

TPO Board Meeting

Marion County Commission Auditorium 601 SE 25th Avenue, Ocala, FL 34471

June 27, 2023 4:00 PM

AGENDA

- 1. CALL TO ORDER AND PLEDGE OF ALLEGIANCE
- 2. ROLL CALL
- 3. PROOF OF PUBLICATION
- 4. CONSENT AGENDA
 - A. Meeting Minutes May 23, 2023 (Page #3)
 Recommended Action: Motion to approve

5. ACTION ITEMS

- A. Functional Classification Map Approval, Marion County (Page #61)
 Recommended Action: FDOT is seeking approval of the Functional Classification of Roadways in Marion County
- B. Fiscal Years (FY) 2023 to 2027 Transportation Improvement Program (TIP), Amendment #6 (Page #64)
 - Recommended Action: Approval of an amendment to the FY 2023 to 2027 TIP
- C. Draft Fiscal Years (FY) 2024 to 2028 Transportation Improvement
 Program (TIP) Adoption (Page #289)

Recommended Action: Adoption of the draft FY 2024 to 2028 TIP

- D. Commitment to Zero Safety Action Plan Update (Page #488)

 Recommended Action: Approval of an update to the Safety Action Plan
- E. General Planning Consultant (GPC) Recommendations (Page #502)
 Recommended Action: Approval of the Selection Committee recommendations for General Planning Consultant
- F. 2050 Long Range Transportation Plan (LRTP) Request for

 Qualifications (RFQ) and Scope of Services (Page #506)

 Recommended Action: Approval of the Request for Qualifications procurement packet and Scope of Services

G. <u>Alternate Member, Metropolitan Planning Organization</u> Advisory Council (MPOAC) (Page #573)

Recommended Action: Approval of a new Alternate Member to the MPOAC

6. PRESENTATION ITEMS

A. SunTran 2022/2023 Annual Report (Page #575)

A presentation by Tye Chighizola, City Projects Director. Information only

7. DISCUSSION ITEMS

- A. Update on the Interlocal Agreement with SunTran (Page #601)

 An update by Tye Chighizola, City Projects Director. Information only
- B. Apportionment Plan Process (Page #609)

 An overview on the upcoming Apportionment Plan Process. Information only

8. COMMENTS BY FDOT

A. FDOT Construction Report (Page #623)

9. COMMENTS BY TPO STAFF

- A. 2023 Traffic Counts Report (Page #627)
- **B.** PROTECT Discretionary Grant Cycle

10. COMMENTS BY TPO MEMBERS

- 11. PUBLIC COMMENT (Limited to 2 minutes)
- 12. ADJOURNMENT

All meetings are open to the public, the TPO does not discriminate on the basis of race, color, national origin, sex, age, religion, disability and family status. Anyone requiring special assistance under the Americans with Disabilities Act (ADA), or requiring language assistance (free of charge) should contact Liz Mitchell, Title VI/Nondiscrimination Coordinator at (352) 438-2634 or liz.mitchell@marioncountyfl.org forty-eight (48) hours in advance, so proper accommodations can be made.

Pursuant to Chapter 286.0105, Florida Statutes, please be advised that if any person wishes to appeal any decision made by the Board with respect to any matter considered at the above meeting, they will need a record of the proceedings, and that, for such purpose, they may need to ensure that a verbatim record of the proceedings is made, which record includes the testimony and evidence upon which the appeal is to be based.

The next regular meeting of the Ocala Marion Transportation Planning Organization will be held on August 22, 2023.

TPO Board Meeting

Marion County Commission Auditorium 601 SE 25th Avenue, Ocala, FL 34471 May 23, 2023 4:00 PM

MINUTES

Members Present:

Commissioner Kathy Bryant (arrived at 4:06pm)
Commissioner Craig Curry
Councilmember Kristen Dryer
Commissioner Ray Dwyer
Commissioner Jeff Gold
Councilmember James Hilty
Councilment Tim Inskeep
Councilmember Barry Mansfield
Commissioner Michelle Stone
Commissioner Carl Zalak

Members Not Present:

Councilmember Ire Bethea Mayor Kent Guinn

Others Present:

Rob Balmes, TPO
Shakayla Irby, TPO
Liz Mitchell, TPO
Rakinya Hinson, FDOT
Michael McCammon, FDOT
Sean Lanier, City of Ocala
Darren Park, City of Ocala
Oscar Tovar, City of Ocala
Noel Cooper, City of Ocala
Tracy Staub, Marion County
David Bottomley
Pat McCarty
Other members of the public not signed in.

Item 1. Call to Order and Pledge of Allegiance

Chairman Craig Curry called the meeting to order at 4:03pm and led the board in the Pledge of Allegiance.

Item 2. Roll Call

Shakayla Irby, Administrative Assistant called the roll and a quorum was present.

Item 3. Proof of Publication

Shakayla Irby, Administrative Assistant stated the meeting was published online at the TPO website and the City of Ocala, Belleview, Dunnellon, and Marion County meeting calendars on May 16, 2023. The meeting was also published to the TPO's Facebook and Twitter pages.

Item 4. Consent Agenda

Ms. Stone made a motion to approve the Consent Agenda. Mr. Gold seconded, and the motion passed unanimously.

*Walk-On Item: Staff Services Agreement, Proposed Update

Chairman Curry presented a walk-on item regarding a proposed update to the Staff Services Agreement.

Chairman Curry said there had seemed to be a lack of information about the TPO Director annual review. He referenced a proposed revised section of the Staff Services Agreement between the TPO and Marion County by the TPO Director Rob Balmes that read "The COUNTY Human Resources Director shall facilitate the annul review process, and provide advance notification to the TPO Board and TPO Director. The annual review must be completed no later than January 15 to ensure TPO Board action is taken at the January meeting."

Chairman Curry said everyone on the TPO Board had a right to review the TPO Director and seemed like it had been falling on the outgoing Chair to do the review. There had been an issue with the annual review being completed by on time.

Chairman Curry told the board that Assistant County Administrator, Amanda Tart would ask for the TPO Director annual reviews in December so that the reviews are approved by the January mark.

Ms. Stone asked if all the TPO board members would receive a blank review to fill out for Mr. Balmes and a copy of Mr. Balmes' self-review.

Chairman Curry responded, yes and he was also anticipating that a copy of Mr. Balmes' previous review be provided at that time to see if goals set by Chairman Curry had been met.

The walk-on item was only for board notification. No action was taken.

<u>Item 5a. Fiscal Years 2022/23 to 2023/24 Unified Planning Work Program (UPWP)</u> <u>Amendment</u>

Mr. Balmes presented and said TPO staff proposes to amend the Fiscal Years (FY) 2022/2023 to FY 2023/24 UPWP to include revised funding and corresponding support for activities and expenses in Tasks 1, 3, 5, 6 and 7. The funding changes were due to a carryforward balance of Federal Highway Administration (FHWA) Consolidated Planning Grant (CPG), CPG adjustment for FY 2024, and additional funding from the Commission for Transportation Disadvantaged for FY 2024. The total revenue changes are \$309,450 (CPG) and \$1,661 (CTD).

Proposed Change 1 - FHWA CPG

\$307,934 Balance from FY 2022 \$1,516 Adjustment to FY 2024

Proposed Change 2 – CTD

\$1,661 Funding Increase for FY 2024

Proposed Change 1 – CPG

Task 3: Long-Range Planning

Staff Salaries/Benefits for 2050 LRTP - \$50,400 Consultant for 2050 LRTP - \$130,000

Proposed Change 1 – CPG

Task 6: Public Involvement

Website Vendor to Support 2050 LRTP - \$3,500

Proposed Change 1 – CPG

Task 7: Special Projects

Consultants for TPO Task Orders - \$125,550

Proposed Change 2 – CPG

Task 1: Administration - \$949

Task 5: Public Transportation - \$712

Ms. Stone said that Marion County published notices to the Voice of South Marion due to expenses and asked if the TPO had looked into different publishers and costs.

Mr. Balmes said that TPO staff had discussions and that in the rules and regulations of the Commission for the Transportation Disadvantaged (CTD) it required all MPOs to place notices in the local newspaper with the broadest range of coverage in the community. The Star Banner was at the time the largest readership.

Ms. Liz Mitchell addressed the board and said the TPO had verified that the Star Banner was the broadest range news coverage.

Ms. Stone told Ms. Mitchell to stay very consistent with the readership level with all the local newspaper changes.

Mr. Zalak asked if it was a state statue as a requirement.

Mr. Balmes said that it was a requirement of the Commission for the Transportation Disadvantaged program and they made general rules and tasks for using the grant money given each year to continue receiving the grant funds.

Mr. Balmes said all other notices for the TPO were done via social media and e-blasts. There were no statutory requirements for using newspapers for other meetings.

Ms. Bryant made a motion to approve the Fiscal Years 2022/23 to 2023/24 UPWP Amendment.

Ms. Dreyer seconded, and the motion passed unanimously.

Item 5b. 2023 List of Priority Projects (LOPP)

Mr. Balmes said the draft 2023 LOPP project lists were presented to the Technical Advisory Committee (TAC) and Citizens Advisory Committee (CAC) meetings on April 11, and the TPO Board on April 25. A review of the LOPP again took place at the joint TAC-CAC meeting on May 9th. The TPO Board was asked to provide final review of the LOPP at the May 23rd meeting.

Since the April 25 Board meeting, the following changes were made to projects based on feedback from Marion County, Office of the County Engineer. Overall, no changes had been proposed to the current rankings as presented to the joint TAC-CAC at the May 9th meeting. The three projects listed below were not in the 2045 Long Range Transportation Plan (LRTP), and would need to be amended at a future date.

Project Additions (3)

- CR 475A Widening from 66th to north of the Flyover (Non-SIS Capacity List)
- CR 475 at SE 80th Street, Intersection Improvements (Safety and Operations List)
- SW 66th at CR 475A, Roundabout (Safety and Operations List)

Additionally, changes to phasing and funding were requested by Marion County to local Non-SIS Capacity projects to ensure the most up to date information is reflected on this list.

Ms. Bryant said the third project addition - SW 66th at CR 475A, Roundabout and the first project addition – CR 475A Widening from 66th to north of the Flyover should be grouped together.

Assistant County Administrator, Tracy Straub addressed the board and said that she recommended the two priorities stay separate for the potential for funding. Although, the County would be looking at the two projects hand in hand but wanted to do something at the intersection as soon as possible.

Ms. Stone asked where the three project additions were placed in the priority lists.

Mr. Balmes said the following:

- CR 475A Widening from 66th to north of the Flyover was #40 on the Non-SIS Capacity List
- CR 475 at SE 80th Street, Intersection Improvements was #13 on the Safety and Operations List

• SW 66th at CR 475A, Roundabout was #14 on the Safety and Operations List

Mr. Zalak asked what was being done in regards to CR 484 and I-75 and what was the timeframe.

Mr. Balmes said it was multiple projects and there was no specific timeframe. The goal of all projects in the LOPP was to received federal or state funding within the next five years.

Mr. Zalak asked what the current project looked like at CR 484.

Mr. Balmes said that the project was about another year and half away of being completed and additional funding was included in the TIP for landscaping and finalizing the project. The interchange was identified as a future six lane buildup including six lane widening of 484 in the LOPP.

Mr. Zalak asked what did something like that look like as far as timeframe.

Mr. Balmes said it depended a lot on what would happen with Moving Florida Forward and the TPO was waiting to hear from the District on what that would mean for I-75 and Marion County.

Mr. Hilty made a motion to approve the 2023 LOPP. Ms. Stone seconded, and the motion passed unanimously.

Item 5c. 2023 List of Regional Priorities

Mr. Balmes presented and said in collaboration with the Central Florida MPO Alliance (CFMPOA), the TPO developed an annual list of regionally significant transportation priority projects. Mr. Balmes went through the summarized regional lists.

TPO Transportation Regional Incentive Program (TRIP) List

The purpose of TRIP was to encourage partnerships for transportation projects that are regionally significant. TRIP funds were awarded by the Florida Department of Transportation (FDOT) and used to match local or regional funds up to 50% of the total project costs. To be eligible, there must be a 50% local match commitment and endorsement of the project by three contiguous counties to receive consideration (2 in addition to Marion).

The current (2022) TPO TRIP projects:

- Marion Oaks Manor Extension Marion Oaks Manor to CR 42 Flyover at I-75
- County Road 484 SW 49th Avenue to CR 475A, Widening to Six Lanes
- NW/SW 44th Avenue SR 200 to U.S. 27, Four Lane Roadway

The TPO was seeking Committee member input and recommendations on updating, replacing or adding projects to the regional 2023 TRIP list.

The current Strategic Intermodal System (SIS) Needs based on unfunded needs in Marion County:

- I-75 Interchange from SW 40th to SW 27th
- I-75 from Turnpike to SR 200

- I-75 from SR 200 to CR 234
- I-75 at US 27 from NW 44th to SW 35th
- I-75 Interchange at 326
- SR 40 from end of Four Lanes to CR 314
- SR 40 from CR 314 to CR 314A
- SR 40 from CR 314A to Levy Hammock Road

The draft 2023 SIS Priorities list of the current draft LOPP contains the following projects:

- I-75 at NW 49th Street Interchange
- I-75 at US 27 Interchange
- I-75 Interchange from SW 40th to SW 27th
- I-75 from SR 200 to CR 234 Alachua County
- I-75 from SR 91 (Turnpike) to SR 200
- I-75 at SR 326 Interchange Operations
- I-75 at SW 20th Street Interchange
- I-75 at CR 484 Interchange (add)
- I-75 at SR 200 Interchange (add)
- I-75 at CR 318 Interchange (add)
- SR 40 from end of Four Lanes to CR 314
- SR 40 from CR 314 to CR 314A
- SR 40 from CR 314A to Levy Hammock Road
- SR 326 from US 301 to old US 301 (add)
- SR 326 from CR 200A to NE 36th (add)

Tier 3 SunTrail Projects

The current Tier 3 SunTrail regional projects list contains four projects in Marion County.

- Santos to Baseline Trail Santos to Baseline Trailhead Part of Heart of Florida Trail
- Pruitt Trail Pruitt Trailhead to Bridges Road Trailhead Part of Heart of Florida Trail
- Silver Springs to Mount Dora Part of Heart of Florida Trail
- Nature Coast Connector Dunnellon to Chiefland Part of the Nature Coast Trail

Regional Transportation System Management and Operations (TSM&O) Projects

The following presented was the new list in 2023. Regional TSM&O includes projects that improve the efficiency, operations and safety of the regional transportation system. Example regional TSM& projects may include traveler information, incident management, traffic signal coordination, bicycle/pedestrian/trail improvements and access management. TPO staff recommends three initial TSM&O projects for inclusion in the regional list. TAC and CAC supported the recommendations.

- **SR 40 at SW 40th Avenue Intersection**, adjacent to the I-75 interchange Turn Lanes, operational improvements. Improvement of traffic operations and safety.
- SR 40 at SR 35 Intersection Proposed roundabout at the intersection. Improvement of traffic operations and safety.
- U.S. 301 from County Line to U.S. 441 in Belleview. Fiber/ITS connectivity and traffic signal coordination. Supports regional operations, emergency response and alternate route coordination.

TPO staff, Citizens Advisory Committee (CAC) and Technical Advisory Committee (TAC)

recommended approval of the proposed four regional priorities list for submission to the Central Florida MPO Alliance.

Ms. Stone asked if all the interchanges had fiber connection or broadband associated with them.

Mr. Balmes said he would have to investigate that and did not have a answer at the time.

Ms. Stone said she would like to confirm that there were internet capabilities in the interchanges.

Mr. Balmes said he would research and get an answer back to Ms. Stone.

Ms. Bryant made a motion to approve the 2023 List of Regional Priorities. Ms. Stone seconded, and the motion passed unanimously.

Item 6a. Draft Fiscal Years (FY) 2024 to 2028 Transportation Improvement Program (TIP)

Mr. Balmes presented and said the draft Fiscal Years (FY) 2024 to 2028 Transportation Improvement Program (TIP) was made available for public review and comment on May 2, 2023. The draft TIP public involvement process was from May 2 to June 16.

The following provided key highlights of the FY 2024 to 2028 draft TIP.

- **Public and Partner Review Period:** The review period is from May 2 to June 16, 2023. TPO Board adoption scheduled for June 27.
- **TIP Projects and Funding:** The draft contains a total of 63 projects, grant programs and ongoing maintenance activities, totaling \$373.5 million of funding. The breakdown by source is:
 - o \$209.2 million State (56%);
 - o \$148.6 million Federal (39.8%); and
 - o \$15.7 million Local (4.2%).
- **TIP Interactive Map:** The TIP online interactive map for the public to view projects with specific locations may be found at the TPO TIP project page.
- **TIP Document Organization:** To TPO continues to publish a TIP document that is a public-friendly resource while not compromising the importance of meeting federal and state requirements.

The TIP contained summary pages for each programmed project.

Mr. Balmes provided information on the Major Projects in the FY 2024 to FY 2028 through a slideshow presentation provided on pages of this set of minutes for review

Ms. Stone asked if all the social media sites from the organizations were engaging to the get the word out about the TIP public comment period.

Mr. Balmes said the City of Ocala retweeted and reposted the original post to the public.

Ms. Irby said the City of Ocala had shared but she had not seen any other activity from the other jurisdictions.

Ms. Stone asked the initial interaction be made and ask that all jurisdictions share.

Mr. Balmes said another notice would be sent out the next day.

Ms. Irby said that all jurisdictions and PIOs received TPO notices via email and she would make the specific request to share future information.

Item 7. Comments by FDOT

Ms. Rakinya Hinson provided the most current construction report and encouraged the board to visit cflroads.com as a resource for specific information on FDOT projects.

Mr. Dwyer inquired about a project in Belleview that included the installation of crosswalks on 441 and said there was no flashing light to let drivers know that people are in the crosswalk and asked if that type light could be installed.

Mr. McCammon with FDOT addressed the board and said that the design did not include a flashing light and there were different designs for crosswalks that could be looked at if issues were occurring. FDOT was changing a current design in Dunnellon to make improvements and if the design was not functioning properly in Belleview another design could be taken back to Traffic Ops for a second look.

Ms. Stone said that the board would appreciate a priority on the second look at the Belleview crosswalks.

Item 8. Comments by TPO Staff

Mr. Balmes gave the following comments:

- The selection committee met on May 17th regarding the General Planning Consultants (GPC) process and three recommendations would be provided to the board at the next TPO board meeting.
- The 2050 LRTP scope would be provided to the TPO board.
- Potentially looking to update the Commitment to Zero plan on looking at the potential federal grant opportunity with the Safe Streets for All. One requirement was a project list and meetings with the City and County would take place to amend the list into the Commitment to Zero plan to be well positioned for grant opportunities.
- FDOT was on track to present to the TPO board next month with the Federal Aid Eligible Road Network proposal tied to the Census process.
- The TPO had been short staffed and Mr. Balmes was developing an internal plan of action to ensure that he was receiving support needed. The internal plan would be provided to the TPO board once completed.

Item 10. Comments by TPO Members

There were no comments by the TPO Members.

Item 11. Public Comment

Mr. David Bottomley, 305 Woodbury Pines Circle, Orlando FL 32828 addressed the board and gave comments regarding the importance of car accessible handicap parking.

Item 12. Adjournment

Chairman Craig Curry adjourned the meeting at 4:52pm.

Respectfully Submitted By:

Shakayla Irby, Administrative Assistant

FROM: Rob Balmes, Director

RE: Functional Classification Map Approval

Summary

Every 10 years following the Census, the Florida Department of Transportation (FDOT) coordinates with Federal Highway Administration (FHWA) and local governments to conduct an update to the Functional Classification of roadways. Part of this process involves adjustments, as deemed necessary, prior to being finalized and approved by FHWA.

Functional Classification is a formal method by which roadways are grouped into classes or systems according to the character of traffic service they are intended to provide in relation to the total network. A hierarchy of roadways is developed and ranges from neighborhood collector streets to principal arterials to the interstate.

In August of 2022, the TPO Board was informed about the upcoming process between the FDOT, TPO and local governments to update/review the Functional Classification of roadways in Marion County. At the April 11 Technical Advisory Committee (TAC) meeting, FDOT District Five presented an overview presentation regarding the Functional Classification process and discussed the schedule for completion. This process included a review period of an online draft comment map from April 13 to May 26.

The TAC and Citizens Advisory Committee were requested at the June 13 meetings to provide a final review of the Functional Classification Map for Marion County. Based on this process, the TPO Board will be presented the proposed Functional Classification Map for review and approval.

