s) in Marion County along the I-75 corridor. This project is delivered using a districtwide contract and must be added to the TIP to receive authorization to use federal funding for the project.

Please use the information in the table below to revise the TIP accordingly:

FM#	Project	Project	Length	Phase	Fund	Amount	FY
	Description	Limits			Source		
452364-2	I-75 (SR 93)	N/A	2.0	CAP	GFEV	\$1,100,000	2023
	"GAP" 12 – EV DCFCS		miles				
	(Phase 1)						

As always, feel free to contact the Liaison Group at D5-MPOLiaisons@dot.state.fl.us if you would like to discuss further.

Sincerely,

Anna Taylor Anna Taylor

Transportation Improvement Program

Fiscal Years 2023 to 2027

Adopted June 28, 2022

Amendment 1: August 23, 2022 Amendment 2: November 29, 2022 Amendment 4: February 28, 2023

Amendment 3: January 24, 2023

This document was prepared with financial assistance from the Federal Highway Administration and the Federal Transit Administration of the U.S. Department of Transportation through the Florida Department of Transportation.

Resolution No. 23-2

RESOLUTION OF THE OCALA/MARION COUNTY TRANSPORTATION PLANNING ORGANIZATION (TPO) TRANSPORTATION IMPROVEMENTPROGRAM (TIP) FOR FISCAL YEAR 2023 to 2027

WHEREAS, the Ocala/Marion County Transportation Planning Organization, designated by the Governor of the State of Florida as the body responsible for the urban transportation planning process for the Ocala/Marion County area; and

WHEREAS, Title 23 U.S.C 134(j), 23 CFR Section 450.326 and Florida Statute 339.175(8) require each Metropolitan/Transportation Planning Organization to annually submit a Transportation Improvement Program; and

WHEREAS, a Transportation Improvement Program is defined as "a staged, multi-year, intermodal program of transportation projects which is consistent with the metropolitan (long-range) transportation plan [23 CFR 450.104].

WHEREAS the TPO Board has authorized the TPO Director to perform revisions and amendments to plans, programs, and documents approved by the TPO, when such action is needed to obtain state or federal approval within a constrained timeframe. The authorization includes the following tenets:

- (i) The TPO Director shall include any such revision or amendment on the agenda of the next regularly scheduled meeting for ratification by TPO Board;
- (ii) No revision or amendment performed by the TPO Director shall substantially modify any plans, programs, or document approved by the TPO Board or result in the need to conduct a public hearing regarding such revision or amendment.

NOW THEREFORE BE IT RESOLVED that the Ocala/Marion County Transportation Planning Organization endorses the amendment of Transportation Improvement Program for FY 2023 to 2027.

CERTIFICATE

The undersigned duly qualified and acting Chair of the Ocala/Marion County Transportation Planning Organization hereby certifies that the foregoing is a true and correct copy of a Resolution adopted at a legally convened meeting of the Ocala/Marion County Transportation Planning Organization held on this 24th day of January 2023.

Ву:

2710 East Silver Springs Boulevard, Ocala, FL 34470 352-438-2630

The Ocala Marion Transportation Planning Organization (TPO) is committed to ensuring that no person is excluded from the transportation planning process and welcomes input from all interested parties, regardless of background, income level or cultural identity. The TPO does not tolerate discrimination in any of its programs, services, activities or employment practices. Pursuant to Title VI of the Civil Rights Act of 1964, as amended, Section 504 of the Rehabilitation Act of 1973, the Americans with Disabilities Act of 1990 (ADA), the Age Discrimination Act of 1975, Executive Order 13898 (Environmental Justice) and 13166 (Limited English Proficiency), and other federal and state authorities. The TPO will not exclude from participation in, deny the benefits of, or subject to discrimination, anyone on the grounds of race, color, national origin, sex, age, disability, religion, income or family status. The TPO welcomes and actively seeks input from the public, to help guide decisions and establish a vision that encompasses all area communities and ensure that no one person(s) or segment(s) of the population bears a disproportionate share of adverse impacts. Persons wishing to express their may do so by contacting the TPO.

1. INTRODUCTION

Purpose

The Ocala/Marion County Transportation Planning Organization (Ocala Marion TPO) is the federally designated Metropolitan Planning Organization (MPO) for Marion County, Florida and is responsible for developing the Transportation Improvement Program (TIP). The Fiscal Years (FY) 2023 to 2027 TIP is a five-year schedule of transportation projects to be implemented by government agencies within the Metropolitan Planning Area (MPA) of Marion County. The TIP documents the anticipated timing and cost of transportation improvements funded by federal, state and local sources and is developed on an annual basis (23 C.F.R. 450.326(a)). The types of projects in the TIP include all modes of transportation, such as roadway construction, operations, maintenance, repaving, bicycle and pedestrian, transit and aviation.

As stated in the Federal Highway and Transit Acts of 1962 and 1964, each urbanized area over 50,000 people must have a continuing, cooperative and comprehensive transportation process. This process, also known as the "3C" planning process, is reflected in the TIP, in conjunction with the Long-Range Transportation Plan (LRTP). The 2045 LRTP, which is also developed by the TPO, outlines the Ocala/Marion County transportation vision and goals 20 years into the future. The TIP outlines the short-term "action steps" necessary for achieving the long-term vision by programming specific transportation improvements.

Fiscal Constraint

Transportation projects contained in the TIP are financially feasible and located within the designated planning area. As a condition of receiving federal project funding, the TIP must list all highway and public transportation projects proposed for funding under Title 23 United States Code (23 U.S.C.) (highways) and 49 U.S.C. (transit). The TIP must also contain state and locally funded regionally significant transportation projects regardless of funding source. For a project to be considered financially feasible, the anticipated cost must not exceed anticipated revenue.

Consistency

All projects in the TIP are supported and documented in the 2045 LRTP. The TIP is also used to coordinate transportation projects between local, state and federal agencies, thereby ensuring the efficient use of transportation funding to Marion County. In summary, the TIP serves as the budget for carrying out the LRTP in five-year increments, and must be fully consistent.

A list of the most current Annually Federally Obligated projects is provided in **Appendix B.** The Obligation list is a continuation of projects in the prior TIP, and in some cases started in previous TIPs (23 CFR 450.334). The Obligated list will be updated and amended in September 2022.

TPO Planning Area

The Ocala Marion TPO is a federally-mandated public agency responsible for the planning and implementation of several modes of transportation, including highway, transit, freight, bicycle, pedestrian and paratransit. The TPO serves the cities of Belleview, Dunnellon, Ocala and Marion County. The TPO was established in 1981 after the 1980 Census determined the urbanized area of Ocala exceeded a threshold of 50,000 people. Due to rapid population growth in the 1980s, the planning boundaries of the entire county were added. Figure 1 illustrates TPO planning area which includes all of Marion County and the cities of Belleview, Dunnellon and Ocala.

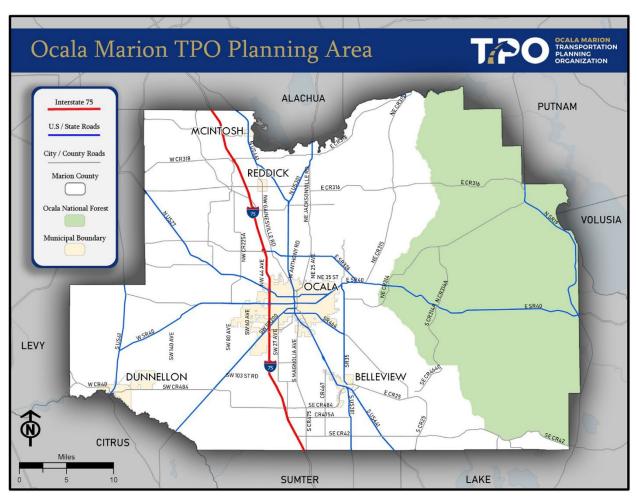

Figure 1: Map of TPO Planning Area

Development of the TIP

Public and local government involvement for the development of the TIP is accomplished through regularly scheduled meetings of the TPO's Technical Advisory Committee (TAC) and Citizens Advisory Committee (CAC) and the TPO Board. The TPO strives to also engage both citizens and stakeholders to assist in the development of the TIP. The TPO seeks public input for a minimum of thirty (30) days once the Draft TIP document is publicly noticed, in accordance with 23 Code of Federal Regulation 23 C.F.R. 450.326(b). A Glossary of Terms and Acronyms used in the TIP and other TPO documents is contained in **Appendix G**.

TPO Boards and Committees

The TPO submits a draft TIP for review and feedback to the TPO's TAC and CAC. These boards/committees are composed of members who represent a variety of government organizations and stakeholders, which include the Cities of Belleview, Dunnellon, and Ocala; the Marion County School Board; the Marion County Engineering, Planning, and Tourism Departments; SunTran; the Florida Department of Transportation (FDOT); the Florida Department of Environmental Protection; and citizens of Marion County, including persons who are considered transportation disadvantaged.

The TPO also submits a draft TIP to the TPO Board for review and to receive feedback. The TPO then addresses the recommendations provided by the Board and Committees, in addition to public input, in developing the final version of the TIP. The final version of the TIP is then presented to the TPO Board for adoption in May or June of each year. In 2022, TPO staff presented the draft TIP to the TAC and CAC on May 10th and June 14th, the TPO Board on May 24th and June 28th.

Public Involvement

In addition to meeting federal regulations, the TIP was developed in accordance with the TPO's Public Participation Plan (PPP) (https://ocalamariontpo.org/plans-and-programs/public-participation-plan-ppp). The public was provided the opportunity to comment on the draft TIP at the aforementioned TAC, CAC and TPO Board meetings. The TAC and CAC meetings were held virtually and in person and therefore were also accessible to those with internet access. The TPO Board meetings were held both virtually and in-person. Advance public notices were provided for all committee and board meetings per Florida Sunshine Law and the TPO's PPP. The TPO sought input from the public and other stakeholders by posting on its website, social media pages (Facebook, Twitter) and sending e-blast notifications. Beginning on May 4th, a legal notice of the draft version of the TIP was advertised in the Ocala Star Banner. The public comment period for the TIP began on May 3, 2022 and concluded on June 28, 2022. A copy of the public notice can be found in **Appendix E** and a list of public comments, including the TPO's response to each

comment, can be found in **Appendix F**. On May 3rd, the TPO sent the Draft TIP for review and comment to the following agencies: Federal Transit Administration, Federal Highway Administration, U.S. Forest Service, Florida Department of Transportation, Department of Economic Opportunity, Florida Commission for the Transportation Disadvantaged and the St. Johns River Water Management District.

Formal responses are provided to each citizen comment submitted to the TPO by email, mail or phone. Citizens are provided a formal response by the TPO and made aware how their public comment is documented, and how it may be addressed if related to a specific project(s) in the current TIP. In cases where further follow up is required, such seeking project background information, additional contact is made with the citizen by the TPO. All citizen, TPO committee, TPO Board and partner agency comments and corresponding TPO responses are summarized in **Appendix F**.

Joint Certification

The most recent joint certification between the Ocala Marion TPO and FDOT was completed on March 22, 2022 through action by the TPO Board. FDOT certified the TPO's transportation planning process for Fiscal Year 2022. The next certification review will occur from February to March of 2023.

Consistency with Other Plans

The projects and project phases listed in the FY 2023 to 2027 TIP are consistent with the local public transit development plan (SunTran), aviation, and the approved local government comprehensive plans for governments within the TPO's MPA [s.339.175(8)(c)(7), F.S.]. The TIP is consistent with the Ocala Marion TPO's 2045 LRTP, Florida Transportation Plan (FTP), Strategic Intermodal System (SIS) Policy Plan, Strategic Highway Safety Plan (SHSP), Freight Mobility and Trade Plan (FMTP), Transportation Asset Management Plan (TAMP), TPO Congestion Management Process (CMP) and SunTran Transportation Development Plan (TDP).

2045 Long Range Transportation Plan (LRTP)

In addition to documenting Marion County's long- term vision and goals for transportation, the 2045 LRTP includes a Needs Assessment and a Cost Feasible Plan. These two sections detail the specific projects to fulfill the County's long-term vision and goals. In order to remain current with the changing needs of Marion County, the Ocala Marion TPO updates the LRTP every five years. The 2045 LRTP was adopted by the TPO Board on November 24, 2020. A list of TIP projects referenced in the 2045 LRTP can be found in **Appendix I**. (https://ocalamariontpo.org/plans-and-programs/long-range-transportation-plan-lrtp).

Florida Transportation Plan (FTP)

The Florida Transportation Plan (FTP) serves as the state's long-range transportation vision and policy plan. The FTP focuses on ways to improve safety, provide a more efficient transportation system, meet the needs of a changing population, create a more competitive economy, enhance the overall quality of life and environment, increase access to transit and address emerging technologies. (http://floridatransportationplan.com)

Strategic Intermodal System (SIS) 2022 Policy Plan

The Strategic Intermodal System (SIS) 2022 Policy Plan establishes the policy framework for planning and managing Florida's Strategic Intermodal System, a network of transportation facilities that serves as the state's highest priority for transportation capacity investments. The Governor and Legislature established the SIS in 2003 to focus state resources on facilities most significant for promoting the state's economic competitiveness, including interregional, interstate and international travel. The SIS is the primary tool for implementing the Florida Transportation Plan (FTP). A map of the SIS can be found in **Appendix C**. Additionally, TIP projects supporting the SIS are noted in the individual project pages (SIS Project).

(https://www.fdot.gov/planning/sis/default.shtm)

Florida's Strategic Highway Safety Plan (SHSP)

The Florida's 2021 to 2025 Strategic Highway Safety Plan (SHSP) was adopted in March 2021. This is an update to the prior plan, and was completed in coordination with all 27 Florida MPO/TPO's. Florida's SHSP outlines a focus on safety programs to reduce crashes, serious injuries and fatalities to achieve zero traffic deaths and serious injuries. A set of 12 emphasis areas organized into three categories (Roadways, Road Users, User Behavior) provide the foundation for improving safety. (https://www.fdot.gov/safety/shsp/shsp.shtm)

Freight Mobility and Trade Plan (FMTP)

FDOT's Freight Mobility and Trade Plan (FMTP) defines policies and investments that will enhance Florida's economic development efforts into the future. The FMTP's Investment Element is specifically intended to identify freight needs, identify criteria for state investments in freight, and prioritize freight investments across modes. FDOT updated the FMTP in spring 2020. (https://www.fdot.gov/rail/plandevel/freight-mobility-and-trade-plan)

Transportation Asset Management Plan (TAMP)

The Transportation Asset Management Plan (TAMP) outlines the process for effectively operating, maintaining, and improving physical transportation assets within Florida. The plan also provides detailed information, such as the department's assets, asset management strategies, and long-term expenditure forecasts to inform decision-making at both the State and Local levels.

Congestion Management Plan (CMP)

Maintenance of a Congestion Management Process (CMP) is required for all TPOs under Florida Statute (F.S.) [339.175 (6)(c)1]. Guidance from the Final Rule on the CMP states the intent of the process is to, "address congestion management through a process that provides for safe and effective integrated management and operation of the multimodal transportation system".

The Ocala Marion TPO has developed the CMP to improve traffic operations and safety through the use of either strategies that reduce travel demand or the implementation of operational improvements. Recommendations in the CMP typically support improved travel conditions through the implementation of low cost improvements or strategies that can be implemented in a relatively short time frame (5-10 years) compared to traditional capacity improvements, such as adding travel lanes, which can be more time- consuming and expensive.

The TPO completed a major update to the CMP in 2021, including policies and procedures and state of system elements. The CMP update serves two purposes: to meet state statutes and help with prioritizing project needs, and to also meet federal requirements if the TPO becomes a Transportation Management Area (TMA) as a result of the 2020 Census. A TPO is considered a TMA when their urbanized area population exceeds 200,000. Completing an update to the CMP will keep the TPO in compliance with both state statute and federal requirements. (https://ocalamariontpo.org/congestion-management-process-cmp)

Transit Development Plan (TDP)

The Transit Development Plan (TDP) represents the vision for public transportation in Marion County for a 10-year horizon. A TDP is updated by SunTran every five years to ensure transit services offered meet the mobility needs of local communities. Specifically, the TDP details SunTran's transit and mobility needs, cost and revenue projections, and community transit goals, objectives, and policies in Marion County. SunTran is completing a major TDP update in 2022.

TIP Revisions

Revisions to the TIP may be required following approval of the document by the TPO Board and State and Federal agencies. Revisions to the TIP are required when projects are changed, added or deleted. TIP Amendments require TPO Board action and opportunity for public comment. TIP modifications to not require TPO Board action or public comment (23 C.F.R. 450.104). As summarized in the FDOT MPO Management Handbook, there are four types of TIP revisions.

TIP Modification

A TIP modification includes minor changes such as to project phase costs, funding sources and project initiation dates. TIP Modifications are less than 20 percent and \$2 million.

TIP Amendment

A TIP amendment involves major changes to project such as a deletion, addition, project cost increase (over 20 percent and \$2 million), design concept or project scope.

Roll Forward Amendment

Projects programmed in the prior TIP that were not authorized by the end of the state fiscal year (June 30) may be authorized between July 1 and September 30, and included in an annual Roll-Forward TIP report to be amended in the new TIP. The Roll Forward amendment process must occur prior to the start of the federal fiscal year, which is October 1. The TPO Board adopts Roll Forward TIP Amendment each year.

Administrative TIP Amendment

Projects that are added to year one of the FDOT Tentative Work Program will not be recognized by FHWA until their fiscal year on October 1. Administrative amendments are permitted between the state fiscal year period of July 1 to September 30 to fill the gap until the federal fiscal year begins on October 1.

Transportation Disadvantaged

The Transportation Disadvantaged (TD) program is a statewide program that provides vital transportation to medical appointments, employment, educational and other life sustaining services. Persons eligible for TD services include those with a mental or physical disability, income level at or below 150% of the Federal Poverty Guideline or age 60+ or <16 years old.

In Marion County, TD transportation services are provided by Marion Transit. As a result of the overlap between the TD service area and the TPO service area, TD projects and funding are included in the TIP. Therefore, the TIP is developed in conjunction with Marion Transit, which also serves as the Community Transportation Coordinator (CTC) for Marion County.

Efficient Transportation Decision Making

Efficient Transportation Decision Making (ETDM) is a process used by FDOT to incorporate environmental, physical, cultural and community resource considerations into transportation planning to inform project delivery. FDOT screens some of the projects in the TIP through the ETDM process. Public information for these projects is available at: https://etdmpub.flaetat.org/est.

2. PERFORMANCE MANAGEMENT

Performance Based Planning

In order to develop a standardized process for monitoring the effectiveness of transportation investments across the country, the Federal government passed the Moving Ahead for Progress in the 21st Century Act (MAP-21). MAP-21 was enacted in 2012 by Congress to establish a framework to link performance management and decision-making for federally-funded transportation investments. MAP-21, which was supplemented by the FAST Act in 2015, requires the State Department of Transportations (DOTs) and TPOs/MPOs to conduct performance-based planning. The objective of performance-based planning is to invest resources in projects that help achieve the following seven national goals (23 CFR 490 or [23 USC 150(b)]):

1- Safety

To achieve a significant reduction in traffic fatalities and serious injuries on all public roads

2- Infrastructure Condition

To maintain the highway infrastructure asset system in a state of good repair

3- Congestion Reduction

To achieve a significant reduction in congestion on the National Highway System

4- System Reliability

To improve the efficiency of the surface transportation system

5- Freight Movement and Economic Vitality

To improve the national freight network, strengthen the ability of rural communities to access national and international trade markets, and support regional economic development

6- Environmental Sustainability

To enhance the performance of the transportation system while protecting and enhancing the natural environment

7- Reduced Project Delivery Delays

To reduce project costs, promote jobs and the economy, and expedite the movement of people and goods by accelerating project completion through eliminating delays in the project development and delivery process, including reducing regulatory burdens and improving agencies' work practices.

