

TPO Board Meeting

Marion County Commission Auditorium 601 SE 25th Avenue, Ocala, FL 34471

January 24, 2023 4:00 PM

AGENDA

- 1. CALL TO ORDER AND PLEDGE OF ALLEGIANCE
- 2. ROLL CALL
- 3. PROOF OF PUBLICATION

4. CONSENT AGENDA

A. <u>TPO Public Hearing and Meeting Minutes- November 29, 2022</u> *Recommended Action: Motion to approve*

5. ACTION ITEMS

- A. <u>Title VI/Non-Discrimination Plan Update</u> *Recommended Action:* Staff is requesting approval of the Title VI Plan update.
- B. Transportation Disadvantaged Service Area Study Scope of Services Recommended Action: Staff is requesting approval of a Task Order Scope of Services.
- C. Fiscal Years 2022/23 to 2023/24 Unified Planning Work Program (UPWP) Amendment Recommended Action: Staff is requesting approval of a UPWP amendment.
- **D.** Fiscal Years 2023 to 2027 Transportation Improvement Program (TIP) Amendment #3 Recommended Action: Staff is requesting approval of a TIP amendment.

6. **PRESENTATIONS**

A. Florida Department of Transportation (FDOT) Fiscal Years (FY) 2024 to 2028 Tentative Work Program

A presentation by Kathy Alexander-Corbin of the FDOT District Five on the Tentative Work Program for Marion County. Information only.

B. <u>TPO Financial Report</u>

A presentation by TPO staff on the current budget status. Information only.

C. 2020 U.S. Census Update

A presentation by TPO staff on the Census Urban Areas in Marion County. Information only.

D. 2023 Major Activities

A presentation by TPO staff on major activities for calendar year 2023. Information only.

7. COMMENTS BY FDOT

A. FDOT Construction Report

8. TPO BOARD WORKSHOP

A. <u>March 28 Board Workshop</u> A discussion led by TPO Chair Craig Curry. Information only.

9. COMMENTS BY TPO STAFF

10. COMMENTS BY TPO MEMBERS

11. PUBLIC COMMENT (Limited to 2 minutes)

12. ADJOURNMENT

All meetings are open to the public, the TPO does not discriminate on the basis of race, color, national origin, sex, age, religion, disability and family status. Anyone requiring special assistance under the Americans with Disabilities Act (ADA), or requiring language assistance (free of charge) should contact Liz Mitchell, Title VI/Nondiscrimination Coordinator at (352) 438-2634 or liz.mitchell@marioncountyfl.org forty-eight (48) hours in advance, so proper accommodations can be made.

Pursuant to Chapter 286.0105, Florida Statutes, please be advised that if any person wishes to appeal any decision made by the Board with respect to any matter considered at the above meeting, they will need a record of the proceedings, and that, for such purpose, they may need to ensure that a verbatim record of the proceedings is made, which record includes the testimony and evidence upon which the appeal is to be based.

The next regular meeting of the Ocala Marion Transportation Planning Organization will be held on February 28, 2023. TPO Public Hearing Minutes – November 29, 2022 Approved –

TPO Board Public Hearing

Marion County Commission Auditorium 601 SE 25th Avenue, Ocala, FL 34471 November 29, 2022 4:00 PM

MINUTES

Members Present:

Councilmember Ire Bethea Commissioner Kathy Bryant (arrived at 4:07pm) Councilmember Kristen Dryer Commissioner Jeff Gold Mayor Kent Guinn Councilmember James Hilty Mayor Bill White

Members Not Present:

Commissioner Craig Curry Commissioner Ronald Livsey Councilmember Barry Mansfield Commissioner Michelle Stone Commissioner Carl Zalak

Others Present:

Rob Balmes, TPO Shakayla Irby, TPO Liz Mitchell, TPO Rakinya Hinson, FDOT Mike McCammon, FDOT Chris Keller, Benesch Ji Li, City of Ocala Oscar Tovar, City of Ocala Darren Park, City of Ocala Other members of the public not signed in.

Item 1. Call to Order and Pledge of Allegiance

Chairman Ire Bethea called the hearing to order at 4:02pm and led the board in the Pledge of Allegiance.

Item 2. Roll Call

Shakayla Irby, Administrative Assistant called the roll and a quorum was not present. <u>Mr. Hilty made a motion to move forward with at least five voting members present to constitute</u> <u>a quorum</u>. Ms. Dreyer seconded, and the motion passed unanimously.

A quorum was met at 4:07pm with the attendance of Commissioner Kathy Bryant.

Item 3. Proof of Publication

Shakayla Irby, Administrative Assistant stated the public hearing was published online at the TPO website and the City of Ocala, Belleview, Dunnellon, and Marion County meeting calendars on October 28, 2022 and republished on November 22, 2022. The hearing was also published to the October 28, 2022 edition of the Star Banner. The hearing was also published to the TPO's Facebook and Twitter pages.

Item 4a. 2045 Long Range Transportation Plan (LRTP) Amendment

Mr. Balmes presented to the board. He reminded the board that the hearing for the 2045 LRTP Amendment had been rescheduled from September 27 due to the storm event.

The amendment was being proposed based on local/state requests, state appropriations, project updates, and to ensure appropriate consistency between the Fiscal Years (FY) 2023 to 2027 Transportation Improvement Program (TIP) and 2045 LRTP.

The LRTP was conducted every five (5) years and the next update from 2024 to 2025 (scoping process in 2023). The adoption of the next LRTP would be November 2025.

Mr. Balmes gave an overview of the LRTP Amendment and presented a slideshow presentation to the board.

Presentation attached to pages 4-31 of this document for reference to projects and project information.

Mayor White inquired about the amount of changes to SR 40 and wanted to know why so many changes on that roadway.

Mr. Balmes said that the SR 40 Roundabout project had been requested by Commissioner Zalak and the Office of the County Engineer. The project was currently in the Cost Feasible Plan as an Intersection Operational project but the request was to add Roundabout to the future improvement. The other listed SR 40 project was currently programmed for Preliminary Engineering right of way for operational improvements east and west of the interchange at I-75. TPO Public Hearing Minutes – November 29, 2022 Approved –

Ms. Bryant also said that several of the SR 40 projects may have to do with the 44th Avenue project running from east west connecting into SR 40.

Chairman Bethea called for any public comments and there was none.

Mayor Guinn made a motion to approve the 2045 LRTP Amendment. Ms. Bryant seconded, a roll-call vote was called and the motion passed unanimously.

Item 5. Adjournment

Chairman Bethea closed the public hearing at 4:19pm.

Respectfully Submitted By:

Shakayla Irby, Administrative Assistant

OCALA MARION 2045 LONG RANGE TRANSPORTATION PLAN **Amendment #1**

OCALA MARION TRANSPORTATION PLANNING ORGANIZATION Amendment #1 Public Hearing TPO Board November 29, 2022

LRTP Amendment

- Due to cost increases or major changes
- Project scope changes
- Adding or removing projects
- Advancing or moving projects

vs. an LRTP Update

- Conducted every five (5) years
- Next Update from 2024 to 2025 (Scoping process in 2023)
- Adoption next LRTP by November 2025

The 2045 LRTP Amendment #1 is based on the following requests and necessary changes.

- Local, State Requests;
- State Appropriations (FY 2023);
- Project Updates; and
- Planning-level consistency with FY 2023 to 2027 Transportation Improvement Program (TIP)

Call for Amendments – April 18 to May 20 30-day Public Notice – August 25October 28 • TAC and CAC Meetings – September 13 TPO Board Public Hearing

→ September 27, 2022 November 29, 2022

OCALA MARION 2045 LONG RANGE TRANSPORTATION PLAN

OCALA MARION TRANSPORTATION PLANNING ORGANIZATION TPO Board Meeting Minutes – November 29, 2022 Approved –

TPO Board Meeting

Marion County Commission Auditorium 601 SE 25th Avenue, Ocala, FL 34471 November 29, 2022 4:00 PM

MINUTES

Members Present:

Councilmember Ire Bethea Commissioner Kathy Bryant Councilmember Kristen Dryer Commissioner Jeff Gold Mayor Kent Guinn Councilmember James Hilty Mayor Bill White

Members Not Present:

Commissioner Craig Curry Commissioner Ronald Livsey Councilmember Barry Mansfield Commissioner Michelle Stone Commissioner Carl Zalak

Others Present:

Rob Balmes, TPO Shakayla Irby, TPO Liz Mitchell, TPO Rakinya Hinson, FDOT Mike McCammon, FDOT Chris Keller, Benesch Ji Li, City of Ocala Oscar Tovar, City of Ocala Darren Park, City of Ocala Other members of the public not signed in. TPO Board Meeting Minutes – November 29, 2022 Approved –

Item 1. Call to Order and Pledge of Allegiance

Chairman Ire Bethea called the meeting to order at 4:20pm.

Item 2. Roll Call

Shakayla Irby, Administrative Assistant called the roll and a quorum was present.

Item 3. Proof of Publication

Shakayla Irby, Administrative Assistant stated the meeting was published online at the TPO website and the City of Ocala, Belleview, Dunnellon, and Marion County meeting calendars on November 22, 2022. The meeting was also published to the TPO's Facebook and Twitter pages.

Item 4. Consent Agenda

Ms. Bryant made a motion to approve the Consent Agenda. Ms. Dreyer seconded, and the motion passed unanimously.

Special Presentations

Chairman Bethea presented Vice-Mayor of Dunnellon, Valerie Hanchar with a leadership service award for her service to the TPO from 2018 to 2021, including being the TPO chair in 2019.

Vice-Mayor Hanchar was thanked for her leadership and support to the TPO in 2019 during the transition of new director and move from the City of Ocala to Marion County. Also, thanked for her service on the M-Cores Task Force from 2019 to 2020.

Commissioner Ronald Livsey was not present at the TPO board meeting however, Chairman Bethea gave special thanks to Commissioner Livsey for his leadership and support of the TPO from 2018 to 2022.

Commissioner Livsey was moving on to new endeavors in 2023 as a re-elected City Commissioner.

Item 5a. Draft Commitment to Zero Safety Action Plan

On September 20, 2022, the TPO made available to the public a draft of the Commitment to Zero Safety Action Plan. The draft Action Plan was made available for a 30-day public review period through October 20, 2022.

At the meeting, a presentation was delivered by the TPO's consultant, Mr. Chris Keller of Benesch. Chris shared a high-level overview of the draft Action Plan, plan development process and strategies for implementation.

Mr. Keller said that the Commitment to Zero was the TPO's call to action to eliminate trafficrelated fatalities and serious injuries. It was a community-wide shift in how the region talks about, approaches, and addresses traffic safety. The current reality was every year, residents of TPO Board Meeting Minutes – November 29, 2022 Approved –

Ocala/Marion were subject to approximately 9,500 traffic crashes that result in loss of like to about 85 people and seriously injuring 400 more.

In 2021, there was record of 93 fatalities and 262 serious injuries. From the beginning of 2022 to October 30, 2022 there had been record of 76 fatalities and 395 serious injuries.

Mr. Keller talked about the Strategies for Getting to Zero which included identified strategies and actions organized based on the five Safe System approach elements:

- Safe Road Users
 - Advocacy- encourage partner agencies to fully embrace the goal of Commitment to Zero.
 - Engagement- Sustain Commitment to Zero leadership, collaboration, and accountability through regular meetings with the Commitment to Zero working group or another formalized committee.
 - Education- Identify opportunities to provide transportation safety education to pre-high school students through school lesson plans, focus on age-appropriate topics such as seatbelt use, safe working and biking, etc.
- Safe Vehicles
 - Advocacy- advocate for eh advancement of vehicle design features, such as automatic braking and pedestrian protection regulations.
 - Education- Introduce and review regular mandatory driving safety course for all county/municipal employees, with regular refresher courses required for those employees who have access to a fleet vehicle.
- Safe Speeds
 - Advocacy- advocate for establishing target (survivable) speeds for all roads and promote the decoupling of speed zones form the 85th percentile speed.
 - Engineering/Planning- assess and evaluate posted speed limits countywide and work with partner agencies to develop a speed management program to address speeding concerns based on applicable data.
 - Enforcement/Emergency Response- program, fund, and conduct more high visibility enforcement campaigns aimed at increasing awareness and compliance of safe speeds.
- Safe Roads
 - Advocacy- support legislation to increase safety funding and efforts to establish a dedicated funding source aimed at eliminating KSI crashes.
 - Engagement- organize events that focus on livability aspects of the community's streets, e.g., Open Street events.
 - Education- organize pop-up safety demonstrations that can show how strategies can be implemented, e.g., curb extensions with paint/planters.
 - Engineering/Planning- track the effectiveness and success of safety-focused projects through before and after studies.
- Pre-/Post-Crash Care and Data
 - Engagement- convene a Commitment to Zero leadership panel consisting of elected officials from various partner agencies to discuss safety efforts, promote safety initiatives, and establish local safety priorities.
 - Data- annually report on Commitment to Zero progress, including crash statistics, safety-focused projects, and performance measures.

• Enforcement/ Emergency Response- expand the role of the CTST and include their input on safety-focused projects aimed at eliminating KSI crashes.

Some of the emphasis areas were speed management, developing a culture of safety, run-offroad crashes implementing more forgiving roadway designs, intersection operations, and designing streets to meet the needs of non-motorized users.

Measuring progress through performance measures: data, engagement, and engineering.

Mr. Keller concluded his presentation saying the solutions to fatal and serious injury crashes would not be achieved overnight, it will require steadfast determination and perseverance. We all share the responsibility of being a part of the solution by working together we can be confident that significant changes can and would take place.

Mr. Keller also urged everyone to stay involved by visiting the TPO's Safety Action Plan webpage www.ocalamariontpo.org/.safety-plan and following the TPO's Facebook and Twitter social media pages @ocalamariontpo.

Mayor White inquired if speed was the main cause of fatalities and injuries.

Mr. Keller said that speed could play a factor into what causes a lot of crashes however, with the Commitment to Zero the focus had been on how to eliminate fatalities and serious injuries and how people could survive from crashes.

The board had some discussion on the causes of crashes and percentages of the types of crashes.

Mr. Balmes thanked Mr. Keller for his work with the Commitment to Zero and also thanked Commissioner Stone and Chairman Bethea for their leadership.

Mr. Balmes also talked about the long-term success of Commitment to Zero must include ongoing work to keep building momentum in the community.

Some of the next steps and activities the TPO would focus on in 2023 involved the following:

- Commitment to Zero online public crash dashboard
- Commitment to Zero fact sheets for public education
- Coordination with local partners for safety projects in List of Priority Projects
- (LOPP) process
- Social Media for community safety events, public awareness of safety
- Continued partnering for community safety events
- Exploration of public information and public relations opportunities

Mayor Guinn made a motion to approve the Commitment to Zero Safety Action plan. Mr. Hilty seconded, and the motion passed unanimously.

Item 5b. Chair and Vice Chair Election

Mr. Hilty made a motion to appoint Commissioner Craig Curry as Chair. Mr. Gold seconded, and the motion passed unanimously.

Mr. Gold made a motion to appoint Councilmember Kristen Dryer as Vice-Chair. Mr. White seconded, and the motion passed unanimously.

<u>Item 5c. Appointments to the Florida Metropolitan Planning Organization Advisory</u> <u>Council (MPOAC)</u>

Mr. Gold made a motion to appoint Councilmember Kristen Dreyer as a member of the MPOAC. Ms. Bryant seconded, and the motion passed unanimously.

Ms. Bryant made a motion to appoint Commissioner Jeff Gold as the alternate member of the MPOAC. Ms. Dreyer seconded, and the motion passed unanimously.

Item 5d. Appointments to the Central Florida MPO Alliance

<u>Ms. Bryant made a motion to keep the current appointments: Commissioner Stone,</u> <u>Councilmember Bethea, and Commissioner Curry.</u> Mr. Gold seconded, and the motion passed <u>unanimously.</u>

Item 5e. 2023 TPO Board Meeting Schedule

Ms. Bryant made a motion to approve the 2023 TPO Board Meeting Schedule. Ms. Dreyer seconded, and the motion passed unanimously.

Item 5f. TPO Disadvantaged Business Enterprise (DBE) Program

Ms. Liz Mitchell presented the TPO DBE Program.

The TPO had developed a Disadvantaged Business Enterprise (DBE) program document to ensure a continuing, cooperative and comprehensive process that would be in alignment with FDOT's Plan Program. As a sub-recipient of federal transportation funding, the TPO had developed the document in accordance with the regulations of the U.S. Department of Transportation (49 CFR part 26).

The purpose of the document was to ensure a formally established document is in place that obtains the TPO's policy to ensure all DBE contractors have an equal opportunity to participate in U.S. Department of Transportation assisted contracts through the TPO.

The slideshow presentation provided to the board is attached to pages 10-18 of this set of minutes for reference.

The board had some discussion about the DBE program.

Mayor Guinn made a comment that everyone should have a chance to compete equally.

Ms. Bryant made a comment that for the TPO to apply for federal funding the DBE program had to be in place. There would not be any special consideration or weight to anyone who falls under disadvantaged category. The DBE was a policy that says the TPO would not discriminate.

Ms. Bryant made a motion to approve the TPO DBE Program. Mr. Gold seconded, and the motion passed unanimously.

Item 5g. Fiscal Years (FY) 2023 to 2027 Transportation Improvement Program (TIP) Amendment #2

Mr. Balmes presented and said that per the request of the Florida Department of Transportation (FDOT), two projects had been proposed to be amended to the Fiscal Years (FY) 2023 to 2027 Transportation Improvement Program (TIP), pending approval of an amendment to the 2045 Long Range Transportation Plan (LRTP) at the TPO Board Public Hearing meeting on November 29, 2022.

FM# 435547-3: NW 44th Avenue Extension from SR 40 to NW 11th Street

- Total: \$9,000,000
- Funds to be added to FY 2023
- Construction funds (CST) for roadway extension project

FM# 450918-1: Dunnellon Trail from River View to Rainbow River Bridge

- Total: \$2,537,000
- Funds to be added to FY 2023
- Preliminary Engineering (PE) and CST funds for the trail project

Ms. Bryant made a motion to approve the FY 2023 to 2027 TIP Amendment #2. Mr. Hilty seconded, a roll-call vote was called and the motion passed unanimously.

Item 5h. Continuity of Operations Plan (COOP)

Mr. Balmes presented and provided a brief presentation of the COOP.

The TPO had prepared a draft Continuity of Operations Plan (COOP) document for the organization. Most, if not all the TPO's peers in Florida already had a COOP in place, so, it was a high priority document to complete in 2022, per the Unified Planning Work Program (UPWP).

The COOP is a standard government practice to help guide an organization through an extended emergency event or disaster. More specifically, for situations that result in a disruption limiting access to the TPO's office and/or boards and committee facilities.

The COOP document placed a major emphasis on operations and the core essential functions of the TPO that must be maintained regardless of the type of event or disaster.

Since the TPO is hosted by Marion County, the document referenced county procedures.

Additionally, the draft document had been shared with Marion County Administration and IT to obtain feedback.

Ms. Bryant made a motion to approve the COOP. Mr. Hilty seconded, and the motion passed unanimously.

Item 5i. Annual Report Document and Template Scope of Services

In 2020, the TPO revitalized the completion of an Annual Report as a service to the public, partner agencies and our elected leaders. Over the past two years, the TPO had used a template developed by a former staff member. The template needed to be updated to ensure a professional, public-friendly annual report document is maintained over time.

The project would involve a Task Order with the TPO's General Planning Consultant Kittelson and Associates to develop a document and template for use in the 2022 Annual Report publication. When completed, TPO staff would use the document template for annual report editions over the next three years (2022 to 2024).

Ms. Bryant inquired about the staff time and cost associated with the task order for the template design and asked if it would be a wash.

Mr. Balmes said that it would be a wash and that having a template in place would cut the staff time by 50% by not having to work on the template design. The template could be used over the next few years and would also provide consistency.

Mayor Guinn made a motion to approve the Annual Report Document and Template Scope of Services. Ms. Bryant seconded, and the motion passed unanimously.

Item 5j. FY 2022/23 to 2023/24 Unified Planning Work Program (UPWP) Amendment

Mr. Balmes presented and said that TPO staff proposed to amend the Fiscal Years (FY) 2022/2023 Unified Planning Work Program (UPWP) to include an activity related to consultant services support in task 6. The activity was derived from the task order scope of services detailed in agenda item 5I.

The proposed UPWP change:

• Task 6: Public Involvement

• Develop an Annual Report document and template for use by staff in conducting public outreach.

- Funding: No change, currently \$8,850 in budget.
- o Source: Federal Highway Administration (FHWA)-CPG, G2797 Grant

Ms. Bryant made a motion to approve the FY 2022/23 to 2023/24 UPWP Amendment. Ms. Dreyer seconded, and the motion passed unanimously.

Item 5k. Regional Transportation System Management and Operations (TSM&O) Program

Mr. Balmes presented to the board and said that the Transportation Systems Management and Operations (TSMO) was the application of multimodal transportation strategies and technologies intended to maximize the efficiency, safety, and reliability of the transportation network.

Examples included, but were not limited to, work zone management, traffic incident management, special event management, transit management, traffic signal coordination, congestion pricing, and integrated corridor management.

Related plans to the TPO included the required congestion management process (CMP).

In 2021, eight metropolitan planning organizations (MPO) in Central and West Florida formed a regional Working Group to share strategies and solutions for implementing TSM&O. They included MetroPlan Orlando, Forward Pinellas, Hillsborough TPO, Pasco MPO, Polk TPO, Sarasota-Manatee MPO, Space Coast TPO and River to Sea TPO.

The Working Group was formalized through a Memorandum of Understanding (MOU) in 2021. Based on recent conversations between our TPO and MetroPlan (host of meetings), a request was made to include Ocala/Marion as part of the Working Group in 2023.

Additionally, conversations took place with Lake~Sumter MPO to also be included in the group. Working Group meetings are anticipated to take place monthly and hosted by MetroPlan.

The benefits of being part of a larger regional working group include collaboration, partnership building, project need identification, learning best practices and information sharing.

Ms. Bryant asked if there was any financial obligation that came with member of the working group.

Mr. Balmes responded that there would be no financial obligation or commitment for membership in the Working Group.

Ms. Bryant made a motion to approve the participation of the Ocala Marion TPO in the Regional TSM&O Program. Mr. Hilty seconded, and the motion passed unanimously.

Item 6. Comments by FDOT

Ms. Rakinya Hinson with FDOT addressed the board and provided the updated construction report.

Ms. Hinson also informed the board that the Florida Department of Transportation (FDOT) would be having the Public Hearing for the Tentative Five-Year Work Program for fiscal years 2023/2024 through 2027/2028, beginning Monday, December 5, and ending Friday, December 9, for 24 hours each day (virtual option).

An In-person open house was scheduled for December 6, 2022 from 5pm to 6:30pm at the FDOT District Five Office in DeLand, FL.

Item 7. TPO Staff Comments

Mr. Balmes told the board that at the October 7, 2022 meeting of the Central Florida MPO Alliance, the Central Florida Regional Priority Projects lists were adopted. The lists include Transportation Regional Incentive (TRIP), Strategic Intermodal System (SIS) and Regional Trails projects. There were also specific projects that were approved by the TPO Board in August.

The project lists are attached to this set of minutes on pages 19-29 for reference.

Mr. Balmes also told the board that the Census 2020 was on track to release urban areas in December 2022 and urban areas would be defined across the country. As more information became available Mr. Balmes would pass it on to the board.

Mr. Balmes lastly mentioned that he was in the process of developing an internal scope for the 2050 Long Range Transportation Plan (LRTP). Over the next few months Mr. Balmes had plans to reach out to board members individually to get thoughts and feedback and also meet with staff regarding the LRTP.

Item 8. Comments by TPO Members

Mayor White said that the City of Dunnellon was very excited about the funding for the Multimodal Dunnellon Trail and that \$2.5 million would include a pedestrian walkway over the river and include an extended bike lane down Pennsylvania Avenue.

Mayor White also gave accolades to the TPO board for recognizing Vice-Mayor Valerie Hanchar for her services to the TPO board.

Lastly, Mayor White said that Dunnellon had completed elections and three new members that would be joining the Dunnellon City Council.

Item 9. Adjournment

Chairman Bethea adjourned the meeting at 5:31pm.

Respectfully Submitted By:

Shakayla Irby, Administrative Assistant

DISADVANTAGE BUSINESS ENTERPRISE PROGRAM (DBE)

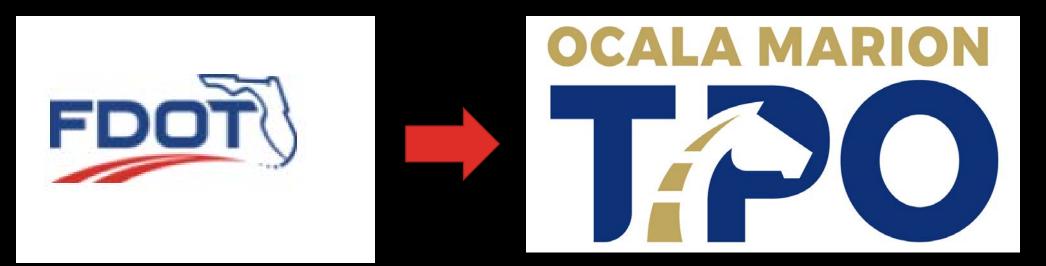

DISADVANTAGED BUSINESS ENTERPRISE PROGRAM

WWW.OCALAMARIONTPO.ORG ADOPTED: November 29, 2022

The TPO is updating their DBE plan to have a continuing, cooperative and comprehensive DBE process that is in alignment with FDOT's DBE Program Plan.

As recipients of federal funds through FDOT we must follow their process.

What is a DBE?

A for-profit small business that is at least 51% owned, controlled and managed by person(s) who are socially and economically disadvantaged, such as women, minorities or any other group classified by the US Small Business Administration (SBA).

For transportation purposes there are three major administrations involved in the DBE program:

- 1. Federal Highway Administration (FHWA)
- 2. Federal Aviation Administration (FAA)
- 3. Federal Transit Administration (FTA)

The program is carried out by the state and local transportation agencies under the rules and guidelines in the Code of Federal Regulations, (49 CFR Part 26). Congress enacted the first DBE statutory provision requiring at least 10% of the funds authorized for the highway and transit financial assistance program be expended with DBE's.

The TPO is committed to the FDOT goal of expending **10.65%** of contracting funds on DBE's.

The goal of the program is to level the playing field on which DBE's may compete for contracts and subcontracts in the transportation industry.

The DBE program was established to ensure that firms owned by minorities, women and other socially and economically disadvantaged person(s) have an equal opportunity to participate in U.S.DOT-assisted projects.

A quick synopsis of the DBE program entails:

- 1. Non-discrimination policy and practices
 - a. Ensuring that through contractual or other arrangements, we do not use criteria or methods of administration that have the effect of defeating or impairing the objectives of the DBE program
- 2. Record keeping and reporting
 - a. semi-annual reports to FDOT
- 3. Monitoring the DBE directory
 - a. Continual vigilance to maintain knowledge of registered small businesses on the DBE list within our
 - area

4. Contract monitoring to make DBE's inclusive:

- a. Ensure that contractors/consultants also follow DBE Program requirements and include DBE's in contracts and programs
- 5. Maintaining program updates:
 - a. Watch for any changes in rules and regulations of the DBE program in order to stay up to date
- 6. Having a Liaison Officer:
 - a. Program required: Our TPO Director, Rob Balmes
- 7. Maintain adherence to program requirements:
 - a. Assessing sanctions, progress payments, or disqualifying a contractor, if necessary

- 8. Good faith efforts to ensure contracting opportunities with continual measures to be taken to increase small business participation:
 - a. Requires monitoring, reporting and follow through on all of the listed items ensuring that we are making the best possible attempt at a fair and equitable program
- 9. Outreach to DBE's and community organizations:
 - a. Maintaining communications with area DBE's and keeping them aware of possible opportunities to help improve/assist in their success

10. Public participation, include the public:

a. Make the public aware and get their input

Ocala Marion TPO is committed to:

The TPO, and its consultants, shall take all necessary and reasonable steps to ensure that all DBE's have an opportunity to compete for and perform the contract work of the TPO in a non-discriminatory manner.

The TPO shall require its consultants to not discriminate on the basis of race, color, national origin, sex, age, disability, religion, income or familial status in the award and performance of its contracts.

The TPO does not tolerate discrimination in any of its programs, services, or activities. This is in accordance with applicable federal regulations and statutory references contained in the Disadvantaged Business Enterprise Program, Chapters 337 and 339, Florida Statutes, and Rule Chapter 14-78, Florida Administrative Code.

Ocala Marion TPO Title VI Non-Discrimination Plan Update

Title VI of the Civil Rights Act of 1964 is the Federal law that protects individuals and groups from discrimination based on their race, color, sex, age, disability, income and national origin.

All Recipients of federal funding must comply with the requirements of Title VI of the Civil Rights Act of 1964, and the Florida Civil Rights Act of 1992, does not permit discrimination on the basis of religion or family status.

All of these nondiscrimination statutes, rules, regulations and authorities are a requirement and must take place in our employment, transportation programs, services, events or activities.

AMERICANS WITH DISABILITIES ACT/SECTION 504 OF THE REHABILIITATION ACT:

The Americans with Disabilities Act (ADA) of 1990, Section 504 of the Rehabilitation Act of 1973 and related federal and state laws and regulations forbids discrimination against those who have disabilities and requires agencies and government entities to take reasonable steps to accommodate the disabled and ensure their needs are represented in transportation programs, plans, services, events and activities. This updated Title VI plan ensures the TPO will provide reasonable accommodation to disabled individuals who wish to participate in public involvement events or who require special assistance to access TPO's facilities, programs, services or activities.

Our committees are in place to assist with decision making, public involvement, transparency, and awareness. In our updated plan we added clarity to the CAC, TAC and TPO Board membership representation and the guidance they provide.

We have instituted a robust but easy to follow complaint procedure, with blank forms attached and various Civil Rights Certifications and Assurances. **Executive Order 12898-Environmental Justice (EJ),** instituted in 1994, is the fair treatment and meaningful involvement, implementation, and enforcement, of environmental laws, regulations and policies. Some examples of Environmental Justice include inadequate access to healthy food, inadequate transportation, air and water pollution, and unsafe homes.

Executive Order 13166-Limited English Proficiency (LEP), instituted in 2000, is when English is not your primary language and you have difficulty communicating effectively in English, you may need an interpreter or document translation in order to have meaningful access to programs or services.

These Executive Orders require Federal agencies or agencies receiving federal funds to examine the services they provide, identify any need for services to those in need, and develop and implement a system to provide those services, so everyone can have meaningful and equal access to them.

The EJ rules, policies and procedures in this plan ensures our citizens are treated with equality. Access to translators, "I Speak Cards", TTY/TDD services and vital documents are translated and provided to our LEP citizens when requested.

This plan stresses the importance of seeking public input and community involvement along with finding the areas that contain our EJ and LEP citizens. We also included the 2045 Long Range Transportation Plan's (LRTP) analysis of assessing these areas and projects in terms of proximity to TD populations referred to as Equity Areas, and the LRTP's assessment of roadway improvements of EJ areas versus non-EJ areas.

2045 Long Range Transportation Plan, Assessment of Investments in Environmental Justice Areas

	EJ ARE	AS NON-EJ ARE	S TOTAL
Population	62,300	270,900	333,200
Roadway Needs	\$194,256,0	\$1,247,293,000	\$1,441,549,000
Per Capita	\$3,118	\$4,604	\$4,326
ITS Needs Mileage	49.1	169.7	225.4
Per thousand residents	0.79	0.63	0.68
Bicycle/Pedestrian Needs (mileage)	84	431	515
Per thousand residents	1.34	1.59	1.55
Public Transit Needs (route mileage)	45.2	92.4	137.6
Per thousand residents	0.73	0.34	0.41
Note: Project cost estimates are represented in present day co	st. Multimodal and ITS		

improvements represent all candidate projects in boxed fund programs.

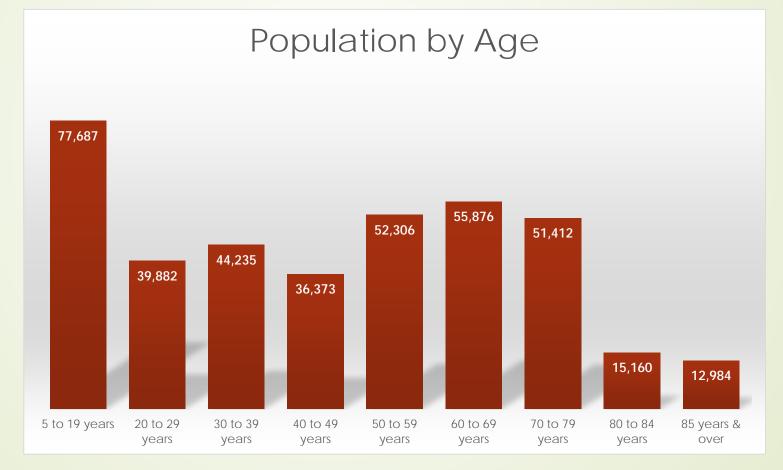

This plan also provides updated graphs on demographics and population tables to reflect the new 2020-21 census data.

Marion County	65 & Older	Total Population	State of Florida	65 & Older	Total Population
2018	104,024	359,977	2018	4,358,784	21,299,325
2021	110,581	385,915	2021	4,598,996	21,781,128
Percent Increase %	6%	7%	Percent Increase %	5.5%	2.3%

ACS Census 2021 – 1 year estimates

This chart was added as a breakdown of population by age within the TPO planning area.

DEMOGRAPHICS FOR THE OCALA MARION TPO AREA

We continue to accommodate anyone with disabilities such as, blind and hearing impaired, as well as any language barriers through our Website, Social Media Platforms or as requested.

Our Title VI Plan encompasses all of the rules and regulations required to ensure that all members of the community are involved and participation is solicited throughout the planning process.

In conclusion, the TPO actively ensures that diversity and equality is at the forefront of all of our actions. Completely committed to making sure everyone has an equal footing to our plans, programs, meetings, activities and events.

Thank you!

TITLE VI NON-DISCRIMINATION PLAN

Adopted: January 24, 2023

Prepared in cooperation with: Cities of Ocala, Dunnellon, Belleview and Marion County This document was prepared with financial assistance from the Federal Highway Administration and the Federal Transit Administration of the U.S. Department of Transportation through the Florida Department of Transportation.

POLICY STATEMENT

The Ocala Marion Transportation Planning Organization (TPO) is committed to ensuring that no person is excluded from the transportation planning process and welcomes input from all interested parties, regardless of background, income level or cultural identity. The Ocala Marion TPO does not tolerate discrimination in any of its programs, services, activities or employment practices. Pursuant to Title VI of the Civil Rights Act of 1964, and other nondiscrimination statutes, regulations and authorities. The Ocala Marion TPO will not exclude from participation in, deny the benefits of, or subject to discrimination, anyone on the grounds of race, color, national origin, sex, age, disability, religion, income or familial status. The Ocala Marion TPO welcomes and actively seeks input from the public, to help guide decisions and establish a vision that encompasses all area communities and ensure that no one person(s) or segment(s) of the population bears a disproportionate share of adverse impacts.

COMPLAINT PROCEDURES

The Ocala Marion TPO has put in place a concise, prompt and reasonable complaint procedure to ensure that any discrimination is investigated and eliminated. The Title VI Coordinator has direct, easy and unimpeded access to the TPO Director for the purposes of discussing nondiscrimination issues. Any person(s) who believes has been subjected to discrimination based upon race, color, national origin, sex, age, disability, religion, income or family status in any of Ocala Marion TPO services, activities, plans, programs or employment practices may file a complaint with the Ocala Marion TPO.

The complaint should be submitted in writing and contain the identity of the complainant, the basis of allegation(s) (i.e. race, color, national origin, sex, age, disability, religion income or family status) and a description of the alleged discrimination with the date it occurred (refer to **APPENDIX B**). The official complaint will need to be submitted to our Title VI Coordinator or the TPO Director. The complaint can be submitted at the following location:

Liz Mitchell, Title VI/Nondiscrimination Coordinator 2710 E. Silver Springs Blvd. Ocala, Florida 34470 Email: <u>liz.mitchell@marionfl.org</u> Phone: (352) 438-2634

Ocala Marion TPO investigates complaints received no more than 180 days after the alleged incident. The Ocala Marion TPO will process complaints that are complete. Once the complaint is received, Ocala Marion TPO will review it to determine if our office has jurisdiction. The complainant will receive an acknowledgement letter informing him/her whether the complaint will be investigated by our office.

The Title VI/Nondiscrimination Coordinator has ninety (90) days to investigate the complaint. If more information is needed to resolve the case, the Coordinator may contact the complainant.

The complainant has ten (10) business days from the date of the letter to send requested information to the investigator assigned to the case. If the investigator is not contacted by the complainant or does not receive the additional information within ten (10) business days, the Coordinator can administratively close the case. A case can also be administratively closed if the complainant no longer wishes to pursue their case.

After the investigator reviews the complaint, she/he will issue one of two letters to the complainant:

- Closure letter- A closure letter summarizes the allegations and states that there was not a Title VI violation and that the case will be closed.
- or a
 - Letter of Finding (LOF) A LOF summarizes the allegations and the interviews regarding the alleged incident, and explains whether any disciplinary action, additional training of the staff member or other action will occur.

If the complainant wishes to appeal the decision, she/he has seven (7) days to do so from the time he/she receives the closure letter or the LOF.

Should the Ocala Marion TPO be unable to satisfactorily resolve a complaint, the Ocala Marion TPO will forward the complaint, along with a record of its disposition to the appropriate District of Florida Department of Transportation (FDOT). The written complaint may be submitted directly to FDOT if the complainant is unable or unwilling to complain to the Ocala Marion TPO. FDOT will serve as a clearinghouse, forwarding the complaint to the appropriate state or federal agency:

Florida Department of Transportation, Equal Opportunity Office ATTN: Title VI Complaint Processing 605 Suwannee St. MS 65, Tallahassee, Florida 32399

The staff of the Ocala Marion TPO will maintain a log of all complaints received by the agency. The log will include all the following information:

- 1 Name of Complainant;
- 2 Name of Respondent;
- 3 Basis of complaint (i.e., race, color, national origin, sex, age, disability, religion, familial status, or retaliation);
- 4 Date complaint received;
- 5 Explanation of the complaint and the actions that have been taken or are proposed to resolve the issue raised in the complaint.

In addition, you can find a complaint form in **APPENDIX B** and a complaint log in **APPENDIX C**. However, to date there have been no complaints, investigations, or lawsuits regarding Title VI discrimination.

Title VI Nondiscrimination Plan adopted Jan. 24, 2023

CIVIL RIGHTS CERTIFICATION AND ASSURANCE

The Ocala Marion Transportation Planning Organization (TPO) assures the Florida Department of Transportation that no person shall, on the basis of race, color, national origin, age, disability, family or religious status, as provided by Title VI of the Civil Rights Act of 1964, the Civil Rights Restoration Act of 1987, and the Florida Civil Rights Act of 1992 be excluded from participation in, be denied the benefits of, or be otherwise subjected to discrimination or retaliation under any program, or activity undertaken by this agency.

The Ocala Marion TPO further agrees to the following responsibilities with respect to its programs and activities:

- 1. Designate a Title VI Liaison that has a responsible position within the organization and access to the recipient's Chief Executive Officer or authorized representative.
- 2. Issue a policy statement signed by the Executive Director or authorized representative, which expresses its commitment to the nondiscrimination provisions of Title VI. The policy statement shall be circulated throughout the Recipient's organization and to the general public. Such information shall be published where appropriate in language other than English.
- Insert the clauses of APPENDIX E of this plan into every contract subject to the Acts and the Regulations.
- 4. Develop a complaint process and attempt to resolve complaints of discrimination against the Ocala Marion TPO.
- 5. Participate in training offered on the Title VI and other nondiscrimination requirements.
- 6. If reviewed by FDOT or any other state or federal regulatory agency, take affirmative actions to correct any deficiencies found within a reasonable time period, not to exceed ninety (90) days.
- 7. Have a process to collect racial and ethnic data on persons impacted by the agency's programs.
- 8. Submit the information required by FTA Circular 4702.1B to the primary recipients (refer to **APPENDIX A** of this plan).

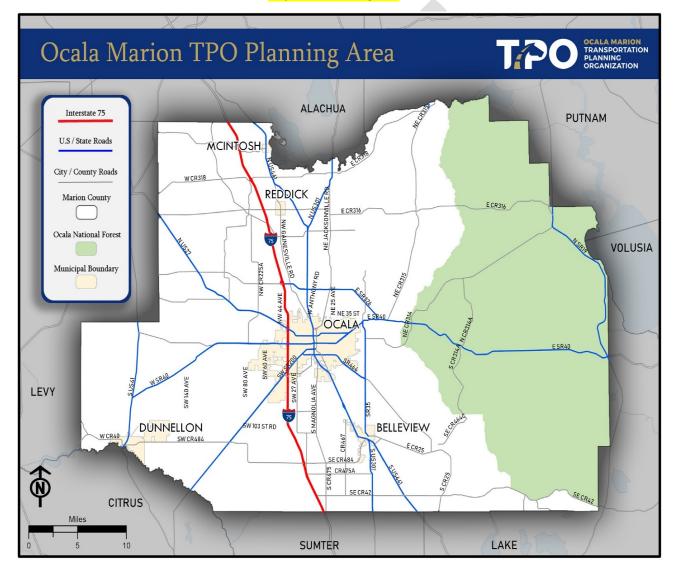

THIS ASSURANCE is given in consideration of and for the purpose of obtaining any and all federal funds, grants, loans, contracts, properties, discounts or other federal financial assistance under all programs and activities and is binding. The person whose signature appears below is authorized to sign this assurance on behalf of the agency.

Date:

Robert Balmes TPO Director Ocala Marion TPO

INTRODUCTION

The Ocala Marion TPO is a federally-mandated public agency responsible for the planning and implementation of several modes of transportation, including highway, transit, freight, bicycle, pedestrian and paratransit. The TPO was established in 1981 after the 1980 Census determined the urbanized area of Ocala exceeded a threshold of 50,000 people, to provide a forum for the development of transportation policy and transportation planning services for all of Marion County. Due to rapid population growth in the 1980s, the planning boundaries of the entire county were added. The below map illustrates the TPO planning area which includes all of Marion County.

Map of TPO Planning Area

The Title VI/Nondiscrimination Policy, Americans with Disabilities Act (ADA), Public Participation Plan (PPP), Environmental Justice (EP), and Limited English Proficiency Plan (LEP) all work in unison to ensure that participation is solicited with specific tactics for outreach and involvement from all of the communities and citizens throughout Marion County.

GOVERNANCE

The Ocala Marion TPO is governed by the TPO Board and committees that work together to increase public involvement, transparency, awareness, economic vitality, and mobility. These committees are made up of an array of individuals with varying levels of expertise and backgrounds. This type of diversity helps garner greater efficiency, and effectiveness for accomplishing the transportation goals of the TPO planning area. In addition, having so many varying individuals involved in our committees helps to increase communication and awareness throughout the community. Communication, public involvement, and community awareness, are vital to the success of the transportation planning process.

THE GOVERNING BOARD

The TPO Board is the final level of review and decision-making body in the TPO organizational structure. The Board is comprised of elected officials representing local jurisdictions. Recommendations from TPO staff and the advisory committee's substructure are reviewed, discussed and then either approved or rejected through a voting process. All meetings are conducted in an open public forum with an opportunity for public comment. The public is encouraged to attend all TPO committee and board meetings. Meetings are advertised at least seven (7) days in advance on the websites of the TPO, Marion County, and the cities of Belleview, Dunnellon, and Ocala, in accordance with the notification requirements of Florida Statute -Sunshine Law:

s.286.011,

http://www.leg.state.fl.us/Statutes/index.cfm?App_mode=Display_Statute&URL=0200-0299/0286/Sections/0286.011.html

and

In addition to advertisement, meetings are also advertised on the TPO's social media platform.

The TPO Board voting membership is comprised of the following representatives:

- 1. City of Belleview City Commission
- 2. City of Dunnellon City Council
- 3. City of Ocala City Council
- 4. Marion County Board County Commissioners 5 members
- 5. FDOT District Five Secretary

CITIZENS ADVISORY COMMITTEE (CAC)

The Citizens Advisory Committee (CAC) is comprised of Marion County residents who volunteer to provide input to the TPO from a citizen's point of view. A minimum of 6 and up to 15 members, with preferred representation from the following types of organizations and associations, or from individuals with educational or career experience in similar fields.

- 1 member
- 1 member
- 5 members
- 1 member Non-voting

- Environmental and/or Conservation groups/associations
- Cycling and/or Trails advocacy group/associations
- Governor's West Ocala Neighborhood Revitalization
- Council or other neighborhood groups/associations
- Business community groups/associations
- An equine group/association
- The transportation disadvantaged community
- Six (6) additional members that are residents of the TPO area

Appointments to this committee are made through an application process where the candidates are interviewed and are then recommended to the TPO board for approval. Consideration for appointment is based on geographic location, interviews, and overall background of each candidate with an emphasis on diversity to ensure broad socio-economic, racial, ethnic and geographic representation. The Ocala Marion TPO strives to maintain a cross-section of professional associations, neighborhood associations, civic and community associations, and private sector individuals representing individuals with disabilities, minority groups, and geographic areas of the region. CAC members assist in identifying the needs of the public and potential outreach opportunities.

TECHNICAL ADVISORY COMMITTEE (TAC)

The Technical Advisory Committee (TAC) membership is comprised of 11 members who are planners, engineers, technicians and other professionals representing local and state government agencies and local transit providers. The TAC recommendations are based on the professional experience of the committee members. TAC members review the Ocala Marion TPO work products and plans before they are presented to the Board.

The TAC is comprised of representatives from the following organizations:

- 1. City of Belleview: Public Works
- 2. City of Dunnellon: Public Works
- 3. City of Ocala: Traffic Engineering
- 4. City of Ocala: Growth Management
- 5. Marion County Board of County Commissioners: Traffic Engineering
- 6. Marion County Board of County Commissioners: Growth Services
- 7. Marion County School District
- 8. Marion County Tourism
- 9. Florida Department of Environmental Protection: Office of Greenways & Trails
- 10. SunTran Mass Transit
- 11. Florida Department of Transportation (FDOT) District 5: a non-voting member

TRANSPORTATION DISADVANTAGED LOCAL COORDINATING BOARD

The Ocala Marion TPO provides staff support to the Transportation Disadvantaged Local Coordinating Board (TDLCB) in the region and oversight to the Community Transportation Coordinator (CTC). This board coordinates transportation needs of the disadvantaged in our community, including individuals with physical and economic challenges and senior citizens facing mobility issues. The TDLCB board assists the TPO in identifying local service needs and provides information, advice, and direction to the Community Transportation Coordinator (CTC) on services to be provided to the transportation disadvantaged community. Membership is comprised of one representative each from the City of Ocala, Marion County Public School Board, FDOT, and various health and labor not-for-profit organizations.