Attachment(s)

Proposed Functional Classification Map, Marion County

Committee Recommendation(s)

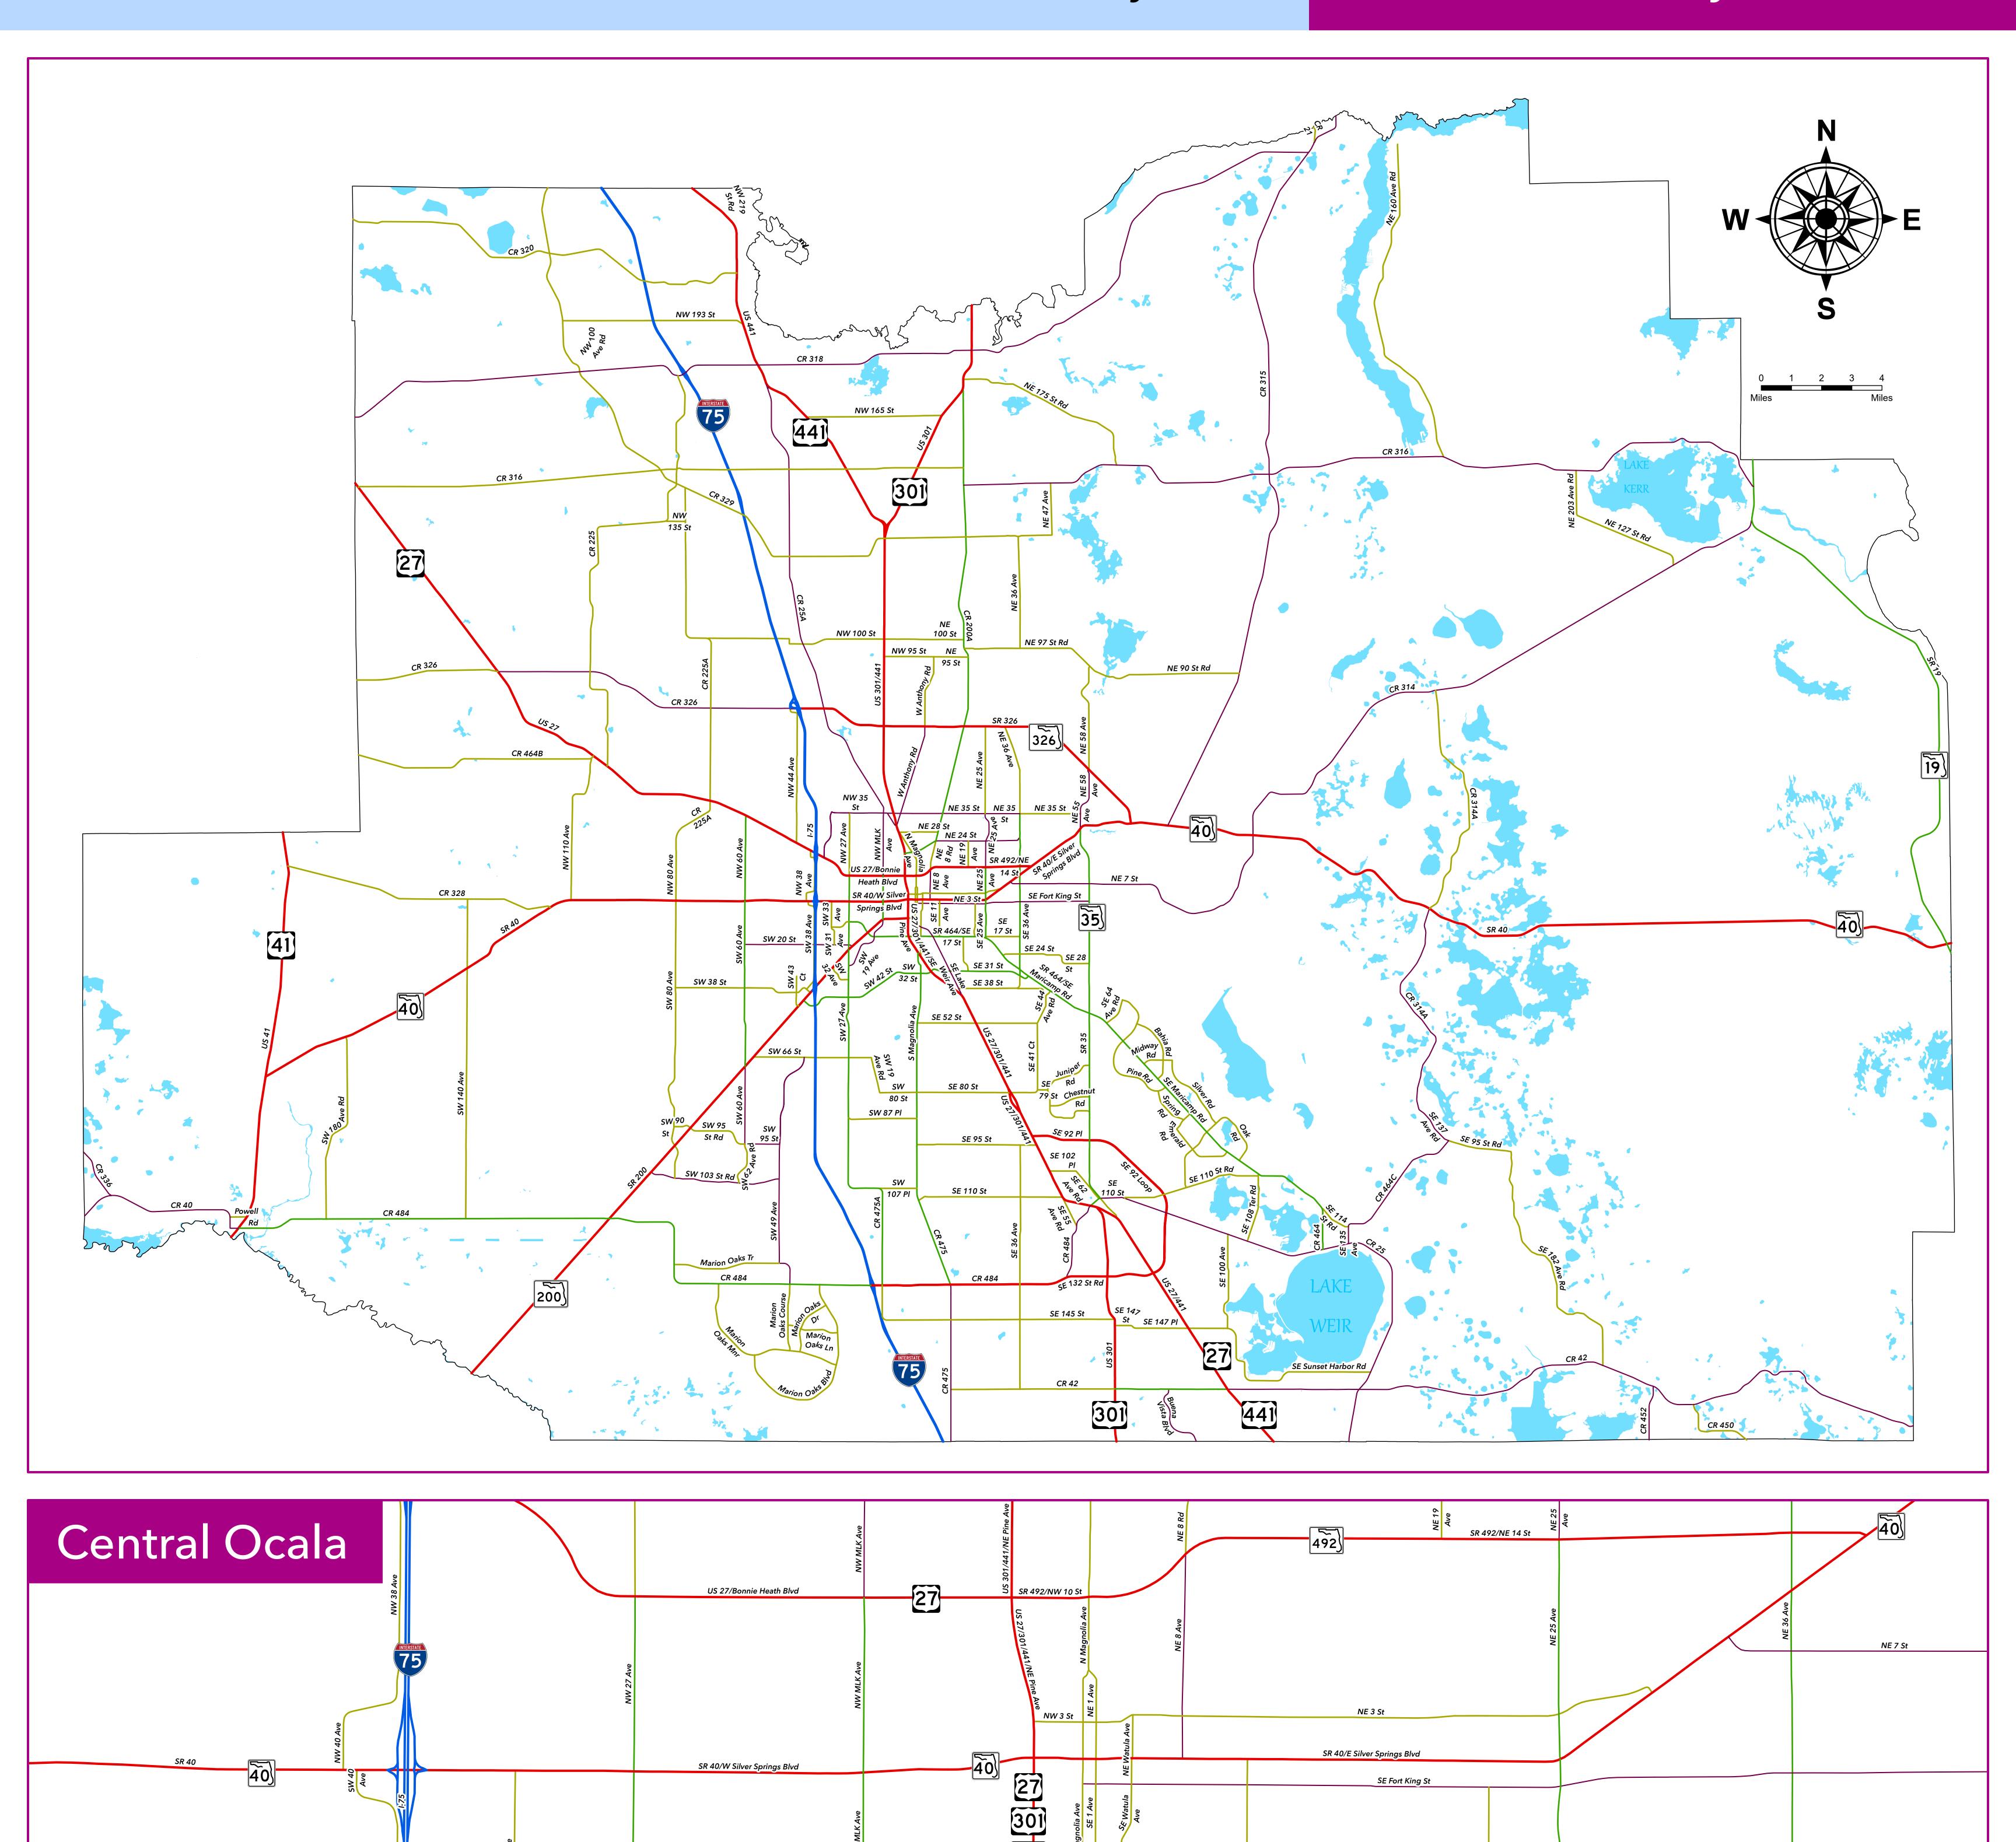

- On June 13, 2023, the Citizens Advisory Committee (CAC) approved the Functional Classification Map for Marion County.
- On June 13, 2023, the Technical Advisory Committee (TAC) approved the Functional Classification Map for Marion County, subject to a future amendment to include the following four projects:
 - o Southwest 49th Avenue from CR 484 to Marion Oaks Trail
 - o Southwest 44th Avenue from SR 200 to Southwest 20th Street
 - o Southwest 44th Avenue from Southwest 20th Street to SR 40
 - o Northwest 44th Avenue from SR 40 to Northwest 11th Street

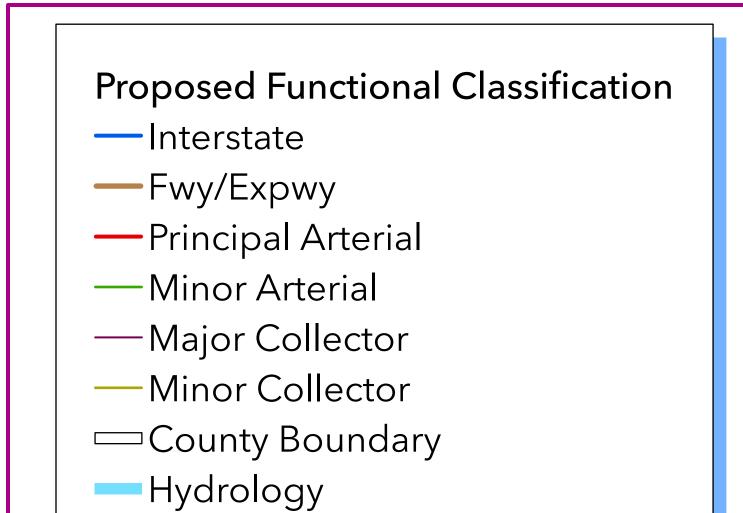

Action Requested

TPO staff is recommending approval of the Functional Classification Map for Marion County, subject to a future amendment to include the four recommended projects by the Technical Advisory Committee.

- o Southwest 49th Avenue from CR 484 to Marion Oaks Trail
- o Southwest 44th Avenue from SR 200 to Southwest 20th Street
- o Southwest 44th Avenue from Southwest 20th Street to SR 40
- o Northwest 44th Avenue from SR 40 to Northwest 11th Street

If you have any questions, please contact me at: 438-2631.

The 2020 Functional Classification of Public Roadways is a decennial effort mandated by the Federal Highway Administration (FHWA).

It is headed by the Florida Department of Transportation (FDOT) with participation from the public, as well as our local agency partners.

RE: Amendment #6 of FY 2023 to 2027 Transportation

Improvement Program (TIP)

Summary

Per the request of the Florida Department of Transportation (FDOT), two projects are proposed to be amended to the Fiscal Years (FY) 2023 to 2027 Transportation Improvement Program (TIP).

FM# 450948-1: SR 40 from NE 64th Avenue to Lake County Line

- Resurfacing of SR 40 (25.7 miles)
- Preliminary Engineering (PE) and Construction (CST) phases
- Funds to be added to FY 2024, 2026
- Total: \$24.831.080

FM# 450951-1: SR 40 from NE 25th Avenue to NE 64th Avenue

- Resurfacing of SR 40 (4.2 miles)
- Preliminary Engineering (PE) and Construction (CST) phases
- Funds to be added to FY 2024, 2026
- Total: \$11,953,924

Attachment(s)

- FDOT TIP Amendment Request
- TIP Proposed Amended Project Pages
- FY 2023 to 2027 TIP document

Committee Recommendation(s)

• The Citizens Advisory Committee (CAC) and Technical Advisory Committee (TAC) approved the TIP Amendment on June 13, 2023.

Action Requested

• TPO staff is recommending approval of the FY 2023 to 2027 Transportation Improvement Program (TIP) Amendment #6.

If you have any questions about the TIP amendment, please contact me at: 438-2631.

RON DESANTIS GOVERNOR 605 Suwannee Street Tallahassee, FL 32399-0450 JARED W. PERDUE, P.E. SECRETARY

May 5, 2023

Mr. Robert Balmes, AICP, CTP, Executive Director Ocala-Marion Transportation Planning Organization (TPO) 2710 E Silver Springs Blvd Ocala, FL 34470

RE: Request to Amend Fiscal Year (FY) 2022/23-2026/27 Transportation Improvement Program (TIP)

Dear Mr. Balmes:

Florida Department of Transportation requests Ocala Marion TPO amend the FY 2022/23-2026/27 TIP.

To prepare for the new state fiscal year beginning on July 1, 2023, we have identified projects programmed in FY 2024 also requiring amendments to the current TIP. FDOT is requesting the TPO act on amending the additional FY 2024 projects listed in the table below.

Projects #450948-1 and #450951-1 are projects programmed in FY 2024 and are requested to be added to the current TIP to prevent delay of production. Authorization for use of federal funds is needed during the first quarter of FY 2024 to keep the projects moving forward. These projects are included in the FY 2024-2028 TIP.

Please use the information in the table below to revise the TIP accordingly:

FM#	Project	Project	Length	Phase	Fund	Amount	FY

Transportation Improvement Program

Fiscal Years 2023 to 2027

Adopted June 28, 2022

Amendment 1: August 23, 2022 Amendment 2: November 29, 2022 Amendment 3: January 24, 2023 Amendment 4: February 28, 2023 Amendment 5: March 28, 2023 Modification 1: May 25, 2023 Amendment 6: June 27, 2023

This document was prepared with financial assistance from the Federal Highway Administration and the Federal Transit Administration of the U.S. Department of Transportation through the Florida Department of Transportation.

Resolution No. 23-5

RESOLUTION OF THE OCALA/MARION COUNTY TRANSPORTATION PLANNING ORGANIZATION (TPO) TRANSPORTATION IMPROVEMENTPROGRAM (TIP) FOR FISCAL YEAR 2023 to 2027

WHEREAS, the Ocala/Marion County Transportation Planning Organization, designated by the Governor of the State of Florida as the body responsible for the urban transportation planning process for the Ocala/Marion County area; and

WHEREAS, Title 23 U.S.C 134(j), 23 CFR Section 450.326 and Florida Statute 339.175(8) require each Metropolitan/Transportation Planning Organization to annually submit a Transportation Improvement Program; and

WHEREAS, a Transportation Improvement Program is defined as "a staged, multi-year, intermodal program of transportation projects which is consistent with the metropolitan (long-range) transportation plan [23 CFR 450.104].

WHEREAS the TPO Board has authorized the TPO Director to perform revisions and amendments to plans, programs, and documents approved by the TPO, when such action is needed to obtain state or federal approval within a constrained timeframe. The authorization includes the following tenets:

- (i) The TPO Director shall include any such revision or amendment on the agenda of the next regularly scheduled meeting for ratification by TPO Board;
- (ii) No revision or amendment performed by the TPO Director shall substantially modify any plans, programs, or document approved by the TPO Board or result in the need to conduct a public hearing regarding such revision or amendment.

NOW THEREFORE BE IT RESOLVED that the Ocala/Marion County Transportation Planning Organization endorses the amendment of Transportation Improvement Program for FY 2023 to 2027.

CERTIFICATE

The undersigned duly qualified and acting Chair of the Ocala/Marion County Transportation Planning Organization hereby certifies that the foregoing is a true and correct copy of a Resolution adopted at a legally convened meeting of the Ocala/Marion County Transportation Planning Organization held on this 28th day of March 2023.

1. INTRODUCTION

Purpose

The Ocala/Marion County Transportation Planning Organization (Ocala Marion TPO) is the federally designated Metropolitan Planning Organization (MPO) for Marion County, Florida and is responsible for developing the Transportation Improvement Program (TIP). The Fiscal Years (FY) 2023 to 2027 TIP is a five-year schedule of transportation projects to be implemented by government agencies within the Metropolitan Planning Area (MPA) of Marion County. The TIP documents the anticipated timing and cost of transportation improvements funded by federal, state and local sources and is developed on an annual basis (23 C.F.R. 450.326(a)). The types of projects in the TIP include all modes of transportation, such as roadway construction, operations, maintenance, repaving, bicycle and pedestrian, transit and aviation.

As stated in the Federal Highway and Transit Acts of 1962 and 1964, each urbanized area over 50,000 people must have a continuing, cooperative and comprehensive transportation process. This process, also known as the "3C" planning process, is reflected in the TIP, in conjunction with the Long-Range Transportation Plan (LRTP). The 2045 LRTP, which is also developed by the TPO, outlines the Ocala/Marion County transportation vision and goals 20 years into the future. The TIP outlines the short-term "action steps" necessary for achieving the long-term vision by programming specific transportation improvements.

Fiscal Constraint

Transportation projects contained in the TIP are financially feasible and located within the designated planning area. As a condition of receiving federal project funding, the TIP must list all highway and public transportation projects proposed for funding under Title 23 United States Code (23 U.S.C.) (highways) and 49 U.S.C. (transit). The TIP must also contain state and locally funded regionally significant transportation projects regardless of funding source. For a project to be considered financially feasible, the anticipated cost must not exceed anticipated revenue.

Consistency

All projects in the TIP are supported and documented in the 2045 LRTP. The TIP is also used to coordinate transportation projects between local, state and federal agencies, thereby ensuring the efficient use of transportation funding to Marion County. In summary, the TIP serves as the budget for carrying out the LRTP in five-year increments, and must be fully consistent.

A list of the most current Annually Federally Obligated projects is provided in **Appendix B.** The Obligation list is a continuation of projects in the prior TIP, and in some cases started in previous TIPs (23 CFR 450.334). The Obligated list will be updated and amended in September 2022.

TPO Planning Area

The Ocala Marion TPO is a federally-mandated public agency responsible for the planning and implementation of several modes of transportation, including highway, transit, freight, bicycle, pedestrian and paratransit. The TPO serves the cities of Belleview, Dunnellon, Ocala and Marion County. The TPO was established in 1981 after the 1980 Census determined the urbanized area of Ocala exceeded a threshold of 50,000 people. Due to rapid population growth in the 1980s, the planning boundaries of the entire county were added. Figure 1 illustrates TPO planning area which includes all of Marion County and the cities of Belleview, Dunnellon and Ocala.

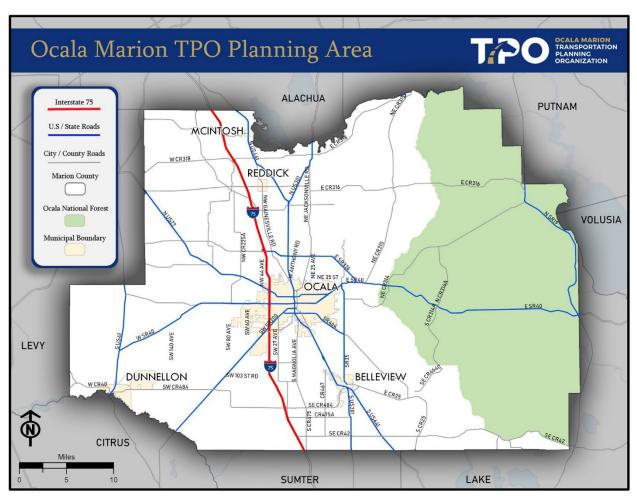

Figure 1: Map of TPO Planning Area

Development of the TIP

Public and local government involvement for the development of the TIP is accomplished through regularly scheduled meetings of the TPO's Technical Advisory Committee (TAC) and Citizens Advisory Committee (CAC) and the TPO Board. The TPO strives to also engage both citizens and stakeholders to assist in the development of the TIP. The TPO seeks public input for a minimum of thirty (30) days once the Draft TIP document is publicly noticed, in accordance with 23 Code of Federal Regulation 23 C.F.R. 450.326(b). A Glossary of Terms and Acronyms used in the TIP and other TPO documents is contained in **Appendix G**.

TPO Boards and Committees

The TPO submits a draft TIP for review and feedback to the TPO's TAC and CAC. These boards/committees are composed of members who represent a variety of government organizations and stakeholders, which include the Cities of Belleview, Dunnellon, and Ocala; the Marion County School Board; the Marion County Engineering, Planning, and Tourism Departments; SunTran; the Florida Department of Transportation (FDOT); the Florida Department of Environmental Protection; and citizens of Marion County, including persons who are considered transportation disadvantaged.

The TPO also submits a draft TIP to the TPO Board for review and to receive feedback. The TPO then addresses the recommendations provided by the Board and Committees, in addition to public input, in developing the final version of the TIP. The final version of the TIP is then presented to the TPO Board for adoption in May or June of each year. In 2022, TPO staff presented the draft TIP to the TAC and CAC on May 10th and June 14th, the TPO Board on May 24th and June 28th.

Public Involvement

In addition to meeting federal regulations, the TIP was developed in accordance with the TPO's Public Participation Plan (PPP) (https://ocalamariontpo.org/plans-and-programs/public-participation-plan-ppp). The public was provided the opportunity to comment on the draft TIP at the aforementioned TAC, CAC and TPO Board meetings. The TAC and CAC meetings were held virtually and in person and therefore were also accessible to those with internet access. The TPO Board meetings were held both virtually and in-person. Advance public notices were provided for all committee and board meetings per Florida Sunshine Law and the TPO's PPP. The TPO sought input from the public and other stakeholders by posting on its website, social media pages (Facebook, Twitter) and sending e-blast notifications. Beginning on May 4th, a legal notice of the draft version of the TIP was advertised in the Ocala Star Banner. The public comment period for the TIP began on May 3, 2022 and concluded on June 28, 2022. A copy of the public notice can be found in **Appendix E** and a list of public comments, including the TPO's response to each

comment, can be found in **Appendix F**. On May 3rd, the TPO sent the Draft TIP for review and comment to the following agencies: Federal Transit Administration, Federal Highway Administration, U.S. Forest Service, Florida Department of Transportation, Department of Economic Opportunity, Florida Commission for the Transportation Disadvantaged and the St. Johns River Water Management District.

Formal responses are provided to each citizen comment submitted to the TPO by email, mail or phone. Citizens are provided a formal response by the TPO and made aware how their public comment is documented, and how it may be addressed if related to a specific project(s) in the current TIP. In cases where further follow up is required, such seeking project background information, additional contact is made with the citizen by the TPO. All citizen, TPO committee, TPO Board and partner agency comments and corresponding TPO responses are summarized in **Appendix F**.

Joint Certification

The most recent joint certification between the Ocala Marion TPO and FDOT was completed on March 22, 2022 through action by the TPO Board. FDOT certified the TPO's transportation planning process for Fiscal Year 2022. The next certification review will occur from February to March of 2023.