Performance-based planning utilizes performance measures and performance targets to ensure the most efficient investment of transportation funds by increasing accountability, providing transparency, and linking investment decisions to key outcomes.

Performance Measures and Targets

The Federal Transit Administration (FTA) and Federal Highway Administration (FHWA) have created highway and transit performance measures and requirements for State DOTs, TPOs/MPOs and transit operators to establish and report performance targets for each performance measure. Performance measures are quantitative criteria used to evaluate progress of the seven national goals. In order to determine the amount of progress made for each performance measure, the aforementioned agencies and organizations must establish baseline data and performance targets; benchmarks used to determine whether transportation investments make progress in achieving national goals and performance measures.

Once each State DOT develops its own performance targets for each performance measure, TPOs/MPOs are provided the option to either adopt state and/or transit agency targets, or develop their own targets. Appendix D provides Transportation Performance Management Fact Sheets published by FDOT in April 2022.

Safety

Pavement and Bridge Condition

System Performance

Transit Asset Management and Transit Safety

Safety

In March 2016, the FHWA published the Highway Safety Improvement Program (HSIP) and Safety Performance Management (Safety PM) Measures Final Rule (PM1), effective April 14, 2016. The Safety PM Final Rule established safety performance measures to assess serious injuries and fatalities on all public roadways and carry out the HSIP. Additionally, the Safety PM Finals Rule established a process for both State DOTs and TPOs to develop and report their safety targets and for FHWA to assess whether State DOTs have met, or are making significant progress toward meeting, their safety targets. The legislation works to improve data; foster transparency and accountability; and allow safety progress to be tracked at the national level. The HSIP annual report documents the statewide performance targets.

As outlined in the Safe System approach promoted by FHWA, the death or serious injury by any person is unacceptable. Consequently, FDOT is fully committed to Vision Zero, and has set a statewide target of "0" for all five safety performance measures. Vision Zero is discussed in greater detail in the HSIP, the Florida Highway Safety Plan, and the Florida Transportation Plan. FDOT set its safety performance targets on August 31, 2017. In addition, FDOT completed a HSIP Implementation Plan in August 2020 to outline an approach toward meeting its safety performance targets in future years. In August of each calendar year, FDOT reports the following year's targets in the HSIP. The TPO is then required to either adopt FDOT's targets or set their own.

On February 27, 2018, the Ocala Marion TPO Board adopted its own safety performance targets to better track progress and reflect greater accountability to the public. The TPO is also developing Commitment to Zero: An Action Plan for Safer Streets in Ocala Marion in 2022. Integrating the adopted targets with Commitment to Zero will be a part of the planning process. By adopting its own safety performance targets, the TPO is required to update targets annually. The TPO updated its annual safety targets on February 22, 2022. Figure 2 displays the safety performance targets in 2022 and 2021 from FDOT and the TPO.

The Ocala Marion TPO is committed to improving safety for all roadway users, which is demonstrated through planning and programming activities. The TIP includes specific investment priorities by using a project-prioritization and project-selection process that is based on the anticipated effect of reducing both fatal and serious injury crashes. The TPO also collects and analyzes crash data and trends, which are addressed in the Commitment to Zero planning project. Additionally, the TPO participates in the Marion County Community Traffic Safety Team (CTST).

Safety Performance Measures	FDOT Targets (2022)	TPO Targets (not to exceed) (2022)	TPO Targets (not to exceed) (2021)	TPO Target Results (2021)
Number of Fatalities	0	98	97	91
Rate of Fatalities per 100 Million Vehicle Miles Traveled (VMT)	0	2.08	1.96	1.98
Number of Serious Injuries	0	378	432	263
Rate of Serious Injuries per 100 Million VMT	0	8.01	8.74	5.71
Number of Non-motorized Fatalities and Non-motorized Serious Injuries	0	57	61	50

Figure 2: Safety Performance Measure Targets and Results

Pavement and Bridge Condition

In January 2017, the FHWA published the Pavement and Bridge Condition Performance Measures Final Rule (PM2). The second FHWA performance measure rule established six performance measures to assess pavement conditions and bridge conditions for the National Highway System (NHS). A map of the NHS in Marion County can be found in **Appendix C**.

The pavement condition measures represent the percentage of lane-miles on the Interstate and non-Interstate NHS that are in good or poor condition. FHWA established five pavement condition metrics: International Roughness Index (IRI); cracking percent; rutting; faulting; and Present Serviceability Rating (PSR). FHWA set a threshold for each metric to establish good, fair, or poor condition. A pavement section is classified as being in good condition if three or more metric ratings are good, and in poor condition if two or more metric ratings are poor. Pavement sections that are not good or poor are classified as fair.

FDOT established its statewide targets for bridge and pavement condition on May 18, 2018. The Ocala Marion TPO and all MPO/TPO's in Florida agreed to support the FDOT statewide targets on in 2018. The two-year and four-year targets represent bridge and pavement conditions at the end of both target years, and are displayed in Figure 3.

The bridge condition measures represent the percentage of bridges, by deck area, on the NHS that are in good condition or poor condition. The condition of each bridge is evaluated by assessing four bridge components: deck, superstructure, substructure, and culverts. The Final Rule created a metric rating threshold for each component to establish good, fair, or poor

condition. If the lowest rating of the four metrics is greater than or equal to seven, the structure is classified as good. If the lowest rating is less than or equal to four, the structure is classified as poor. If the lowest rating is five or six, it is classified as fair.

Pavement and Bridge Condition Performance Measures	FDOT/TPO Target (2-Year)	FDOT/TPO Target (4-Year)	TPO Target Results (2021)						
Pavement Measures									
Percent of Interstate pavements in good condition	Not Required	≥ 60%	66.4%						
Percent of Interstate pavements in poor condition	Not Required	≤ 5%	0%						
Percent of non-Interstate NHS pavements in good condition	≥ 40%	≥ 40%	37.8%						
Percent of non-Interstate NHS pavements in poor condition	≤ 5%	≤ 5%	0%						
Bridge Deck	Area Measures								
Percent of NHS bridges by deck area in good condition	≥ 50%	≥ 50%	59.1%						
Percent of NHS bridges by deck area in poor condition	≤ 10%	≤ 10%	0%						

Figure 3: Performance Measure Targets and Results – Pavement and Bridge Condition

System Performance

In January 2017, FHWA published the System Performance, Freight, and Congestion Mitigation and Air Quality (CMAQ) Performance Measures Final Rule (PM3). The third and final Performance Measures Rule, established six measures to assess the performance of the NHS, freight movement on the Interstate System, and traffic congestion and on-road mobile source emissions for the CMAQ program.

There are two NHS performance measures that represent the reliability of travel times for all vehicles on the Interstate and non-Interstate NHS. FHWA established the Level of Travel Time Reliability (LOTTR) metric to calculate reliability on both the Interstate and non-Interstate NHS.

LOTTR is defined as the ratio of longer travel times (80th percentile) to a normal travel time (50th percentile) during four time periods from the hours of 6 AM to 8 PM each day (AM peak, midday, and PM peak on Mondays through Fridays and weekends). The LOTTR ratio is calculated for each segment of applicable roadway. A segment is reliable if its LOTTR is less than 1.5 during all time periods. If one or more time periods has a LOTTR of 1.5 or above, that segment is unreliable. The measures are expressed as the percentage of person- miles traveled on the Interstate and non-Interstate NHS that are reliable.

The single freight movement performance measure represents the reliability of travel times for trucks on the Interstate System. FHWA established the Truck Travel Time Reliability (TTTR) Index, which is defined as the ratio of longer truck travel times (95th percentile) to a normal truck travel time (50th percentile). The TTTR is generated by dividing the longer truck travel time by a normal travel time for each segment of the Interstate system over five time periods from all hours of each day (AM peak, midday, and PM peak on Mondays through Fridays, overnights for all days, and weekends). This is averaged across the length of all Interstate segments in the state or MPO planning area to determine the TTTR index.

There are three traffic congestion and on-road mobile source emissions performance measures that represent peak hour excessive delay per capita (PHED), non- single occupancy vehicle (SOV) travel, and total on- road mobile source emissions reductions. The Ocala Marion TPO meets all current air quality standards and is not subject to establishing targets for these performance measures.

FDOT established its statewide targets for system performance on May 18, 2018. The Ocala Marion TPO and all MPO/TPO's in Florida agreed to support the FDOT statewide targets in October 2018. Figure 4 displays the most current System Performance measure targets and results.

System Performance Measures	FDOT/TPO Target (2-Year)	FDOT/TPO Target (4-Year)	TPO Target Results (2021)
Percent of person-miles on the Interstate system that are reliable (Interstate LOTTR)	≥ 75%	≥ 70 %	100%
Percent of person-miles on the non-Interstate NHS that are reliable (Non-Interstate NHS LOTTR)	Not Required	≥ 50 %	95.9%
Truck Travel Time Reliability (TTTR)	1.75	2.00	1.74

Figure 4: Performance Measure Targets and Results - System Performance

Transit Asset Management and Safety

On July 26, 2016, the FTA published the final Transit Asset Management rule, which requires that public transportation providers develop and implement transit asset management (TAM) plans, establish "state of good repair" standards and establish performance measures for four asset categories; rolling stock, equipment, transit infrastructure and facilities.

On July 1, 2019, SunTran, the public transit agency that operates primarily in the city of Ocala and in parts of unincorporated Marion County, moved from the oversight by the TPO to the City of Ocala. The SunTran system includes seven fixed bus routes contracted through a third-party company. As the administrative body to SunTran, the City of Ocala is responsible for setting performance targets for Transit Asset Management. In July 2019, the City of Ocala set the transit asset targets in Figure 5, thereby agreeing to plan and program projects in the TIP that, once implemented, will make progress toward achieving the transit asset targets. SunTran coordinates with FDOT on reporting targets to FTA through the National Transit Database (NTD). SunTran also coordinates with the TPO on a continuous basis and participates as a member of the Technical Advisory Committee (TAC).

Figure 5 displays the percentage of SunTran's assets that have met or exceeded their Useful Life Benchmark (ULB) for each asset class in 2019 and their performance targets for the next four years. FTA defines ULBs as "... the expected lifecycle or the acceptable period of use in service for a capital asset, as determined by a transit provider, or the default benchmark provided by the FTA." The performance targets assume the assets are replaced as they reach their ULB.

Asset Class	2019 Performance	2020 Target	2021 Target	2022 Target	2023 Target			
	Rolling Stock							
Buses	69%	0%	0%	0%	0%			
Cutaways	0%	0%	0%	0%	100%			
	Equipm	ent						
Non-Revenue Vehicles	80%	0%	0%	0%	20%			
Facilities								
Maintenance Facility	0%	0%	0%	0%	0%			

Figure 5: Performance Measure Targets and Results - Transit Asset Management

On July 19, 2018, the FTA published the Public Transportation Agency Safety Action Plan (PTASP) regulation, 49CFR Part 673, as required by 49 U.S.C. 5329(d). The effective date of the regulation was July 19, 2019, but was extended to December 31, 2020 due to the global pandemic. The PTASP regulation implements a risk-based Safety Management System approach and requires all recipients and sub-recipients of federal transit financial assistance to establish and certify an Agency Safety Plan and corresponding safety performance targets. MPO/TPO's then have 180 days from the adoption of the PTASP targets set by the public transit agency (SunTran) to adopt or develop their own independent targets.

On December 1, 2020, SunTran submitted their PTASP and corresponding safety targets to the TPO, as adopted by City of Ocala City Council on November 30, 2020. On April 27, 2021, the TPO Board adopted the SunTran PTASP safety targets. Figure 6 displays the adopted SunTran PTASP targets.

SunTran Safety Performance Targets Performance Targets based on collected data from the previous three years									
Mode of Transit Service	Fatalities Total	Fatalities (per 100k vehicle revenue miles) VRM)	Injuries Total	Injuries (per 100k vehicle revenue miles VRM)	Total	Safety Events (per 100k vehicle revenue miles VRM)	(VRM/ failures)		
Fixed Route Bus	0	0	1	.20	5	1.03	7,492		
ADA Paratransit	0	0	0	0	0	0	0		

Figure 6: Performance Measure Targets and Results - Transit Safety Targets

3. FINANCIAL PLAN

The TIP shall include a financial element that demonstrates how the approved projects can be implemented, indicates the sources of funding that are reasonably expected to be made available, and recommends any additional financing strategies for needed projects and programs (23 CFR 350.326).

The FY 2023 to 2027 is financially constrained for each year, meaning projects must be implemented using reasonably expected revenue sources. Projects in the TIP must use Year of Expenditure (YOE) dollars, which are dollars adjusted for inflation from the present time to the expected year of construction. The TIP includes the public and private financial resources that are reasonably expected to be available in order to accomplish the program. The TIP has been developed in cooperation with Marion County, the Cities of Belleview, Dunnellon, and Ocala, FDOT, SunTran and Marion Transit. A summary of funding categories, distribution of funding by category and funding sources are summarized in Figures 7 to 9.

All projects in the TIP are designated for funding from Title 23 and 49 of U.S.C funding sources and all regional transportation projects requiring federal action. Projects in the TIP are also derived from the FDOT Work Program and must include a balanced 36-month forecast of revenue and expenditures and a five-year finance plan supporting the FDOT Work Program (339.135, Florida Statute, F.S.). Additionally, only projects that are reasonably expected to be funded may be included in the TIP.

Acronym	Funding Category	Funding Source
ACFP	Advanced Construction Freight Program	Federal
ACNP	Advanced Construction NHPP	Federal
ACNR	Advanced Construction National Highway Resurfacing	Federal

4. PROJECT PRIORITIZATION PROCESS

Overview

The project prioritization process of the TPO is undertaken during the development of the LRTP and annual List of Priority Projects (LOPP). During the development of the LRTP, once the identified projects have been determined as "needs", TPO committees, TPO staff and the TPO Board prioritizes the projects based on cost feasibility, using revenue forecasting from local, state and federally published sources. The result is the 'Cost Feasible Plan' of the LRTP, which then becomes a prioritized project list. This list becomes part of the TPO's annual List of Priority Projects (LOPP) process. On an annual basis, a revised LOPP is developed collaboratively by the TPO with local partners, committee input and TPO Board approval. The LOPP is submitted to FDOT annually for projects to be considered in the next Tentative Work Program for funding. FDOT will decide which projects from the LOPP can be reasonably funded with the cost/funding projections. The LOPP is a process undertaken to identify the highest priority projects in Marion County to receive consideration for federal and state funding. For further information about the LOPP process, please access the TPO website at: https://ocalamariontpo.org/priority-project-list.

Methodology

In 2022, the TPO modified its annual LOPP prioritization process. The revised process continues to place an emphasis on prioritizing projects based on criteria score. This includes an emphasis on projects closest to receiving construction funding; meet federal performance measures; are multimodal; improve safety and resilience; programmed funding; and/or include local funding and partnerships. A strategic refinement methodology is also applied to include necessary adjustments to address partner feedback. Overall, this approach involves collaboration with the cities of Belleview, Dunnellon, Ocala, Marion County and FDOT to develop an annual LOPP. The end-results of the process are a set of nine project lists, including an overall Highest Priority Project List.

The TPO's project prioritization process is consistent with state statute (F.S. 339.1758b), federal law (23 C.F.R 450.332b), the 2045 LRTP, and with local aviation master plans, public transit development plans, and the approved local government comprehensive plans within the TPO planning area, to the maximum extent feasible [339.175(8)(c)(7), F.S.].

Project Ranking

The priority projects ranking criteria is tied directly to the adopted 2045 LRTP Goals and Objectives, federally required performance measures and local priorities. The goals from the

2045 LRTP that are used in this prioritization and selection process include:

- Optimization and Preserve Existing Infrastructure
- Focus on Improving Safety and Security of the Transportation System
- Provide Efficient Transportation that Promotes Economic Development
- Promote Travel Choices that are Multimodal and Accessible
- Protect Natural Resources and Create Quality Places
- Ensure the Transportation System Meets the Needs of the Community.

The ranking criteria are grouped into the following ten categories and are summarized as follows:

- 1. **Prior Year Rank**: An emphasis on prior project ranking to help support program stability and advancement toward implementation.
- 2. **Project Cycle:** The status of projects in their development phase with an emphasis on the most weight given to projects that are ready for construction.
- 3. **Local Funding Commitment**: Projects receive points for including a local match commitment.
- 4. **Regional Connectivity and Partnerships**: Projects that involve a formal partnership between two or more jurisdictions and coordination between two or more jurisdictions.
- 5. **Safety**: Points given for being located on a roadway segment with a five-year history of serious injury and fatality crashes. Additional points for projects located on the Commitment to Zero High Injury Network.
- 6. **Congestion Management**: Points given for being located on the most up to date Congestion Management Plan Congested Corridors.
- 7. **Multimodal**: A sidewalk, trail and/or bicycle facility are given points and also receive additional points for connecting to existing multimodal facilities in Marion County.
- 8. **Transportation Resilience**: Points given for being located on an existing Florida Evacuation Route or connection to an Evacuation Route.
- 9. **Economic Development and Logistics**: Points given for connecting to or serving employment growth areas of Marion County, along with connecting to or being located on a facility that supports freight activity centers.
- 10. **Equity**: Projects that are located in one of three disadvantaged areas of Marion County as identified and mapped in the 2045 LRTP.

A complete summary of the LOPP ranking and scoring methodology and most up to date project lists are available on the TPO website.

The **2022** List of Priority Projects (LOPP), Top Priorities is provided in Figure 10 on the next page. The remaining six lists may be found on the TPO's website: https://ocalamariontpo.org/priority-project-list/.