The TDLCB Board is comprised of representatives from the following organizations:

- 1. Marion County Board of County Commissioners
- 2. Marion County Department of Veteran Affairs
- 3. Department of Education and/or Marion County Public Schools
- 4. Ocala Housing Authority and/or Housing Finance Authority
- 5. Centers for Independent Living
- 6. CareerSource Citrus Levy Marion
- 7. Florida Center for the Blind
- 8. Agency for Health Care Administration and/or local health agency
- 9. Agency for Persons with Disabilities
- 10. Florida Department of Transportation
- 11. Florida Department of Elder Affairs
- 12. Public Transit System or local Mass Transit
- 13. Florida Department of Children and Families
- 14. Florida Association for Community Action
- 15. A person over sixty
- 16. A person with a disability

The non-elected advisory committee's racial breakdown for the TPO is as follows:

NOTICES PROVIDED:

The Ocala Marion TPO posts notice of Title VI compliance in the reception area and on its website, as well as this plan to inform individuals regarding the Title VI policies, and procedures. The Ocala Marion TPO provides the following notice of nondiscrimination on all its plans, documents, studies, and websites as well as advertised in the local newspaper, in accordance with the notification requirements of Florida Statute s.286.011, F.S. with each meeting.

TITLE VI/NONDISCRIMINATION STATEMENT

The Ocala Marion Transportation Planning Organization (TPO) complies with the Americans with Disabilities Act of 1990, Section 504 of the Rehabilitation Act of 1973, Title VI of the Civil Rights Act of 1964 and other federal equal opportunity laws and therefore does not discriminate on the basis of race, sex, color, age, national origin, religion or disability, in admission or access to and treatment in TPO programs and activities, as well as the TPO's hiring or employment practices. Title VI complaints related to the TPO can be submitted at, 2710 E. Silver Springs Blvd., Ocala, Florida 34470. Anyone requiring special assistance under the Americans with Disabilities Act (ADA), or requiring language assistance (free of charge) should contact Liz Mitchell, Title VI/Nondiscrimination Coordinator at (352) 438-2634 or email liz.mitchell@marionfl.org.

PUBLIC PARTICIPATION

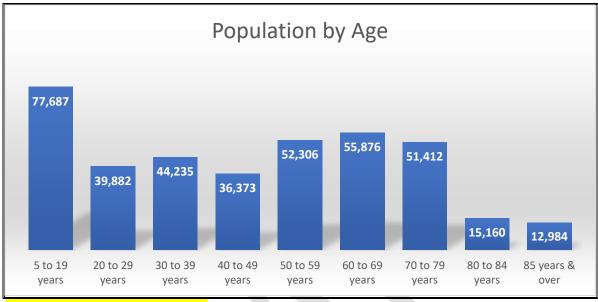

In order to plan for efficient, effective, safe, equitable and reliable transportation systems, the Agency must have the input of its public. The Agency spends extensive staff and financial resources in furtherance of this goal and strongly encourages the participation of the entire community. The Agency hosts an informative website that advises the public how it can access information and provide input. The Agency also holds public meetings, workshops and other events designed to gather public input on program and project planning. This includes engaging our minority and Limited English Proficiency (LEP) populations to receive input, and working diligently to increase awareness of the planning process for all our residents throughout the planning area.

The Public Participation Plan (PPP) for the TPO includes various goals, and objectives to increase public participation with the transportation planning process. This encompasses various outreach strategies such as, public forums, community meetings, project specific websites, and updating the TPO website. The strategies include holding these outreach events, activities, and meetings in locations that are accessible to all individuals. Therefore, meetings are held in Silver Springs Shores, Marion Oaks, City of Dunnellon, City of Belleview, as well as throughout the City of Ocala and other areas of unincorporated Marion County. This ensures that all communities have the chance to be involved in the transportation planning process, regardless of location. Public participation is highly encouraged and sought out to get a well-rounded view of the public's thoughts and concerns. The Ocala Marion TPO's PPP was updated in 2020. The update includes ways of measuring the TPO's effectiveness in public participation, various public participation opportunities, and strategies to increase our awareness to the citizens of Marion County. For more information regarding the PPP visit http://www.ocalamariontpo.org.

Further, the Agency sponsors, attends, and participates in other community events to promote its services to the public, such as community outreach programs like "Marion County Day" designed to inform the community of the programs available within the County. Finally, the Agency is constantly seeking ways of measuring the effectiveness of its public participation. Persons wishing to request special presentations by the Agency; volunteer in any of its activities; offer suggestions for improvement; or to simply learn more about Agency programs and services should visit the http://www.ocalamariontpo.org website.

DEMOGRAPHICS FOR THE OCALA MARION TPO AREA

The Ocala Marion TPO contains the incorporated cities of Belleview, Dunnellon, and Ocala, as well as Marion County in its entirety. Marion County has a population of 385,915, based on the 2021 ACS 1-year estimates Subject Tables. The following chart is a breakdown of population by age within the TPO planning area.

²⁰²¹ ACS 1-year estimates Subject Tables

The Ocala Marion TPO planning area (Marion County) has experienced a higher percentage increase in its total population, than the State of Florida. The TPO has had an increase in total population of 7%, and the aging population from 2018 to 2021 estimates have a 6% increase. Overall, the State of Florida, has had a total population increase of 2.3%, and an increase of 5.5% for its aging population from 2018 to 2021. The following chart highlights the population percentages mentioned above:

Marion		Total	State of		Total
County	65 & Older	Population	Florida	65 & Older	Population
2018	104,024	359,977	2018	4,358,784	21,299,325
2021	110,581	385,915	2021	4,598,996	21,781,128
Percent			Percent		
Increase %	6%	7%	Increase %	5.5%	2.3%

ACS Census 2021 - 1-year estimates

The TPO has experienced a higher percentage of growth with our total population since the year 2018, compared to the State of Florida as mentioned earlier. However, when examining the growth in greater detail, the percentage of growth is most concentrated with traditionally underserved and minority populations. Therefore, this makes the need to increase the TPOs public participation and awareness within these communities that much greater. The following chart highlights the percentage of growth mentioned earlier:

	Demographics Marion County								
	White	Black	Hispanic or Latino	American Indian & Alaska Native	Asian	Native Hawaiian & Other Pacific Islander	Two or more races	Some other race (as identified by Census)	Total Population
2018	252,199	43,491	49,093	1,009	4,898	142	8330	815	359,977
2018	252,155	43,431	45,055	1,005	4,000	142	0330	015	333,377

ACS Census 2021- 1-year estimates

The TPO is dedicated to increasing public participation and awareness with all the communities throughout the planning area. Staff will focus on advertising, continually updating the TPO website, and actively recruiting members from these communities to be a part of our committees, meetings, and any TPO associated activities to better serve the community.

For more information regarding goals, objectives, and strategies as it relates to public participation please see the TPOs Public Participation Plan (PPP). The PPP plan can be found on the TPOs website http://www.ocalamariontpo.org. Feel free to reach out to TPO staff for any additional questions or concerns at (352) 438-2630.

ENVIRONMENTAL JUSTICE (EJ)

The TPO performs an Environmental Justice (EJ) Analysis when developing long range plans that consider the impacts of projects over at least a 20-year horizon, to compare how those projects adversely affect high concentration of minority, low-income, and other traditionally underserved communities. Therefore, seeking public input throughout the planning process is vital for ensuring all members of the community are involved and there are no adverse or disproportionate impacts.

For the 2045 Long Range Transportation Plan (LRTP), an EJ analysis was performed in the project evaluation and prioritization process, assessing projects in terms of their proximity to transportation disadvantaged populations, also referred to as Equity Areas. The identification of this segment of the Marion County population was accomplished through the analysis of US Census block group data on minority and low-income population levels. Additionally, block groups were analyzed in support of transit needs to account for higher than county averages of people without a vehicle, seniors over 65 and youth under age 16.

Based on the criteria used to identify the EJ population, the countywide average poverty rate in Marion County was 17.6% and the minority rate was 17.8%, in accordance with Census data. Areas in the County with both a poverty and minority rate above the countywide averages, respectively, were considered EJ areas for the purpose of the LRTP analysis. A minimum population threshold was also applied to isolate areas with substantial population. The threshold for both minority and poverty is a minimum of 500 population by census block group. Areas meeting either the minority or poverty definition were also considered, particularly in the identification of 2045 LRTP workshop locations to provide adequate citizen access to the planning process.

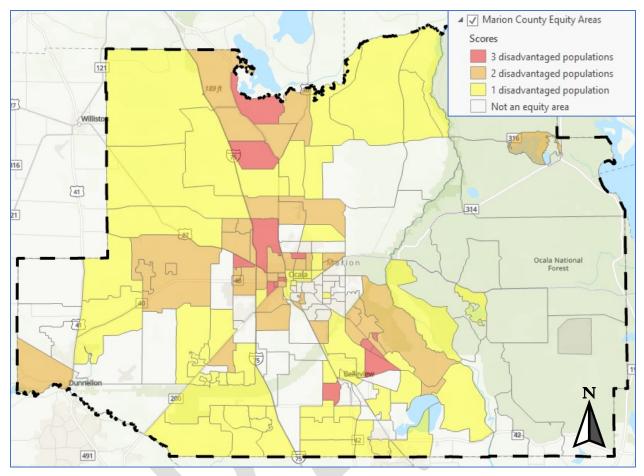

The following table summarizes the Needs Plan in EJ versus non-EJ areas. Roadway improvements were represented in terms of cost, due to the high degree of variability in the cost of various improvements. Only the portions of projects in EJ areas are included in the cost/mileage summaries in the EJ Areas column. Other improvements are represented in terms of miles of improvements. As reflected in the table, 16% of non-motorized and 13% of motorized projects in the Needs Plan are located in EJ areas, as measured by population distribution in EJ versus non-EJ areas.

	EJ AREAS	NON-EJ AREAS	TOTAL
Population	62,300	270,900	333,200
Roadway Needs	\$194,256,000	\$1,247,293,000	\$1,441,549,000
Per Capita	\$3,118	\$4,604	\$4,326
ITS Needs Mileage	49.1	169.7	225.4
Per thousand residents	0.79	0.63	0.68
Bicycle/Pedestrian Needs (mileage)	84	431	515
Per thousand residents	1.34	1.59	1.55
Public Transit Needs (route mileage)	45.2	92.4	137.6
Per thousand residents	0.73	0.34	0.41

2045 Long Range Transportation Plan, Assessment of Investments in Environmental Justice Areas

Note: Project cost estimates are represented in present day cost. Multimodal and ITS improvements represent all candidate projects in boxed fund programs.

The following map displays the transportation disadvantaged populations, which comprise the EJ Equity Areas of Marion County. The Equity Areas are based on the five disadvantaged groups – poverty, minorities; and higher than county average for no vehicle, seniors over 65 and youth under 16. Equity Areas with composite scores of 1, 2, or 3 have either 1, 2 or 3 disadvantaged groups.

LIMITED ENGLISH PROFICIENCY (LEP)

The Ocala Marion Transportation Planning Organization (TPO) is committed to increasing awareness and involvement with all individuals throughout the planning area, including those communities that have been traditionally underserved, and individuals that have Limited English Proficiency (LEP). In the Ocala Marion TPO service area there are residents who describe themselves as not able to communicate in English very well. The Ocala Marion TPO is federally mandated (Executive Order 13166) to take responsible steps to ensure meaningful access to the benefits, services, information and other important portions of its programs and activities for individuals who are LEP. Any person(s) requiring special language services (free of charge) should contact Liz Mitchell, Title VI Coordinator, at least seven (7) days in advance, so proper accommodations can be made to: Ocala Marion TPO, 2710 E. Silver Springs Blvd., Ocala, Florida 34470, Attn: Liz Mitchell (352) 438-2634, liz.mitchell@marionfl.org.

The TPO website allows translation of the site to various languages to significantly remove language as a barrier to access, and to help accommodate the navigation, and awareness of TPO related events, activities, and meetings. Also, the Title VI Statement and Complaint Procedure for filing a Title VI related complaint have been translated into Spanish and placed on the website. This allows for those individuals who are Limited English Proficient to be aware of their rights as it relates to Title VI and LEP. For more information including demographics, outreach efforts, staff training, and overall procedures please see the TPO's LEP Plan in **APPENDIX D**.

AMERICANS WITH DISABILITIES ACT/SECTION 504 OF THE REHABILIITATION ACT

The Americans with Disabilities Act (ADA) of 1990, Section 504 of the Rehabilitation Act of 1973 and related federal and state laws and regulations forbids discrimination against those who have disabilities and requires agencies and government entities to take reasonable steps to accommodate the disabled and ensure their needs are represented in transportation programs, plans, services and activities.

The Ocala Marion TPO makes every effort to ensure that its facilities, programs, services, and activities are accessible to those with disabilities. The TPO also makes every effort to ensure that its advisory committees, public participation activities and all other programs, services and activities include representation by communities with disabilities and disability service groups. The TPO will provide reasonable accommodation to individuals with disabilities who wish to participate in public meetings or events or who require special assistance to access facilities, programs, services or activities. Persons who require special accommodations, assistance or resources should contact Liz Mitchell, Title VI Coordinator, at least seven (7) days in advance, so proper accommodations can be made.

APPENDIX A GENERAL REQUIREMENTS

General Requirements (Chapter 3) based on the FTA Circular 4702.1B are as follows:

- 1. A copy of the Title VI notice to the public, and a list of locations where the notice is posted.
- 2. Instructions on how to file a complaint, complaint procedures, and a copy of a complaint form.
- 3. A list of any public transportation-related Title VI investigations, complaints, or lawsuits.
- 4. A public participation plan that includes an outreach plan to engage minority and limited English proficient populations, as well as a summary of outreach efforts made since the last Title VI program submission.
- 5. A plan for providing language assistance to persons with limited English proficiency, based on the FDOT LEP Guidance.
- 6. Must provide a table depicting the racial breakdown of the non-elected advisory committees, and a description of efforts made to encourage the participation of minorities on such committees or councils.
- 7. If a facility has been constructed, shall include a copy of the Title VI equity analysis that was conducted during the planning stage with regard to the location or facility.

Requirements for Metropolitan Transportation Planning Organizations based on the FTA Circular 4702.1B (Chapter 6) are as follows:

- 1. All general requirements set out in section 4 of Chapter 3 (see above).
- 2. Demographic profile of the metropolitan area that includes identification of the locations of minority populations in the aggregate.
- 3. A description of the procedures by which the mobility needs of minority populations are identified and considered within the planning process.
- 4. Demographic maps that overlay the percent minority and non-minority populations as identified by Census or ACS data, at Census tract or block group level, and charts that analyze the impacts of the distribution of State and Federal funds in the aggregate for public transportation purposes, including Federal funds managed by the MPO as a designated recipient
- 5. An analysis of impacts identified in (#4 of this section) any disparate impacts on the basis of race, color, or national origin, and, if so, determines whether there is a substantial legitimate justification for the policy that resulted in the disparate impacts, and if there are alternatives that could be employed that would have a less discriminatory impact.

APPENDIX D LIMITED ENGLISH PROFICIENCY (LEP) PLAN

In order to ensure meaningful access to programs and activities, the Ocala Marion Transportation Planning Organization (TPO) uses the information obtained in a Limited English Proficiency (LEP) survey that utilizes a four-factor analysis to determine the specific language services that are appropriate for the Ocala Marion TPO Metropolitan Planning Area (MPA). This analysis helps the TPO to determine if it communicates effectively with LEP persons and engages adequately and timely in language access planning. To complete this four-factor analysis the TPO utilized the U.S. Department of Transportation LEP guidance. The results are as follows:

Factor 1: According to Census data, only 3.9% or 14,415 individuals respectively, of the population 5 years and over, speak English less than "very well." Therefore, due to this limited number of individuals who speak English less than "very well" there has been little to no contact with LEP individuals over the years.

Language Spoken at Home	Number	Speak English very well	Percent	Speak English less than very well	Percent
Population 5 years & over	<mark>367,879</mark>	<mark>353,464</mark>	<mark>96.1</mark>	<mark>14,415</mark>	<mark>3.9</mark>
Only English	<mark>318,862</mark>		<mark>86.7</mark>		
Spanish or Spanish Creole	<mark>37,154</mark>	<mark>25,822</mark>	<mark>69.5</mark>	<mark>11,332</mark>	<mark>30.5</mark>
Other Indo-European	<mark>5,763</mark>	<mark>3,978</mark>	<mark>69</mark>	<mark>1,785</mark>	<mark>31</mark>
Asian and Pacific Island	<mark>4,194</mark>	<mark>3,119</mark>	<mark>74.4</mark>	<mark>1,075</mark>	<mark>25.6</mark>
All Other Languages	<mark>1,906</mark>	<mark>1,683</mark>	<mark>88.3</mark>	<mark>223</mark>	<mark>11.7</mark>

American Community Survey (ACS) 1-Year Estimates 2021

Factor 2: Considering the small amounts of individuals that live in the planning area who have Limited English Proficiency, the probability of interaction with LEP individuals is very low. Also, the Title VI Complaint procedures and forms have been translated into Spanish and are accessible on the website. Any other language deemed necessary will be made available upon request. In addition, the TPO website <u>www.ocalamariontpo.org</u>, has been translated into various languages.

- Factor 3: Transportation is a vital part of people's everyday lives. It affects the roads they drive on, congestion, development, and their safety on the roadways. Therefore, increasing awareness with all individuals regarding the transportation planning process is an objective of the TPO. Bilingual information (English/Spanish) is distributed in several different manners through:
 - a. Managing a bilingual website
 - b. Distributing bilingual informational material
 - c. Providing bilingual translators at meetings
 - d. Providing bilingual customer service staff
 - e. Provide "I speak cards" at meetings and events
- Factor 4: With such a limited number of individuals (< 5%) contained within the Metropolitan Planning Area (MPA), it would not be cost effective to translate all documents into Spanish. In addition, the TPO website can be translated into a wide array of languages.

TRANSLATION

When and if an interpreter is needed, first a determination of what language is needed. Then, depending on the language needed the TPO will utilize all available resources to ensure that the needs of that individual(s) are met. However, as there are no translation services within the Ocala area, further assistance would be sought out from the Ocala Police Department, and the University of Florida language department.

TRAINING

All TPO staff will be provided with the LEP plan as part of the Title VI Plan in the Employee Orientation. Employees will be educated on procedures and services available under Title VI. Training topics include:

- Understanding the Title VI LEP program responsibilities;
- What language assistance is available;
- Documentation of language assistance requests;
- How to handle a complaint
- Availability of "I speak cards" at meetings and events

MONITORING

The TPO understands that its community profile is changing and the four-factor analysis may reveal the need for more or varied LEP services in the future. As such, it will annually examine its LEP plan to ensure that it remains reflective of the changes in the community.

APPENDIX E STATEMENTS AND ASSURANCES

Inserted

FLORIDA DEPARTMENT OF TRANSPORTATION UNIFIED PLANNING WORK PROGRAM (UPWP) STATEMENTS AND ASSURANCES

TITLE VI/ NONDISCRIMINATION ASSURANCE

Pursuant to Section 9 of US DOT Order 1050.2A, the Ocala/Marion County TPO assures the Florida Department of Transportation (FDOT) that no person shall on the basis of race, color, national origin, sex, age, disability, family or religious status, as provided by Title VI of the Civil Rights Act of 1964, the Civil Rights Restoration Act of 1987, the Florida Civil Rights Act of 1992 and other nondiscrimination authorities be excluded from participation in, be denied the benefits of, or be otherwise subjected to discrimination or retaliation under any program or activity.

The Ocala/Marion County TPO further assures FDOT that it will undertake the following with respect to its programs and activities:

- 1. Designate a Title VI Liaison that has a responsible position within the organization and access to the Recipient's Chief Executive Officer.
- 2. Issue a policy statement signed by the Chief Executive Officer, which expresses its commitment to the nondiscrimination provisions of Title VI. The policy statement shall be circulated throughout the Recipient's organization and to the general public. Such information shall be published where appropriate in languages other than English.
- 3. Insert the clauses of *Appendices A and E* of this agreement in every contract subject to the Acts and the Regulations
- 4. Develop a complaint process and attempt to resolve complaints of discrimination against sub-recipients. Complaints against the Recipient shall immediately be forwarded to the FDOT District Title VI Coordinator.
- 5. Participate in training offered on Title VI and other nondiscrimination requirements.
- 6. If reviewed by FDOT or USDOT, take affirmative action to correct any deficiencies found within a reasonable time period, not to exceed ninety (90) calendar days.
- 7. Have a process to collect racial and ethnic data on persons impacted by your agency's programs.

THIS ASSURANCE is given in consideration of and for the purpose of obtaining any and all federal funds, grants, loans, contracts, properties, discounts or other federal financial assistance under all programs and activities and is binding. The person whose signature appears below is authorized to sign this assurance on behalf of the Recipient.

Bethe SR.

Name: Ire Bethea Sr. Title: TPO Chair

4/26/22

Date

STATEMENTS AND ASSURANCES

During the performance of this contract, the contractor, for itself, its assignees and successors in interest (hereinafter referred to as the "Contractor") agrees as follows:

- (1) **Compliance with Regulations:** The Contractor shall comply with the Regulations relative to nondiscrimination in Federally-assisted programs of the U.S. Department of Transportation (hereinafter, "USDOT") Title 49, Code of Federal Regulations, Part 21, as they may be amended from time to time, (hereinafter referred to as the Regulations), which are herein incorporated by reference and made a part of this Agreement.
- (2) **Nondiscrimination:** The Contractor, with regard to the work performed during the contract, shall not discriminate on the basis of race, color, national origin, sex, age, disability, religion or family status in the selection and retention of subcontractors, including procurements of materials and leases of equipment. The Contractor shall not participate either directly or indirectly in the discrimination prohibited by section 21.5 of the Regulations, including employment practices when the contract covers a program set forth in Appendix B of the Regulations.
- (3) Solicitations for Subcontractors, including Procurements of Materials and Equipment: In all solicitations made by the Contractor, either by competitive bidding or negotiation for work to be performed under a subcontract, including procurements of materials or leases of equipment; each potential subcontractor or supplier shall be notified by the Contractor of the Contractor's obligations under this contract and the Regulations relative to nondiscrimination on the basis of race, color, national origin, sex, age, disability, religion or family status.
- (4) Information and Reports: The Contractor shall provide all information and reports required by the Regulations or directives issued pursuant thereto, and shall permit access to its books, records, accounts, other sources of information, and its facilities as may be determined by the *Florida Department of Transportation*, the *Federal Highway Administration, Federal Transit Administration, Federal Aviation Administration, and/or the Federal Motor Carrier Safety Administration* to be pertinent to ascertain compliance with such Regulations, orders and instructions. Where any information required of a Contractor is in the exclusive possession of another who fails or refuses to furnish this information the Contractor shall so certify to the *Florida Department of Transportation*, the *Federal Highway Administration, Federal Transit Administration, Federal Aviation Administration, and/or the Federal Motor Carrier Safety Administration* as appropriate, and shall set forth what efforts it has made to obtain the information.
- (5) **Sanctions for Noncompliance:** In the event of the Contractor's noncompliance with the nondiscrimination provisions of this contract, the *Florida Department of Transportation* shall impose such contract sanctions as it or the *Federal Highway Administration, Federal*

Transit Administration, Federal Aviation Administration, and/or the Federal Motor Carrier Safety Administration may determine to be appropriate, including, but not limited to:

- a. Withholding of payments to the Contractor under the contract until the Contractor complies, and/or
- b. Cancellation, termination or suspension of the contract, in whole or in part.
- (6) Incorporation of Provisions: The Contractor shall include the provisions of paragraphs (1) through (7) in every subcontract, including procurements of materials and leases of equipment, unless exempt by the Regulations, or directives issued pursuant thereto. The Contractor shall take such action with respect to any subcontract or procurement as the Florida Department of Transportation, the Federal Highway Administration, Federal Transit Administration, Federal Aviation Administration, and/or the Federal Motor Carrier Safety Administration may direct as a means of enforcing such provisions including sanctions for noncompliance. In the event a Contractor becomes involved in, or is threatened with, litigation with a sub-contractor or supplier as a result of such direction, the Contractor may request the Florida Department of Transportation to enter into such litigation to protect the interests of the Florida Department of Transportation, and, in addition, the Contractor may request the United States to enter into such litigation to protect the interests of the United States.
- (7) Compliance with Nondiscrimination Statutes and Authorities: Title VI of the Civil Rights Act of 1964 (42 U.S.C. § 2000d et seq., 78 stat. 252), (prohibits discrimination on the basis of race, color, national origin); and 49 CFR Part 21; The Uniform Relocation Assistance and Real Property Acquisition Policies Act of 1970, (42 U.S.C. § 4601), (prohibits unfair treatment of persons displaced or whose property has been acquired because of Federal or Federal-aid programs and projects); Federal-Aid Highway Act of 1973, (23 U.S.C. § 324 et seq.), (prohibits discrimination on the basis of sex); Section 504 of the Rehabilitation Act of 1973, (29 U.S.C. § 794 et seq.), as amended, (prohibits discrimination on the basis of disability); and 49 CFR Part 27; The Age Discrimination Act of 1975, as amended, (42 U.S.C. § 6101 et seq.), (prohibits discrimination on the basis of age); Airport and Airway Improvement Act of 1982, (49 USC § 471, Section 47123), as amended, (prohibits discrimination based on race, creed, color, national origin, or sex); The Civil Rights Restoration Act of 1987, (PL 100-209), (Broadened the scope, coverage and applicability of Title VI of the Civil Rights Act of 1964, The Age Discrimination Act of 1975 and Section 504 of the Rehabilitation Act of 1973, by expanding the definition of the terms "programs or activities" to include all of the programs or activities of the Federal-aid recipients, sub-recipients and contractors, whether such programs or activities are Federally funded or not); Titles II and III of the Americans with Disabilities Act, which prohibit discrimination on the basis of disability in the operation of public entities, public and private transportation systems, places of public accommodation, and certain testing entities (42 U.S.C. §§ 12131 -- 12189) as implemented by Department of Transportation regulations at 49 C.F.R. parts 37 and 38; The Federal Aviation Administration's Non-discrimination statute (49 U.S.C. § 47123) (prohibits discrimination on

the basis of race, color, national origin, and sex); Executive Order 12898, Federal Actions to Address Environmental Justice in Minority Populations and Low-Income Populations, which ensures non-discrimination against minority populations by discouraging programs, policies, and activities with disproportionately high and adverse human health or environmental effects on minority and low-income populations; Executive Order 13166, Improving Access to Services for Persons with Limited English Proficiency, and resulting agency guidance, national origin discrimination includes discrimination because of limited English proficiency (LEP). To ensure compliance with Title VI, you must take reasonable steps to ensure that LEP persons have meaningful access to your programs (70 Fed. Reg. at 74087 to 74100); Title IX of the Education Amendments of 1972, as amended, which prohibits you from discriminating because of sex in education programs or activities (20 U.S.C. 1681 et seq)

RE:	Marion Transit Service Analysis, Scope of Services

<u>Summary</u>

The TPO serves the Transportation Disadvantaged Local Coordinating Board (TDLCB) in Marion County, and is seeking to work with Marion Transit (MT) to conduct an analysis of transportation disadvantaged and rural public transportation service. This service analysis is meant to assess modifications to transportation disadvantaged rural services and to meet the growing demand in Marion County. Additionally, results from the 2020 Census also are impacting the need for the analysis. An important aspect of this project will involve identifying areas of the County to maximize the use of existing levels of available transit service funding. This project corresponds directly to the implementation of Goal 1 of the Transportation Disadvantaged Service Plan (TDSP): "*To provide the best possible transportation service to those in the service area*".

The TPO Board is being asked to review and approve this project as it would be funded through the Unified Planning Work Program (UPWP) using Federal Transit Administration (FTA) 5305d planning funds.

As identified in the TDSP managed by the TPO, the Critical Need disadvantaged population in Marion County is estimated to be 24% or 84,900 residents, including 33,200 non-elderly residents. The Critical Need population includes individuals who, due to physical limitations or low income, are unable to transport themselves or purchase transportation and are dependent upon others to obtain access to health care, employment, education, shopping, social activities, and other life-sustaining activities. Over the next five years, the number of Critical Need trips in Marion County is projected to increase by 9.2%. Additionally, Marion County continues to age with residents over 65 now representing about 29% (109,000) the total population.

A transportation system that supports growth, mobility, and safety through leadership and planning Marion County • City of Belleview • City of Dunnellon • City of Ocala This project will specifically involve a Task Order with the TPO's General Planning Consultant Kimley-Horn and Associates to complete a transportation disadvantaged service analysis on the Census-designated Rural areas of Marion County. Included with this memo is an overview presentation and detailed Task Order Scope of Services, outlining the work to be completed.

Attachment(s)

- Board Presentation
- Letter of Support, Marion Transit
- Draft Scope of Services

Action Requested

• Approval of the Task Order Scope of Services.

If you have any questions or concerns, please contact me at: 438-2631.

Transportation Disadvantaged Service Analysis Task Order Approval

January 24, 2022

- Project to serve the Transportation
 Disadvantaged Local Coordinating Board (TDLCB) and Marion Transit
- Collaborative process with Marion Transit
- Specialized, third party services to conduct a Service Area Study Analysis

Implementation of TDSP, Goal 1:

"To provide the best possible transportation service to those in the service area."

Maximize existing funding, services

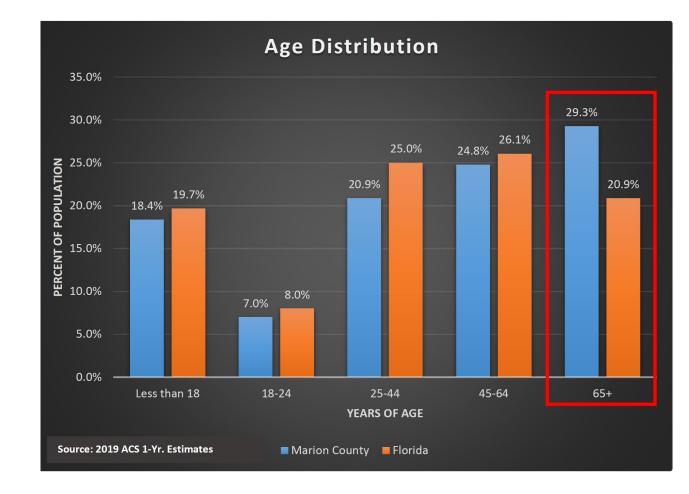

Critical Need Disadvantaged Population is 23% or 84,900 residents – 9% Trip Growth 2025

Table 1.10: Critical Need Transportation Disadvantaged

County TD Population by Age	Total Population with Disability by Age	% with a Severe Disability by Age	Total Population with Severe Disability by Age	% of Total Pop with Severe Disability by Age	% of Severe Disability Below Poverty Level	Total Severe Disability Below Poverty Level

 Over 65 is the largest population group in Marion County at 29% or 109,000 residents

Changes from the 2020 US Census

- No longer two types of urban areas "Urbanized Area" or "Urban Cluster"
- Now only "Urban" or "Rural"
- Impacts to Marion Transit (5311)

- Conduct a Service Area Analysis to identify areas of the county/community that may be served or better served by Marion Transit
 - Transportation Disadvantaged, Rural 5311 program
- Maximize existing funding and services to meet the community's needs

2020 Census Urban Area and Demographic Analysis

- Identify all target populations
- Assess Demand and Needs

Development of Service Options

• On-Demand, Zone-Based, etc.

Deliverables

- Feedback, Coordination with TDLCB members and Marion Transit
- Complete a Service Analysis Report
- Presentation to TDLCB

Project Cost

Task Order for Kimley Horn and Associates (TPO's GPC consultant)

- \$32,880 total cost
- Completion in June 2023
- Use of Federal Transit Administration (FTA) 5305d Planning Funding (Grant FY 21/22)

5305d Grant

FTA 5305d Grant (FY 21/22) – G248

- \$83,826 Grant (federal)
 - \$40,214 Staff Salaries, Consultants
 - \$29,670 Cost Allocation Encumbered
 - \$9,149 Travel/Training Encumbered
 - \$4,793 Office Expenses Encumbered

Requesting Board Approval Service Analysis Task Order

To:	Rob Balmes and Liz Mitchell
From:	Clayton Murch, Transportation Director Marion Transit
Date:	November 17, 2022
Subject:	Deviated-Fixed-Route expansion into additional areas of Marion County

I have reviewed the Transit Service Analysis provided by Kimley-Horn. I approve of the scope of the proposal. This analysis should provide valuable insight and enable us to better focus our efforts on service expansion into other areas of Marion County.

As stated previously, we are currently analyzing deviated-fixed-route expansion into the Forest area and potentially the Reddick/Citra area. The thorough analysis of the new census data (referenced in this study) will greatly assist us in determining both the feasibility and the future potential to serve clients in these and/or other areas of the county. If one or both areas are determined to not be the best options for expansion, the analysis will identify in which other areas expanded service would be most advantageous. That fact alone would help to ensure that we are providing expanded services to the locations that need it the most, both now and in the future.

Sincerely,

Chayton Murch

Transportation Director / Community Transportation Coordinator Marion Senior Services, Inc. dba Marion Transit

Ocala Marion County TPO Marion Transit Service Analysis Scope of Services

Introduction

The Ocala Marion Transportation Planning Organization (TPO) works with Marion Transit (MT) to provide public transportation services throughout Marion County. MT makes use of FTA Section 5311 Program funding to provide public transportation services to areas of the County outside of the Census urbanized area. As the Community Transportation Coordinator (CTC), MT also assumes responsibility for ensuring coordination of local transportation services consistent with the rules defined by the Florida Commission for the Transportation Disadvantaged (FCTD). That responsibility includes provision of door-to-door paratransit services to meet the transportation needs for medical, life-sustaining, educational, work, business, and recreational activities for Marion County's TD population, as well as other recipients in the County.

<u>Purpose</u>

The TPO and MT are seeking to reevaluate transportation disadvantaged and rural public transportation service levels based on forthcoming 2020 US Census urbanized area boundaries. The result of that service evaluation is implementation of modified transportation disadvantaged and rural transportation services that meet growing transportation demand in the community. An important aspect of this project is identifying areas and/or communities that will maximize use of the existing levels of available transit service funding. This project corresponds directly to the implementation of Goal 1 of the Transportation Disadvantaged Service Plan (TDSP): "To provide the best possible transportation service to those in the service area".

The following scope of work defines required tasks to be performed by Kimley-Horn to support the TPO and MT staff in completion of this project

Scope of Services

Task 1: Project Management and TDLCB Coordination

Kimley-Horn will identify a single project lead to coordinate all project activities and actively manage the project schedule. At the onset of the project, Kimley-Horn will prepare for and facilitate a project kick-off meeting with TPO and MT staff. The draft project schedule, major milestones, data collection needs, and other strategic policy and project expectations will be discussed at the kick-off meeting.

Following the kick-off meeting, Kimley-Horn will schedule monthly project status meetings with the project team. The project status meetings will be conducted as virtual meetings or conference calls and will support the effort to adequately address all project tasks in a timely and efficient manner. These progress meetings will address project progress, work products, upcoming activities, and issues that must be addressed to maintain the project schedule.

In addition to the project kickoff meeting and monthly status meetings, Kimley-Horn will prepare for and lead one presentation to the Marion County Transportation Disadvantaged Local Coordinating Board (TDLCB). The meeting will be focused on sharing results of the service analysis to the TDLCB and gathering input on needs.

Deliverables

- In-Person Project Kickoff Meeting and site visit
- Monthly Project Status Meetings
- Monthly Progress Reports and Invoicing
- A presentation to the TDLCB upon completion

Task 2: 2020 Census Urbanized Area and Demographic Analysis

Kimley-Horn will use the latest ACS 5-year data to conduct a demographic analysis of transit supportive areas in Marion County. Transit supportive populations will include zero-vehicle households, elderly, low-income, and disabled populations. To support that analysis, Kimley-Horn will develop a transit propensity index that will provide a composite scoring and representation of analysis variables in one geographic analysis.

The demographic analysis will focus on areas outside of the revised urbanized area as defined by the 2020 Census. In this way, target populations in rural areas (i.e., outside of the urbanized area) can be identified.

In addition to the review of Census data, Kimley-Horn staff will review TPO population and employment forecasts to identify areas of potential growth.

Deliverables

- Supporting visual aids (i.e., maps) that delineate the newly defined urban and rural areas within the County
- Demographic analysis map series
- Transit Propensity Index

Task 3: Development of Service Options

The development of service options will be the product of several resources, including coordination with the MT team, input from the TDLCB, and information compiled through Tasks 1 and 2 of this project. Kimley-Horn will develop a set of proposed service options including the opportunity for on-demand or zone-based services. Kimley-Horn will

prepare for and facilitate a meeting with TPO and MT staff to discuss the proposed options and how to group them for potential future implementation.

Service options will be defined individually or in groups and will include operational details to support decisions on implementation and prioritization. Operational details will include service hour estimates, fleet and staffing requirements, capital and technology needs, and estimates for both operating and capital costs.

Deliverables

- Draft Service Options
- Meeting with TPO and MT Transportation Director

Task 4: Draft and Final Reports

Kimley-Horn will prepare and submit a draft report to TPO and MT staff. The draft report will summarize activities performed as part of the project and will include details on implementation options. Edits and revisions will be compiled into a final report to be submitted to staff.

Deliverables

- Draft Service Analysis Report
- Final Service Analysis Report

Time of Completion

This project is anticipated to be completed within a 3 to 4-month period. The project timeframe will be contingent on release of updated census data in December 2022. Kimley-Horn staff will develop a project schedule, which will outline the key milestones, dates, and deliverables, for the project after the project Kickoff Meeting.

Project Budget

The work assignment budget in the attached Table A reflects the lump sum fee estimate for the tasks and specific deliverables outlined in this scope of services. Staff rates are consistent with contract rates included in the Agreement between Kimley-Horn and Marion County for Project RFQ#20Q-121 – General Planning Consultant for TPO dated August 18, 2020 and Modified July 6, 2022.

Invoices will be processed monthly by the Kimley-Horn based on the percent work completed for each task.

RE: Fiscal Years (FY) 2022/23 to 2023/24 Unified Planning Work Program (UPWP) Amendment #3

<u>Summary</u>

Pending Board approval, TPO staff proposes to amend the Fiscal Years (FY) 2022/2023 to FY 2023/24 Unified Planning Work Program (UPWP) to include an activity related to consultant services support in Task 7 Special Projects. This activity is derived from the task order scope of services detailed in agenda item 5B. The proposed UPWP change is as follows:

• Task 7: Special Projects

- **Task**: Conduct a Transportation Disadvantaged (TD) Service Area Analysis based on changes to the 2020 US Census Urban Area boundaries. This service analysis is meant to assess modifications to current services and to meet the growing demand in Marion County.
- Funding: Currently \$28,715 in budget for consultant services
 - Add task: TD Service Area Analysis
 - Move \$28,715 from Consultants to TD Service Area Analysis
 - Move \$2,165 in Salaries from Task 1 to Task 7 TD Service Area Analysis
 - Move \$2,000 in Salaries within Task 7 to TD Service Area Analysis
- **Total:** \$32,880
- Funding Source: Federal Transit Administration (FTA) 5305d, G248 Grant

Attached to this memo are the proposed changes, overview presentation and proposed amended UPWP document.

Attachment(s)

- Proposed UPWP summary of changes
- Presentation Overview
- Amended FY 22/23 to 23/24 UPWP, pending approval

A transportation system that supports growth, mobility, and safety through leadership and planning Marion County • City of Belleview • City of Dunnellon • City of Ocala

Action Requested

TPO staff requests the TPO Board to approve a UPWP amendment to Task 7 Special Projects.

TASK 1: ADMINISTRATION - CURRENT

Purpose

Identifies all administrative functions necessary to carry out the '3C' (continuous, cooperative and comprehensive) transportation planning process for the TPO planning area.

Previous Work Completed

Summary of completed administrative activities in FY 2020/21 and FY 2021/22.

- Administration of TPO meetings, workshops, agendas and public notices.
- Documentation of all TPO meetings, including formal minutes, file management.
- Completion of financial and invoicing tasks for the PL-112 and 5305d grant reimbursement process.
- Travel and attendance to Central Florida MPO Alliance (CFMPOA) and Metropolitan Planning Organization Advisory Council (MPOAC) meetings.
- Development of regional priority projects lists, including coordination with local partners and the CFMPOA.
- Coordination and attendance of meetings with local, state and federal partners.
- Completion of UPWP and amendment updates.
- Completion of updates to the bylaws for the TPO Board, CAC and TAC.
- Completion of the annual Joint Certification with FDOT in 2021 and 2022.
- Completed an update to the TPO Disadvantaged Business Enterprise (DBE) Program, to be adopted in summer 2022.
- Monitored DBE participation and report payments for work completed for TPO.
- Staff and TPO Board travel at meetings, trainings, conferences and workshops.
- Review of federal and state legislation involving transportation funding and programs to MPO/TPO's.
- Coordination with Marion County Departments, including Human Resources, Payroll, Procurement, IT, Administration and Clerk of the Court and Comptroller.
- Annual host Marion County budget process conducted through the Marion County Clerk of the Court and Comptroller.
- Staff management, personnel changes and interviews.
- Staff Services Agreement with Marion County, including revisions.
- Ongoing communication with TPO Board regarding budget status.
- Procurement and contracting with consultants for tasks and projects.
- Procurement of office supplies, equipment and software licenses.
- Management of travel and training for staff and TPO Board members.
- Printing of information for meetings and workshops.
- TPO Audit coordination and completion with the FDOT Office of Inspector General.

Required Activities

The Task 1 activities planned for FY 2022/23 and FY 2023/24, including end products and completion dates are summarized as follows.

Ocala Marion TPO Unified Planning Work Program

TASK 1: ADMINISTRATION - AMENDED

Purpose

Identifies all administrative functions necessary to carry out the '3C' (continuous, cooperative and comprehensive) transportation planning process for the TPO planning area.

Previous Work Completed

Summary of completed administrative activities in FY 2020/21 and FY 2021/22.

- Administration of TPO meetings, workshops, agendas and public notices.
- Documentation of all TPO meetings, including formal minutes, file management.
- Completion of financial and invoicing tasks for the PL-112 and 5305d grant reimbursement process.
- Travel and attendance to Central Florida MPO Alliance (CFMPOA) and Metropolitan Planning Organization Advisory Council (MPOAC) meetings.
- Development of regional priority projects lists, including coordination with local partners and the CFMPOA.
- Coordination and attendance of meetings with local, state and federal partners.
- Completion of UPWP and amendment updates.
- Completion of updates to the bylaws for the TPO Board, CAC and TAC.
- Completion of the annual Joint Certification with FDOT in 2021 and 2022.
- Completed an update to the TPO Disadvantaged Business Enterprise (DBE) Program, to be adopted in summer 2022.
- Monitored DBE participation and report payments for work completed for TPO.
- Staff and TPO Board travel at meetings, trainings, conferences and workshops.
- Review of federal and state legislation involving transportation funding and programs to MPO/TPO's.
- Coordination with Marion County Departments, including Human Resources, Payroll, Procurement, IT, Administration and Clerk of the Court and Comptroller.
- Annual host Marion County budget process conducted through the Marion County Clerk of the Court and Comptroller.
- Staff management, personnel changes and interviews.
- Staff Services Agreement with Marion County, including revisions.
- Ongoing communication with TPO Board regarding budget status.
- Procurement and contracting with consultants for tasks and projects.
- Procurement of office supplies, equipment and software licenses.
- Management of travel and training for staff and TPO Board members.
- Printing of information for meetings and workshops.
- TPO Audit coordination and completion with the FDOT Office of Inspector General.

Required Activities

The Task 1 activities planned for FY 2022/23 and FY 2023/24, including end products and completion dates are summarized as follows.

Activity	End Product(s)	Completion Date(s)		
Staff support, administration and security of	Meetings, packets, public	Monthly		
TPO committees, boards, meetings, workshops	notifications, minutes			
Financial tasks, budget management and	Budgets for UPWP and	Ongoing		
maintenance of electronic files and records	Host Agency			
Process timesheets, payroll and	Staff timesheets,	Bi-weekly		
monthly/quarterly progress reporting	progress reports			
Prepare and submit invoices for federal grants,	Invoices, progress reports	Monthly,		
progress reports and backup documentation	for federal grants	Quarterly		
Amend, update FY 22/23 to FY 23/24 UPWP	FY 23-24 updated UPWP	As needed		
Complete FY 24/25 to FY 25/26 UPWP	FY 25-26 new UPWP	May 2024		
Prepare financial budgets for host agency	Clerk of Court Budgets	June 2023, 2024		
TPO Board budget updates	Budget Summary Reports	Quarterly		
Participate in annual Joint FDOT/TPO	Certification Reports,	March/April		
Certification process	Certification Statements	2023, 2024		
Participation in MPOAC and CFMPOA, regional	Meetings, trainings,	Quarterly,		
or statewide partner meetings, trainings		Ongoing		
Coordination with MPOAC on regional and	State planning and	Ongoing		
statewide planning, prioritization	coordination			
Coordinate and attend meetings with federal,	Meeting participation	Ongoing		
state and local partners				
Maintain and update TPO agreements, board	Revised agreements,	As needed		
and committee bylaws	bylaws			
Update DBE Program guidance	DBE Program document	August 2022		
TPO Continuity of Operations Plan (COOP) and	COOP document, Process	December 2022		
Process Documentation	documentation			
Monitor legislative activities at the federal,	Summary reports,	Ongoing		
state, local levels affecting transportation	documentation			
Manage consultant support services and	Consultant contract(s),	Ongoing, As		
contracts, task work orders	task orders	needed

RESOLUTION OF THE OCALA/MARION COUNTY TRANSPORTATION PLANNING ORGANIZATION (TPO) ENDORSING THE AMENDED UNIFIED PLANNING WORK PROGRAM FOR FISCAL YEARS 2022/23 to 2023/24.

WHEREAS, the Ocala/Marion County Transportation Planning Organization, designated by the Governor of the State of Florida as the Metropolitan Planning Organization (MPO) and body responsible for the urban transportation planning process for the Ocala/Marion County area; and

WHEREAS, Title 23 CFR Section 450.308(c) and Florida Statute 339.175(9) require each MPO to annually submit a Unified Planning Work Program; and

WHEREAS, a Unified Planning Work Program is defined as an annual transportation planning work program which identifies the planning budget and the planning activities to be undertaken by the TPO during the program year; and

WHEREAS, the Ocala/Marion County Transportation Planning Organization's 2022/23 to 2023/24 Unified Planning Work Program has been prepared consistent with Chapter 3 of the MPO Program Management Handbook.

WHEREAS, the 2022/23 to 2023/24 Unified Planning Work Program was approved by the Ocala/Marion County Transportation Planning Organization on April 26, 2022; and

WHEREAS, the Ocala/Marion County Transportation Planning Organization's 2022/23 to 2023/24 Unified Planning Work Program has been amended to include an annual report public involvement activity in Task 6;

NOW THEREFORE BE IT RESOLVED by the Ocala/Marion County Transportation Planning Organization adopts the amended Unified Planning Work Program for 2022/23 to 2023/24 and authorizes the TPO Director to execute all applications, invoices, revisions, amendments, un-encumbrances and de-obligations that may be necessary during the duration of the UPWP.

CERTIFICATE

The undersigned duly qualified and acting Chair of the Ocala/Marion County Transportation Planning Organization hereby certifies that the foregoing is a true and correct copy of a Resolution adopted at a legally convened meeting of the Ocala/Marion County Transportation Planning Organization held on this 29th day of November 2022.