Consistency with Other Plans

The projects and project phases listed in the FY 2023 to 2027 TIP are consistent with the local public transit development plan (SunTran), aviation, and the approved local government comprehensive plans for governments within the TPO's MPA [s.339.175(8)(c)(7), F.S.]. The TIP is consistent with the Ocala Marion TPO's 2045 LRTP, Florida Transportation Plan (FTP), Strategic Intermodal System (SIS) Policy Plan, Strategic Highway Safety Plan (SHSP), Freight Mobility and Trade Plan (FMTP), Transportation Asset Management Plan (TAMP), TPO Congestion Management Process (CMP) and SunTran Transportation Development Plan (TDP).

2045 Long Range Transportation Plan (LRTP)

In addition to documenting Marion County's long- term vision and goals for transportation, the 2045 LRTP includes a Needs Assessment and a Cost Feasible Plan. These two sections detail the specific projects to fulfill the County's long-term vision and goals. In order to remain current with the changing needs of Marion County, the Ocala Marion TPO updates the LRTP every five years. The 2045 LRTP was adopted by the TPO Board on November 24, 2020. A list of TIP projects referenced in the 2045 LRTP can be found in **Appendix I**. (https://ocalamariontpo.org/plans-and-programs/long-range-transportation-plan-lrtp).

Florida Transportation Plan (FTP)

The Florida Transportation Plan (FTP) serves as the state's long-range transportation vision and policy plan. The FTP focuses on ways to improve safety, provide a more efficient transportation system, meet the needs of a changing population, create a more competitive economy, enhance the overall quality of life and environment, increase access to transit and address emerging technologies. (http://floridatransportationplan.com)

Strategic Intermodal System (SIS) 2022 Policy Plan

The Strategic Intermodal System (SIS) 2022 Policy Plan establishes the policy framework for planning and managing Florida's Strategic Intermodal System, a network of transportation facilities that serves as the state's highest priority for transportation capacity investments. The Governor and Legislature established the SIS in 2003 to focus state resources on facilities most significant for promoting the state's economic competitiveness, including interregional, interstate and international travel. The SIS is the primary tool for implementing the Florida Transportation Plan (FTP). A map of the SIS can be found in **Appendix C**. Additionally, TIP projects supporting the SIS are noted in the individual project pages (SIS Project).

(https://www.fdot.gov/planning/sis/default.shtm)

Florida's Strategic Highway Safety Plan (SHSP)

The Florida's 2021 to 2025 Strategic Highway Safety Plan (SHSP) was adopted in March 2021. This is an update to the prior plan, and was completed in coordination with all 27 Florida MPO/TPO's. Florida's SHSP outlines a focus on safety programs to reduce crashes, serious injuries and fatalities to achieve zero traffic deaths and serious injuries. A set of 12 emphasis areas organized into three categories (Roadways, Road Users, User Behavior) provide the foundation for improving safety. (https://www.fdot.gov/safety/shsp/shsp.shtm)

Freight Mobility and Trade Plan (FMTP)

FDOT's Freight Mobility and Trade Plan (FMTP) defines policies and investments that will enhance Florida's economic development efforts into the future. The FMTP's Investment Element is specifically intended to identify freight needs, identify criteria for state investments in freight, and prioritize freight investments across modes. FDOT updated the FMTP in spring 2020. (https://www.fdot.gov/rail/plandevel/freight-mobility-and-trade-plan)

Transportation Asset Management Plan (TAMP)

The Transportation Asset Management Plan (TAMP) outlines the process for effectively operating, maintaining, and improving physical transportation assets within Florida. The plan also provides detailed information, such as the department's assets, asset management strategies, and long-term expenditure forecasts to inform decision-making at both the State and Local levels.

Congestion Management Plan (CMP)

Maintenance of a Congestion Management Process (CMP) is required for all TPOs under Florida Statute (F.S.) [339.175 (6)(c)1]. Guidance from the Final Rule on the CMP states the intent of the process is to, "address congestion management through a process that provides for safe and effective integrated management and operation of the multimodal transportation system".

The Ocala Marion TPO has developed the CMP to improve traffic operations and safety through the use of either strategies that reduce travel demand or the implementation of operational improvements. Recommendations in the CMP typically support improved travel conditions through the implementation of low cost improvements or strategies that can be implemented in a relatively short time frame (5-10 years) compared to traditional capacity improvements, such as adding travel lanes, which can be more time- consuming and expensive.

The TPO completed a major update to the CMP in 2021, including policies and procedures and state of system elements. The CMP update serves two purposes: to meet state statutes and help with prioritizing project needs, and to also meet federal requirements if the TPO becomes a Transportation Management Area (TMA) as a result of the 2020 Census. A TPO is considered a TMA when their urbanized area population exceeds 200,000. Completing an update to the CMP will keep the TPO in compliance with both state statute and federal requirements. (https://ocalamariontpo.org/congestion-management-process-cmp)

Transit Development Plan (TDP)

The Transit Development Plan (TDP) represents the vision for public transportation in Marion County for a 10-year horizon. A TDP is updated by SunTran every five years to ensure transit services offered meet the mobility needs of local communities. Specifically, the TDP details SunTran's transit and mobility needs, cost and revenue projections, and community transit goals, objectives, and policies in Marion County. SunTran is completing a major TDP update in 2022.

TIP Revisions

Revisions to the TIP may be required following approval of the document by the TPO Board and State and Federal agencies. Revisions to the TIP are required when projects are changed, added or deleted. TIP Amendments require TPO Board action and opportunity for public comment. TIP modifications to not require TPO Board action or public comment (23 C.F.R. 450.104). As summarized in the FDOT MPO Management Handbook, there are four types of TIP revisions.

TIP Modification

A TIP modification includes minor changes such as to project phase costs, funding sources and project initiation dates. TIP Modifications are less than 20 percent and \$2 million.

TIP Amendment

A TIP amendment involves major changes to project such as a deletion, addition, project cost increase (over 20 percent and \$2 million), design concept or project scope.

Roll Forward Amendment

Projects programmed in the prior TIP that were not authorized by the end of the state fiscal year (June 30) may be authorized between July 1 and September 30, and included in an annual Roll-Forward TIP report to be amended in the new TIP. The Roll Forward amendment process must occur prior to the start of the federal fiscal year, which is October 1. The TPO Board adopts Roll Forward TIP Amendment each year.

Administrative TIP Amendment

Projects that are added to year one of the FDOT Tentative Work Program will not be recognized by FHWA until their fiscal year on October 1. Administrative amendments are permitted between the state fiscal year period of July 1 to September 30 to fill the gap until the federal fiscal year begins on October 1.

Transportation Disadvantaged

The Transportation Disadvantaged (TD) program is a statewide program that provides vital transportation to medical appointments, employment, educational and other life sustaining services. Persons eligible for TD services include those with a mental or physical disability, income level at or below 150% of the Federal Poverty Guideline or age 60+ or <16 years old.

In Marion County, TD transportation services are provided by Marion Transit. As a result of the overlap between the TD service area and the TPO service area, TD projects and funding are included in the TIP. Therefore, the TIP is developed in conjunction with Marion Transit, which also serves as the Community Transportation Coordinator (CTC) for Marion County.

Efficient Transportation Decision Making

Efficient Transportation Decision Making (ETDM) is a process used by FDOT to incorporate environmental, physical, cultural and community resource considerations into transportation planning to inform project delivery. FDOT screens some of the projects in the TIP through the ETDM process. Public information for these projects is available at: https://etdmpub.flaetat.org/est.

2. PERFORMANCE MANAGEMENT

Performance Based Planning

In order to develop a standardized process for monitoring the effectiveness of transportation investments across the country, the Federal government passed the Moving Ahead for Progress in the 21st Century Act (MAP-21). MAP-21 was enacted in 2012 by Congress to establish a framework to link performance management and decision-making for federally-funded transportation investments. MAP-21, which was supplemented by the FAST Act in 2015, requires the State Department of Transportations (DOTs) and TPOs/MPOs to conduct performance-based planning. The objective of performance-based planning is to invest resources in projects that help achieve the following seven national goals (23 CFR 490 or [23 USC 150(b)]):

1- Safety

To achieve a significant reduction in traffic fatalities and serious injuries on all public roads

2- Infrastructure Condition

To maintain the highway infrastructure asset system in a state of good repair

3- Congestion Reduction

To achieve a significant reduction in congestion on the National Highway System

4- System Reliability

To improve the efficiency of the surface transportation system

5- Freight Movement and Economic Vitality

To improve the national freight network, strengthen the ability of rural communities to access national and international trade markets, and support regional economic development

6- Environmental Sustainability

To enhance the performance of the transportation system while protecting and enhancing the natural environment

7- Reduced Project Delivery Delays

To reduce project costs, promote jobs and the economy, and expedite the movement of people and goods by accelerating project completion through eliminating delays in the project development and delivery process, including reducing regulatory burdens and improving agencies' work practices.

Performance-based planning utilizes performance measures and performance targets to ensure the most efficient investment of transportation funds by increasing accountability, providing transparency, and linking investment decisions to key outcomes.

Performance Measures and Targets

The Federal Transit Administration (FTA) and Federal Highway Administration (FHWA) have created highway and transit performance measures and requirements for State DOTs, TPOs/MPOs and transit operators to establish and report performance targets for each performance measure. Performance measures are quantitative criteria used to evaluate progress of the seven national goals. In order to determine the amount of progress made for each performance measure, the aforementioned agencies and organizations must establish baseline data and performance targets; benchmarks used to determine whether transportation investments make progress in achieving national goals and performance measures.

Once each State DOT develops its own performance targets for each performance measure, TPOs/MPOs are provided the option to either adopt state and/or transit agency targets, or develop their own targets. Appendix D provides Transportation Performance Management Fact Sheets published by FDOT in April 2022.

Safety

Pavement and Bridge Condition

System Performance

Transit Asset Management and Transit Safety

Safety

In March 2016, the FHWA published the Highway Safety Improvement Program (HSIP) and Safety Performance Management (Safety PM) Measures Final Rule (PM1), effective April 14, 2016. The Safety PM Final Rule established safety performance measures to assess serious injuries and fatalities on all public roadways and carry out the HSIP. Additionally, the Safety PM Finals Rule established a process for both State DOTs and TPOs to develop and report their safety targets and for FHWA to assess whether State DOTs have met, or are making significant progress toward meeting, their safety targets. The legislation works to improve data; foster transparency and accountability; and allow safety progress to be tracked at the national level. The HSIP annual report documents the statewide performance targets.

As outlined in the Safe System approach promoted by FHWA, the death or serious injury by any person is unacceptable. Consequently, FDOT is fully committed to Vision Zero, and has set a statewide target of "0" for all five safety performance measures. Vision Zero is discussed in greater detail in the HSIP, the Florida Highway Safety Plan, and the Florida Transportation Plan. FDOT set its safety performance targets on August 31, 2017. In addition, FDOT completed a HSIP Implementation Plan in August 2020 to outline an approach toward meeting its safety performance targets in future years. In August of each calendar year, FDOT reports the following year's targets in the HSIP. The TPO is then required to either adopt FDOT's targets or set their own.

On February 27, 2018, the Ocala Marion TPO Board adopted its own safety performance targets to better track progress and reflect greater accountability to the public. The TPO is also developing Commitment to Zero: An Action Plan for Safer Streets in Ocala Marion in 2022. Integrating the adopted targets with Commitment to Zero will be a part of the planning process. By adopting its own safety performance targets, the TPO is required to update targets annually. The TPO updated its annual safety targets on February 22, 2022. Figure 2 displays the safety performance targets in 2022 and 2021 from FDOT and the TPO.

The Ocala Marion TPO is committed to improving safety for all roadway users, which is demonstrated through planning and programming activities. The TIP includes specific investment priorities by using a project-prioritization and project-selection process that is based on the anticipated effect of reducing both fatal and serious injury crashes. The TPO also collects and analyzes crash data and trends, which are addressed in the Commitment to Zero planning project. Additionally, the TPO participates in the Marion County Community Traffic Safety Team (CTST).

Safety Performance Measures	FDOT Targets (2022)	TPO Targets (not to exceed) (2022)	TPO Targets (not to exceed) (2021)	TPO Target Results (2021)
Number of Fatalities	0	98	97	91
Rate of Fatalities per 100 Million Vehicle Miles Traveled (VMT)	0	2.08	1.96	1.98
Number of Serious Injuries	0	378	432	263
Rate of Serious Injuries per 100 Million VMT	0	8.01	8.74	5.71
Number of Non-motorized Fatalities and Non-motorized Serious Injuries	0	57	61	50

Figure 2: Safety Performance Measure Targets and Results

Pavement and Bridge Condition

In January 2017, the FHWA published the Pavement and Bridge Condition Performance Measures Final Rule (PM2). The second FHWA performance measure rule established six performance measures to assess pavement conditions and bridge conditions for the National Highway System (NHS). A map of the NHS in Marion County can be found in **Appendix C**.

The pavement condition measures represent the percentage of lane-miles on the Interstate and non-Interstate NHS that are in good or poor condition. FHWA established five pavement condition metrics: International Roughness Index (IRI); cracking percent; rutting; faulting; and Present Serviceability Rating (PSR). FHWA set a threshold for each metric to establish good, fair, or poor condition. A pavement section is classified as being in good condition if three or more metric ratings are good, and in poor condition if two or more metric ratings are poor. Pavement sections that are not good or poor are classified as fair.

FDOT established its statewide targets for bridge and pavement condition on May 18, 2018. The Ocala Marion TPO and all MPO/TPO's in Florida agreed to support the FDOT statewide targets on in 2018. The two-year and four-year targets represent bridge and pavement conditions at the end of both target years, and are displayed in Figure 3.

The bridge condition measures represent the percentage of bridges, by deck area, on the NHS that are in good condition or poor condition. The condition of each bridge is evaluated by assessing four bridge components: deck, superstructure, substructure, and culverts. The Final Rule created a metric rating threshold for each component to establish good, fair, or poor

condition. If the lowest rating of the four metrics is greater than or equal to seven, the structure is classified as good. If the lowest rating is less than or equal to four, the structure is classified as poor. If the lowest rating is five or six, it is classified as fair.

Pavement and Bridge Condition Performance Measures	FDOT/TPO Target (2-Year)	FDOT/TPO Target (4-Year)	TPO Target Results (2021)					
Pavement Measures								
Percent of Interstate pavements in good condition	Not Required	≥ 60%	66.4%					
Percent of Interstate pavements in poor condition	Not Required	≤ 5%	0%					
Percent of non-Interstate NHS pavements in good condition	≥ 40%	≥ 40%	37.8%					
Percent of non-Interstate NHS pavements in poor condition	≤ 5%	≤ 5%	0%					
Bridge Deck	Area Measures							
Percent of NHS bridges by deck area in good condition	≥ 50%	≥ 50%	59.1%					
Percent of NHS bridges by deck area in poor condition	≤ 10%	≤ 10%	0%					

Figure 3: Performance Measure Targets and Results – Pavement and Bridge Condition

System Performance

In January 2017, FHWA published the System Performance, Freight, and Congestion Mitigation and Air Quality (CMAQ) Performance Measures Final Rule (PM3). The third and final Performance Measures Rule, established six measures to assess the performance of the NHS, freight movement on the Interstate System, and traffic congestion and on-road mobile source emissions for the CMAQ program.

There are two NHS performance measures that represent the reliability of travel times for all vehicles on the Interstate and non-Interstate NHS. FHWA established the Level of Travel Time Reliability (LOTTR) metric to calculate reliability on both the Interstate and non-Interstate NHS.

LOTTR is defined as the ratio of longer travel times (80th percentile) to a normal travel time (50th percentile) during four time periods from the hours of 6 AM to 8 PM each day (AM peak, midday, and PM peak on Mondays through Fridays and weekends). The LOTTR ratio is calculated for each segment of applicable roadway. A segment is reliable if its LOTTR is less than 1.5 during all time periods. If one or more time periods has a LOTTR of 1.5 or above, that segment is unreliable. The measures are expressed as the percentage of person- miles traveled on the Interstate and non-Interstate NHS that are reliable.

The single freight movement performance measure represents the reliability of travel times for trucks on the Interstate System. FHWA established the Truck Travel Time Reliability (TTTR) Index, which is defined as the ratio of longer truck travel times (95th percentile) to a normal truck travel time (50th percentile). The TTTR is generated by dividing the longer truck travel time by a normal travel time for each segment of the Interstate system over five time periods from all hours of each day (AM peak, midday, and PM peak on Mondays through Fridays, overnights for all days, and weekends). This is averaged across the length of all Interstate segments in the state or MPO planning area to determine the TTTR index.

There are three traffic congestion and on-road mobile source emissions performance measures that represent peak hour excessive delay per capita (PHED), non- single occupancy vehicle (SOV) travel, and total on- road mobile source emissions reductions. The Ocala Marion TPO meets all current air quality standards and is not subject to establishing targets for these performance measures.

FDOT established its statewide targets for system performance on May 18, 2018. The Ocala Marion TPO and all MPO/TPO's in Florida agreed to support the FDOT statewide targets in October 2018. Figure 4 displays the most current System Performance measure targets and results.

System Performance Measures	FDOT/TPO Target (2-Year)	FDOT/TPO Target (4-Year)	TPO Target Results (2021)
Percent of person-miles on the Interstate system that are reliable (Interstate LOTTR)	≥ 75%	≥ 70 %	100%
Percent of person-miles on the non-Interstate NHS that are reliable (Non-Interstate NHS LOTTR)	Not Required	≥ 50 %	95.9%
Truck Travel Time Reliability (TTTR)	1.75	2.00	1.74

Figure 4: Performance Measure Targets and Results - System Performance

Transit Asset Management and Safety

On July 26, 2016, the FTA published the final Transit Asset Management rule, which requires that public transportation providers develop and implement transit asset management (TAM) plans, establish "state of good repair" standards and establish performance measures for four asset categories; rolling stock, equipment, transit infrastructure and facilities.

On July 1, 2019, SunTran, the public transit agency that operates primarily in the city of Ocala and in parts of unincorporated Marion County, moved from the oversight by the TPO to the City of Ocala. The SunTran system includes seven fixed bus routes contracted through a third-party company. As the administrative body to SunTran, the City of Ocala is responsible for setting performance targets for Transit Asset Management. In July 2019, the City of Ocala set the transit asset targets in Figure 5, thereby agreeing to plan and program projects in the TIP that, once implemented, will make progress toward achieving the transit asset targets. SunTran coordinates with FDOT on reporting targets to FTA through the National Transit Database (NTD). SunTran also coordinates with the TPO on a continuous basis and participates as a member of the Technical Advisory Committee (TAC).

Figure 5 displays the percentage of SunTran's assets that have met or exceeded their Useful Life Benchmark (ULB) for each asset class in 2019 and their performance targets for the next four years. FTA defines ULBs as "... the expected lifecycle or the acceptable period of use in service for a capital asset, as determined by a transit provider, or the default benchmark provided by the FTA." The performance targets assume the assets are replaced as they reach their ULB.

Asset Class	2019 Performance	2020 Target	2021 Target	2022 Target	2023 Target	
	Rolling S	tock				
Buses	69%	0%	0%	0%	0%	
Cutaways	0%	0%	0%	0%	100%	
	Equipm	ent				
Non-Revenue Vehicles	80%	0%	0%	0%	20%	
Facilities						
Maintenance Facility	0%	0%	0%	0%	0%	

Figure 5: Performance Measure Targets and Results - Transit Asset Management

On July 19, 2018, the FTA published the Public Transportation Agency Safety Action Plan (PTASP) regulation, 49CFR Part 673, as required by 49 U.S.C. 5329(d). The effective date of the regulation was July 19, 2019, but was extended to December 31, 2020 due to the global pandemic. The PTASP regulation implements a risk-based Safety Management System approach and requires all recipients and sub-recipients of federal transit financial assistance to establish and certify an Agency Safety Plan and corresponding safety performance targets. MPO/TPO's then have 180 days from the adoption of the PTASP targets set by the public transit agency (SunTran) to adopt or develop their own independent targets.

On December 1, 2020, SunTran submitted their PTASP and corresponding safety targets to the TPO, as adopted by City of Ocala City Council on November 30, 2020. On April 27, 2021, the TPO Board adopted the SunTran PTASP safety targets. Figure 6 displays the adopted SunTran PTASP targets.

SunTran Safety Performance Targets Performance Targets based on collected data from the previous three years							
Mode of Transit Service	Fatalities Total	Fatalities (per 100k vehicle revenue miles) VRM)	Injuries Total	Injuries (per 100k vehicle revenue miles VRM)	Total	Safety Events (per 100k vehicle revenue miles VRM)	(VRM/ failures)
Fixed Route Bus	0	0	1	.20	5	1.03	7,492
ADA Paratransit	0	0	0	0	0	0	0

Figure 6: Performance Measure Targets and Results - Transit Safety Targets

3. FINANCIAL PLAN

The TIP shall include a financial element that demonstrates how the approved projects can be implemented, indicates the sources of funding that are reasonably expected to be made available, and recommends any additional financing strategies for needed projects and programs (23 CFR 350.326).

The FY 2023 to 2027 is financially constrained for each year, meaning projects must be implemented using reasonably expected revenue sources. Projects in the TIP must use Year of Expenditure (YOE) dollars, which are dollars adjusted for inflation from the present time to the expected year of construction. The TIP includes the public and private financial resources that are reasonably expected to be available in order to accomplish the program. The TIP has been developed in cooperation with Marion County, the Cities of Belleview, Dunnellon, and Ocala, FDOT, SunTran and Marion Transit. A summary of funding categories, distribution of funding by category and funding sources are summarized in Figures 7 to 9.

All projects in the TIP are designated for funding from Title 23 and 49 of U.S.C funding sources and all regional transportation projects requiring federal action. Projects in the TIP are also derived from the FDOT Work Program and must include a balanced 36-month forecast of revenue and expenditures and a five-year finance plan supporting the FDOT Work Program (339.135, Florida Statute, F.S.). Additionally, only projects that are reasonably expected to be funded may be included in the TIP.

Acronym	Funding Category	Funding Source
ACFP	Advanced Construction Freight Program	Federal
ACNP	Advanced Construction NHPP	Federal
ACNR	Advanced Construction National Highway Resurfacing	Federal
ACSS	Advanced Construction (SS)	Federal
ART	Arterial Highways Program	State
BRRP	Bridge Repair/Rehabilitation	State

4. PROJECT PRIORITIZATION PROCESS

Overview

The project prioritization process of the TPO is undertaken during the development of the LRTP and annual List of Priority Projects (LOPP). During the development of the LRTP, once the identified projects have been determined as "needs", TPO committees, TPO staff and the TPO Board prioritizes the projects based on cost feasibility, using revenue forecasting from local, state and federally published sources. The result is the 'Cost Feasible Plan' of the LRTP, which then becomes a prioritized project list. This list becomes part of the TPO's annual List of Priority Projects (LOPP) process. On an annual basis, a revised LOPP is developed collaboratively by the TPO with local partners, committee input and TPO Board approval. The LOPP is submitted to FDOT annually for projects to be considered in the next Tentative Work Program for funding. FDOT will decide which projects from the LOPP can be reasonably funded with the cost/funding projections. The LOPP is a process undertaken to identify the highest priority projects in Marion County to receive consideration for federal and state funding. For further information about the LOPP process, please access the TPO website at: https://ocalamariontpo.org/priority-project-list.