Figure 10: 2022 List of Priority Projects (LOPP), Top Priorities

Rank	FDOT Project Number	Project List	Project Name/Limits	Description	FY 23 to 27 TIP Programmed Phase(s)	FY 23 to 27 TIP Programmed Funding	Proposed Phase(s)	Funding Requested
1	435209-1	Top Priorities	I-75 at NW 49th Street Interchange	Construction of a new interchange and roadway extension of NW 49th from NW 44th to NW 35th	CST	\$42,379,864		
2	433652-1	Top Priorities	SR 40 Intersections at SW 40th Avenue and SW 27th Avenue	Traffic operations, turn lanes at I-75 interchange and SW 40th and SW 27th intersections	ROW	\$1,399,654	CST	\$5,500,000
3		Top Priorities	NW 44th Avenue, SR 40 to NW 11th St	Construction of four new roadway lanes			CST	\$14,000,000
4		Top Priorities	NW 80th/70th from N/O SR 40 to S/O US 27	Widening to four lanes			CST	\$30,000,000
5		Top Priorities	SW 44th Avenue from SR 200 to SW 20th	Four-Lane roadway construction	*CST	\$9,000,000		
6		Top Priorities	SW 44th Avenue from SW 20th to SR 40	Addition of two lanes to complete four lane roadway			CST	\$5,000,000
7		Top Priorities	CR 484 Penn Avenue Multimodal	Roadway reconstruction, shared use path connection from downtown Dunnellon to Blue Run Park	*CST	\$2,537,000		
8		Top Priorities	US 27/I-75 Interchange Operations, NW 44th to NW 35th	Safety and operational improvements at interchange area			PE, CST	\$29,341,000
9	450340-1	Top Priorities	Emerald Road Extension	92nd Loop to FN Railroad Connection	ROW, CST \$9,650,000		CST	\$4,700,000
10	237988-1	Top Priorities	SR 40 at SR 35 intersection	Construction of a roundabout at the intersection			PE, ROW, CST	\$6,000,000
11		Top Priorities	SW 49th from Marion Oaks Trail to SW 95th	Construction of a four lane divided roadway			CST	\$18,000,000
12	238651-1	Top Priorities	SR 200 from Citrus County to CR 484	Widening to four lanes and pedestrian/wildlife underpass connecting greenway			CST	\$37,800,000
13	433660-1	Top Priorities	US 441 (Pine Avenue) at SR 464 (SE 17th)	Intersection/Turn lane improvements	PE, CST	\$3,277,299		
14	238648-1	Top Priorities	US 41 from SW 110th to North of SR 40	Widening to four lanes, sidewalks/path, shoulders			CST	\$38,100,000
15	410674-2	Top Priorities	SR 40 from End of four lanes to CR 314	Reconstruction, widening to four lanes, new bridges, medians			CST	\$110,100,000
16		Top Priorities	CR 484 from SW 49th Ave to CR 475A	Widening to six lanes, bridge replacement at I-75			PD&E, DES, ROW, CST	\$55,000,000
17	449443-1	Top Priorities	NE 8th Avenue from SR 40 to SR 492	Construction of roundabouts on NE 8th Avenue	CST	\$4,452,800		
18		Top Priorities	CR 484 from Marion Oaks Pass to SR 200	Widening to six lanes			DES, ROW, CST	\$35,000,000
19		Top Priorities	I-75 at SR 326 Interchange	Interchange operational improvements			PE, DES, ROW, CST	TBD
20		Top Priorities	SW 80th Avenue from north of 38th Street to SR 40	Widening of roadway to four lanes			PE, DES, ROW, CST	\$25,000,000
21		Top Priorities	SR 35 and SR 464 Intersection Flyover	Flyover of SR 35 at SR 464			PE, DES, CST	\$35,000,000

5. PROJECTS

Overview

The FY 2023 to 2027 TIP projects are grouped into seven categories. All projects are also summarized in individual project pages by category to support a more accessible and user-friendly format for the citizens of Marion County.

Seven TIP Project Categories:

- Interstate: I-75
- U.S. Routes: US 27, US 41, US 301, US 441
- State and Local Routes: City and County Roads, State Roads (e.g., SR 200)
- Bicycle and Pedestrian: Park Trails, Sidewalks and Trails on City, County and State Roads
- Aviation (Airport): Ocala International Airport, Marion County Airport
- Transit, Funding and Grants: Marion Transit, SunTran, TPO, Others
- ITS and Maintenance: Operations, Aesthetics, Asset Management (repaying, rehabilitation, shoulders, bridges, lighting), ongoing Maintenance

Appendix H contains a summary of changes to major regional transportation projects from the previous Fiscal Years 2022 to 2026 TIP. **Appendix J** contains a companion "snapshot" listing of the TIP projects as submitted to the TPO by FDOT in April 2022.

Appendix K contains a summary report and listing of transportation projects included with the annual Roll Forward TIP Amendment process (Amendment #1). The project funding amounts are part of the year one (Fiscal Year 2023) summary totals as displayed in **Figures 8** and **9**.

Figure 11 provides a summary chart of the acronyms used for various project phases/activities and the terms associated with the projects displayed in the TIP summary pages. This chart may be used as a reference when reviewing the project summary pages in this section.

Acronym	Project Phase and Information
ADM	Administration
CST	Construction (includes Construction, Engineering and Inspection)
CAP	Capital Grant
CEI	Construction, Engineering and Inspection
DES	Design
ENG	Engineering
ENV CON	Environmental/Conservation
FM	FDOT Financial Management Number
INC	Construction Incentive/Bonus
MNT	Maintenance
MSC	Miscellaneous Construction
OPS	Operations
PD&E	Project Development and Environment Study
PE	Preliminary Engineering
PLEMO	Planning and Environmental Offices Study
PLN	In House Planning
PST DES	Post Design
R/R CST	Railroad Construction
RELOC	Relocation
ROW	Right-of-Way Support & Acquisition
RRU	Railroad and Utilities
RT MNT	Routine Maintenance
SEG	Project Segment Number
UTIL	Utilities Construction

Figure 11: Project Phase/Activity and Information Acronym List

TIP Online Interactive Map

The FY 2023 to 2027 TIP online map provides specific project locations and general information including funding and total project cost. Projects without a specific location (e.g. TPO grants, Marion Transit, SunTran grants) are not included in the interactive map. The map may be accessed through the TPO website or directly at the following link:

https://marioncountyfl.maps.arcgis.com/apps/webappviewer/index.html?id=81b909295c9447d7adf4b38bc232adcf

Performance Management and TIP Projects

The following provides a summary of the projects and SunTran transit program funding in the TIP that support meeting federally required performance measures specifically on the NHS and local transit system, including: safety; bridge and pavement condition; system performance; and transit asset management and safety. Safety projects include the entire federal aid transportation system. In some cases, a project may support meeting more than one federal performance measure.

Safety (PM1) (10 projects)

FM Number	Project	Limits	TIP Funding
4348441	CR 482 at 182nd Avenue (1)	at 182nd Avenue	\$350,000
4348442	CR 482 at 182nd Avenue (2)	at 182nd Avenue	\$67,980
4493171	CR 484 at SW 135th Street	at SW 135th Street	\$458,310
4492771	CR 484 at Marion Oaks Blvd	at Marion Oaks Boulevard	\$536,625
4494431	NE 8th Avenue	SR 40 to SR 492	\$4,452,800
4492611	SW 60th Avenue	SW 54th Street to SECO Energy Driveway	\$247,061
4336601	U.S. 441	at SR 464 (SE 17th Street)	\$3,277,299
4336511	CR 484 (at I-75)	Southwest 20th Avenue to CR 475A	\$47,520
4375962	SR 40/Silver Springs Boulevard	NW 27th Avenue to SW 7th Avenue	\$909,279
4392382	SR 25/U.S. 441/301	SR 25 to SR 200/SW 10th Street	\$2,975,178
	,	Total:	\$13,322,052

Pavement and Bridge Condition (PM2) (7 projects)

FM Number	Project	Limits	TIP Funding
4483761	SR 93 (I-75)	SR 200 to N. of U.S. 27	\$17,416,866
4486351	SR 25 (U.S. 441)	CR 25A to Avenue I	\$7,571,976
4452181	SR 25 (U.S. 441)	Avenue I to Alachua County Line	\$7,095,081

	Total:	\$23,866,541

TIP Project Summary Pages

Summary pages are provided in the following pages for all programmed projects and are organized by the seven project categories.

Summary Page Definitions

Project: Includes the project name, project limits and location.

Project Type: Identifies the type of project improvement(s).

FM Number: References the financial management number in FDOT's project tracking system.

Lead Agency: Identifies the agency with project management oversight.

LRTP (Page #): References how the project reflects the 2045 LRTP goals and planning consistency.

SIS: Denotes if a project is on the state's Strategic Intermodal System (SIS) network.

Description: Summarizes the project and highlights major improvements to be implemented.

Prior <Year: Identifies the amount of funding programmed in years prior to the current five-year TIP period.

Future >Year: Identifies the amount of funding programmed in years beyond the current five-year TIP period.

Total Project Cost: Lists the total project cost programmed for the project, including prior year, current five-year and future year funding.

Phase: Identifies the stage in project development for which funding is programmed.

Fund Category: Identifies the type of funding programmed by phase for the project.

Funding Source: Identifies the source of funding by phase for the project (Federal, State and/or Local).

Fiscal Year: Identifies the federal fiscal year(s) when funding is programmed for the project.

Interstate 75 (I-75) Projects

Project: I-75 (SR 93) at NW 49th Street from end of NW 49th Street to end of NW 35th Street

Project Type: Interchange

FM Number: 4352091

Lead Agency: FDOT

Length: 0.1 miles

LRTP (Page #): Goal 1, Objective 1.2 (14); Goal 2,

Objective 2.1, 2.2, 2.3 (14); Goal 3,

Objective 3.2 (14)

SIS Project

Description:

Construction of a new I-75 interchange at NW 49th Street to facilitate projected increases in freight traffic and regional economic development. This project also includes extending NW 49th Street from NW 44th Avenue to NW 35th Avenue.

Prior <2023: Future >2027: Total Project Cost:

Transportation Improvement Program

Fiscal Years 2021/2022 to 2025/2026

Federal Obligations Report

October 1, 2020 to September 30, 2021

Annual Listing of Federally Obligated Projects

Summary

On an annual basis, per Title 23, United States Code (USC) 450.334, the Ocala Marion Transportation Planning Organization (TPO) is required to provide a summary listing of projects for which federal funds have been *obligated in the preceding federal fiscal year (FFY) from October 1 to September 30. The Florida Department of Transportation (FDOT) assists the TPO in complying with this federal requirement by providing a detailed report of federal project obligations for Marion County. The report is included each year as an amendment to the current Transportation Improvement Program (TIP).

A net total of \$26,342,420 of federal funds were obligated in FFY 2021 on 30 transportation projects and programs in Marion County. The following summary report and detailed obligation document provide a listing of the federally obligated projects by phases and funding sources.

*Obligation is the legal commitment by the Federal government to pay or reimburse a State or other entity for the Federal share of a project's eligible cost. Obligated projects have been authorized by the federal government and funds have been approved for reimbursement. Funding for projects can in some cases also be de-obligated. Funding previously obligated is removed from a project due to changes such as cost, delay or cancellation.

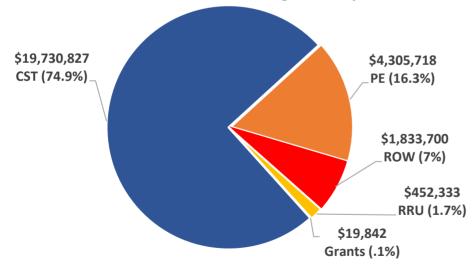

Annual Listing of Federally Obligated Projects - Marion County Federal Fiscal Year (FFY) 2021 October 1, 2020 - September 30, 2021

APPENDIX D: Transportation Performance Management Fact Sheets	
023 to 2027 Transportation Improvement Program	D-1

MPORequirements

Florida Department of Transportation Office of Policy Planning

Transportation Performance Management

April 2022

OVERVIEW

This document highlights key provisions of Federal Highway Administration (FHWA) and Federal Transit Administration (FTA) performance management requirements for state Departments of Transportation, Metropolitan Planning Organizations, and transit providers, including target setting, performance reporting, and deadlines.

PLANNING RULE FRAMEWORK

FHWA and FTA jointly issued a Planning Rule in 2016 to document changes in the statewide and metropolitan planning processes consistent with the Moving Ahead for Progress in the 21st Century (MAP-21) Act and the Fixing America's Surface Transporta-

PM3

SYSTEM
PERFORMANCE
AND FREIGHT
MOVEMENT

TRANSIT ASSET MANAGEMENT

tion (FAST) Act. Among other changes, this rule specifies the requirements for state DOTs and MPOs to implement a performance-based approach to planning and programming. Under this framework, the three FHWA performance measures (PM) rules and the FTA transit asset management and transit safety rules established various performance measures to assess roadway safety (PM1), pavement and bridge condition (PM2), system performance and freight movement (PM3), transit asset management (TAM), and transit safety. The Planning Rule and the performance measures rules also specify how MPOs should set targets, report performance, and integrate performance management into their Long-Range Transportation Plans (LRTP) and Transportation Improvement Programs (TIP). FHWA and FTA are expected to issue an updated planning rule in 2022 to incorporate changes introduced in the Bipartisan Infrastructure Law passed in November 2021.

Long-Range Transportation Plans

The Planning Rule specifies how performance management is incorporated into the MPO's LRTP. The LRTP must:

- » Describe the federal performance measures and performance targets used in assessing the performance of the transportation system.
- » Include a System Performance Report that:
 - Evaluates the condition and performance of the transportation system with respect to performance targets.
 - Documents the progress achieved by the MPO in meeting the targets in comparison to performance recorded in past reports.
- » Integrate the goals, objectives, performance measures, and targets described in all the plans and processes required as part of a performance-based program.

Transportation Improvement Programs

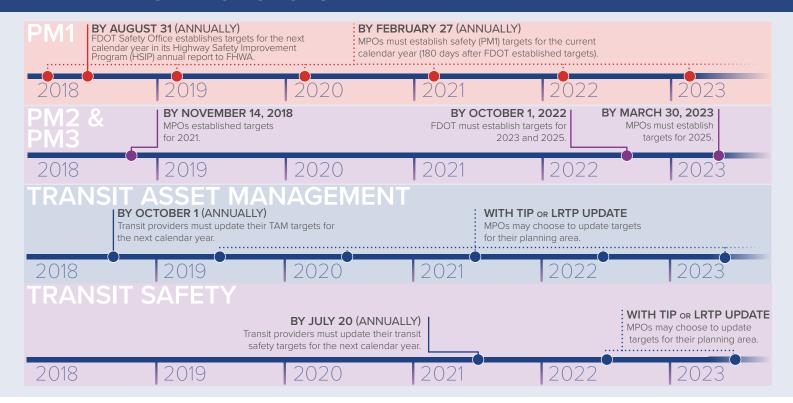

The TIP must:

- » Reflect the investment priorities established in the current long-range transportation plan.
- Be designed such that once implemented, it makes progress toward achieving the performance targets established.
- » Include, to the maximum extent practicable, a description of the anticipated effect of the TIP toward achieving the performance targets identified in the LRTP, linking investment priorities to those performance targets.

FDOT and the
Metropolitan Planning
Organization Advisory
Council (MPOAC) have
developed model
language for inclusion
of performance
measures and targets
in the LRTPs and TIPs

^{*}Please refer to the five accompanying fact sheets to obtain key information for the three FHWA performance measures rules and FTA transit rules.

TIMELINE FOR MPO ACTIONS

TARGET SETTING OPTIONS

The Florida Department of Transportation (FDOT), the MPOs, and providers of public transportation set their respective performance targets in coordination with one another. Each MPO establishes a target for each applicable performance measure. For the **PM1**, **PM2**, and **PM3** measures, each MPO establishes targets by one of two options:

Support the statewide target established by FDOT.

If the MPO chooses to support the statewide target, the MPO provides documentation to FDOT stating that the MPO agrees to plan and program projects so that they contribute toward the accomplishment of FDOT's statewide target for that performance measure.

OR

Establish own target.

If the MPO chooses to establish its own target, the MPO coordinates with FDOT regarding the approach used to develop the target and the proposed target prior to establishing a final target. The MPO provides documentation to FDOT that includes the final target and the date the MPO established the target.

MPOs must establish their targets no later than 180 days after FDOT sets its target.

For the **transit asset management and safety measures**, MPOs may support the targets established by transit providers or establish their own targets. Initial action by the MPO must take place within 180 days of the transit provider action to establish targets. Subsequent MPO transit targets must be established when the MPO updates the LRTP. MPOs will reflect current provider targets in the updated TIP.

ASSESSMENT OF SIGNIFICANT PROGRESS

FHWA will not assess MPO target achievement. However, FHWA and FTA will review MPO adherence to performance management requirements as part of periodic transportation planning process reviews, including the Transportation Management Area (TMA) MPO certification reviews, reviews of adopted and amended LRTPs, and approval of MPO TIPs.

FOR MORE INFORMATION PLEASE CONTACT

Florida Department of Transportation Office of Policy Planning

MAP-21 Performance Management

April 2022

OVERVIEW

The first of the performance measures rules issued by Federal Highway Administration (FHWA) became effective on April 14, 2016, establishing measures to assess the condition of road safety. This fact sheet summarizes the requirements of this rule, the targets that the Florida Department of Transportation (FDOT) selected to meet them, and the role of the Metropolitan Planning Organizations (MPO) under this rule.*

PERFORMANCE MEASURES - APPLICABLE TO ALL PUBLIC ROADS

The total number of persons suffering fatal **NUMBER OF FATALITIES** injuries in a motor vehicle crash during a calendar year. The total number of fatalities per 100 million RATE OF FATALITIES vehicle miles traveled (VMT) in a calendar year. The total number of persons suffering at least NUMBER OF SERIOUS INJURIES one serious injury in a motor vehicle crash during a calendar year. The total number of serious injuries per 100 RATE OF SERIOUS INJURIES million VMT in a calendar year. NUMBER OF NON-MOTORIZED The combined total number of non-motorized FATALITIES AND NON-MOTORIZED fatalities and non-motorized serious injuries

COORDINATION WITH OTHER PLANS

Updates to FDOT's Florida Transportation Plan (FTP) and MPO's Long-Range Transportation Plans (LRTP) must include most recently reported safety performance data and targets.

Updates to the Statewide Transportation Improvement Program (STIP) and Transportation Improvement Programs (TIP) must include a description of how the STIP/TIP contributes to achieving safety performance targets in the FTP/LRTP.

TIMELINE

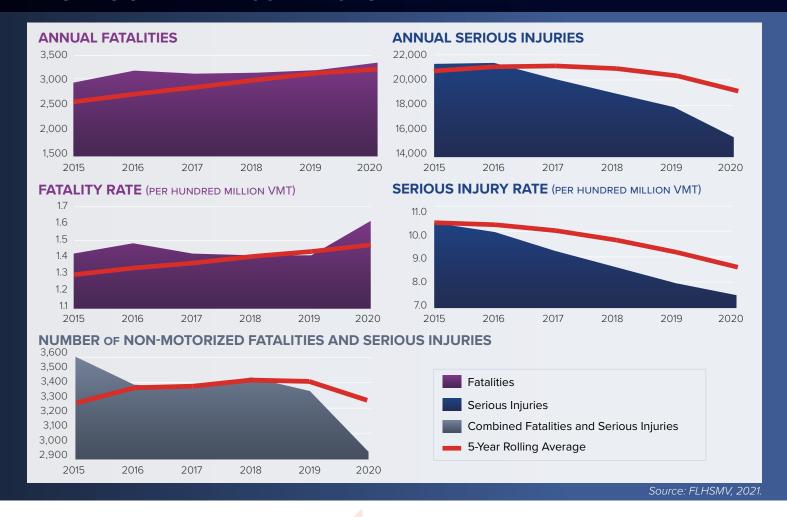

SERIOUS INJURIES

involving a motor vehicle during a calendar year.

^{*} Please refer to the fact sheet addressing MPO Requirements for information about MPO targets and planning processes.

EXISTING STATEWIDE CONDITIONS

STATEWIDE TARGETS

- » FDOT annually establishes statewide safety targets for the following calendar year as part of the HSIP Annual Report, which must be submitted by August 31 each year.
- » Targets are applicable to all public roads regardless of functional classification or ownership.