The Ocala Marion Transportation Planning Organization (TPO) is committed to ensuring that no person is excluded from the transportation planning process and welcomes input from all interested parties, regardless of background, income level or cultural identity. The TPO does not tolerate discrimination in any of its programs, services, activities or employment practices. Pursuant to Title VI of the Civil Rights Act of 1964, as amended, Section 504 of the Rehabilitation Act of 1973, the Americans with Disabilities Act of 1990 (ADA), the Age Discrimination Act of 1975, Executive Order 13898 (Environmental Justice) and 13166 (Limited English Proficiency), and other federal and state authorities. The TPO will not exclude from participation in, deny the benefits of, or subject to discrimination, anyone on the grounds of race, color, national origin, sex, age, disability, religion, income or family status. The TPO welcomes and actively seeks input from the public, to help guide decisions and establish a vision that encompasses all area communities and ensure that no one person(s) or segment(s) of the population bears a disproportionate share of adverse impacts. Persons wishing to express their may do so by contacting the TPO.

INTRODUCTION

The Unified Planning Work Program (UPWP) outlines the Ocala/Marion County Transportation Planning Organization (Ocala Marion TPO) planning activities for the two-year period from July 1, 2022 to June 30, 2024 (fiscal years 2022/2023, 2023/2024). The federal definition of the UPWP is "a statement of work identifying the planning priorities and activities to be carried out within a metropolitan planning area. At a minimum, a UPWP includes a description of the planning work and resulting products, who will perform the work, time frames for completing the work, the cost of the work, and the source(s) of funds" (23 CFR450.104).

The UPWP is required as a basis and condition for federal funding assistance by the joint planning regulations of the Federal Highway Administration (FHWA) and Federal Transit Administration (FTA). All planning activities in the UPWP must also follow a *Continuing, Cooperative and Comprehensive ('3C') transportation process and be in full compliance with Title 23 United States Code (USC), Sections 134 (Metropolitan Transportation Planning), 135 (Statewide Transportation Planning), Title 49 (Public Transportation) Chapter 53 and Florida Statutes (F.S.) 339.175(9).

FUNDING SOURCES

The UPWP provides a description and estimated budget for nine specific planning tasks to be undertaken by the TPO and partner agencies. Planning tasks programmed in the UPWP reflect the services anticipated to meet local priorities, as well as the requirements of FHWA, FTA and the Florida Department of Transportation (FDOT). The federal and state governments provide funding to support the TPO through FDOT and the Florida Commission for Transportation Disadvantaged (CTD), including three primary funding sources: FHWA Planning (PL funds), FTA Section 5305(d), and the CTD Transportation Disadvantaged grant. A portion of local funding is provided to some TPO activities that are non-reimbursable through the three grants.

The TPO and FDOT participate in the Consolidated Grant Program (CPG). The CPG enables FDOT, in cooperation with the TPO, FHWA, and FTA, to annually consolidate Florida's FHWA PL and FTA 5305(d) metropolitan planning fund allocations into a single grant that is administered by the FHWA Florida Division. These funds are annually apportioned to FDOT as the direct recipient and allocated to the TPO by FDOT utilizing formulas approved by the TPO, FDOT, FHWA, and FTA, in accordance with 23 Code of Federal Regulations (CFR) 420.109 and 49 USC Chapter 53. FDOT is fulfilling the CPG's required 18.07% non-federal share (match)

*3C Transportation Planning Process

The U.S. Department of Transportation (USDOT) requires the TPO to carry out a Continuing, Cooperative and Comprehensive (3C) transportation process. *Continuing*: Planning must be maintained as an ongoing activity and addresses both short-term needs and a long-term vision; *Cooperative*: The process must include the entire region and all partners through a public participation process; and *Comprehensive*: the process must cover all modes of transportation and consistent with local plans and priorities.

using Transportation Development Credits as permitted by 23 CFR 120(i) and FTA C 8100.1D. A summary of all planning activities, budget and matching funds for the two-year period are provided on pages 53 to 56.

PARTICIPATION PROCESS

The development of the UPWP is accomplished through regularly scheduled meetings of the TPO's Technical Advisory Committee (TAC) and Citizens Advisory Committee (CAC) (draft only) and the TPO Board (draft and final approval). The TPO also strives to engage citizens and stakeholders to assist in the development of the UPWP. The draft UPWP is provided to the public for a minimum of 30 days prior to adoption by the TPO Board. The TPO uses a variety of methods to involve the public through posting on its website and social media platforms, sending e-blast and press release notifications, and traditional print media. A printed copy of the UPWP is available for public review at the TPO office during regular business hours. The TPO also ensures the UPWP complies with all public involvement provisions identified in Title VI of the Civil Rights Act of 1964 Nondiscrimination Requirements. The public participation process of the UPWP is described in further detail in the TPO's Public Participation Plan on the TPO's public website. **Appendix A** consists of certification statements and assurances for all tasks in the UPWP. **Appendix B** provides a glossary of terms and acronyms used in this document and on a regular basis by the TPO.

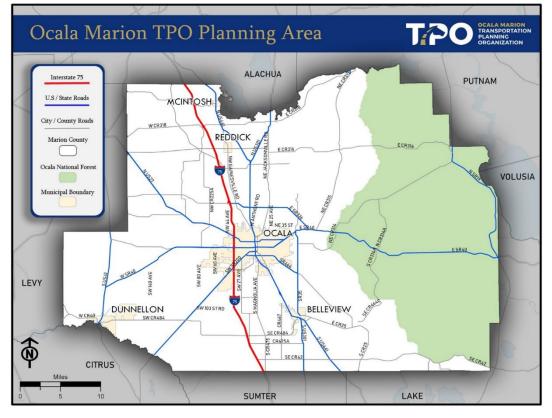

TPO PLANNING AREA

The Ocala Marion TPO is a federally-mandated public agency responsible for the planning and implementation of several modes of transportation, including highway, transit, freight, bicycle, pedestrian and paratransit. The TPO serves the cities of Belleview, Dunnellon, Ocala and Marion County. The TPO was established in 1981 after the 1980 Census determined the urbanized area of Ocala exceeded a threshold of 50,000 people. Due to population growth in the 1980s, the planning boundaries of the entire county were added. **Figure 1** on the next page illustrates the TPO planning area, which includes all of Marion County. The UPWP incorporates all federal, state, regional and local activities to be performed in the census-designated TPO Urbanized Areas and Marion County.

TPO ORGANIZATION STRUCTURE

TPO Governing Board: The Ocala Marion TPO is governed by a 12-member Board of locally elected officials responsible for the overall guidance of the transportation planning process in Marion County. The Board's guidance includes providing leadership and oversight for the development of transportation policies, plans, programs and strategies. The Board is comprised of: City of Ocala Mayor and four members of the City of Ocala Council; all five Marion County Board of County Commissioners; one member of the City of Belleview City Commission; and one member of the City of Dunnellon City Council. The FDOT District Five

Secretary also serves on the TPO Board as a non-voting member. The Board is guided by bylaws, which were adopted in May 2004 and revised in 2021 and 2022 (https://ocalamariontpo.org/wp-content/uploads/2021/02/TPO-Bylaws-January-2021.pdf).

Transportation Disadvantaged Local Coordinating Board (TDLCB): Coordinates transportation needs of the disadvantaged in Marion County, including individuals with physical and economic challenges and senior citizens facing mobility issues.

Citizens Advisory Committee (CAC): Comprised of citizens from all areas of Marion County and its municipalities. Its primary function is to advise the TPO Board on local transportation issues based on the input of citizens in the area they represent.

Technical Advisory Committee (TAC): Comprised of planners, engineers, and other local and state professionals that review plans, programs and projects from a technical perspective, offering recommendations to the TPO Board.

TPO Staff: The TPO is comprised of professional staff members, including a Director, Grants Coordinator/Fiscal Planner, Administrative Specialist/Social Media Coordinator and a professional Planner. Figure 2 displays a staff organization chart of the TPO (April 2022).

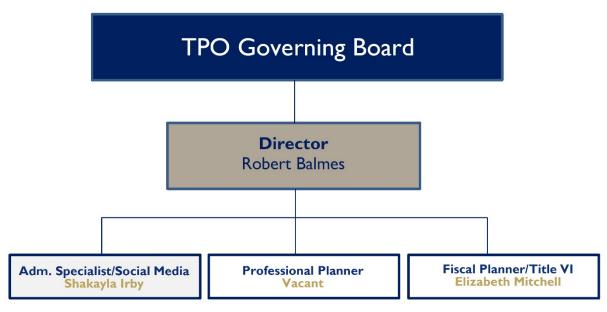

Figure 2: TPO Staff Organization Chart

TPO AGREEMENTS

The TPO executes a number of required agreements to support and facilitate the transportation planning process in Ocala/Marion County. An updated Interlocal Agreement was signed in June 2016 by the TPO's four local governments and FDOT. The Agreement establishes the TPO as the official planning agency for the Ocala urbanized area and other urbanized areas and clusters within Marion County as shown in Figure 1. Additional Joint Participation Agreements (JPA) have been executed for maintaining continued federal and state match funding. In August 2018, the TPO approved an extension to the JPA for the administration of all planning funds in Section 5305(d) through September 30, 2023. The Planning Funds (PL) JPA was approved in June 2021 and is reviewed as part of the annual certification process to ensure consistency with FDOT and TPO policies. In December 2020, a revised Joint Intergovernmental Coordination and Review (ICAR) and Public Transportation Agreement was approved which requires the TPO to have a continuing, cooperative and comprehensive transportation planning process, and coordinate public transportation planning. The agreement is between FDOT, the TPO, East Central Florida Regional Planning Council, City of Ocala and Marion County.

In January 2020, the TPO entered into a revised **Staff Services Agreement** with the Marion County Board of County Commissioners for the County to provide support services and an office facility to the TPO. The agreement also includes a Cost Allocation Plan that the TPO is responsible for payment on a monthly basis to Marion County for indirect services.

The JPA of March 4, 1991, involving the Commission for the Transportation Disadvantaged (CTD) established the Ocala Marion County TPO as the **Designated Official Planning Agency**

(DOPA) for transportation disadvantaged planning. This JPA also established the Ocala Marion TDLCB. The TDLCB meets on a quarterly basis as managed by the TPO.

The TPO is part of a coalition of six Metropolitan Planning Organizations (MPO) that are members of the **Central Florida Metropolitan Planning Organization Alliance (CFMPOA)**. The TPO is party to an **Interlocal Agreement** with the six MPOs, updated in 2018 and 2016.

In 2020, the TPO entered in a **Interlocal Metropolitan Planning Agreement** with the Lake-Sumter Metropolitan Planning Organization to formalize ongoing collaboration for transportation activities in Marion, Lake and Sumter counties.

All Agreements and Bylaws for the TPO Boards and Committees can be found on the TPO website (<u>https://ocalamariontpo.org</u>).

PLANNING EMPHASIS AREAS AND ACTIVITIES

The transportation planning activities of the UPWP are aligned with the '3C' process and follow specific organizational, federal and state emphasis areas. The following summarizes how the TPO's UPWP tasks in fiscal years (FY) 2022/23 and 2023/24 are guided by these respective areas.

PLANNING EMPHASIS AREAS

Long Range Transportation Plan

The **2045 Long Range Transportation Plan (LRTP)** outlines the vision for transportation in Marion County for the next 20 to 25 years. The LRTP reflects input and guidance from government officials, citizen's advisory boards, technical experts, community stakeholders and the general public. The LRTP is also used to forecast future travel demands in Marion County. The 2045 LRTP was adopted by the TPO Board on November 24, 2020 and includes a Needs Assessment and Cost Feasible Plan. Selected projects from the Cost Feasible Plan are identified in the Transportation Improvement Program (TIP) and List of Priority Projects (LOPP). These projects are prioritized on an annual basis. The vision and goals of the 2045 LRTP serve as guidance to transportation planning by the TPO, state and local partners.

2045 LRTP Vision

"Develop a safe, convenient and accessible multimodal transportation system that supports a vibrant economy, preserves existing assets, and protects the natural environment."

2045 LRTP Goals

- 1. Optimize and preserve existing infrastructure.
- 2. Focus on improving safety and security of the transportation system.
- 3. Provide efficient transportation that promotes economic development.
- 4. Promote travel choices that are multimodal and accessible.
- 5. Ensure the transportation system meets the needs of the community.
- 6. Protect natural resources and create quality places.

Federal Planning Factors

In November 2021, the Investment in Infrastructure Jobs Act (IIJA) was signed into law. The IIJA serves as the primary five-year surface transportation legislation and is valid until September 30, 2026. Since regulations and guidance for the TPO's development of the UPWP are not yet available from IIJA, this document will continue to follow the current guidelines under the Fixing America's Surface Transportation Act (Fast Act). The Fast Act identifies ten (10) Planning Factors that shall be considered as part of the development of transportation plans and programs of the TPO. The planning factors are outlined in Title 23 USC, Section 134(h) and listed on the next page. The TPO will update the UPWP, as needed, when new federal regulations and guidelines become available.

Ten Federal Planning Factors:

- 1. Support the economic vitality of the metropolitan area, especially by enabling global competitiveness, productivity, and efficiency;
- 2. Increase the safety of the transportation system for motorized and non-motorized users;
- 3. Increase the security of the transportation system for motorized and nonmotorized users;
- 4. Increase the accessibility and mobility of people and for freight;
- 5. Protect and enhance the environment, promote energy conservation, improve quality of life, promote consistency between transportation improvements and State and local planned growth and economic development patterns;
- 6. Enhance the integration and connectivity of the transportation system, across and between modes, for people and freight;
- 7. Promote efficient system management and operation;
- 8. Emphasize the preservation of the existing transportation system;
- 9. Improve the resiliency and reliability of the transportation system and reduce or mitigate stormwater impacts of surface transportation; and
- 10. Enhance travel and tourism.

Figure 3 summarizes how the TPO's UPWP integrates the ten planning factors in the transportation planning process by Task.

Figure 3: FAST Act Ten (10) Planning Factors and UPWP Tasks

Federal Planning Emphasis Areas (PEA)

On December 30, 2021, FHWA and FTA jointly issued updated Planning Emphasis Areas (PEA). PEAs are specific areas the TPO shall integrate into the ongoing 3C planning work in Ocala/Marion County. The following provides a summary of the eight (8) federal PEAs. **Appendix C** contains more detailed information regarding the eight federal PEAs.

Eight Federal Planning Emphasis Areas (PEA):

- 1. Tackling the Climate Crisis: Transition to Clean Energy, Resilient Future
- 2. Equity and Justice in Transportation Planning
- 3. Complete Streets
- 4. Public Involvement
- 5. Strategic Highway Network (STRAHNET)/U.S. Department of Defense (DOD) Coordination
- 6. Federal Land Management Agency (FLMA) Coordination
- 7. Planning and Environmental Linkages (PEL)
- 8. Data in Transportation Planning

Florida Planning Emphasis Areas

The FDOT develops Planning Emphasis Areas on a two-year cycle in coordination with Metropolitan Planning Organizations' UPWP documents. The Emphasis areas set planning priorities that are supportive of the statewide Florida Transportation Plan (FTP), and give importance to topics that all MPO's are encouraged to address in their respective planning programs. **Figure 4** illustrates the TPO's consideration of the Florida Planning Emphasis Areas in the transportation planning process over the two-year period.

UPWP Task	Safety	Equity	Resilience	Emerging Mobility
1. Administration	Х	Х	Х	Х
2. Data Collection	Х	X	X	
3. Long Range Planning	Х	X	X	Х
4. Short Range Planning	Х	Х	Х	
5. Public Transportation	Х	Х		
6. Public Involvement	Х	Х	Х	Х
7. Special Projects	Х	Х	X	Х
8. Regional Activities	Х	Х	Х	Х
9. Local Fund				

Figure 4: Florida Planning Emphasis Areas and UPWP Tasks

Appendix C contains further background information from FDOT's Office of Policy Planning. The Florida Planning Emphasis Areas are summarized as follows:

<u>Safety</u>

The FTP and the State's Strategic Highway Safety Plan place top priority on safety, with a state target of zero traffic fatalities and serious injuries. In addition to adopting safety targets, the MPOs must show how their LRTPs and priority projects in their TIPs support progress toward those targets. The UPWP should consider enhancements to data analyses and community involvement to better inform the identification and prioritization of safety projects.

<u>Equity</u>

Executive Order 14008, Tackling the Climate Crisis at Home and Abroad, created the "Justice40 Initiative" that aims to deliver 40 percent of the overall benefits of relevant federal investments to disadvantaged communities. This initiative supports Executive Order 13985, Advancing Racial Equity and Support for Underserved Communities Through the Federal Government, outlines federal policy and defines equity as the consistent and systematic fair, just, and impartial treatment of individuals. The FTP seeks transportation choices that improve accessibility and equity by including a key strategy to enhance affordable transportation, service, and information access options for all ages and abilities and throughout underserved communities. The MPOs are key to identifying and implementing improvements based on data-driven project prioritization that considers not only impacts of transportation projects on a community, but also benefits of projects that can enhance opportunities for a community. The UPWP should address approaches to furthering transportation equity.

<u>Resilience</u>

With the passage of the FAST Act, resilience was introduced as a federal planning factor: "Improve the resilience and reliability of the transportation system and mitigate stormwater impacts of surface transportation." Resilience is defined as the ability to adapt to changing conditions and prepare for, withstand, and recover from disruption. These conditions can encompass a wide variety of environmental, technological, economic, or social impacts.

MPOs can address resilience within their planning processes by leveraging tools such as the *FHWA Resilience and Transportation Planning Guide* and *the FDOT Quick Guide: Incorporating Resilience* in the MPO LRTP. It should be noted that while these documents focus primarily on the development of MPO LRTPs and TIPs, addressing resilience should be a consideration within every planning document prepared by an MPO. MPOs should place a particular emphasis on coordination with agency partners responsible for natural disaster risk reduction, or who may be developing local resilience planning initiatives. Additionally, MPOs should consider the additional costs associated with reducing vulnerability of the existing transportation infrastructure. Proactive resiliency planning will help the MPO develop planning documents that are ultimately more realistic and cost-effective.

Emerging Mobility

Advances in communication and automation technology result in new mobility options, ranging from automated and connected transport, electric vehicles, ridesharing, and micromobility, to flying cars and space travel. These changes may be disruptive and transformational, with impacts to safety, vehicle ownership, travel capacity, vehicle miles traveled, land-use, transportation design, future investment demands, supply chain logistics, economy, and the workforce. Implementation of all seven goals of the Florida Transportation Plan can be furthered through both the transformation of major corridors and hubs and the expansion of transportation infrastructure to embrace and support the adoption of emerging mobility. The UPWP should recognize the important influence of emerging mobility on the multimodal transportation system and include related planning studies, collaboration efforts, research, or other activities.

FDOT District Five Planning Activities

The following summarizes the major planning activities of FDOT District Five for the two-year period. **Appendix C** contains more detailed information regarding District planning activities.

Improve Safety

FDOT's mission and top priority is to create a safe, efficient transportation system for all road users in the state of Florida. To continually improve the safety of the traveling public, FDOT participates in several safety campaigns throughout the year, consistently spreads awareness of safety practices through its communication and social media channels, and follows safety standards in every project, every time. FDOT supports the mission of Vision Zero by implementing Target Zero initiatives and by collaborating with our partners to reach zero fatalities and serious injuring on all roads in Florida.

Enhance Mobility

As Florida continues to gain more than 600 residents a day and welcomes more than 126 million annual visitors, it is essential to enhance mobility throughout the state to accommodate its consistent and rapid growth. The Florida Department of Transportation is committed to continuing to enhance our state's transportation system to fit the current and future needs of our residents and visitors. Whether that's through the expansion or enhancement of existing roadways or increased multimodal options, we are committed to building the Florida of the future.

Inspire Innovation

Since it was created, FDOT has been consistently creating innovative solutions to solve transportation challenges throughout the state and has become a leader in transportation across the country. The transportation industry is evolving at a rapid pace, and one of our goals at FDOT is to inspire innovation in everything we do. FDOT is proud to employ some of the best and brightest individuals. In order to continue to provide a safe, efficient transportation system for Florida's residents and visitors and prepare for the future, FDOT encourages every employee to think outside of the box. From the everyday processes we use to complete our work to incorporating the latest technologies, let us be forward-thinking in all we do.

Additional Planning Activities

- MPO Program Management
- Regional Planning
- Environmental Management

Regional Transportation Planning Activities

The following highlights two major regional transportation planning activities to be conducted over the next two-year period within Marion County and the Central Florida region.

I-75 Master Plan

FDOT is conducting a master plan to evaluate transportation improvements and upgrades to I-75 in Sumter, Marion and Alachua Counties. The outcome of this planning process may result in different recommendations to address transportation corridor and interchange needs for certain areas along I-75 in Marion County. The Master Plan is divided into two areas: The Southern Study is from Florida's Turnpike in Sumter County to SR 200 in Marion County (22.5 miles); The Northern Study is from SR 200 to County Road (CR) 234 in Alachua County (25.3 miles). Interchanges to be evaluated include SR 40, US 27, NW 49th, SR 326, CR 236 and CR 234.

Northern Turnpike Extension

The Florida's Turnpike Enterprise (FTE), part of the Florida Department of Transportation, is conducting an Alternative Corridor Evaluation (ACE) and Project Development and Environment (PD&E) Study to evaluate the extension of Florida's Turnpike (State Road 91). The project study area extends from the northern terminus of the Turnpike in Wildwood and includes Citrus, Levy, Marion and Sumter counties. Per Florida Statutes 339.66(6) and Senate Bill 100, the Turnpike is required to submit a PD&E Study status report to the Governor of Florida, President of the Florida Senate and Speaker of the Florida House of Representatives by December 31, 2022.

TPO PLANNING PRIORITIES

The following summarizes the major planning priorities of the TPO for FY 2022/23 and FY 2023/24. Some activities are identified as ongoing or as needed based on changes to federal and state requirements and organizational priorities.

Transportation Improvement Program (TIP)

The TPO will actively manage the FY 2022/23 to 2026/27 TIP, including amendments. The Roll Forward and Federal Obligations Amendments will be adopted by the TPO Board in 2022 and 2023. TPO staff will develop the next TIP for FY 2023/24 to 2027/28, scheduled for adoption by June 2023. The following fiscal year will involve the development of the FY 2024/25 to 2028/29 TIP, scheduled for adoption by June 2024.

2045 Long Range Transportation Plan (LRTP)

The TPO will actively manage the 2045 LRTP and process all amendments, potentially on an annual basis to ensure projects are amended into the Needs and/or Cost Feasible Elements.

2050 Long Range Transportation Plan (LRTP)

The TPO will begin the planning process for development of the 2050 LRTP, which is required to be adopted by the TPO Board in November 2025. Activities include a project management plan, scope development, identification of staff and consulting support, and project kick-off.

Public Participation Plan (PPP)

In 2021, the TPO updated the Public Participation Plan (PPP). The TPO typically updates the PPP every two to three years. During this UPWP cycle, the TPO will conduct an update to the PPP and ensure all public engagement requirements, practices and deadlines are reviewed and updated. This will include emerging or new methods of public participation.

Transportation Disadvantaged Local Coordinating Board (TDLCB)

The TPO serves the transportation disadvantaged community of Ocala/Marion County in partnership with representative agencies and the Community Transportation Coordinator (CTC), currently Marion Senior Services. The TPO will be involved in several major activities including updates to the Transportation Disadvantaged Service Plan (TDSP), annual CTC Evaluation, quarterly TDLCB meetings and annual workshops.

TPO Continuity of Operations Plan (COOP) and Process Documentation

The TPO will develop a Continuity of Operations Plan (COOP) to guide the continued functioning and performance of the TPO. COOP planning is standard organizational practice to ensure the fundamental mission of the TPO is carried out, including a TPO staff order of succession. The TPO will also formalize a compilation of process documentation related to all core work products and activities.

Congestion Management Plan (CMP), State of System Report

In 2021, the TPO completed a major update to the Congestion Management Plan (CMP), which

included a Policy and Procedures Element and a State of the System Report. The TPO plans to update the State of the System Report every two to three years. During this UPWP cycle, the TPO will complete one update to State of the System Report.

Safety Planning Implementation

Improving safety for all modes and users is critical to the future of transportation in Marion County. In 2022, the TPO, in collaboration with its state and local government partners, will adopt the Commitment to Zero Safety Action Plan. As part of future implementation, the TPO will identify and support projects that improve safety, including multimodal and complete streets. The TPO will also be involved in supporting grants; developing online reporting tools and crash reports; improving education and awareness; and the implementation strategies outlined in Commitment to Zero.

Equity in Transportation

The TPO will undertake a process to assess transportation equity in Ocala/Marion County. Based on the result of the 2020 Census, a study or analysis will be conducted that supports a further understanding of the opportunities and challenges associated with transportation equity, and how to support greater access to the multimodal transportation system for all members of the community.

Resiliency Planning

Improving resiliency is crucial to the long-term viability of the transportation system in Ocala/Marion County. As a follow-up to the Transportation Resilience Guidance Paper published in February 2022, the TPO will assess the further development of planning tools and/or a master planning project. The TPO will also identify and support resilience projects, data/information, grants, education and other opportunities.

ACES (Automated, Connected, Electric, Shared-use) Vehicles and Emerging Technologies

The transportation system of the nation is being transformed through ACES and other emerging technologies. The TPO will assess the future implications of these advancements, including the development of policies, plans and/or overall approaches, specific to Ocala/Marion County. This may also involve how to better integrate short-term and long-term planning through the TPO's core planning documents to address the opportunities and challenges of ACEs in the future.

Community Gateway Planning

The TPO will support the planning and coordination of interchange and community gateways in Ocala/Marion County with state and local partner agencies.

Freight Mobility

The transportation and logistics industry is experiencing significant growth in Ocala/Marion County. The TPO will provide support to state and local partners to improve freight mobility. This may include a local freight assessment and/or strategic planning to provide more

accessibility and safety for freight providers, the logistics industry and community residents.

Transportation Studies

As the Ocala/Marion County population and transportation system continues to expand and develop, the TPO may support local state and local governments by performing professional planning activities, not limited to the completion of trail feasibility studies, congestion management corridor studies, complete streets sub-area or corridor specific safety studies, transit and traffic circulation studies. The UPWP will be amended as specific studies are coordinated and formalized. These studies are dedicated to support the implementation of the Congestion Management Plan (CMP) and Commitment to Zero Safety Action Plan.

2020 Census Planning

Pending the outcome of the U.S. Census Urban Area boundaries and Transportation Management Area (TMA) designations by USDOT, the TPO may implement an organizational strategic plan to prepare for necessary transition planning. This may include an assessment of additional federal requirements and organizational changes. The estimated Census implementation timeline is from 2022 to 2024.

UPWP TASKS AND FUNDING

The activities of the UPWP are organized into nine (9) specific tasks. Each task provides an overview of the work completed in the previous UPWP, activities planned for the two-year period, and the funding sources and costs associated with the activities. Summary budget tables for FY 2022/2023 and FY 2023/2024 are on pages 53 to 56.

Task 1: Administration: Identifies all administrative functions to carry out the continuous, cooperative and comprehensive transportation planning process for the TPO area.

Task 2: Data Collection: Includes the collection and analysis of socioeconomic, traffic, crash, land use, and other transportation related data on a continuing basis in order to document changes within the TPO transportation study area.

Task 3: Long Range Planning: Includes work related to the development and maintenance of the Long-Range Transportation Plan (LRTP), performance management, as well as the Efficient Transportation Decision Making Process (ETDM).

Task 4: Short Range Planning: Includes development of the annual Transportation Improvement Program (TIP) and Priority Project development process and reviews of impacts to the transportation system.

Task 5: Public Transportation: Includes all work items related to the Transportation Disadvantaged (TD) Program and the public transportation system in Marion County.

Task 6: Public Involvement: Describes the activities used to encourage public participation in the '3C' transportation planning process.

Task 7: Special Projects: Identifies all short-term projects and/or planning studies undertaken or sponsored by the TPO.

Task 8: Regional Activities: Identifies the transfer of funds to MetroPlan in support of the Central Florida Metropolitan Planning Organization (MPO) Alliance regional planning.

Task 9: Local Fund: Identifies expenditures that are non-reimbursable from state and federal grant sources, provided by the local government host agency.

A. Personnel	Salaries and fringe benefits. Fringe includes retirement, FICA,
	health insurance, workers compensation, and life insurance.
B. Consultant	Costs for consulting services in support of TPO planning activities.
C. Travel	Costs for travel related to TPO activities. This includes costs
	associated with training and educational related activities.
D. Direct Expenses	Costs for public advertising, office supplies, computer
	equipment, furniture, copier, postage, printing and binding,
	software, professional dues, insurance, etc.
E. Indirect Expenses	Marion County Cost Allocation through Staff Services Agreement.

Budget categories for the UPWP are as follows:

Ocala Marion TPO Unified Planning Work Program

State Soft Match

Section 120 of Title 23, USC, permits FDOT to use toll revenue expenditures as a credit (noncash) toward the non-federal matching share of authorized MPO programs. This credit, referred to as a soft-match, is listed as FDOT state funds in the agency participation tables on pages 53 to 56. For this UPWP cycle, the total soft match provided by FDOT is 18.07% of the CPG (consolidated FHWA PL and FTA 5305d funds). The soft-match replaces the required local government cash-match to the TPO's CPG. The soft-match provided by FDOT for carryover FTA 5305d funds is 20%. This soft-match replaces the previous cash-match requirement of 10% state and 10% local.

FHWA Approval

Any purchase equal to or greater than \$5,000 shall require the pre-approval of the Federal Highway Administration per Section 200 of Title 2, USC.

Indirect Rate – Cost Allocation Plan

Per the Staff Services Agreement between the TPO and Marion County Board of County Commissioners, calculated indirect rates are used by the Office of the Marion County Clerk of the Circuit Court and Comptroller to recover indirect costs of the TPO. These rates are derived from an annual TPO Cost Allocation Plan completed by the Clerk of the Circuit Court and Comptroller. The Plan is prepared in compliance with Section 200 of Title 2, USC. The Plan was presented to and approved in 2021 by the TPO Board and the FDOT. **Appendix E** contains the most current rate, prior TPO Cost Allocation rates, and the Staff Services Agreement with Marion County.

Funding Summary

The following chart summarizes the total funding by source allocated to the TPO for FY 2022/2023 and FY 2023/2024. The CPG is reflected as FHWA PL in each of the nine (9) task tables in both fiscal years for reporting purposes.

Funding Source	Fiscal Year 2022/2023	Fiscal Year 2023/2024
Consolidated Planning Grant (CPG)	\$898,984	\$669,715
FHWA PL-112	\$797,150	\$567,881
FTA 5305(d)	\$101,834	\$101,834
FTA 5305(d) Carryover (prior grants)	\$146,840	\$0
CTD (Transportation Disadvantaged)	\$27,551	\$27,551
Local Funding	\$2,000	\$2,000
Total:	\$1,075,375	\$699,266

TASK 1: ADMINISTRATION

Purpose

Identifies all administrative functions necessary to carry out the '3C' (continuous, cooperative and comprehensive) transportation planning process for the TPO planning area.

Previous Work Completed

Summary of completed administrative activities in FY 2020/21 and FY 2021/22.

- Administration of TPO meetings, workshops, agendas and public notices.
- Documentation of all TPO meetings, including formal minutes, file management.
- Completion of financial and invoicing tasks for the PL-112 and 5305d grant reimbursement process.
- Travel and attendance to Central Florida MPO Alliance (CFMPOA) and Metropolitan Planning Organization Advisory Council (MPOAC) meetings.
- Development of regional priority projects lists, including coordination with local partners and the CFMPOA.
- Coordination and attendance of meetings with local, state and federal partners.
- Completion of UPWP and amendment updates.
- Completion of updates to the bylaws for the TPO Board, CAC and TAC.
- Completion of the annual Joint Certification with FDOT in 2021 and 2022.
- Completed an update to the TPO Disadvantaged Business Enterprise (DBE) Program, to be adopted in summer 2022.
- Monitored DBE participation and report payments for work completed for TPO.
- Staff and TPO Board travel at meetings, trainings, conferences and workshops.
- Review of federal and state legislation involving transportation funding and programs to MPO/TPO's.
- Coordination with Marion County Departments, including Human Resources, Payroll, Procurement, IT, Administration and Clerk of the Court and Comptroller.
- Annual host Marion County budget process conducted through the Marion County Clerk of the Court and Comptroller.
- Staff management, personnel changes and interviews.
- Staff Services Agreement with Marion County, including revisions.
- Ongoing communication with TPO Board regarding budget status.
- Procurement and contracting with consultants for tasks and projects.
- Procurement of office supplies, equipment and software licenses.
- Management of travel and training for staff and TPO Board members.
- Printing of information for meetings and workshops.
- TPO Audit coordination and completion with the FDOT Office of Inspector General.

Required Activities

The Task 1 activities planned for FY 2022/23 and FY 2023/24, including end products and completion dates are summarized as follows.

Activity	End Product(s)	Completion Date(s)
Staff support, administration and security of	Meetings, packets, public	Monthly
TPO committees, boards, meetings, workshops	notifications, minutes	
Financial tasks, budget management and	Budgets for UPWP and	Ongoing
maintenance of electronic files and records	Host Agency	
Process timesheets, payroll and	Staff timesheets,	Bi-weekly
monthly/quarterly progress reporting	progress reports	
Prepare and submit invoices for federal grants,	Invoices, progress reports	Monthly,
progress reports and backup documentation	for federal grants	Quarterly
Amend, update FY 22/23 to FY 23/24 UPWP	FY 23-24 updated UPWP	As needed
Complete FY 24/25 to FY 25/26 UPWP	FY 25-26 new UPWP	May 2024
Prepare financial budgets for host agency	Clerk of Court Budgets	June 2023, 2024
TPO Board budget updates	Budget Summary Reports	Quarterly
Participate in annual Joint FDOT/TPO	Certification Reports,	March/April
Certification process	Certification Statements	2023, 2024
Participation in MPOAC and CFMPOA, regional	Meetings, trainings,	Quarterly,
or statewide partner meetings, trainings		Ongoing
Coordination with MPOAC on regional and	State planning and	Ongoing
statewide planning, prioritization	coordination	
Coordinate and attend meetings with federal,	Meeting participation	Ongoing
state and local partners		
Maintain and update TPO agreements, board	Revised agreements,	As needed
and committee bylaws	bylaws	
Update DBE Program guidance	DBE Program document	August 2022
TPO Continuity of Operations Plan (COOP) and	COOP document, Process	December 2022
Process Documentation	documentation	
Monitor legislative activities at the federal,	Summary reports,	Ongoing
state, local levels affecting transportation	documentation	
Manage consultant support services and	Consultant contract(s),	Ongoing, As
contracts, task work orders	task orders	needed
Office supplies, computer equipment, plotter	Supplies and Equipment	As needed
Software license renewal/equipment, purchases	Software Licenses,	Ongoing,
(ArcGIS, Pagefreezer, Microsoft Office, BIS/DCR, Kronos, Clockify,	Equipment, Subscriptions	Annual
Adobe Pro, Adobe Cloud); Online news subscriptions		
Printing of materials for education and outreach	Printed materials	As needed
Travel and training for TPO staff and TPO Board	Meetings, conferences	Ongoing
Monitor DBE participation and report payments	Summary report(s)	Quarterly

TASK 2: DATA COLLECTION

Purpose

Identifies all data collection and analysis activities from a number of sources including the City of Ocala, Belleview, Dunnellon, Marion County, FDOT, University of Florida, federal agencies, and law enforcement. This data is used in the development of geographic information systems (GIS) online applications and maps, the annual TPO Traffic Counts Report, crash reporting, support for the Congestion Management Plan (CMP), level of service/traffic analysis and other tasks as deemed necessary.

Previous Work Completed

Summary of completed data collection activities in FY 2020/21 and FY 2021/22.

- Completion of 2021 and 2020 Traffic Counts Reports.
- Completion of interactive and static maps for TPO website, including Traffic Counts, Transportation and Community Features, Transportation Improvement Program and Long-Range Transportation Plan.
- Coordination and review of traffic counts collection with FDOT, City of Ocala and Marion County.
- Collection of crash data and information from FDOT and University of Florida Signal Four Analytics database.
- Participation in Marion County Community Traffic Safety Team (CTST).
- Participation in statewide GIS coordination meetings.
- Data collection support for the Congestion Management Plan (CMP).
- Participation in the regional Transportation Systems Management and Operations (TSM&O) work group.

Required Activities

The Task 2 activities planned for FY 2022/23 and FY 2023/24, including end products and completion dates are as follows.

Activity	End Product(s)	Completion Date(s)
Completion of annual Traffic Counts Reports	Completed summary	May 2023,
	reports and online maps.	2024
Updates to interactive and static maps for TPO	Online interactive map	Ongoing
website (crashes, traffic counts, multimodal	portal hub on TPO	
transportation network features, congestion	website	
management, safety and others as determined)		
Participation in Community Traffic Safety Team	Meetings, workshops	Monthly,
(CTST) and Transportation Systems		Ongoing
Management and Operations (TSM&O) and		

other state and regional committees		
Data collection and information to support	Data to support	June 2023
update to the Congestion Management Plan	Congestion Management	
(CMP) Updates	Plan (CMP) updates	
Central Florida Regional Planning Model	CFRPM participation	Ongoing,
(CFRPM) review, support and coordination		As needed
On-call data collection, analysis and GIS support	Reports, databases, maps	Ongoing,
services to TPO partner governments		As needed
Data collection to support crash updates	Crash reports, summaries	Annual, On-
		going
Development of Commitment to Zero and	Online interactive maps	December
Congestion Management Plan online maps	on TPO website portal	2022

TASK 3: LONG RANGE PLANNING

Purpose

Identifies activities that support the long-term implementation of TPO transportation programs and projects. Also included are activities that support transportation needs on a local or regional level.

Previous Work Completed

Summary of completed long-range planning activities in FY 2020/21 and FY 2021/22.

- Adoption of the 2045 Long Range Transportation Plan (LRTP).
- Completion of a modification and amendment to the 2045 LRTP.
- Annual updates and adoption of federally required performance measures, including PM-1 Safety, PM-2 Bridge and Pavement, and PM-3 System Performance.
- Coordination with local and regional partners on planning initiatives, local and regional trails and other major projects.
- Participation in the Central Florida Regional Planning Model review.
- Adoption of the FDOT/MPOAC Transportation Performance Measures Consensus Planning Document.
- Coordination with FDOT District Five on Strategic Intermodal System (SIS) project planning and priorities.

Required Activities

The Task 3 activities planned for FY 2022/23 and FY 2023/24, including end products and completion dates are as follows.

TASK 4: SHORT RANGE PLANNING

Purpose

Identifies activities that support the short-term implementation of TPO transportation programs and projects. Also included are activities in support of the annual development and updates of the Transportation Improvement Program (TIP) and List of Priority Projects (LOPP).

Previous Work Completed

The completed short-range planning activities of the TPO in FY 2020/21 and FY 2021/22.

- Developed the annual TIP for both FY 2021/22 to 2025/26 and FY 2022/23 to 2026/27.
- Development of a new TIP document format to support improved public access.
- Development of a new TIP interactive online map on the TPO website.
- Processed TIP amendments.
- Assisted local governments with submission of applications to FDOT for off-system projects.
- Completion of the Annual LOPP process for FY 2027 and FY 2028 (2021, 2022).
- Completion of a revised LOPP guidance publication, including methodology, scoring and ranking, and project lists.
- Published the annual listing of federally-funded obligated projects in the TIP for Federal Fiscal Years (FFY) 2020, 2021.

Required Activities

The Task 4 activities planned for FY 2022/23 and FY 2023/24, including end products and completion dates are as follows.

Activity	End Product(s)	Completion Date(s)
Prepare annual TIP, including project database,	FY 2023/24 to 2027/28	June 2023
online mapping and public involvement process	Transportation	June 2024

TASK 5: PUBLIC TRANSPORTATION

Purpose

Identifies TPO staff support activities that assist the local public transportation system, which includes services provided by SunTran and Marion Transit (MT). SunTran operates fixed-route service on seven routes. MT provides door-to-door paratransit services as well as Americans with Disabilities Act (ADA) service within the fixed-route area of SunTran service. MT also serves as the designated Community Transportation Coordinator (CTC) through the Florida Commission for Transportation Disadvantaged (CTD).

Previous Work Completed

The completed public transportation planning activities of the TPO in FY 2020/21 and FY 2021/22.

- Provided staff support and administration to the Transportation Disadvantaged Local Coordinating Board (TDLCB), quarterly meetings and annual workshop.
- Conducted administration responsibilities for the Florida Commission for Transportation Disadvantaged grant (TD), including quarterly reports, invoices and financial statements.
- Conducted annual reviews of the local CTC, Marion Transit (MT).
- Completed review and approval of the CTC Annual Operating Report (AOR).
- Reviewed CTC's Annual report.
- Developed Request for Proposal (RFP), procurement process and selection of a CTC.
- Completed a minor update to the Transportation Disadvantaged Service Plan (TDSP).
- Completed a major update to the TDSP.
- Conducted public survey to support the TDSP update.
- Completed updates/reviews of TDLCB Bylaws, Grievance Procedures and TD Service Plan revisions.
- Coordination with the CTD state grant program manager.
- Facilitated coordination between the TDLCB, CTC and MT.
- Coordination with SunTran for UPWP tasks and updates.
- Support to SunTran for selection of the Transit Development Plan (TDP), community amenities and facilities consultant teams.
- Participation with SunTran in the transit route realignments and public meetings.

Required Activities

The Task 5 activities planned for FY 2022/23 and FY 2023/24, including end products and completion dates are on the next page.

Activity	End Product(s)	Completion Date(s)
Staff support and administration of the TDLCB	Meetings, packets, public notifications, minutes	Quarterly
Perform CTC report and annual evaluation process	Annual Report	March 2023, 2024
Financial tasks and maintain records for TD grant	Budget for UPWP and Marion Clerk of Court	Ongoing
Prepare and submit progress reports and invoices for TD grant	Invoices and progress reports	Quarterly
Meetings and coordination with CTC, Commission for Transportation Disadvantaged (CTD) and SunTran	Meetings	Ongoing, As needed
Staff training for Transportation Disadvantaged	CTD Annual Conference and workshops	2022, 2023
Updates/Reviews/Amendments to TDLCB Bylaws, Grievance Procedures and TD Service Plan (TDSP)	Updated documents	Ongoing, As needed
TDSP public survey and public engagement	TDSP survey report	Annual
Review and approval of CTC Annual Operating Report (AOR)	AOR Review	2022, 2023
Conduct TD annual Public workshop	Public workshop meeting	2023, 2024
Coordination and support for TDSP with MT and TDLCB	Annual updated tactical plan	June 2023 June 2024
Prepare and review Actual Expenditure Report (AER)	Annual Expenditure Report (AER)	August 2022 August 2023
Coordinate with SunTran for the Public Transportation Agency Safety Plan (PTASP) and required safety performance targets	PTASP targets	Annual
Coordinate with SunTran on the required PTASP transit safety performance measure targets	Reporting and amendment of targets in annual TIP	Annual
Coordination and support for public transportation in development of short-term and long-term planning needs for TPO area	Technical assistance, meetings, data and information gathering	As needed
Meetings, coordination, support to SunTran	Meetings, services	As needed

SunTran Required Activities (not part of the TPO's budget)

Public transportation planning activities by SunTran for FY 2022/23 and FY 2023/24 include the following:

- Review congested route segments/intersections for potential ITS applications to improve service.
- Periodically review routes and schedules to determine effectiveness, identify linkages between residential and employment centers.
- Update SunTran website on a regular basis.
- Major update to the Transit Development Plan (TDP).
- Annually updates the TDP.
- Develop annual NTD Report.
- Develop shelter and bench program and projects for fixed-route service area.
- Feasibility Study for a microtransit pilot program.
- Electric Vehicle Fleet Transition Plan.

Responsible Agency: SunTran

TASK 6: PUBLIC INVOLVEMENT

Purpose

Identifies all activities that involve the public in the TPO's '3C' transportation planning process. This includes information dissemination, review of all federally required plans and programs, TPO meetings, public hearings and workshops.

Previous Work Completed

The completed public transportation planning activities of the TPO in FY 2020/21 and FY 2021/22.

- Completed regular updates on the TPO website, including public notices for meetings, meeting agendas and minutes, meeting schedules and all federally required planning document reviews.
- Developed information fact sheets and postcards for public education and awareness.
- Maintained the TPO's Facebook and Twitter social media platforms.
- Regular Facebook and Twitter postings for meeting notices, community events, transportation information and publications.
- Updated the Public Participation Plan (PPP) in 2021.
- Hosted Mobility Week events in 2019 and 2020.
- Maintained social media archive services.
- Participated in American Association of Metropolitan Planning Organization (AMPO) social media and organization spotlight in 2021.
- Provided public notices for all meetings and workshops within seven (7) days to meet state Sunshine Law and PPP directives.
- Developed Limited English Proficiency "I Speak Cards" and Public Comment cards for use in all TPO meetings.
- Instituted non-discrimination statements in English on all public meeting notices and agendas.
- Instituted non-discrimination statement in Spanish on the TPO website.
- Title VI Plan update completed in 2020.
- Documented and responded to all public inquiries and requests for information.
- Developed Annual Reports for 2020 and 2021.
- Created public website page for the Commitment to Zero Safety Action Plan.
- Conducted outreach to solicit interest and applications for the Citizens Advisory Committee (CAC).

Required Activities

The Task 6 activities planned for FY 2022/23 and FY 2023/24, including end products and completion dates are as follows.

Activity	End Product(s)	Completion Date(s)
Promote more awareness and understanding of the TPO and the 3C planning process	Fact sheets, infographics, postcards	Ongoing
Regular updates to TPO website content	Up to date website	Ongoing
Develop Annual Report to highlight major activities, accomplishments	2022, 2023 Annual Reports	January 2023, 2024
Expand social media outreach to gain greater input and feedback on planning activities	Routine postings via Facebook, Twitter, LinkedIn	Weekly
Advertise all TPO meetings with minimum 7- days notice to meet state Sunshine Law	Meeting notifications	Monthly, As required
Updates to Public Participation Plan	Revised Public Participation Plan (PPP)	As needed
Updates to Title VI Plan	Revised Title VI Plan	As needed
Monitor and respond to all Title VI and ADA	Formal response,	As needed,
complaints	documented report(s)	As required
Document and respond to all public inquiries and information requests	Formal responses, documented	Ongoing
*Develop an Annual Report document and template for use by staff in conducting public outreach and awareness	Annual Report document and template	January 2023
Social media archive subscription renewals	Social Media archives subscription service	April 2023, 2024
Attend Title VI, ADA, DBE, Limited English Proficiency (LEP) and public involvement training	Completed trainings	Ongoing, Annual
Outreach to attain membership for the Citizens Advisory Committee (CAC)	New members of the CAC	Ongoing
Participate in FDOT Mobility Week events	Serve as a local host partner	2022, 2023
Updates to the Safety Action Plan regarding activities and information	Safety Action Plan website updates	Ongoing

*Task performed by consultant

TASK 7: SPECIAL PROJECTS

Purpose

Identifies special projects and activities that are non-recurring, such as planning studies and research in support of federal and state planning emphasis areas and TPO planning priorities.