Methodology

In 2022, the TPO modified its annual LOPP prioritization process. The revised process continues to place an emphasis on prioritizing projects based on criteria score. This includes an emphasis on projects closest to receiving construction funding; meet federal performance measures; are multimodal; improve safety and resilience; programmed funding; and/or include local funding and partnerships. A strategic refinement methodology is also applied to include necessary adjustments to address partner feedback. Overall, this approach involves collaboration with the cities of Belleview, Dunnellon, Ocala, Marion County and FDOT to develop an annual LOPP. The end-results of the process are a set of nine project lists, including an overall Highest Priority Project List.

The TPO's project prioritization process is consistent with state statute (F.S. 339.1758b), federal law (23 C.F.R 450.332b), the 2045 LRTP, and with local aviation master plans, public transit development plans, and the approved local government comprehensive plans within the TPO planning area, to the maximum extent feasible [339.175(8)(c)(7), F.S.].

Project Ranking

The priority projects ranking criteria is tied directly to the adopted 2045 LRTP Goals and Objectives, federally required performance measures and local priorities. The goals from the

2045 LRTP that are used in this prioritization and selection process include:

- Optimization and Preserve Existing Infrastructure
- Focus on Improving Safety and Security of the Transportation System
- Provide Efficient Transportation that Promotes Economic Development
- Promote Travel Choices that are Multimodal and Accessible
- Protect Natural Resources and Create Quality Places
- Ensure the Transportation System Meets the Needs of the Community.

The ranking criteria are grouped into the following ten categories and are summarized as follows:

- 1. **Prior Year Rank**: An emphasis on prior project ranking to help support program stability and advancement toward implementation.
- 2. **Project Cycle:** The status of projects in their development phase with an emphasis on the most weight given to projects that are ready for construction.
- 3. **Local Funding Commitment**: Projects receive points for including a local match commitment.
- 4. **Regional Connectivity and Partnerships**: Projects that involve a formal partnership between two or more jurisdictions and coordination between two or more jurisdictions.
- 5. **Safety**: Points given for being located on a roadway segment with a five-year history of serious injury and fatality crashes. Additional points for projects located on the Commitment to Zero High Injury Network.
- 6. **Congestion Management**: Points given for being located on the most up to date Congestion Management Plan Congested Corridors.
- 7. **Multimodal**: A sidewalk, trail and/or bicycle facility are given points and also receive additional points for connecting to existing multimodal facilities in Marion County.
- 8. **Transportation Resilience**: Points given for being located on an existing Florida Evacuation Route or connection to an Evacuation Route.
- 9. **Economic Development and Logistics**: Points given for connecting to or serving employment growth areas of Marion County, along with connecting to or being located on a facility that supports freight activity centers.
- 10. **Equity**: Projects that are located in one of three disadvantaged areas of Marion County as identified and mapped in the 2045 LRTP.

A complete summary of the LOPP ranking and scoring methodology and most up to date project lists are available on the TPO website.

The **2022** List of Priority Projects (LOPP), Top Priorities is provided in Figure 10 on the next page. The remaining six lists may be found on the TPO's website: https://ocalamariontpo.org/priority-project-list/.

Figure 10: 2022 List of Priority Projects (LOPP), Top Priorities

Rank	FDOT Project Number	Project List	Project Name/Limits	Description	FY 23 to 27 TIP Programmed Phase(s)	FY 23 to 27 TIP Programmed Funding	Proposed Phase(s)	Funding Requested
1	435209-1	Top Priorities	I-75 at NW 49th Street Interchange	Construction of a new interchange and roadway extension of NW 49th from NW 44th to NW 35th	CST	\$42,379,864		
2	433652-1	Top Priorities	SR 40 Intersections at SW 40th Avenue and SW 27th Avenue	Traffic operations, turn lanes at I-75 interchange and SW 40th and SW 27th intersections	ROW	\$1,399,654	CST	\$5,500,000
3		Top Priorities	NW 44th Avenue, SR 40 to NW 11th St	Construction of four new roadway lanes			CST	\$14,000,000
4		Top Priorities	NW 80th/70th from N/O SR 40 to S/O US 27	Widening to four lanes			CST	\$30,000,000
5		Top Priorities	SW 44th Avenue from SR 200 to SW 20th	Four-Lane roadway construction	*CST	\$9,000,000

7		Top Priorities	CR 484 Penn Avenue Multimodal	Roadway reconstruction, shared use path connection from downtown Dunnellon to Blue Run Park	*CST	\$2,537,000		
8		Top Priorities	US 27/I-75 Interchange Operations, NW 44th to NW 35th	Safety and operational improvements at interchange area			PE, CST	\$29,341,000
9	450340-1	Top Priorities	Emerald Road Extension	92nd Loop to FN Railroad Connection	ROW, CST	\$9,650,000	CST	\$4,700,000
10	237988-1	Top Priorities	SR 40 at SR 35 intersection	Construction of a roundabout at the intersection			PE, ROW, CST	\$6,000,000
11		Top Priorities	SW 49th from Marion Oaks Trail to SW 95th	Construction of a four lane divided roadway			CST	\$18,000,000
12	238651-1	Top Priorities	SR 200 from Citrus County to CR 484	Widening to four lanes and pedestrian/wildlife underpass connecting greenway			CST	\$37,800,000
13	433660-1	Top Priorities	US 441 (Pine Avenue) at SR 464 (SE 17th)	Intersection/Turn lane improvements	PE, CST	\$3,277,299		
14	238648-1	Top Priorities	US 41 from SW 110th to North of SR 40	Widening to four lanes, sidewalks/path, shoulders			CST	\$38,100,000
15	410674-2	Top Priorities	SR 40 from End of four lanes to CR 314	Reconstruction, widening to four lanes, new bridges, medians			CST	\$110,100,000
16		Top Priorities	CR 484 from SW 49th Ave to CR 475A	Widening to six lanes, bridge replacement at I-75			PD&E, DES, ROW, CST	\$55,000,000
17	449443-1	Top Priorities	NE 8th Avenue from SR 40 to SR 492	Construction of roundabouts on NE 8th Avenue	CST	\$4,452,800		
18		Top Priorities	CR 484 from Marion Oaks Pass to SR 200	Widening to six lanes			DES, ROW, CST	\$35,000,000
19		Top Priorities	I-75 at SR 326 Interchange	Interchange operational improvements			PE, DES, ROW, CST	TBD
20		Top Priorities	SW 80th Avenue from north of 38th Street to SR 40	Widening of roadway to four lanes			PE, DES, ROW, CST	\$25,000,000
21		Top Priorities	SR 35 and SR 464 Intersection Flyover	Flyover of SR 35 at SR 464			PE, DES, CST	\$35,000,000

5. PROJECTS

Overview

The FY 2023 to 2027 TIP projects are grouped into seven categories. All projects are also summarized in individual project pages by category to support a more accessible and user-friendly format for the citizens of Marion County.

Seven TIP Project Categories:

- Interstate: I-75
- U.S. Routes: US 27, US 41, US 301, US 441
- State and Local Routes: City and County Roads, State Roads (e.g., SR 200)
- Bicycle and Pedestrian: Park Trails, Sidewalks and Trails on City, County and State Roads
- Aviation (Airport): Ocala International Airport, Marion County Airport
- Transit, Funding and Grants: Marion Transit, SunTran, TPO, Others
- ITS and Maintenance: Operations, Aesthetics, Asset Management (repaying, rehabilitation, shoulders, bridges, lighting), ongoing Maintenance

Appendix H contains a summary of changes to major regional transportation projects from the previous Fiscal Years 2022 to 2026 TIP. **Appendix J** contains a companion "snapshot" listing of the TIP projects as submitted to the TPO by FDOT in April 2022.

Appendix K contains a summary report and listing of transportation projects included with the annual Roll Forward TIP Amendment process (Amendment #1). The project funding amounts are part of the year one (Fiscal Year 2023) summary totals as displayed in **Figures 8** and **9**.

Figure 11 provides a summary chart of the acronyms used for various project phases/activities and the terms associated with the projects displayed in the TIP summary pages. This chart may be used as a reference when reviewing the project summary pages in this section.

Acronym	Project Phase and Information
ADM	Administration
CST	Construction (includes Construction, Engineering and Inspection)
CAP	Capital Grant
CEI	Construction, Engineering and Inspection
DES	Design
ENG	Engineering
ENV CON	Environmental/Conservation
FM	FDOT Financial Management Number
INC	Construction Incentive/Bonus
MNT	Maintenance
MSC	Miscellaneous Construction
OPS	Operations
PD&E	Project Development and Environment Study
PE	Preliminary Engineering
PLEMO	Planning and Environmental Offices Study
PLN	In House Planning
PST DES	Post Design
R/R CST	Railroad Construction
RELOC	Relocation
ROW	Right-of-Way Support & Acquisition
RRU	Railroad and Utilities
RT MNT	Routine Maintenance
SEG	Project Segment Number
UTIL	Utilities Construction

Figure 11: Project Phase/Activity and Information Acronym List

TIP Online Interactive Map

The FY 2023 to 2027 TIP online map provides specific project locations and general information including funding and total project cost. Projects without a specific location (e.g. TPO grants, Marion Transit, SunTran grants) are not included in the interactive map. The map may be accessed through the TPO website or directly at the following link:

https://marioncountyfl.maps.arcgis.com/apps/webappviewer/index.html?id=81b909295c9447d7adf4b38bc232adcf

Performance Management and TIP Projects

The following provides a summary of the projects and SunTran transit program funding in the TIP that support meeting federally required performance measures specifically on the NHS and local transit system, including: safety; bridge and pavement condition; system performance; and transit asset management and safety. Safety projects include the entire federal aid transportation system. In some cases, a project may support meeting more than one federal performance measure.

Safety (PM1) (10 projects)

FM Number	Project	Limits	TIP Funding
4348441	CR 482 at 182nd Avenue (1)	at 182nd Avenue	\$350,000
4348442	CR 482 at 182nd Avenue (2)	at 182nd Avenue	\$67,980
4493171	CR 484 at SW 135th Street	at SW 135th Street	\$458,310
4492771	CR 484 at Marion Oaks Blvd	at Marion Oaks Boulevard	\$536,625
4494431	NE 8th Avenue	SR 40 to SR 492	\$4,452,800
4492611	SW 60th Avenue	SW 54th Street to SECO Energy Driveway	\$247,061
4336601	U.S. 441	at SR 464 (SE 17th Street)	\$3,277,299
4336511	CR 484 (at I-75)	Southwest 20th Avenue to CR 475A	\$47,520
4375962	SR 40/Silver Springs Boulevard	NW 27th Avenue to SW 7th Avenue	\$909,279
4392382	SR 25/U.S. 441/301	SR 25 to SR 200/SW 10th Street	\$2,975,178
	1	Total:	\$13,322,052

Pavement and Bridge Condition (PM2) (7 projects)

FM Number	Project	Limits	TIP Funding
4483761	SR 93 (I-75)	SR 200 to N. of U.S. 27	\$17,416,866
4486351	SR 25 (U.S. 441)	CR 25A to Avenue I	\$7,571,976

TIP Project Summary Pages

Summary pages are provided in the following pages for all programmed projects and are organized by the seven project categories.

Summary Page Definitions

Project: Includes the project name, project limits and location.

Project Type: Identifies the type of project improvement(s).

FM Number: References the financial management number in FDOT's project tracking system.

Lead Agency: Identifies the agency with project management oversight.

LRTP (Page #): References how the project reflects the 2045 LRTP goals and planning consistency.

SIS: Denotes if a project is on the state's Strategic Intermodal System (SIS) network.

Description: Summarizes the project and highlights major improvements to be implemented.

Prior <Year: Identifies the amount of funding programmed in years prior to the current five-year TIP period.

Future >Year: Identifies the amount of funding programmed in years beyond the current five-year TIP period.

Total Project Cost: Lists the total project cost programmed for the project, including prior year, current five-year and future year funding.

Phase: Identifies the stage in project development for which funding is programmed.

Fund Category: Identifies the type of funding programmed by phase for the project.

Funding Source: Identifies the source of funding by phase for the project (Federal, State and/or Local).

Fiscal Year: Identifies the federal fiscal year(s) when funding is programmed for the project.

Interstate 75 (I-75) Projects

Project: I-75 (SR 93) at NW 49th Street from end of NW 49th Street to end of NW 35th Street

Project Type: Interchange

FM Number: 4352091

Lead Agency: FDOT

Length: 0.1 miles

LRTP (Page #): Goal 1, Objective 1.2 (14); Goal 2,

Objective 2.1, 2.2, 2.3 (14); Goal 3,

Objective 3.2 (14)

SIS Project

Description:

Construction of a new I-75 interchange at NW 49th Street to facilitate projected increases in freight traffic and regional economic development. This project also includes extending NW 49th Street from NW 44th Avenue to NW 35th Avenue.

Prior <2023: Future >2027: Total Project Cost:

Transportation Improvement Program

Fiscal Years 2021/2022 to 2025/2026

Federal Obligations Report

October 1, 2020 to September 30, 2021

Annual Listing of Federally Obligated Projects

Summary

On an annual basis, per Title 23, United States Code (USC) 450.334, the Ocala Marion Transportation Planning Organization (TPO) is required to provide a summary listing of projects for which federal funds have been *obligated in the preceding federal fiscal year (FFY) from October 1 to September 30. The Florida Department of Transportation (FDOT) assists the TPO in complying with this federal requirement by providing a detailed report of federal project obligations for Marion County. The report is included each year as an amendment to the current Transportation Improvement Program (TIP).

A net total of \$26,342,420 of federal funds were obligated in FFY 2021 on 30 transportation projects and programs in Marion County. The following summary report and detailed obligation document provide a listing of the federally obligated projects by phases and funding sources.

*Obligation is the legal commitment by the Federal government to pay or reimburse a State or other entity for the Federal share of a project's eligible cost. Obligated projects have been authorized by the federal government and funds have been approved for reimbursement. Funding for projects can in some cases also be de-obligated. Funding previously obligated is removed from a project due to changes such as cost, delay or cancellation.

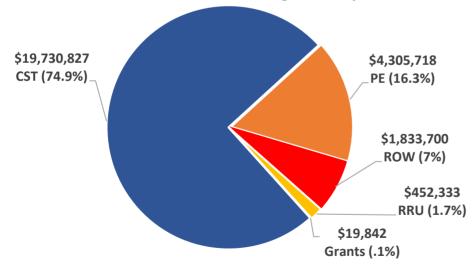

Annual Listing of Federally Obligated Projects - Marion County Federal Fiscal Year (FFY) 2021 October 1, 2020 - September 30, 2021

APPENDIX D: Map of Strategic Intermodal System (SIS)	
23 to 2027 Transportation Improvement Program	D-1

MPORequirements

Florida Department of Transportation Office of Policy Planning

Transportation Performance Management

April 2022

OVERVIEW

This document highlights key provisions of Federal Highway Administration (FHWA) and Federal Transit Administration (FTA) performance management requirements for state Departments of Transportation, Metropolitan Planning Organizations, and transit providers, including target setting, performance reporting, and deadlines.

PLANNING RULE FRAMEWORK

FHWA and FTA jointly issued a Planning Rule in 2016 to document changes in the statewide and metropolitan planning processes consistent with the Moving Ahead for Progress in the 21st Century (MAP-21) Act and the Fixing America's Surface Transporta-

PM3

SYSTEM
PERFORMANCE
AND FREIGHT
MOVEMENT

TRANSIT ASSET MANAGEMENT

tion (FAST) Act. Among other changes, this rule specifies the requirements for state DOTs and MPOs to implement a performance-based approach to planning and programming. Under this framework, the three FHWA performance measures (PM) rules and the FTA transit asset management and transit safety rules established various performance measures to assess roadway safety (PM1), pavement and bridge condition (PM2), system performance and freight movement (PM3), transit asset management (TAM), and transit safety. The Planning Rule and the performance measures rules also specify how MPOs should set targets, report performance, and integrate performance management into their Long-Range Transportation Plans (LRTP) and Transportation Improvement Programs (TIP). FHWA and FTA are expected to issue an updated planning rule in 2022 to incorporate changes introduced in the Bipartisan Infrastructure Law passed in November 2021.

Long-Range Transportation Plans

The Planning Rule specifies how performance management is incorporated into the MPO's LRTP. The LRTP must:

- » Describe the federal performance measures and performance targets used in assessing the performance of the transportation system.
- » Include a System Performance Report that:
 - Evaluates the condition and performance of the transportation system with respect to performance targets.
 - Documents the progress achieved by the MPO in meeting the targets in comparison to performance recorded in past reports.
- » Integrate the goals, objectives, performance measures, and targets described in all the plans and processes required as part of a performance-based program.

Transportation Improvement Programs

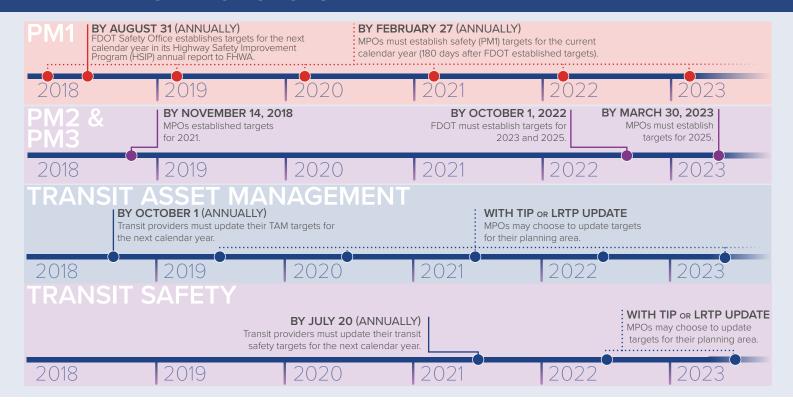

The TIP must:

- » Reflect the investment priorities established in the current long-range transportation plan.
- Be designed such that once implemented, it makes progress toward achieving the performance targets established.
- » Include, to the maximum extent practicable, a description of the anticipated effect of the TIP toward achieving the performance targets identified in the LRTP, linking investment priorities to those performance targets.

FDOT and the
Metropolitan Planning
Organization Advisory
Council (MPOAC) have
developed model
language for inclusion
of performance
measures and targets
in the LRTPs and TIPs

^{*}Please refer to the five accompanying fact sheets to obtain key information for the three FHWA performance measures rules and FTA transit rules.

TIMELINE FOR MPO ACTIONS

TARGET SETTING OPTIONS

The Florida Department of Transportation (FDOT), the MPOs, and providers of public transportation set their respective performance targets in coordination with one another. Each MPO establishes a target for each applicable performance measure. For the **PM1**, **PM2**, and **PM3** measures, each MPO establishes targets by one of two options:

Support the statewide target established by FDOT.

If the MPO chooses to support the statewide target, the MPO provides documentation to FDOT stating that the MPO agrees to plan and program projects so that they contribute toward the accomplishment of FDOT's statewide target for that performance measure.

OR

Establish own target.

If the MPO chooses to establish its own target, the MPO coordinates with FDOT regarding the approach used to develop the target and the proposed target prior to establishing a final target. The MPO provides documentation to FDOT that includes the final target and the date the MPO established the target.

MPOs must establish their targets no later than 180 days after FDOT sets its target.

For the **transit asset management and safety measures**, MPOs may support the targets established by transit providers or establish their own targets. Initial action by the MPO must take place within 180 days of the transit provider action to establish targets. Subsequent MPO transit targets must be established when the MPO updates the LRTP. MPOs will reflect current provider targets in the updated TIP.

ASSESSMENT OF SIGNIFICANT PROGRESS

FHWA will not assess MPO target achievement. However, FHWA and FTA will review MPO adherence to performance management requirements as part of periodic transportation planning process reviews, including the Transportation Management Area (TMA) MPO certification reviews, reviews of adopted and amended LRTPs, and approval of MPO TIPs.

Florida Department of Transportation Office of Policy Planning

MAP-21 Performance Management

April 2022

OVERVIEW

The first of the performance measures rules issued by Federal Highway Administration (FHWA) became effective on April 14, 2016, establishing measures to assess the condition of road safety. This fact sheet summarizes the requirements of this rule, the targets that the Florida Department of Transportation (FDOT) selected to meet them, and the role of the Metropolitan Planning Organizations (MPO) under this rule.*

PERFORMANCE MEASURES - APPLICABLE TO ALL PUBLIC ROADS

The total number of persons suffering fatal **NUMBER OF FATALITIES** injuries in a motor vehicle crash during a calendar year. The total number of fatalities per 100 million RATE OF FATALITIES vehicle miles traveled (VMT) in a calendar year. The total number of persons suffering at least NUMBER OF SERIOUS INJURIES one serious injury in a motor vehicle crash during a calendar year. The total number of serious injuries per 100 RATE OF SERIOUS INJURIES million VMT in a calendar year. **NUMBER OF NON-MOTORIZED** The combined total number of non-motorized FATALITIES AND NON-MOTORIZED fatalities and non-motorized serious injuries

COORDINATION WITH OTHER PLANS

Updates to FDOT's Florida Transportation Plan (FTP) and MPO's Long-Range Transportation Plans (LRTP) must include most recently reported safety performance data and targets.

Updates to the Statewide Transportation Improvement Program (STIP) and Transportation Improvement Programs (TIP) must include a description of how the STIP/TIP contributes to achieving safety performance targets in the FTP/LRTP.

TIMELINE

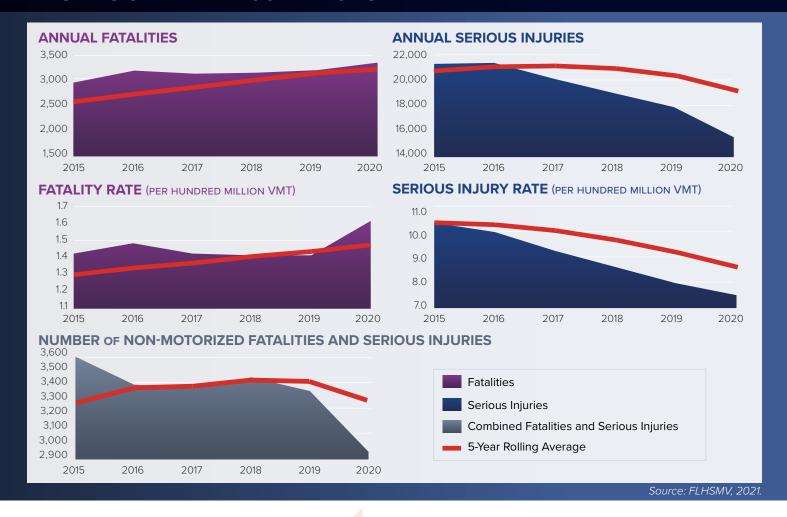

SERIOUS INJURIES

involving a motor vehicle during a calendar year.

^{*} Please refer to the fact sheet addressing MPO Requirements for information about MPO targets and planning processes.

EXISTING STATEWIDE CONDITIONS

STATEWIDE TARGETS

- » FDOT annually establishes statewide safety targets for the following calendar year as part of the HSIP Annual Report, which must be submitted by August 31 each year.
- » Targets are applicable to all public roads regardless of functional classification or ownership.