Given FDOT's firm belief that every life counts, the target set for all safety performance measures is ZERO.

MPO TARGETS

MPOs have the option of supporting the statewide targets or establishing their own targets for the MPO planning area. MPOs must set their targets within 180 days after FDOT sets the statewide targets. MPOs must annually update their targets by February 27 of each year.

ASSESSMENT OF SIGNIFICANT PROGRESS

FHWA considers a state to have met or made significant progress when at least four out of the five safety performance targets are met or the actual outcome for the safety performance target is better than baseline performance.

Based on FHWA's review, Florida is making progress towards achieving the targets established for serious injuries but not yet for fatalities or non-motorized users. As requested by FHWA, FDOT has developed an HSIP Implementation Plan to highlight additional strategies it will undertake in support of these targets.

FHWA will not assess MPO target achievement. However, FHWA and Federal Transit Administration (FTA) will review MPO adherence to performance management requirements as part of periodic transportation planning process reviews, including the Transportation Management Area (TMA) MPO certification reviews, reviews of adopted and amended LRTPs, and approval of MPO TIPs.

FOR MORE INFORMATION PLEASE CONTACT

PM2: Bridge and Pavement

Florida Department of Transportation Office of Policy Planning

MAP-21 Performance Management

April 2022

OVERVIEW

The second of the performance measures rules issued by Federal Highway Administration (FHWA) became effective on May 20, 2017, establishing measures to assess the condition of the pavements and bridges on the National Highway System (NHS). This fact sheet summarizes the requirements of this rule, the targets Florida Department of Transportation (FDOT) selected to meet them, and the role of the Metropolitan Planning Organizations (MPO) under this rule.*

PAVEMENT PERFORMANCE MEASURES

- » Percentage of pavements on the Interstate System in GOOD condition.
- » Percentage of pavements on the Interstate System in POOR condition.
- » Percentage of pavements on the non-Interstate NHS in GOOD condition.
- » Percentage of pavements on the non-Interstate NHS in POOR condition.

GOOD CONDITION

Suggests no major investment is needed.

BRIDGE PERFORMANCE MEASURES

- » Percentage of NHS bridges (by deck area) classified as in GOOD condition.
- » Percentage of NHS bridges (by deck area) classified as in POOR condition.

POOR CONDITION

Suggests major investment is needed.

TIMELINE

^{*} Please refer to the fact sheet addressing MPO Requirements for information about MPO targets and planning processes.

EXISTING STATEWIDE CONDITIONS

0.5%

2019

NHS Bridges

2017

BASELINE

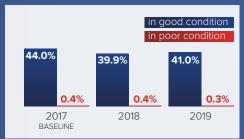

67.7% 66.2% 65.6%

2018

Interstate Pavements

Non-Interstate NHS Pavements

Source: FDO1

STATEWIDE TARGETS

FDOT established 2- and 4-year targets on May 18, 2018 for the full extent of the NHS in Florida. Two-year targets reflect the anticipated performance level at the mid point of each performance period, while 4-year targets reflect it for the end of the performance period.

Performance Measure	2-Year Target	4-Year Target
Pavement		
% of Interstate pavements in <i>GOOD</i> condition	Not required	≥ 60%
% of Interstate pavements in POOR condition	Not required	≤ 5%
% of non-Interstate NHS pavements in <i>GOOD</i> condition	≥ 40%	≥ 40%
% of non-Interstate NHS pavements in <i>POOR</i> condition	≤ 5%	≤ 5%
Bridge		
% of NHS bridges (by deck area) classified in <i>GOOD</i> condition	≥ 50%	≥ 50%
% of NHS bridges (by deck area) classified in <i>POOR</i> condition	≤ 10%	≤ 10%

Note: Two-year targets were not required for Interstate pavement condition for the first performance period, but will be required for the second and subsequent performance periods.

MPO TARGETS

MPOs have the option of supporting the statewide targets or establishing their own targets for the MPO planning area. MPOs must set their targets within 180 days after FDOT sets the statewide targets. MPOs set pavement and bridge targets for the first performance period by November 14, 2018. FDOT will set the targets for the second 4-year performance period by October 1, 2022, after which the MPOs will have 180 days to set their targets.

ASSESSMENT OF SIGNIFICANT PROGRESS

Beginning in 2020 and continuing every two years thereafter, FHWA will determine if FDOT has made significant progress toward the achievement of each 2-year or 4-year applicable statewide target if either:

- » The actual condition/performance level is better than the baseline condition/performance; or
- » The actual condition/performance level is equal to or better than the established target.

In January 2021, FHWA determined Florida had made significant progress toward the two-year bridge and pavement targets based on reported data for 2018 and 2019. FHWA will not directly assess MPO progress toward meeting their targets. Rather, it will do so through the periodic transportation planning reviews, including the Transportation Management Area (TMA) MPO certification reviews and reviews of adopted/amended LRTPs and TIPs.

MINIMUM CONDITIONS

Every year, FHWA will assess if FDOT is meeting the statewide minimum condition requirements. If it is not, FDOT must obligate funds to meet minimum requirements.

FDOT IS ON TRACK TO MEET MINIMUM CONDITION REQUIREMENTS

» Pavement: No more than 5 percent of the Interstate System in *Poor* condition for most recent year.

» Bridge: No more than 10 percent of total deck area of NHS bridges classified as Structurally Deficient (*Poor* condition) for three consecutive years.

FOR MORE INFORMATION PLEASE CONTACT

PM3:System Performance

Florida Department of Transportation Office of Policy Planning

MAP-21 Performance Management

April 2022

OVERVIEW

The third of the three performance measures rules issued by Federal Highway Administration (FHWA) became effective on May 20, 2017, establishing measures to assess the performance of the National Highway System (NHS), freight movement on the Interstate System, and Congestion Mitigation and Air Quality Improvement Program (CMAQ). This fact sheet summarizes the requirements of this rule, the targets that the Florida Department of Transportation (FDOT) selected to meet them, and the role of the Metropolitan Planning Organizations (MPO) under this rule.*

PERFORMANCE MEASURES

Performance Measure	Typically Referred to As	What It Measures
Percent of person-miles traveled on the Interstate that are reliable	Interstate reliability	Seeks to assess how reliable the NHS network is by creating a ratio (called Level of Travel Time Reliability, or
Percent of person-miles traveled on the non- Interstate NHS that are reliable	Non-Interstate reliability	LOTTR) that compares the worst travel times on a road against the travel time that is typically experienced. Road miles with a LOTTR less than 1.5 are considered reliable. Traffic volume and an average vehicle occupancy are factored in to determine the person miles that are reliable, and this is converted to a percent of total miles.
Truck travel time reliability (TTTR) index	Truck reliability	Seeks to assess how reliable the Interstate network is for trucks by creating a ratio (called Truck Travel Time Reliability, or TTTR) that compares the very worst travel times for trucks against the travel time they typically experience.

This rule also contains measures addressing CMAQ Program. These are applicable only for areas that are designated as nonattainment or maintenance, of which Florida currently has none. Therefore, they are currently not applicable to FDOT or any of Florida's MPOs.

TIMELINE

^{*} Please refer to the fact sheet addressing MPO Requirements for information about MPO targets and planning processes.

EXISTING STATEWIDE CONDITIONS

INTERSTATE RELIABILITY

Percent of the person-miles traveled on the Interstate that are reliable

NON-INTERSTATE NHS RELIABILITY

Percent of the person-miles traveled on the non-Interstate NHS that are reliable

TRUCK RELIABILITY

Truck travel time reliability index (Interstate)

2017	82.2%
2018	83.5%
2019	83.4%
2020	92.3%
2017	84.0%
2018	86.3%
2019	87.0%
2020	93.5%
2017	1.43
2018	1.42
2019	1.45
2020	1.34
Note: A higher Interstate and non-Inters	state NHS reliability percentage means greater reliability.

However, a higher TTTR index means lower reliability.

Source: PM3 Report on Regional Integrated Transportation Information System (RITIS) platform using National Performance Management Data Research Data Set (NPMRDS)

STATEWIDE TARGETS

FDOT established the following 2- and 4-year targets on May 18, 2018. Two-year targets reflect the anticipated performance level at the end of calendar year 2019, while 4-year targets reflect anticipated performance at the end of 2021.

Performance	2-Year	4-Year
Measure	Target	Target
Interstate reliability	≥ 75%	≥ 70%
Non-Interstate NHS reliability	Not required	≥ 50%
Truck reliability	≤ 1.75	≤ 2.00

Note: Two-year targets were not required for non-Interstate reliability for the first performance period, but will be required for the second and subsequent performance periods.

MPO TARGETS

MPOs have the option of supporting the statewide targets or establishing their own targets for the MPO planning area. MPOs must set their targets within 180 days after FDOT sets the statewide targets. MPOs set system performance targets for the first performance period by November 14, 2018. FDOT will set its targets for the second 4-year performance period by October 1, 2022, after which the MPOs will have 180 days to set their targets.

ASSESSMENT OF SIGNIFICANT PROGRESS

Beginning in 2020 and continuing every two years thereafter, FHWA will determine that FDOT has made significant progress toward the achievement of each 2-year or 4-year applicable statewide target if either:

- » The actual condition/performance level is better than the baseline condition/performance; or
- » The actual condition/performance level is equal to or better than the established target.

In January 2021, FHWA determined Florida had made significant progress toward the two-year targets for Interstate and truck reliability based on reported data. If FDOT does not make significant progress toward achieving a reliability target, it must document the actions it will take to achieve the target. For the truck reliability measure, it must provide additional freight analysis and documentation.

FHWA will not assess MPO target achievement. However, FHWA and Federal Transit Administration (FTA) will review MPO adherence to performance management requirements as part of periodic transportation planning process reviews, including the Transportation Management Area (TMA) MPO certification reviews, reviews of updated and amended Long-Range Transportation Plans (LRTP), and approval of MPO Transportation Improvement Programs (TIP).

FOR MORE INFORMATION PLEASE CONTACT

TRANSIT Asset Management

Florida Department of Transportation Office of Policy Planning

MAP-21 Performance Management

April 2022

OVERVIEW

The Transit Asset Management rule from the Federal Transit Administration (FTA) became effective on October 1, 2016. This rule applies to all recipients and subrecipients of federal transit funding that own, operate, or manage public transportation capital assets. The rule introduces requirements for new State of Good Repair (SGR) performance measures and Transit Asset Management (TAM) Plans. This fact sheet describes these requirements and the role of the Metropolitan Planning Organizations (MPO) under this rule.

STATE OF GOOD REPAIR PERFORMANCE MEASURES

Transit agencies are required to report transit asset performance measures and targets annually to the National Transit Database (NTD). Targets should be supported by the most recent condition data and reasonable financial projections.

Transit Asset Categories and Related Performance Measures

FTA Asset Categories	Type of Measure	Performance Measures
EQUIPMENT Non-revenue support-service and maintenance vehicles	A ge	Percentage of non-revenue, support-service and maintenance vehicles that have met or exceeded their useful life benchmark (ULB)
ROLLING STOCK Revenue vehicles	Age	Percentage of revenue vehicles within a particular asset class that have either met or exceeded their ULB
INFRASTRUCTURE Rail fixed-guideway track	Performance	Percentage of track segments (by mode) with performance restrictions
FACILITIES Buildings and structures	Condition	Percentage of facilities within an asset class rated below condition 3 on the Transit Economic Requirement Model (TERM) scale

"State of good repair" is defined as the condition in which a capital asset is able to operate at a full level of performance. This means the asset:

- 1. Is able to perform its designed function.
- 2. Does not pose a known unacceptable safety risk.
- 3. Lifecycle investments have been met or recovered.

TIMELINE

TAM PLAN

By October 1, 2018 (two years from effective date of the Final Rule), Transit Asset Management Plans (TAM Plan) were required for all providers. These plans are either developed by the providers or by a group sponsor on behalf of multiple providers. These plan must be updated every four years. The Group TAM Plan must be updated by October 1, 2022, and individual TAM Plans by Tier I and Tier II providers must be updated by the start of the provider's fiscal year.

Tier I versus Tier II Agencies

The rule makes a distinction between Tier I and Tier II transit providers and establishes different requirements for them.

Owns, operates, or manages either: < = 100 vehicles in revenue service during peak regular service across ALL non-rail fixed route modes or in ANY one non-rail fixed route mode OR Subrecipient under the 5311 program OR Native American Tribe

TAM Plan Elements

Inventory of Capital Assets
 Condition Assessment
 Decision Support Tools
 Tiers I and II)

4. Investment Prioritization

5. TAM and SGR Policy

6. Implementation Strategy

7. List of Key Annual Activities

TIER

8. Identification of Resources

9. Evaluation Plan

A **TIER I** provider must develop its own TAM Plan. The Tier I provider must make the TAM plan, annual targets, and supporting materials available to the state DOTs and MPOs that provide funding to the provider.

TIER II agencies may develop their own plans or participate in a group TAM plan, which is compiled by a group TAM plan sponsor. State Departments of Transportation (DOT) that pass FTA funds to subrecipients are required to be group TAM plan sponsors. The unified targets and narrative report for group plan participants are submitted on behalf of all participating agencies by the sponsor. Group plan sponsors must make the group plan, targets, and supporting materials available to the state DOTs and MPOs that program projects for any participants of the group plan. The Florida Department of Transportation (FDOT) developed a group plan for all subrecipients in 2018. The plan included collective targets for subrecipients.

MPO COORDINATION

- » Each public transit provider or its sponsors must share its targets with each MPO in which the transit provider operates services.
- » MPOs are required to establish initial transit asset management targets within 180 days of the date that public transportation providers establish initial targets. However, MPOs are not required to establish transit asset management targets annually each time the transit provider establishes targets. Instead, subsequent MPO targets must be established when the MPO updates the LRTP. MPOs will reflect current provider TAM targets in the updated TIP.
- » When establishing transit asset management targets, the MPO can either agree to program projects that will support the transit provider's targets, or establish its own separate regional targets for the MPO planning area. MPO targets may differ from provider targets, especially if there are multiple transit agencies in the MPO planning area.
- » MPOs are required to coordinate with transit providers and group plan sponsors when selecting targets to ensure alignment of targets.
- » FTA will not assess MPO progress toward achieving transit targets. However, the Federal Highway Administration (FHWA) and FTA will review MPO adherence to performance management requirements as part of periodic transportation planning process reviews, including the Transportation Management Area (TMA) MPO certification reviews, reviews of updated LRTPs, and approval of MPO TIPs.

FOR MORE INFORMATION PLEASE CONTACT

PUBLIC TRANSIT Safety Performance

MAP-21 Performance Management

April 2022

OVERVIEW

The Federal Transit Administration (FTA) has established requirements through 49 CFR 673 for Public Transportation Agency Safety Plans (PTASP) and related performance measures as authorized by the Moving Ahead for Progress in the 21st Century Act (MAP–21). This rule requires certain operators of public transportation systems that receive federal financial assistance under 49 U.S.C. Chapter 53 to develop and implement PTASP based on a Safety Management Systems (SMS) approach. Development and implementation of agency safety plans will help ensure that public transportation systems are safe nationwide. This fact sheet summarizes the requirements of this rule and the responsibilities of Florida's transit providers and Metropolitan Planning Organizations (MPOs) in implementing the rule.

PUBLIC TRANSPORTATION AGENCY SAFETY PLANS (PTASP)

Federal Rule Applicability

RECIPIENTS AND SUB-RECIPIENTS OF FTA 5307 FUNDS

FTA is deferring applicability for operators that only receive 5310 and/or 5311 funds.

SMALL PUBLIC TRANSPORTATION PROVIDERS (5307S) Agencies: a) without rail; and b) with fewer than 101 revenue vehicles in operation during peak service may complete their own plan or have their plan drafted or certified by their state DOT.

PUBLIC TRANSPORTATION SAFETY PERFORMANCE MEASURES

FATALITIES

Total number of reportable fatalities and rate per total vehicle revenue miles by mode.

INJURIES

Total number of reportable injuries and rate per total vehicle revenue miles by mode.

SAFETY EVENTS

Total number of reportable events and rate per total vehicle revenue miles by mode.

SYSTEM RELIABILITY

Mean distance between major mechanical failures by mode.

TIMELINE

BY JULY 20, 2021

Praisit providers must nave in place a Public Transportation Agency Safety Plan that meets federal requirements and must have established transit safety targets. After this date, transit providers must update transit safety targets annually.

AFTER JULY 20, 2021

Update or amendments to the LRTP and TIP after this date must be developed according to the Transit Safety Rule.

WITHIN 180 DAYS AFTER DATE OF TRANSIT PROVIDER ACTION

Safety targets must be established by MPOs.

WITH TIP OR LRTP UPDATE

MPOs may choose to update targets for thei planning area.

- Transit Providers
- MPOs

2021 2022 2023 2024

PTASP CERTIFICATION AND REVIEW

RELATIONSHIP OF PTASP TO FLORIDA REQUIREMENTS

Florida requires each Section 5307 and/or 5311 transit provider to have an adopted System Safety Program Plan (SSPP) (Chapter 14-90, Florida Administrative Code). The FTA PTASP rule and Florida's SSPP requirements are similar, but have some differences. Because Section 5307 providers in Florida must already have a SSPP, FDOT recommends that transit agencies revise their existing SSPPs to be compliant with the new FTA PTASP requirements.

FDOT has issued guidance to providers to assist them with revising existing SSPPs to be compliant with the FTA requirements.

While the PTASP rule requires transit providers to establish safety performance targets, the SSPP does not.

PTASP RELATIONSHIP TO OTHER FEDERALLY REQUIRED PLANS AND PRODUCTS

REQUIREMENTS

COORDINATION WITH METROPOLITAN, STATEWIDE, AND NON-METROPOLITAN PLANNING PROCESSES

- » Public transit providers will coordinate with FDOT and affected MPOs in the selection of transit safety performance targets.
- » Providers will give written notice to the MPO(s) and FDOT when the provider establishes transit safety targets. This notice will provide the established targets and the date of establishment.
- » MPOs that establish their own transit safety targets will coordinate with the public transit provider(s) and FDOT in the selection of transit safety performance targets. The MPOs will give written notice to the public transit providers and FDOT when the MPO establishes its own transit safety targets.
- » MPOs that agree to support a public transit provider's safety targets will provide FDOT and the public transit providers documentation that the MPO agrees to do so.

- » Public transit providers that annually draft and certify a PTASP must make the PTASP and underlying safety performance data available to FDOT and the MPOs to aid in the planning process.
- » Public transit providers will update the PTASP and establish transit safety targets annually. MPOs are not required to establish transit safety targets annually each time the transit provider establishes targets. Instead, subsequent MPO targets must be established when the MPO updates the LRTP. MPOs will reflect current provider PTASP targets in the updated TIP.
- » If two or more providers operate in an MPO planning area and establish different safety targets for a measure, the MPO may establish a single target for the MPO planning area or establish a set of targets for the MPO planning area that reflect the differing transit provider targets.

APPENDIX F: Public and Partner Comments

FY 2023 to 2027 Transportation Improvement Program (TIP)

Public Comments

Summary

The draft Fiscal Years 2023 to 2027 Transportation Improvement Program (TIP) was made available for public and partner agency review on May 3, 2022. The following public comments were received by the TPO.