Previous Work Completed

The completed special project planning activities of the TPO in FY 2020/21 and FY 2021/22.

- Completed a major update to the Congestion Management Plan (CMP), including public survey, policies and procedures and state of system elements.
- Completed a guidance paper on Transportation Resilience.
- Kick-off and significant progress toward completion of Commitment to Zero: An Action Plan for Safer Streets in Ocala Marion in 2021.
- Development of task work orders, scheduling and procurement processing for CMP, Safety Action Plan and Transportation Resilience Guidance Publication.

Required Activities

The Task 7 activities planned for FY 2022/23 and FY 2023/24, including end products and completion dates are as follows.

Activity	End Product(s)	Completion Date(s)
Completion of the Commitment to Zero Safety Action	Commitment to	October 2022
Plan, including online database, maps and files	Zero Action Plan	
Implementation of Commitment to Zero safety	Commitment to	Ongoing, as
activities, including plan update, online reporting tools,	Zero safety	needed and
education/awareness and strategy implementation	implementation	identified
Transportation Resiliency planning, including additional	Transportation	Ongoing, as
technical tools, master planning, data/information	resiliency planning	needed and
gathering, education and grant support for projects		identified
Equity in transportation planning to support greater	Equity and	2023
understanding of opportunities and challenges for a	Transportation	
more equitable and accessible transportation system	Assessment/Plan	
Community gateway planning in support of aesthetics,	Community	2022 to 2023
landscaping, wayfinding and signage	Gateway Plan or	
	Planning Process	
Freight planning in Ocala/Marion County to support	Freight	2022 to 2023
access, mobility and safety	Assessment	
Develop a guidance paper on automated, connected,	ACES Guidance	2022 to 2023
electric, shared vehicles (ACES), emerging technologies	Paper	

Conduct corridor or subarea studies and assessments to	Transportation	As needed
improve safety for all users, complete streets and	Studies	and identified
congestion management in Ocala/Marion County

TASK 8: REGIONAL ACTIVITIES

Purpose

To promote and enhance interregional transportation planning and coordination with neighboring MPOs by supporting common interests through the Central Florida MPO Alliance (CFMPOA). Participating MPOs/TPOs include: Lake~Sumter MPO, MetroPlan Orlando, Ocala Marion TPO, Polk TPO, River to Sea TPO and Space Coast TPO.

Previous Work:

Previous Work	Adoption Date/Status
CFMPOA Regional priority project list	Annual
CFMPOA Quarterly meetings	Quarterly
CFMPOA Annual joint meeting with Sun	Annual
Coast Transportation Planning Alliance	
(SCTPA)	

Required Activities:

Required Activities and Work Products	Milestone/Completion Date
CFMPOA Regional Metropolitan	Spring 2024
Transportation Plan summary	
CFMPOA Regional priority project list	July 2022
	July 2023
CFMPOA continued coordination amongst	Quarterly meetings/Ongoing
regional MPO partners	

Responsible Agencies:

Participating agencies of CFMPOA include Lake-Sumter MPO, MetroPlan Orlando, Ocala-Marion TPO, Polk TPO, River to Sea TPO, and Space Coast TPO

Budget Tables:

The estimated budget for Task 8 in FY 2022/23 and FY 2023/24 is summarized in Tables 8A and 8B on the next page.

TASK 9: LOCAL FUND

Purpose

Identifies activities and expenditures that are non-reimbursable from state and federal grant sources or local match funds.

Previous Work Completed

Sources of local funds provided by the host agency Marion County supported the following activities in FY 2020/21 and FY 2021/22:

- Professional staff membership dues to the American Planning Association (APA).
- Legislative dues to the Florida Metropolitan Planning Organization Advisory Council (MPOAC).
- TPO Board member expenses.

Required Activities

The activities planned for FY 2022/23 and FY 2023/24 that will be supported by local funding are as follows.

Activity	End Product(s)	Completion Date(s)
Staff professional planning membership dues	APA memberships, grant memberships	Annual
Payment for TPO Board member expenses not reimbursable by federal grants	Office expenses	As needed

Responsible Agency

Ocala Marion TPO

Responsible Staff

APPENDIX A: UPWP STATEMENTS AND ASSURANCES

FLORIDA DEPARTMENT OF TRANSPORTATION UNIFIED PLANNING WORK PROGRAM (UPWP) STATEMENTS AND ASSURANCES

DEBARMENT and SUSPENSION CERTIFICATION

As required by the USDOT regulation on Governmentwide Debarment and Suspension at 49 CFR 29.510

- (1) The Ocala/Marion County TPO hereby certifies to the best of its knowledge and belief, that it and its principals:
 - (a) Are not presently debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded from covered transactions by any federal department or agency;
 - (b) Have not, within a three-year period preceding this proposal, been convicted of or had a civil judgment rendered against them for commission of fraud or a criminal offense in connection with obtaining, attempting to obtain, or performing a public (federal, state or local) transaction or contract under a public transaction, violation of federal or state antitrust statutes; or commission of embezzlement, theft, forgery, bribery, falsification or destruction of records, making false statements, or receiving stolen property;
 - (c) Are not presently indicted for or otherwise criminally or civilly charged by a governmental entity (federal, state or local) with commission of any of the offenses listed in paragraph (b) of this certification; and
 - (d) Have not, within a three-year period preceding this certification, had one or more public transactions (federal, state or local) terminated for cause or default.
- (2) The Ocala/Marion County TPO also hereby certifies that if, later, it becomes aware of any information contradicting the statements of paragraphs (a) through (d) above, it will promptly provide that information to the U.S.D.O.T.

LOBBYING CERTIFICATION for GRANTS, LOANS and COOPERATIVE AGREEMENTS

In accordance with Section 1352 of Title 31, United States Code, it is the policy of the Ocala/Marion County TPO that:

- (1) No Federal or state appropriated funds have been paid or will be paid by or on behalf of the Ocala/Marion County TPO, to any person for influencing or attempting to influence an officer or employee of any Federal or state agency, or a member of Congress or the state legislature in connection with the awarding of any Federal or state contract, the making of any Federal or state grant, the making of any Federal or state loan, extension, continuation, renewal, amendment, or modification of any Federal or state contract, grant, loan, or cooperative agreement.
- (2) If any funds other than Federal appropriated funds have been paid or will be paid to any person for influencing or attempting to influence an officer or employee of any Federal agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with this Federal contract, grant, loan or cooperative agreement, the undersigned shall complete and submit Standard Form-LLL, "Disclosure Form to Report Lobbying," in accordance with its instructions.
- (3) The Ocala/Marion County TPO shall require that the language of this certification be included in the award documents for all subawards at all tiers (including subgrants and contracts and subcontracts under grants, subgrants, loans, and cooperative agreement), which exceeds \$100,000, and that all such subrecipients shall certify and disclose accordingly.
- (4) This certification is a material representation of fact upon which reliance was placed when this transaction was made or entered into. Submission of this certification is a prerequisite for making or entering into this transaction imposed by Section 1352, Title 31, U.S. Code. Any person who fails to file the required certification shall be subject to a civil penalty of not less than \$10,000 and not more than \$100,000 for each failure.

FLORIDA DEPARTMENT OF TRANSPORTATION UNIFIED PLANNING WORK PROGRAM (UPWP) STATEMENTS AND ASSURANCES

DISADVANTAGED BUSINESS ENTERPRISE UTILIZATION

It is the policy of the Ocala/Marion County TPO that disadvantaged businesses, as defined by 49 Code of Federal Regulations, Part 26, shall have an opportunity to participate in the performance of MPO contracts in a nondiscriminatory environment. The objectives of the Disadvantaged Business Enterprise Program are to ensure non-discrimination in the award and administration of contracts, ensure firms fully meet eligibility standards, help remove barriers to participation, create a level playing field, assist in development of a firm so it can compete successfully outside of the program, provide flexibility, and ensure narrow tailoring of the program.

The Ocala/Marion County TPO, and its consultants shall take all necessary and reasonable steps to ensure that disadvantaged businesses have an opportunity to compete for and perform the contract work of the Ocala/Marion County TPO, in a non-discriminatory environment.

The Ocala/Marion County TPO shall require its consultants to not discriminate on the basis of race, color, national origin and sex in the award and performance of its contracts. This policy covers in part the applicable federal regulations and the applicable statutory references contained therein for the Disadvantaged Business Enterprise Program Plan, Chapters 337 and 339, Florida Statutes, and Rule Chapter 14-78, Florida Administrative Code

FLORIDA DEPARTMENT OF TRANSPORTATION UNIFIED PLANNING WORK PROGRAM (UPWP) STATEMENTS AND ASSURANCES

TITLE VI/ NONDISCRIMINATION ASSURANCE

Pursuant to Section 9 of US DOT Order 1050.2A, the Ocala/Marion County TPO assures the Florida Department of Transportation (FDOT) that no person shall on the basis of race, color, national origin, sex, age, disability, family or religious status, as provided by Title VI of the Civil Rights Act of 1964, the Civil Rights Restoration Act of 1987, the Florida Civil Rights Act of 1992 and other nondiscrimination authorities be excluded from participation in, be denied the benefits of, or be otherwise subjected to discrimination or retaliation under any program or activity.

The Ocala/Marion County TPO further assures FDOT that it will undertake the following with respect to its programs and activities:

- 1. Designate a Title VI Liaison that has a responsible position within the organization and access to the Recipient's Chief Executive Officer.
- 2. Issue a policy statement signed by the Chief Executive Officer, which expresses its commitment to the nondiscrimination provisions of Title VI. The policy statement shall be circulated throughout the Recipient's organization and to the general public. Such information shall be published where appropriate in languages other than English.
- 3. Insert the clauses of *Appendices A and E* of this agreement in every contract subject to the Acts and the Regulations
- 4. Develop a complaint process and attempt to resolve complaints of discrimination against sub-recipients. Complaints against the Recipient shall immediately be forwarded to the FDOT District Title VI Coordinator.
- 5. Participate in training offered on Title VI and other nondiscrimination requirements.
- 6. If reviewed by FDOT or USDOT, take affirmative action to correct any deficiencies found within a reasonable time period, not to exceed ninety (90) calendar days.
- 7. Have a process to collect racial and ethnic data on persons impacted by your agency's programs.

THIS ASSURANCE is given in consideration of and for the purpose of obtaining any and all federal funds, grants, loans, contracts, properties, discounts or other federal financial assistance under all programs and activities and is binding. The person whose signature appears below is authorized to sign this assurance on behalf of the Recipient.

APPENDICES A and E

During the performance of this contract, the contractor, for itself, its assignees and successors in interest (hereinafter referred to as the "Contractor") agrees as follows:

- (1) **Compliance with Regulations:** The Contractor shall comply with the Regulations relative to nondiscrimination in Federally-assisted programs of the U.S. Department of Transportation (hereinafter, "USDOT") Title 49, Code of Federal Regulations, Part 21, as they may be amended from time to time, (hereinafter referred to as the Regulations), which are herein incorporated by reference and made a part of this Agreement.
- (2) **Nondiscrimination:** The Contractor, with regard to the work performed during the contract, shall not discriminate on the basis of race, color, national origin, sex, age, disability, religion or family status in the selection and retention of subcontractors, including procurements of materials and leases of equipment. The Contractor shall not participate either directly or indirectly in the discrimination prohibited by section 21.5 of the Regulations, including employment practices when the contract covers a program set forth in Appendix B of the Regulations.
- (3) Solicitations for Subcontractors, including Procurements of Materials and Equipment: In all solicitations made by the Contractor, either by competitive bidding or negotiation for work to be performed under a subcontract, including procurements of materials or leases of equipment; each potential subcontractor or supplier shall be notified by the Contractor of the Contractor's obligations under this contract and the Regulations relative to nondiscrimination on the basis of race, color, national origin, sex, age, disability, religion or family status.
- (4) Information and Reports: The Contractor shall provide all information and reports required by the Regulations or directives issued pursuant thereto, and shall permit access to its books, records, accounts, other sources of information, and its facilities as may be determined by the *Florida Department of Transportation*, the *Federal Highway Administration, Federal Transit Administration, Federal Aviation Administration, and/or the Federal Motor Carrier Safety Administration* to be pertinent to ascertain compliance with such Regulations, orders and instructions. Where any information required of a Contractor is in the exclusive possession of another who fails or refuses to furnish this information the Contractor shall so certify to the *Florida Department of Transportation, the Federal Motor Carrier Safety Administration, Federal Transit Administration, Federal Aviation Administration the florida Department of Transportation*, the *Federal Highway Administration, Federal Transit Administration, Federal Aviation Administration, and/or the Federal Motor Carrier Safety Administration, Federal Transit Administration, Federal Aviation Administration, and/or the Federal Motor Carrier Safety Administration as appropriate, and shall set forth what efforts it has made to obtain the information.*
- (5) **Sanctions for Noncompliance:** In the event of the Contractor's noncompliance with the nondiscrimination provisions of this contract, the *Florida Department of Transportation* shall impose such contract sanctions as it or the *Federal Highway Administration, Federal Transit Administration, Federal Aviation Administration, and/or the Federal Motor Carrier Safety Administration* may determine to be appropriate, including, but not limited to:
 - a. Withholding of payments to the Contractor under the contract until the Contractor complies, and/or
 - b. Cancellation, termination or suspension of the contract, in whole or in part.

FLORIDA DEPARTMENT OF TRANSPORTATION UNIFIED PLANNING WORK PROGRAM (UPWP) STATEMENTS AND ASSURANCES

- (6) **Incorporation of Provisions:** The Contractor shall include the provisions of paragraphs (1) through (7) in every subcontract, including procurements of materials and leases of equipment, unless exempt by the Regulations, or directives issued pursuant thereto. The Contractor shall take such action with respect to any subcontract or procurement as the Florida Department of Transportation, the Federal Highway Administration, Federal Transit Administration, Federal Aviation Administration, and/or the Federal Motor Carrier Safety Administration may direct as a means of enforcing such provisions including sanctions for noncompliance. In the event a Contractor becomes involved in, or is threatened with, litigation with a subcontractor or supplier as a result of such direction, the Contractor may request the Florida Department of Transportation, and, in addition, the Contractor may request the United States to enter into such litigation to protect the interests of the United States.
- **Compliance with Nondiscrimination Statutes and Authorities:** Title VI of the (7) Civil Rights Act of 1964 (42 U.S.C. § 2000d et seq., 78 stat. 252), (prohibits discrimination on the basis of race, color, national origin); and 49 CFR Part 21; The Uniform Relocation Assistance and Real Property Acquisition Policies Act of 1970, (42 U.S.C. § 4601), (prohibits unfair treatment of persons displaced or whose property has been acquired because of Federal or Federal-aid programs and projects); Federal-Aid Highway Act of 1973, (23 U.S.C. § 324 et seq.), (prohibits discrimination on the basis of sex); Section 504 of the Rehabilitation Act of 1973, (29 U.S.C. § 794 et seq.), as amended, (prohibits discrimination on the basis of disability); and 49 CFR Part 27; The Age Discrimination Act of 1975, as amended, (42 U.S.C. § 6101 et seq.), (prohibits discrimination on the basis of age); Airport and Airway Improvement Act of 1982, (49 USC § 471, Section 47123), as amended, (prohibits discrimination based on race, creed, color, national origin, or sex); The Civil Rights Restoration Act of 1987, (PL 100-209), (Broadened the scope, coverage and applicability of Title VI of the Civil Rights Act of 1964, The Age Discrimination Act of 1975 and Section 504 of the Rehabilitation Act of 1973, by expanding the definition of the terms "programs or activities" to include all of the programs or activities of the Federal-aid recipients, sub-recipients and contractors, whether such programs or activities are Federally funded or not); Titles II and III of the Americans with Disabilities Act, which prohibit discrimination on the basis of disability in the operation of public entities, public and private transportation systems, places of public accommodation, and certain testing entities (42 U.S.C. §§ 12131 -- 12189) as implemented by Department of Transportation regulations at 49 C.F.R. parts 37 and 38; The Federal Aviation Administration's Non-discrimination statute (49 U.S.C. § 47123) (prohibits discrimination on the basis of race, color, national origin, and sex); Executive Order 12898, Federal Actions to Address Environmental Justice in Minority Populations and Low-Income Populations, which ensures nondiscrimination against minority populations by discouraging programs, policies, and activities with disproportionately high and adverse human health or environmental effects on minority and low-income populations; Executive Order 13166, Improving Access to Services for Persons with Limited English Proficiency, and resulting agency guidance, national origin discrimination includes discrimination because of limited English proficiency (LEP). To ensure compliance with Title VI, you must take reasonable steps to ensure that LEP persons have meaningful access to your programs (70 Fed. Reg. at 74087 to 74100); Title IX of the Education Amendments of 1972, as amended, which prohibits you from discriminating because of sex in education programs or activities (20 U.S.C. 1681 et seq)

APPENDIX B: GLOSSARY OF TERMS AND ACRONYMS

Glossary of Terms and Acronyms

OCALA MARION TRANSPORTATION PLANNING ORGANIZATION

February 2022

ACRYONYM	NAME	DESCRIPTION
3C	Continuing, Cooperative and Comprehensive	A Continuing, Cooperative and Comprehensive (3C) process is required for all Metropolitan Planning Organizations (MPO) to be eligible for Federal transportation funding.
ACS	American Community Survey	The American Community Survey is an ongoing survey that provides vital information on a yearly basis about our nation and its people.
ADA	Americans with Disabilities Act	The Americans with Disabilities Act (ADA) prohibits discrimination against people with disabilities in employment, transportation, public accommodation, communications, and governmental activities.
ATMS	Automated Traffic Management System	ATMS is used to improve the efficiency of the transportation network. ATMS utilizes data-analysis and communication technology to reduce congestion in real-time due to crashes and other traffic problems.
BEA	Bureau of Economic Analysis	Federal agency within the Department of Commerce that provides economic data and projections.
BLS	Bureau of Labor Statistics	Federal agency within the Department of Labor that tracks federal employment data.
BTS	Bureau of Transportation Statistics	The Bureau of Transportation Statistics was established as a statistical agency in 1992. The Intermodal Surface Transportation Efficiency Act (ISTEA) of 1991 created BTS to administer data collection, analysis, and reporting and to ensure the most cost-effective use of transportation- monitoring resources.
CAAA	Clean Air Act Amendments of 1990	The original Clean Air Act was passed in 1963, but the national air pollution control program is actually based on the 1970 revision of the law. The Clean Air Act as amended in 1990 made major changes and contains the most far reaching revisions of the 1970 law.
CAC	Citizen Advisory Committee	The Citizens Advisory Committee (CAC) advises the TPO on local transportation issues based on the input of citizens they represent in the area. The TPO strives to keeps the composition of the CAC diverse in terms of geographic location and professions represented.
CBSA	Core Based Statistical Areas	CBSAs consist of the county or counties or equivalent entities associated with at least one core (urbanized area or urban cluster) of at least 10,000 population plus adjacent counties having a high degree of social and economic integration with the core. Social and economic integration is measured in the form of commuting and other reoccurring travel.
CFMPOA	Central Florida Metropolitan Planning Organization Alliance	A partnership of Transportation Planning Organizations in Central Florida created to provide transportation solutions throughout the region.
CFR	Code of Federal Regulations	The codification of the rules published in the Federal Register by the executive departments and agencies of the Federal Government. These are the administrative rules and regulations that clarify the impact of the United States Code (USC) or the law.

ACRYONYM	NAME	DESCRIPTION
CFRPM	Central Florida Regional Planning Model	Travel demand forecasting tool used by numerous planning agencies throughout central Florida.
CMAQ	Congestion Mitigation and Air Quality Improvement Program	The CMAQ program funds transportation projects and programs in air quality non-attainment and maintenance areas that reduce traffic congestion and transportation related emissions (ozone, carbon monoxide, particulate matter, etc.).
СМР	Congestion Management Process	A systematic approach required in transportation management areas (TMAs) that provides for effective management and operation. Provides information on transportation system performance and finds alternative ways to alleviate congestion and enhance the mobility of people and goods, to levels that meet state and local needs.
стс	Community Transportation Coordinator	Community Transportation Coordinators are businesses or county departments responsible for arrangement of transportation services delivered to the transportation disadvantaged. (Definition taken from Lee MPO - http://leempo.com/programs-products/transportation- disadvantaged/).
СТД	Commission for Transportation Disadvantaged	Created in 1989, the CTD was created to provide statewide policy guidance to Florida's Transportation Disadvantaged Program, which coordinates funs to provide older adults, persons with disabilities and people with limited access to employment, health care and educational opportunities (Definition taken from NCFRPC - http://www.ncfrpc. org/TD/td.html).
СТРР	Census Transportation Planning Products	The CTPP is a set of special tabulations designed by and for transportation planners using large sample surveys conducted by the Census Bureau.
СТЅТ	Community Traffic Safety Team	An organization created to inform the public about transportation safety issues. Major events conducted by the Marion County CTST include "Walk Your Child to School Day", a mock DUI scenario, and a Battle of the Belts competition.
DBE	Disadvantaged Business Enterprise	The DBE program ensures that federally-assisted contracts for transportation projects are made available for small businesses owned/ controlled by socially and economically disadvantaged individuals (Definition taken from FHWA - https://www.fhwa.dot.gov/civilrights/ programs/dbe/).
DOPA	Designated Official Planning Agency	An agency that assists the Florida Commission for the Transportation Disadvantaged (CTD) in the coordination of safe, efficient, cost effective transportation services to those who are transportation disadvantaged. (Definition taken from CTD - https://ctd.fdot.gov/ communitytransystem.htm)
DRI	Development of Regional Impact	A large-scale development project that may impact multiple counties or jurisdictions
EIS	Environmental Impact Statement	Report developed as part of the National Environmental Policy Act requirements, which details any adverse economic, social, and environmental effects of a proposed transportation project for which Federal funding is part of the project.

ACRYONYM	NAME	DESCRIPTION
EPA	Environmental Protection Agency	The federal regulatory agency responsible for administering and enforcing federal environmental laws, including the Clean Air Act, the Clean Water Act, the Endangered Species Act, and others.
ETDM	Efficient Transportation Decision Making	Developed by the Florida Department of Transportation (FDOT) to streamline the environmental review process, ETDM helps protect natural resources by involving stakeholders early in the transportation planning process. Specifically, ETDM is used to identify the impacts may occur from planned transportation projects.
FAA	Federal Aviation Administration	FAA provides a safe, secure, and efficient global aerospace system that contributes to national security and the promotion of US aerospace safety.
FAST Act	Fixing America's Surface Transportation Act	The Fixing America's Surface Transportation (FAST) Act is five-year legislation that was enacted into law on December 4, 2015. The main focus of the legislation is to improve the Nation's surface transportation infrastructure, including our roads, bridges, transit systems, and rail transportation network.
FDOT	Florida Department of Transportation	Originally named the Florida State Road Department, the Florida Department of Transportation (FDOT) was created in 1969. FDOT's mission is to ensure the mobility of people and goods, enhance economic prosperity, and preserve the quality of the environment and community (Definition taken from State of Florida-https://jobs.myflorida.com/go/ Department-of- Transportation/2817700/).
FHWA	Federal Highway Administration	A branch of the U.S. Department of Transportation that administers the federal- aid highway program, providing financial assistance to states to construct and improve highways, urban and rural roads, and bridges.
FMTP	Freight Mobility and Trade Plan	FDOT's Freight Mobility and Trade Plan (FMTP) defines policies and investments that will enhance Florida's economic development into the future.
FSUTMS	Florida Standard Urban Transportation Modeling Structure	FSUTMS is a computerized planning model that allows users to better predict the impact of transportation policies and programs by providing a standardized framework for the development, use and sharing of models.
FTA	Federal Transit Administration	A branch of the U.S. Department of Transportation that administers federal funding to transportation authorities, local governments, and states to support a variety of locally planned, constructed, and operated public transportation systems throughout the U.S., including buses, subways, light rail, commuter rail, streetcars, monorail, passenger ferry boats, inclined railways, and people movers.
FTP	Florida Transportation Plan	Florida's long-range plan that guides current transportation decisions. The plan outlines transportation issues and solutions related to improving safety, efficiency, population growth, economic development, and access to transit and other modes of transportation.
FY	Fiscal Year/ Federal Fiscal Year	The TPO's Fiscal Year is from July 1 to June 30. The Federal Fiscal Year is from October 1 to September 30.

ACRYONYM	NAME	DESCRIPTION
GIS	Geographic Information System	Computerized data management system designed to capture, store, retrieve, analyze, and display geographically referenced information.
HOV	High-Occupancy Vehicle	Vehicles carrying two or more people.
HSIP	Highway Safety Improvement Program	The goal of the HSIP program is to achieve a significant reduction in traffic fatalities and serious injuries on all public roads, including non-State-owned public roads and roads on tribal lands.
HUD	Department of Housing and Urban Development	HUD's mission is to increase homeownership, support community development and increase access to affordable housing free from discrimination. HUD's Community Development Block Grant Program (CDBG) is a program with many resources that are used to help address a wide array of community development needs, including sidewalks and other transportation infrastructure.
AUI	Infrastructure Investment and Jobs Act	Commonly referred to as the Bipartisan Infrastructure Bill, IIJA was signed into law by President Biden on November 15, 2021. IIJA includes \$550 billion in new funding for transportation infrastructure. IIJA authorizes \$1.2 trillion in total spending.
IRI	International Roughness Index	International Roughness Index (IRI) is used by transportation professionals around the world as a standard to quantify road surface roughness. IRI is highly useful for assessing overall roadway pavement ride quality; a higher IRI value indicates a rougher road surface.
ITS	Intelligent Transportation Systems	Electronics, photonics, communications, or information processing to improve the efficiency or safety of the surface transportation system.
LOS	Level of Service	Level of Service (LOS) is a term that describes the operating conditions a driver, transit users, bicyclist, or pedestrian will experience while traveling on a particular street, highway or transit vehicle. LOS is used in transportation planning as a data friendly tool to help aid in the decision making process regarding road capacity. LOS data allows planners to make more informed decisions regarding transportation projects.
LOPP	List of Priority Projects	The List of Priority Projects (LOPP) is a formalized list developed each year by the TPO in collaboration with local government partners, and as required by state statute. The LOPP contains the highest priorities for future transportation projects and investments to receive consideration for federal and state funding.
LRTP/MTP	Long-Range Transportation Plan (or Metropolitan Transportation Plan)	A document that serves as the defining vision for the region's transportation systems and services. The LRTP addresses a planning horizon of no less than a 20-years and is developed, adopted, and updated every five years by the TPO. The most recent LRTP was adopted in December 2015. The plan can be viewed on the TPO website at: https://ocalamariontpo.org/plans-and- programs/long-range- transportation-plan-Irtp/.

ACRYONYM	NAME	DESCRIPTION
LOTTR	Level of Travel Time Reliability	The Level of Travel Time Reliability (LOTTR) is the ratio of the 80th percentile travel time to the normal travel time (50th percentile) throughout a full calendar year. Data for this measure is derived from the FHWA National Performance Management Research Data set (NPMRDS).
MAP-21	Moving Ahead for Progress in the 21st Century	The Moving Ahead for Progress in the 21st Century Act (P.L. 112-141), was signed into law in 2012. Funding surface transportation programs at over 105 billion for fiscal years (FY) 2013 and 2014, MAP-21 is the first long-term highway authorization enacted since 2005. MAP-21 creates a streamlined and performance-based surface transportation program and builds on many of the highway, transit, bike, and pedestrian programs and policies established in 1991.
МРА	Metropolitan Planning Area	The geographic area determined by agreement between the transportation planning organization (TPO) for the area and the Governor, in which the metropolitan transportation planning process is carried out.
MPO	Metropolitan Planning Organization	An MPO, also known as a TPO, is a forum for cooperative transportation decision-making for metropolitan planning areas. In order for a TPO to be designated as an MPO, an urban area must have a population of at least 50,000 as defined by the US Census Bureau.
ΜΡΟΑϹ	Metropolitan Planning Organization Advisory Council	A planning and policy organization created to assist individual MPO/TPOs across Florida in building a more collaborative transportation planning process.
MSA	Metropolitan Statistical Area	A Core Based Statistical Areas associated with at least one urbanized area that has a population of at least 50,000. The metropolitan statistical area comprises the central county or counties or equivalent entities containing the core, plus adjacent outlying counties having a high degree of social and economic integration with the central county or counties as measured through commuting.
NTD	National Transit Database	The National Transit Database (NTD) is the repository of data for the financial, operating and asset conditions of the nation's transit systems.
NEPA	National Environmental Policy Act of 1969	Established requirements that any project using federal funding or requiring federal approval, including transportation projects, examine the effects of proposed and alternative choices on the environment before a federal decision is made.
NHPP	National Highway Performance Program	The NHPP provides support for the condition and performance of the National Highway System (NHS), for the construction of new facilities on the NHS.
NHPP (Bridge)	National Highway Performance Program (Bridge)	Reconstruction, resurfacing, restoration, rehabilitation, or preservation of a bridge on a non-NHS Federal-aid highway (if Interstate System and NHS Bridge Condition provision requirements are satisfied) [23 U.S.C. 119(i)].
NHS	National Highway System	This system of highways designated and approved in accordance with the provisions of 23 U.S.C. 103(b) (23CFR500).

ACRYONYM	NAME	DESCRIPTION
PD&E	Project Development and Environmental Study	A study conducted to determine feasible building alternatives for transportation projects and their social, economic and environmental impacts. PD&E studies are required per the National Environmental Policy Act (NEPA). (Definition taken from FDOT, District 7 - https:// www.fdotd7studies.com/what-is-a-pde-study.html).
PEA	Planning Emphasis Area	Planning Emphasis Areas set planning priorities that are supportive of the statewide Florida Transportation Plan (FTP), and give importance to topics that all MPOs are encouraged to address in their respective planning programs.
PM	Performance Management	Performance Management (PM) serves as federally required strategic approach that uses system data and information guide investment and policies to achieve national goals.
РРР	Public Participation Plan	The Public Participation Plan documents the goals, objectives and strategies for ensuring all individuals have every opportunity to be involved in transportation planning decisions. The plan is designed to provide a transparent planning process that is free from any cultural, social, racial or economic barriers and offers multiple opportunities for public participation and input.
PTASP	Public Transportation Agency Safety Action Plan	A plan that is developed by transit agencies to identify responsibilities for safety and day to day implementation of a safety management system.
RPC	Regional Planning Council	Organizations designated by Florida law to provide planning and technical expertise to local governments in order to promote regional collaboration.
SHSP	Strategic Highway Safety Plan	This is a statewide and coordinated safety plan that provides a comprehensive framework for eliminating highway fatalities and reducing serious injuries on all public roads.
SIS	Strategic Intermodal System	A network of transportation facilities important to the state's economy and mobility. The SIS was created to focus the state's limited resources on the facilities most significant for interregional, interstate and international travel (Definition taken from FDOT - https://www.fdot. gov/planning/sis/default.shtm).
SOV	Single-Occupancy Vehicle	Any motor vehicle operated or driven by a single person.
STBG	Surface Transportation Block Grant Program	The STBG federal funding promotes flexibility in State and local transportation decisions and provides flexible funding to best address State and local transportation needs.
STIP	Statewide Transportation Improvement Program	The STIP is a statewide prioritized listing/program of transportation projects covering a period of four years that is consistent with the long-range statewide transportation plan, metropolitan transportation plans, and TIPs, and required for projects to be eligible for funding under title 23 U.S.C. and title 49 U.S.C. Chapter 53.
STP	Surface Transportation Program	Federal-aid highway funding program that supports a broad range of surface transportation capital needs, including many roads, transit, sea and airport access, vanpool, bike, and pedestrian facilities.

ACRYONYM	NAME	DESCRIPTION
TAC	Technical Advisory Committee	The Technical Advisory Committee provides technical expertise to the TPO by reviewing transportation plans, programs and projects primarily from a technical standpoint. The TAC is comprised of professional planners, engineers, and other state and local professionals.
ТАМР	Transportation Asset Management Plan	The TAMP outlines the process for effectively operating, maintaining and improving the physical transportation assets in Florida (e.g., roads, bridges, culverts).
TAZ	Traffic Analysis Zone	A defined geographic area used to tabulate traffic-related land use data and forecast travel demand. Traffic Analysis Zones typically consist of one or more Census blocks/tracts or block groups.
TD	Transportation Disadvantaged	Transportation Disadvantaged includes individuals with physical and economic challenges and senior citizens facing mobility issues.
TDLCB	Transportation Disadvantaged Local Coordinating Board	The TDLCB coordinates transportation needs of the disadvantaged, including individuals with physical and economic challenges and senior citizens facing mobility issues. The Board helps the TPO identify local service needs of the Transportation Disadvantaged (TD) community to the Community Transportation Coordinator (CTC).
TDM	Transportation Demand Management	Programs designed to reduce demand for transportation through various means, such as the use of public transit and of alternative work hours.
TDP	Transit Development Plan	The Transit Development Plan (TDP) represents the community's vision for public transportation in the Ocala Marion TPO service area for a 10- year span. Updated every five years, the Plan provides a comprehensive assessment of transit services in Marion County. Specifically, the TDP details SunTran's transit and mobility needs, cost and revenue projections, and community transit goals, objectives, and policies.
TIP	Transportation Improvement Program	A TIP is a prioritized listing/program of transportation projects covering a period of five years that is developed and formally adopted by a TPO as part of the metropolitan transportation planning process, consistent with the metropolitan transportation plan, and required for projects to be eligible for funding under title 23 U.S.C. and title 49 U.S.C. Chapter 53.
ТМА	Transportation Management Area	An urbanized area with a population over 200,000 (as determined by the latest decennial census) or other area when TMA designation is requested by the Governor and the TPO (or affected local officials), and officially designated by the Administrators of the FHWA and FTA. The TMA designation applies to the entire metropolitan planning area.
TMIP	Travel Model Improvement Program	TMIP supports and empowers planning agencies through leadership, innovation and support of planning analysis improvements to provide better information to support transportation and planning decisions.

ACRYONYM	NAME	DESCRIPTION
TOD	Transit Oriented Development	Transit-oriented development, or TOD, is a type of community development that includes a mixture of housing, office, retail and/or other amenities integrated into a walkable neighborhood and located within a half- mile of quality public transportation (Definition taken from Reconnecting America-www.reconnectingamerica.org).
ТРМ	Transportation Performance Management	FHWA defines Transportation Performance Management as a strategic approach that uses system information to make investment and policy decisions to achieve national performance goals.
ТРО	Transportation Planning Organization	A TPO, also known as an MPO, is a forum for cooperative transportation decision-making for metropolitan planning areas. In order for a TPO to be designated, an urban area must have a population of at least 50,000 as defined by the US Census Bureau.
TRB	Transportation Research Board	The mission of the Transportation Research Board (TRB) is to promote innovation and progress in transportation through research.
TRIP	Transportation Regional Incentive Program	Created in 2005, the program provides state matching funds to improve regionally significant transportation facilities.
TTTR	Truck Travel Time Reliability Index	The Truck Travel Time Reliability Index (TTTR) is defined as the ratio of longer truck travel times (95th percentile) compared to normal truck travel times (50th percentile) on the interstate system.
UA	Urbanized Area	A statistical geographic entity delineated by the Census Bureau, consisting of densely settled census tracts and blocks and adjacent densely settled territory that together contain at least 50,000 people.
ULB	Useful Life Benchmark	The expected lifecycle or the acceptable period of use in service for a transit capital asset, as determined by the transit agency or by a default benchmark provided by the Federal Transit Administration.
UPWP	Unified Planning Work Program	UPWP means a Scope of Services identifying the planning priorities and activities to be carried out within a metropolitan planning area. At a minimum, a UPWP includes a description of planning work and resulting products, who will perform the work, time frames for completing the work, the cost of the work, and the source(s) of funds.
USC	United States Code	The codification by subject matter of the general and permanent laws of United States.
USDOT	United States Department of Transportation	When used alone, indicates the U.S. Department of Transportation. In conjunction with a place name, indicates state, city, or county transportation agency.
YOE	Year of Expenditure	The current dollar in the year (adjusted for inflation) during which an expenditure is made or benefit realized, such as a project being constructed.
VMT	Vehicle Miles Traveled	A measurement of miles traveled by vehicles within a specified region for a specified time period (Definition taken from Wikipedia).

APPENDIX C: PARTNER AGENCY PLANNING EMPHASIS AREAS AND ACTIVITIES

Federal Transit Administration Office of the Administrator

1200 New Jersey Ave., SE Washington, D.C. 20590

December 30, 2021

Attention: FHWA Division Administrators FTA Regional Administrators

Subject: 2021 Planning Emphasis Areas for use in the development of Metropolitan and Statewide Planning and Research Work programs.

With continued focus on transportation planning the Federal Highway Administration (FHWA) and the Federal Transit Administration (FTA) Offices of Planning are jointly issuing updated Planning Emphasis Areas (PEAs). The PEAs are areas that FHWA and FTA field offices should emphasize when meeting with the metropolitan planning organizations, State departments of transportation, Public Transportation Agencies, and Federal Land Management Agency counterparts to identify and develop tasks associated with the Unified Planning Work Program and the Statewide Planning and Research Program. We recognize the variability of work program development and update cycles, so we encourage field offices to incorporate these PEAs as programs are updated.

Please note that this letter is intended only to provide clarity regarding existing requirements. It is not binding and does not have the force and effect of law. All relevant statutes and regulations still apply.

Sincerely,

Nuria Fernandez Administrator Federal Transit Administration

Enclosure

Stephen Pallock

Stephanie Pollack Acting Administrator Federal Highway Administration

<u>Tackling the Climate Crisis – Transition to a Clean Energy,</u> <u>Resilient Future</u>

Federal Highway Administration (FHWA) divisions and Federal Transit Administration (FTA) regional offices should work with State departments of transportation (State DOT), metropolitan planning organizations (MPO), and providers of public transportation to ensure that our transportation plans and infrastructure investments help achieve the national greenhouse gas reduction goals of 50-52 percent below 2005 levels by 2030, and net-zero emissions by 2050, and increase resilience to extreme weather events and other disasters resulting from the increasing effects of climate change. Field offices should encourage State DOTs and MPOs to use the transportation planning process to accelerate the transition toward electric and other alternative fueled vehicles, plan for a sustainable infrastructure system that works for all users, and undertake actions to prepare for and adapt to the impacts of climate change. Appropriate Unified Planning Work Program work tasks could include identifying the barriers to and opportunities for deployment of fueling and charging infrastructure; evaluating opportunities to reduce greenhouse gas emissions by reducing single-occupancy vehicle trips and increasing access to public transportation, shift to lower emission modes of transportation; and identifying transportation system vulnerabilities to climate change impacts and evaluating potential solutions. We encourage you to visit FHWA's Sustainable Transportation or FTA's Transit and Sustainability Webpages for more information.

(See <u>EO 14008</u> on "Tackling the Climate Crisis at Home and Abroad," <u>EO 13990</u> on "Protecting Public Health and the Environment and Restoring Science to Tackle the Climate Crisis." <u>EO 14030</u> on "Climate-Related Financial Risk," See also <u>FHWA Order 5520</u> "Transportation System Preparedness and Resilience to Extreme Weather Events," FTA's "<u>Hazard Mitigation Cost Effectiveness Tool</u>," FTA's <u>"Emergency Relief Manual</u>," and "<u>TCRP Document 70: Improving the Resilience of Transit Systems</u> <u>Threatened by Natural Disasters</u>")

Equity and Justice40 in Transportation Planning

FHWA Division and FTA regional offices should work with State DOTs, MPOs, and providers of public transportation to advance racial equity and support for underserved and disadvantaged communities. This will help ensure public involvement in the planning process and that plans and strategies reflect various perspectives, concerns, and priorities from impacted areas. We encourage the use of strategies that: (1) improve infrastructure for non-motorized travel, public transportation access, and increased public transportation service in underserved communities; (2) plan for the safety of all road users, particularly those on arterials, through infrastructure improvements and advanced speed management; (3) reduce single-occupancy vehicle travel and associated air pollution in communities near high-volume corridors; (4) offer reduced public transportation fares as appropriate; (5) target demand-response service towards communities with higher concentrations of older adults and those with poor access to essential services; and (6) consider equitable and sustainable practices while developing transit-oriented development including affordable housing strategies and consideration of environmental justice populations.

Executive Order 13985 (*Advancing Racial Equity and Support for Underserved Communities*) defines the term "equity" as the consistent and systematic fair, just, and impartial treatment of all individuals, including individuals who belong to underserved communities that have been denied such treatment, such as Black, Latino, and Indigenous and Native American persons, Asian

Americans and Pacific Islanders and other persons of color; members of religious minorities; lesbian, gay, bisexual, transgender, and queer (LGBTQ+) persons; persons with disabilities; persons who live in rural areas; and persons otherwise adversely affected by persistent poverty or inequality. The term "underserved communities" refers to populations sharing a particular characteristic, as well as geographic communities, that have been systematically denied a full opportunity to participate in aspects of economic, social, and civic life, as exemplified by the list in the preceding definition of "equity." In addition, <u>Executive Order 14008</u> and <u>M-21-28</u> provides a whole-of-government approach to advancing environmental justice by stating that 40 percent of Federal investments flow to disadvantaged communities. FHWA Division and FTA regional offices should work with State DOTs, MPOs, and providers of public transportation to review current and new metropolitan transportation plans to advance Federal investments to disadvantaged communities.

To accomplish both initiatives, our joint planning processes should support State and MPO goals for economic opportunity in disadvantaged communities that have been historically marginalized and overburdened by pollution and underinvestment in housing, transportation, water and wastewater infrastructure, recreation, and health care.

Complete Streets

FHWA Division and FTA regional offices should work with State DOTs, MPOs and providers of public transportation to review current policies, rules, and procedures to determine their impact on safety for all road users. This effort should work to include provisions for safety in future transportation infrastructure, particularly those outside automobiles.

A complete street is safe, and feels safe, for everyone using the street. FHWA and FTA seek to help Federal aid recipients plan, develop, and operate streets and networks that prioritize safety, comfort, and access to destinations for people who use the street network, including pedestrians, bicyclists, transit riders, micro-mobility users, freight delivery services, and motorists. The goal is to provide an equitable and safe transportation network for travelers of all ages and abilities, including those from marginalized communities facing historic disinvestment. This vision is not achieved through a one-size-fits-all solution – each complete street is unique and developed to best serve its community context and its primary role in the network.

Per the National Highway Traffic Safety Administration's 2019 data, 62 percent of the motor vehicle crashes that resulted in pedestrian fatalities took place on arterials. Arterials tend to be designed for vehicle movement rather than mobility for non-motorized users and often lack convenient and safe crossing opportunities. They can function as barriers to a safe travel network for road users outside of vehicles.

To be considered complete, these roads should include safe pedestrian facilities, safe transit stops (if present), and safe crossing opportunities on an interval necessary for accessing destinations. A safe and complete network for bicycles can also be achieved through a safe and comfortable bicycle facility located on the roadway, adjacent to the road, or on a nearby parallel corridor. Jurisdictions will be encouraged to prioritize safety improvements and speed management on arterials that are essential to creating complete travel networks for those without access to single-occupancy vehicles.

Public Involvement

Early, effective, and continuous public involvement brings diverse viewpoints into the decisionmaking process. FHWA Division and FTA regional offices should encourage MPOs, State DOTs, and providers of public transportation to increase meaningful public involvement in transportation planning by integrating Virtual Public Involvement (VPI) tools into the overall public involvement approach while ensuring continued public participation by individuals without access to computers and mobile devices. The use of VPI broadens the reach of information to the public and makes participation more convenient and affordable to greater numbers of people. Virtual tools provide increased transparency and access to transportation planning activities and decisionmaking processes. Many virtual tools also provide information in visual and interactive formats that enhance public and stakeholder understanding of proposed plans, programs, and projects. Increasing participation earlier in the process can reduce project delays and lower staff time and costs. More information on VPI is available here.

<u>Strategic Highway Network (STRAHNET)/U.S. Department of</u> <u>Defense (DOD) Coordination</u>

FHWA Division and FTA regional offices should encourage MPOs and State DOTs to coordinate with representatives from DOD in the transportation planning and project programming process on infrastructure and connectivity needs for STRAHNET routes and other public roads that connect to DOD facilities. According to the Declaration of Policy in 23 U.S.C. 101(b)(1), it is in the national interest to accelerate construction of the Federal-aid highway system, including the Dwight D. Eisenhower National System of Interstate and Defense Highways, because many of the highways (or portions of the highways) are inadequate to meet the needs of national and civil defense. The DOD's facilities include military bases, ports, and depots. The road networks that provide access and connections to these facilities are essential to national security. The 64,200-mile STRAHNET system consists of public highways that provide access, continuity, and emergency transportation of personnel and equipment in times of peace and war. It includes the entire 48,482 miles of the Dwight D. Eisenhower National System of Interstate and Defense Highways and 14,000 miles of other non-Interstate public highways on the National Highway System. The STRAHNET also contains approximately 1,800 miles of connector routes linking more than 200 military installations and ports to the primary highway system. The DOD's facilities are also often major employers in a region, generating substantial volumes of commuter and freight traffic on the transportation network and around entry points to the military facilities. Stakeholders are encouraged to review the STRAHNET maps and recent Power Project Platform (PPP) studies. These can be a useful resource in the State and MPO areas covered by these route analyses.

Federal Land Management Agency (FLMA) Coordination

FHWA Division and FTA regional offices should encourage MPOs and State DOTs to coordinate with FLMAs in the transportation planning and project programming process on infrastructure and connectivity needs related to access routes and other public roads and transportation services that connect to Federal lands. Through joint coordination, the State DOTs, MPOs, Tribal Governments, FLMAs, and local agencies should focus on integration of their transportation planning activities and develop cross-cutting State and MPO long range transportation plans, programs, and corridor studies, as well as the Office of Federal Lands

Highway's developed transportation plans and programs. Agencies should explore opportunities to leverage transportation funding to support access and transportation needs of FLMAs before transportation projects are programmed in the Transportation Improvement Program (TIP) and Statewide Transportation Improvement Program (STIP). Each State must consider the concerns of FLMAs that have jurisdiction over land within the boundaries of the State (23 CFR 450.208(a)(3)). MPOs must appropriately involve FLMAs in the development of the metropolitan transportation plan and the TIP (23 CFR 450.316(d)). Additionally, the Tribal Transportation Program, Federal Lands Transportation Program, and the Federal Lands Access Program TIPs must be included in the STIP, directly or by reference, after FHWA approval in accordance with 23 U.S.C. 201(c) (23 CFR 450.218(e)).

Planning and Environment Linkages (PEL)

FHWA Division and FTA regional offices should encourage State DOTs, MPOs and Public Transportation Agencies to implement PEL as part of the transportation planning and environmental review processes. The use of PEL is a collaborative and integrated approach to transportation decisionmaking that considers environmental, community, and economic goals early in the transportation planning process, and uses the information, analysis, and products developed during planning to inform the environmental review process. PEL leads to interagency relationship building among planning, resource, and regulatory agencies in the early stages of planning to inform and improve project delivery timeframes, including minimizing duplication and creating one cohesive flow of information. This results in transportation programs and projects that serve the community's transportation needs more effectively while avoiding and minimizing the impacts on human and natural resources. More information on PEL is available <u>here</u>.