Given FDOT's firm belief that every life counts, the target set for all safety performance measures is ZERO.

MPO TARGETS

MPOs have the option of supporting the statewide targets or establishing their own targets for the MPO planning area. MPOs must set their targets within 180 days after FDOT sets the statewide targets. MPOs must annually update their targets by February 27 of each year.

ASSESSMENT OF SIGNIFICANT PROGRESS

FHWA considers a state to have met or made significant progress when at least four out of the five safety performance targets are met or the actual outcome for the safety performance target is better than baseline performance.

Based on FHWA's review, Florida is making progress towards achieving the targets established for serious injuries but not yet for fatalities or non-motorized users. As requested by FHWA, FDOT has developed an HSIP Implementation Plan to highlight additional strategies it will undertake in support of these targets.

FHWA will not assess MPO target achievement. However, FHWA and Federal Transit Administration (FTA) will review MPO adherence to performance management requirements as part of periodic transportation planning process reviews, including the Transportation Management Area (TMA) MPO certification reviews, reviews of adopted and amended LRTPs, and approval of MPO TIPs.

PM2: Bridge and Pavement

Florida Department of Transportation Office of Policy Planning

MAP-21 Performance Management

April 2022

OVERVIEW

The second of the performance measures rules issued by Federal Highway Administration (FHWA) became effective on May 20, 2017, establishing measures to assess the condition of the pavements and bridges on the National Highway System (NHS). This fact sheet summarizes the requirements of this rule, the targets Florida Department of Transportation (FDOT) selected to meet them, and the role of the Metropolitan Planning Organizations (MPO) under this rule.*

PAVEMENT PERFORMANCE MEASURES

- » Percentage of pavements on the Interstate System in GOOD condition.
- » Percentage of pavements on the Interstate System in POOR condition.
- » Percentage of pavements on the non-Interstate NHS in GOOD condition.
- » Percentage of pavements on the non-Interstate NHS in POOR condition.

GOOD CONDITION

Suggests no major investment is needed.

BRIDGE PERFORMANCE MEASURES

- » Percentage of NHS bridges (by deck area) classified as in GOOD condition.
- » Percentage of NHS bridges (by deck area) classified as in POOR condition.

POOR CONDITION

Suggests major investment is needed.

TIMELINE

^{*} Please refer to the fact sheet addressing MPO Requirements for information about MPO targets and planning processes.

EXISTING STATEWIDE CONDITIONS

NHS Bridges

2017

BASELINE

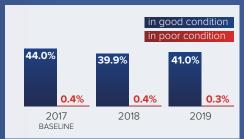

Interstate Pavements 67.7% 66.2% 65.6%

0.5%

2019

66.1% 54.2% 2017 2018 2019 2020 **BASELINE**

Non-Interstate NHS Pavements

STATEWIDE TARGETS

2018

FDOT established 2- and 4-year targets on May 18, 2018 for the full extent of the NHS in Florida. Two-year targets reflect the anticipated performance level at the mid point of each performance period, while 4-year targets reflect it for the end of the performance period.

Performance Measure	2-Year Target	4-Year Target
Pavement		
% of Interstate pavements in GOOD condition	Not required	≥ 60%
% of Interstate pavements in POOR condition	Not required	≤ 5%
% of non-Interstate NHS pavements in <i>GOOD</i> condition	≥ 40%	≥ 40%
% of non-Interstate NHS pavements in <i>POOR</i> condition	≤ 5%	≤ 5%
Bridge		
% of NHS bridges (by deck area) classified in <i>GOOD</i> condition	≥ 50%	≥ 50%
% of NHS bridges (by deck area) classified in <i>POOR</i> condition	≤ 10%	≤ 10%

Note: Two-year targets were not required for Interstate pavement condition for the first performance period, but will be required for the second and subsequent performance periods.

MPO TARGETS

MPOs have the option of supporting the statewide targets or establishing their own targets for the MPO planning area. MPOs must set their targets within 180 days after FDOT sets the statewide targets. MPOs set pavement and bridge targets for the first performance period by November 14, 2018. FDOT will set the targets for the second 4-year performance period by October 1, 2022, after which the MPOs will have 180 days to set their targets.

ASSESSMENT OF SIGNIFICANT PROGRESS

Beginning in 2020 and continuing every two years thereafter, FHWA will determine if FDOT has made significant progress toward the achievement of each 2-year or 4-year applicable statewide target if either:

- » The actual condition/performance level is better than the baseline condition/performance; or
- The actual condition/performance level is equal to or better than the established target.

In January 2021, FHWA determined Florida had made significant progress toward the two-year bridge and pavement targets based on reported data for 2018 and 2019. FHWA will not directly assess MPO progress toward meeting their targets. Rather, it will do so through the periodic transportation planning reviews, including the Transportation Management Area (TMA) MPO certification reviews and reviews of adopted/amended LRTPs and TIPs.

MINIMUM CONDITIONS

Every year, FHWA will assess if FDOT is meeting the statewide minimum condition requirements. If it is not, FDOT must obligate funds to meet minimum requirements.

FDOT IS ON TRACK TO MEET MINIMUM CONDITION REQUIREMENTS

» Pavement: No more than 5 percent of the Interstate System in Poor condition for most recent year.

» Bridge: No more than 10 percent of total deck area of NHS bridges classified as Structurally Deficient (Poor condition) for three consecutive years.

PM3:System Performance

Florida Department of Transportation Office of Policy Planning

MAP-21 Performance Management

April 2022

OVERVIEW

The third of the three performance measures rules issued by Federal Highway Administration (FHWA) became effective on May 20, 2017, establishing measures to assess the performance of the National Highway System (NHS), freight movement on the Interstate System, and Congestion Mitigation and Air Quality Improvement Program (CMAQ). This fact sheet summarizes the requirements of this rule, the targets that the Florida Department of Transportation (FDOT) selected to meet them, and the role of the Metropolitan Planning Organizations (MPO) under this rule.*

PERFORMANCE MEASURES

Performance Measure	Typically Referred to As	What It Measures
Percent of person-miles traveled on the Interstate that are reliable	Interstate reliability	Seeks to assess how reliable the NHS network is by creating a ratio (called Level of Travel Time Reliability, or
Percent of person-miles traveled on the non- Interstate NHS that are reliable	Non-Interstate reliability	LOTTR) that compares the worst travel times on a road against the travel time that is typically experienced. Road miles with a LOTTR less than 1.5 are considered reliable. Traffic volume and an average vehicle occupancy are factored in to determine the person miles that are reliable, and this is converted to a percent of total miles.
Truck travel time reliability (TTTR) index	Truck reliability	Seeks to assess how reliable the Interstate network is for trucks by creating a ratio (called Truck Travel Time Reliability, or TTTR) that compares the very worst travel times for trucks against the travel time they typically experience.

This rule also contains measures addressing CMAQ Program. These are applicable only for areas that are designated as nonattainment or maintenance, of which Florida currently has none. Therefore, they are currently not applicable to FDOT or any of Florida's MPOs.

TIMELINE

^{*} Please refer to the fact sheet addressing MPO Requirements for information about MPO targets and planning processes.

EXISTING STATEWIDE CONDITIONS

INTERSTATE RELIABILITY

Percent of the person-miles traveled on the Interstate that are reliable

NON-INTERSTATE NHS RELIABILITY

Percent of the person-miles traveled on the non-Interstate NHS that are reliable

TRUCK RELIABILITY

Truck travel time reliability index (Interstate)

2017	82.2%
2018	83.5%
2019	83.4%
2020	92.3%
2017	84.0%
2018	86.3%
2019	87.0%
2020	93.5%
2017	1.43
2018	1.42
2019	1.45
2020	1.34
Note: A higher Interstate and non-Intersta	ate NHS reliability percentage means greater reliability.

However, a higher TTTR index means lower reliability.

Source: PM3 Report on Regional Integrated Transportation Information System (RITIS) platform using National Performance Management Data Research Data Set (NPMRDS)

STATEWIDE TARGETS

FDOT established the following 2- and 4-year targets on May 18, 2018. Two-year targets reflect the anticipated performance level at the end of calendar year 2019, while 4-year targets reflect anticipated performance at the end of 2021.

Performance	2-Year	4-Year
Measure	Target	Target
Interstate reliability	≥ 75%	≥ 70%
Non-Interstate NHS reliability	Not required	≥ 50%
Truck reliability	≤ 1.75	≤ 2.00

Note: Two-year targets were not required for non-Interstate reliability for the first performance period, but will be required for the second and subsequent performance periods.

MPO TARGETS

MPOs have the option of supporting the statewide targets or establishing their own targets for the MPO planning area. MPOs must set their targets within 180 days after FDOT sets the statewide targets. MPOs set system performance targets for the first performance period by November 14, 2018. FDOT will set its targets for the second 4-year performance period by October 1, 2022, after which the MPOs will have 180 days to set their targets.

ASSESSMENT OF SIGNIFICANT PROGRESS

Beginning in 2020 and continuing every two years thereafter, FHWA will determine that FDOT has made significant progress toward the achievement of each 2-year or 4-year applicable statewide target if either:

- » The actual condition/performance level is better than the baseline condition/performance; or
- » The actual condition/performance level is equal to or better than the established target.

In January 2021, FHWA determined Florida had made significant progress toward the two-year targets for Interstate and truck reliability based on reported data. If FDOT does not make significant progress toward achieving a reliability target, it must document the actions it will take to achieve the target. For the truck reliability measure, it must provide additional freight analysis and documentation.

FHWA will not assess MPO target achievement. However, FHWA and Federal Transit Administration (FTA) will review MPO adherence to performance management requirements as part of periodic transportation planning process reviews, including the Transportation Management Area (TMA) MPO certification reviews, reviews of updated and amended Long-Range Transportation Plans (LRTP), and approval of MPO Transportation Improvement Programs (TIP).

TRANSIT Asset Management

Florida Department of Transportation Office of Policy Planning

MAP-21 Performance Management

April 2022

OVERVIEW

The Transit Asset Management rule from the Federal Transit Administration (FTA) became effective on October 1, 2016. This rule applies to all recipients and subrecipients of federal transit funding that own, operate, or manage public transportation capital assets. The rule introduces requirements for new State of Good Repair (SGR) performance measures and Transit Asset Management (TAM) Plans. This fact sheet describes these requirements and the role of the Metropolitan Planning Organizations (MPO) under this rule.

STATE OF GOOD REPAIR PERFORMANCE MEASURES

Transit agencies are required to report transit asset performance measures and targets annually to the National Transit Database (NTD). Targets should be supported by the most recent condition data and reasonable financial projections.

Transit Asset Categories and Related Performance Measures

FTA Asset Categories	Type of Measure	Performance Measures
EQUIPMENT Non-revenue support-service and maintenance vehicles	A ge	Percentage of non-revenue, support-service and maintenance vehicles that have met or exceeded their useful life benchmark (ULB)
ROLLING STOCK Revenue vehicles	Age	Percentage of revenue vehicles within a particular asset class that have either met or exceeded their ULB
INFRASTRUCTURE Rail fixed-guideway track	Performance	Percentage of track segments (by mode) with performance restrictions
FACILITIES Buildings and structures	Condition	Percentage of facilities within an asset class rated below condition 3 on the Transit Economic Requirement Model (TERM) scale

"State of good repair" is defined as the condition in which a capital asset is able to operate at a full level of performance. This means the asset:

- 1. Is able to perform its designed function.
- 2. Does not pose a known unacceptable safety risk.
- 3. Lifecycle investments have been met or recovered.

TIMELINE

TAM PLAN

By October 1, 2018 (two years from effective date of the Final Rule), Transit Asset Management Plans (TAM Plan) were required for all providers. These plans are either developed by the providers or by a group sponsor on behalf of multiple providers. These plan must be updated every four years. The Group TAM Plan must be updated by October 1, 2022, and individual TAM Plans by Tier I and Tier II providers must be updated by the start of the provider's fiscal year.

Tier I versus Tier II Agencies

The rule makes a distinction between Tier I and Tier II transit providers and establishes different requirements for them.

Owns, operates, or manages either: < = 100 vehicles in revenue service during peak regular service across ALL non-rail fixed route modes or in ANY one non-rail fixed route mode OR Subrecipient under the 5311 program OR Native American Tribe

TAM Plan Elements

Inventory of Capital Assets
 Condition Assessment
 Decision Support Tools
 Investment Prioritization
 TAM and SGR Policy
 Implementation Strategy
 List of Key Annual Activities

TIER I
ONLY

8. Identification of Resources

9. Evaluation Plan

A **TIER I** provider must develop its own TAM Plan. The Tier I provider must make the TAM plan, annual targets, and supporting materials available to the state DOTs and MPOs that provide funding to the provider.

TIER II agencies may develop their own plans or participate in a group TAM plan, which is compiled by a group TAM plan sponsor. State Departments of Transportation (DOT) that pass FTA funds to subrecipients are required to be group TAM plan sponsors. The unified targets and narrative report for group plan participants are submitted on behalf of all participating agencies by the sponsor. Group plan sponsors must make the group plan, targets, and supporting materials available to the state DOTs and MPOs that program projects for any participants of the group plan. The Florida Department of Transportation (FDOT) developed a group plan for all subrecipients in 2018. The plan included collective targets for subrecipients.

MPO COORDINATION

- » Each public transit provider or its sponsors must share its targets with each MPO in which the transit provider operates services.
- » MPOs are required to establish initial transit asset management targets within 180 days of the date that public transportation providers establish initial targets. However, MPOs are not required to establish transit asset management targets annually each time the transit provider establishes targets. Instead, subsequent MPO targets must be established when the MPO updates the LRTP. MPOs will reflect current provider TAM targets in the updated TIP.
- When establishing transit asset management targets, the MPO can either agree to program projects that will support the transit provider's targets, or establish its own separate regional targets for the MPO planning area. MPO targets may differ from provider targets, especially if there are multiple transit agencies in the MPO planning area.
- » MPOs are required to coordinate with transit providers and group plan sponsors when selecting targets to ensure alignment of targets.
- » FTA will not assess MPO progress toward achieving transit targets. However, the Federal Highway Administration (FHWA) and FTA will review MPO adherence to performance management requirements as part of periodic transportation planning process reviews, including the Transportation Management Area (TMA) MPO certification reviews, reviews of updated LRTPs, and approval of MPO TIPs.

PUBLIC TRANSIT Safety Performance

MAP-21 Performance Management

April 2022

OVERVIEW

The Federal Transit Administration (FTA) has established requirements through 49 CFR 673 for Public Transportation Agency Safety Plans (PTASP) and related performance measures as authorized by the Moving Ahead for Progress in the 21st Century Act (MAP–21). This rule requires certain operators of public transportation systems that receive federal financial assistance under 49 U.S.C. Chapter 53 to develop and implement PTASP based on a Safety Management Systems (SMS) approach. Development and implementation of agency safety plans will help ensure that public transportation systems are safe nationwide. This fact sheet summarizes the requirements of this rule and the responsibilities of Florida's transit providers and Metropolitan Planning Organizations (MPOs) in implementing the rule.

PUBLIC TRANSPORTATION AGENCY SAFETY PLANS (PTASP)

Federal Rule Applicability

RECIPIENTS AND SUB-RECIPIENTS OF FTA 5307 FUNDS

FTA is deferring applicability for operators that only receive 5310 and/or 5311 funds.

SMALL PUBLIC TRANSPORTATION PROVIDERS (5307S) Agencies: a) without rail; and b) with fewer than 101 revenue vehicles in operation during peak service may complete their own plan or have their plan drafted or certified by their state DOT.

PUBLIC TRANSPORTATION SAFETY PERFORMANCE MEASURES

FATALITIES

Total number of reportable fatalities and rate per total vehicle revenue miles by mode.

INJURIES

Total number of reportable injuries and rate per total vehicle revenue miles by mode.

SAFETY EVENTS

Total number of reportable events and rate per total vehicle revenue miles by mode.

SYSTEM RELIABILITY

Mean distance between major mechanical failures by mode.

TIMELINE

BY JULY 20, 2021

Iransit providers must have in place a Public Transportation Agency Safety Plan that meets federal requirements and must have established transit safety targets. After this date, transit providers must update transit safety targets annually.

AFTER JULY 20, 2021

Update or amendments to the LRTP and TIP after this date must be developed according to the Transit Safety Rule.

WITHIN 180 DAYS AFTER DATE OF TRANSIT PROVIDER ACTION Safety targets must be

Safety targets must be established by MPOs.

WITH TIP OR LRTP UPDATE

MPOs may choose to update targets for their planning area.

Transit Providers

MPOs

2021 2022 2023 2024

PTASP CERTIFICATION AND REVIEW

RELATIONSHIP OF PTASP TO FLORIDA REQUIREMENTS

Florida requires each Section 5307 and/or 5311 transit provider to have an adopted System Safety Program Plan (SSPP) (Chapter 14-90, Florida Administrative Code). The FTA PTASP rule and Florida's SSPP requirements are similar, but have some differences. Because Section 5307 providers in Florida must already have a SSPP, FDOT recommends that transit agencies revise their existing SSPPs to be compliant with the new FTA PTASP requirements.

FDOT has issued guidance to providers to assist them with revising existing SSPPs to be compliant with the FTA requirements.

While the PTASP rule requires transit providers to establish safety performance targets, the SSPP does not.

PTASP RELATIONSHIP TO OTHER FEDERALLY REQUIRED PLANS AND PRODUCTS

REQUIREMENTS

COORDINATION WITH METROPOLITAN, STATEWIDE, AND NON-METROPOLITAN PLANNING PROCESSES

- » Public transit providers will coordinate with FDOT and affected MPOs in the selection of transit safety performance targets.
- » Providers will give written notice to the MPO(s) and FDOT when the provider establishes transit safety targets. This notice will provide the established targets and the date of establishment.
- » MPOs that establish their own transit safety targets will coordinate with the public transit provider(s) and FDOT in the selection of transit safety performance targets. The MPOs will give written notice to the public transit providers and FDOT when the MPO establishes its own transit safety targets.
- » MPOs that agree to support a public transit provider's safety targets will provide FDOT and the public transit providers documentation that the MPO agrees to do so.

- » Public transit providers that annually draft and certify a PTASP must make the PTASP and underlying safety performance data available to FDOT and the MPOs to aid in the planning process.
- » Public transit providers will update the PTASP and establish transit safety targets annually. MPOs are not required to establish transit safety targets annually each time the transit provider establishes targets. Instead, subsequent MPO targets must be established when the MPO updates the LRTP. MPOs will reflect current provider PTASP targets in the updated TIP.
- » If two or more providers operate in an MPO planning area and establish different safety targets for a measure, the MPO may establish a single target for the MPO planning area or establish a set of targets for the MPO planning area that reflect the differing transit provider targets.

APPENDIX F: Public and Partner Comments

FY 2023 to 2027 Transportation Improvement Program (TIP)

Public Comments

Summary

The draft Fiscal Years 2023 to 2027 Transportation Improvement Program (TIP) was made available for public and partner agency review on May 3, 2022. The following public comments were received by the TPO.

- **Comment:** "Please expand I-75 and existing roads before destroying farms, nature, and the springs to build new ones. Once these resources are gone they can never be replaced."
 - TPO Response: Noted for public record. The citizen requested to not receive follow up from the TPO. The comment is part of public record and included in the TIP document for future planning considerations.
- Comment: "As a member of the TPO Board who works at Central Florida Community Action Agency and live in Alachua County, one of the things that I've noticed for some of the clients that we serve in Marion County, they have transportation needs to get back and forth to clinical sites that are often located in Belleview, Orlando, etc. I'm not sure if there is some sort of shuttle services that can assist students who are residents and need to travel outside of Marion County for clinicals, work, etc."
 - TPO Response: Noted for public record. The citizen was thanked for the comment and informed it will become part of public record, and included in the TIP document for future planning considerations.
- Comment: "The back and forth regarding opening Ocala Int'l Airport to commercial airlines needs to be resolved in two ways: The designation "International Airport" is misleading. That needs to be changed to something else to reflect the actual air traffic and constituent travel: Regional Airport? Regional Business Airpark? Dump the word "International". Second, a lot of frustration of air travelers having to drive to Orlando or Gainesville could be reduced by a highspeed railway system."
 - TPO Response: Noted for public record. The citizen was thanked for the comment and informed it will become part of public record, and included in the TIP document for future planning considerations.

Fiscal Vears

TRANSPORTATION IMPROVEMENT PROGRAM (TIP) REVIEW CHECKLIST

The following TIP Review Checklist is provided to assist in the review of the TIP. This Review Checklist is to be completed and included in the MPO's final TIP Document.

Comments should be categorized as:

Editorial: Comments may be addressed by MPO, but would not affect approval of the document, i.e., grammatical, spelling and other related errors.

Enhancement: Comments may be addressed by MPO, but would not affect approval of the document, i.e., improve the quality of the document and the understanding for the public (improving graphics, re-packaging of the document, use of plain language, reformatting for clarity, removing redundant language).

Critical: Comment MUST be addressed to meet minimum state and federal requirements to obtain approval. The reviewer must clearly identify the applicable state or federal policies, regulations, guidance, procedures or statutes that the document does not conform with.

If a question is categorized, a comment must be included. In addition, if a question is answered with "no", a comment must also be included. Once the checklist is finalized, please share as a PDF.

APPENDIX G: Glossary of Terms and Acronyms		

Glossary of Terms and Acronyms

ACRYONYM	NAME	DESCRIPTION
3C	Continuing, Cooperative and Comprehensive	A Continuing, Cooperative and Comprehensive (3C) process is required for all Metropolitan Planning Organizations (MPO) to be eligible for Federal transportation funding.
ACS	American Community Survey	The American Community Survey is an ongoing survey that provides vital information on a yearly basis about our nation and its people.
ADA	Americans with Disabilities Act	The Americans with Disabilities Act (ADA) prohibits discrimination against people with disabilities in employment, transportation, public accommodation, communications, and governmental activities.
ATMS	Automated Traffic Management System	ATMS is used to improve the efficiency of the transportation network. ATMS utilizes data-analysis and communication technology to reduce congestion in real-time due to crashes and other traffic problems.
BEA	Bureau of Economic Analysis	Federal agency within the Department of Commerce that provides economic data and projections.
BLS	Bureau of Labor Statistics	Federal agency within the Department of Labor that tracks federal employment data.
BTS	Bureau of Transportation Statistics	The Bureau of Transportation Statistics was established as a statistical agency in 1992. The Intermodal Surface Transportation Efficiency Act (ISTEA) of 1991 created BTS to administer data collection, analysis, and reporting and to ensure the most cost-effective use of transportation- monitoring resources.
CAAA	Clean Air Act Amendments of 1990	The original Clean Air Act was passed in 1963, but the national air pollution control program is actually based on the 1970 revision of the law. The Clean Air Act as amended in 1990 made major changes and contains the most far reaching revisions of the 1970 law.
CAC	Citizen Advisory Committee	The Citizens Advisory Committee (CAC) advises the TPO on local transportation issues based on the input of citizens they represent in the area. The TPO strives to keeps the composition of the CAC diverse in terms of geographic location and professions represented.
CBSA	Core Based Statistical Areas	CBSAs consist of the county or counties or equivalent entities associated with at least one core (urbanized area or urban cluster) of at least 10,000 population plus adjacent counties having a high degree of social and economic integration with the core. Social and economic integration is measured in the form of commuting and other reoccurring travel.
СЕМРОА	Central Florida Metropolitan Planning Organization Alliance	A partnership of Transportation Planning Organizations in Central Florida created to provide transportation solutions throughout the region.
CFR	Code of Federal Regulations	The codification of the rules published in the Federal Register by the executive departments and agencies of the Federal Government. These are the administrative rules and regulations that clarify the impact of the United States Code (USC) or the law.