- **Comment:** "Please expand I-75 and existing roads before destroying farms, nature, and the springs to build new ones. Once these resources are gone they can never be replaced."
 - TPO Response: Noted for public record. The citizen requested to not receive follow up from the TPO. The comment is part of public record and included in the TIP document for future planning considerations.
- Comment: "As a member of the TPO Board who works at Central Florida Community Action Agency and live in Alachua County, one of the things that I've noticed for some of the clients that we serve in Marion County, they have transportation needs to get back and forth to clinical sites that are often located in Belleview, Orlando, etc. I'm not sure if there is some sort of shuttle services that can assist students who are residents and need to travel outside of Marion County for clinicals, work, etc."
 - TPO Response: Noted for public record. The citizen was thanked for the comment and informed it will become part of public record, and included in the TIP document for future planning considerations.
- Comment: "The back and forth regarding opening Ocala Int'l Airport to commercial airlines needs to be resolved in two ways: The designation "International Airport" is misleading. That needs to be changed to something else to reflect the actual air traffic and constituent travel: Regional Airport? Regional Business Airpark? Dump the word "International". Second, a lot of frustration of air travelers having to drive to Orlando or Gainesville could be reduced by a highspeed railway system."
 - TPO Response: Noted for public record. The citizen was thanked for the comment and informed it will become part of public record, and included in the TIP document for future planning considerations.

Fiscal Vears

TRANSPORTATION IMPROVEMENT PROGRAM (TIP) REVIEW CHECKLIST

The following TIP Review Checklist is provided to assist in the review of the TIP. This Review Checklist is to be completed and included in the MPO's final TIP Document.

Comments should be categorized as:

Editorial: Comments may be addressed by MPO, but would not affect approval of the document, i.e., grammatical, spelling and other related errors.

Enhancement: Comments may be addressed by MPO, but would not affect approval of the document, i.e., improve the quality of the document and the understanding for the public (improving graphics, re-packaging of the document, use of plain language, reformatting for clarity, removing redundant language).

Critical: Comment MUST be addressed to meet minimum state and federal requirements to obtain approval. The reviewer must clearly identify the applicable state or federal policies, regulations, guidance, procedures or statutes that the document does not conform with.

If a question is categorized, a comment must be included. In addition, if a question is answered with "no", a comment must also be included. Once the checklist is finalized, please share as a PDF.

APPENDIX G: Glossary of Terms and Acronyms		

Glossary of Terms and Acronyms

ACRYONYM	NAME	DESCRIPTION
3C	Continuing, Cooperative and Comprehensive	A Continuing, Cooperative and Comprehensive (3C) process is required for all Metropolitan Planning Organizations (MPO) to be eligible for Federal transportation funding.
ACS	American Community Survey	The American Community Survey is an ongoing survey that provides vital information on a yearly basis about our nation and its people.
ADA	Americans with Disabilities Act	The Americans with Disabilities Act (ADA) prohibits discrimination against people with disabilities in employment, transportation, public accommodation, communications, and governmental activities.
ATMS	Automated Traffic Management System	ATMS is used to improve the efficiency of the transportation network. ATMS utilizes data-analysis and communication technology to reduce congestion in real-time due to crashes and other traffic problems.
BEA	Bureau of Economic Analysis	Federal agency within the Department of Commerce that provides economic data and projections.
BLS	Bureau of Labor Statistics	Federal agency within the Department of Labor that tracks federal employment data.
BTS	Bureau of Transportation Statistics	The Bureau of Transportation Statistics was established as a statistical agency in 1992. The Intermodal Surface Transportation Efficiency Act (ISTEA) of 1991 created BTS to administer data collection, analysis, and reporting and to ensure the most cost-effective use of transportation- monitoring resources.
CAAA	Clean Air Act Amendments of 1990	The original Clean Air Act was passed in 1963, but the national air pollution control program is actually based on the 1970 revision of the law. The Clean Air Act as amended in 1990 made major changes and contains the most far reaching revisions of the 1970 law.
CAC	Citizen Advisory Committee	The Citizens Advisory Committee (CAC) advises the TPO on local transportation issues based on the input of citizens they represent in the area. The TPO strives to keeps the composition of the CAC diverse in terms of geographic location and professions represented.
CBSA	Core Based Statistical Areas	CBSAs consist of the county or counties or equivalent entities associated with at least one core (urbanized area or urban cluster) of at least 10,000 population plus adjacent counties having a high degree of social and economic integration with the core. Social and economic integration is measured in the form of commuting and other reoccurring travel.
СЕМРОА	Central Florida Metropolitan Planning Organization Alliance	A partnership of Transportation Planning Organizations in Central Florida created to provide transportation solutions throughout the region.
CFR	Code of Federal Regulations	The codification of the rules published in the Federal Register by the executive departments and agencies of the Federal Government. These are the administrative rules and regulations that clarify the impact of the United States Code (USC) or the law.

ACRYONYM	NAME	DESCRIPTION
CFRPM	Central Florida Regional Planning Model	Travel demand forecasting tool used by numerous planning agencies throughout central Florida.
CMAQ	Congestion Mitigation and Air Quality Improvement Program	The CMAQ program funds transportation projects and programs in air quality non-attainment and maintenance areas that reduce traffic congestion and transportation related emissions (ozone, carbon monoxide, particulate matter, etc.).
СМР	Congestion Management Process	A systematic approach required in transportation management areas (TMAs) that provides for effective management and operation. Provides information on transportation system performance and finds alternative ways to alleviate congestion and enhance the mobility of people and goods, to levels that meet state and local needs.
СТС	Community Transportation Coordinator	Community Transportation Coordinators are businesses or county departments responsible for arrangement of transportation services delivered to the transportation disadvantaged. (Definition taken from Lee MPO - http://leempo.com/programs-products/transportation- disadvantaged/).
CTD	Commission for Transportation Disadvantaged	Created in 1989, the CTD was created to provide statewide policy guidance to Florida's Transportation Disadvantaged Program, which coordinates funs to provide older adults, persons with disabilities and people with limited access to employment, health care and educational opportunities (Definition taken from NCFRPC - http://www.ncfrpc. org/TD/td.html).
СТРР	Census Transportation Planning Products	The CTPP is a set of special tabulations designed by and for transportation planners using large sample surveys conducted by the Census Bureau.
СТЅТ	Community Traffic Safety Team	An organization created to inform the public about transportation safety issues. Major events conducted by the Marion County CTST include "Walk Your Child to School Day", a mock DUI scenario, and a Battle of the Belts competition.
DBE	Disadvantaged Business Enterprise	The DBE program ensures that federally-assisted contracts for transportation projects are made available for small businesses owned/ controlled by socially and economically disadvantaged individuals (Definition taken from FHWA - https://www.fhwa.dot.gov/civilrights/ programs/dbe/).
DOPA	Designated Official Planning Agency	An agency that assists the Florida Commission for the Transportation Disadvantaged (CTD) in the coordination of safe, efficient, cost effective transportation services to those who are transportation disadvantaged. (Definition taken from CTD - https://ctd.fdot.gov/ communitytransystem.htm)
DRI	Development of Regional Impact	A large-scale development project that may impact multiple counties or jurisdictions
EIS	Environmental Impact Statement	Report developed as part of the National Environmental Policy Act requirements, which details any adverse economic, social, and environmental effects of a proposed transportation project for which Federal funding is part of the project.

ACRYONYM	NAME	DESCRIPTION
EPA	Environmental Protection Agency	The federal regulatory agency responsible for administering and enforcing federal environmental laws, including the Clean Air Act, the Clean Water Act, the Endangered Species Act, and others.
ETDM	Efficient Transportation Decision Making	Developed by the Florida Department of Transportation (FDOT) to streamline the environmental review process, ETDM helps protect natural resources by involving stakeholders early in the transportation planning process. Specifically, ETDM is used to identify the impacts may occur from planned transportation projects.
FAA	Federal Aviation Administration	FAA provides a safe, secure, and efficient global aerospace system that contributes to national security and the promotion of US aerospace safety.
FAST Act	Fixing America's Surface Transportation Act	The Fixing America's Surface Transportation (FAST) Act is five-year legislation that was enacted into law on December 4, 2015. The main focus of the legislation is to improve the Nation's surface transportation infrastructure, including our roads, bridges, transit systems, and rail transportation network.
FDOT	Florida Department of Transportation	Originally named the Florida State Road Department, the Florida Department of Transportation (FDOT) was created in 1969. FDOT's mission is to ensure the mobility of people and goods, enhance economic prosperity, and preserve the quality of the environment and community (Definition taken from State of Florida-https://jobs.myflorida.com/go/ Department-of-Transportation/2817700/).
FHWA	Federal Highway Administration	A branch of the U.S. Department of Transportation that administers the federal- aid highway program, providing financial assistance to states to construct and improve highways, urban and rural roads, and bridges.
FMTP	Freight Mobility and Trade Plan	FDOT's Freight Mobility and Trade Plan (FMTP) defines policies and investments that will enhance Florida's economic development into the future.
FSUTMS	Florida Standard Urban Transportation Modeling Structure	FSUTMS is a computerized planning model that allows users to better predict the impact of transportation policies and programs by providing a standardized framework for the development, use and sharing of models.
FTA	Federal Transit Administration	A branch of the U.S. Department of Transportation that administers federal funding to transportation authorities, local governments, and states to support a variety of locally planned, constructed, and operated public transportation systems throughout the U.S., including buses, subways, light rail, commuter rail, streetcars, monorail, passenger ferry boats, inclined railways, and people movers.
FTP	Florida Transportation Plan	Florida's long-range plan that guides current transportation decisions. The plan outlines transportation issues and solutions related to improving safety, efficiency, population growth, economic development, and access to transit and other modes of transportation.
FY	Fiscal Year/ Federal Fiscal Year	The TPO's Fiscal Year is from July 1 to June 30. The Federal Fiscal Year is from October 1 to September 30.

ACRYONYM	NAME	DESCRIPTION			
GIS	Geographic Information System	Computerized data management system designed to capture, store, retrieve, analyze, and display geographically referenced information.			
HOV	High-Occupancy Vehicle	Vehicles carrying two or more people.			
HSIP	Highway Safety Improvement Program	The goal of the HSIP program is to achieve a significant reduction in traffic fatalities and serious injuries on all public roads, including non-State-owned public roads and roads on tribal lands.			
HUD	Department of Housing and Urban Development	HUD's mission is to increase homeownership, support community development and increase access to affordable housing free from discrimination. HUD's Community Development Block Grant Program (CDBG) a program with many resources that are used to help address a wide array of community development needs, including sidewalks and other transportation infrastructure.			
IIJA	Infrastructure Investment and Jobs Act	Commonly referred to as the Bipartisan Infrastructure Bill, IIJA was signed into law by President Biden on November 15, 2021. IIJA includes \$550 billion in new funding for transportation infrastructure. IIJA authorizes \$1.2 trillion in total spending.			
IRI	International Roughness Index	International Roughness Index (IRI) is used by transportation professionals around the world as a standard to quantify road surface roughness. IRI is highly useful for assessing overall roadway pavement ride quality; a higher IRI value indicates a rougher road surface.			
ITS	Intelligent Transportation Systems	Electronics, photonics, communications, or information processing to improve the efficiency or safety of the surface transportation system.			
LOS	Level of Service	Level of Service (LOS) is a term that describes the operating conditions a driver, transit users, bicyclist, or pedestrian will experience while traveling on a particular street, highway or transit vehicle. LOS is used in transportation planning as a data friendly tool to help aid in the decision making process regarding road capacity. LOS data allows planners to make more informed decisions regarding transportation projects.			
LOPP	List of Priority Projects	The List of Priority Projects (LOPP) is a formalized list developed each year by the TPO in collaboration with local government partners, and as required by state statute. The LOPP contains the highest priorities for future transportation projects and investments to receive consideration for federal and state funding.			
LRTP/MTP	Long-Range Transportation Plan (or Metropolitan Transportation Plan)	A document that serves as the defining vision for the region's transportation systems and services. The LRTP addresses a planning horizon of no less than a 20-years and is developed, adopted, and updated every five years by the TPO. The most recent LRTP was adopted in December 2015. The plan can be viewed on the TPO website at: https://ocalamariontpo.org/plans-and-programs/long-range- transportation-plan-Irtp/.			

ACRYONYM	NAME	DESCRIPTION
LOTTR	Level of Travel Time Reliability	The Level of Travel Time Reliability (LOTTR) is the ratio of the 80th percentile travel time to the normal travel time (50th percentile) throughout a full calendar year. Data for this measure is derived from the FHWA National Performance Management Research Data set (NPMRDS).
MAP-21	Moving Ahead for Progress in the 21st Century	The Moving Ahead for Progress in the 21st Century Act (P.L. 112-141), was signed into law in 2012. Funding surface transportation programs at over 105 billion for fiscal years (FY) 2013 and 2014, MAP-21 is the first long-term highway authorization enacted since 2005. MAP-21 creates a streamlined and performance-based surface transportation program and builds on many of the highway, transit, bike, and pedestrian programs and policies established in 1991.
МРА	Metropolitan Planning Area	The geographic area determined by agreement between the transportation planning organization (TPO) for the area and the Governor, in which the metropolitan transportation planning process is carried out.
МРО	Metropolitan Planning Organization	An MPO, also known as a TPO, is a forum for cooperative transportation decision-making for metropolitan planning areas. In order for a TPO to be designated as an MPO, an urban area must have a population of at least 50,000 as defined by the US Census Bureau.
MPOAC	Metropolitan Planning Organization Advisory Council	A planning and policy organization created to assist individual MPO/TPOs across Florida in building a more collaborative transportation planning process.
MSA	Metropolitan Statistical Area	A Core Based Statistical Areas associated with at least one urbanized area that has a population of at least 50,000. The metropolitan statistical area comprises the central county or counties or equivalent entities containing the core, plus adjacent outlying counties having a high degree of social and economic integration with the central county or counties as measured through commuting.
NTD	National Transit Database	The National Transit Database (NTD) is the repository of data for the financial, operating and asset conditions of the nation's transit systems.
NEPA	National Environmental Policy Act of 1969	Established requirements that any project using federal funding or requiring federal approval, including transportation projects, examine the effects of proposed and alternative choices on the environment before a federal decision is made.
NHPP	National Highway Performance Program	The NHPP provides support for the condition and performance of the National Highway System (NHS), for the construction of new facilities on the NHS.
NHPP (Bridge)	National Highway Performance Program (Bridge)	Reconstruction, resurfacing, restoration, rehabilitation, or preservation of a bridge on a non-NHS Federal-aid highway (if Interstate System and NHS Bridge Condition provision requirements are satisfied) [23 U.S.C. 119(i)].
NHS	National Highway System	This system of highways designated and approved in accordance with the provisions of 23 U.S.C. 103(b) (23CFR500).

ACRYONYM	NAME	DESCRIPTION			
PD&E	Project Development and Environmental Study	A study conducted to determine feasible building alternatives for transportation projects and their social, economic and environmental impacts. PD&E studies are required per the National Environmental Policy Act (NEPA). (Definition taken from FDOT, District 7 - https://www.fdotd7studies.com/what-is-a-pde-study.html).			
PEA	Planning Emphasis Area	Planning Emphasis Areas set planning priorities that are supportive of the statewide Florida Transportation Plan (FTP), and give importance to topics that all MPOs are encouraged to address in their respective planning programs.			
PM	Performance Management	Performance Management (PM) serves as federally required strategic approach that uses system data and information guide investment and policies to achieve national goals.			
РРР	Public Participation Plan	The Public Participation Plan documents the goals, objectives and strafor ensuring all individuals have every opportunity to be involved in transportation planning decisions. The plan is designed to provide a transparent planning process that is free from any cultural, social, raci economic barriers and offers multiple opportunities for public participar and input.			
PTASP	Public Transportation Agency Safety Action Plan	A plan that is developed by transit agencies to identify responsibilities for safety and day to day implementation of a safety management system.			
RPC	Regional Planning Council	Organizations designated by Florida law to provide planning and technical expertise to local governments in order to promote regional collaboration.			
SHSP	Strategic Highway Safety Plan	This is a statewide and coordinated safety plan that provides a comprehensive framework for eliminating highway fatalities and reducing serious injuries on all public roads.			
SIS	Strategic Intermodal System	A network of transportation facilities important to the state's economy and mobility. The SIS was created to focus the state's limited resources on the facilities most significant for interregional, interstate and international travel (Definition taken from FDOT - https://www.fdot.gov/planning/sis/default.shtm).			
SOV	Single-Occupancy Vehicle	Any motor vehicle operated or driven by a single person.			
STBG	Surface Transportation Block Grant Program	The STBG federal funding promotes flexibility in State and local transportation decisions and provides flexible funding to best address State and local transportation needs.			
STIP	Statewide Transportation Improvement Program	The STIP is a statewide prioritized listing/program of transportation project covering a period of four years that is consistent with the long-range statewide transportation plan, metropolitan transportation plans, and TIPs, and required for projects to be eligible for funding under title 23 U.S.C. and title 49 U.S.C. Chapter 53.			
STP	Surface Transportation Program	Federal-aid highway funding program that supports a broad range of surface transportation capital needs, including many roads, transit, sea and airport access, vanpool, bike, and pedestrian facilities.			

ACRYONYM	NAME	DESCRIPTION			
TAC	Technical Advisory Committee	The Technical Advisory Committee provides technical expertise to the TPO by reviewing transportation plans, programs and projects primarily from a technical standpoint. The TAC is comprised of professional planners, engineers, and other state and local professionals.			
ТАМР	Transportation Asset Management Plan	The TAMP outlines the process for effectively operating, maintaining and improving the physical transportation assets in Florida (e.g., roads, bridges, culverts).			
TAZ	Traffic Analysis Zone	A defined geographic area used to tabulate traffic-related land use data and forecast travel demand. Traffic Analysis Zones typically consist of one or more Census blocks/tracts or block groups.			
TD	Transportation Disadvantaged	Transportation Disadvantaged includes individuals with physical and economic challenges and senior citizens facing mobility issues.			
TDLCB	Transportation Disadvantaged Local Coordinating Board	The TDLCB coordinates transportation needs of the disadvantaged, including individuals with physical and economic challenges and senior citiz facing mobility issues. The Board helps the TPO identify local service needs the Transportation Disadvantaged (TD) community to the Community Transportation Coordinator (CTC).			
TDM	Transportation Demand Management	Programs designed to reduce demand for transportation through various means, such as the use of public transit and of alternative work hours.			
TDP	Transit Development Plan	The Transit Development Plan (TDP) represents the community's vision for public transportation in the Ocala Marion TPO service area for a 10- year span. Updated every five years, the Plan provides a comprehensive assessment of transit services in Marion County. Specifically, the TDP details SunTran's transit and mobility needs, cost and revenue projections, and community transit goals, objectives, and policies.			
TIP	Transportation Improvement Program	A TIP is a prioritized listing/program of transportation projects covering a period of five years that is developed and formally adopted by a TPO as part of the metropolitan transportation planning process, consistent with the metropolitan transportation plan, and required for projects to be eligible for funding under title 23 U.S.C. and title 49 U.S.C. Chapter 53.			
TMA	Transportation Management Area	An urbanized area with a population over 200,000 (as determined by the latest decennial census) or other area when TMA designation is requested by the Governor and the TPO (or affected local officials), and officially designated by the Administrators of the FHWA and FTA. The TMA designation applies to the entire metropolitan planning area.			
TMIP	Travel Model Improvement Program	TMIP supports and empowers planning agencies through leadership, innovation and support of planning analysis improvements to provide better information to support transportation and planning decisions.			