Data in Transportation Planning

To address the emerging topic areas of data sharing, needs, and analytics, FHWA Division and FTA regional offices should encourage State DOTs, MPOs, and providers of public transportation to incorporate data sharing and consideration into the transportation planning process, because data assets have value across multiple programs. Data sharing principles and data management can be used for a variety of issues, such as freight, bike and pedestrian planning, equity analyses, managing curb space, performance management, travel time reliability, connected and autonomous vehicles, mobility services, and safety. Developing and advancing data sharing principles allows for efficient use of resources and improved policy and decisionmaking at the State, MPO, regional, and local levels for all parties.

Florida Planning Emphasis Areas 2021

The Florida Department of Transportation (FDOT) Office of Policy Planning develops *Planning Emphasis Areas* on a two-year cycle in coordination with the development of metropolitan planning organizations' (MPOs) respective Unified Planning Work Programs (UPWPs). Emphasis areas set planning priorities, support the Florida Transportation Plan, and give importance to topic areas which MPOs are encouraged to address as they develop their planning programs. Implementation of the seven (7) goals of the Florida Transportation Plan requires embracing innovation; extensive collaboration across jurisdictions, modes and disciplines; an emphasis on customer service; data and performance feedback; and strategic investments for the efficient and effective allocation of resources.

Florida MPOs should consider emphasizing the following four (4) planning topics when updating their UPWPs.

Safety

The Florida Transportation Plan and the State's Strategic Highway Safety Plan place top priority on safety, with a state target of zero traffic fatalities and serious injuries. In addition to adopting safety targets, the MPOs must show how their Long Range Transportation Plan (LRTP) and priority projects in their Transportation Improvement Program (TIP) support progress toward those targets. The UPWP should consider enhancements to data analyses and community involvement to better inform the identification and prioritization of safety projects.

Equity

Executive Order 14008, <u>Tackling the Climate Crisis at Home and Abroad</u>, created the "Justice40 Initiative" that aims to deliver 40 percent of the overall benefits of relevant federal investments to disadvantaged communities. This initiative supports Executive Order 13985, <u>Advancing</u> <u>Racial Equity and Support for Underserved Communities Through the Federal Government</u>, outlines federal policy and defines equity as the consistent and systematic fair, just, and impartial treatment of individuals. The Florida Transportation Plan seeks transportation choices that improve accessibility and equity by including a key strategy to enhance affordable transportation, service, and information access options for all ages and abilities and throughout underserved communities. The MPOs are key to identifying and implementing improvements based on data-driven project prioritization that considers not only impacts of transportation projects on a community, but also benefits of projects that can enhance opportunities for a community. The UPWP should address approaches to furthering transportation equity.

Resilience

With the passage of the FAST Act, resilience was introduced as a federal planning factor: "Improve the resilience and reliability of the transportation system and mitigate stormwater impacts of surface transportation." Resilience is defined as the ability to adapt to changing

conditions and prepare for, withstand, and recover from disruption. These conditions can encompass a wide variety of environmental, technological, economic, or social impacts.

MPOs can address resilience within their planning processes by leveraging tools such as the *FHWA Resilience and Transportation Planning Guide* and *the FDOT Quick Guide: Incorporating Resilience* in the MPO LRTP. It should be noted that while these documents focus primarily on the development of MPO LRTPs and TIPs, addressing resilience should be a consideration within every planning document prepared by an MPO. MPOs should place a particular emphasis on coordination with agency partners responsible for natural disaster risk reduction, or who may be developing local resilience planning initiatives. Additionally, MPOs should consider the additional costs associated with reducing vulnerability of the existing transportation infrastructure. Proactive resiliency planning will help the MPO develop planning documents that are ultimately more realistic and cost-effective.

Emerging Mobility

Advances in communication and automation technology result in new mobility options, ranging from automated and connected transport, electric vehicles, ridesharing, and micro-mobility, to flying cars and space travel. These changes may be disruptive and transformational, with impacts to safety, vehicle ownership, travel capacity, vehicle miles traveled, land-use, transportation design, future investment demands, supply chain logistics, economy, and the workforce. Implementation of all seven goals of the Florida Transportation Plan can be furthered through both the transformation of major corridors and hubs and the expansion of transportation infrastructure to embrace and support the adoption of emerging mobility.

The UPWP should recognize the important influence of emerging mobility on the multi-modal transportation system and include related planning studies, collaboration efforts, research, or other activities.

Contact Information: Abra Horne, FDOT, Metropolitan Planning Administrator 850-414-4901 Abra.Horne@dot.state.fl.us

District Planning Activities

At Florida Department of Transportation (FDOT), our mission is to provide a safe transportation system that ensures the mobility of people and goods, enhances economic prosperity, and preserves the quality of our environment and communities. In order to achieve FDOT's mission and to remain one of the top DOTs in the country, FDOT Secretary Kevin J. Thibault has implemented the department's Vital Few: **Improve Safety, Enhance Mobility, Inspire Innovation, and Foster Talent.** These four core areas should be at the forefront of everything we do as we continue to serve the residents and visitors of Florida. We should always strive to improve safety for all road users, enhance mobility for a growing Florida, inspire innovation within the transportation industry and foster talent within our agency by attracting the best and brightest employees in the nation.

Improve Safety

FDOT's mission and top priority is to create a safe, efficient transportation system for all road users in the state of Florida. To continually improve the safety of the traveling public, FDOT participates in several safety campaigns throughout the year, consistently spreads awareness of safety practices through its communication and social media channels, and follows safety standards in every project, every time. FDOT supports the mission of Vision Zero by implementing Target Zero initiatives and by collaborating with our partners to reach zero fatalities and serious injuring on all roads in Florida.

- Incorporate safety into all planning activities for all modes
 - Corridor studies
 - Bicycle and Pedestrian plans and projects
 - o Transit plans and projects
 - Operational improvements
 - Intersection safety
 - Rail safety
 - Establish target speed for corridors and projects
- Develop and maintain District safety plans
- State Highway Safety Plan
- Safety Campaigns:
 - o Target Zero
 - o Alert Today Florida
 - Safe Mobility for Life
- Safety Emphasis Areas
 - Aggressive driving
 - Aging road users and teen drivers
 - Distracted driving

- Impaired driving
- Intersection crashes
- Lane departure crashes
- Traffic records data
- Vulnerable road users
- Speed Management
- Crash data

Enhance Mobility

As Florida continues to gain more than 600 residents a day and welcomes more than 126 million annual visitors, it is essential to enhance mobility throughout the state to accommodate its consistent and rapid growth. The Florida Department of Transportation is committed to continuing to enhance our state's transportation system to fit the current and future needs of our residents and visitors. Whether that's through the expansion or enhancement of existing roadways or increased multimodal options, we are committed to building the Florida of the future.

- Systems Planning
 - Travel demand model development
 - o Interchange analysis and reviews
 - Level of Service (LOS)
 - Growth management reviews (traffic impact analysis)
 - System maintenance
 - GIS application development and data maintenance
 - Management of data and statistics (track trends)
 - Traffic count program
 - Functional classification
 - Incorporate CAV technology into infrastructure improvements
- Modal Development
 - o Incorporate all modes into planning activities
 - Corridor studies that integrate transportation and land use
 - Bicycle and pedestrian facilities
 - Filing gaps in the network
 - Improvements and enhancements included with all plans and projects
 - Multi use trails and side paths
 - Connections to transit
 - o Public transit
 - Increasing accessibility to transit routes
 - Commuter Assistance Program
 - Transit agency program management and technical assistance

Florida Department of Transportation District Five

- Administration/Program Management of state and federal transit funds
- Assistance to develop transit plans
 - Transit Development Plan (TDP)
 - Transit Asset Management
 - Title VI
 - Transit Disadvantaged Service Plan (TDSP)
- Fixed Guideway Systems
 - Greater Orlando Area Airport (GOAA)
 - SunRail
- Triennial safety audits
- Transportation Disadvantaged Local Coordinating Boards
- Freight and goods movement
 - District Freight Plan
 - Truck Parking Feasibility Studies
 - Sub-area Freight Studies
- o SunRail
- Context Classification
- Incident management
- Active work zone management
- Incorporate TSM&O strategies
- Expand flexibility of funding to support multimodal projects
 - District allocation of state funds for transit operations

Inspire Innovation

Since it was created, FDOT has been consistently creating innovative solutions to solve transportation challenges throughout the state and has become a leader in transportation across the country. The transportation industry is evolving at a rapid pace, and one of our goals at FDOT is to inspire innovation in everything we do. FDOT is proud to employ some of the best and brightest individuals. In order to continue to provide a safe, efficient transportation system for Florida's residents and visitors and prepare for the future, FDOT encourages every employee to think outside of the box. From the everyday processes we use to complete our work to incorporating the latest technologies, let us be forward-thinking in all we do.

- Improve innovation process
 - o Ideation approach
 - o Incorporate innovation into all FDOT activities and function
- Training
- Data needs and sharing
- Launch platform to engage FDOT staff

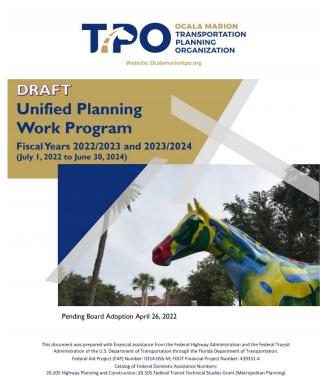

- o Innovator Teams
- Migrate ideas
- Monitor and report
 - Develop reports
 - Share information

Additional Planning Activities

- MPO Program Management
 - Administration of MPO program and federal funds
 - o District Liaison support for MPOs and local governments
 - Technical assistance for development and maintenance of MPO plans and documents
 - UPWP
 - LRTP
 - TIP
 - Agreements
 - Monitoring of program
 - Financial management and oversight
 - Annual Joint MPO Certification
- Regional Planning
 - Support and participate in advisory role to regional boards and committees
 - Regional studies
 - Truck parking
 - Freight and goods movement
 - Multimodal
 - Regional project priorities
- Environmental Management
 - Enhance planning and environmental linkages (PEL)
 - ETDM process
 - Planning consistency
 - PD&E studies

APPENDIX D: PUBLIC NOTICES AND PARTNER AGENCY COMMENTS

Fiscal Years 2023 to 2024 UPWP Available for Public Comment – Transportation Planning Organization

0.205 Highway Planning and Construction; 20.505 Federal Transit Technical Studies Grant (Metropolitan Plan 2710 E. Silver Springs Boulevard • Ocala, FL 34470 • 352-438-2630

March 15, 2022

The Ocala Marion Transportation Planning Organization (TPO) draft Fiscal Years 2023 to 2024 Unified Planning Work Program (UPWP) is available for public comment.

The TPO's Unified Planning Work Program (UPWP) is a federally required financial budgetary document that outlines all activities and expenditures anticipated to occur over a two-year period from July 1, 2022 to June 30, 2024. The draft UPWP is available for public review and comment by going to the TPO webpage: https://ocalamariontpo.org/plans-and-programs/unified-planning-work-plan-upwp

To comment on the UPWP, please use the TPO's online Feedback Form or contact the Director. Comments are accepted from March 15 to April 15, 2022.

FLORIDA DEPARTMENT OF TRANSPORTATION (FDOT) COMMENTS

UNIFIED PLANNING WORK PROGRAM (UPWP) REVIEW CHECKLIST

TPO responses in red (4/6/2022).

MPO:	Ocala Marion TPO		UPWP Draft # or Date:	Draft #1 3/14/22
Review #:	1	Date of Review: March 15, 202	2 Reviewed By:	LLH

The following UPWP Review Checklist is provided to assist in the review of the MPO's UPWP. This Review Checklist is to be completed by the MPO Liaison and included in the UPWP Appendix.

Comments should be categorized as:

Editorial: Comments may be addressed by MPO, but would not affect approval of the document, i.e., grammatical, spelling, and other related errors.

Enhancement: Comments may be addressed by MPO, but would not affect approval of the document, i.e., improve the quality of the document and the understanding for the public (improving graphics, re-packaging of the document, use of plain language, reformatting for clarity, removing redundant language).

Critical: Comment MUST be addressed to meet minimum state and federal requirements to obtain approval. The reviewer must clearly identify the applicable state or federal policies, regulations, guidance, procedures, or statues that the document does not conform with.

TPO Response

A space for comments for each section is provided at the bottom of each section.

UPWP Cover & Title Page

Does the cover or title page include the following information?

- MPO name, address, website? Yes If yes, page number: 1
- CFDA number (FHWA PL & SU: 20.205, FTA 5305: 20.505)? Yes If yes, page number: 1
- Identification of agencies providing funds for the UPWP? Yes If yes, page number: 1
- Financial Project Number (FPN) for each contract shown in UPWP? Yes If yes, page number: 1
- Federal Award Identification Number (FAIN) for FHWA contracts (or the Federal Aid Project Number [FAP])? Yes If yes, page number: 1
- Correct State Fiscal Years? Yes If yes, page number: 1
- Statement of nondiscrimination? Yes If yes, page number: 2
- DRAFT UPWP: Space for adoption date and revision dates? Yes If yes, page number: 1
- FINAL UPWP: Adoption date and space for revision dates? Select response If yes, page number: xx

Editorial Page numbers referred to correspond with page numbers of pdf file.

Required Content

Does the UPWP have the following information?

• Introduction? Yes If yes, page number: 5

- Organization and Management? Select response If yes, page number: xx
- UPWP Planning Task Pages? Yes If yes, page number: 6
- Funding Source Budget Table and Summary Budget Table? Yes If yes, page number: 20
- Definition of acronyms used in UPWP? Yes If yes, page number: 67
- District Planning Activities? Yes If yes, page number: 14
- Indirect Rate Approval (if required)? Yes If yes, page number: 94
 - o Cost Allocation Plan and Certificate of Indirect Cost in an appendix? Yes If yes, page number: 92
- In TMAs, the MPO must identify and include cost estimates for transportation planning, research and technology transfer activities funded with other federal or state and/or local funds being conducted within the MPO area (this includes planning and feasibility studies by other entities) (23 CFR 420.111(e)). Not Applicable If yes, page number: xx
- DRAFT UPWP:
 - o A place for the signed Resolution adopting the final UPWP? Yes If yes, page number: 3
 - A place for the draft Resolution to adopt Travel Policy if not using FDOT policy (if required)? No If yes, page number: xx
 - o A place for the Cost Analysis Certification Statement? No If yes, page number: xx
 - A place for the FHWA Certifications and Assurances? Yes If yes, page number: 60
- FINAL UPWP:
 - The signed Resolution adopting the UPWP? Select response If yes, page number: xx
 - The signed Resolution adopting the Travel Policy if not using FDOT policy (if required)? Select response If yes, page number: xx
 - o The signed Cost Analysis Certification Statement? Select response If yes, page number: xx
 - The signed FHWA Certifications and Assurances? Select response If yes, page number: xx
 - UPWP Comments? Select response If yes, page number: xx
- Appendix to include items previously mentioned: Travel Policy (if required), Cost Allocation Plan and Certificate of Indirect Cost (if required), and UPWP Comments? Yes If yes, page number: 60

		TPO Responses
Critical	-Include Cost Analysis Certification Statement in final UPWP document	TPO included Certification Form in Final
Critical	-Include resolution adopting Travel Policy	TPO included Travel Resolution for Final

Introduction

Does the introduction include the following elements?

- Definition and purpose of the UPWP? Yes If yes, page number: 5
- Overview of MPO's comprehensive transportation planning activities? Yes If yes, page number: 5
- Discussion of planning priorities, both MPO and local? Yes If yes, page number: 16
- Statement of CPG participation: "The FDOT and the (insert organization name) participate in the Consolidated Planning Grant (CPG). The CPG enables FDOT, in cooperation with the MPO, FHWA, and FTA, to annually consolidate Florida's FHWA PL and FTA 5305(d) metropolitan planning fund allocations into a single grant that is administered by the FHWA Florida Division. These funds are annually apportioned to FDOT as the direct recipient and allocated to the MPO by FDOT utilizing formulas approved by the MPO, FDOT, FHWA and FTA in accordance

with 23 CFR 420.109 and 49, U.S.C. Chapter 53. The FDOT is fulfilling the CPG's required 18.07% non-federal share (match) using Transportation Development Credits as permitted by 23 CFR 120(i) and FTA C 8100.1D". Yes If yes, page number: 5

- Definition of soft match: Section 120 of Title 23, U.S.C., permits a State to use certain toll revenue expenditures as a credit toward the non-Federal matching share of all programs authorized by Title 23, (with the exception of Emergency Relief Programs) and for transit programs authorized by Chapter 53 of Title 49, U.S.C. This is in essence a "soft-match" provision that allows the Federal share to be increased up to 100% to the extent credits are available. The "soft match" amount being utilized to match the FHWA funding in the UPWP is 18.07% of FHWA program funds for a total of \$? Yes If yes, page number: 20
- Description of public involvement process used in development of MPO's UPWP? Yes 🛛 No 🗆 Page number: 6
- Description of how the MPO's addresses the <u>Federal Planning Factors</u>-(23 CFR 450.306(b)) can be demonstrated using a matrix? Yes If yes, page number: 10
- Description of how the MPO's UPWP addresses the <u>Florida Planning Emphasis Areas 2021</u> and the <u>2021 Federal</u> <u>Planning Emphasis Areas</u>? Yes If yes, page number: 11
- If MPO is not in attainment, description of transportation related air quality planning activities regardless of funding sources or agencies conducting activities? Not Applicable If yes, page number: xx

No comment Click here to enter comments

MPO Organization and Management

At a minimum, does the UPWP include information on the following items?

- Identification of participants and description of role in the UPWP planning process? Yes If yes, page number: 5
- Discussion of agreements, including date executed
 - Metropolitan Planning Agreement (FHWA funds)? Yes If yes, page number: 8
 - Public Transportation Grant Agreements (prior year FTA funds)? Yes If yes, page number: 8
 - Interlocal Agreement for the Creation (or Redesignation) of the Metropolitan Planning Organization?
 Yes If yes, page number: 8
 - Intergovernmental Coordination and Review and Public Transportation Coordination Joint Participation Agreement (ICAR)? Yes If yes, page number: 8
 - Memorandum of Understanding between MPOs and/or FDOT if transferring funds to accomplish Regional Activities?

No If yes, page number: xx

- Discussion and identification of operational procedures and bylaws including date executed?
 - Continuity of Operations (COOP): Yes If yes, page number: 16
 - MPO Bylaws: No If yes, page number: xx
- Does the MPO include the following SIGNED Certifications and Assurances section?
 - o Disadvantaged Business Enterprise Utilization? Yes If yes, page number: 63
 - o Debarment and Suspension Certification? Yes If yes, page number: 61
 - o Lobbying Certification for Grants, Loans and Cooperative Agreements? Yes If yes, page number: 62

- o Title VI/Nondiscrimination Assurances? Yes If yes, page number: 64
- Appendices A and E? Yes If yes, page number: 65
- Discussion of Indirect Rate Plan, and in an appendix include signed Cost Allocation Plan and Certificate of Indirect Cost, if applicable? Yes If yes, page number: 92

- MPO must include discussion of bylaws and operational procedures, with date adopted. Note link to bylaws is included in document. <u>TPO Responses</u>

Critical

- -No discussion of indirect rate -Include CFMPO MOU
- TPO added date/background to TPO Board bylaws
- Indirect rate is discussed in detail under Cost Allocation on page 17 TPO changed sub-section heading to Indirect Rate Cost Allocation
- CFMPO Interlocal Agreement updates in 2016, 2018 were referenced

Work Elements/Tasks Sheets

At a minimum, does the UPWP have the following distinct tasks or subtasks?

- MPO Administration? Yes If yes, page number: 21
- Transportation Improvement Program (TIP)? Yes If yes, page number: 32
- Long Range Transportation Plan (LRTP)? Yes If yes, page number: 29
- MPO Regional Activities Task (if required)? Yes If yes, page number: 50

No comment Click here to enter comments

Do each of the Work Element/Task Summary Pages include the following?

- Is each Task Sheet named and numbered? Yes
- Does each Task Sheet include Purpose, Previous Work, Required Activities? Yes
- Do the required activities list who will be completing the work? No
- Does each Tasks Sheet indicate who is the responsible agency or agencies? Yes
- Does each Task Sheet include end products/deliverables with scope and estimated completion date? Yes
- Does supporting narrative for each task provide sufficient detail to determine eligibility, necessity, and reasonableness of the purchase? Yes
- If memberships are listed as an expense, does it state that the memberships are for organizational memberships, not individual memberships? No If yes, page number: xx

-Include more detail about who will complete work tasks and activities (TPO staff, consultant,

Critical

- other agency staff, etc.) -Indicate agency memberships vs. individual memberships. Note that membership expenses are
- budgeted as local funds TPO Responses
 - TPO completed by adding responsible parties by task for both fiscal years.
 - Memberships are professional for staff and were be identified more clearly in Task 9

Work Elements/Tasks Sheets Budget Tables

Did the MPO use the UPWP Budget Table template provided by Central Office for task budget tables? Yes

Did the MPO prepare Task Summary Budget tables for year 1 and year 2 (either individually or combined)? Yes page number: 56

Does MPO Administration Task have subcategory for:

• Personnel Services? Yes If yes, page number: 23

- Equipment? Equipment costing more than \$5,000 per item should be listed separately. Yes If yes, page number: 23
- Travel? Yes If yes, page number: 23
- Supplies? Supplies costing more than \$1,000 per item should be listed separately. Yes If yes, page number: 23
- Direct Expenses? Yes If yes, page number: 23
- o Indirect Expenses (only required if MPO has an approved indirect rate)? Yes If yes, page number: 23
- Are Atypical expenses (see <u>Guide for UPWP Development</u>) clearly described? No If yes, page number: xx
- Is Annual Audit expense included, if required? Yes If yes, page number: 93

Do each of the other Work Element/Task Summary Estimated Budget Tables include the following?

- Personnel Services? Yes
- Consultant Services (if using consultant on task)? Yes
- Travel (if needed)? Yes
- Direct Expenses (if needed)? Yes
- Indirect Expenses (only required if MPO has an approved indirect rate)? Not Applicable

• Supplies (if needed)? Not Applicable		TPO Responses	
		• The TPO has not meet the SSA - Single Source Audit	
 Equipment (if needed)? Not Applicable 		threshold of \$750,000 expended of federal funds in one	
	-Note annual audit expenses included in Cost Allocation Plan -No atypical expenses noted, please include if there are any		
Editorial	-No capital expenses (equipment greater than \$5000) noted, please include separately in budget table if any anticipated • None currently planned, but will be noted in future through amendment, if needed		
	 -No supply costs greater than \$1000 noted, please include separately in budget table if any anticipated TPO denoted more details in Task 1 related to software and plotter. 		

MPO Regional Activities Task (required if MPO is transferring funds between MPOs and/or FDOT to complete regional planning activities)

Does the MPO have distinct tables to reflect MPO funding and overall regional task funding? In the UPWP Budget Table template provided by Central Office, these tables are called MPO Regional Activities and All Regional Accounting. Yes page number: 51

Do the Regional Work Element/Task Budget Table(s):

- Show ALL agencies (e.g., other MPOs, FDOT) that are included in the regional activities? Yes If yes, page number:
 50
- Show amounts to be transferred by the MPO to other agencies (if applicable)? Yes If yes, page number: 51
- Show amounts to be received by the MPO from other agencies (if applicable)? Not Applicable If yes, page number:
 xx
- Show activities the funds are being used for? Yes If yes, page number: 50
- Do all participating MPOs use identical:
 - Descriptions of the activities to be completed Select response If yes, page number: xx

o Task name, activity description(s) and budgeted funds Select response If yes, page number: xx

Editorial Regional planning task language and comparison with CFMPOA member MPO draft UPWP documents will be forthcoming. Thank you.

Funding Source Budget Table

Did the MPO use the UPWP Budget Table template provided by Central Office for Funding Source Budget Table? Yes

Total FY 2023 contract amounts:

- DRAFT UPWP:
 - PL funds, which include FDOT FY 23 FTA 5305(d) and FY 23 PL funds (refer to Chris Bratton's PL Spreadsheet *total should not include estimated amount to be de-ob'd from FY 2021-22*)? Yes If yes, page number: 56
 - o STBG or other federal funds (FY 2023 amount shown in FDOT Tentative Work Program)? Yes
 - Prior year active FTA contracts (PTGAs) with estimated amount? (contracts will be trued up in the fall once we have remaining balances at end of fiscal year.) Yes

• FINAL UPWP:

- PL funds, which include FDOT FY 23 FTA 5305(d) and FY 23 PL funds (refer to Chris Bratton's UPDATED PL Spreadsheet which will include the MPO Board approved de-ob'd amount)? Select response
- STBG funds or other federal funds (FY 2023 amount shown in FDOT Tentative Work Program) + MPO Board approved de-ob'd funds (if applicable) Select response
- Prior year active FTA contracts (PTGAs) with estimated amount? (contracts will be true-d up in fall once we have remaining balances at end of fiscal year.) Select response
- Does Funding Source Budget Table include soft match amounts? Yes
- No comment Click here to enter comments

Total FY 2024 contract amounts:

- DRAFT UPWP:
 - PL funds, which include FDOT FY 24 FTA 5305(d) and FY 24 PL funds (refer to Chris Bratton's PL Spreadsheet)? Yes If yes, page number: 57
 - o STBG or other federal funds (FY 2024 amount shown in FDOT Tentative Work Program)? Yes
- FINAL UPWP:
 - PL funds, which include FDOT FY 24 FTA 5305(d) and FY 23 PL funds (refer to Chris Bratton's UPDATED PL Spreadsheet)? Select response
 - STBG funds or other federal funds (FY 2023 amount shown in FDOT Tentative Work Program) + MPO Board approved de-ob'd funds (if applicable) Select response
- Does Funding Source Budget Table include soft match amounts? Yes

Choose a category Click here to enter comments

Since the UPWP is the "Scope of Service" for the MPO Agreement, it is important to confirm that the total of Year 1 and Year 2 amounts in the UPWP also match what is shown on the MPO Agreement.

- Does FINAL UPWP PL amounts shown in FY 2023 plus FY 2024 match what is shown on new MPO Agreement? Yes
- Does Other FHWA funding (i.e., SU, CMAQ, etc.,) amounts shown in FY 2023 and FY 2024 match what is shown on new MPO Agreement? Yes

Editorial New MPO agreements forthcoming

Summary Budget Table

Did the MPO use the UPWP Budget Table template provided by Central Office for the Summary Budget Table? Yes

Do the total FY 2023 contract amounts match what is shown on Funding Source Budget Table? Yes

Do the total FY 2024 contract amounts match what is shown on Funding Source Budget Table? Yes

TPO Response: Changes made to Task 8 Regional Planning. This includes identifying outgoing funds to MetroPlan Orlando in orange.

UPWP Guide provided by Central Office states:

MPO Regional Activities

The MPO Regional Activities and All Regional Accounting tables should be used to show incoming and outgoing funds for regional tasks that involve the transfer of funds between MPOs. These table are only for tasks that require the physical transfer of funds. This does not include shared costs (e.g., health benefits for MPO staff) or activities that do not result in the transfer of funds or participation of a single MPO in coordination with other regional entities (e.g., attendance at MPOAC or FTC meetings, or MPOAC dues). All participating MPOs shall use consistent descriptions of the activities to be completed. Task name and activity description must be consistent between MPOs. Regional tasks must be supported by a MOU signed by all participating MPOs.⁴ Funds are authorized in the UPWP but are encumbered via contracts. Depending on the source, funds may need to be on separate contracts.

MPO Regional Activities

This table is for the MPO's funds for regional tasks that include the transfer of funds. The MPO shall list funds it is transferring to other agencies (e.g., other MPOs, FDOT) and funds it is receiving from other agencies for regional activities. The table summarizes the total amount of funds by source and what activities the funds are to be used for. Purple highlights indicate incoming funds, while orange highlights indicate outgoing funds. Within the UPWP document, include a legend or footnote for the table stating how the incoming funds and outgoing funds are formatted.

All Regional Accounting

This table summarizes the lead agency for regional tasks and all funding contributed to regional activities by fund source. Purple highlights indicate funds transferred to the lead agency. This table must be consistent for all MPOs participating in the regional activities. Within the UPWP document, include a legend or footnote for the table stating how the incoming funds and outgoing funds are formatted.

Regional Activities

- 1. Reflect as Regional Task and identify CFMPOA work separately from other regional planning activities of the MPO
- 2. Include executed MOA for CFMPOA
- 3. Use text below for narrative

Task X – Regional Activities

<u>Purpose</u>: To promote and enhance interregional transportation planning and coordination with neighboring MPOs by supporting coming interests through the Central Florida MPO Alliance (CFMPOA).

Previous Work:

Previous Work	Adoption Date/Status
CFMPOA Regional priority project list	Annual
CFMPOA Quarterly meetings	Quarterly
CFMPOA Annual joint meeting with Sun	Annual
Coast Transportation Planning Alliance	
(SCTPA)	

Required Activities:

Required Activities and Work Products	Milestone/Completion Date
CFMPOA Regional Metropolitan	Spring 2024
Transportation Plan summary	
CFMPOA Regional priority project list	July 2022
	July 2023
CFMPOA continued coordination	Quarterly meetings/Ongoing
amongst regional MPO partners	

Responsible Agencies:

Participating agencies of CFMPOA include Lake-Sumter MPO, MetroPlan Orlando, Ocala-Marion TPO, Polk TPO, River to Sea TPO, and Space Coast TPO.

Budget Tables:

17. Information and Reports. The TPO will provide all required information and reports and will permit access to its books, records, accounts, and other sources of information, and its facilities as may be determined by FDOT, FHWA, or FTA to be pertinent to ascertain compliance with such regulations, orders and instructions. The TPO shall adhere to Chapter 119 Florida Statutes regarding public records. Where any information required of the TPO is in the exclusive possession of another who fails or refuses to furnish this information, the TPO shall certify to FDOT, FHWA, or FTA as appropriate, and shall set forth what efforts it has made to obtain the information.

18. Amendment of Agreement. The COUNTY and the TPO may, upon initiation of either party, amend this Agreement to cure any ambiguity, defect, omission or to grant any additional powers, or to confer additional duties which are consistent with the intent and purpose of this Agreement subject to formal approval by resolution of each party.

19. Effective Date and Term. This Agreement shall become effective on January 28, 2020 upon approval by the TPO and the Marion County Board of County Commission and remain in effect for a period of five years. At that time, the TPO shall review this Agreement to determine if any changes are warranted.

20. Termination. Either party may terminate this Agreement by providing written notice of intent to terminate to the other party at least ninety (90) days prior to the then current fiscal year; provided, that financial commitments made prior to termination are effective and binding for their full term and amount regardless of termination. The effective date of any termination shall be the end of the then current fiscal year, unless both parties agree to an alternative date of termination.

IN WITNESS WHEREOF, the undersigned parties have caused this Staff Services Agreement to be duly executed in their behalf this 21 day of Tanuary , 2020.

Travel Policy

Resolution No. 22-6

RESOLUTION OF THE OCALA/MARION COUNTY TRANSPORTATION PLANNING ORGANIZATION (TPO) ENDORSING THE ADOPTION OF THE TPO TRAVEL POLICY

WHEREAS, the Ocala/Marion County Transportation Planning Organization, designated by the Governor of the State of Florida as the Metropolitan Planning Organization (MPO) and body responsible for the urban transportation planning process for the Ocala/Marion County area; and

WHEREAS, Florida Statutes Section 112.061(14) allows TPO/MPOs to establish rates that vary from the standard state per diem rates by enactment of a resolution, provided that the rates apply uniformly to all travel by the entity; and

WHEREAS, the policies and procedures concerning the reimbursement of travel expenses are outlined in the TPO Travel Policy, updated and approved by the TPO Board on February 22, 2022.

NOW THEREFORE BE IT RESOLVED by the Ocala/Marion County Transportation Planning Organization adopts the TPO Travel Policy.

CERTIFICATE

The undersigned duly qualified and acting Chairman of the Ocala/Marion County Transportation Planning Organization hereby certifies that the foregoing is a true and correct copy of a Resolution adopted at a legally convened meeting of the Ocala/Marion County Transportation Planning Organization held on this 26th day of April 2022.

Section 1: General

1.1 Purpose

To establish policies and procedures for the payment and/or reimbursement of expenses incurred while traveling on official TPO business.

1.2 Scope and Applicability

These regulations apply to all travel for TPO employees, elected and appointed officials, advisory board members, volunteers, and all others who are authorized to travel on official TPO business.

1.3 Roles and Responsibility

- 1) Director
 - a) Ensure all travel expenditures have been budgeted.
 - b) Ensure that travel is related to TPO business and expenses are reasonable and necessary in accordance with this policy.
 - c) Ensure that travelers understand their responsibilities and initiate the appropriate action when procedures are not followed.
 - d) Review travel related documentation to ensure that travelers have adhered to the travel policy.
 - e) Ensure that accurate and complete Travel Expense Reports are submitted in accordance with the schedule established in this policy.
 - f) Authorize travel and approve the Travel Expense Report.
 - g) Retain Travel Expense Report and backup information subject to audit.
- 2) Travelers
 - a) Exercise the same care in incurring expenses that a prudent person would exercise if traveling on personal business.
 - b) Be knowledgeable of and adhere to the requirements set forth in this policy.
 - c) Submit Travel Expense Report within 15 business days after the completion of travel that documents all expenses related to the total cost of travel.

1.4 Authorizations

- 1) Every traveler should seek approval from the Director prior to incurring any expenses.
- 2) Travel must be necessary for the proper execution of official TPO business. Meetings and conferences must be of a professional nature that will increase the attending individual's value to the TPO.
- 3) Upon the completion of travel, a Travel Expense Report will be completed and the following will review the request for compliance with the TPO's travel policy.
 - a) Director will be approved by the TPO Board.
- 4) Travel Advances are considered the exception, not the rule. If a travel advance is necessary, it must be approved by the Director. The traveler is responsible to submit this request the Friday prior to the scheduled payroll run.
- 5) A payroll deduction will automatically be made if a travel advance is outstanding for more than 30 days, and is directly attributed to the traveler's failure to properly file the Travel Expense Report.

1.5 Procurement Card Use

- 1) The procurement card (P-card) shall be used to pay for airline tickets, lodging, car rental, and registration fees whenever possible. If the traveler does not possess a P-card and someone else within their department does, the cardholder may elect to authorize these charges on their P-card.
- 2) The P-card SHALL NOT BE used for expenses that are reimbursed to the traveler at a flat rate, e.g. meals and mileage.
- 3) The P-card may be used to purchase gas when the traveler is using a Marion County or rental vehicle for out-of-town travel.
- 4) The traveler is responsible for documenting and submitting copies of these receipts on the Travel Expense Report.

1.6 Missing Receipts

If travel expense receipts are lost or stolen, a reasonable attempt to obtain duplicate receipts must be made. If duplicates cannot be secured, a statement of the facts explaining the incident must accompany the completed Travel Expense Report.

1.7 Letter of Agreement

When an employee attends advanced-level training that exceeds \$2,000 and leaves the TPO before the end of one year after completion of training, the traveler will be required to enter into a

contractual agreement to reimburse the TPO on a pro-rated basis for travel expenses as defined in the Marion County Employee Handbook and the Marion County Training Reimbursement Policy and Agreement.

Advanced-level training is training that is not required by the Director and will enhance an employee's abilities and/or advance their career.

Section 2: Travel Expense Requirements/Guidelines

2.1 General Principles

- 1) The traveler shall be reimbursed for authorized expenses that are in compliance with the requirements of this policy and are associated with an approved trip.
- 2) Travel arrangements should be made as early as possible to take advantage of early discounts and advance purchase prices.
- 3) When online travel is available, unless otherwise approved by Director, travel will not be permitted. Arrangements associated with the travel shall be the most economical available and result in the shortest "time-away".
- 4) Reimbursement is limited to the traveler only. The TPO will not reimburse any expenses for a traveler's spouse and family.
- 5) The TPO is exempt from the Florida Sales Tax. The traveler must print a copy of the tax exemption certificate prior to traveling in order to obtain the exemption. The traveler is responsible for taxes charged unless there is a written justifiable explanation of the facts.
- 6) Any travel associated with grants or other funding sources must comply with all provisions stipulated by the sponsoring agency or with all provisions of this travel policy if more restrictive. If the sponsoring agency's provisions are more restrictive than this policy, TPO policy will take precedence and the TPO will compensate for the difference.
- 7) Any advance or reimbursement due to the employee will be paid through the employee's payroll direct deposit as a non-taxable reimbursement. Same day travel meals described in Section 2.4.3 will be processed through payroll also, but as a taxable fringe benefit (per IRS regulations). IRS rules will prevail over the taxability of reimbursements.
- 8) Travelers must submit a complete Travel Expense Report that includes all travel related expenses such as, registration, gas, mileage, lodging, meals, tolls, parking fees, or rental car for trips outside of Marion County.

2.2 Registration Fees

- 1) Fees should only be paid after the proper travel authorization is secured.
- 2) Fees for registration, including meals and other programmed affairs sponsored by a conference or convention organization, shall be prepaid whenever possible. The use of the P-card for this expense is the preferred method of payment. A traveler can be reimbursed if a paid receipt is presented.
- 3) Payment for registration fees will be written directly to the sponsoring organization. The traveler is responsible to disburse backup documentation to the organization.
- 4) The TPO will not pay fees associated with entertainment events/dinners that are optional and not included as a part of the registration fee. These fees should not be charged to the P-card.
- 5) For payment to be advanced or reimbursed, a traveler must submit a copy of the agenda, or a certificate of attendance.

2.3 Transportation

- 1) Commercial Air Travel
 - a) Coach fare class shall be taken for all travel by air.
 - b) If air travel is booked via the Internet, the confirmation notice that states the amount shall be submitted to verify the cost.
 - c) Ticket insurance and additional accident or life insurance for persons traveling by commercial air travel will not be reimbursed.
 - d) The actual cost incurred for parking a private vehicle at the airport while the traveler is away shall be reimbursed. A receipt is required.
- 2) TPO Vehicle
 - a) The use of TPO-owned vehicles must be authorized by the Director.
 - b) When transportation is by a TPO-owned vehicle, reimbursable expenses will be limited to actual costs incurred for fuel, oil, and necessary vehicular maintenance and repairs supported by receipt or invoice; however, the P-card is the preferred method of payment for these expenses.
 - c) Parking tickets and moving vehicle citations are the responsibility of the traveler.
- 3) Privately Owned Automobile
 - a) The use of a privately-owned vehicle requires Director approval. Mileage reimbursement for use of a privately-owned vehicle will not be authorized without Director approval.
 - b) The traveler is entitled to a mileage allowance not to exceed IRS guidelines.
 - c) The individual operating the privately owned vehicle must possess a valid driver's license and the

Ocala Marion TPO Travel Policy

vehicle must be insured with the minimum required insurance for the State of Florida.

- d) The mileage reimbursed shall be reasonable and comparable to other methods of travel. If MapQuest or another similar source is used, a printout substantiating the mileage claim should be attached to the Travel Expense Report.
- e) The mileage allowable will be from the traveler's official headquarters or point of origin, whichever is less, to the destination point. The official headquarters is defined as the traveler's normal work place or if there is no normal work place, the departmental headquarters location.
- f) A reasonable amount of vicinity travel is reimbursable to the traveler. Reasonable vicinity mileage is considered less than 25 miles per travel period. Requests for vicinity mileage exceeding 25 miles should be accompanied by a written explanation from the traveler substantiating the mileage claim.
- g) If there are multiple travelers going to the same destination, carpooling is required unless specifically authorized by the Director. If there are multiple travelers riding in the same privately owned vehicle, only one individual will be reimbursed for mileage.
- h) Employees receiving a vehicle allowance as part of their salary package are entitled to reimbursement for mileage when using their personal vehicle outside of Marion County.
- i) Parking tickets and moving vehicle citations are the responsibility of the traveler.
- 4) Rental Vehicle
 - a) A vehicle may be rented when deemed appropriate by the Director. The use of rental vehicles should be limited to those instances where Marion County, privately owned vehicles or reasonable public transportation is unavailable.
 - b) Whenever possible, the State contract for rental cars should be utilized.
 - c) Maximum reimbursement for rental cars will be limited to the mid-size sedan rate or a vehicle with a comparable rate.
 - d) Travelers utilizing rental cars will be reimbursed for gasoline if receipts are provided; however, the P-card is the preferred method of payment.
 - e) Collision-damage waivers are recommended to be purchased when obtaining a rental vehicle. Marion County also has a self-insured program to cover claims.
 - f) If a rental vehicle is booked via the Internet, the confirmation notice that states the amount shall be submitted to verify the cost. A receipt shall also be submitted upon return.

2.4 Meals and Incidentals

1) Employees shall be paid per diem for TPO related travel in accordance with U.S. General Services Administration (GSA). The most current meal and incidental allowances for standard and specified rates are provided at: <u>www.GSA.gov/travel-resources</u>.

2) No receipts for meals are required.

Ocala Marion TPO Travel Policy

- 3) Meals for same day travel, which do not require an overnight stay, are allowed as provided in section 2.8.3 of this policy. Reimbursements granted will be a taxable fringe benefit (per IRS regulations) and will be included in your payroll direct deposit as taxable.
- 4) **The TPO, at its discretion, may allow employees to claim a meal allowance at an event with a meal(s) included as part of the registration fee if:
 - a. You are unable to consume the furnished meal(s) because of medical requirements or religious beliefs.
 - b. You requested specific approval to claim the full meal allowance prior to your travel.
 - c. You have made a reasonable effort to make alternative meal arrangements, but were unable to do so.
 - d. You purchased substitute meals in order to satisfy your medical or religious requirements.
- 5) At the TPO's discretion, you may also claim the full meal allowance if you were unable to take part in an event furnished meal due to the conduct of official business.

2.5 Lodging

- 1) The use of the P-card for this expense is the preferred method of payment.
- 2) The lodging expense is limited to single occupancy or occupancy shared with another TPO traveler.
- 3) Lodging costs in excess of the single room rate will not be reimbursed except when the additional occupant is an authorized TPO traveler.
- 4) If a hotel is booked via the Internet, the confirmation notice that states the amount shall be submitted to verify the cost.
- 5) Requests for reimbursement for lodging must be accompanied by an itemized paid receipt from the hotel, motel, etc. Extended stays must be paid by the traveler.

**Source: General Services Administration (GSA) Subchapter B-Allowable Travel Expenses- <u>https://www.gsa.gov/policy-regulations/regulations/federal-travel-regulation-ftr/i1206091#i1204040</u>

2.6 Miscellaneous Expenses

- 1) Communication expenses, including charges for telephone, facsimile, and internet access, to conduct official TPO business with the traveler are reimbursable if a receipt is provided.
- 2) Bridge, road, and tunnel tolls will be reimbursed when receipts are provided.
- 3) Parking charges will be reimbursed. Receipts for all parking charges must be provided. Parking meter charges will be paid without receipts if reasonable and approved by the Director.
- 4) Any other reasonable expense not otherwise provided for but incurred for the benefit of the TPO, will be reimbursed if receipts are provided and approved by the Director.

2.7 Nonrefundable Travel Expenses in Connection with Canceled Travel

- 1) Reimbursement for prepaid travel expenses may be allowed when the travel is canceled for legitimate reasons. Only the portion of the prepaid expenses that is nonrefundable is reimbursable.
- 2) The originating department shall be responsible for requesting a refund (full or partial) of expenses paid in advance by the TPO when the traveler does not attend the function.
- 3) A memo justifying the cancellation of travel, a paid receipt and certification that the expense is nonrefundable should be included with the Travel Expense Report.
- 4) The traveler shall be personally responsible for reimbursement of any expenses paid by the TPO when the traveler does not attend the function due to their own negligence.

2.8 Same Day Travel – Out of County

- 1) If the use of a privately owned vehicle is approved by the Director, mileage will be reimbursed in accordance with IRS guidelines.
- 2) Travelers must submit a Travel Expense Report if there are any travel related expenses such as registration, gas, mileage, lodging, meals, or rental vehicles. One report can be used if several travelers register for the same conference, travel in one vehicle and do not have a reimbursement due.
- 3) For same day travel which does not require an overnight stay, the standard meal allowance will be granted, but it will be a taxable fringe benefit (per IRS regulations) This reimbursement will be included in your payroll direct deposit as taxable.

2.9 Intra-County Travel

- 1) Employees that have a need to travel within the boundaries of Marion County shall use a Marion County vehicle, when possible. The use of a privately-owned vehicle for Intra-County travel must be approved by the Director.
- 2) Employees who utilize their personal vehicle and are not receiving an auto allowance are entitled to a mileage allowance equal to the standard mileage rate established annually by the IRS.
- 3) Employees receiving an auto allowance shall use their personal vehicles and will not be reimbursed for mileage for Intra-County Travel.
- 4) Reimbursement for Intra-County mileage will be submitted on the Intra-County Reimbursement form.
- 5) Parking tickets and moving vehicle citations are the responsibility of the traveler.
- 6) Travel Expense Reports are NOT required for travel within Marion County.

TO:Board MembersFROM:Rob Balmes, DirectorRE:Amendment #3 of the FY 2023 to 2027
Transportation Improvement Program (TIP)

<u>Summary</u>

Per the request of the Florida Department of Transportation (FDOT), one project is proposed to be amended in the Fiscal Years (FY) 2023 to 2027 Transportation Improvement Program (TIP). The current I-75 Rest Area project (FM 438562-1) is receiving federal funding from the Carbon Reduction program and additional state funding to ensure completion. The original and proposed project pages may be found with this memo, along with the complete TIP document.

FM# 438562-1: I-75 (SR 93) Rest Area Marion County, from North of CR 484 to South of SR 200

- Funds to be added: \$12,437,031
 - Federal: \$6,524,619
 - State: \$5,912,412
- FY 23 Construction (CST) phase
- Total TIP Funding: \$42,379,024

Attachment(s)

- FDOT TIP Amendment Request
- TIP Current and proposed amended project pages
- FY 2023 to 2027 TIP document

Committee Recommendation(s)

• The Citizens Advisory Committee (CAC) and Technical Advisory Committee (TAC) approved the TIP Amendment on January 10, 2023.

Action Requested

TPO staff is recommending approval of the FY 2023 to 2027 Transportation Improvement Program (TIP) Amendment #3.

If you have any questions about the TIP amendment, please contact me at: 438-2631.

Mr. Robert Balmes, AICP, CTP, Executive Director Ocala-Marion Transportation Planning Organization (TPO) 2710 E Silver Springs Blvd Ocala, FL 34470

RE: Request to Amend Fiscal Year (FY) 2022/23-2026/27 Transportation Improvement Program (TIP)

Dear Mr. Balmes:

The purpose of this letter is to request Ocala Marion TPO amend the FY 2022/23-2026/27 TIP.

Project #438562-1 will construct a rest area along I-75 in the northbound direction in Marion County. This project has received additional federal funding from the Carbon Reduction Act which will help keep production of the project moving forward and address industry cost increases for materials and services.