ACRYONYM	NAME	DESCRIPTION
CFRPM	Central Florida Regional Planning Model	Travel demand forecasting tool used by numerous planning agencies throughout central Florida.
CMAQ	Congestion Mitigation and Air Quality Improvement Program	The CMAQ program funds transportation projects and programs in air quality non-attainment and maintenance areas that reduce traffic congestion and transportation related emissions (ozone, carbon monoxide, particulate matter, etc.).
СМР	Congestion Management Process	A systematic approach required in transportation management areas (TMAs) that provides for effective management and operation. Provides information on transportation system performance and finds alternative ways to alleviate congestion and enhance the mobility of people and goods, to levels that meet state and local needs.
СТС	Community Transportation Coordinator	Community Transportation Coordinators are businesses or county departments responsible for arrangement of transportation services delivered to the transportation disadvantaged. (Definition taken from Lee MPO - http://leempo.com/programs-products/transportation- disadvantaged/).
CTD	Commission for Transportation Disadvantaged	Created in 1989, the CTD was created to provide statewide policy guidance to Florida's Transportation Disadvantaged Program, which coordinates funs to provide older adults, persons with disabilities and people with limited access to employment, health care and educational opportunities (Definition taken from NCFRPC - http://www.ncfrpc. org/TD/td.html).
СТРР	Census Transportation Planning Products	The CTPP is a set of special tabulations designed by and for transportation planners using large sample surveys conducted by the Census Bureau.
СТЅТ	Community Traffic Safety Team	An organization created to inform the public about transportation safety issues. Major events conducted by the Marion County CTST include "Walk Your Child to School Day", a mock DUI scenario, and a Battle of the Belts competition.
DBE	Disadvantaged Business Enterprise	The DBE program ensures that federally-assisted contracts for transportation projects are made available for small businesses owned/ controlled by socially and economically disadvantaged individuals (Definition taken from FHWA - https://www.fhwa.dot.gov/civilrights/ programs/dbe/).
DOPA	Designated Official Planning Agency	An agency that assists the Florida Commission for the Transportation Disadvantaged (CTD) in the coordination of safe, efficient, cost effective transportation services to those who are transportation disadvantaged. (Definition taken from CTD - https://ctd.fdot.gov/ communitytransystem.htm)
DRI	Development of Regional Impact	A large-scale development project that may impact multiple counties or jurisdictions
EIS	Environmental Impact Statement	Report developed as part of the National Environmental Policy Act requirements, which details any adverse economic, social, and environmental effects of a proposed transportation project for which Federal funding is part of the project.

ACRYONYM	NAME	DESCRIPTION
EPA	Environmental Protection Agency	The federal regulatory agency responsible for administering and enforcing federal environmental laws, including the Clean Air Act, the Clean Water Act, the Endangered Species Act, and others.
ETDM	Efficient Transportation Decision Making	Developed by the Florida Department of Transportation (FDOT) to streamline the environmental review process, ETDM helps protect natural resources by involving stakeholders early in the transportation planning process. Specifically, ETDM is used to identify the impacts may occur from planned transportation projects.
FAA	Federal Aviation Administration	FAA provides a safe, secure, and efficient global aerospace system that contributes to national security and the promotion of US aerospace safety.
FAST Act	Fixing America's Surface Transportation Act	The Fixing America's Surface Transportation (FAST) Act is five-year legislation that was enacted into law on December 4, 2015. The main focus of the legislation is to improve the Nation's surface transportation infrastructure, including our roads, bridges, transit systems, and rail transportation network.
FDOT	Florida Department of Transportation	Originally named the Florida State Road Department, the Florida Department of Transportation (FDOT) was created in 1969. FDOT's mission is to ensure the mobility of people and goods, enhance economic prosperity, and preserve the quality of the environment and community (Definition taken from State of Florida-https://jobs.myflorida.com/go/ Department-of-Transportation/2817700/).
FHWA	Federal Highway Administration	A branch of the U.S. Department of Transportation that administers the federal- aid highway program, providing financial assistance to states to construct and improve highways, urban and rural roads, and bridges.
FMTP	Freight Mobility and Trade Plan	FDOT's Freight Mobility and Trade Plan (FMTP) defines policies and investments that will enhance Florida's economic development into the future.
FSUTMS	Florida Standard Urban Transportation Modeling Structure	FSUTMS is a computerized planning model that allows users to better predict the impact of transportation policies and programs by providing a standardized framework for the development, use and sharing of models.
FTA	Federal Transit Administration	A branch of the U.S. Department of Transportation that administers federal funding to transportation authorities, local governments, and states to support a variety of locally planned, constructed, and operated public transportation systems throughout the U.S., including buses, subways, light rail, commuter rail, streetcars, monorail, passenger ferry boats, inclined railways, and people movers.
FTP	Florida Transportation Plan	Florida's long-range plan that guides current transportation decisions. The plan outlines transportation issues and solutions related to improving safety, efficiency, population growth, economic development, and access to transit and other modes of transportation.
FY	Fiscal Year/ Federal Fiscal Year	The TPO's Fiscal Year is from July 1 to June 30. The Federal Fiscal Year is from October 1 to September 30.

ACRYONYM	NAME	DESCRIPTION
GIS	Geographic Information System	Computerized data management system designed to capture, store, retrieve, analyze, and display geographically referenced information.
HOV	High-Occupancy Vehicle	Vehicles carrying two or more people.
HSIP	Highway Safety Improvement Program	The goal of the HSIP program is to achieve a significant reduction in traffic fatalities and serious injuries on all public roads, including non-State-owned public roads and roads on tribal lands.
HUD	Department of Housing and Urban Development	HUD's mission is to increase homeownership, support community development and increase access to affordable housing free from discrimination. HUD's Community Development Block Grant Program (CDBG) is a program with many resources that are used to help address a wide array of community development needs, including sidewalks and other transportation infrastructure.
IIJA	Infrastructure Investment and Jobs Act	Commonly referred to as the Bipartisan Infrastructure Bill, IIJA was signed into law by President Biden on November 15, 2021. IIJA includes \$550 billion in new funding for transportation infrastructure. IIJA authorizes \$1.2 trillion in total spending.
IRI	International Roughness Index	International Roughness Index (IRI) is used by transportation professionals around the world as a standard to quantify road surface roughness. IRI is highly useful for assessing overall roadway pavement ride quality; a higher IRI value indicates a rougher road surface.
ITS	Intelligent Transportation Systems	Electronics, photonics, communications, or information processing to improve the efficiency or safety of the surface transportation system.
LOS	Level of Service	Level of Service (LOS) is a term that describes the operating conditions a driver, transit users, bicyclist, or pedestrian will experience while traveling on a particular street, highway or transit vehicle. LOS is used in transportation planning as a data friendly tool to help aid in the decision making process regarding road capacity. LOS data allows planners to make more informed decisions regarding transportation projects.
LOPP	List of Priority Projects	The List of Priority Projects (LOPP) is a formalized list developed each year by the TPO in collaboration with local government partners, and as required by state statute. The LOPP contains the highest priorities for future transportation projects and investments to receive consideration for federal and state funding.
LRTP/MTP	Long-Range Transportation Plan (or Metropolitan Transportation Plan)	A document that serves as the defining vision for the region's transportation systems and services. The LRTP addresses a planning horizon of no less than a 20-years and is developed, adopted, and updated every five years by the TPO. The most recent LRTP was adopted in December 2015. The plan can be viewed on the TPO website at: https://ocalamariontpo.org/plans-and-programs/long-range- transportation-plan-Irtp/.

ACRYONYM	NAME	DESCRIPTION
LOTTR	Level of Travel Time Reliability	The Level of Travel Time Reliability (LOTTR) is the ratio of the 80th percentile travel time to the normal travel time (50th percentile) throughout a full calendar year. Data for this measure is derived from the FHWA National Performance Management Research Data set (NPMRDS).
MAP-21	Moving Ahead for Progress in the 21st Century	The Moving Ahead for Progress in the 21st Century Act (P.L. 112-141), was signed into law in 2012. Funding surface transportation programs at over 105 billion for fiscal years (FY) 2013 and 2014, MAP-21 is the first long-term highway authorization enacted since 2005. MAP-21 creates a streamlined and performance-based surface transportation program and builds on many of the highway, transit, bike, and pedestrian programs and policies established in 1991.
МРА	Metropolitan Planning Area	The geographic area determined by agreement between the transportation planning organization (TPO) for the area and the Governor, in which the metropolitan transportation planning process is carried out.
МРО	Metropolitan Planning Organization	An MPO, also known as a TPO, is a forum for cooperative transportation decision-making for metropolitan planning areas. In order for a TPO to be designated as an MPO, an urban area must have a population of at least 50,000 as defined by the US Census Bureau.
MPOAC	Metropolitan Planning Organization Advisory Council	A planning and policy organization created to assist individual MPO/TPOs across Florida in building a more collaborative transportation planning process.
MSA	Metropolitan Statistical Area	A Core Based Statistical Areas associated with at least one urbanized area that has a population of at least 50,000. The metropolitan statistical area comprises the central county or counties or equivalent entities containing the core, plus adjacent outlying counties having a high degree of social and economic integration with the central county or counties as measured through commuting.
NTD	National Transit Database	The National Transit Database (NTD) is the repository of data for the financial, operating and asset conditions of the nation's transit systems.
NEPA	National Environmental Policy Act of 1969	Established requirements that any project using federal funding or requiring federal approval, including transportation projects, examine the effects of proposed and alternative choices on the environment before a federal decision is made.
NHPP	National Highway Performance Program	The NHPP provides support for the condition and performance of the National Highway System (NHS), for the construction of new facilities on the NHS.
NHPP (Bridge)	National Highway Performance Program (Bridge)	Reconstruction, resurfacing, restoration, rehabilitation, or preservation of a bridge on a non-NHS Federal-aid highway (if Interstate System and NHS Bridge Condition provision requirements are satisfied) [23 U.S.C. 119(i)].
NHS	National Highway System	This system of highways designated and approved in accordance with the provisions of 23 U.S.C. 103(b) (23CFR500).

ACRYONYM	NAME	DESCRIPTION
PD&E	Project Development and Environmental Study	A study conducted to determine feasible building alternatives for transportation projects and their social, economic and environmental impacts. PD&E studies are required per the National Environmental Policy Act (NEPA). (Definition taken from FDOT, District 7 - https://www.fdotd7studies.com/what-is-a-pde-study.html).
PEA	Planning Emphasis Area	Planning Emphasis Areas set planning priorities that are supportive of the statewide Florida Transportation Plan (FTP), and give importance to topics that all MPOs are encouraged to address in their respective planning programs.
PM	Performance Management	Performance Management (PM) serves as federally required strategic approach that uses system data and information guide investment and policies to achieve national goals.
РРР	Public Participation Plan	The Public Participation Plan documents the goals, objectives and strategies for ensuring all individuals have every opportunity to be involved in transportation planning decisions. The plan is designed to provide a transparent planning process that is free from any cultural, social, racial or economic barriers and offers multiple opportunities for public participation and input.
PTASP	Public Transportation Agency Safety Action Plan	A plan that is developed by transit agencies to identify responsibilities for safety and day to day implementation of a safety management system.
RPC	Regional Planning Council	Organizations designated by Florida law to provide planning and technical expertise to local governments in order to promote regional collaboration.
SHSP	Strategic Highway Safety Plan	This is a statewide and coordinated safety plan that provides a comprehensive framework for eliminating highway fatalities and reducing serious injuries on all public roads.
SIS	Strategic Intermodal System	A network of transportation facilities important to the state's economy and mobility. The SIS was created to focus the state's limited resources on the facilities most significant for interregional, interstate and international travel (Definition taken from FDOT - https://www.fdot.gov/planning/sis/default.shtm).
SOV	Single-Occupancy Vehicle	Any motor vehicle operated or driven by a single person.
STBG	Surface Transportation Block Grant Program	The STBG federal funding promotes flexibility in State and local transportation decisions and provides flexible funding to best address State and local transportation needs.
STIP	Statewide Transportation Improvement Program	The STIP is a statewide prioritized listing/program of transportation projects covering a period of four years that is consistent with the long-range statewide transportation plan, metropolitan transportation plans, and TIPs, and required for projects to be eligible for funding under title 23 U.S.C. and title 49 U.S.C. Chapter 53.
STP	Surface Transportation Program	Federal-aid highway funding program that supports a broad range of surface transportation capital needs, including many roads, transit, sea and airport access, vanpool, bike, and pedestrian facilities.

ACRYONYM	NAME	DESCRIPTION
TAC	Technical Advisory Committee	The Technical Advisory Committee provides technical expertise to the TPO by reviewing transportation plans, programs and projects primarily from a technical standpoint. The TAC is comprised of professional planners, engineers, and other state and local professionals.
ТАМР	Transportation Asset Management Plan	The TAMP outlines the process for effectively operating, maintaining and improving the physical transportation assets in Florida (e.g., roads, bridges, culverts).
TAZ	Traffic Analysis Zone	A defined geographic area used to tabulate traffic-related land use data and forecast travel demand. Traffic Analysis Zones typically consist of one or more Census blocks/tracts or block groups.
TD	Transportation Disadvantaged	Transportation Disadvantaged includes individuals with physical and economic challenges and senior citizens facing mobility issues.
TDLCB	Transportation Disadvantaged Local Coordinating Board	The TDLCB coordinates transportation needs of the disadvantaged, including individuals with physical and economic challenges and senior citizens facing mobility issues. The Board helps the TPO identify local service needs of the Transportation Disadvantaged (TD) community to the Community Transportation Coordinator (CTC).
TDM	Transportation Demand Management	Programs designed to reduce demand for transportation through various means, such as the use of public transit and of alternative work hours.
TDP	Transit Development Plan	The Transit Development Plan (TDP) represents the community's vision for public transportation in the Ocala Marion TPO service area for a 10- year span. Updated every five years, the Plan provides a comprehensive assessment of transit services in Marion County. Specifically, the TDP details SunTran's transit and mobility needs, cost and revenue projections, and community transit goals, objectives, and policies.
TIP	Transportation Improvement Program	A TIP is a prioritized listing/program of transportation projects covering a period of five years that is developed and formally adopted by a TPO as part of the metropolitan transportation planning process, consistent with the metropolitan transportation plan, and required for projects to be eligible for funding under title 23 U.S.C. and title 49 U.S.C. Chapter 53.
TMA	Transportation Management Area	An urbanized area with a population over 200,000 (as determined by the latest decennial census) or other area when TMA designation is requested by the Governor and the TPO (or affected local officials), and officially designated by the Administrators of the FHWA and FTA. The TMA designation applies to the entire metropolitan planning area.
TMIP	Travel Model Improvement Program	TMIP supports and empowers planning agencies through leadership, innovation and support of planning analysis improvements to provide better information to support transportation and planning decisions.

ACRYONYM	NAME	DESCRIPTION
TOD	Transit Oriented Development	Transit-oriented development, or TOD, is a type of community development that includes a mixture of housing, office, retail and/or other amenities integrated into a walkable neighborhood and located within a half-mile of quality public transportation (Definition taken from Reconnecting America-www.reconnectingamerica.org).
ТРМ	Transportation Performance Management	FHWA defines Transportation Performance Management as a strategic approach that uses system information to make investment and policy decisions to achieve national performance goals.
ТРО	Transportation Planning Organization	A TPO, also known as an MPO, is a forum for cooperative transportation decision-making for metropolitan planning areas. In order for a TPO to be designated, an urban area must have a population of at least 50,000 as defined by the US Census Bureau.
TRB	Transportation Research Board	The mission of the Transportation Research Board (TRB) is to promote innovation and progress in transportation through research.
TRIP	Transportation Regional Incentive Program	Created in 2005, the program provides state matching funds to improve regionally significant transportation facilities.
TTTR	Truck Travel Time Reliability Index	The Truck Travel Time Reliability Index (TTTR) is defined as the ratio of longer truck travel times (95th percentile) compared to normal truck travel times (50th percentile) on the interstate system.
UA	Urbanized Area	A statistical geographic entity delineated by the Census Bureau, consisting of densely settled census tracts and blocks and adjacent densely settled territory that together contain at least 50,000 people.
ULB	Useful Life Benchmark	The expected lifecycle or the acceptable period of use in service for a transit capital asset, as determined by the transit agency or by a default benchmark provided by the Federal Transit Administration.
UPWP	Unified Planning Work Program	UPWP means a Scope of Services identifying the planning priorities and activities to be carried out within a metropolitan planning area. At a minimum, a UPWP includes a description of planning work and resulting products, who will perform the work, time frames for completing the work, the cost of the work, and the source(s) of funds.
USC	United States Code	The codification by subject matter of the general and permanent laws of United States.
USDOT	United States Department of Transportation	When used alone, indicates the U.S. Department of Transportation. In conjunction with a place name, indicates state, city, or county transportation agency.
YOE	Year of Expenditure	The current dollar in the year (adjusted for inflation) during which an expenditure is made or benefit realized, such as a project being constructed.
VMT	Vehicle Miles Traveled	A measurement of miles traveled by vehicles within a specified region for a specified time period (Definition taken from Wikipedia).

APPENDIX H: Project Changes from Prior TIP

Project Changes from Prior Transportation Improvement Program (TIP)

The following lists (2) summarize major projects that were programmed in the previous FY 2022 to FY 2026 TIP and their respective status toward implementation. This includes projects that were advanced; completed; under construction (2022); or deferred.

Changes to total project funding are also noted for major projects programmed in both the previous FY 2022 to FY 2026 TIP and the current FY 2023 to FY 2027 TIP.

	Project Status from Prior TIP: Advanced, Completed, Con	nstruction or Deferred	
Project			FY 22-26 TIP
Number/FM	Project Description	Project Status	Funding
2386481	SR 45 (US 41) from SW 110th Street to North of SR 40	Deferred Out	\$44,211,268
4112565	SR 35 (US 301) Dallas Pond Redesign	Constrution 2022	\$537,379
4336511	CR 484 from SW 20th Avenue to CR 475A	Construction 2022	\$15,302,481
4336611	U.S. 441 from SR 40 to SR 40A (Broadway)	Construction 2022	\$3,607,422
4348441	CR 42 at SE 182nd Avenue	Deferred to FY 23	\$407,200
4354842	Pruitt Trail from SR 200 to Pruitt Trailhead	Deferred to FY 26	\$2,158,000
4364742	Saddlewood Elementary School Sidewalks	Construction 2022	\$317,096
4364743	Legacy Elementary School Sidewalks	Construction 2022	\$1,411,659
4375962	SR 40 from NW 27th Street to SW 7th Street Sidewalks	Completed 2021	\$913,539
4384271	Marion County Airport Airfield Pavement Improvements	Deferred to FY 25	\$4,833,608
4384771	Ocala International Airport Taxiway Improvements	Deferred to FY 26	\$6,500,000
4407801	Ocala International Airport Pavement Rehabilitation	Deferred to FY 24	\$1,978,750
4408801	Marion Oaks Marion Oaks Manor Sidewalk	Construction 2022	\$36,210
4431701	SR 93 (I-75) from Sumter County to SR 200	Construction 2022	\$30,271,013
4437301	U.S. 301/U.S. 441 South of Split to North of Split Landscape	Construction 2022	\$372,839
4453211	Wildwood Mainline Weigh-In Motion (WIM) Screening	Construction 2022	\$4,621,712
4456871	U.S. 41/Williams from Brittan Alexander Bridge to River Road	Advanced to FY 22	\$551,496
4458001	SR 40 at SR 492 (NE 14th Street)	Advanced to FY 22	\$987,415
4471371	SR 200 Bridges and SR 40 Bridge Deck Rehabilitation	Construction 2022	\$1,010,681
4483891	NW 9th Street at Railroad Crossing #627174G	Completed 2022	\$207,629
4485751	Ocala International Airport ARFF Building	Deferred to FY 27	\$1,608,894

	Major Project Total Funding Changes: Prior TIP t	to Current TIP	
Project		Project Schedule	Change in
Number/FM	Project Description	Changes	Project Funding
2386481	SR 45 (US 41) from SW 110th St to North of SR 40	Deferred Out	-\$44,211,268
4336511	CR 484 from SW 20th to CR 475A	None	-\$2,874,947
	I-75 (SR 93) at NW 49th Street from end of NW 49th to NW		
4352091	35th	None	-\$2,922,305
	I-75 (SR 93) Rest Area Marion County, N/O CR 484 to S/O SR		
4385621	200	None	\$8,409,437
4392341	SR 200 from I-75 to US 301	None	\$5,749,473
4411411	SR 464 from US 301 to SR 35 (Baseline)	None	\$2,314,249
4452121	SR 200 (US 301) from S/O NE 175th to Alachua County Line	None	-\$481,617
4452171	SR 326 from NW 12th to SR 40	None	\$3,421,516
4457011	SE Abshier Boulevard from SE Hames to N/O SE Agnew Road	None	\$566,843

APPENDIX I: List of Projects in 2045 LRTP

FIGURE 7.2: 2021-2025 PROJECTS

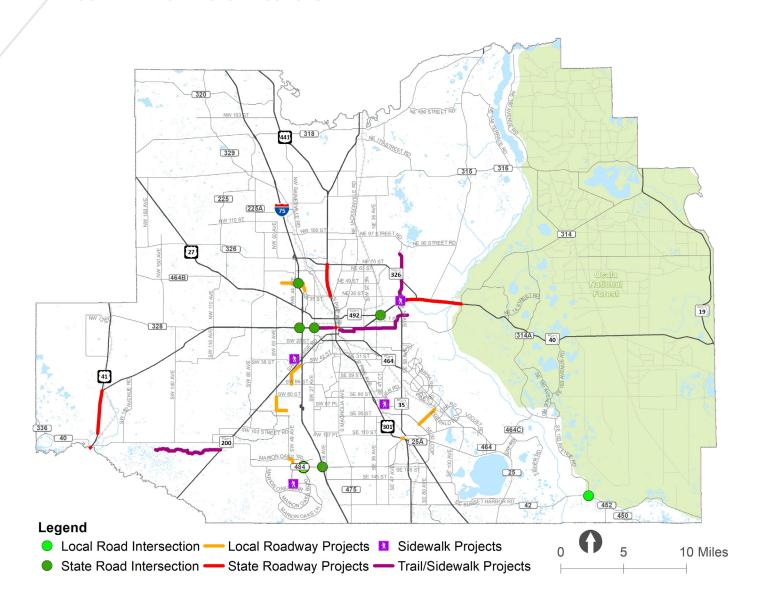

TABLE 7.2: 2021-2025 PROJECTS

PROJECT TYPE	FACILITY	FROM	то	IMPROVEMENT
	SR 45 (US 41)	SW 110TH St	N of SR 40	Add Lanes & Reconstruct
	SR 40	End of 4 Lanes	E of CR 314	Add Lanes & Reconstruct
	CR 484	SW 20TH Ave	CR 475A	Interchange Improvement
	SR 40	at SW 40th Ave and SW 27th Ave		Add Turn Lane(s)
	I-75(SR 93)	End of NW 49th St	End of NW 35th St	New Interchange
State/Federal Funded Roadway Investmens	US 441	SR 40	SR 40A (SW Broadway)	Traffic Ops Improvement
	E SR 40	At SR 492		Traffic Signals
	SR 40	SW 27th Ave	MLK Jr. Ave	Safety Project
	US 41/Williams St	Brittan Alexander Bridge	River Rd	Safety Project
	SR 25	NW 35th St	SR 326	Safety Project
	CR 42	at SE 182ND		Add Turn Lane(s)

APPENDIX K: Roll Forward TIP Amendment Report

Website: Ocalamariontpo.org

Transportation Improvement Program

Fiscal Years 2023 to 2027

Roll Forward Amendment

Pending Approval August 23, 2022

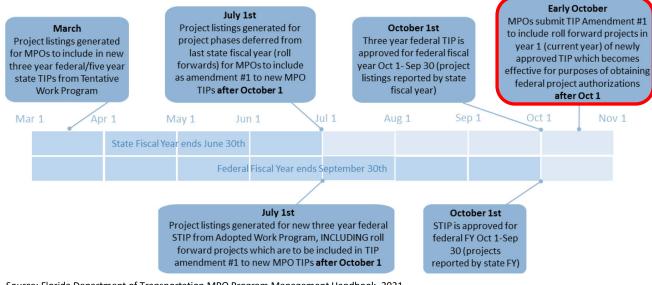

Roll Forward TIP Amendment

PURPOSE

The TPO's FY 2023 to FY 2027 Transportation Improvement Program (TIP) was adopted by the Board on June 28, 2022. The purpose of the TIP Roll Forward Amendment is to ensure full consistency by October 1 each year between the Ocala/Marion County Transportation Planning Organization (TPO) Transportation Improvement Program (TIP) and the Florida Department of Transportation (FDOT) Work Program.