ACRYONYM	NAME	DESCRIPTION
TOD	Transit Oriented Development	Transit-oriented development, or TOD, is a type of community development that includes a mixture of housing, office, retail and/or other amenities integrated into a walkable neighborhood and located within a half-mile of quality public transportation (Definition taken from Reconnecting America-www.reconnectingamerica.org).
ТРМ	Transportation Performance Management	FHWA defines Transportation Performance Management as a strategic approach that uses system information to make investment and policy decisions to achieve national performance goals.
ТРО	Transportation Planning Organization	A TPO, also known as an MPO, is a forum for cooperative transportation decision-making for metropolitan planning areas. In order for a TPO to be designated, an urban area must have a population of at least 50,000 as defined by the US Census Bureau.
TRB	Transportation Research Board	The mission of the Transportation Research Board (TRB) is to promote innovation and progress in transportation through research.
TRIP	Transportation Regional Incentive Program	Created in 2005, the program provides state matching funds to improve regionally significant transportation facilities.
TTTR	Truck Travel Time Reliability Index	The Truck Travel Time Reliability Index (TTTR) is defined as the ratio of longer truck travel times (95th percentile) compared to normal truck travel times (50th percentile) on the interstate system.
UA	Urbanized Area	A statistical geographic entity delineated by the Census Bureau, consisting of densely settled census tracts and blocks and adjacent densely settled territory that together contain at least 50,000 people.
ULB	Useful Life Benchmark	The expected lifecycle or the acceptable period of use in service for a transit capital asset, as determined by the transit agency or by a default benchmark provided by the Federal Transit Administration.
UPWP	Unified Planning Work Program	UPWP means a Scope of Services identifying the planning priorities and activities to be carried out within a metropolitan planning area. At a minimum, a UPWP includes a description of planning work and resulting products, who will perform the work, time frames for completing the work, the cost of the work, and the source(s) of funds.
USC	United States Code	The codification by subject matter of the general and permanent laws of United States.
USDOT	United States Department of Transportation	When used alone, indicates the U.S. Department of Transportation. In conjunction with a place name, indicates state, city, or county transportation agency.
YOE	Year of Expenditure	The current dollar in the year (adjusted for inflation) during which an expenditure is made or benefit realized, such as a project being constructed.
VMT	Vehicle Miles Traveled	A measurement of miles traveled by vehicles within a specified region for a specified time period (Definition taken from Wikipedia).

APPENDIX H: Project Changes from Prior TIP

Project Changes from Prior Transportation Improvement Program (TIP)

The following lists (2) summarize major projects that were programmed in the previous FY 2022 to FY 2026 TIP and their respective status toward implementation. This includes projects that were advanced; completed; under construction (2022); or deferred.

Changes to total project funding are also noted for major projects programmed in both the previous FY 2022 to FY 2026 TIP and the current FY 2023 to FY 2027 TIP.

	Project Status from Prior TIP: Advanced, Completed, Construction or Deferred				
Project			FY 22-26 TIP		
Number/FM	Project Description	Project Status	Funding		
2386481	SR 45 (US 41) from SW 110th Street to North of SR 40	Deferred Out	\$44,211,268		
4112565	SR 35 (US 301) Dallas Pond Redesign	Constrution 2022	\$537,379		
4336511	CR 484 from SW 20th Avenue to CR 475A	Construction 2022	\$15,302,481		
4336611	U.S. 441 from SR 40 to SR 40A (Broadway)	Construction 2022	\$3,607,422		
4348441	CR 42 at SE 182nd Avenue	Deferred to FY 23	\$407,200		
4354842	Pruitt Trail from SR 200 to Pruitt Trailhead	Deferred to FY 26	\$2,158,000		
4364742	Saddlewood Elementary School Sidewalks	Construction 2022	\$317,096		
4364743	Legacy Elementary School Sidewalks	Construction 2022	\$1,411,659		
4375962	SR 40 from NW 27th Street to SW 7th Street Sidewalks	Completed 2021	\$913,539		
4384271	Marion County Airport Airfield Pavement Improvements	Deferred to FY 25	\$4,833,608		
4384771	Ocala International Airport Taxiway Improvements	Deferred to FY 26	\$6,500,000		
4407801	Ocala International Airport Pavement Rehabilitation	Deferred to FY 24	\$1,978,750		
4408801	Marion Oaks Marion Oaks Manor Sidewalk	Construction 2022	\$36,210		
4431701	SR 93 (I-75) from Sumter County to SR 200	Construction 2022	\$30,271,013		
4437301	U.S. 301/U.S. 441 South of Split to North of Split Landscape	Construction 2022	\$372,839		
4453211	Wildwood Mainline Weigh-In Motion (WIM) Screening	Construction 2022	\$4,621,712		
4456871	U.S. 41/Williams from Brittan Alexander Bridge to River Road	Advanced to FY 22	\$551,496		
4458001	SR 40 at SR 492 (NE 14th Street)	Advanced to FY 22	\$987,415		
4471371	SR 200 Bridges and SR 40 Bridge Deck Rehabilitation	Construction 2022	\$1,010,681		
4483891	NW 9th Street at Railroad Crossing #627174G	Completed 2022	\$207,629		
4485751	Ocala International Airport ARFF Building	Deferred to FY 27	\$1,608,894		

	Major Project Total Funding Changes: Prior TIP to Current TIP					
Project		Project Schedule	Change in			
Number/FM	Project Description	Changes	Project Funding			
2386481	SR 45 (US 41) from SW 110th St to North of SR 40	Deferred Out	-\$44,211,268			
4336511	CR 484 from SW 20th to CR 475A	None	-\$2,874,947			
	I-75 (SR 93) at NW 49th Street from end of NW 49th to NW					
4352091	35th	None	-\$2,922,305			
	I-75 (SR 93) Rest Area Marion County, N/O CR 484 to S/O SR					
4385621	200	None	\$8,409,437			
4392341	SR 200 from I-75 to US 301	None	\$5,749,473			
4411411	SR 464 from US 301 to SR 35 (Baseline)	None	\$2,314,249			
4452121	SR 200 (US 301) from S/O NE 175th to Alachua County Line	None	-\$481,617			
4452171	SR 326 from NW 12th to SR 40	None	\$3,421,516			
4457011	SE Abshier Boulevard from SE Hames to N/O SE Agnew Road	None	\$566,843

APPENDIX K: Roll Forward TIP Amendment Report

Website: Ocalamariontpo.org

Transportation Improvement Program

Fiscal Years 2023 to 2027

Roll Forward Amendment

Pending Approval August 23, 2022

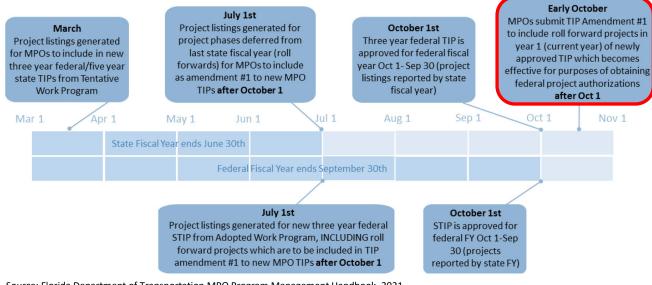

Roll Forward TIP Amendment

PURPOSE

The TPO's FY 2023 to FY 2027 Transportation Improvement Program (TIP) was adopted by the Board on June 28, 2022. The purpose of the TIP Roll Forward Amendment is to ensure full consistency by October 1 each year between the Ocala/Marion County Transportation Planning Organization (TPO) Transportation Improvement Program (TIP) and the Florida Department of Transportation (FDOT) Work Program.

In some cases, project funding programmed in the previous fiscal year of the prior TIP document was not authorized and encumbered prior to June 30. These projects then roll-forward in the FDOT Work Program for year one (FY 2023), but not into the TPO's TIP to meet the timeline for annual adoption. As a result, the TPO's TIP must be amended each year to include roll-forward projects in the current fiscal year to ensure consistency with the FDOT Work Program. Hence, the process is called the Roll Forward TIP Amendment.

Unlike all other projects, Federal Transit Administration (FTA) projects to not automatically roll-forward in the FDOT Work Program. The TPO coordinates with SunTran to verify that project funding is appropriately accounted for in the Roll Forward TIP Amendment. The following graphic displays the Roll Forward process and all key milestones.

Source: Florida Department of Transportation MPO Program Management Handbook, 2021

Roll Forward Summary

The following tables summarize roll forward projects for the FY 2023 to FY 2027 TIP. The table includes current FY 2023 project funding, amount of funding rolled forward, and revised FY 2023 project funding.

Project FM #	Project Name	Work Type	Phase(s)	Current TIP FY 2023	Amount Rolled Forward	Revised TIP FY 2023
			PE	\$0	\$275,665	\$275,665

RON DESANTIS GOVERNOR 605 Suwannee Street Tallahassee, FL 32399-0450 JARED W. PERDUE, P.E. SECRETARY

July 11, 2022

Ocala Marion TPO ATTN: Rob Balmes, Executive Director 2710 E Silver Springs Blvd Ocala FL 34470

RE: Request to Amend Fiscal Year (FY) 2022/23-2026/27 Transportation Improvement Program (TIP) – Annual Roll Forward

Dear Mr. Balmes:

The purpose of this letter is to request Ocala Marion TPO amend the FY 2022/23-2026/27 TIP with the Annual Roll-Forward Report. The Roll Forward report reconciles differences between the TIP and Florida Department of Transportation's (FDOT) Adopted Five-Year Work Program. This is annual process is routine and assists the MPO with identifying projects using federal funds that were not committed during the previous state fiscal year (FY 2021/2022). These projects have automatically "rolled forward" in the FDOT Adopted Five-Year Work Program as of July 1, 2022. This amendment ensures that year one of the TIP matches year one of FDOT's Adopted Five-year Work Program.

The reason for this amendment is to ensure projects with federal funding can be authorized prior to the new Federal Fiscal Year (FFY) beginning on October 1 each year. Until then, Federal Highway Administration (FHWA) and Federal Transit Administration (FTA) continue to recognize the FY 2021/22 – 2025/26 TIP as the effective document. Adopting the Roll Forward Report and amending it into the TIP ensure projects will continue to be authorized without interruption.

The affected projects are listed in the attached Roll-Forward Report dated July 5, 2022. The MPO is requested to add this report to the FY 2022/23-2026/27 TIP in its entirety.

Feel free to contact the Liaison Group at D5-MPOLiaisons@dot.state.fl.us.

Sincerely,

DocuSigned by:

Rakinya Hinson

RE: Performance Management 2023 Safety Targets (PM1)

Summary

Federal law requires State DOTs and TPOs/MPOs to conduct performance-based planning by tracking performance measures and setting data-driven targets to improve those measures. The first of the performance measures that became effective in 2016 was assessing the conditions of roadway safety (PM1). In May 2018, all TPO/MPO's were required to establish safety targets and approve or update on an annual basis.

Specifically, the TPO is required to update and adopt **Targets** for **five** required **Safety Performance Measures**. The TPO must submit our Safety targets to the Florida Department of Transportation (FDOT) Central Office. Please refer to the following table for a summary of the five required safety performance measures.

Safety Performance Measures	Description (per calendar year)
1. Fatalities	Total number of fatalities involving a motor vehicle crash
2. Fatalities (Rate)	Rate of fatalities per 100 Million Vehicle Miles Traveled (VMT)
3. Serious Injuries	Total number of serious injuries involving a motor vehicle crash
4. Serious Injuries (Rate)	Rate of serious injuries per 100 Million Vehicle Miles Traveled (VMT)
5. Non-Motorized Fatalities & Serious Injuries	Number of non-motorized fatalities and number non-motorized serious injuries involving a motor vehicle crash

Annually, the TPO may select one of two options regarding updating and submission of safety targets.

- 1. Adopt the state targets established by the Florida Department of Transportation (FDOT); **or**
 - 2. Develop separate quantifiable safety performance targets.

If the TPO adopts FDOT safety targets, the requirement is to annually adopt the same targets until changes are made by the state. Presently, the FDOT has annually adopted 0 for each of the five safety targets. There are no direct implications to the TPO for not reaching adopted targets.

In 2018, when this process became a federal requirement, the TPO Board adopted its own safety performance targets to better track progress and reflect more accountability to the public. The targets reflect specific crash data for Marion County. Over the past five years, the TPO Board has opted to follow the same approach of reviewing prior year target results and adopting revised targets tied to a specific methodology involving five-year rolling averages and projected vehicle miles traveled (VMT). The methodology is explained in more detail in this memo packet.

For reference, on February 22, 2022, the TPO Board adopted the following safety targets:

Safety Performance Measure	2022 Targets
#1 - Fatalities	98
#2 - Fatalities per 100 Million VMT	2.08
#3 - Serious Injuries	378
#4 - Serious Injuries per 100 Million VMT	8.02
#5 - Number of Non-Motorized (bicycle, pedestrian) Fatalities and Serious Injuries	57

Based on crash data collected by the TPO using Signal Four Analytics (University of Florida), the following summarizes the 2022 crash results in Marion County and a comparison with the adopted targets. As shown, 4 of the 5 targets were not met in 2022.

Safety Performance Measure	2022 Results	2022 Targets	Met Target?
#1 - Fatalities	109	98	No
#2 - Fatalities per 100 Million VMT	2.35	2.08	No
#3 - Serious Injuries	491	378	No
#4 - Serious Injuries per 100 Million VMT	10.59	8.02	No
#5 - Number of Non-Motorized (bicycle, pedestrian) Fatalities and Serious Injuries	56	57	Yes

Following the rolling-average methodology used by the TPO, an analysis of the five safety targets for 2023 was conducted using information provided by FDOT and the University of Florida Signal Four Analytics online public dashboard. Included with this memo is documentation of the specific methodology. Based upon this analysis, the proposed 2023 safety targets are as follows.

Proposed 2023 Safety Targets

Safety Performance Measure	Proposed 2023 Targets (not to exceed)	Adopted 2022 Targets	Change +/-
#1 - Fatalities	101	98	3
#2 - Fatalities per 100 Million VMT	2.14	2.08	0.06
#3 - Serious Injuries	417	378	39
#4 - Serious Injuries per 100 Million VMT	8.87	8.02	0.85
#5 - Number of Non-Motorized (bicycle, pedestrian) Fatalities and Serious Injuries	56	57	-1

Attachment(s)

- 2023 Safety Target Methodology
- Presentation
- FDOT PM1 Safety Fact Sheet

Recommendation

Option A. Recommend to the TPO Board adoption of specific and measurable safety targets for 2023 based on the five-year rolling average methodology.

Option B. Adopt 0 for all five 2023 safety targets.

TPO Staff Recommendation

FHWA's vision of performance-based planning is predicated on the approach that it is critical to annually analyze the crash numbers of our community. By tracking results each year measured against realistic adopted targets, the TPO can assess progress being made toward the ultimate goal of Commitment to Zero – Zero Fatalities and Zero Serious Injuries in Ocala/Marion County. Analyzing the crash statistics in comparison to targets also promotes a level of accountability for everyone in the community.

TPO staff recommends to the TPO Board the adoption of specific and measurable safety targets in 2023 based on the current five-year rolling average methodology.

As the committees review the crash statistics in 2023, we should always remember that each number is a human life with profound impacts felt throughout the entire community.

Action Requested

Submit a Committee recommendation to the TPO Board for the adoption of 2023 Safety Targets.

If you have any questions, please contact me at: 438-2631.

OCALA MARION TPO PERFORMANCE MANAGEMENT SAFETY TARGET (PM1) METHODOLOGY

The TPO developed federally required safety targets (PM1) for 2023 using the following methodology. This methodology has been used for setting targets in 2021 and 2022.

- (1.) **Collect the Safety Data** [Performance Measures #1, #3 and #5, as shown in *Table 1*]. The sources are the Federal Highway Administration (FHWA) safety data provided by the Florida Department of Transportation (FDOT) (historic) and University of Florida Signal Four public dashboard (2022 data).
- (2.) **Project the estimated Vehicle Miles Traveled (VMT) in Millions** [Used to calculate (1.) above and Performance Measures #2 and #4, as shown in *Table 1*]. VMT growth was tied to the average annual change from years 2016 to 2021. The TPO excluded analyzing the annual average percent change in 2020 due to the pandemic and unusual traffic counts. Future analysis of VMT growth will require adjustments when including any traffic count information in 2020. Table 2 shows the VMT trends based on information provided by the Florida Department of Transportation and from projections of VMT in 2022 and 2023 tied to historic growth (average annual growth rate) (Table 2).

Table 1: Safety Performance Measures

Safety Performance Measure	Description (per calendar year)
1. Fatalities	Total number of fatalities involving a motor vehicle crash
2. Fatalities (Rate)	Rate of fatalities per 100 Million Vehicle Miles Traveled (VMT)
3. Serious Injuries	Total number of serious injuries involving a motor vehicle crash
4. Serious Injuries (Rate)	Rate of serious injuries per 100 Million Vehicle Miles Traveled (VMT)
5. Non-Motorized Fatalities and Serious Injuries	Number of non-motorized fatalities and number non-motorized serious injuries involving a motor vehicle crash

Ocala Marion TPO January 27, 2023

Table 2: Vehicle Miles Traveled (VMT), Marion County

2023 Vehicle Miles Traveled (VMT) Chart 100 Million Vehicle Miles Traveled (MVMT) annually PROJECTIONS YEARS 2015 to 2021 Average 2015 2016 2017 2018 2019 *2020 2021 2022 2023 **Annual % Change** 42.5 44.7 45.9 47.0 44.9 45.7 1.4% 46.3 47.0 45.1

*Due to the pandemic, the TPO used projections for 2015 to 2021 to obtain the historical VMT growth rate and excluded 2020. VMT data for Marion County provided by Florida Department of Transportation (FDOT)

The MVMT equate to an overall Billion VMT

i.e. 45.9 Million Vehicle Miles Traveled (MVMT) = 4.59 Billion VMT

(3.) To determine the proposed Safety Targets in 2023, TPO staff calculated 5-year rolling averages based on the historic crash data provided by FDOT and current year (2022) available at the Signal Four website. Using rolling averages is standard practice and helps account for the possibility of drastic changes in the number of fatalities and serious injuries from year to year.

Specifically, the TPO utilized the three (3) most recent 5-year rolling averages. The 2023 Safety Targets were determined by using the same approach as the (2) VMT methodology, but instead applying the "Percent Change of Three, Three-Year Rolling Averages (2016-2022)" to the most recent 5-year rolling average (2018-2022). For example, the 2018 to 2022 Rolling Average of Fatalities was 96. Applying the percent change of the three, three-year rolling averages (4.7%), results in the Proposed 2023 Fatality Target as 101. This methodology was used for #1, #3, #5 targets, respectfully. Targets "#2 Fatalities per 100 Million VMT" and "#4 Serious Injuries per 100 Million VMT" were then determined by dividing the proposed 2023 Targets for "#1 Fatalities", "#3 Serious Injuries" by the projected 2023 VMT as determined by the referenced methodology for VMT (Table 3).