Please use the information in the table below to revise the TIP accordingly:

FM#	Project	Project	Length	Phase	Fund	Amount	FY
	Description	Limits			Source		
438562-1	I-75 (SR 93)			CST	CARB	\$ 5,850,000	2023

Transportation Improvement Program

Fiscal Years 2023 to 2027

Adopted June 28, 2022

Amendment 1: August 23, 2022Amendment 3: January 24, 2023Amendment 2: November 29, 2022

This document was prepared with financial assistance from the Federal Highway Administration and the Federal Transit Administration of the U.S. Department of Transportation through the Florida Department of Transportation.

2710 E. Silver Springs Boulevard • Ocala, FL 34470 • 352-438-2630

Resolution No. 22-13

RESOLUTION OF THE OCALA/MARION COUNTY TRANSPORTATION PLANNING ORGANIZATION (TPO) TRANSPORTATION IMPROVEMENTPROGRAM (TIP) FOR FISCAL YEAR 2023 to 2027

WHEREAS, the Ocala/Marion County Transportation Planning Organization, designated by the Governor of the State of Florida as the body responsible for the urban transportation planning process for the Ocala/Marion County area; and

WHEREAS, Title 23 U.S.C 134(j), 23 CFR Section 450.326 and Florida Statute 339.175(8) require each Metropolitan/Transportation Planning Organization to annually submit a Transportation Improvement Program; and

WHEREAS, a Transportation Improvement Program is defined as "a staged, multi-year, intermodal program of transportation projects which is consistent with the metropolitan (long-range) transportation plan [23 CFR 450.104].

WHEREAS the TPO Board has authorized the TPO Director to perform revisions and amendments to plans, programs, and documents approved by the TPO, when such action is needed to obtain state or federal approval within a constrained timeframe. The authorization includes the following tenets:

- (i) The TPO Director shall include any such revision or amendment on the agenda of the next regularly scheduled meeting for ratification by TPO Board;
- (ii) No revision or amendment performed by the TPO Director shall substantially modify any plans, programs, or document approved by the TPO Board or result in the need to conduct a public hearing regarding such revision or amendment.

NOW THEREFORE BE IT RESOLVED that the Ocala/Marion County Transportation Planning Organization endorses the amendment of Transportation Improvement Program for FY 2023 to 2027.

CERTIFICATE

The undersigned duly qualified and acting Chair of the Ocala/Marion County Transportation Planning Organization hereby certifies that the foregoing is a true and correct copy of a Resolution adopted at a legally convened meeting of the Ocala/Marion County Transportation Planning Organization held on this 29th day of November 2022.

By:

Ire Bethea Sr., Chair

Attest:

Robert Balmes, TPO Director

Ocala Marion Transportation Planning Organization (TPO)

Governing Board Members

Councilmember Ire Bethea Sr., City of Ocala District 2, Chair Commissioner Craig Curry, Marion County District 1, Vice-Chair

Commissioner Kathy Bryant, Marion County District 2 Councilmember Kristen Dreyer, City of Ocala District 4 Commissioner Jeff Gold, Marion County District 3 Mayor Kent Guinn, City of Ocala Councilmember James Hilty, City of Ocala District 5 Commissioner Ronald Livsey, City of Belleview Seat 3 Councilmember Barry Mansfield, City of Ocala District 1 Commissioner Michelle Stone, Marion County District 5 Mayor Bill White, City of Dunnellon Commissioner Carl Zalak III, Marion County District 4 John E. Tyler, P.E., FDOT District Five Secretary, Non-Voting

Mission

To plan for a future transportation system that is safe and accessible for the residents and visitors of our community.

Vision

A transportation system that supports growth, mobility and safety through leadership and planning.

www.ocalamariontpo.org

2710 East Silver Springs Boulevard, Ocala, FL 34470 352-438-2630

The Ocala Marion Transportation Planning Organization (TPO) is committed to ensuring that no person is excluded from the transportation planning process and welcomes input from all interested parties, regardless of background, income level or cultural identity. The TPO does not tolerate discrimination in any of its programs, services, activities or employment practices. Pursuant to Title VI of the Civil Rights Act of 1964, as amended, Section 504 of the Rehabilitation Act of 1973, the Americans with Disabilities Act of 1990 (ADA), the Age Discrimination Act of 1975, Executive Order 13898 (Environmental Justice) and 13166 (Limited English Proficiency), and other federal and state authorities. The TPO will not exclude from participation in, deny the benefits of, or subject to discrimination, anyone on the grounds of race, color, national origin, sex, age, disability, religion, income or family status. The TPO welcomes and actively seeks input from the public, to help guide decisions and establish a vision that encompasses all area communities and ensure that no one person(s) or segment(s) of the population bears a disproportionate share of adverse impacts. Persons wishing to express their may do so by contacting the TPO.

1. INTRODUCTION

Purpose

The Ocala/Marion County Transportation Planning Organization (Ocala Marion TPO) is the federally designated Metropolitan Planning Organization (MPO) for Marion County, Florida and is responsible for developing the Transportation Improvement Program (TIP). The Fiscal Years (FY) 2023 to 2027 TIP is a five-year schedule of transportation projects to be implemented by government agencies within the Metropolitan Planning Area (MPA) of Marion County. The TIP documents the anticipated timing and cost of transportation improvements funded by federal, state and local sources and is developed on an annual basis (23 C.F.R. 450.326(a)). The types of projects in the TIP include all modes of transportation, such as roadway construction, operations, maintenance, repaving, bicycle and pedestrian, transit and aviation.

As stated in the Federal Highway and Transit Acts of 1962 and 1964, each urbanized area over 50,000 people must have a continuing, cooperative and comprehensive transportation process. This process, also known as the "3C" planning process, is reflected in the TIP, in conjunction with the Long-Range Transportation Plan (LRTP). The 2045 LRTP, which is also developed by the TPO, outlines the Ocala/Marion County transportation vision and goals 20 years into the future. The TIP outlines the short-term "action steps" necessary for achieving the long-term vision by programming specific transportation improvements.

Fiscal Constraint

Transportation projects contained in the TIP are financially feasible and located within the designated planning area. As a condition of receiving federal project funding, the TIP must list all highway and public transportation projects proposed for funding under Title 23 United States Code (23 U.S.C.) (highways) and 49 U.S.C. (transit). The TIP must also contain state and locally funded regionally significant transportation projects regardless of funding source. For a project to be considered financially feasible, the anticipated cost must not exceed anticipated revenue.

Consistency

All projects in the TIP are supported and documented in the 2045 LRTP. The TIP is also used to coordinate transportation projects between local, state and federal agencies, thereby ensuring the efficient use of transportation funding to Marion County. In summary, the TIP serves as the budget for carrying out the LRTP in five-year increments, and must be fully consistent.

A list of the most current Annually Federally Obligated projects is provided in **Appendix B.** The Obligation list is a continuation of projects in the prior TIP, and in some cases started in previous TIPs (23 CFR 450.334). The Obligated list will be updated and amended in September 2022.

TPO Planning Area

The Ocala Marion TPO is a federally-mandated public agency responsible for the planning and implementation of several modes of transportation, including highway, transit, freight, bicycle, pedestrian and paratransit. The TPO serves the cities of Belleview, Dunnellon, Ocala and Marion County. The TPO was established in 1981 after the 1980 Census determined the urbanized area of Ocala exceeded a threshold of 50,000 people. Due to rapid population growth in the 1980s, the planning boundaries of the entire county were added. Figure 1 illustrates TPO planning area which includes all of Marion County and the cities of Belleview, Dunnellon and Ocala.

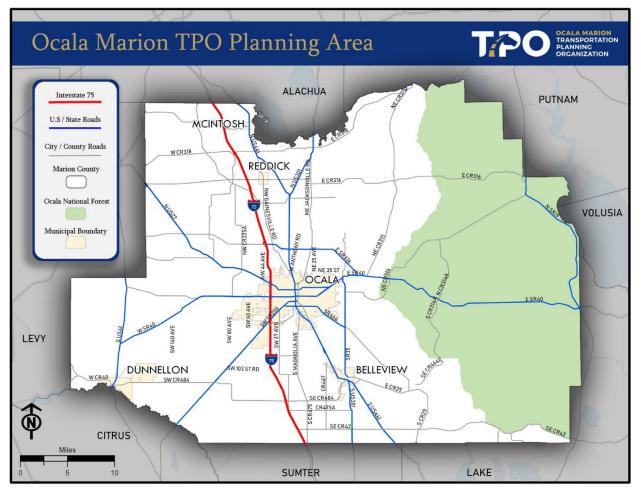

Figure 1: Map of TPO Planning Area

Development of the TIP

Public and local government involvement for the development of the TIP is accomplished through regularly scheduled meetings of the TPO's Technical Advisory Committee (TAC) and Citizens Advisory Committee (CAC) and the TPO Board. The TPO strives to also engage both citizens and stakeholders to assist in the development of the TIP. The TPO seeks public input for a minimum of thirty (30) days once the Draft TIP document is publicly noticed, in accordance with 23 Code of Federal Regulation 23 C.F.R. 450.326(b). A Glossary of Terms and Acronyms used in the TIP and other TPO documents is contained in **Appendix G**.

TPO Boards and Committees

The TPO submits a draft TIP for review and feedback to the TPO's TAC and CAC. These boards/committees are composed of members who represent a variety of government organizations and stakeholders, which include the Cities of Belleview, Dunnellon, and Ocala; the Marion County School Board; the Marion County Engineering, Planning, and Tourism Departments; SunTran; the Florida Department of Transportation (FDOT); the Florida Department of Environmental Protection; and citizens of Marion County, including persons who are considered transportation disadvantaged.

The TPO also submits a draft TIP to the TPO Board for review and to receive feedback. The TPO then addresses the recommendations provided by the Board and Committees, in addition to public input, in developing the final version of the TIP. The final version of the TIP is then presented to the TPO Board for adoption in May or June of each year. In 2022, TPO staff presented the draft TIP to the TAC and CAC on May 10th and June 14th, the TPO Board on May 24th and June 28th.

Public Involvement

In addition to meeting federal regulations, the TIP was developed in accordance with the TPO's Public Participation Plan (PPP) (https://ocalamariontpo.org/plans-and-programs/publicparticipation-plan-ppp). The public was provided the opportunity to comment on the draft TIP at the aforementioned TAC, CAC and TPO Board meetings. The TAC and CAC meetings were held virtually and in person and therefore were also accessible to those with internet access. The TPO Board meetings were held both virtually and in-person. Advance public notices were provided for all committee and board meetings per Florida Sunshine Law and the TPO's PPP. The TPO sought input from the public and other stakeholders by posting on its website, social media pages (Facebook, Twitter) and sending e-blast notifications. Beginning on May 4th, a legal notice of the draft version of the TIP was advertised in the Ocala Star Banner. The public comment period for the TIP began on May 3, 2022 and concluded on June 28, 2022. A copy of the public notice can be found in **Appendix E** and a list of public comments, including the TPO's response to each comment, can be found in **Appendix F**. On May 3rd, the TPO sent the Draft TIP for review and comment to the following agencies: Federal Transit Administration, Federal Highway Administration, U.S. Forest Service, Florida Department of Transportation, Department of Economic Opportunity, Florida Commission for the Transportation Disadvantaged and the St. Johns River Water Management District.

Formal responses are provided to each citizen comment submitted to the TPO by email, mail or phone. Citizens are provided a formal response by the TPO and made aware how their public comment is documented, and how it may be addressed if related to a specific project(s) in the current TIP. In cases where further follow up is required, such seeking project background information, additional contact is made with the citizen by the TPO. All citizen, TPO committee, TPO Board and partner agency comments and corresponding TPO responses are summarized in **Appendix F**.

Joint Certification

The most recent joint certification between the Ocala Marion TPO and FDOT was completed on March 22, 2022 through action by the TPO Board. FDOT certified the TPO's transportation planning process for Fiscal Year 2022. The next certification review will occur from February to March of 2023.

Consistency with Other Plans

The projects and project phases listed in the FY 2023 to 2027 TIP are consistent with the local public transit development plan (SunTran), aviation, and the approved local government comprehensive plans for governments within the TPO's MPA [s.339.175(8)(c)(7), F.S.]. The TIP is consistent with the Ocala Marion TPO's 2045 LRTP, Florida Transportation Plan (FTP), Strategic Intermodal System (SIS) Policy Plan, Strategic Highway Safety Plan (SHSP), Freight Mobility and Trade Plan (FMTP), Transportation Asset Management Plan (TAMP), TPO Congestion Management Process (CMP) and SunTran Transportation Development Plan (TDP).

2045 Long Range Transportation Plan (LRTP)

In addition to documenting Marion County's long- term vision and goals for transportation, the 2045 LRTP includes a Needs Assessment and a Cost Feasible Plan. These two sections detail the specific projects to fulfill the County's long-term vision and goals. In order to remain current with the changing needs of Marion County, the Ocala Marion TPO updates the LRTP every five years. The 2045 LRTP was adopted by the TPO Board on November 24, 2020. A list of TIP projects referenced in the 2045 LRTP can be found in **Appendix I**. (https://ocalamariontpo.org/plans-and-programs/long-range-transportation-plan-Irtp).

Florida Transportation Plan (FTP)

The Florida Transportation Plan (FTP) serves as the state's long-range transportation vision and policy plan. The FTP focuses on ways to improve safety, provide a more efficient transportation system, meet the needs of a changing population, create a more competitive economy, enhance the overall quality of life and environment, increase access to transit and address emerging technologies. (<u>http://floridatransportationplan.com</u>)

Strategic Intermodal System (SIS) 2022 Policy Plan

The Strategic Intermodal System (SIS) 2022 Policy Plan establishes the policy framework for planning and managing Florida's Strategic Intermodal System, a network of transportation facilities that serves as the state's highest priority for transportation capacity investments. The Governor and Legislature established the SIS in 2003 to focus state resources on facilities most significant for promoting the state's economic competitiveness, including interregional, interstate and international travel. The SIS is the primary tool for implementing the Florida Transportation Plan (FTP). A map of the SIS can be found in **Appendix C**. Additionally, TIP projects supporting the SIS are noted in the individual project pages (SIS Project).

(https://www.fdot.gov/planning/sis/default.shtm)

Florida's Strategic Highway Safety Plan (SHSP)

The Florida's 2021 to 2025 Strategic Highway Safety Plan (SHSP) was adopted in March 2021. This is an update to the prior plan, and was completed in coordination with all 27 Florida MPO/TPO's. Florida's SHSP outlines a focus on safety programs to reduce crashes, serious injuries and fatalities to achieve zero traffic deaths and serious injuries. A set of 12 emphasis areas organized into three categories (Roadways, Road Users, User Behavior) provide the foundation for improving safety. (https://www.fdot.gov/safety/shsp/shsp.shtm)

Freight Mobility and Trade Plan (FMTP)

FDOT's Freight Mobility and Trade Plan (FMTP) defines policies and investments that will enhance Florida's economic development efforts into the future. The FMTP's Investment Element is specifically intended to identify freight needs, identify criteria for state investments in freight, and prioritize freight investments across modes. FDOT updated the FMTP in spring 2020. (https://www.fdot.gov/rail/plandevel/freight-mobility-and-trade-plan)

Transportation Asset Management Plan (TAMP)

The Transportation Asset Management Plan (TAMP) outlines the process for effectively operating, maintaining, and improving physical transportation assets within Florida. The plan also provides detailed information, such as the department's assets, asset management strategies, and long-term expenditure forecasts to inform decision-making at both the State and Local levels.

Congestion Management Plan (CMP)

Maintenance of a Congestion Management Process (CMP) is required for all TPOs under Florida Statute (F.S.) [339.175 (6)(c)1]. Guidance from the Final Rule on the CMP states the intent of the process is to, "address congestion management through a process that provides for safe and effective integrated management and operation of the multimodal transportation system".

The Ocala Marion TPO has developed the CMP to improve traffic operations and safety through the use of either strategies that reduce travel demand or the implementation of operational improvements. Recommendations in the CMP typically support improved travel conditions through the implementation of low cost improvements or strategies that can be implemented in a relatively short time frame (5-10 years) compared to traditional capacity improvements, such as adding travel lanes, which can be more time- consuming and expensive.

The TPO completed a major update to the CMP in 2021, including policies and procedures and state of system elements. The CMP update serves two purposes: to meet state statutes and help with prioritizing project needs, and to also meet federal requirements if the TPO becomes a Transportation Management Area (TMA) as a result of the 2020 Census. A TPO is considered a TMA when their urbanized area population exceeds 200,000. Completing an update to the CMP will keep the TPO in compliance with both state statute and federal requirements. (https://ocalamariontpo.org/congestion-management-process-cmp)

Transit Development Plan (TDP)

The Transit Development Plan (TDP) represents the vision for public transportation in Marion County for a 10-year horizon. A TDP is updated by SunTran every five years to ensure transit services offered meet the mobility needs of local communities. Specifically, the TDP details SunTran's transit and mobility needs, cost and revenue projections, and community transit goals, objectives, and policies in Marion County. SunTran is completing a major TDP update in 2022.

TIP Revisions

Revisions to the TIP may be required following approval of the document by the TPO Board and State and Federal agencies. Revisions to the TIP are required when projects are changed, added or deleted. TIP Amendments require TPO Board action and opportunity for public comment. TIP modifications to not require TPO Board action or public comment (23 C.F.R. 450.104). As summarized in the FDOT MPO Management Handbook, there are four types of TIP revisions.

TIP Modification

A TIP modification includes minor changes such as to project phase costs, funding sources and project initiation dates. TIP Modifications are less than 20 percent and \$2 million.

TIP Amendment

A TIP amendment involves major changes to project such as a deletion, addition, project cost increase (over 20 percent and \$2 million), design concept or project scope.

Roll Forward Amendment

Projects programmed in the prior TIP that were not authorized by the end of the state fiscal year (June 30) may be authorized between July 1 and September 30, and included in an annual Roll-Forward TIP report to be amended in the new TIP. The Roll Forward amendment process must occur prior to the start of the federal fiscal year, which is October 1. The TPO Board adopts Roll Forward TIP Amendment each year.

Administrative TIP Amendment

Projects that are added to year one of the FDOT Tentative Work Program will not be recognized by FHWA until their fiscal year on October 1. Administrative amendments are permitted between the state fiscal year period of July 1 to September 30 to fill the gap until the federal fiscal year begins on October 1.

Transportation Disadvantaged

The Transportation Disadvantaged (TD) program is a statewide program that provides vital transportation to medical appointments, employment, educational and other life sustaining services. Persons eligible for TD services include those with a mental or physical disability, income level at or below 150% of the Federal Poverty Guideline or age 60+ or <16 years old.

In Marion County, TD transportation services are provided by Marion Transit. As a result of the overlap between the TD service area and the TPO service area, TD projects and funding are included in the TIP. Therefore, the TIP is developed in conjunction with Marion Transit, which also serves as the Community Transportation Coordinator (CTC) for Marion County.

Efficient Transportation Decision Making

Efficient Transportation Decision Making (ETDM) is a process used by FDOT to incorporate environmental, physical, cultural and community resource considerations into transportation planning to inform project delivery. FDOT screens some of the projects in the TIP through the ETDM process. Public information for these projects is available at: <u>https://etdmpub.fla-etat.org/est</u>.

2. PERFORMANCE MANAGEMENT

Performance Based Planning

In order to develop a standardized process for monitoring the effectiveness of transportation investments across the country, the Federal government passed the Moving Ahead for Progress in the 21st Century Act (MAP-21). MAP-21 was enacted in 2012 by Congress to establish a framework to link performance management and decision-making for federally-funded transportation investments. MAP-21, which was supplemented by the FAST Act in 2015, requires the State Department of Transportations (DOTs) and TPOs/MPOs to conduct performance-based planning. The objective of performance-based planning is to invest resources in projects that help achieve the following seven national goals (23 CFR 490 or [23 USC 150(b)]):

1- Safety

To achieve a significant reduction in traffic fatalities and serious injuries on all public roads

2- Infrastructure Condition

To maintain the highway infrastructure asset system in a state of good repair

3- Congestion Reduction

To achieve a significant reduction in congestion on the National Highway System

4- System Reliability

To improve the efficiency of the surface transportation system

5- Freight Movement and Economic Vitality

To improve the national freight network, strengthen the ability of rural communities to access national and international trade markets, and support regional economic development

6- Environmental Sustainability

To enhance the performance of the transportation system while protecting and enhancing the natural environment

7- Reduced Project Delivery Delays

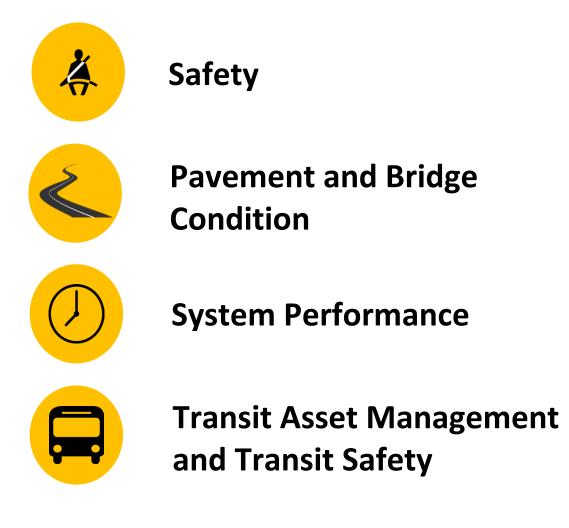

To reduce project costs, promote jobs and the economy, and expedite the movement of people and goods by accelerating project completion through eliminating delays in the project development and delivery process, including reducing regulatory burdens and improving agencies' work practices.

Performance-based planning utilizes performance measures and performance targets to ensure the most efficient investment of transportation funds by increasing accountability, providing transparency, and linking investment decisions to key outcomes.

Performance Measures and Targets

The Federal Transit Administration (FTA) and Federal Highway Administration (FHWA) have created highway and transit performance measures and requirements for State DOTs, TPOs/MPOs and transit operators to establish and report performance targets for each performance measure. Performance measures are quantitative criteria used to evaluate progress of the seven national goals. In order to determine the amount of progress made for each performance measure, the aforementioned agencies and organizations must establish baseline data and performance targets; benchmarks used to determine whether transportation investments make progress in achieving national goals and performance measures.

Once each State DOT develops its own performance targets for each performance measure, TPOs/MPOs are provided the option to either adopt state and/or transit agency targets, or develop their own targets. Appendix D provides Transportation Performance Management Fact Sheets published by FDOT in April 2022.

In March 2016, the FHWA published the Highway Safety Improvement Program (HSIP) and Safety Performance Management (Safety PM) Measures Final Rule (PM1), effective April 14, 2016. The Safety PM Final Rule established safety performance measures to assess serious injuries and fatalities on all public roadways and carry out the HSIP. Additionally, the Safety PM Finals Rule established a process for both State DOTs and TPOs to develop and report their safety targets and for FHWA to assess whether State DOTs have met, or are making significant progress toward meeting, their safety targets. The legislation works to improve data; foster transparency and accountability; and allow safety progress to be tracked at the national level. The HSIP annual report documents the statewide performance targets.

As outlined in the Safe System approach promoted by FHWA, the death or serious injury by any person is unacceptable. Consequently, FDOT is fully committed to Vision Zero, and has set a statewide target of "0" for all five safety performance measures. Vision Zero is discussed in greater detail in the HSIP, the Florida Highway Safety Plan, and the Florida Transportation Plan. FDOT set its safety performance targets on August 31, 2017. In addition, FDOT completed a HSIP Implementation Plan in August 2020 to outline an approach toward meeting its safety performance targets in future years. In August of each calendar year, FDOT reports the following year's targets in the HSIP. The TPO is then required to either adopt FDOT's targets or set their own.

On February 27, 2018, the Ocala Marion TPO Board adopted its own safety performance targets to better track progress and reflect greater accountability to the public. The TPO is also developing Commitment to Zero: An Action Plan for Safer Streets in Ocala Marion in 2022. Integrating the adopted targets with Commitment to Zero will be a part of the planning process. By adopting its own safety performance targets, the TPO is required to update targets annually. The TPO updated its annual safety targets on February 22, 2022. Figure 2 displays the safety performance targets in 2022 and 2021 from FDOT and the TPO.

The Ocala Marion TPO is committed to improving safety for all roadway users, which is demonstrated through planning and programming activities. The TIP includes specific investment priorities by using a project-prioritization and project-selection process that is based on the anticipated effect of reducing both fatal and serious injury crashes. The TPO also collects and analyzes crash data and trends, which are addressed in the Commitment to Zero planning project. Additionally, the TPO participates in the Marion County Community Traffic Safety Team (CTST).

Safety Performance Measures	FDOT Targets (2022)	TPO Targets (not to exceed) (2022)	TPO Targets (not to exceed) (2021)	TPO Target Results (2021)
Number of Fatalities	0	98	97	91
Rate of Fatalities per 100 Million Vehicle Miles Traveled (VMT)	0	2.08	1.96	1.98
Number of Serious Injuries	0	378	432	263
Rate of Serious Injuries per 100 Million VMT	0	8.01	8.74	5.71
Number of Non-motorized Fatalities and Non-motorized Serious Injuries	0	57	61	50

Figure 2: Safety Performance Measure Targets and Results

Pavement and Bridge Condition

In January 2017, the FHWA published the Pavement and Bridge Condition Performance Measures Final Rule (PM2). The second FHWA performance measure rule established six performance measures to assess pavement conditions and bridge conditions for the National Highway System (NHS). A map of the NHS in Marion County can be found in **Appendix C**.

The pavement condition measures represent the percentage of lane-miles on the Interstate and non-Interstate NHS that are in good or poor condition. FHWA established five pavement condition metrics: International Roughness Index (IRI); cracking percent; rutting; faulting; and Present Serviceability Rating (PSR). FHWA set a threshold for each metric to establish good, fair, or poor condition. A pavement section is classified as being in good condition if three or more metric ratings are good, and in poor condition if two or more metric ratings are poor. Pavement sections that are not good or poor are classified as fair.

FDOT established its statewide targets for bridge and pavement condition on May 18, 2018. The Ocala Marion TPO and all MPO/TPO's in Florida agreed to support the FDOT statewide targets on in 2018. The two-year and four-year targets represent bridge and pavement conditions at the end of both target years, and are displayed in Figure 3.

The bridge condition measures represent the percentage of bridges, by deck area, on the NHS that are in good condition or poor condition. The condition of each bridge is evaluated by assessing four bridge components: deck, superstructure, substructure, and culverts. The Final Rule created a metric rating threshold for each component to establish good, fair, or poor

condition. If the lowest rating of the four metrics is greater than or equal to seven, the structure is classified as good. If the lowest rating is less than or equal to four, the structure is classified as poor. If the lowest rating is five or six, it is classified as fair.

Pavement and Bridge Condition Performance Measures	FDOT/TPO Target (2-Year)	FDOT/TPO Target (4-Year)	TPO Target Results (2021)						
Pavement Measures									
Percent of Interstate pavements in good condition	Not Required	≥ 60%	66.4%						
Percent of Interstate pavements in poor condition	Not Required	≤ 5%	0%						
Percent of non-Interstate NHS pavements in good condition	≥ 40%	≥ 40%	37.8%						
Percent of non-Interstate NHS pavements in poor condition	≤ 5%	≤ 5%	0%						
Bridge Deck	Area Measures								
Percent of NHS bridges by deck area in good condition	≥ 50%	≥ 50%	59.1%						
Percent of NHS bridges by deck area in poor condition	≤ 10%	≤ 10%	0%						

Figure 3: Performance Measure Targets and Results – Pavement and Bridge Condition

System Performance

In January 2017, FHWA published the System Performance, Freight, and Congestion Mitigation and Air Quality (CMAQ) Performance Measures Final Rule (PM3). The third and final Performance Measures Rule, established six measures to assess the performance of the NHS, freight movement on the Interstate System, and traffic congestion and on-road mobile source emissions for the CMAQ program.

There are two NHS performance measures that represent the reliability of travel times for all vehicles on the Interstate and non-Interstate NHS. FHWA established the Level of Travel Time Reliability (LOTTR) metric to calculate reliability on both the Interstate and non-Interstate NHS.

LOTTR is defined as the ratio of longer travel times (80th percentile) to a normal travel time (50th percentile) during four time periods from the hours of 6 AM to 8 PM each day (AM peak, midday, and PM peak on Mondays through Fridays and weekends). The LOTTR ratio is calculated for each segment of applicable roadway. A segment is reliable if its LOTTR is less than 1.5 during all time periods. If one or more time periods has a LOTTR of 1.5 or above, that segment is unreliable. The measures are expressed as the percentage of person- miles traveled on the Interstate and non-Interstate NHS that are reliable.

The single freight movement performance measure represents the reliability of travel times for trucks on the Interstate System. FHWA established the Truck Travel Time Reliability (TTTR) Index, which is defined as the ratio of longer truck travel times (95th percentile) to a normal truck travel time (50th percentile). The TTTR is generated by dividing the longer truck travel time by a normal travel time for each segment of the Interstate system over five time periods from all hours of each day (AM peak, midday, and PM peak on Mondays through Fridays, overnights for all days, and weekends). This is averaged across the length of all Interstate segments in the state or MPO planning area to determine the TTTR index.

There are three traffic congestion and on-road mobile source emissions performance measures that represent peak hour excessive delay per capita (PHED), non- single occupancy vehicle (SOV) travel, and total on- road mobile source emissions reductions. The Ocala Marion TPO meets all current air quality standards and is not subject to establishing targets for these performance measures.

FDOT established its statewide targets for system performance on May 18, 2018. The Ocala Marion TPO and all MPO/TPO's in Florida agreed to support the FDOT statewide targets in October 2018. Figure 4 displays the most current System Performance measure targets and results.

System Performance Measures	FDOT/TPO Target (2-Year)	FDOT/TPO Target (4-Year)	TPO Target Results (2021)
Percent of person-miles on the Interstate system that are reliable (Interstate LOTTR)	≥ 75%	≥ 70 %	100%
Percent of person-miles on the non-Interstate NHS that are reliable (Non-Interstate NHS LOTTR)	Not Required	≥ 50 %	95.9%
Truck Travel Time Reliability (TTTR)	1.75	2.00	1.74

Figure 4: Performance Measure Targets and Results - System Performance

Transit Asset Management and Safety

On July 26, 2016, the FTA published the final Transit Asset Management rule, which requires that public transportation providers develop and implement transit asset management (TAM) plans, establish "state of good repair" standards and establish performance measures for four asset categories; rolling stock, equipment, transit infrastructure and facilities.

On July 1, 2019, SunTran, the public transit agency that operates primarily in the city of Ocala and in parts of unincorporated Marion County, moved from the oversight by the TPO to the City of Ocala. The SunTran system includes seven fixed bus routes contracted through a third-party company. As the administrative body to SunTran, the City of Ocala is responsible for setting performance targets for Transit Asset Management. In July 2019, the City of Ocala set the transit asset targets in Figure 5, thereby agreeing to plan and program projects in the TIP that, once implemented, will make progress toward achieving the transit asset targets. SunTran coordinates with FDOT on reporting targets to FTA through the National Transit Database (NTD). SunTran also coordinates with the TPO on a continuous basis and participates as a member of the Technical Advisory Committee (TAC).

Figure 5 displays the percentage of SunTran's assets that have met or exceeded their Useful Life Benchmark (ULB) for each asset class in 2019 and their performance targets for the next four years. FTA defines ULBs as "... the expected lifecycle or the acceptable period of use in service for a capital asset, as determined by a transit provider, or the default benchmark provided by the FTA." The performance targets assume the assets are replaced as they reach their ULB.

Asset Class	2019 Performance	2020 Target	2021 Target	2022 Target	2023 Target		
Rolling Stock							
Buses	69%	0%	0%	0%	0%		
Cutaways	0%	0%	0%	0%	100%		
Equipment							
Non-Revenue Vehicles	80%	0%	0%	0%	20%		
Facilities							
Maintenance Facility	0%	0%	0%	0%	0%		

Figure 5: Performance Measure Targets and Results - Transit Asset Management

On July 19, 2018, the FTA published the Public Transportation Agency Safety Action Plan (PTASP) regulation, 49CFR Part 673, as required by 49 U.S.C. 5329(d). The effective date of the regulation was July 19, 2019, but was extended to December 31, 2020 due to the global pandemic. The PTASP regulation implements a risk-based Safety Management System approach and requires all recipients and sub-recipients of federal transit financial assistance to establish and certify an Agency Safety Plan and corresponding safety performance targets. MPO/TPO's then have 180 days from the adoption of the PTASP targets set by the public transit agency (SunTran) to adopt or develop their own independent targets.

On December 1, 2020, SunTran submitted their PTASP and corresponding safety targets to the TPO, as adopted by City of Ocala City Council on November 30, 2020. On April 27, 2021, the TPO Board adopted the SunTran PTASP safety targets. Figure 6 displays the adopted SunTran PTASP targets.

SunTran Safety Performance Targets Performance Targets based on collected data from the previous three years								
Mode of Transit Service	Fatalities Total	Fatalities (per 100k vehicle revenue miles) VRM)	Injuries Total	Injuries (per 100k vehicle revenue miles VRM)	Safety Events Total	Safety Events (per 100k vehicle revenue miles VRM)	(VRM/ failures)

3. FINANCIAL PLAN

The TIP shall include a financial element that demonstrates how the approved projects can be implemented, indicates the sources of funding that are reasonably expected to be made available, and recommends any additional financing strategies for needed projects and programs (23 CFR 350.326).

The FY 2023 to 2027 is financially constrained for each year, meaning projects must be implemented using reasonably expected revenue sources. Projects in the TIP must use Year of Expenditure (YOE) dollars, which are dollars adjusted for inflation from the present time to the expected year of construction. The TIP includes the public and private financial resources that are reasonably expected to be available in order to accomplish the program. The TIP has been developed in cooperation with Marion County, the Cities of Belleview, Dunnellon, and Ocala, FDOT, SunTran and Marion Transit. A summary of funding categories, distribution of funding by category and funding sources are summarized in Figures 7 to 9.

All projects in the TIP are designated for funding from Title 23 and 49 of U.S.C funding sources and all regional transportation projects requiring federal action. Projects in the TIP are also derived from the FDOT Work Program and must include a balanced 36-month forecast of revenue and expenditures and a five-year finance plan supporting the FDOT Work Program (339.135, Florida Statute, F.S.). Additionally, only projects that are reasonably expected to be funded may be included in the TIP.

Acronym	Funding Category	Funding Source
ACFP	Advanced Construction Freight Program	Federal

4. PROJECT PRIORITIZATION PROCESS

Overview

The project prioritization process of the TPO is undertaken during the development of the LRTP and annual List of Priority Projects (LOPP). During the development of the LRTP, once the identified projects have been determined as "needs", TPO committees, TPO staff and the TPO Board prioritizes the projects based on cost feasibility, using revenue forecasting from local, state and federally published sources. The result is the 'Cost Feasible Plan' of the LRTP, which then becomes a prioritized project list. This list becomes part of the TPO's annual List of Priority Projects (LOPP) process. On an annual basis, a revised LOPP is developed collaboratively by the TPO with local partners, committee input and TPO Board approval. The LOPP is submitted to FDOT annually for projects to be considered in the next Tentative Work Program for funding. FDOT will decide which projects from the LOPP can be reasonably funded with the cost/funding projections. The LOPP is a process undertaken to identify the highest priority projects in Marion County to receive consideration for federal and state funding. For further information about the LOPP process, please access the TPO website at: https://ocalamariontpo.org/priority-project-list.

Methodology

In 2022, the TPO modified its annual LOPP prioritization process. The revised process continues to place an emphasis on prioritizing projects based on criteria score. This includes an emphasis on projects closest to receiving construction funding; meet federal performance measures; are multimodal; improve safety and resilience; programmed funding; and/or include local funding and partnerships. A strategic refinement methodology is also applied to include necessary adjustments to address partner feedback. Overall, this approach involves collaboration with the cities of Belleview, Dunnellon, Ocala, Marion County and FDOT to develop an annual LOPP. The end-results of the process are a set of nine project lists, including an overall Highest Priority Project List.

The TPO's project prioritization process is consistent with state statute (F.S. 339.1758b), federal law (23 C.F.R 450.332b), the 2045 LRTP, and with local aviation master plans, public transit development plans, and the approved local government comprehensive plans within the TPO planning area, to the maximum extent feasible [339.175(8)(c)(7), F.S.].

Project Ranking

The priority projects ranking criteria is tied directly to the adopted 2045 LRTP Goals and Objectives, federally required performance measures and local priorities. The goals from the

2045 LRTP that are used in this prioritization and selection process include:

- Optimization and Preserve Existing Infrastructure
- Focus on Improving Safety and Security of the Transportation System
- Provide Efficient Transportation that Promotes Economic Development
- Promote Travel Choices that are Multimodal and Accessible
- Protect Natural Resources and Create Quality Places
- Ensure the Transportation System Meets the Needs of the Community.

The ranking criteria are grouped into the following ten categories and are summarized as follows:

- 1. **Prior Year Rank**: An emphasis on prior project ranking to help support program stability and advancement toward implementation.
- 2. **Project Cycle:** The status of projects in their development phase with an emphasis on the most weight given to projects that are ready for construction.
- 3. Local Funding Commitment: Projects receive points for including a local match commitment.
- 4. **Regional Connectivity and Partnerships**: Projects that involve a formal partnership between two or more jurisdictions and coordination between two or more jurisdictions.
- 5. **Safety**: Points given for being located on a roadway segment with a five-year history of serious injury and fatality crashes. Additional points for projects located on the Commitment to Zero High Injury Network.
- 6. **Congestion Management**: Points given for being located on the most up to date Congestion Management Plan Congested Corridors.
- 7. **Multimodal**: A sidewalk, trail and/or bicycle facility are given points and also receive additional points for connecting to existing multimodal facilities in Marion County.
- 8. **Transportation Resilience**: Points given for being located on an existing Florida Evacuation Route or connection to an Evacuation Route.
- 9. **Economic Development and Logistics**: Points given for connecting to or serving employment growth areas of Marion County, along with connecting to or being located on a facility that supports freight activity centers.
- 10. **Equity**: Projects that are located in one of three disadvantaged areas of Marion County as identified and mapped in the 2045 LRTP.

A complete summary of the LOPP ranking and scoring methodology and most up to date project lists are available on the TPO website.

The **2022 List of Priority Projects (LOPP), Top Priorities** is provided in Figure 10 on the next page. The remaining six lists may be found on the TPO's website: https://ocalamariontpo.org/priority-project-list/.

Rank	FDOT Project Number	Project List	Project Name/Limits	Description	FY 23 to 27 TIP Programmed Phase(s)	FY 23 to 27 TIP Programmed Funding	Proposed Phase(s)	Funding Requested
1	435209-1	Top Priorities	I-75 at NW 49th Street Interchange	Construction of a new interchange and roadway extension of NW 49th from NW 44th to NW 35th	CST	\$42,379,864		
2	433652-1	Top Priorities	SR 40 Intersections at SW 40th Avenue and SW 27th Avenue	Traffic operations, turn lanes at I-75 interchange and SW 40th and SW 27th intersections	ROW	\$1,399,654	CST	\$5,500,000
3		Top Priorities	NW 44th Avenue, SR 40 to NW 11th St	Construction of four new roadway lanes			CST	\$14,000,000
4		Top Priorities	NW 80th/70th from N/O SR 40 to S/O US 27	Widening to four lanes			CST	\$30,000,000
5		Top Priorities	SW 44th Avenue from SR 200 to SW 20th	Four-Lane roadway construction	*CST	\$9,000,000		
6		Top Priorities	SW 44th Avenue from SW 20th to SR 40	Addition of two lanes to complete four lane roadway			CST	\$5,000,000
7		Top Priorities	CR 484 Penn Avenue Multimodal	Roadway reconstruction, shared use path connection from downtown Dunnellon to Blue Run Park	*CST	\$2,537,000		
8		Top Priorities	US 27/I-75 Interchange Operations, NW 44th to NW 35th	Safety and operational improvements at interchange area			PE, CST	\$29,341,000
9	450340-1	Top Priorities	Emerald Road Extension	92nd Loop to FN Railroad Connection	ROW, CST	\$9,650,000	CST	\$4,700,000
10	237988-1	Top Priorities	SR 40 at SR 35 intersection	Construction of a roundabout at the intersection			PE, ROW, CST	\$6,000,000
11		Top Priorities	SW 49th from Marion Oaks Trail to SW 95th	Construction of a four lane divided roadway			CST	\$18,000,000
12	238651-1	Top Priorities	SR 200 from Citrus County to CR 484	Widening to four lanes and pedestrian/wildlife underpass connecting greenway			CST	\$37,800,000
13	433660-1	Top Priorities	US 441 (Pine Avenue) at SR 464 (SE 17th)	Intersection/Turn lane improvements	PE, CST	\$3,277,299		
14	238648-1	Top Priorities	US 41 from SW 110th to North of SR 40	Widening to four lanes, sidewalks/path, shoulders			CST	\$38,100,000
15	410674-2	Top Priorities	SR 40 from End of four lanes to CR 314	Reconstruction, widening to four lanes, new bridges, medians			CST	\$110,100,000
16		Top Priorities	CR 484 from SW 49th Ave to CR 475A	Widening to six lanes, bridge replacement at I-75			PD&E, DES, ROW, CST	\$55,000,000
17	449443-1	Top Priorities	NE 8th Avenue from SR 40 to SR 492	Construction of roundabouts on NE 8th Avenue	CST	\$4,452,800		
18		Top Priorities	CR 484 from Marion Oaks Pass to SR 200	Widening to six lanes			DES, ROW, CST	\$35,000,000
19		Top Priorities	I-75 at SR 326 Interchange	Interchange operational improvements			PE, DES, ROW, CST	TBD
20		Top Priorities	SW 80th Avenue from north of 38th Street to SR 40	Widening of roadway to four lanes			PE, DES, ROW, CST	\$25,000,000
21		Top Priorities	SR 35 and SR 464 Intersection Flyover	Flyover of SR 35 at SR 464			PE, DES, CST	\$35,000,000

Figure 10: 2022 List of Priority Projects (LOPP), Top Priorities

5. PROJECTS

Overview

The FY 2023 to 2027 TIP projects are grouped into seven categories. All projects are also summarized in individual project pages by category to support a more accessible and user-friendly format for the citizens of Marion County.

Seven TIP Project Categories:

- Interstate: I-75
- U.S. Routes: US 27, US 41, US 301, US 441
- State and Local Routes: City and County Roads, State Roads (e.g., SR 200)
- **Bicycle and Pedestrian:** Park Trails, Sidewalks and Trails on City, County and State Roads
- Aviation (Airport): Ocala International Airport, Marion County Airport
- Transit, Funding and Grants: Marion Transit, SunTran, TPO, Others
- **ITS and Maintenance:** Operations, Aesthetics, Asset Management (repaving, rehabilitation, shoulders, bridges, lighting), ongoing Maintenance

Appendix H contains a summary of changes to major regional transportation projects from the previous Fiscal Years 2022 to 2026 TIP. **Appendix J** contains a companion "snapshot" listing of the TIP projects as submitted to the TPO by FDOT in April 2022.

Appendix K contains a summary report and listing of transportation projects included with the annual Roll Forward TIP Amendment process (Amendment #1). The project funding amounts are part of the year one (Fiscal Year 2023) summary totals as displayed in **Figures 8** and **9**.

Figure 11 provides a summary chart of the acronyms used for various project phases/activities and the terms associated with the projects displayed in the TIP summary pages. This chart may be used as a reference when reviewing the project summary pages in this section.

Acronym	Project Phase and Information
ADM	Administration
CST	Construction (includes Construction, Engineering and Inspection)
САР	Capital Grant
CEI	Construction, Engineering and Inspection
DES	Design
ENG	Engineering
ENV CON	Environmental/Conservation
FM	FDOT Financial Management Number
INC	Construction Incentive/Bonus
MNT	Maintenance
MSC	Miscellaneous Construction
OPS	Operations
PD&E	Project Development and Environment Study
PE	Preliminary Engineering
PLEMO	Planning and Environmental Offices Study
PLN	In House Planning
PST DES	Post Design
R/R CST	Railroad Construction
RELOC	Relocation
ROW	Right-of-Way Support & Acquisition
RRU	Railroad and Utilities
RT MNT	Routine Maintenance
SEG	Project Segment Number
UTIL	Utilities Construction

Figure 11: Project Phase/Activity and Information Acronym List

TIP Online Interactive Map

The FY 2023 to 2027 TIP online map provides specific project locations and general information including funding and total project cost. Projects without a specific location (e.g. TPO grants, Marion Transit, SunTran grants) are not included in the interactive map. The map may be accessed through the TPO website or directly at the following link:

https://marioncountyfl.maps.arcgis.com/apps/webappviewer/index.html?i d=81b909295c9447d7adf4b38bc232adcf

Performance Management and TIP Projects

The following provides a summary of the projects and SunTran transit program funding in the TIP that support meeting federally required performance measures specifically on the NHS and local transit system, including: safety; bridge and pavement condition; system performance; and transit asset management and safety. Safety projects include the entire federal aid transportation system. In some cases, a project may support meeting more than one federal performance measure.

FM Number	Project	Limits	TIP Funding
4348441	CR 482 at 182nd Avenue (1)	at 182nd Avenue	\$350,000
4348442	CR 482 at 182nd Avenue (2)	at 182nd Avenue	\$67,980

TIP Project Summary Pages

Summary pages are provided in the following pages for all programmed projects and are organized by the seven project categories.

Summary Page Definitions

Project: Includes the project name, project limits and location.

Project Type: Identifies the type of project improvement(s).

FM Number: References the financial management number in FDOT's project tracking system.

Lead Agency: Identifies the agency with project management oversight.

LRTP (Page #): References how the project reflects the 2045 LRTP goals and planning consistency.

SIS: Denotes if a project is on the state's Strategic Intermodal System (SIS) network.

Description: Summarizes the project and highlights major improvements to be implemented.

Prior <Year: Identifies the amount of funding programmed in years prior to the current five-year TIP period.

Future >Year: Identifies the amount of funding programmed in years beyond the current fiveyear TIP period.

Total Project Cost: Lists the total project cost programmed for the project, including prior year, current five-year and future year funding.

Phase: Identifies the stage in project development for which funding is programmed.

Fund Category: Identifies the type of funding programmed by phase for the project.

Funding Source: Identifies the source of funding by phase for the project (Federal, State and/or Local).

Fiscal Year: Identifies the federal fiscal year(s) when funding is programmed for the project.

Interstate 75 (I-75) Projects

1 (1)

Project: I-75 (SR 93) at NW 49th Street from end of NW 49th Street to end of NW 35th Street

Project Type:	Interchange
FM Number:	4352091
Lead Agency:	FDOT
Length:	0.1 miles
LRTP (Page #):	Goal 1, Objective 1.2 (14); Goal 2, Objective 2.1, 2.2, 2.3 (14); Goal 3, Objective 3.2 (14)
SIS Project	

Description:

Construction of a new I-75 interchange at NW 49th Street to facilitate projected increases in freight traffic and regional economic development. This project also includes extending NW 49th Street from NW 44th Avenue to NW 35th Avenue.

Transportation Improvement Program Fiscal Years 2021/2022 to 2025/2026 Federal Obligations Report October 1, 2020 to September 30, 2021

Annual Listing of Federally Obligated Projects

Summary

On an annual basis, per Title 23, United States Code (USC) 450.334, the Ocala Marion Transportation Planning Organization (TPO) is required to provide a summary listing of projects for which federal funds have been *obligated in the preceding federal fiscal year (FFY) from October 1 to September 30. The Florida Department of Transportation (FDOT) assists the TPO in complying with this federal requirement by providing a detailed report of federal project obligations for Marion County. The report is included each year as an amendment to the current Transportation Improvement Program (TIP).