In some cases, project funding programmed in the previous fiscal year of the prior TIP document was not authorized and encumbered prior to June 30. These projects then roll-forward in the FDOT Work Program for year one (FY 2023), but not into the TPO's TIP to meet the timeline for annual adoption. As a result, the TPO's TIP must be amended each year to include roll-forward projects in the current fiscal year to ensure consistency with the FDOT Work Program. Hence, the process is called the Roll Forward TIP Amendment.

Unlike all other projects, Federal Transit Administration (FTA) projects to not automatically roll-forward in the FDOT Work Program. The TPO coordinates with SunTran to verify that project funding is appropriately accounted for in the Roll Forward TIP Amendment. The following graphic displays the Roll Forward process and all key milestones.

Source: Florida Department of Transportation MPO Program Management Handbook, 2021

Roll Forward Summary

The following tables summarize roll forward projects for the FY 2023 to FY 2027 TIP. The table includes current FY 2023 project funding, amount of funding rolled forward, and revised FY 2023 project funding.

Project FM #	Project Name	Work Type	Phase(s)	Current TIP FY 2023	Amount Rolled Forward	Revised TIP FY 2023
			PE	\$0	\$275,665	\$275,665

RON DESANTIS GOVERNOR 605 Suwannee Street Tallahassee, FL 32399-0450 JARED W. PERDUE, P.E. SECRETARY

July 11, 2022

Ocala Marion TPO ATTN: Rob Balmes, Executive Director 2710 E Silver Springs Blvd Ocala FL 34470

RE: Request to Amend Fiscal Year (FY) 2022/23-2026/27 Transportation Improvement Program (TIP) – Annual Roll Forward

Dear Mr. Balmes:

The purpose of this letter is to request Ocala Marion TPO amend the FY 2022/23-2026/27 TIP with the Annual Roll-Forward Report. The Roll Forward report reconciles differences between the TIP and Florida Department of Transportation's (FDOT) Adopted Five-Year Work Program. This is annual process is routine and assists the MPO with identifying projects using federal funds that were not committed during the previous state fiscal year (FY 2021/2022). These projects have automatically "rolled forward" in the FDOT Adopted Five-Year Work Program as of July 1, 2022. This amendment ensures that year one of the TIP matches year one of FDOT's Adopted Five-year Work Program.

The reason for this amendment is to ensure projects with federal funding can be authorized prior to the new Federal Fiscal Year (FFY) beginning on October 1 each year. Until then, Federal Highway Administration (FHWA) and Federal Transit Administration (FTA) continue to recognize the FY 2021/22 – 2025/26 TIP as the effective document. Adopting the Roll Forward Report and amending it into the TIP ensure projects will continue to be authorized without interruption.

The affected projects are listed in the attached Roll-Forward Report dated July 5, 2022. The MPO is requested to add this report to the FY 2022/23-2026/27 TIP in its entirety.

Feel free to contact the Liaison Group at D5-MPOLiaisons@dot.state.fl.us.

Sincerely,

DocuSigned by:

Rakinya Hinson

RE: Fiscal Years (FY) 2024 to 2028 Transportation Improvement

Program (TIP) Adoption

Summary

The draft Fiscal Years 2024 to 2028 Transportation Improvement Program (TIP) was made available for public and partner agency review on May 2, 2023. As a follow up to the draft TIP presentation at the committee meetings on May 9, the TPO will share comments received from partner agencies and the public at the meeting on June 13. To date, the TPO has received feedback from the Florida Department of Transportation (FDOT) and two comments from the public.

The following provides comments and updates made to the draft the FY 2024 to FY 2028 TIP since presented to the committees on May 9, 2023.

- **Public Comments:** The review period is from May 2 to June 16, 2023. Attached is a summary of comments (2) received to date from the public.
- **Partner Comments:** FDOT performed a review of the draft TIP document. Attached to this memo is their review checklist with comments.

Attachment(s)

- Summary of partner agency and public comments
- Draft FY 2024 to 2028 TIP document

Committee Recommendation(s)

• The Citizens Advisory Committee (CAC) and Technical Advisory Committee (TAC) approved the adoption of the FY 2024 to FY 2028 TIP on June 13, 2023.

Action Requested

• TPO staff is recommending adoption of the FY 2024 to FY 2028 Transportation Improvement Program (TIP).

If you have any questions about the draft TIP or review process, please contact me at: 438-2631.

Draft FY 2024 to 2028 Transportation Improvement Program (TIP)

Public Comments

Summary

The draft Fiscal Years 2024 to 2028 Transportation Improvement Program (TIP) was made available for public and partner agency review from May 2 to June 16, 2023. The following public comments were received by the TPO.

- **Public Comment:** "In the draft TIP document for public review, the draft 2023 List of Priority Projects (Top 20 Priorities) is missing (Figure 12, page 26). Is there some reason that was omitted? It would be nice to see what's being proposed as the most important projects for 2023."
 - O **TPO Response**: Noted for public record. The citizen was provided a link to the current draft Top 20 list, and the process for adoption through the TPO Board. The citizen was thanked for the comment and action will be taken to add the most current draft Top 20 list in the draft TIP document.
- **Public Comment:** "I live on SE 175th St. 34491. We frequently have overflow traffic in our neighborhood as the interstate backs up and drivers come on to 475, then onto SE 175th. I have emailed the sheriff, county commissioner, marion county traffic dept. Several neighbors and I have come up with changes to our roads that we believe would help. Motorists are often speeding, not paying attention, littering, and disregarding pedestrians and their children and pets. We are concerned for our safety."
 - TPO Response: Noted for public record. The citizen was thanked for the comment and asked to contact the TPO to share further details and recommendations.

TRANSPORTATION IMPROVEMENT PROGRAM (TIP) REVIEW CHECKLIST

The following TIP Review Checklist is provided to assist in the review of the TIP. This Review Checklist is to be completed and included in the MPO's final TIP Document.

Comments should be categorized as:

Editorial: Comments may be addressed by MPO, but would not affect approval of the document, i.e., grammatical, spelling and other related errors.

Enhancement: Comments may be addressed by MPO, but would not affect approval of the document, i.e., improve the quality of the document and the understanding for the public (improving graphics, re-packaging of the document, use of plain language, reformatting for clarity, removing redundant language).

Critical: Comment MUST be addressed to meet minimum state and federal requirements to obtain approval. The reviewer must clearly identify the applicable state or federal policies, regulations, guidance, procedures or statutes that the document does not conform with.

If a question is categorized, a comment must be included. In addition, if a question is answered with "no", a comment must also be included. Once the checklist is finalized, please share as a PDF.

Transportation Improvement Program (TIP)

Fiscal Years 2024 to 2028

Adopted on June 27, 2023

This document was prepared in cooperation with the Cities of Belleview, Dunnellon, Ocala and Marion County. Financial assistance is from the Federal Highway Administration and Federal Transit Administration of the U.S. Department of Transportation through the Florida Department of Transportation.

Website: Ocalamariontpo.org

Pending Board Adoption

RESOLUTION OF THE OCALA/MARION COUNTY TRANSPORTATION PLANNING ORGANIZATION (TPO) TRANSPORTATION IMPROVEMENTPROGRAM (TIP) FOR FISCAL YEARS (FY) 2024 to 2028

WHEREAS, the Ocala/Marion County Transportation Planning Organization, designated by the Governor of the State of Florida as the body responsible for the urban transportation planning process for the Ocala/Marion County area; and

WHEREAS, Title 23 U.S.C 134(j), 23 CFR Section 450.326 and Florida Statute 339.175(8) require each Metropolitan/Transportation Planning Organization to annually submit a Transportation Improvement Program; and

WHEREAS, a Transportation Improvement Program is defined as "a staged, multi-year, intermodal program of transportation projects which is consistent with the metropolitan (long-range) transportation plan [23 CFR 450.104].

WHEREAS the TPO Board has authorized the TPO Director to perform revisions and amendments to plans, programs, and documents approved by the TPO, when such action is needed to obtain state or federal approval within a constrained timeframe. The authorization includes the following tenets:

- (i) The TPO Director shall include any such revision or amendment on the agenda of the next regularly scheduled meeting for ratification by TPO Board;
- (ii) No revision or amendment performed by the TPO Director shall substantially modify any plans, programs, or document approved by the TPO Board or result in the need to conduct a public hearing regarding such revision or amendment.

NOW THEREFORE BE IT RESOLVED that the Ocala/Marion County Transportation Planning Organization endorses the Transportation Improvement Program for FY 2024 to FY 2028.

CERTIFICATE

The undersigned duly qualified and acting Chair of the Ocala/Marion County Transportation Planning Organization hereby certifies that the foregoing is a true and correct copy of a Resolution adopted at a legally convened meeting of the Ocala/Marion County Transportation Planning Organization held on this 27th day of June 2023.

Ву:	Craig Curry, Chair
Attest:	Robert Balmes, TPO Director

Ocala Marion Transportation Planning Organization (TPO)

Governing Board Members

Commissioner Craig Curry, Marion County District 1, Chair Councilmember Kristen Dreyer, City of Ocala District 4, Vice-Chair

Councilmember Ire Bethea, Sr., City of Ocala District 2, Chair Commissioner Kathy Bryant, Marion County District 2
Commissioner Ray Dwyer, City of Belleview Seat 2
Commissioner Jeff Gold, Marion County District 3
Mayor Kent Guinn, City of Ocala
Councilmember James Hilty, City of Ocala District 5
Councilmember Barry Mansfield, City of Ocala District 1
Commissioner Michelle Stone, Marion County District 5
Commissioner Carl Zalak, III, Marion County District 4
John E. Tyler, P.E., FDOT District Five Secretary, Non-Voting

Mission

To plan for a future transportation system that is safe and accessible for the residents and visitors of our community.

Vision

A transportation system that supports growth, mobility and safety through leadership and planning.

www.ocalamariontpo.org

2710 East Silver Springs Boulevard, Ocala, FL 34470 352-438-2630

The Ocala Marion Transportation Planning Organization (TPO) is committed to ensuring that no person is excluded from the transportation planning process and welcomes input from all interested parties, regardless of background, income level or cultural identity. The TPO does not tolerate discrimination in any of its programs, services, activities or employment practices. Pursuant to Title VI of the Civil Rights Act of 1964, as amended, Section 504 of the Rehabilitation Act of 1973, the Americans with Disabilities Act of 1990 (ADA), the Age Discrimination Act of 1975, Executive Order 13898 (Environmental Justice) and 13166 (Limited English Proficiency), and other federal and state authorities. The TPO will not exclude from participation in, deny the benefits of, or subject to discrimination, anyone on the grounds of race, color, national origin, sex, age, disability, religion, income or family status. The TPO welcomes and actively seeks input from the public, to help guide decisions and establish a vision that encompasses all area communities and ensure that no one person(s) or segment(s) of the population bears a disproportionate share of adverse impacts. Persons wishing to express their may do so by contacting the TPO.

1. INTRODUCTION

Purpose

The Ocala/Marion County Transportation Planning Organization (Ocala Marion TPO) is the designated Metropolitan Planning Organization (MPO) in Marion County, Florida and is responsible for developing the Transportation Improvement Program (TIP). The **draft** Fiscal Years (FY) 2024 to 2028 TIP is a five-year schedule of transportation projects to be implemented by government agencies within the Metropolitan Planning Area (MPA) of Marion County. The TIP documents the anticipated timing and cost of transportation improvements funded by federal, state and local sources and is developed on an annual basis [23 C.F.R. 450.326(a)]. The types of projects in the TIP include all modes of transportation, such as roadway construction, operations, maintenance, repaving, bicycle and pedestrian, transit and aviation.

As stated in the Federal Highway and Transit Acts of 1962 and 1964, each urbanized area over 50,000 people must have a continuing, cooperative and comprehensive transportation process. This process, also known as the "3C" planning process, is reflected in the TIP, in conjunction with the Long-Range Transportation Plan (LRTP). The 2045 LRTP, which is also managed by the TPO, outlines the Ocala/Marion County transportation vision and goals 20 years into the future. The TIP outlines the short-term "action steps" necessary for achieving the long-term vision by programming specific transportation improvements.

Fiscal Constraint

Transportation projects contained in the TIP are financially feasible and located within the designated planning area. As a condition of receiving federal project funding, the TIP must list all highway and public transportation projects proposed for funding under Title 23 United States Code (23 U.S.C.) (highways) and 49 U.S.C. (transit). The TIP must also contain state and locally funded regionally significant transportation projects regardless of funding source. For a project to be considered financially feasible, the anticipated cost must not exceed anticipated revenue.

Consistency

All projects in the TIP are supported and documented in the 2045 LRTP. The TIP is also used to coordinate transportation projects between local, state and federal agencies, thereby ensuring the efficient use of transportation funding to Marion County. In summary, the TIP serves as the budget for carrying out the LRTP in five-year increments, and must be fully consistent.

A list of the most current Federally Obligated projects is provided in **Appendix B.** The Obligation list is a continuation of projects in the prior TIP, and in some cases started in previous TIPs (23 CFR 450.334).

TPO Planning Area

The Ocala Marion TPO is a federally-mandated public agency responsible for the planning and implementation of several modes of transportation, including highway, transit, freight, bicycle, pedestrian and paratransit. The TPO serves the cities of Belleview, Dunnellon, Ocala and Marion County. The TPO was established in 1981 after the 1980 Census determined the urbanized area of Ocala exceeded a threshold of 50,000 people. Due to rapid population growth in the 1980s, the planning boundaries of the entire county were added. Figure 1 illustrates TPO planning area which includes all of Marion County and the cities of Belleview, Dunnellon and Ocala.

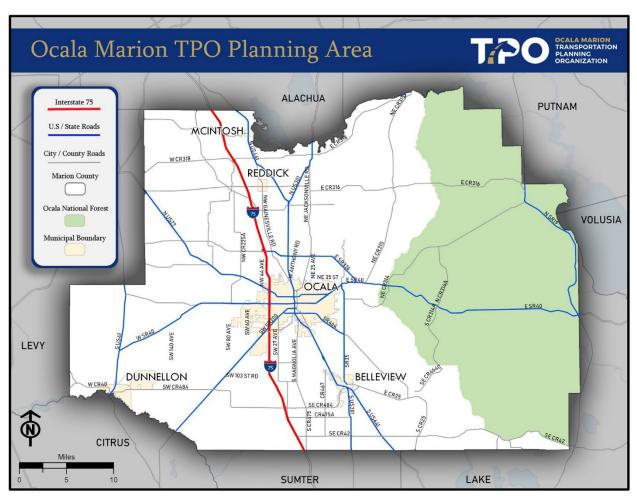

Figure 1: Map of TPO Planning Area

Development of the TIP

Public and local government involvement for the development of the TIP is accomplished through regularly scheduled meetings of the TPO's Technical Advisory Committee (TAC) and Citizens Advisory Committee (CAC) and the TPO Governing Board. The TPO strives to also engage both citizens and stakeholders to assist in the development of the TIP. The TPO seeks public input for a minimum of thirty (30) days once the Draft TIP document is publicly noticed, in accordance with 23 Code of Federal Regulation 23 C.F.R. 450.326(b). A Glossary of Terms and Acronyms used in the TIP and other TPO documents is contained in **Appendix G**.

TPO Boards and Committees

The TPO submits a draft TIP for review and feedback to the TPO's TAC and CAC. These boards/committees are composed of members who represent a variety of government organizations and stakeholders, which include the Cities of Belleview, Dunnellon, and Ocala; the Marion County School Board; the Marion County Engineering, Planning, and Tourism Departments; SunTran; the Florida Department of Transportation (FDOT); the Florida Department of Environmental Protection; and citizens of Marion County, including persons who are considered transportation disadvantaged.

The TPO also submits a draft TIP to the TPO Board for review and to receive feedback. The TPO then addresses the recommendations provided by the Board and Committees, in addition to public input, in developing the final version of the TIP. The final version of the TIP is then presented to the TPO Board for adoption in June of each year. In 2023, TPO staff presented the draft TIP to the TAC and CAC on May 9th and June 13th, the TPO Board on May 23rd and June 27th.

Public Involvement

In addition to meeting federal regulations, the TIP was developed in accordance with the TPO's Public Participation Plan (PPP) (https://ocalamariontpo.org/plans-and-programs/public-participation-plan-ppp). The public was provided the opportunity to comment on the draft TIP at the aforementioned TAC, CAC and TPO Board meetings. Advance public notices were provided for all committee and board meetings per Florida Sunshine Law and the TPO's PPP. The TPO sought input from the public and other stakeholders by posting on its website, social media pages (Facebook, Twitter) and sending e-blast notifications. Beginning on May 2nd, a legal notice of the draft version of the TIP was advertised in the Ocala Star Banner. The public comment period for the TIP began on May 2, 2023 and concluded on June 16, 2023. A copy of the public notice can be found in **Appendix E** and a list of public comments, including the TPO's response to each comment, can be found in **Appendix F**. On May 2nd, the TPO sent the Draft TIP for review and comment to the following partner agencies: Federal Transit Administration, Federal Highway

Administration, U.S. Forest Service, Florida Department of Transportation, Department of Economic Opportunity, Florida Commission for the Transportation Disadvantaged, East Central Florida Regional Planning Council, Marion Transit and the St. Johns River Water Management District.

Formal responses are provided to each citizen comment submitted to the TPO by email, mail or phone. Citizens are provided a formal response by the TPO and made aware how their public comment is documented, and how it may be addressed if related to a specific project(s) in the current TIP. In cases where further follow up is required, such seeking project background information, additional contact is made with the citizen by TPO staff. All citizen, TPO committee, TPO Board and partner agency comments and corresponding TPO responses are summarized in **Appendix F**.

Joint Certification

The most recent joint certification between the Ocala Marion TPO and FDOT was completed on March 28, 2023 through action by the TPO Board. FDOT certified the TPO's transportation planning process for Fiscal Year 2023. The next certification review will occur from February to March of 2024.

Consistency with Other Plans

The projects and project phases listed in the FY 2024 to 2028 TIP are consistent with the local public transit development plan (SunTran), aviation, and the approved local government comprehensive plans for governments within the TPO's MPA [s.339.175(8)(c)(7), F.S.]. The TIP is consistent with the Ocala Marion TPO's 2045 LRTP, Florida Transportation Plan (FTP), Strategic Intermodal System (SIS) Policy Plan, Strategic Highway Safety Plan (SHSP), Freight Mobility and Trade Plan (FMTP), Transportation Asset Management Plan (TAMP), TPO Congestion Management Process (CMP) and SunTran Transportation Development Plan (TDP).

2045 Long Range Transportation Plan (LRTP)

In addition to documenting Marion County's long- term vision and goals for transportation, the 2045 LRTP includes a Needs Assessment and a Cost Feasible Plan. These two sections detail the specific projects to fulfill the County's long-term vision and goals. In order to remain current with the changing needs of Marion County, the Ocala Marion TPO updates the LRTP every five years. The 2045 LRTP was adopted by the TPO Board on November 24, 2020, and amended on November 29, 2022. A list of TIP projects referenced in the 2045 LRTP is found in **Appendix I**. (https://ocalamariontpo.org/plans-and-programs/long-range-transportation-plan-lrtp).

Florida Transportation Plan (FTP)

The Florida Transportation Plan (FTP) serves as the state's long-range transportation vision and policy plan. The FTP focuses on ways to improve safety, provide a more efficient transportation system, meet the needs of a changing population, create a more competitive economy, enhance the overall quality of life and environment, increase access to transit and address emerging technologies. (http://floridatransportationplan.com)

Strategic Intermodal System (SIS) 2022 Policy Plan

The Strategic Intermodal System (SIS) 2022 Policy Plan establishes the policy framework for planning and managing Florida's Strategic Intermodal System, a network of transportation facilities that serves as the state's highest priority for transportation capacity investments. The Governor and Legislature established the SIS in 2003 to focus state resources on facilities most significant for promoting the state's economic competitiveness, including interregional, interstate and international travel. The SIS is the primary tool for implementing the Florida Transportation Plan (FTP). A map of the SIS can be found in **Appendix C**. Additionally, TIP projects supporting the SIS are noted in the individual project pages (SIS Project).

(https://www.fdot.gov/planning/sis/default.shtm)

Florida's Strategic Highway Safety Plan (SHSP)

The Florida's 2021 to 2025 Strategic Highway Safety Plan (SHSP) was adopted in March 2021. This was an update to the prior plan, and completed in coordination with all 27 Florida MPO/TPO's. Florida's SHSP outlines a focus on safety programs to reduce crashes, serious injuries and fatalities to achieve zero traffic deaths and serious injuries. A set of 12 emphasis areas organized into three categories (Roadways, Road Users, User Behavior) provide the foundation for improving safety. (https://www.fdot.gov/safety/shsp/shsp.shtm)

Freight Mobility and Trade Plan (FMTP)

FDOT's Freight Mobility and Trade Plan (FMTP) defines policies and investments that will enhance Florida's economic development efforts into the future. The FMTP's Investment Element is specifically intended to identify freight needs, identify criteria for state investments in freight, and prioritize freight investments across modes. FDOT updated the FMTP in spring 2020. (https://www.fdot.gov/rail/plandevel/freight-mobility-and-trade-plan)

Transportation Asset Management Plan (TAMP)

The Transportation Asset Management Plan (TAMP) outlines a process for effectively operating, maintaining, and improving physical transportation assets within Florida. The plan also provides detailed information, such as the department's assets, asset management strategies, and long-term expenditure forecasts to inform decision-making at both the State and Local levels.