Table 3: Performance Measures and Targets, 2023

							20	022	#1	#2	#2	2023 Method	2023
Performance Measure	2016	2017	2018	2019	2020	2021	*Total Results	Targets (Set Feb. 2022)	2016-2020 Rolling Average	2017-2021 Rolling Average	2018-2022 Rolling Average	Percent Change of Three Rolling Averages	Proposed 2023 Targets
#1 - Fatalities	70	90	84	90	105	93	109	98	88	92	96	4.7%	101
#2 - Fatalities per 100 Million VMT	1.57	1.99	1.83	1.92	2.34	2.04	2.35	2.08					2.14

Ocala Marion TPO January 27, 2023

2023 Safety Targets

An Action Plan >>> for Safer Streets in Ocala Marion

Background

- Annual Federal Requirement
- Safety Performance Measures (PM1)
- Integration into TPO's LRTP and TIP

Background

 Tracking results against realistic adopted targets supports an annual review of progress being made toward the ultimate goal of Commitment to Zero - Zero Fatalities and Zero Serious Injuries in Ocala/Marion County.

Background

 Analyzing the crash statistics in comparison to adopted targets also promotes a level of accountability for everyone in our community.

As the CAC and TAC review the crash statistics in 2023, we should always remember that each number is a human life with profound impacts felt throughout the entire Ocala/Marion community.

Committee & Board Action

- TAC and CAC review and action, February 14
- Board review and action, February 28
- Submission of Safety Targets to FDOT March 1, 2023

Five Safety (PM 1) Performance Measures

Safety Performance Measures	Description			
1. Fatalities	Total number of fatalities			
2. Fatalities (Rate)	Rate of fatalities per 100 Million Vehicle Miles			
	Traveled (VMT)			
3. Serious Injuries	Total number of serious injuries			
4. Serious Injuries (Rate)	Rate of serious injuries per 100 Million Vehicle			
	Miles Traveled (VMT)			
5. Non-Motorized Fatalities &	Number of non-motorized fatalities and number			
Serious Injuries	non-motorized serious injuries			

2022 Targets & Results

Safety Performance Measure	2022 Targets	2022 Results	Met Target?
#1 - Fatalities	98	109	No
#2 - Fatalities per 100 Million VMT	2.08	2.35	No
#3 - Serious Injuries	378	491	No
#4 - Serious Injuries per 100 Million VMT	8.02	10.59	No
#5 - Number of Non-Motorized (bicycle, pedestrian) Fatalities and Serious Injuries	57	56	Yes

2021 Reference

Safety Performance Measure	2021 Targets	2021 Results	Met Target?
#1 - Fatalities	97	93	Yes
#2 - Fatalities per 100 Million VMT	1.96	2.04	No
#3 - Serious Injuries	432	261	Yes
#4 - Serious Injuries per 100 Million VMT	8.74	5.72	Yes
#5 - Number of Non-Motorized (bicycle, pedestrian) Fatalities and Serious Injuries	61	51	Yes

2016 to 2022 Non-Motorized Serious Injuries & Fatalities

202220 Fatalities(18%)

Non-Motorized Serious Injuries & Fatalities Five-Year Rolling Averages

Five Safety (PM1) Performance Measures

Safety Performance Measures	Description					
1. Fatalities Total number of fatalities						
2. Fatalities (Rate)	Rate of fatalities per 100 Million Vehicle Miles					
Traveled (VMT)						
3. Serious Injuries	Total number of serious injuries					
4. Serious Injuries (Rate)	Rate of serious injuries per 100 Million Vehicle					
	Miles Traveled (VMT)					
5. Non-Motorized Fatalities &	Number of non-motorized fatalities and number					
Serious Injuries	non-motorized serious injuries					

TPO's Target Setting Methodology

- 1. Calculate Average Percent Change of the three most recent five-year rolling averages
 - #1. Fatalities
 - #3. Serious Injuries
 - #5. Non-Motorized Fatalities and Serious Injuries

Target Setting Methodology

2. Project the Vehicle Miles Traveled (VMT) in 2022 and 2023 to calculate:

#2 Fatality rate per 100 Million VMT

#4 Serious Injury rate per 100 Million VMT

VMT Projections

2023 Vehicle Miles Traveled (VMT) Chart

100 Million Vehicle Miles Traveled (MVMT) annually

2015	2016	2017	2018	2019	*2020 2021		2015 to 2021 Average Annual % Change	
42.5	44.7	45.1	45.9	47.0	44.9	45.7	1.4%	

PROJECTIONS							
YEARS							
2022 2023							
46.3 47.0							

^{*}Due to the pandemic, the TPO used projections for 2015 to 2021 to obtain the historical VMT growth rate and excluded 2020. VMT data for Marion County provided by Florida Department of Transportation (FDOT)

The MVMT equate to an overall Billion VMT

i.e. 45.9 Million Vehicle Miles Traveled (MVMT) = 4.59 Billion VMT

2022 Recommendations

Option A

 Adopt 2023 Targets based on rolling-average methodology.

2022 Recommendations

Option B

 Adopt <u>0</u> for all five targets to reflect State Targets set by FDOT

Note: When an MPO/TPO adopts State Targets, no changes can be made unless FDOT changes the State Targets.

Florida Department of Transportation Office of Policy Planning

MAP-21 Performance Management

March 2021

OVERVIEW

The first of the performance measures rules issued by Federal Highway Administration (FHWA) became effective on April 14, 2016, establishing measures to assess the condition of road safety. This fact sheet summarizes the requirements of this rule, the targets that the Florida Department of Transportation (FDOT) selected to meet them, and the role of the Metropolitan Planning Organizations (MPO) under this rule.*

PERFORMANCE MEASURES - APPLICABLE TO ALL PUBLIC ROADS

The total number of persons suffering fatal **NUMBER OF FATALITIES** injuries in a motor vehicle crash during a calendar year. The total number of fatalities per 100 million RATE OF FATALITIES vehicle miles traveled (VMT) in a calendar year. The total number of persons suffering at least **NUMBER OF SERIOUS INJURIES** one serious injury in a motor vehicle crash during a calendar year. The total number of serious injuries per 100 RATE OF SERIOUS INJURIES million VMT in a calendar year. NUMBER OF NON-MOTORIZED The combined total number of non-motorized FATALITIES AND NON-MOTORIZED fatalities and non-motorized serious injuries involving a motor vehicle during a calendar year. **SERIOUS INJURIES**

COORDINATION WITH OTHER PLANS

Updates to FDOT's Florida Transportation Plan (FTP) and MPO's Long-Range Transportation Plans (LRTP) must include most recently reported safety performance data and targets.

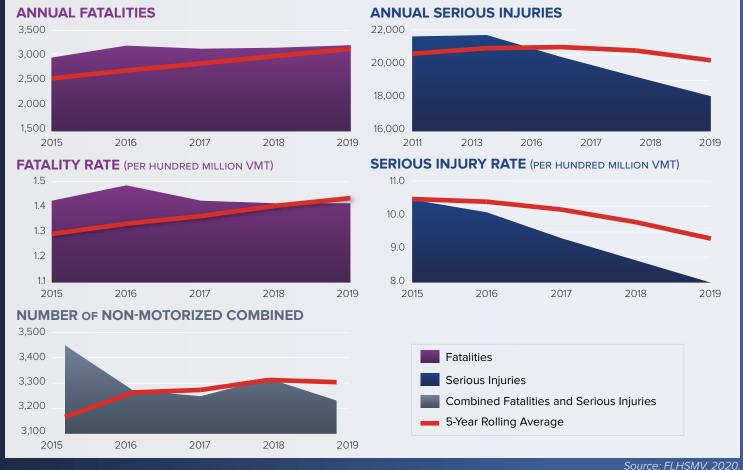

Updates to the Statewide Transportation Improvement Program (STIP) and Transportation Improvement Programs (TIP) must include a description of how the STIP/TIP contributes to achieving safety performance targets in the FTP/LRTP.

TIMELINE

^{*} Please refer to the fact sheet addressing MPO Requirements for information about MPO targets and planning processes.

EXISTING STATEWIDE CONDITIONS

STATEWIDE TARGETS

- » FDOT annually establishes statewide safety targets for the following calendar year as part of the HSIP Annual Report, which must be submitted by August 31 each year.
- » Targets are applicable to all public roads regardless of functional classification or ownership.

Given FDOT's firm belief that every life counts, the target set for all safety performance measures is ZERO.

MPO TARGETS

MPOs have the option of supporting the statewide targets or establishing their own targets for the MPO planning area. MPOs must set their targets within 180 days after FDOT sets the statewide targets. MPOs must annually update their targets by February 27 of each year.

ASSESSMENT OF SIGNIFICANT PROGRESS

FHWA considers a state to have met or made significant progress when at least four out of the five safety performance targets are met or the actual outcome for the safety performance target is better than baseline performance.

Based on FHWA's review, Florida is making progress towards achieving the targets established for serious injuries but not yet for fatalities or non-motorized users. As requested by FHWA, FDOT has developed an HSIP Implementation Plan to highlight additional strategies it will undertake in support of these targets.

FHWA will not assess MPO target achievement. However, FHWA and Federal Transit Administration (FTA) will review MPO adherence to performance management requirements as part of periodic transportation planning process reviews, including the Transportation Management Area (TMA) MPO certification reviews, reviews of adopted and amended LRTPs, and approval of MPO TIPs.

RE: Amendment of the 2022 List of Priority Projects (LOPP),

Strategic Intermodal System (SIS) List

Summary

Per the request of the TPO Board Chair, Commissioner Craig Curry, the 2022 List of Priority Projects (LOPP) Strategic Intermodal System (SIS) project list is proposed to be amended. The amendment is proposed to ensure the six I-75 interchanges in Marion County are listed on the current 2022 LOPP SIS list including general project improvement descriptions. The six interchanges are part of the ongoing I-75 Master Plan Study being conducted by the Florida Department of Transportation (FDOT). All proposed changes are reflected in tracked changes mode and red font for ease of review.

Upon approval, the amended 2022 LOPP will support the development of the 2023 LOPP process and lists, which is now underway.

RE: 2020 U.S. Census Update, Urban Area Maps

Summary

As a follow up to the presentation on the 2020 Census Urban Area populations in Marion County in January, please find attached a set of maps. The urban area map files were made available by the U.S. Department of Transportation (U.S. DOT) on January 19, 2023.

A presentation of the maps was delivered to the TPO Board at the regularly scheduled January 24, 2023 meeting. Based strictly on the results of the Census, the TPO will not be designated as a TMA in 2023 by the U.S. DOT Secretary. The Ocala Urban Area population (182,657) falls short of the necessary threshold of over 200,000 persons.

In addition to a presentation on the maps, the TPO Board engaged in a general discussion about current and future Transportation Management Area (TMA) designation opportunities. Federal law (49 U.S.C. 5303(k)) permits an MPO/TPO and Governor to request TMA designation to the U.S. DOT Secretary. Therefore, the TPO Board asked for additional background information to be presented at the February 28, 2023 meeting regarding the roles, responsibilities and opportunities associated with TMA status. Action may be considered to pursue this opportunity at the meeting.

The TPO is also awaiting further insights from the Florida Department of Transportation (FDOT) Central Office and the Federal Highway Administration (FHWA), Florida Division that may help support further insights into the implications of the Census Urban areas, federal funding and TMA status.

Additionally, over the next two years a number of Census activities will involve the TPO and FDOT, including Urban Area Boundaries and Functional Classification. Attached is also a summary page provided by the FDOT Central Office at a recent Metropolitan Planning Organization Advisory Council (MPOAC) meeting on January 31, 2023.

Attachment(s)

Ocala/Marion County Project Status Update as of January 31, 2023

The following is a brief status update on major FDOT road construction projects in Marion County as of the January cutoff. The next cutoff date is February 28, 2023. Information is also available on www.cflroads.com. For questions, please contact Marquise McMiller at 386-943-5150 or via email at marquise.mcmiller@dot.state.fl.us.

MARION COUNTY

Upcoming Projects:

U.S. 441 and S.R. 40 Intersection Improvements (FDOT Financial Information Numbers 433661-1)

- Contract: T5747
- Contractor: CW Roberts Contracting Inc.
- Estimated Start: Early 2023
- Estimated Completion: Late 2023
- Description: The project includes milling and resurfacing, median modifications, turn lane modifications, curb & gutter, drainage improvements, sidewalk, ADA improvements, traffic signal upgrades, signing and pavement markings, and utility relocations.

S.R.40 and S.R. 492 Intersection Improvements (FDOT Financial Information Number 445800-1)

- Contract: T5747
- Contractor CW Roberts Contracting Inc.
- Estimated Start: Early 2023
- Estimated Completion: Late 2023
- Construction Cost: \$6.7 million
- Description: This project includes replacing the existing two free flow right turn lanes with a single right turn lane, milling and resurfacing, upgrade the existing signals, adding a new 7-ft buffered bicycle lane, crosswalks, utility relocations, and lighting.

S.R. 40/Silver Spring Blvd. from N.W. 27TH Ave. TO S.W. 7th Ave. Sidewalk Improvements (FDOT Financial Information Number 437596-2)

Contract: T5765

Contractor: Mejia International GroupConstruction Cost: \$780 thousand

• Estimated Start: Early 2023

• Estimated Completion: Fall 2024

• Description: The intent of this project is to remove the existing 4.5-foot concrete path on the north side of the road and replace it with an 8- foot concrete sidewalk. The new 8-foot sidewalk will meet FDOT and ADA requirements.

S.E. Abshier Blvd from S.E. Haines Rd (FDOT Financial Information Number 445701-1)

Contract: T5768

Contractor: CW Roberts

Construction Cost: \$1.8 millionEstimated Start: Early 2023

• Estimated Completion: Fall 2023

 Description: This project will construct improvements at the intersection of SE Abshier Boulevard (U.S. 27/U.S. 301/U.S. 441) and SE Hames Road to enhance safety and operations for drivers, pedestrians, and bicyclists. The project proposes to create left turn lanes in each direction on SE Abshier Boulevard west of Hames Road with a raised concrete traffic separator in the middle.

Current Projects:

C.R. 484 and I-75 Interchange Roadway Improvements (FDOT Financial Information Numbers 443170-1 & 433651-1)

Contract: T5597

• Contractor: Anderson Columbia Co., Inc.

Estimated Start: Early 2023

Estimated Completion: Summer 2024

 The Florida Department of Transportation (FDOT) will be improving safety and traffic flow on County Road (C.R.) 484 from west of S.W. 20th Avenue to east of County Road (C.R.) 475A and will also be resurfacing I-75 from the Sumter County line to State Road (S.R.) 200 in Marion County.

Mill and resurface U.S. 441 from County Road 25A in Ocala north 8.8 miles to the U.S. 441/301 split. (FDOT Financial Information Number 441136-1)

• Contract: T5705

Contractor: Anderson Columbia Inc.

• Construction cost: \$15.4 million

Start: Fall 2021

Estimated Completion: Spring 2023

• Update: Controlling items of work for this project include widening, signalization, and pavement friction operations. Contractor has completed mainline resurfacing from SR-326 to the North end (US-301/US-441). Contractors are working on median turn lanes, drainage improvements, and curb & gutter operations.

• Structural asphalt work has been completed. Subsoil excavation areas are almost complete. Friction is on hold due to low temperature.

Resurface U.S. 441 from State Road 35 (SE Baseline Road) to State Road 200 (FDOT Financial Information Number 439238-1)

• Contract: T5675

• Contractor: C.W. Roberts Contracting, Inc.

• Construction cost: \$15.7 million

Start: Late 2021

• Estimated Completion: Spring 2023

• Update: Contractor has been working on paving, signalization, and signage operations. JKI will continue to perform lighting and signal operations and motorists should expect nighttime lane closures within the project limits.

Bridge Rehabilitation SR 200 and SR 40 (FDOT Financial Information Number 447137-1)

Contract: E58A8

Contractor: M&J Construction Company

• Start: Summer 2022

• Estimated Completion: Early 2023

 Update: This is a maintenance project that includes bridge epoxy overlay and joint rehabilitation for SR 200, Bridges 360059 & 360044 and SR 40, Bridge 360055. There are currently eastbound and westbound intermittent lane closures on SR 40 Bridge over the Ocklawaha River for bridge deck repairs with flagger operations.

S.R 93 (I-75) Mainline Wildwood Weigh Station Improvements (FDOT Financial Information Number 445321-1)

• Contract: T9028

Contractor: Traffic Management Solutions

Construction Cost: \$4.5 million

• Start: Fall 2022

• Estimated Completion: Fall 2023

• Contractors are installing pull boxes and conduit

RE: Moving Florida Forward, Legislative Proposal

Summary

On January 30, 2023, Governor Ron DeSantis announced the Moving Florida Forward legislative proposal. As reported in the Press Release by the Florida Department of Transportation (FDOT), a total of \$4 Billion of general revenue, combined with annual funding from the Work Program will leverage a total of \$7 Billion over the next four years.

Moving Forward includes improvements to I-75 from SR 44 in Sumter County to SR 326 in Marion County – I-75 Auxiliary lanes (\$479 million). Construction is listed for Fiscal Year 2025.

The Proposal will be considered during the upcoming 2023 State Legislative process.

RE: 2045 Long Range Transportation Plan (LRTP) Update

Summary

Per the request of the TPO Board Chair, Commissioner Craig Curry, the 2045 Long Range Transportation Plan (LRTP) Cost Feasible Element was updated to include a clarifying footnote to ensure the six I-75 interchanges in Marion County are identified. The six interchanges are part of the ongoing I-75 PD&E/Master Plan Study being conducted by the Florida Department of Transportation (FDOT) and listed in the Cost Feasible Element.

Based on the status of the PD&E/Master Plan, development of the Strategic Intermodal System (SIS) Plans and Moving Florida Forward, this is the only change necessary at this time. As these plans and proposals progress in 2023, an amendment to the LRTP will be necessary in the near future. Attached to this memo is the footnote highlighted for ease of reference. The FDOT District 5 and Federal Highway Administration (FHWA) Florida Division were consulted on this update.

RE: 2022 TPO Annual Report

Summary

The 2022 TPO Annual Report has been published. The Annual Report highlights TPO program accomplishments in Ocala/Marion County over the past year. The report was developed with a new template, which the TPO plans to use for future versions.

The 2022 Annual Report is included with the meeting memo and may also be found on the TPO's website.

https://ocalamariontpo.org/about-us/annual-report

Attachment(s)

• 2022 TPO Annual Report

If you have any questions, please contact me at: 438-2631.

ARRUAL REPORT

Message from the Chair

As a leader and elected official of Ocala, it was my honor in 2022 to serve as Chair of the Ocala/Marion County Transportation Planning Organization (TPO). The Ocala/Marion community is blessed with many amazing people and our lifestyle is one of the best in the entire country. I know with all these gifts also come many challenges that remind us of the hard work that lies ahead. The TPO serves as the lead agency to bring the community together to meet these challenges and plan for our transportation future.

In 2022, the TPO worked with our federal, state and local partners to complete several transportation initiatives on behalf of the Ocala/Marion community. These accomplishments deal with some of the most important issues such as safety, mobility, the transportation disadvantaged, funding and resilience. The TPO also further connected with the community through our public participation process, social media platform and by attending events.