A net total of \$26,342,420 of federal funds were obligated in FFY 2021 on 30 transportation projects and programs in Marion County. The following summary report and detailed obligation document provide a listing of the federally obligated projects by phases and funding sources.

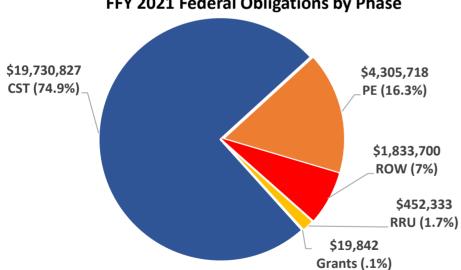

*Obligation is the legal commitment by the Federal government to pay or reimburse a State or other entity for the Federal share of a project's eligible cost. Obligated projects have been authorized by the federal government and funds have been approved for reimbursement. Funding for projects can in some cases also be de-obligated. Funding previously obligated is removed from a project due to changes such as cost, delay or cancellation.

Annual Listing of Federally Obligated Projects - Marion County Federal Fiscal Year (FFY) 2021 October 1, 2020 - September 30, 2021

APPENDIX D: Transportation Performance Management Fact Sheets

MPO Requirements

Florida Department of Transportation Office of Policy Planning

Transportation Performance Management

April 2022

OVERVIEW

This document highlights key provisions of Federal Highway Administration (FHWA) and Federal Transit Administration (FTA) performance management requirements for state Departments of Transportation, Metropolitan Planning Organizations, and transit providers, including target setting, performance reporting, and deadlines.

PLANNING RULE FRAMEWORK

FHWA and FTA jointly issued a Planning Rule in 2016 to document changes in the statewide and metropolitan planning processes consistent with the Moving Ahead for Progress in the 21st Century (MAP-21) Act and the Fixing America's Surface Transporta-

tion (FAST) Act. Among other changes, this rule specifies the requirements for state DOTs and MPOs to implement a performance-based approach to planning and programming. Under this framework, the three FHWA performance measures (PM) rules and the FTA transit asset management and transit safety rules established various performance measures to assess roadway safety (PM1), pavement and bridge condition (PM2), system performance and freight movement (PM3), transit asset management (TAM), and transit safety. The Planning Rule and the performance measures rules also specify how MPOs should set targets, report performance, and integrate performance management into their Long-Range Transportation Plans (LRTP) and Transportation Improvement Programs (TIP). FHWA and FTA are expected to issue an updated planning rule in 2022 to incorporate changes introduced in the Bipartisan Infrastructure Law passed in November 2021.

Long-Range Transportation Plans

The Planning Rule specifies how performance management is incorporated into the MPO's LRTP. The LRTP must:

- » Describe the federal performance measures and performance targets used in assessing the performance of the transportation system.
- » Include a System Performance Report that:
 - Evaluates the condition and performance of the transportation system with respect to performance targets.
 - Documents the progress achieved by the MPO in meeting the targets in comparison to performance recorded in past reports.
- » Integrate the goals, objectives, performance measures, and targets described in all the plans and processes required as part of a performance-based program.

Transportation Improvement Programs

The TIP must:

- Reflect the investment priorities established in the current long-range transportation plan.
- Be designed such that once implemented, it makes progress toward achieving the performance targets established.
- » Include, to the maximum extent practicable, a description of the anticipated effect of the TIP toward achieving the performance targets identified in the LRTP, linking investment priorities to those performance targets.

Metropolitan Planning Organization Advisory Council (MPOAC) have developed model language for inclusion of performance measures and targets in the LRTPs and TIPs

FDOT and the

TIMELINE FOR MPO ACTIONS

TARGET SETTING OPTIONS

The Florida Department of Transportation (FDOT), the MPOs, and providers of public transportation set their respective performance targets in coordination with one another. Each MPO establishes a target for each applicable performance measure. For the **PM1**, **PM2**, and **PM3** measures, each MPO establishes targets by one of two options:

OR

Support the statewide target established by FDOT.

If the MPO chooses to support the statewide target, the MPO provides documentation to FDOT stating that the MPO agrees to plan and program projects so that they contribute toward the accomplishment of FDOT's statewide target for that performance measure.

Establish own target.

If the MPO chooses to establish its own target, the MPO coordinates with FDOT regarding the approach used to develop the target and the proposed target prior to establishing a final target. The MPO provides documentation to FDOT that includes the final target and the date the MPO established the target.

MPOs must establish their targets no later than 180 days after FDOT sets its target.

For the **transit asset management and safety measures,** MPOs may support the targets established by transit providers or establish their own targets. Initial action by the MPO must take place within 180 days of the transit provider action to establish targets. Subsequent MPO transit targets must be established when the MPO updates the LRTP. MPOs will reflect current provider targets in the updated TIP.

ASSESSMENT OF SIGNIFICANT PROGRESS

FHWA will not assess MPO target achievement. However, FHWA and FTA will review MPO adherence to performance management requirements as part of periodic transportation planning process reviews, including the Transportation Management Area (TMA) MPO certification reviews, reviews of adopted and amended LRTPs, and approval of MPO TIPs.

PM1: Safety

Florida Department of Transportation Office of Policy Planning

MAP-21 Performance Management

April 2022

OVERVIEW

The first of the performance measures rules issued by Federal Highway Administration (FHWA) became effective on April 14, 2016, establishing measures to assess the condition of road safety. This fact sheet summarizes the requirements of this rule, the targets that the Florida Department of Transportation (FDOT) selected to meet them, and the role of the Metropolitan Planning Organizations (MPO) under this rule.*

PERFORMANCE MEASURES - APPLICABLE TO ALL PUBLIC ROADS

	The total number of persons suffering fatal injuries in a motor vehicle crash during a calendar year.	COORDINATION WITH OTHER PLANS		
		Updates to FDOT's Florida		
RATE OF FATALITIES	The total number of fatalities per 100 million vehicle miles traveled (VMT) in a calendar year.	Transportation Plan (FTP) and MPO's Long-Range Transporta- tion Plans (LRTP) must include		
		most recently reported safety		
NUMBER OF SERIOUS INJURIES	The total number of persons suffering at least one serious injury in a motor vehicle crash during a calendar year.	performance data and targets. Updates to the Statewide Transportation Improvement		
		Program (STIP) and Transpor-		
RATE OF SERIOUS INJURIES	The total number of serious injuries per 100 million VMT in a calendar year.	tation Improvement Programs (TIP) must include a description of how the STIP/TIP contributes		
NUMBER OF NON-MOTORIZED ATALITIES AND NON-MOTORIZED SERIOUS INJURIES	The combined total number of non-motorized fatalities and non-motorized serious injuries involving a motor vehicle during a calendar year.	to achieving safety performance targets in the FTP/LRTP.		

TIMELINE

* Please refer to the fact sheet addressing MPO Requirements for information about MPO targets and planning processes.

EXISTING STATEWIDE CONDITIONS

STATEWIDE TARGETS

- » FDOT annually establishes statewide safety targets for the following calendar year as part of the HSIP Annual Report, which must be submitted by August 31 each year.
- » Targets are applicable to all public roads regardless of functional classification or ownership.

Given FDOT's firm belief that every life counts, **the target set for all safety performance measures is ZERO**.

MPO TARGETS

MPOs have the option of supporting the statewide targets or establishing their own targets for the MPO planning area. MPOs must set their targets within 180 days after FDOT sets the statewide targets. MPOs must annually update their targets by February 27 of each year.

ASSESSMENT OF SIGNIFICANT PROGRESS

FHWA considers a state to have met or made significant progress when at least four out of the five safety performance targets are met or the actual outcome for the safety performance target is better than baseline performance.

Based on FHWA's review, Florida is making progress towards achieving the targets established for serious injuries but not yet for fatalities or non-motorized users. As requested by FHWA, FDOT has developed an HSIP Implementation Plan to highlight additional strategies it will undertake in support of these targets.

FHWA will not assess MPO target achievement. However, FHWA and Federal Transit Administration (FTA) will review MPO adherence to performance management requirements as part of periodic transportation planning process reviews, including the Transportation Management Area (TMA) MPO certification reviews, reviews of adopted and amended LRTPs, and approval of MPO TIPs.

PM2: Bridge and Pavement

Florida Department of Transportation Office of Policy Planning

MAP-21 Performance Management

April 2022

OVERVIEW

The second of the performance measures rules issued by Federal Highway Administration (FHWA) became effective on May 20, 2017, establishing measures to assess the condition of the pavements and bridges on the National Highway System (NHS). This fact sheet summarizes the requirements of this rule, the targets Florida Department of Transportation (FDOT) selected to meet them, and the role of the Metropolitan Planning Organizations (MPO) under this rule.*

PAVEMENT PERFORMANCE MEASURES

- » Percentage of pavements on the Interstate System in *GOOD* condition.
- » Percentage of pavements on the Interstate System in POOR condition.
- » Percentage of pavements on the non-Interstate NHS in GOOD condition.
- » Percentage of pavements on the non-Interstate NHS in POOR condition.

BRIDGE PERFORMANCE MEASURES

- » Percentage of NHS bridges (by deck area) classified as in GOOD condition.
- » Percentage of NHS bridges (by deck area) classified as in POOR condition.

GOOD CONDITION

Suggests no major investment is needed.

POOR CONDITION

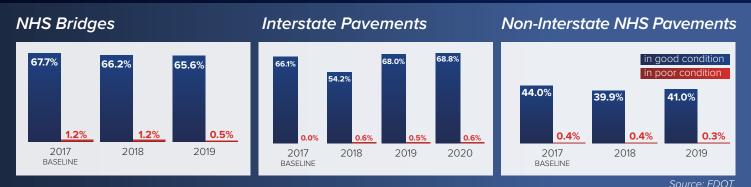

Suggests major investment is needed.

TIMELINE

* Please refer to the fact sheet addressing MPO Requirements for information about MPO targets and planning processes.

EXISTING STATEWIDE CONDITIONS

STATEWIDE TARGETS

FDOT established 2- and 4-year targets on May 18, 2018 for the full extent of the NHS in Florida. Two-year targets reflect the anticipated performance level at the mid point of each performance period, while 4-year targets reflect it for the end of the performance period.

Performance Measure	2-Year Target	4-Year Target
Pavement		
% of Interstate pavements in <i>GOOD</i> condition	Not required	≥ 60%
% of Interstate pavements in <i>POOR</i> condition	Not required	≤ 5%
% of non-Interstate NHS pavements in <i>GOOD</i> condition	≥ 40%	≥ 40%
% of non-Interstate NHS pavements in <i>POOR</i> condition	≤ 5%	≤ 5%
Bridge		
% of NHS bridges (by deck area) classified in <i>GOOD</i> condition	≥ 50%	≥ 50%
% of NHS bridges (by deck area) classified in <i>POOR</i> condition	≤ 10%	≤ 10%

Note: Two-year targets were not required for Interstate pavement condition for the first performance period, but will be required for the second and subsequent performance periods.

MPO TARGETS

MPOs have the option of supporting the statewide targets or establishing their own targets for the MPO planning area. MPOs must set their targets within 180 days after FDOT sets the statewide targets. MPOs set pavement and bridge targets for the first performance period by November 14, 2018. FDOT will set the targets for the second 4-year performance period by October 1, 2022, after which the MPOs will have 180 days to set their targets.

ASSESSMENT OF SIGNIFICANT PROGRESS

Beginning in 2020 and continuing every two years thereafter, FHWA will determine if FDOT has made significant progress toward the achievement of each 2-year or 4-year applicable statewide target if either:

- » The actual condition/performance level is better than the baseline condition/performance; or
- » The actual condition/performance level is equal to or better than the established target.

In January 2021, FHWA determined Florida had made significant progress toward the two-year bridge and pavement targets based on reported data for 2018 and 2019. FHWA will not directly assess MPO progress toward meeting their targets. Rather, it will do so through the periodic transportation planning reviews, including the Transportation Management Area (TMA) MPO certification reviews and reviews of adopted/amended LRTPs and TIPs.

MINIMUM CONDITIONS

Every year, FHWA will assess if FDOT is meeting the statewide minimum condition requirements. If it is not, FDOT must obligate funds to meet minimum requirements.

FDOT IS ON TRACK TO MEET MINIMUM CONDITION REQUIREMENTS

- » Pavement: No more than 5 percent of the Interstate System in *Poor* condition for most recent year.
- » Bridge: No more than 10 percent of total deck area of NHS bridges classified as Structurally Deficient (*Poor* condition) for three consecutive years.

FOR MORE INFORMATION PLEASE CONTACT

Erika Thompson, Statewide Metropolitan Planning Coordinator Florida Department of Transportation erika.thompson@dot.state.fl.us | (850) 414-4807

PM3: System Performance

Florida Department of Transportation Office of Policy Planning

MAP-21 Performance Management

April 2022

OVERVIEW

The third of the three performance measures rules issued by Federal Highway Administration (FHWA) became effective on May 20, 2017, establishing measures to assess the performance of the National Highway System (NHS), freight movement on the Interstate System, and Congestion Mitigation and Air Quality Improvement Program (CMAQ). This fact sheet summarizes the requirements of this rule, the targets that the Florida Department of Transportation (FDOT) selected to meet them, and the role of the Metropolitan Planning Organizations (MPO) under this rule.*

PERFORMANCE MEASURES

Performance Measure	Typically Referred to As	What It Measures
Percent of person-miles traveled on the Interstate that are reliable	Interstate reliability	Seeks to assess how reliable the NHS network is by creating a ratio (called Level of Travel Time Reliability, or
Percent of person-miles traveled on the non- Interstate NHS that are reliable	Non-Interstate reliability	LOTTR) that compares the worst travel times on a road against the travel time that is typically experienced. Road miles with a LOTTR less than 1.5 are considered reliable. Traffic volume and an average vehicle occupancy are factored in to determine the person miles that are reliable, and this is converted to a percent of total miles.
Truck travel time reliability (TTTR) index	Truck reliability	Seeks to assess how reliable the Interstate network is for trucks by creating a ratio (called Truck Travel Time Reliability, or TTTR) that compares the very worst travel times for trucks against the travel time they typically experience.

This rule also contains measures addressing CMAQ Program. These are applicable only for areas that are designated as nonattainment or maintenance, of which Florida currently has none. Therefore, they are currently not applicable to FDOT or any of Florida's MPOs.

TIMELINE

* Please refer to the fact sheet addressing MPO Requirements for information about MPO targets and planning processes.

EXISTING STATEWIDE CONDITIONS

INTERSTATE RELIABILITY	2017	82.2%
Percent of the person-miles	2018	83.5%
traveled on the Interstate	2019	83.4%
that are reliable	2020	92.3%
NON-INTERSTATE NHS RELIABILITY	2017	84.0%
Percent of the person-miles	2018	86.3%
traveled on the non-Interstate	2019	87.0 %
NHS that are reliable	2020	93.5%
TRUCK RELIABILITY	2017	1.43
Truck travel time reliability index	2018	1.42
(Interstate)	2019	1.45
	2020	1.34
	Note: A higher Interstate and non-Interstate NHS reliability However, a higher TTTR index means lower reliability.	v percentage means greater reliability.

Source: PM3 Report on Regional Integrated Transportation Information System (RITIS) platform using National Performance Management Data Research Data Set (NPMRDS)

STATEWIDE TARGETS

FDOT established the following 2- and 4-year targets on May 18, 2018. Two-year targets reflect the anticipated performance level at the end of calendar year 2019, while 4-year targets reflect anticipated performance at the end of 2021.

Performance	2-Year	4-Year
Measure	Target	Target
Interstate reliability	≥ 75%	≥ 70%
Non-Interstate NHS reliability	Not required	≥ 50%
Truck reliability	≤ 1.75	≤ 2.00

Note: Two-year targets were not required for non-Interstate reliability for the first performance period, but will be required for the second and subsequent performance periods.

MPO TARGETS

MPOs have the option of supporting the statewide targets or establishing their own targets for the MPO planning area. MPOs must set their targets within 180 days after FDOT sets the statewide targets. MPOs set system performance targets for the first performance period by November 14, 2018. FDOT will set its targets for the second 4-year performance period by October 1, 2022, after which the MPOs will have 180 days to set their targets.

ASSESSMENT OF SIGNIFICANT PROGRESS

Beginning in 2020 and continuing every two years thereafter, FHWA will determine that FDOT has made significant progress toward the achievement of each 2-year or 4-year applicable statewide target if either:

- » The actual condition/performance level is better than the baseline condition/performance; or
- » The actual condition/performance level is equal to or better than the established target.

In January 2021, FHWA determined Florida had made significant progress toward the two-year targets for Interstate and truck reliability based on reported data. If FDOT does not make significant progress toward achieving a reliability target, it must document the actions it will take to achieve the target. For the truck reliability measure, it must provide additional freight analysis and documentation.

FHWA will not assess MPO target achievement. However, FHWA and Federal Transit Administration (FTA) will review MPO adherence to performance management requirements as part of periodic transportation planning process reviews, including the Transportation Management Area (TMA) MPO certification reviews, reviews of updated and amended Long-Range Transportation Plans (LRTP), and approval of MPO Transportation Improvement Programs (TIP).

TRANSIT Asset Management

April 2022

Florida Department of Transportation Office of Policy Planning

MAP-21 Performance Management

OVERVIEW

The Transit Asset Management rule from the Federal Transit Administration (FTA) became effective on October 1, 2016. This rule applies to all recipients and subrecipients of federal transit funding that own, operate, or manage public transportation capital assets. The rule introduces requirements for new State of Good Repair (SGR) performance measures and Transit Asset Management (TAM) Plans. This fact sheet describes these requirements and the role of the Metropolitan Planning Organizations (MPO) under this rule.

STATE OF GOOD REPAIR PERFORMANCE MEASURES

Transit agencies are required to report transit asset performance measures and targets annually to the National Transit Database (NTD). Targets should be supported by the most recent condition data and reasonable financial projections.

FTA Asset Categories	Type of Measure	Performance Measures
EQUIPMENT Non-revenue support-service and maintenance vehicles	Age	Percentage of non-revenue, support-service and maintenance vehicles that have met or exceeded their useful life benchmark (ULB)
ROLLING STOCK Revenue vehicles	Age	Percentage of revenue vehicles within a particular asset class that have either met or exceeded their ULB
INFRASTRUCTURE Rail fixed-guideway track	Performance	Percentage of track segments (by mode) with performance restrictions
FACILITIES Buildings and structures	Condition	Percentage of facilities within an asset class rated below condition 3 on the Transit Economic Requirement Model (TERM) scale

Transit Asset Categories and Related Performance Measures

"State of good repair" is defined as the condition in which a capital asset is able to operate at a full level of performance. This means the asset:

- 1. Is able to perform its designed function.
- 2. Does not pose a known unacceptable safety risk.
- 3. Lifecycle investments have been met or recovered.

TIMELINE

Transit providers set targets annually in October, January, or April, depending on the provider's fiscal year.

TAM PLAN

By October 1, 2018 (two years from effective date of the Final Rule), Transit Asset Management Plans (TAM Plan) were required for all providers. These plans are either developed by the providers or by a group sponsor on behalf of multiple providers. These plan must be updated every four years. The Group TAM Plan must be updated by October 1, 2022, and individual TAM Plans by Tier I and Tier II providers must be updated by the start of the provider's fiscal year.

Tier I versus Tier II Agencies

The rule makes a distinction between Tier I and Tier II transit providers and establishes different requirements for them.

TIER II TIER I Owns, operates, or manages Owns, operates, or manages either: either: < = 100 vehicles in revenue > = 101 vehicles in revenue service during peak regular service during peak regular service across ALL non-rail fixed service across ALL fixed route route modes or in ANY one modes or ANY one non-fixed non-rail fixed route mode route mode OR OR Subrecipient under the 5311 program Rail transit OR Native American Tribe

TAM Plan Elements

Inventory of Capital Accet

1. Inventory of Capital Assets	ALL
2. Condition Assessment	ROVIDERS
3. Decision Support Tools	(Tiers I and II)
4. Investment Prioritization	
5. TAM and SGR Policy	
6. Implementation Strategy	TIER I ONLY
7. List of Key Annual Activities	UNLI
8. Identification of Resources	
9. Evaluation Plan	

A **TIER I** provider must develop its own TAM Plan. The Tier I provider must make the TAM plan, annual targets, and supporting materials available to the state DOTs and MPOs that provide funding to the provider.

TIER II agencies may develop their own plans or participate in a group TAM plan, which is compiled by a group TAM plan sponsor. State Departments of Transportation (DOT) that pass FTA funds to subrecipients are required to be group TAM plan sponsors. The unified targets and narrative report for group plan participants are submitted on behalf of all participating agencies by the sponsor. Group plan sponsors must make the group plan, targets, and supporting materials available to the state DOTs and MPOs that program projects for any participants of the group plan. The Florida Department of Transportation (FDOT) developed a group plan for all subrecipients in 2018. The plan included collective targets for subrecipients.

MPO COORDINATION

- » Each public transit provider or its sponsors must share its targets with each MPO in which the transit provider operates services.
- » MPOs are required to establish initial transit asset management targets within 180 days of the date that public transportation providers establish initial targets. However, MPOs are not required to establish transit asset management targets annually each time the transit provider establishes targets. Instead, subsequent MPO targets must be established when the MPO updates the LRTP. MPOs will reflect current provider TAM targets in the updated TIP.
- » When establishing transit asset management targets, the MPO can either agree to program projects that will support the transit provider's targets, or establish its own separate regional targets for the MPO planning area. MPO targets may differ from provider targets, especially if there are multiple transit agencies in the MPO planning area.
- » MPOs are required to coordinate with transit providers and group plan sponsors when selecting targets to ensure alignment of targets.
- » FTA will not assess MPO progress toward achieving transit targets. However, the Federal Highway Administration (FHWA) and FTA will review MPO adherence to performance management requirements as part of periodic transportation planning process reviews, including the Transportation Management Area (TMA) MPO certification reviews, reviews of updated LRTPs, and approval of MPO TIPs.

PUBLIC TRANSIT Safety Performance

MAP-21 Performance Management

April 2022

OVERVIEW

The Federal Transit Administration (FTA) has established requirements through 49 CFR 673 for Public Transportation Agency Safety Plans (PTASP) and related performance measures as authorized by the Moving Ahead for Progress in the 21st Century Act (MAP–21). This rule requires certain operators of public transportation systems that receive federal financial assistance under 49 U.S.C. Chapter 53 to develop and implement PTASP based on a Safety Management Systems (SMS) approach. Development and implementation of agency safety plans will help ensure that public transportation systems are safe nationwide. This fact sheet summarizes the requirements of this rule and the responsibilities of Florida's transit providers and Metropolitan Planning Organizations (MPOs) in implementing the rule.

PUBLIC TRANSPORTATION AGENCY SAFETY PLANS (PTASP)

Federal Rule Applicability

RECIPIENTS AND SUB-RECIPIENTS OF FTA 5307 FUNDS	FTA is deferring applicability for operators that only receive 5310 and/or 5311 funds.
SMALL PUBLIC TRANSPORTATION PROVIDERS (5307S)	Agencies: a) without rail; and b) with fewer than 101 revenue vehicles in operation during peak service may complete their own plan or have their plan drafted or certified by their state DOT.

PUBLIC TRANSPORTATION SAFETY PERFORMANCE MEASURES

FATALITIES

Total number of reportable fatalities and rate per total vehicle revenue miles by mode.

INJURIES

Total number of reportable injuries and rate per total vehicle revenue miles by mode.

SAFETY EVENTS

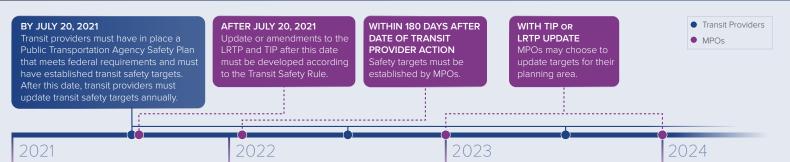

Total number of reportable events and rate per total vehicle revenue miles by mode.

SYSTEM RELIABILITY

Mean distance between major mechanical failures by mode.

TIMELINE

PTASP CERTIFICATION AND REVIEW

RELATIONSHIP OF PTASP TO FLORIDA REQUIREMENTS

Florida requires each Section 5307 and/or 5311 transit provider to have an adopted System Safety Program Plan (SSPP) (Chapter 14-90, Florida Administrative Code). The FTA PTASP rule and Florida's SSPP requirements are similar, but have some differences. Because Section 5307 providers in Florida must already have a SSPP, FDOT recommends that transit agencies revise their existing SSPPs to be compliant with the new FTA PTASP requirements.

FDOT has issued guidance to providers to assist them with revising existing SSPPs to be compliant with the FTA requirements.

While the PTASP rule requires transit providers to establish safety performance targets, the SSPP does not.

PTASP RELATIONSHIP TO OTHER FEDERALLY REQUIRED PLANS AND PRODUCTS

REQUIREMENTS

COORDINATION WITH METROPOLITAN, STATEWIDE, AND NON-METROPOLITAN PLANNING PROCESSES

- » Public transit providers will coordinate with FDOT and affected MPOs in the selection of transit safety performance targets.
- » Providers will give written notice to the MPO(s) and FDOT when the provider establishes transit safety targets. This notice will provide the established targets and the date of establishment.
- » MPOs that establish their own transit safety targets will coordinate with the public transit provider(s) and FDOT in the selection of transit safety performance targets. The MPOs will give written notice to the public transit providers and FDOT when the MPO establishes its own transit safety targets.
- » MPOs that agree to support a public transit provider's safety targets will provide FDOT and the public transit providers documentation that the MPO agrees to do so.

- » Public transit providers that annually draft and certify a PTASP must make the PTASP and underlying safety performance data available to FDOT and the MPOs to aid in the planning process.
- » Public transit providers will update the PTASP and establish transit safety targets annually. MPOs are not required to establish transit safety targets annually each time the transit provider establishes targets. Instead, subsequent MPO targets must be established when the MPO updates the LRTP. MPOs will reflect current provider PTASP targets in the updated TIP.
- » If two or more providers operate in an MPO planning area and establish different safety targets for a measure, the MPO may establish a single target for the MPO planning area or establish a set of targets for the MPO planning area that reflect the differing transit provider targets.

APPENDIX F: Public and Partner Comments

FY 2023 to 2027 Transportation Improvement Program (TIP)

Public Comments

Summary

The draft Fiscal Years 2023 to 2027 Transportation Improvement Program (TIP) was made available for public and partner agency review on May 3, 2022. The following public comments were received by the TPO.

- **Comment:** "Please expand I-75 and existing roads before destroying farms, nature, and the springs to build new ones. Once these resources are gone they can never be replaced."
 - **TPO Response**: Noted for public record. The citizen requested to not receive follow up from the TPO. The comment is part of public record and included in the TIP document for future planning considerations.
- **Comment:** "As a member of the TPO Board who works at Central Florida Community Action Agency and live in Alachua County, one of the things that I've noticed for some of the clients that we serve in Marion County, they have transportation needs to get back and forth to clinical sites that are often located in Belleview, Orlando, etc. I'm not sure if there is some sort of shuttle services that can assist students who are residents and need to travel outside of Marion County for clinicals, work, etc."
 - **TPO Response**: Noted for public record. The citizen was thanked for the comment and informed it will become part of public record, and included in the TIP document for future planning considerations.
- **Comment:** "The back and forth regarding opening Ocala Int'l Airport to commercial airlines needs to be resolved in two ways: The designation "International Airport" is misleading. That needs to be changed to something else to reflect the actual air traffic and constituent travel: Regional Airport? Regional Business Airpark? Dump the word "International". Second, a lot of frustration of air travelers having to drive to Orlando or Gainesville could be reduced by a highspeed railway system."
 - **TPO Response**: Noted for public record. The citizen was thanked for the comment and informed it will become part of public record, and included in the TIP document for future planning considerations.

TRANSPORTATION IMPROVEMENT PROGRAM (TIP) REVIEW CHECKLIST

The following TIP Review Checklist is provided to assist in the review of the TIP. This Review Checklist is to be completed and included in the MPO's final TIP Document.

Comments should be categorized as:

Editorial: Comments may be addressed by MPO, but would not affect approval of the document, i.e., grammatical, spelling and other related errors.

Enhancement: Comments may be addressed by MPO, but would not affect approval of the document, i.e., improve the quality of the document and the understanding for the public (improving graphics, re-packaging of the document, use of plain language, reformatting for clarity, removing redundant language).

Critical: Comment MUST be addressed to meet minimum state and federal requirements to obtain approval. The reviewer must clearly identify the applicable state or federal policies, regulations, guidance, procedures or statutes that the document does not conform with.

If a question is categorized, a comment must be included. In addition, if a question is answered with "no", a comment must also be included. Once the checklist is finalized, please share as a PDF.

APPENDIX G: Glossary of Terms and Acronyms

Glossary of Terms and Acronyms

OCALA MARION TRANSPORTATION PLANNING ORGANIZATION

February 2022

ACRYONYM	NAME	DESCRIPTION	
3C	Continuing, Cooperative and Comprehensive	A Continuing, Cooperative and Comprehensive (3C) process is required for all Metropolitan Planning Organizations (MPO) to be eligible for Federal transportation funding.	
ACS	American Community Survey	The American Community Survey is an ongoing survey that provides vital information on a yearly basis about our nation and its people.	
ADA	Americans with Disabilities Act	The Americans with Disabilities Act (ADA) prohibits discrimination against people with disabilities in employment, transportation, public accommodation, communications, and governmental activities.	
ATMS	Automated Traffic Management System	ATMS is used to improve the efficiency of the transportation network. ATMS utilizes data-analysis and communication technology to reduce congestion in real-time due to crashes and other traffic problems.	
BEA	Bureau of Economic Analysis	Federal agency within the Department of Commerce that provides economic data and projections.	
BLS	Bureau of Labor Statistics	Federal agency within the Department of Labor that tracks federal employment data.	
BTS	Bureau of Transportation Statistics	The Bureau of Transportation Statistics was established as a statistical agency in 1992. The Intermodal Surface Transportation Efficiency Act (ISTEA) of 1991 created BTS to administer data collection, analysis, and reporting and to ensure the most cost-effective use of transportation- monitoring resources.	
CAAA	Clean Air Act Amendments of 1990	The original Clean Air Act was passed in 1963, but the national air pollution control program is actually based on the 1970 revision of the law. The Clean Air Act as amended in 1990 made major changes and contains the most far reaching revisions of the 1970 law.	
CAC	Citizen Advisory Committee	The Citizens Advisory Committee (CAC) advises the TPO on local transportation issues based on the input of citizens they represent in the area. The TPO strives to keeps the composition of the CAC diverse in terms of geographic location and professions represented.	
CBSA	Core Based Statistical Areas	CBSAs consist of the county or counties or equivalent entities associated with a least one core (urbanized area or urban cluster) of at least 10,000 population plus adjacent counties having a high degree of social and economic integration with the core. Social and economic integration is measured in the form of commuting and other reoccurring travel.	
CFMPOA	Central Florida Metropolitan Planning Organization Alliance	A partnership of Transportation Planning Organizations in Central Florida created to provide transportation solutions throughout the region.	
CFR	Code of Federal Regulations	The codification of the rules published in the Federal Register by the executive departments and agencies of the Federal Government. These are the administrative rules and regulations that clarify the impact of the United State Code (USC) or the law.	

ACRYONYM	NAME	DESCRIPTION			
CFRPM	Central Florida Regional Planning Model	Travel demand forecasting tool used by numerous planning agencies throughout central Florida.			
CMAQ	Congestion Mitigation and Air Quality Improvement Program	The CMAQ program funds transportation projects and programs in air quality non-attainment and maintenance areas that reduce traffic congestion and transportation related emissions (ozone, carbon monoxide, particulate matter, etc.).			
СМР	Congestion Management Process	A systematic approach required in transportation management areas (TMAs) that provides for effective management and operation. Provides information on transportation system performance and finds alternative ways to alleviate congestion and enhance the mobility of people and goods, to levels that meet state and local needs.			
стс	Community Transportation Coordinator	Community Transportation Coordinators are businesses or county departments responsible for arrangement of transportation services delivered to the transportation disadvantaged. (Definition taken from Lee MPO - http://leempo.com/programs-products/transportation- disadvantaged/).			
СТД	Commission for Transportation Disadvantaged	Created in 1989, the CTD was created to provide statewide policy guidance to Florida's Transportation Disadvantaged Program, which coordinates funs to provide older adults, persons with disabilities and people with limited access to employment, health care and educational opportunities (Definition taken from NCFRPC - http://www.ncfrpc. org/TD/td.html).			
СТРР	Census Transportation Planning Products	The CTPP is a set of special tabulations designed by and for transportation planners using large sample surveys conducted by the Census Bureau.			
СТЅТ	Community Traffic Safety Team	An organization created to inform the public about transportation safety issues. Major events conducted by the Marion County CTST include "Walk Your Child to School Day", a mock DUI scenario, and a Battle of the Belts competition.			
DBE	Disadvantaged Business Enterprise	The DBE program ensures that federally-assisted contracts for transportation projects are made available for small businesses owned/ controlled by socially and economically disadvantaged individuals (Definition taken from FHWA - https://www.fhwa.dot.gov/civilrights/ programs/dbe/).			
DOPA	Designated Official Planning Agency	An agency that assists the Florida Commission for the Transportation Disadvantaged (CTD) in the coordination of safe, efficient, cost effective transportation services to those who are transportation disadvantaged. (Definition taken from CTD - https://ctd.fdot.gov/ communitytransystem.htm)			
DRI	Development of Regional Impact	A large-scale development project that may impact multiple counties or jurisdictions			
EIS	Environmental Impact Statement	Report developed as part of the National Environmental Policy Act requirements, which details any adverse economic, social, and environmental effects of a proposed transportation project for which Federal funding is part of the project.			

ACRYONYM	NAME	DESCRIPTION		
EPA	Environmental Protection Agency	The federal regulatory agency responsible for administering and enforcing federal environmental laws, including the Clean Air Act, the Clean Water Act, the Endangered Species Act, and others.		
ETDM	Efficient Transportation Decision Making	Developed by the Florida Department of Transportation (FDOT) to streamline the environmental review process, ETDM helps protect natural resources by involving stakeholders early in the transportation planning process. Specifically, ETDM is used to identify the impacts may occur from planned transportation projects.		
FAA	Federal Aviation Administration	FAA provides a safe, secure, and efficient global aerospace system that contributes to national security and the promotion of US aerospace safety.		
FAST Act	Fixing America's Surface Transportation Act	The Fixing America's Surface Transportation (FAST) Act is five-year legislation that was enacted into law on December 4, 2015. The main focus of the legislation is to improve the Nation's surface transportation infrastructure, including our roads, bridges, transit systems, and rail transportation network.		
FDOT	Florida Department of Transportation	Originally named the Florida State Road Department, the Florida Department of Transportation (FDOT) was created in 1969. FDOT's mission is to ensure the mobility of people and goods, enhance economic prosperity, and preserve the quality of the environment and community (Definition taken from State of Florida-https://jobs.myflorida.com/go/ Department-of- Transportation/2817700/).		
FHWA	Federal Highway Administration	A branch of the U.S. Department of Transportation that administers the federal- aid highway program, providing financial assistance to states to construct and improve highways, urban and rural roads, and bridges.		
FMTP	Freight Mobility and Trade Plan	FDOT's Freight Mobility and Trade Plan (FMTP) defines policies and investments that will enhance Florida's economic development into the future.		
FSUTMS	Florida Standard Urban Transportation Modeling Structure	FSUTMS is a computerized planning model that allows users to better predict the impact of transportation policies and programs by providing a standardized framework for the development, use and sharing of models.		
FTA	Federal Transit Administration	A branch of the U.S. Department of Transportation that administers fede funding to transportation authorities, local governments, and states to support a variety of locally planned, constructed, and operated public transportation systems throughout the U.S., including buses, subways, light rail, commute rail, streetcars, monorail, passenger ferry boats, inclined railways, and peop movers.		
FTP	Florida Transportation Plan	Florida's long-range plan that guides current transportation decisions. The plan outlines transportation issues and solutions related to improving safety, efficiency, population growth, economic development, and access to transit and other modes of transportation.		
FY	Fiscal Year/ Federal Fiscal Year	The TPO's Fiscal Year is from July 1 to June 30. The Federal Fiscal Year is from October 1 to September 30.		

ACRYONYM	NAME	DESCRIPTION		
GIS	Geographic Information System	Computerized data management system designed to capture, store, retrieve, analyze, and display geographically referenced information.		
HOV	High-Occupancy Vehicle	Vehicles carrying two or more people.		
HSIP	Highway Safety Improvement Program	The goal of the HSIP program is to achieve a significant reduction in traffic fatalities and serious injuries on all public roads, including non-State-owned public roads and roads on tribal lands.		
HUD	Department of Housing and Urban Development	HUD's mission is to increase homeownership, support community development and increase access to affordable housing free from discrimination. HUD's Community Development Block Grant Program (CDBG) is a program with many resources that are used to help address a wide array of community development needs, including sidewalks and other transportation infrastructure.		
AUI	Infrastructure Investment and Jobs Act	Commonly referred to as the Bipartisan Infrastructure Bill, IIJA was signed into law by President Biden on November 15, 2021. IIJA includes \$550 billion in new funding for transportation infrastructure. IIJA authorizes \$1.2 trillion in total spending.		
IRI	International Roughness Index	International Roughness Index (IRI) is used by transportation professionals around the world as a standard to quantify road surface roughness. IRI is highly useful for assessing overall roadway pavement ride quality; a higher IRI value indicates a rougher road surface.		
ITS	Intelligent Transportation Systems	Electronics, photonics, communications, or information processing to improve the efficiency or safety of the surface transportation system.		
LOS	Level of Service	Level of Service (LOS) is a term that describes the operating conditions a driver, transit users, bicyclist, or pedestrian will experience while traveling on a particular street, highway or transit vehicle. LOS is used in transportation planning as a data friendly tool to help aid in the decision making process regarding road capacity. LOS data allows planners to make more informed decisions regarding transportation projects.		
LOPP	List of Priority Projects	The List of Priority Projects (LOPP) is a formalized list developed each year by the TPO in collaboration with local government partners, and as required by state statute. The LOPP contains the highest priorities for future transportation projects and investments to receive consideration for federal and state funding.		
LRTP/MTP	Long-Range Transportation Plan (or Metropolitan Transportation Plan)	A document that serves as the defining vision for the region's transportation systems and services. The LRTP addresses a planning horizon of no less than a 20-years and is developed, adopted, and updated every five years by the TPO. The most recent LRTP was adopted in December 2015. The plan can be viewed on the TPO website at: https://ocalamariontpo.org/plans-and- programs/long-range- transportation-plan-Irtp/.		

ACRYONYM	NAME	DESCRIPTION		
LOTTR	Level of Travel Time Reliability	The Level of Travel Time Reliability (LOTTR) is the ratio of the 80th percentile travel time to the normal travel time (50th percentile) throughout a full calendar year. Data for this measure is derived from the FHWA National Performance Management Research Data set (NPMRDS).		
MAP-21	Moving Ahead for Progress in the 21st Century	The Moving Ahead for Progress in the 21st Century Act (P.L. 112-141), was signed into law in 2012. Funding surface transportation programs at over 105 billion for fiscal years (FY) 2013 and 2014, MAP-21 is the first long-term highway authorization enacted since 2005. MAP-21 creates a streamlined and performance-based surface transportation program and builds on many of the highway, transit, bike, and pedestrian programs and policies established in 1991.		
МРА	Metropolitan Planning Area	The geographic area determined by agreement between the transportation planning organization (TPO) for the area and the Governor, in which the metropolitan transportation planning process is carried out.		
MPO	Metropolitan Planning Organization	An MPO, also known as a TPO, is a forum for cooperative transportation decision-making for metropolitan planning areas. In order for a TPO to be designated as an MPO, an urban area must have a population of at least 50,000 as defined by the US Census Bureau.		
ΜΡΟΑϹ	Metropolitan Planning Organization Advisory Council	A planning and policy organization created to assist individual MPO/TPOs across Florida in building a more collaborative transportation planning process.		
MSA	Metropolitan Statistical Area	A Core Based Statistical Areas associated with at least one urbanized area that has a population of at least 50,000. The metropolitan statistical area comprises the central county or counties or equivalent entities containing the core, plus adjacent outlying counties having a high degree of social and economic integration with the central county or counties as measured through commuting.		
NTD	National Transit Database	The National Transit Database (NTD) is the repository of data for the financial, operating and asset conditions of the nation's transit systems.		
NEPA	National Environmental Policy Act of 1969	Established requirements that any project using federal funding or requirin federal approval, including transportation projects, examine the effects of proposed and alternative choices on the environment before a federal decision is made.		
NHPP	National Highway Performance Program	The NHPP provides support for the condition and performance of the National Highway System (NHS), for the construction of new facilities on the NHS.		
NHPP (Bridge)	National Highway Performance Program (Bridge)	Reconstruction, resurfacing, restoration, rehabilitation, or preservation of a bridge on a non-NHS Federal-aid highway (if Interstate System and NHS Bridge Condition provision requirements are satisfied) [23 U.S.C. 119(i)].		
NHS	National Highway System	This system of highways designated and approved in accordance with the provisions of 23 U.S.C. 103(b) (23CFR500).		

ACRYONYM	NAME	DESCRIPTION		
PD&E	Project Development and Environmental Study	A study conducted to determine feasible building alternatives for transportation projects and their social, economic and environmental impacts. PD&E studies are required per the National Environmental Policy Act (NEPA). (Definition taken from FDOT, District 7 - https:// www.fdotd7studies.com/what-is-a-pde-study.html).		
PEA	Planning Emphasis Area	Planning Emphasis Areas set planning priorities that are supportive of the statewide Florida Transportation Plan (FTP), and give importance to topics that all MPOs are encouraged to address in their respective planning programs.		
PM	Performance Management	Performance Management (PM) serves as federally required strategic approach that uses system data and information guide investment and policies to achieve national goals.		
РРР	Public Participation Plan	The Public Participation Plan documents the goals, objectives and strategies for ensuring all individuals have every opportunity to be involved in transportation planning decisions. The plan is designed to provide a transparent planning process that is free from any cultural, social, racial or economic barriers and offers multiple opportunities for public participation and input.		
PTASP	Public Transportation Agency Safety Action Plan	A plan that is developed by transit agencies to identify responsibilities for safety and day to day implementation of a safety management system.		
RPC	Regional Planning Council	Organizations designated by Florida law to provide planning and technical expertise to local governments in order to promote regional collaboration.		
SHSP	Strategic Highway Safety Plan	This is a statewide and coordinated safety plan that provides a comprehensive framework for eliminating highway fatalities and reducir serious injuries on all public roads.		
SIS	Strategic Intermodal System	A network of transportation facilities important to the state's economy and mobility. The SIS was created to focus the state's limited resources on the facilities most significant for interregional, interstate and international travel (Definition taken from FDOT - https://www.fdot. gov/planning/sis/default.shtm).		
SOV	Single-Occupancy Vehicle	Any motor vehicle operated or driven by a single person.		
STBG	Surface Transportation Block Grant Program	The STBG federal funding promotes flexibility in State and local transportation decisions and provides flexible funding to best address State and local transportation needs.		
STIP	Statewide Transportation Improvement Program	The STIP is a statewide prioritized listing/program of transportation projects covering a period of four years that is consistent with the long-range statewide transportation plan, metropolitan transportation plans, and TIPs, and required for projects to be eligible for funding under title 23 U.S.C. and title 49 U.S.C. Chapter 53.		
STP	Surface Transportation Program	Federal-aid highway funding program that supports a broad range of surface transportation capital needs, including many roads, transit, sea and airport access, vanpool, bike, and pedestrian facilities.		

ACRYONYM	NAME	DESCRIPTION		
TAC	Technical Advisory Committee	The Technical Advisory Committee provides technical expertise to the TPO by reviewing transportation plans, programs and projects primarily from a technical standpoint. The TAC is comprised of professional planners, engineers, and other state and local professionals.		
ТАМР	Transportation Asset Management Plan	The TAMP outlines the process for effectively operating, maintaining and improving the physical transportation assets in Florida (e.g., roads, bridges, culverts).		
TAZ	Traffic Analysis Zone	A defined geographic area used to tabulate traffic-related land use data and forecast travel demand. Traffic Analysis Zones typically consist of one or more Census blocks/tracts or block groups.		
TD	Transportation Disadvantaged	Transportation Disadvantaged includes individuals with physical and economic challenges and senior citizens facing mobility issues.		
TDLCB	Transportation Disadvantaged Local Coordinating Board	The TDLCB coordinates transportation needs of the disadvantaged, including individuals with physical and economic challenges and senior citizens facing mobility issues. The Board helps the TPO identify local service needs of the Transportation Disadvantaged (TD) community to the Community Transportation Coordinator (CTC).		
TDM	Transportation Demand Management	Programs designed to reduce demand for transportation through various means, such as the use of public transit and of alternative work hours.		
TDP	Transit Development Plan	The Transit Development Plan (TDP) represents the community's vision for public transportation in the Ocala Marion TPO service area for a 10- year span. Updated every five years, the Plan provides a comprehensive assessment of transit services in Marion County. Specifically, the TDP details SunTran's transit and mobility needs, cost and revenue projections, and community transit goals, objectives, and policies.		
TIP	Transportation Improvement Program	A TIP is a prioritized listing/program of transportation projects covering a period of five years that is developed and formally adopted by a TPO as part of the metropolitan transportation planning process, consistent with the metropolitan transportation plan, and required for projects to be eligible for funding under title 23 U.S.C. and title 49 U.S.C. Chapter 53.		
TMA	Transportation Management Area	An urbanized area with a population over 200,000 (as determined by the latest decennial census) or other area when TMA designation is requested by the Governor and the TPO (or affected local officials), and officially designated by the Administrators of the FHWA and FTA. The TMA designation applies to the entire metropolitan planning area.		
TMIP	Travel Model Improvement Program	TMIP supports and empowers planning agencies through leadership, innovation and support of planning analysis improvements to provide better information to support transportation and planning decisions.		