As I think about the future of our community, it's going to take all of us as elected leaders, citizens and partners to work together. We must continue to build on our partnerships through the TPO to accomplish our vision – "A transportation system that supports growth, mobility and safety through leadership and planning." When we come together and collaborate, I believe we will be highly successful for years to come.

Sincerely,

Ire Bethea, Sr.
President, Ocala City Council
2022 TPO Board Chair

Boards and Committees

Our Governing Board

The TPO Board is the governing body responsible for the overall guidance of the transportation planning process in Marion County. This includes providing leadership and oversight for the development of transportation policies, plans, programs and strategies. The Board is comprised of 12 voting members including the City of Ocala Mayor and four members of the City Council; all five Marion County Commissioners; and one representative each from the Belleview City Commission and the Dunnellon City Council. The Florida Department of Transportation District V Secretary serves as a nonvoting member.

Our 2022 Board members included Chair and City of Ocala Council President Ire Bethea, Sr.; **Vice-Chair and Marion County Board of County Commissioners** Craig Curry.

Ire Bethea, Sr., Chair City of Ocala

Craig Curry, Vice-Chair **Marion County**

Kathy Bryant Marion County

Kristen Drever City of Ocala

Kent Guinn City of Ocala

James Hilty City of Ocala

Ronald Livsey City of Belleview

Jeff Gold

Marion County

Barry Mansfield City of Ocala

Michelle Stone Marion County

Bill White City of Dunnellon

Carl Zalak, III **Marion County**

Our Transportation Disadvantaged **Local Coordinating Board**

The Transportation Disadvantaged Local Coordinating Board (TDLCB) coordinates transportation needs of the disadvantaged in Marion County, including individuals with physical and economic challenges and senior citizens facing mobility issues. Members in 2022 included:

- Commissioner Michelle Stone, Chair
- Andrea Melvin, Vice-Chair

Jeff Aboumrad Keith Fair Glorybee Perez

Ronald Graham Anissa Pieriboni Tracey Alesiani

Iris Pozo Jeffrey Askew Susan Hanley

Carlos Colon Carissa Hutchinson **Tracey Sapp**

Lauren Debick Steven Neal

Regional and State Leadership

The TPO participates in regional and statewide transportation planning and policy organizations. Representatives from Ocala/Marion County in 2022 included:

Central Florida MPO Alliance

Marion County Marion County Commissioner Commissioner Michelle Stone, Chair **Craig Curry**

City of Ocala Council President Ire Bethea, Sr.

Director **Rob Balmes** Staff

Metropolitan Planning Organization **Advisory Council (MPOAC)**

Marion County Commissioner

Craig Curry, *Member*

City of Ocala Councilmember Kristen Dreyer, Alternate Staff Director, Freight and Rail Advisory Committees

Rob Balmes, *Director*

Our Committees

Citizens Advisory Committee

The Citizens Advisory Committee (CAC) is comprised of citizens that reside in Marion County and the three municipalities. CAC members advise the TPO Board on transportation programs and projects as part of the TPO planning process. All recommendations by the CAC are presented to the TPO Board. Members of the CAC in 2022 included:

Richard McGinley, *Chair* Matt Fabian

Michelle Shearer, Vice-Chair Richard Howard

Chris Arroyo Travis Magamoll

Brandon Cave, Sr. Suzanne Mangram

Davis Dinkins Steve Rudnianyn

Technical Advisory Committee

The Technical Advisory Committee (TAC) is comprised of professional staff members from local and state agencies. The TAC advises the TPO Board on transportation programs and projects from a technical and subject matter expert perspective. Recommendations by the TAC are also presented to the TPO Board. Members of the TAC in 2022 included:

Mickey Thomason, *Chair* Florida Park Service

Elton Holland, Vice-Chair

Marion County

Noel Cooper City of Ocala

David Herlihy

TPO Adopts Commitment to Zero

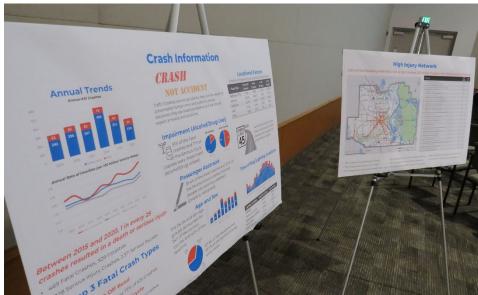

Commitment to Zero

On November 29, 2022, the TPO Board adopted Commitment to Zero: An Action Plan for Safer Streets in Ocala Marion. This milestone marked a year-long process of partner agency and community engagement to develop the TPO's first Vision Zero safety plan. The goal of Commitment to Zero is the elimination of fatalities and serious injuries on the roadways throughout Marion County.

The kick-off of Commitment to Zero was held on January 12 and led by Marion County Commissioner and Immediate Past TPO Chair, Michelle Stone. The event brought together citizens and partner agencies from elected officials, law enforcement, fire rescue, local governments, the Florida Department of Transportation, the School Board and members of the Community Traffic Safety Team (CTST). Local and regional media coverage captured the focus of the meeting, which was to shine the spotlight on traffic safety in our community.

Community Workshop

A series of outreach efforts were conducted throughout the development of Commitment to Zero. This process was highlighted by a Community Workshop on April 14 held at the College of Central Florida. The TPO formed a Working Group of local and state safety experts through the CTST. The Working Group met three times to review safety statistics, discuss opportunities and challenges, and identify strategies for the reduction of fatalities and serious injuries. Key stakeholder events included workshops with partner agencies and the **Transportation** Disadvantaged Local Coordinating Board (TDLCB) on May 12 and June 16.

Survey

The TPO also engaged with the public through an online survey and interactive comment map. Both tools helped generate important feedback regarding key safety issues and specific locations with safety concerns. This information helped guide the TPO in the development of the Action Plan strategies in addition to support future safety planning.

Commitment to Zero Safety Action Plan

The project culminated with a release of the Commitment to Zero Safety Action Plan on September 20. The Action Plan provides an indepth assessment of the safety challenges and opportunities in Marion County, with an emphasis on recent crash trends. A major focal point of the Plan is a set of specific strategies based on the Federal Highway Administration (FHWA) Safe System Approach:

Safe Roads

Post-Crash Care

November 2022

Moving forward, five major Emphasis Areas were outlined in the Action Plan for citizens and partner agencies to work together on over the next five years to make a significant impact on improving safety in our community.

- Developing a Culture of Safety
- **Run-Off Road Crashes**
- Speed Management
- **Intersection Operations**
- Non-Motorized Users

The Commitment to Zero Safety Action Plan can be accessed at: https://ocalamariontpo.org/safety-plan

Transportation Improvement Program

Fiscal Years 2023 to 2027

The Transportation Improvement Program (TIP) is the TPO's annually adopted short-term funding plan for transportation projects that receive federal and state and local match funding in Marion County. The TIP consists of projects programmed for funding over five years. This TIP cycle included fiscal years (FY) 2023 to 2027.

When adopted on June 28, the FY 2023 to 2027 TIP included a total investment of \$287.9 million (53% state; 38% federal; 9% local).

TIP 5-Year Investment Breakdown

I-75 Projects \$90,682,909

Bicycle/Pedestrian Projects \$9,960,897

U.S. Route Projects \$31,783,730

Aviation Projects \$17,875,000

State and Local Projects \$67,529,131

Transit, Funding and Grants \$34,915,831

Transportation Disadvantaged Focus Safety First

A major focus for the TPO in 2022 was to include safety to the Transportation Disadvantaged (TD) community. The Transportation Disadvantaged Local Coordinating Board (TDLCB) held a workshop on June 16 dedicated entirely to brainstorming, strategizing, collaborating and partnering for better, safer streets and roads in our county with an emphasis on our TD community. On behalf of our TD community the TPO will remain vigilant and assist in improving the streets and roads wherever possible.

Transportation Disadvantaged Service Plan (TDSP) – Annual Update

Annually the TDLCB ensures that the availability of efficient, cost-effective and quality transportation services is provided for the transportation disadvantaged population. The TD program concept is to offer a level of service comparable to that provided to persons without disabilities. To incorporate the use of a specialized service that will provide door-to-door transportation assistance for disabled or economically disadvantaged persons is key. The TPO and the TDLCB's involvement help guide and support the CTC in implementing service standards that are consistent with the needs of the TD community. The TPO updated the TDSP in 2022 to incorporate the new census data and statistics along with addressing basic mobility needs to maintain and surpass the required standards in accordance with the community's needs.

Community Transportation Coordinator (CTC) – Annual Evaluation

The CTC is responsible for coordinating and providing services to individuals who are transportation disadvantaged within the county. In 2022, the TPO conducted an annual review of the CTC (Marion Transit) in all areas of operation. This was accomplished through interviews, audits, quality checks, rider surveys, and ride-along on the buses for observation.

As a means to improving service, Marion Transit (MT) placed a sealed drop box for comments on every bus. This will allow for input from the riders on an ongoing basis. MT regularly makes the necessary changes to maintain happy riders. Additionally, MT continually trains their drivers and staff to uphold quality standards.

Social Media Highlights

National Stop on Red Week

August 7 through August 13

National Stop on Red Week serves as an important reminder of the dangers in transportation and the responsibility we hold as drivers to #StopOnRed. The goal during National Stop on Red Week was to educate the public on the dangers of red-light running by reviewing historic red-light running data trends and working with passionate advocates such as President of the National Coalition for Safer Roads (NCSR), Melissa Wandall. On August 11, 2022 the Ocala Marion TPO along with the NCSR and the Florida Department of Transportation (FDOT) held a "Stop on Red Pop-Up Event". The event was held at the intersection of Silver Springs Boulevard (State Road 40) and Pine Avenue (U.S. 441) to raise awareness about the dangers of red-lighting running to reduce the number of severities in crashes. Numerous First Responders, Local and State Government staff and elected officials, including TPO Chair Ire Bethea, Sr. attended the Stop on Red event.

Mobility Week

October 21 through October 28

Mobility Week is a statewide initiative led by the FDOT that began on October the 21st and ended on October 28th, 2022. Mobility Week is a way of bringing communities together to highlight different modes of transportation and ways of getting around. On the Ocala Marion TPO Facebook and Twitter pages we highlighted TPO Director, Rob Balmes as he participated in Mobility Week by Biking and Riding into work using our local transit, SunTran. We also highlighted City of Ocala Senior Transit Planner, Ji Li as he participated by Parking his vehicle and riding into work also utilizing the SunTran.

Social Media Strategies Summit

May and December

Our Social Media Coordinator, Shakayla Irby was able to attend two Social Media Strategies Summits. Both Summits were held virtually and included keynote speakers from a mix of industries who shared social media strategies used to grow brands and community engagement. A wide range of topics were covered and some of them included:

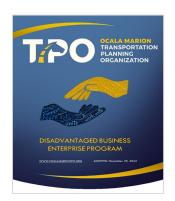

- Keys to Conquering Your Twitter Presence
- Growing and Engaging Facebook Community
- Leveraging Social Media Metrics & Data to Track Social Media Success
- How to Operate Social Media at Maximum Output with a Small Team
- A Collaborative Approach to Managing Social Media
- How to Stay Consistently Creative with Your Content
- Inspiring Action from the Community Using Social Media
- Getting Important News and Services in Front of Your Residents

New Planning Documents

As part of its ongoing service to the community and partner agencies, the TPO developed four new planning documents in 2022.

Disadvantaged Business Enterprise (DBE) Program

This federally required program was established to ensure that firms owned by minorities, women and other socially and economically disadvantaged person(s) have an equal opportunity to compete and participate in United States Department of Transportation (U.S. DOT)-assisted contracts and subcontracts through the TPO. In 2022, the TPO Board adopted a DBE program to document how the TPO's procurement and contracting process is in accordance with the federal and state regulations of the U.S. DOT and Florida Department of Transportation.

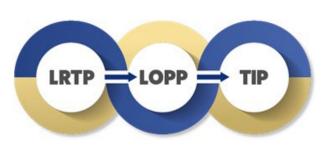

https://ocalamariontpo.org/disadvantaged-business-enterprise-program-dbe/

Continuity of Operations Plan (COOP)

A Continuity of Operations Plan (COOP) is formal guidance outlining necessary actions to ensure essential organizational functions continue despite an extended interruption caused by a declared emergency or disaster event. In 2022, the TPO Board adopted a COOP as part of ongoing process documentation and proactive planning procedures.

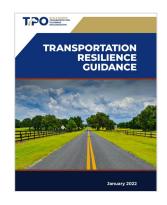

https://ocalamariontpo.org/continuityof-operations-plan-coop/

List of Priority Projects (LOPP) Policies and Procedures

Annually, the TPO adopts a List of Priority Projects (LOPP) to identify projects for future federal and state funding opportunities. In 2022, the TPO published a Policies and Procedures guidance document to ensure a more predictable and consistent process is followed year-to-year.

https://ocalamariontpo.org/priority-project-list/

Transportation Resilience Guidance

Resiliency is the ability to anticipate, prepare for, and adapt to changing conditions and withstand, respond to, and recover rapidly from disruptions to the transportation system. The TPO published in 2022 a technical white paper that outlines a concise overview of resilience, federal policy, state initiatives, funding opportunities and a cursory level vulnerability assessment of the transportation system in Marion County. A companion online interactive map of potential hazards is also available on the TPO's website.

https://ocalamariontpo.org/transportation-resilience

Public Outreach and Events

Throughout the year, the TPO was engaged in public outreach involving key areas of responsibility ranging from the Long-Range Transportation Plan (LRTP) to the Transportation Improvement Program (TIP) to major planning projects like Commitment to Zero.

The TPO also participated in a number of national, state and local events. Some of these major events included:

- 2022 Annual Marion County Day
- City of Belleview Youth Commission
- **Transportation Disadvantaged Annual** Workshop, Orlando
- FDOT/National Coalition for Safer Roads Stop on Red Event, Ocala
- Marion County Public Schools Walk Your Child to School Day
- Florida Mobility Week 2022
- Association of Metropolitan Planning Organizations (AMPO) National Conference, Minneapolis, MN
- Social Media Training Workshops
- Bring the Harvest Home, Marion County

From January to July, the TPO hosted a Commitment to Zero Public Survey and online Comment Map. A Commitment to Zero project page on the TPO website was also created to serve as a public platform for transportation safety in our community.

RE: 2023 Commitment to Zero Activities

Summary

The Board adoption of Commitment to Zero was a major milestone. Long-term success will require ongoing work to keep building momentum in the community. Some of the next steps and activities specific to the TPO in 2023 will involve the following:

- Commitment to Zero fact sheets
- Coordination with local partners for safety projects in the 2023 List of Priority Projects (LOPP)
- Commitment to Zero online public crash dashboard
- Social Media for community safety events, public awareness of safety
- Continued partnering for community safety events
- Exploration of public information and public relations opportunities
- Annual Commitment to Zero Workshop (Fall 2023, date to be determined)

Attached with this memo are samples of Commitment to Zero fact sheets. The TPO has developed an initial listing of fact sheets to release in 2023. We are looking for feedback on topics and opportunities to develop additional fact sheets for relevant topics in the community.

Attachment(s)

- Commitment to Zero Fact Sheets (4) samples
- Preliminary Fact Sheet Topic List

If you have any questions, please contact me at 438-2631.

2023 Commitment to Zero Fact Sheets – Draft Topics

Each Fact Sheet will be focused on one topic, one message with concise text, graphics, photos.

- Commitment to Zero Pledge
- Connections Safety is a Communitywide Issue Everyone is Accountable
- Crashes are Not Accidents (current crash statistics, major types, causes)
- Vulnerable Road Users (bike/ped, seniors, motorcycles, wheelchairs)
- Rules of the Road (laws, general tips)
- School Safety 101 (coordinate with School District)
- Our First Responders (safety roles and service to our community)
- National (Safe System) and state (Target Zero) initiatives
- Speed and factors in safety
- Safety Design 101 (best practices)
- ...Others to be determined

Commitment to Zero Pledge

Dedication

Commitment to Zero is dedicated to the people and families of those who lost their lives while traveling the roadways of Ocala/Marion County. Their loss reminds us that every life is precious and inspires us to all continue our commitment toward zero traffic-related deaths and serious injuries.

Call to Action

The road ahead is not easy, but in the hands of those who care, we believe that we will see this commitment through. The Ocala Marion TPO has made a Commitment to Zero, will you do the same?

The Pledge

I recognize that crashes are preventable, and my choices matter to my life and the lives of others.

I pledge to make safety a priority, to focus on driving, to slow down, be aware of my surroundings, walk, ride, or roll in a safe and predictable manner, and to set an example for those around me.

I pledge to make safety a priority, to focus on driving, to slow down, be aware of my surroundings, walk, ride, or roll in a safe and predictable manner, and to set an example for those around me.

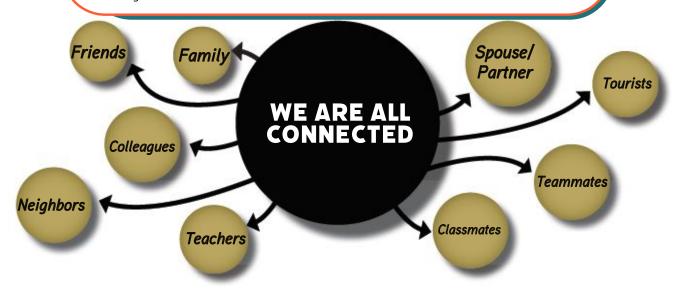

TRANSPORTATION SAFETY IMPACTS

EVERYONE

On average, more than one person (1.4) is killed or seriously injured every day due to traffic crashes in Marion County*.

"Every person lost or injured in a traffic crash is a family member, teacher, neighbor, colleague, someone we worship with, or say a friendly hello to at the grocery store. We are all connected and greatly impacted by these tragedies." TPO Board Member, Ocala Councilmember, Ire Bethea, Sr

"To reach our ultimate vision of zero, it's going to take a commitment from everyone in Marion County. This includes having shared responsibility and being respectful toward all users of our transportation system, including the transportation disadvantaged." TPO Board Member, Commissioner, Michelle Stone

The Ocala Marion TPO has adopted the Commitment to Zero Action Plan to eliminate serious traffic injuries and fatalities on the transportation system of Marion County. To learn more visit the TPO website: https://ocalamariontpo.org/safety-plan

CRASHES AKE NOT ACCIDENTS

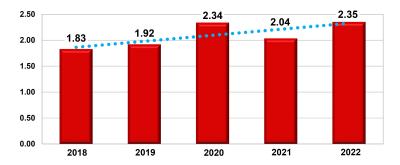

Traffic crashes are the result of preventable human error and systemic design. They are fixable problems. Each traffic-related death and serious injury are more than a number with profound impacts felt throughout the entire community.

In 2022, the Ocala/Marion Community experienced:

109 Fatalities 491 Serious Injuries 10,098 Total Crashes

Fatality Crash Rate by Year

Marion County's *fatality rate is much higher than state and national rates (40 to 70%).

Traffic fatalities in Marion County are growing by an average of 4.7% a year.

*fatalities per 100 million vehicle miles traveled

Top Three Fatal Crash Types

Run-Off-Road

Pedestrian and Bicycle Crashes

Angle/Left
Turn Crashes

Major Factors in Fatal and Serious Injury Crashes in Marion County

Not Wearing a Seatbelt

Impairment

Distracted Driving

Speeding

Lighting Conditions

Arterial Roadways