ACRYONYM	NAME	DESCRIPTION			
TOD	Transit Oriented Development	Transit-oriented development, or TOD, is a type of community development that includes a mixture of housing, office, retail and/or other amenities integrated into a walkable neighborhood and located within a half- mile of quality public transportation (Definition taken from Reconnecting America-www.reconnectingamerica.org).			
ТРМ	Transportation Performance Management	FHWA defines Transportation Performance Management as a strategic approach that uses system information to make investment and policy decisions to achieve national performance goals.			
ТРО	Transportation Planning Organization	A TPO, also known as an MPO, is a forum for cooperative transportation decision-making for metropolitan planning areas. In order for a TPO to be designated, an urban area must have a population of at least 50,000 as defined by the US Census Bureau.			
TRB	Transportation Research Board	The mission of the Transportation Research Board (TRB) is to promote innovation and progress in transportation through research.			
TRIP	Transportation Regional Incentive Program	Created in 2005, the program provides state matching funds to improve regionally significant transportation facilities.			
TTTR	Truck Travel Time Reliability Index	The Truck Travel Time Reliability Index (TTTR) is defined as the ratio of longer truck travel times (95th percentile) compared to normal truck travel times (50th percentile) on the interstate system.			
UA	Urbanized Area	A statistical geographic entity delineated by the Census Bureau, consisting of densely settled census tracts and blocks and adjacent densely settled territory that together contain at least 50,000 people.			
ULB	Useful Life Benchmark	The expected lifecycle or the acceptable period of use in service for a transit capital asset, as determined by the transit agency or by a default benchmark provided by the Federal Transit Administration.			
UPWP	Unified Planning Work Program	UPWP means a Scope of Services identifying the planning priorities and activities to be carried out within a metropolitan planning area. At a minimum, a UPWP includes a description of planning work and resulting products, who will perform the work, time frames for completing the work, the cost of the work, and the source(s) of funds.			
USC	United States Code	The codification by subject matter of the general and permanent laws of United States.			
USDOT	United States Department of Transportation	When used alone, indicates the U.S. Department of Transportation. In conjunction with a place name, indicates state, city, or county transportation agency.			
YOE	Year of Expenditure	The current dollar in the year (adjusted for inflation) during which an expenditure is made or benefit realized, such as a project being constructed.			
VMT	Vehicle Miles Traveled	A measurement of miles traveled by vehicles within a specified region for a specified time period (Definition taken from Wikipedia).			

APPENDIX H: Project Changes from Prior TIP

Project Changes from Prior Transportation Improvement Program (TIP)

The following lists (2) summarize major projects that were programmed in the previous FY 2022 to FY 2026 TIP and their respective status toward implementation. This includes projects that were advanced; completed; under construction (2022); or deferred.

Changes to total project funding are also noted for major projects programmed in both the previous FY 2022 to FY 2026 TIP and the current FY 2023 to FY 2027 TIP.

Project Status from Prior TIP: Advanced, Completed, Construction or Deferred				
Project Number/FM	Project Description	Project Status	FY 22-26 TIP Funding	
2386481	SR 45 (US 41) from SW 110th Street to North of SR 40	Deferred Out	\$44,211,268	
4112565	SR 35 (US 301) Dallas Pond Redesign	Constrution 2022	\$537,379	
4336511	CR 484 from SW 20th Avenue to CR 475A	Construction 2022	\$15,302,481	
4336611	U.S. 441 from SR 40 to SR 40A (Broadway)	Construction 2022	\$3,607,422	
4348441	CR 42 at SE 182nd Avenue	Deferred to FY 23	\$407,200	
4354842	Pruitt Trail from SR 200 to Pruitt Trailhead	Deferred to FY 26	\$2,158,000	
4364742	Saddlewood Elementary School Sidewalks	Construction 2022	\$317,096	
4364743	Legacy Elementary School Sidewalks	Construction 2022	\$1,411,659	
4375962	SR 40 from NW 27th Street to SW 7th Street Sidewalks	Completed 2021	\$913,539	
4384271	Marion County Airport Airfield Pavement Improvements	Deferred to FY 25	\$4,833,608	
4384771	Ocala International Airport Taxiway Improvements	Deferred to FY 26	\$6,500,000	
4407801	Ocala International Airport Pavement Rehabilitation	Deferred to FY 24	\$1,978,750	
4408801	Marion Oaks Marion Oaks Manor Sidewalk	Construction 2022	\$36,210	
4431701	SR 93 (I-75) from Sumter County to SR 200	Construction 2022	\$30,271,013	
4437301	U.S. 301/U.S. 441 South of Split to North of Split Landscape	Construction 2022	\$372,839	
4453211	Wildwood Mainline Weigh-In Motion (WIM) Screening	Construction 2022	\$4,621,712	
4456871	U.S. 41/Williams from Brittan Alexander Bridge to River Road	Advanced to FY 22	\$551,496	
4458001	SR 40 at SR 492 (NE 14th Street)	Advanced to FY 22	\$987,415	
4471371	SR 200 Bridges and SR 40 Bridge Deck Rehabilitation	Construction 2022	\$1,010,681	
4483891	NW 9th Street at Railroad Crossing #627174G	Completed 2022	\$207,629	
4485751	Ocala International Airport ARFF Building	Deferred to FY 27	\$1,608,894	

Major Project Total Funding Changes: Prior TIP to Current TIP					
Project Number/FM	Project Description	Project Schedule Changes	Change in Project Funding

Transportation Improvement Program Fiscal Years 2023 to 2027 Roll Forward Amendment Pending Approval August 23, 2022

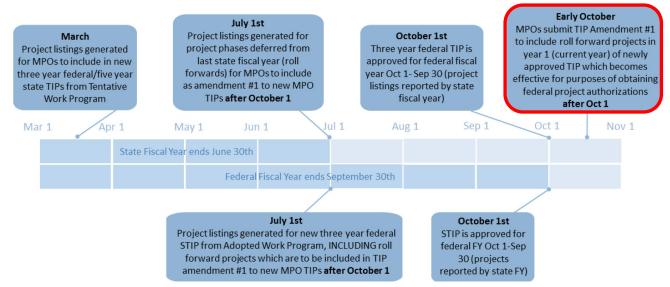

Roll Forward TIP Amendment

PURPOSE

The TPO's FY 2023 to FY 2027 Transportation Improvement Program (TIP) was adopted by the Board on June 28, 2022. The purpose of the TIP Roll Forward Amendment is to ensure full consistency by October 1 each year between the Ocala/Marion County Transportation Planning Organization (TPO) Transportation Improvement Program (TIP) and the Florida Department of Transportation (FDOT) Work Program.

In some cases, project funding programmed in the previous fiscal year of the prior TIP document was not authorized and encumbered prior to June 30. These projects then roll-forward in the FDOT Work Program for year one (FY 2023), but not into the TPO's TIP to meet the timeline for annual adoption. As a result, the TPO's TIP must be amended each year to include roll-forward projects in the current fiscal year to ensure consistency with the FDOT Work Program. Hence, the process is called the Roll Forward TIP Amendment.

Unlike all other projects, Federal Transit Administration (FTA) projects to not automatically roll-forward in the FDOT Work Program. The TPO coordinates with SunTran to verify that project funding is appropriately accounted for in the Roll Forward TIP Amendment. The following graphic displays the Roll Forward process and all key milestones.

Source: Florida Department of Transportation MPO Program Management Handbook, 2021

Roll Forward Summary

The following tables summarize roll forward projects for the FY 2023 to FY 2027 TIP. The table includes current FY 2023 project funding, amount of funding rolled forward, and revised FY 2023 project funding.

Project FM #	Project Name	Project Name Work Type		Current TIP FY 2023	Amount Rolled Forward	Revised TIP FY 2023

July 11, 2022

Ocala Marion TPO ATTN: Rob Balmes, Executive Director 2710 E Silver Springs Blvd Ocala FL 34470

RE: Request to Amend Fiscal Year (FY) 2022/23-2026/27 Transportation Improvement Program (TIP) – Annual Roll Forward

Dear Mr. Balmes:

The purpose of this letter is to request Ocala Marion TPO amend the FY 2022/23-2026/27 TIP with the Annual Roll-Forward Report. The Roll Forward report reconciles differences between the TIP and Florida Department of Transportation's (FDOT) Adopted Five-Year Work Program. This is annual process is routine and assists the MPO with identifying projects using federal funds that were not committed during the previous state fiscal year (FY 2021/2022). These projects have automatically "rolled forward" in the FDOT Adopted Five-Year Work Program as of July 1, 2022. This amendment ensures that year one of the TIP matches year one of FDOT's Adopted Five-year Work Program.

The reason for this amendment is to ensure projects with federal funding can be authorized prior to the new Federal Fiscal Year (FFY) beginning on October 1 each year. Until then, Federal Highway Administration (FHWA) and Federal Transit Administration (FTA) continue to recognize the FY 2021/22 – 2025/26 TIP as the effective document. Adopting the Roll Forward Report and amending it into the TIP ensure projects will continue to be authorized without interruption.

The affected projects are listed in the attached Roll-Forward Report dated July 5, 2022. The MPO is requested to add this report to the FY 2022/23-2026/27 TIP in its entirety.

Feel free to contact the Liaison Group at <u>D5-MPOLiaisons@dot.state.fl.us</u>.

Sincerely,

—DocuSigned by:

Rakinya Hinson

RE: Florida Department of Transportation (FDOT) Fiscal Years (FY) 2024 to 2028 Tentative Five-Year Work Program Presentation

<u>Summary</u>

Kathy Alexander-Corbin of the Florida Department of Transportation (FDOT) District 5 will provide a presentation covering the Tentative Five-Year Work Program for fiscal years (FY) 2024 through 2028 in Marion County. The FDOT District 5 Work Program Public Hearing Week took place from December 5 to 9, including a Public Hearing Workshop meeting held both virtually and at the District Headquarters in DeLand on December 6, 2022.

The Five-Year Tentative Work Program may be accessed at the following link. The Marion County portion of the Work Program is also included with this memo. https://www.fdot.gov/topics/fdot-work-program/district-5-wp-public-hearings

Attachment(s)

- Presentation
- Tentative Five-Year Work Program, Fiscal Years 2024 to 2028

If you have any questions, please contact me at: 438-2631.

Tentative Five-Year Work Program

Fiscal Year 2023/24 to Fiscal Year 2027/28

ABOUT THE FDOT WORK PROGRAM

The FDOT Work Program is a five-year plan that includes:

- Public transit, seaport, airport and rail projects
- Transportation planning, Transportation Systems Management & Operations, engineering and design
- Right-of-Way acquisition and construction activities
- Projects based on MPO Priorities and SIS/FDOT Priorities
- FDOT Fiscal Year: July 1st to June 30th
- FDOT Work Program Public Hearing and Resources: <u>FDOT - WP Public Hearings</u>

Important Dates:

- District 5 Public Comment Deadline: December 23, 2022
- Florida Transportation Commission Public Hearing: March 6, 2023
- Central Office Submits Final Tentative Work Program to Executive Office of the Governor: March 21, 2023
- Florida State Legislation 2023 Session: March 7, 2023, to May 5, 2023
- Adoption: July 1, 2023

The year 2022 in review... What were the effects of inflation on the Work Program?

Project Impacts:

- Cost Increases; material and labor shortages, premium pricing for certain materials (i.e., electrical, steel) and augmented project unknowns
- Limited competition; single bids at significant high costs, selective pursuits
- Dynamic cost estimation and predictions; forecasting of ongoing/future projects in the pipeline

ROW Impacts:

- Approximately 15% increase on land prices
- Higher severance damage and appraisal costs

Building the Tentative Work Program

Programs and Allocations:

- Resurfacing program allocations increased due to statewide needs adjustment impacted allocations
- Changes in revenue and surcharge projections adjustment to more conservative growth factors
- 2021 Bipartisan Infrastructure Law (BIL) / Infrastructure Investment and Jobs Act (IIJA):
- Extends and increases formula funding for transportation FDOT received additional \$3.5B/35% increase
- New formula programs Resiliency (PROTECT), Carbon Reduction (CARB/L/M/N/U), Bridge, and Electric Vehicle (EV)
- More federal funds available through competitive grant applications

Florida Economic Estimating Conference Executive Summary

July 2022

Balancing the Tentative Work Program

- Project Commitments/Cost Increases
- Leverage fund sources
- Assess District needs
- Limited new projects:
 - Safety
 - Maintenance and Preservation
- Minimize project impacts deferrals/deletions

"Most economic variables performed slightly better than or as well as expected in FY 21-22; however, many of the growth rates for short term have been lowered, especially in Fiscal Year 2022-23."

FIVE-YEAR WORK PROGRAM FUNDING

The Five-Year Outlook

County	FY 2023/24	FY 2024/25	FY 2025/26	FY 2026/27	FY 2027/28	TOTAL
Marion	\$79,494,358	\$104,279,219	\$92,906,139	\$19,676,252	\$71,807,292	\$368,163,260

Ocala-Marion TPO Region – Funding Breakdown

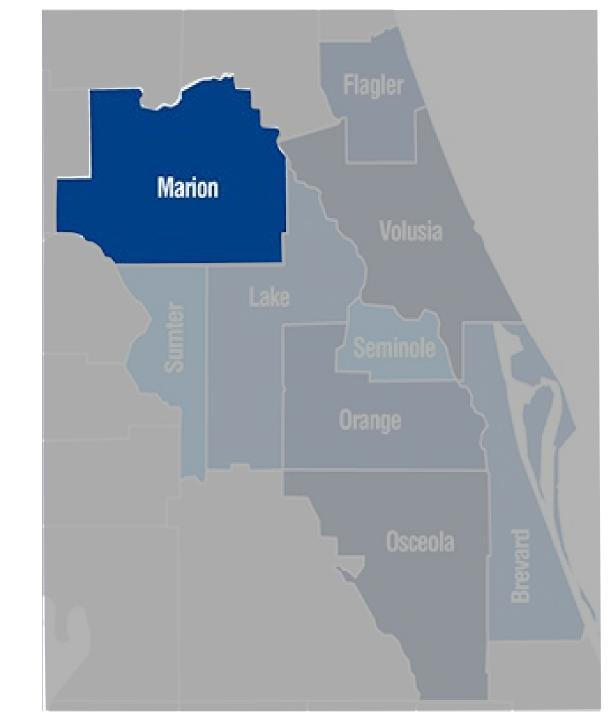

Project Type	Five-Year Estimated (Marion)	
Safety	\$6,771,494	Driarity Draiaate
Capacity	\$126,886,105	Priority Projects
Preservation	\$129,003,207	11
Multi-modal	\$56,562,370	\$135,900,000
Operations	\$4,547,167	φ100,000,000
Bike/Ped	\$6,383,005	
Misc.	\$38,009,912	

Key Projects

FM# 435209-1:

- TPO Priority #1, SIS #1
- I-75 (S.R. 93) at NW 49th Street, from end of NW 49th Street to end of NW 35th Street
- New Interchange
- Construction funded in FY 24/25
- Funding in Tentative Work Program: \$33,565,826

FM# 238648-1:

- TPO Priority #14, Non-SIS #8
- S.R. 45 (U.S. 41), from SW 110th Street to north of SR 40
- Add lanes and reconstruct
- Construction funded in FY 27/28
- Funding in Tentative Work Program: \$62,027,312

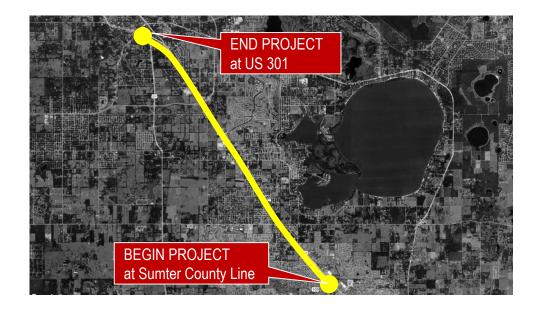

FM# 410674-3:

- SIS #11
- S.R. 40, from east of C.R. 314 to east of C.R. 314A
- Future Capacity
- Right of Way funded in FYs 23/24 and 24/25
- Funding in Tentative Work Program: \$25,293,495

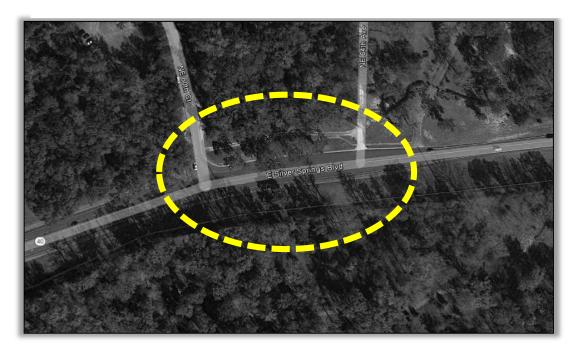

<u>FM# 450637-1</u>:

- U.S. 27, from Sumter County Line to U.S. 301 / Abshier (Bellview)
- Resurfacing
- Design funded in FY 23/24 and Construction funded in FY 25/26
- Funding in Tentative Work Program: \$21,434,383

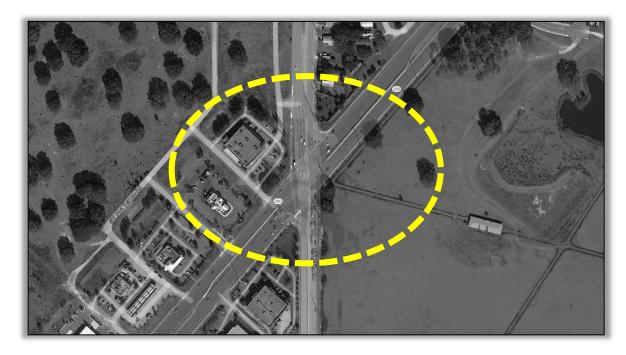

<u>FM# 450948-1</u>:

- S.R. 40, from NE 64th Avenue to west of NE 60th Court
- Resurfacing
- Design funded in FY 23/24 and Construction funded in FY 25/26
- Funding in Tentative Work Program: \$24,831,080

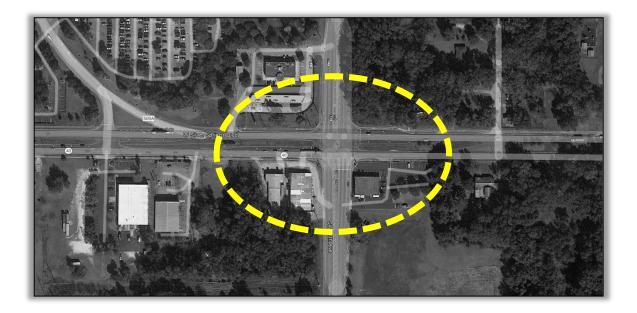

<u>FM# 451253-1</u>:

- S.R. 200 (SW College Road) at SW 60th Avenue
- Safety Project
- Design funded in FY 23/24 and Construction funded in FY 25/26
- Funding in Tentative Work Program: \$723,118

<u>FM# 451251-1</u>:

- S.R. 40 (W. Silver Springs Boulevard) at SW 27th Avenue
- Safety Project
- Design funded in FY 24/25 and Construction funded in FY 26/27
- Funding in Tentative Work Program: \$1,595,576

FM# 439238-2:

- Trail Priority #1, Bike/Ped Priority #3
- S.R. 25 (S.R. 500/US 441) from SE 102nd Place to SR 200/SW 10th Street
- Bike Lane/Sidewalk
- Construction funded in FY 24/25
- Funding in Tentative Work Program: \$3,972,004

RE: 2020 U.S. Census Update, Urban Areas

<u>Summary</u>

As shared on December 29, 2022, the U.S. Census Bureau released the finalized listing of 2020 Urban Areas. This listing is based on the 2020 Final Urban Area Criteria, published in March 2022. As of January 17, 2023, maps are still not available. If maps become available, they will be presented at the Board meeting on January 24.

According to the U.S. Census, the population of the 2020 Ocala Urban Area is 182,647. Additionally, the other U.S. Census-designated Urban Areas in Marion County include: Marion Oaks with a population of 19,077; Rainbow Springs with a population of 4,667; and Lake Bryant with a population of 3,632. Without maps, no further insights are yet available as to other Urban Areas in Marion County, in particular, the southeast including Belleview (The Villages-Lady Lake) and southwest impacting Dunnellon (Beverly Hills-Homosassa Springs).

In order to be part of a Transportation Management Area (TMA), an Urban Area must have a minimum population of 200,000. Until maps are available, it is uncertain what the Urban Areas look like in Marion County and why the Ocala Urban Area is not part of the Villages-Lady Lake Urban Area and/or Marion Oaks Urban Area.

Per 49 U.S. Code Section 5303(k), TMA's may also be designated by the U.S. Transportation Secretary by request of the MPO and Governor.

Attached to this memo is the table listing of the 2020 Urban Areas for Marion County. The source of this information may also be found directly on the Census Bureau's website.

Each Urban Area must encompass 2,000 housing units or at least 5,000 people, measured at Census Block Level

This is a change from 2010 Census of 2,500 people

2020 Census Urban Areas FAQs

Updated December 2022

Release Schedule

Q: When will the 2020 Census Urban Areas be announced?

A: Release schedule for products:

December 29, 2022:

• Federal Register Notice with list of 2020 Census Urban Areas with their 2020 Census population, housing units, and land area, as well as separate tables of this same information.

January 2023:

- 2020 Census Urban Areas Wall Map
- TIGERweb service updated with 2020 Census Urban Areas
- TIGER/Line Shapefiles
- TIGER/Line Geodatabases
- Relationship Files
- Census Geocoder updated with 2020 Census Urban Areas

Later in 2023:

- Cartographic Boundary Files May 2023
- Additional maps

Federal Register

Q: When were the final 2020 Census Urban Area criteria published in the Federal Register?

A: The criteria for defining 2020 Census Urban Areas were published in the *Federal Register* on Thursday, March 24, 2022., Final criteria clarifications will be published in the **2020 Census Qualifying Urban Areas and Final Criteria Clarifications** *Federal Register* Notice on Thursday, December 29, 2022.

Q: Where can I find the *Federal Register* Notice for the 2020 Census urban area final criteria?

A: https://www.govinfo.gov/content/pkg/FR-2022-03-24/pdf/2022-06180.pdf

Q: Where can I find the *Federal Register* Notice containing 2020 Census Urban Area final criteria clarifications?

A: <u>https://www.census.gov/programs-surveys/geography/guidance/geo-areas/urban-rural.html</u>

Q: When were the proposed 2020 Census Urban Area criteria published in the Federal Register?

A: The proposed 2020 Census Urban Area criteria were published in the *Federal Register* on February 19, 2021.

Q: Where can I find the proposed 2020 Census Urban Area criteria Federal Register Notice?

A: <u>https://www.federalregister.gov/documents/2021/02/19/2021-03412/urban-areas-for-the-2020-census-proposed-criteria</u>

Urban Areas Criteria

Q: What is the definition of an urban area?

A: Urban areas represent densely developed territory, and encompass residential, commercial, and other nonresidential urban land uses. Each urban area must encompass at least 2,000 housing units or at least 5,000 people. This is a change from the previous minimum of 2,500 people which had been in place since the 1910 Census.

Urban areas are defined primarily based on housing unit density measured at the census block level. Three housing unit densities are applied during the delineation process:

- Initial urban core: at least 425 housing units per square mile. Based on the national average of 2.6 people per occupied housing unit, this density threshold is similar to the 1,000 people per square mile used in 2000 and 2010 when delineating initial urban cores.
- Remainder of urban area: at least 200 housing units per square mile. This is similar to the 500 people per square mile density used for the 2000 and 2010 Censuses, based on the national average of 2.6 people per occupied housing unit.
- At least one high-density nucleus of at least 1,275 housing units per square mile required for qualification. This ensures that each urban area contains a high-density nucleus typical of what one would expect to find within an urban area. In addition to the change in minimum thresholds for qualification and the change to use of housing unit density, the Census Bureau also will no longer distinguish between urbanized areas of 50,000 or more people and urban clusters of less than 50,000 people.

Q: Can you tell us if the population for our urban area is above or below 50,000?

A: The population of each 2020 Census Urban Area is in the **2020 Census Qualifying Urban Areas and** Final Criteria Clarifications Federal Register Notice published December 29, 2022 and available on the Census Bureau's Urban and Rural website: <u>https://www.census.gov/programs-</u> <u>surveys/geography/guidance/geo-areas/urban-rural.html</u>. **Q**: Why was the change made from the original proposed minimum qualification thresholds of 4,000 housing units or 10,000 people, to the final thresholds of 2,000 housing units or 5,000 people? Was it available for public comment? If so, what were the objections in the public comment?

A: This change was in response to public comment and concerns that the increase from the 2,500-people threshold of the past 110 years (the 2,500-people threshold was adopted in 1910) to 10,000 people or 4,000 housing units was too high and would result in loss of statistical data and loss of statistical comparability for those communities (data will still be available for all incorporated places and census designated places regardless of population size). We have periodically received comments from data users and rural analysts that our 2,500-people threshold was too low, especially when compared to minimum thresholds for urban areas used by other federal agencies. Lowering the threshold to 2,000 housing units or 5,000 people represents a compromise between those concerned about loss of data and those who have expressed concerns that our urban area threshold was too low and out of alignment with thresholds used by other agencies.

Q: Why was the originally proposed density of 385 housing units per square mile raised to 425 housing units per square mile?

A: There are three housing unit density thresholds for the final 2020 UA criteria. The change from 385 to 425 resulted from responses to various aspects of the criteria and our research in response to public comments. Some commenters noted that we utilized two population density thresholds (500 and 1,000 people per square mile, or PPSM) in previous decades and expressed concern that sole reliance on the proposed 385 housing units per square mile (HPSM) threshold (which was equivalent to 1,000 PPSM) would result in underbounding of some urban areas, especially when census blocks on the fringe of an urban area contained urban land uses, but had relatively large land areas, resulting in lower densities. Others expressed concern that exclusion of such blocks from an urban area resulted in too many noncontiguous pieces of qualifying urban territory. To address these concerns, we introduced the "lowdensity fill" criterion, which utilizes a 200 HPSM threshold to account for irregularly shaped census blocks on the fringe of an urban area that contain urban development, but because of relatively larger land area, have lower population densities. The "low-density fill" criterion also minimizes the number of noncontiguous UA pieces. Based on continued research and review of settlement patterns, we decided to adopt a higher threshold of 425 HPSM for delineation of initial cores in order to avoid initially extending too far into rural territory and then utilize the lower 200 HPSM threshold to fill in gaps. The third density threshold—1,275 HPSM—is utilized to ensure that each urban area contains at least one densely settled nucleus typical of what one would expect for an urban area.

Q: How will the classification of census blocks as urban or rural differ from 2010?

A: There are two main changes to the criteria that affect the classification of blocks as urban or rural. First, we are using census blocks as the only "geographic building block" throughout the entire delineation, whereas for the 2010 Census delineation process census tracts were utilized in the initial stage and then individual census blocks were analyzed and add to the qualifying census tracts. The use of census tracts at the initial stage improved processing of data, but led to the inclusion of some territory with typically rural land uses; that is, the overall population density of the census tract was high enough to qualify for inclusion in an urban area, with the result that low-density census blocks containing rural land uses were defined as urban. The second change is that we will not be including low-density census blocks that form the hop and jump corridors (resulting in noncontiguous, multi-piece urban areas). Those low-density census block hop and jump connections were included for the 2010 Census as well as in previous decades. Both of these changes will result in blocks no longer qualifying as urban, but will have little impact on the total population/housing unit counts of the urban areas.

Q: How will urban area names change for the 2020 Census, will additional names be added on to the 2010 Urban Area names?

A: A number of 2020 Census Urban Areas have additional place names added because of the inclusion of housing unit counts as the secondary naming criteria. This was designed to provide more accurate naming in seasonal communities such as beach towns and mountain resorts, and more accurately reflect the known names of the urban areas overall. In most cases the primary name stayed the same as that from 2010, but there are cases where additional names were added for 2020.

Q: Why does the Census Bureau review and make changes to urban area criteria?

A: Since 1950, when the urbanized area concept was introduced, the Census Bureau has periodically reviewed and revised the criteria for delineating urban areas and introduced conceptual and methodological changes to ensure that the urban-rural classification keeps pace with changes in settlement patterns, development, and with changes in theoretical and practical approaches to interpreting and understanding the definition and extent of urbanization. This assures that the definitions of, and data for, Census Bureau-defined urban areas reflect changes in the nature of settlement as well as the needs of researchers and analysts when conceptualizing and reporting on the urban-rural landscape and urban-rural settlement. Fundamentally, we are delineating boundaries of a concept—urbanization—that can be seen on the landscape and changes over time as new development occurs and density of settlement increases, but also as changes in terms of the way in data users, researchers, and decision-makers perceive and interpret what is "urban" and what is "rural." Periodic review of the urban-rural classification and criteria ensures its continued usefulness and relevance for statistical data tabulation and analysis, and ensures that the delineation process utilizes the best possible data, procedures, and methodologies.

Q: Is it true that the Census Bureau is no longer defining urbanized areas?

A: No. The Census Bureau will no longer identify an individual urban area as either an "urbanized area" or an "urban cluster", but we will refer to all qualified areas as "urban areas" regardless of population size. We will publish population and housing counts for each urban area when we announce results of the 2020 Census Urban Area delineation. Data users and programs will be able to use those counts and subsequent American Community Survey estimates to categorize urban areas according to population size.

Urban-Rural Classification

Q: Why does the Census Bureau delineate urban areas?

A: The Census Bureau delineates urban and rural areas for statistical purposes; that is, to tabulate and present data for the urban and rural population, housing, and territory within the United States, Puerto Rico, and the Island Areas. The Census Bureau's urban areas represent densely developed territory and encompass residential, commercial, and other non-residential urban land uses. The Census Bureau's urban and rural classification provides an important baseline for analyzing changes in the distribution and characteristics of urban and rural populations. The Census Bureau's delineation of urban areas also supports the Office of Management and Budget's delineation of metropolitan and micropolitan statistical areas. Urban areas of 50,000 or more people form the urban cores of metropolitan statistical areas.

Q: How does the Census Bureau define "urban" and "rural?"

A: The Census Bureau's urban-rural classification is fundamentally a delineation of geographical areas, identifying both individual urban areas and the rural portion of the nation. The Census Bureau's urban areas represent densely developed territory, and encompass residential, commercial, and other nonresidential urban land uses. For the 2020 Census, an urban area will comprise a densely settled core of census blocks that meet minimum housing unit density requirements, along with adjacent territory containing non-residential urban land uses as well as territory with low population density included to link outlying densely settled territory with the densely settled core. To qualify as an urban area, the territory identified according to criteria must encompass at least 2,000 housing units or at least 5,000 people. "Rural" encompasses all population, housing, and territory not included within any urban area. The specific criteria used to define urban areas for the 2020 Census were published in the Federal Register of March 24, 2022. Final criteria clarifications will be published in the **2020 Census Qualifying Urban Areas and Final Criteria Clarifications** *Federal Register* notice on Thursday, December 29, 2022 as well as separate tables on https://www.census.gov/programs-surveys/geography/guidance/geo-areas/urban-rural.html.

Q: Were there changes to the urban area delineation criteria for the 2020 Census?

A: Yes. A description of differences between the 2020 Census Urban Area criteria and 2010 Census Urban Area criteria are available on our website. Changes include:

- Raising the minimum threshold for qualification as an urban area to 2,000 housing units or 5,000 people.
- Use of primarily housing unit density instead of population density when delineating urban areas.
- No longer including low-density hop and jump corridor blocks in the urban area (resulting in noncontiguous urban areas).

• Use of Longitudinal Employer-Household Dynamics Origin-Destination Employment Statistics (LODES) commuting data to determine whether to split agglomerations of continuous urban development and if so, where to draw the boundary.

Q: What are hops and jumps?

A: "Hops" and "jumps" provide a means for connecting outlying densely settled territory with the main portion of the urban area. A hop provides a connection from one urban area core to other qualifying urban territory along a road connection of 0.5 miles or less in length; multiple hops may be made along any given road corridor. This criterion recognizes that alternating patterns of residential development and non-residential development are a typical feature of urban landscapes. A jump provides a connection from one urban area core to other qualifying urban territory along a road connection that is greater than 0.5 miles, but less than or equal to 1.5 miles in length; only one jump may be made along any given road connection. The jump concept has been part of the urban area delineation process since the 1950 Census, providing a means for recognizing that urbanization may be offset by intervening areas that have not yet been developed. The Census Bureau changed the maximum jump distance from 1.5 miles to 2.5 miles with the Census 2000 criteria and retained the 2.5-mile distance in the 2010 Census criteria. The Census Bureau returned to the 1.5-mile maximum distance with the 2020 Census criteria.

Q: How often does the Census Bureau update the boundaries of urban areas?

A: The Census Bureau reviews and updates urban area boundaries every ten years, following the decennial census. Census blocks provide the "building blocks" for applying housing unit density and other measures and delineating each urban area. The use of housing unit density at the census block level provides the opportunity to update urban areas between decennial censuses based on address/housing unit counts contained in the Census Bureau's Master Address File, which is updated annually. At this time, however, the Census Bureau has not made specific plans to update urban areas between censuses.

Q: How do urban areas compare to the Office of Management and Budget's metropolitan and micropolitan statistical areas?

A: Urban areas form the urban cores of metropolitan and micropolitan statistical areas, respectively. Each metropolitan statistical area will contain at least one urban area of 50,000 or more people; each micropolitan statistical area will contain at least one urban area of at least 10,000 and less than 50,000 people. Metropolitan and micropolitan statistical areas represent the county-based functional regions associated with urban centers (hence, the generic term "core based statistical areas").

Q: When did the Census Bureau begin defining urban and rural areas?

A: The Census Bureau first defined urban places in reports following the 1880 and 1890 Censuses. At that time, the Census Bureau identified as urban any incorporated place that had a minimum population

of either 4,000 or 8,000, depending on the report. The Census Bureau adopted the current minimum population threshold of 2,500 for the 1910 Census; any incorporated place that contained at least 2,500 people within its boundaries was considered urban. All territory outside urban places, regardless of population density, was considered rural. The Census Bureau began identifying densely populated urbanized areas of 50,000 or more population with the 1950 Census, taking into account the increased presence of densely settled suburban development in the vicinity of large cities. Outside urbanized areas, the Census Bureau continued to identify as urban any incorporated place or census designated place of at least 2,500 and less than 50,000 people. The Census Bureau introduced the urban cluster concept for the 2000 Census, replacing urban places located outside urbanized areas. Urban clusters were defined based on the same criteria as urbanized areas, but represented areas containing at least 2,500 and less than 50,000 people. Starting with the 2020 Census, the Census Bureau ceased distinguishing between urbanized areas and urban clusters. "Rural" continues to be defined as any population, housing, or territory outside urban areas.

Q: How has the Census Bureau's urban-rural definition changed over time?

A: From the 1910 Census through the 1940 Census, the Census Bureau defined "urban" as any incorporated place that contained at least 2,500 people within its boundaries. Additional criteria were applied to classify certain New England towns and other areas as urban. This accounted for selected geographic areas that had urban characteristics but were not identified as incorporated places by the Census Bureau. Increasing suburbanization, particularly outside the boundaries of large incorporated places led the Census Bureau to adopt the urbanized area concept for the 1950 Census. At that time, the Census Bureau formally recognized that densely settled communities outside the boundaries of large incorporated municipalities were just as "urban" as the densely settled population inside those boundaries. The Census Bureau adopted a number of changes to the urban area definition and delineation criteria for the 2000 Census, notably, identifying urban clusters of at least 2,500 and less than 50,000 peoples, defined using the same density-based criteria as urbanized areas. The Census Bureau adopted two key changes for the 2020 Census: 1) raising the minimum threshold for qualification as an urban area to at least 2,000 housing units or at least 5,000 people and 2) using primarily housing unit density to identifying qualifying census blocks instead of population density.

Q: Who uses the Census Bureau's urban and rural definitions?

A: There are a variety of ways in which the Census Bureau's urban and rural definitions are used:

- Data users and researchers interested in analyzing data for urban and rural population and housing use the Census Bureau urban and rural areas, and data tabulated for those areas.
- Analysts use urban area data to study patterns of urbanization, suburban growth and development, and urban/rural land area change.
- Various federal and state agencies use the Census Bureau's urban and rural definitions as the basis for their own urban and rural definitions and settlement classifications for use in tabulating and presenting statistical data. The National Center for Education Statistics uses the Census Bureau's urban and rural definitions in its locale codes classification. The U.S. Department of Agriculture uses the Census Bureau's urban-rural classification as the basis for

various urban and rural classifications used to analyze and report on demographic and economic patterns in rural areas.

• Other government agencies use the Census Bureau's urban and rural definitions to determine program eligibility and in their funding formulas. For example, the Federal Highways Administration uses Census Bureau urban areas of 50,000 or more population to establish Metropolitan Planning Organizations. For rural health programs, a clinic qualifies as a rural health clinic if it is located outside the boundaries of any Census Bureau urban area.

Q: Does the Census Bureau allow local governments and other groups to participate in the delineation of urban area boundaries?

A: No. The Census Bureau's urban and rural area definitions provide a baseline for a wide variety of data users, researchers, and analysts; it is important to our statistical data users that we define urban areas in a nationally consistent and objective manner. In addition, although the Census Bureau does not take into account the needs of specific non-statistical programs, we are aware of the potential programmatic advantages or disadvantages deriving from the size of an urban area and urban/rural status. For that reason also, it is important that we define urban areas in an objective manner, applying the same criteria and delineation methodology throughout the United States, Puerto Rico, and the Island Areas. Prior to each decennial census, the Census Bureau publishes in the *Federal Register* proposed criteria for delineating urban areas for public review and comment, in addition to meeting with various data user and stakeholder groups to ensure that the urban area concept and criteria continue to meet users' needs and expectations, while maintaining continuity with previous decades' definitions. The final criteria adopted for application with decennial census and other data to delineate urban areas reflects the comments received through the *Federal Register* comment process.

Q: Is there an appeals process if I disagree with the location of an urban area boundary?

A: The Census Bureau does not have an appeals process for their urban areas. We will work with tribal, federal, state, or local agencies as well as stakeholders, as appropriate, to ensure understanding of our classification and delineation of specific urban areas. The Census Bureau applies published criteria with statistical and other publicly available data to identify a nationally consistent set of urban areas, defined in as objective a manner as possible. Prior to each decennial census, the Census Bureau publishes in the *Federal Register* proposed criteria for delineating urban areas for public review and comment. The final criteria adopted for application to decennial census and other data to delineate urban areas reflect the comments received through the *Federal Register* comment process. Because of the numerous and varied use of the Census Bureau's urban-rural classification, many conflicting even within a single community, the specific definitions are not able to be challenged, rather the specific uses of the Census Bureau's urban-rural classification for determine if their use is appropriate.

Q: How will my area's classification affect my funding?

A: Program eligibility and funding formulas are determined by the federal and state agencies making determining eligibility and providing funding. For information about how the new urban and rural

definitions may affect your area's funding, please contact the respective grant-making agencies. The Census Bureau will work with tribal, federal, state, or local agencies as well as stakeholders, as appropriate, to ensure understanding of our classification and the definition of specific urban areas.

49 U.S. Code § 5303 - Metropolitan transportation planning

U.S. Code Notes

(a) POLICY.—It is in the national interest—

(1) to encourage and promote the safe and efficient management, operation, and development of resilient surface transportation systems that will serve the mobility needs of people and freight and foster economic growth and development within and between <u>States</u> and <u>urbanized areas</u> and better connect housing and employment, while minimizing transportation-related fuel consumption and air pollution through metropolitan and statewide transportation planning processes identified in this chapter; and

(2) to encourage the continued improvement and evolution of the metropolitan and statewide transportation planning processes by metropolitan planning organizations, State departments of

(7) PUBLICATION.-

(A) Publication of tips.—

A <u>TIP</u> involving Federal participation shall be published or otherwise made readily available by the <u>metropolitan planning organization</u> for public review.

(B) Publication of annual listings of projects.—

(i) In general.—

An annual listing of projects, including investments in pedestrian walkways and bicycle transportation facilities, for which Federal funds have been obligated in the preceding year shall be published or otherwise made available by the cooperative effort of the <u>State</u>, <u>transit</u> operator, and <u>metropolitan planning</u> <u>organization</u> for public review.

(ii) Requirement.—

The listing shall be consistent with the categories identified in the <u>TIP</u>.

(k) Transportation Management Areas.—

(1) IDENTIFICATION AND DESIGNATION.—

(A) Required identification.—

The <u>Secretary</u> shall identify as a transportation management area each <u>urbanized area</u> (as defined by the Bureau of the Census) with a population of over 200,000 individuals.

(B) Designations on request.—

The <u>Secretary</u> shall designate any additional area as a transportation management area on the request of the <u>Governor</u> and the <u>metropolitan planning organization</u> designated for the area.

(2) TRANSPORTATION PLANS.-

In a transportation management area, transportation plans shall be based on a continuing and comprehensive transportation planning process carried out by the metropolitan planning organization in cooperation with the State and public transportation operators.

(3) CONGESTION MANAGEMENT PROCESS.-

(A) In general.—

TO: Board Members

FROM: Rob Balmes, Director

RE: 2023 TPO Major Activities

<u>Summary</u>

Annually, the TPO provides board and committee members a summary listing of the anticipated program activities to meet organization goals and state and federal requirements. Included with this memo is a summary of the planned activities in calendar year 2023. A presentation will be provided at the meeting to share further information and how board members will be involved throughout the calendar year in providing guidance and recommendations.

Attachment(s)

- 2023 Major Program and Project Activities Summary
- Presentation slides

If you have any questions, please contact me at: 438-2631.

Ocala Marion TPO 2023 Major Program and Project Activities

The following summary outlines major program and project activities planned to be completed by the TPO in 2023 to meet goals and state and federal requirements. Each activity is accompanied by a specific milestone. The activities are listed in chronological order of TPO Board action. **Dates highlighted in RED require Committee and Board action, and/or to meet state and federal requirements.**

Title VI Plan Update

Update to the TPO's Title VI/Non-Discrimination Plan

Timeframe:JanuaryTPO Board:Presentation on January 24 for approvalSubmission:Submit by January 31 to FDOT District 5 for their records

Safety (PM1) Targets and Federal Performance Reporting

Update and adopt PM1 safety targets to meet federal requirements for performance reporting

Timeframe:January to FebruaryTPO Board:Presentation on February 28 for approvalSubmission:Submission on March 1 to FDOT Central Office

Commission for Transportation Disadvantaged (CTD) Audit and Certification

Ocala/Marion County Project Status Update as of December 31, 2022

The following is a brief status update on major FDOT road construction projects in Marion County as of the December cutoff. The next cutoff date is January 31, 2023. Information is also available on <u>www.cflroads.com</u>. For questions, please contact Marquise McMiller at 386-943-5150 or via email at <u>marquise.mcmiller@dot.state.fl.us</u>.

MARION COUNTY

Upcoming Projects:

U.S. 441 and S.R. 40 Intersection Improvements (FDOT Financial Information Numbers 433661-1)

- Contract: T5747
- Contractor: CW Roberts Contracting Inc.
- Estimated Start: Early 2023
- Estimated Completion: Late 2023
- Description: The project includes milling and resurfacing, median
- Description: Modifications, turn lane modifications, curb & gutter, drainage improvements, sidewalk, ADA improvements, traffic signal upgrades, signing and pavement markings, and utility relocations.

S.R.40 and S.R. 492 Intersection Improvements (FDOT Financial Information Number 445800-1)

- Contract: T5747
- Contractor CW Roberts Contracting Inc.
- Estimated Start: Early 2023
- Estimated Completion: Late 2023
- Construction Cost: \$6.7 million
- Description: This project includes replacing the existing two free flow right turn lanes with a single right turn lane, milling and resurfacing, upgrade the existing signals, adding a new 7-ft buffered bicycle lane, crosswalks, utility relocations, and lighting.

C.R. 484 and I-75 Interchange Roadway Improvements (FDOT Financial Information Numbers 443170-1 & 433651-1)

- Contract: T5597
- Contractor: Anderson Columbia Co., Inc.
- Estimated Start: Early 2023
- Estimated Completion: Summer 2024
- Description: The Florida Department of Transportation (FDOT) will be improving safety and traffic flow on County Road (C.R.) 484 from west of S.W. 20th Avenue to east of County Road (C.R.) 475A and will also be resurfacing I-75 from the Sumter County line to State Road (S.R.) 200 in Marion County.

S.R. 40/Silver Spring Blvd. from N.W. 27TH Ave. TO S.W. 7th Ave. Sidewalk Improvements (FDOT Financial Information Number 437596-2)

- Contract: T5765
- Contractor: Mejia International Group
- Construction Cost: \$780 thousand
- Estimated Start: Early 2023
- Estimated Completion: Fall 2024
- Description: The intent of this project is to remove the existing 4.5-foot concrete path on the north side of the road and replace it with an 8- foot concrete sidewalk. The new 8-foot sidewalk will meet FDOT and ADA requirements.

S.E. Abshier Blvd from S.E. Haines Rd (FDOT Financial Information Number 445701-1)

- Contract: T5768
- Contractor: CW Roberts
- Construction Cost: \$1.8 million
- Estimated Start: Early 2023
- Estimated Completion: Fall 2023
- Description: This project will construct improvements at the intersection of SE Abshier Boulevard (U.S. 27/U.S. 301/U.S. 441) and SE Hames Road to enhance safety and operations for drivers, pedestrians, and bicyclists. The project proposes to create left turn lanes in each direction on SE Abshier Boulevard west of Hames Road with a raised concrete traffic separator in the middle.

Current Projects:

Mill and resurface U.S. 441 from County Road 25A in Ocala north 8.8 miles to the U.S. 441/301 split. (FDOT Financial Information Number 441136-1)

- Contract: T5705
- Contractor: Anderson Columbia Inc.
- Construction cost: \$15.4 million
- Start: Fall 2021
- Estimated Completion: Spring 2023
- Update: Controlling items of work for this project include widening, signalization, and pavement friction operations. Contractor has completed mainline resurfacing from SR-326 to the North end (US-301/US-441). Contractors are working on median turn lanes, drainage improvements, and curb & gutter operations.

Resurface U.S. 441 from State Road 35 (SE Baseline Road) to State Road 200 (FDOT Financial Information Number 439238-1)

- Contract: T5675
- Contractor: C.W. Roberts Contracting, Inc.
- Construction cost: \$15.7 million
- Start: Late 2021
- Estimated Completion: Spring 2023
- Update: Contractor has been working on paving, signalization, and signage operations. JKI will continue to perform lighting and signal operations and motorists should expect nighttime lane closures within the project limits.

Bridge Rehabilitation SR 200 and SR 40 (FDOT Financial Information Number 447137-1)

- Contract: E58A8
- Contractor: M&J Construction Company
- Start: Summer 2022
- Estimated Completion: Early 2023
- Update: This is a maintenance project that includes bridge epoxy overlay and joint rehabilitation for SR 200, Bridges 360059 & 360044 and SR 40, Bridge 360055. There are currently eastbound and westbound intermittent lane closures on SR 40 Bridge over the Ocklawaha River for bridge deck repairs with flagger operations.

S.R 93 (I-75) Mainline Wildwood Weigh Station Improvements (FDOT Financial Information Number 445321-1)

- Contract: T9028
- Contractor: Traffic Management Solutions
- Construction Cost: \$4.5 million
- Start: Fall 2022
- Estimated Completion: Fall 2023
- Update: Contractors are installing pull boxes and conduit

RE: TPO Board Workshop, March 28

<u>Summary</u>

TPO Board Chair and Commissioner Craig Curry has scheduled a TPO Board Workshop to be held on March 28, 2023 at the McPherson Governmental Campus Auditorium from 1:30 to 3:30 PM. The workshop will be open to all TPO Board members and the public. A public notice will be sent seven days prior to the workshop, per the TPO's Public Participation Plan.

The Workshop will include presentations by Mark Reichert, Executive Director, Florida Metropolitan Planning Organization Advisory Council (MPOAC) and TPO staff. An open discussion will also be part of the agenda. More details to be provided at the TPO Board Meeting and as we get closer to the Workshop event.

If you have any questions, please contact me at: 438-2631.