Congestion Management Plan (CMP)

Maintenance of a Congestion Management Process (CMP) is required for all TPOs under Florida Statute (F.S.) [339.175 (6)(c)1]. Guidance from the Final Rule on the CMP states the intent of the process is to, "address congestion management through a process that provides for safe and effective integrated management and operation of the multimodal transportation system".

The Ocala Marion TPO has developed the CMP to improve traffic operations and safety through the use of either strategies that reduce travel demand or the implementation of operational improvements. Recommendations in the CMP typically support improved travel conditions through the implementation of lower-cost improvements or strategies that can be implemented in a relatively short time frame (5-10 years) compared to traditional capacity improvements, such as adding travel lanes, which can be more time-consuming and expensive.

The TPO completed a major update to the CMP in 2021, including policies and procedures and state of system elements. The CMP update was completed to meet state statutes and support with prioritizing project needs, and to also serve as a resource to local government partners. The CMP State of the System section is being updated in 2023 (https://ocalamariontpo.org/congestion-management-process-cmp).

Transit Development Plan (TDP)

The Transit Development Plan (TDP) represents the vision for public transportation in Marion County for a 10-year horizon. The TDP was updated by SunTran in 2022 to ensure transit services offered meet the mobility needs of local communities. Specifically, the TDP details SunTran's transit and mobility needs, cost and revenue projections, and community transit goals, objectives, and policies in Marion County

(https://www.ocalafl.org/government/city-departments-i-z/suntran).

TIP Revisions

Revisions to the TIP may be required following approval of the document by the TPO Board and State and Federal agencies. Revisions to the TIP are required when projects are changed, added or deleted. TIP Amendments require TPO Board action and opportunity for public comment. TIP modifications to not require TPO Board action or public comment (23 C.F.R. 450.104). As summarized in the FDOT MPO Management Handbook, there are four types of TIP revisions.

TIP Modification

A TIP modification includes minor changes such as to project phase costs, funding sources and project initiation dates. TIP Modifications are less than 20 percent and \$2 million.

TIP Amendment

A TIP amendment involves major changes to project such as a deletion, addition, project cost increase (over 20 percent and \$2 million), design concept or project scope.

Roll Forward Amendment

Projects programmed in the prior TIP that were not authorized by the end of the state fiscal year (June 30) may be authorized between July 1 and September 30, and included in an annual Roll-Forward TIP report to be amended in the new TIP. The Roll Forward amendment process must occur prior to the start of the federal fiscal year, which is October 1. The TPO Board adopts Roll Forward TIP Amendment each year.

Administrative TIP Amendment

Projects that are added to year one of the FDOT Tentative Work Program will not be recognized by FHWA until their fiscal year on October 1. Administrative amendments are permitted between the state fiscal year period of July 1 to September 30 to fill the gap until the federal fiscal year begins on October 1.

Transportation Disadvantaged

The Transportation Disadvantaged (TD) program is a statewide program that provides vital transportation to medical appointments, employment, educational and other life sustaining services. Persons eligible for TD services include those with a mental or physical disability, income level at or below 150% of the Federal Poverty Guideline; age 60 and older; or under 16 years old.

In Marion County, TD transportation services are provided by Marion Transit. As a result of the overlap between the TD service area and the TPO service area, TD projects and funding are included in the TIP. Therefore, the TIP is developed in conjunction with Marion Transit, which also serves as the Community Transportation Coordinator (CTC) for Marion County. (https://www.mariontransit.org).

Efficient Transportation Decision Making

Efficient Transportation Decision Making (ETDM) is a process used by FDOT to incorporate environmental, physical, cultural and community resource considerations into transportation planning to inform project delivery. FDOT screens some of the projects in the TIP through the ETDM process. Public information for these projects is available at: https://etdmpub.fla-etat.org/est.

2. PERFORMANCE MANAGEMENT

Performance Based Planning

Federal transportation law requires state departments of transportation (DOT), TPO/MPOs, and public transportation providers to conduct performance-based planning by tracking performance and establishing data-driven targets to assess progress toward achieving goals. Performance measures are the quantitative expressions used to evaluate progress toward the goals. Performance targets are quantifiable levels of performance to be achieved within a specified time period. Overall, performance-based planning supports the efficient investment of transportation funds by increasing accountability, providing transparency, and linking investment decisions to key outcomes related to seven national goals established by Congress [23 CFR 490 or [23 USC 150(b)]:

1. Safety

To achieve a significant reduction in traffic fatalities and serious injuries on all public roads.

2. Infrastructure Condition

To maintain the highway infrastructure asset system in a state of good repair.

3. Congestion Reduction

To achieve a significant reduction in congestion on the National Highway System (NHS).

4. System Reliability

To improve the efficiency of the surface transportation system.

5. Freight Movement and Economic Vitality

To improve the national freight network, strengthen the ability of rural communities to access national and international trade markets, and support regional economic development.

6. Environmental Sustainability

To enhance the performance of the transportation system while protecting and enhancing the natural environment.

7. Reduced Project Delivery Delays

To reduce project costs, promote jobs and the economy, and expedite the movement of people and goods by accelerating project completion through eliminating delays in the project development and delivery process, including reducing regulatory burdens and improving agencies' work practices.

Performance Measures and Targets

The Federal Transit Administration (FTA) and Federal Highway Administration (FHWA) have created highway and transit performance measures and requirements for State DOTs, TPO/MPOs and transit operators to establish and report performance targets for each performance measure. In order to determine the amount of progress made for each performance measure, the aforementioned agencies and organizations must establish baseline data and performance targets; benchmarks used to determine whether transportation investments make progress in achieving national goals; and performance measures.

Once each State DOT develops its own performance targets for each performance measure, TPOs/MPOs are provided the option to either adopt state and/or transit agency targets, or develop their own targets. Appendix D contains Transportation Performance Management Fact Sheets published by FDOT in February 2023.

Transit Asset Management and Transit Safety

Safety (PM1)

In March 2016, FHWA published the Highway Safety Improvement Program (HSIP) and Safety Performance Management (Safety PM) Measures Final Rule (PM1), effective April 14, 2016. The Safety PM Final Rule established safety performance measures to assess serious injuries and fatalities on all public roadways and carry out the HSIP. Additionally, the Safety PM Finals Rule established a process for both State DOTs and TPOs to develop and report their safety targets and for FHWA to assess whether they have met, or are making significant progress toward meeting, their safety targets. The legislation works to improve data; foster transparency and accountability; and allow safety progress to be tracked at the national level. The HSIP annual report documents the statewide performance targets.

As outlined in the Safe System approach promoted by FHWA, the death or serious injury by any person is unacceptable. Consequently, the TPO and FDOT are fully committed to Vision Zero. FDOT has set a statewide target of "0" for all five safety performance measures. Vision Zero and Target Zero are discussed in greater detail in the Strategic Highway Safety Plan and the Florida Transportation Plan. FDOT set safety performance targets on August 27, 2022. The TPO was then required within 180 days to either adopt FDOT's targets or set their own targets.

On February 27, 2018, the Ocala Marion TPO Board first adopted safety performance targets to better track progress and reflect greater accountability to the public. In November 2022, the TPO Board adopted Commitment to Zero: An Action Plan for Safer Streets in Ocala Marion. Integrating the adopted targets with Commitment to Zero will be a part of the planning process. By adopting its own safety performance targets, the TPO is required to annually update targets. On February 28, 2023, the TPO Board again adopted its own quantifiable safety targets. Figure 2 displays the safety performance targets in 2023 and also 2022 from FDOT and the TPO.

The TPO is committed to improving safety for all roadway users, which is demonstrated through planning and programming activities. The TIP includes specific investment priorities by using a project-prioritization and project-selection process that is based on the anticipated effect of reducing both fatal and serious injury crashes. The TPO also collects and analyzes crash data and trends, which are addressed in the Commitment to Zero planning project. Additionally, the TPO participates in the Marion County Community Traffic Safety Team (CTST).

Safety Performance Measures	FDOT Targets (2023)	TPO 2022 Targets (not to exceed)	TPO 2022 Results	TPO 2023 Targets (not to exceed)
Number of Fatalities	0	98	109	101
Rate of Fatalities per 100 Million Vehicle Miles Traveled (VMT)	0	2.08	2.35	2.14
Number of Serious Injuries	0	378	492	417
Rate of Serious Injuries per 100 Million VMT	0	8.02	10.62	8.88
Number of Non-motorized Fatalities and Non-motorized Serious Injuries	0	57	56	56

Figure 2: Safety Performance Measure Targets and Results

Pavement and Bridge Condition (PM2)

In January 2017, the FHWA published the Pavement and Bridge Condition Performance Measures Final Rule (PM2). The second FHWA performance measure rule established six performance measures to assess pavement conditions and bridge conditions for the National Highway System (NHS). A map of the NHS in Marion County can be found in **Appendix C**.

The **Pavement** condition measures represent the percentage of lane-miles on the Interstate and non-Interstate NHS that are in good or poor condition. FHWA established five pavement condition metrics: International Roughness Index (IRI); cracking percent; rutting; faulting; and Present Serviceability Rating (PSR). FHWA set a threshold for each metric to establish good, fair, or poor condition. A pavement section is classified as being in good condition if three or more metric ratings are good, and in poor condition if two or more metric ratings are poor. Pavement sections that are not good or poor are classified as fair.

The **Bridge** condition measures represent the percentage of bridges, by deck area, on the NHS that are in good condition or poor condition. The condition of each bridge is evaluated by assessing four bridge components: deck, superstructure, substructure, and culverts. The Final Rule created a metric rating threshold for each component to establish good, fair, or poor condition. If the lowest rating of the four metrics is greater than or equal to seven, the structure is classified as good. If the lowest rating is less than or equal to four, the structure is classified as poor. If the lowest rating is five or six, it is classified as fair.

FDOT established two-year and four-year statewide targets for bridge and pavement condition

on December 16, 2022. The TPO was required to adopt the state targets, or set their own no later than June 14, 2023. On March 28, 2023, the TPO Board agreed to adopt the two- and four-year state targets for pavement and bridge condition. The two-year and four-year targets represent bridge and pavement conditions at the end of both target years.

Figure 3 displays the adopted two- and four-year pavement and bridge targets, with 2021 results only as a frame of reference. The TPO will monitor and report on the 2023 and 2025 results in future reporting to the TPO Board, Committees and public.

Pavement and Bridge Condition Performance Measures (PM2)	FDOT/TPO 2023 Target (2-Year)	FDOT/TPO 2025 Target (4-Year)	TPO Target Results (2021)	
Pavement Condition				
Percent of Interstate pavements in Good condition	60%	60%	64.0%	
Percent of Interstate pavements in Poor condition	5.0%	5.0%	0.0%	
Percent of non-Interstate NHS pavements in Good condition	40%	40%	51.5%	
Percent of non-Interstate NHS pavements in Poor condition	5.0%	5.0%	0.3%	
Bridge Condition				
Percent of NHS bridges by deck area in Good condition	50%	50%	59.2%	
Percent of NHS bridges by deck area in Poor condition	10%	10%	0.0%	

Figure 3: Performance Measure Targets and Results – Pavement and Bridge Condition

System Performance (PM3)

In January 2017, FHWA published the System Performance, Freight, and Congestion Mitigation and Air Quality (CMAQ) Performance Measures Final Rule (PM3). The third and final Performance Measures Rule, established six measures to assess the performance of the NHS, freight movement on the Interstate System, and traffic congestion and on-road mobile source emissions for the CMAQ program.

There are two NHS performance measures that represent the reliability of travel times for all vehicles on the Interstate and non-Interstate NHS. FHWA established the Level of Travel Time Reliability (LOTTR) metric to calculate reliability on both the Interstate and non-Interstate NHS. LOTTR is defined as the ratio of longer travel times (80th percentile) to a normal travel time (50th percentile) during four time periods from the hours of 6 AM to 8 PM each day (AM peak, midday,

and PM peak on Mondays through Fridays and weekends). The LOTTR ratio is calculated for each segment of applicable roadway. A segment is reliable if its LOTTR is less than 1.5 during all time periods. If one or more time periods has a LOTTR of 1.5 or above, that segment is unreliable. The measures are expressed as the percentage of person- miles traveled on the Interstate and non-Interstate NHS that are reliable.

The single freight movement performance measure represents the reliability of travel times for trucks on the Interstate System. FHWA established the Truck Travel Time Reliability (TTTR) Index, which is defined as the ratio of longer truck travel times (95th percentile) to a normal truck travel time (50th percentile). The TTTR is generated by dividing the longer truck travel time by a normal travel time for each segment of the Interstate system over five time periods from all hours of each day (AM peak, midday, and PM peak on Mondays through Fridays, overnights for all days, and weekends). This is averaged across the length of all Interstate segments in the state or MPO planning area to determine the TTTR index.

There are three traffic congestion and on-road mobile source emissions performance measures that represent peak hour excessive delay per capita (PHED), non- single occupancy vehicle (SOV) travel, and total on- road mobile source emissions reductions. The TPO meets all current air quality standards and is not subject to establishing targets for these performance measures.

FDOT established two-year and four-year statewide targets for **System Performance** on December 16, 2022. The TPO is required to adopt the state targets, or set their own no later than June 14, 2023. On March 28, 2023, the TPO Board agreed to adopt the two- and four-year state targets. The targets represent system performance at the end of both target years. Results from 2021 are provided as information. The TPO will monitor and report on the 2023 and 2025 results in future reporting to the TPO Board, Committees and public. Figure 4 displays the most current System Performance measure targets and results.

System Performance Measures (PM3)	FDOT/TPO 2023 Target (2-Year)	FDOT/TPO 2025 Target (4-Year)	TPO Target Results (2021)
Percent of person-miles on the Interstate system that are reliable (Interstate LOTTR)	75%	70%	100%
Percent of person-miles on the non-Interstate NHS that are reliable (Non-Interstate NHS LOTTR)	50%	50%	95.9%
Truck Travel Time Reliability (TTTR)	1.75	2.00	1.74

Figure 4: Performance Measure Targets and Results - System Performance

Transit Asset Management and Safety

On July 26, 2016, the FTA published the final Transit Asset Management rule, which requires that public transportation providers develop and implement transit asset management (TAM) plans, establish "state of good repair" standards and establish performance measures for four asset categories; rolling stock, equipment, transit infrastructure and facilities.

SunTran, the local public transit agency that operates primarily in the city of Ocala and in parts of unincorporated Marion County, includes seven fixed bus routes contracted through a third-party company. As the administrative body to SunTran, the City of Ocala is responsible for setting performance targets for Transit Asset Management. In January 2023, the City of Ocala set transit asset management targets, thereby agreeing to plan and program projects in the TIP that, once implemented, will make progress toward achieving the transit asset targets (Figure 5). SunTran coordinates with FDOT on reporting targets to FTA through the National Transit Database (NTD). SunTran also coordinates with the TPO on a continuous basis and participates as a member of the Technical Advisory Committee (TAC).

Figure 5 displays the percentage of SunTran's assets that have met or exceeded their Useful Life Benchmark (ULB) for each asset class in 2023 and their performance targets for the next four years. FTA defines ULBs as "... the expected lifecycle or the acceptable period of use in service for a capital asset, as determined by a transit provider, or the default benchmark provided by the FTA." The performance targets assume the assets are replaced as they reach their ULB.

Transit Asset Class	2023	2024	2025	2026	2027	
Transie Asset class	Performance	Target	Target	Target	Target	
Rolling Stock						
Buses	0%	0%	0%	0%	0%	
Cutaways	0%	0%	0%	0%	0%	
	Equipmer	nt				
Non-Revenue Vehicles	50%	25%	0%	0%	0%	
Facilities						
Administrative and Maintenance Facility	0%	0%	0%	0%	0%	

Figure 5: Performance Measure Targets and Results - Transit Asset Management

On July 19, 2018, the FTA published the Public Transportation Agency Safety Action Plan (PTASP) regulation, 49CFR Part 673, as required by 49 U.S.C. 5329(d). The effective date of the regulation was July 19, 2019, but was extended to December 31, 2020 due to the global pandemic. The PTASP regulation implements a risk-based Safety Management System approach and requires all recipients and sub-recipients of federal transit financial assistance to establish and certify an Agency Safety Plan and corresponding safety performance targets. TPO/MPO's then have 180 days from the adoption of the PTASP targets set by the public transit agency (SunTran) to adopt or develop their own independent targets.

In November 2020, SunTran updated a PTASP, and then approved an update in January 2023. The update included reaffirmed safety targets as displayed in Figure 6.

SunTran Safety Performance Targets Performance Targets based on collected data from the previous three years							
Mode of Transit Service	Fatalities Total	Fatalities (per 100k vehicle revenue miles VRM)	Injuries Total	Injuries (per 100k vehicle revenue miles VRM)	Total	Safety Events (per 100k vehicle revenue miles VRM)	(VRM/ failures)
Fixed Route Bus	0	0	1	.20	5	1.03	7,492
ADA Paratransit	0	0	0	0	0	0	0

Figure 6: Performance Measure Targets and Results - Transit Safety Targets

3. FINANCIAL PLAN

The FY 2024 to 2028 TIP includes a financial element that demonstrates how the approved projects can be implemented, indicates the sources of funding that are reasonably expected to be made available, and recommends any additional financing strategies for needed projects and programs (23 CFR 350.326).

The FY 2024 to 2028 TIP is financially constrained each year, meaning projects must be implemented using reasonably expected revenue sources. Projects in the TIP must use Year of Expenditure (YOE) dollars, which are dollars adjusted for inflation from the present time to the expected year of construction. The TIP includes the public and private financial resources that are reasonably expected to be available in order to accomplish the program.

All projects in the TIP are designated for funding from Title 23 and 49 of U.S.C funding sources and regional transportation projects requiring federal action. Projects in the TIP are also derived from the FDOT Work Program and must include a balanced 36-month forecast of revenue and expenditures and a five-year finance plan supporting the FDOT Work Program (339.135, Florida Statute, F.S.). Additionally, only projects that are reasonably expected to be funded may be included in the TIP.

Figures 7 to 10 display TIP financial summary information as follows.

Funding Categories and Associated Funding Sources (Figure 7)

A listing of the types of funding categories for projects in the TIP, including the sources of funding (Federal, State, Local).

Total Funding by Category and Fiscal Year (Figure 8)

A summary of funding by category and fiscal year, including the TIP five-year total.

Funding Summary by Source (Figures 9, 10)

A summary of funding by source (Federal, State, Local) and by fiscal year, including the TIP five-year total.

A summary of funding by mode/type, including Aviation, Bicycle/Pedestrian, Highway/Roadway, Ongoing Maintenance, Transit and Other funding sources.

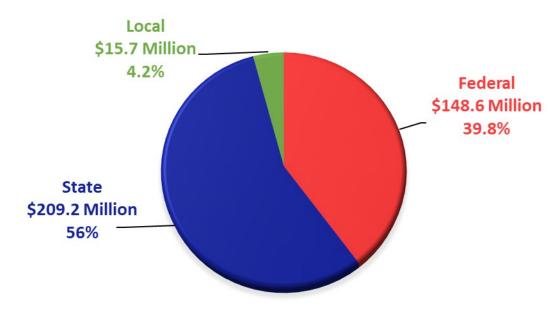

Acronym	Funding Category	Funding Source
ACFP	Advanced Construction Freight Program	Federal
ACNP	Advanced Construction NHPP	Federal
ACNR	Advanced Construction National Highway Resurfacing	Federal
ACSL	Advanced Construction, Urban Areas under 200,000	Federal
ACSM	Advanced Construction, Population 5,000 to 49,999	Federal
ACSS	Advanced Construction (SS)	Federal
ART	Arterial Highways Program	State

4. PROJECT PRIORITIZATION PROCESS

Overview

The project prioritization process of the TPO is undertaken during the development of the LRTP and annual List of Priority Projects (LOPP). During the development of the LRTP, once the identified projects have been determined as "needs", TPO committees, TPO staff and the TPO Board prioritizes the projects based on cost feasibility, using revenue forecasting from local, state and federally published sources. The result is the 'Cost Feasible Plan' of the LRTP, which then becomes a prioritized project list. This list becomes part of the TPO's annual List of Priority Projects (LOPP) process. On an annual basis, a revised LOPP is developed collaboratively by the TPO with local partners, committee input and TPO Board approval. The LOPP is submitted to FDOT annually for projects to be considered in the next Tentative Work Program for funding. FDOT will decide which projects from the LOPP can be reasonably funded with the cost/funding projections. The LOPP is a process undertaken to identify the highest priority projects in Marion County to receive consideration for federal and state funding. For further information about the LOPP process, please access the TPO website at: https://ocalamariontpo.org/priority-project-list.

Methodology

In 2022, the TPO modified its annual LOPP prioritization process. The revised process continues to place an emphasis on prioritizing projects based on criteria score. This includes projects closest to receiving construction funding; meet federal performance measures; are multimodal; improve safety and resilience; programmed funding; and/or include local funding and partnerships. A strategic refinement methodology is also applied to include necessary adjustments to address partner feedback. Overall, this approach involves collaboration with the cities of Belleview, Dunnellon, Ocala, Marion County and FDOT to develop an annual LOPP. The end-results of the process are a set of nine project lists, including an overall Highest Priority Project List.

The TPO's project prioritization process is consistent with state statute (F.S. 339.1758b), federal law (23 C.F.R 450.332b), the 2045 LRTP, and with local aviation master plans, public transit development plans, and the approved local government comprehensive plans within the TPO planning area, to the maximum extent feasible [339.175(8)(c)(7), F.S.].

Project Ranking

The priority projects ranking criteria is tied directly to the adopted 2045 LRTP Goals and Objectives, federally required performance measures and local priorities. The goals from the 2045 LRTP that are used in this prioritization and selection process include:

- Optimization and Preserve Existing Infrastructure;
- Focus on Improving Safety and Security of the Transportation System;
- Provide Efficient Transportation that Promotes Economic Development;
- Promote Travel Choices that are Multimodal and Accessible;
- Protect Natural Resources and Create Quality Places; and
- Ensure the Transportation System Meets the Needs of the Community.

The ranking criteria are grouped into the following ten categories and are summarized as follows:

- 1. **Prior Year Rank**: An emphasis on prior project ranking to help support program stability and advancement toward implementation.
- 2. **Project Cycle:** The status of projects in their development phase with an emphasis on the most weight given to projects that are ready for construction.
- 3. **Local Funding Commitment**: Projects receive points for including a local match commitment.
- 4. **Regional Connectivity and Partnerships**: Projects that involve a formal partnership between two or more jurisdictions and coordination between two or more jurisdictions.
- Safety: Points given for being located on a roadway segment with a five-year history of serious injury and fatality crashes. Additional points for projects located on the Commitment to Zero High Injury Network.
- 6. **Congestion Management**: Points given for being located on the most up to date Congestion Management Plan Congested Corridors.
- 7. **Multimodal**: A sidewalk, trail and/or bicycle facility are given points and also receive additional points for connecting to existing multimodal facilities in Marion County.
- 8. **Transportation Resilience**: Points given for being located on an existing Florida Evacuation Route or connection to an Evacuation Route.
- 9. **Economic Development and Logistics**: Points given for connecting to or serving employment growth areas of Marion County, along with connecting to or being located on a facility that supports freight activity centers.
- 10. **Equity**: Projects that are located in one of three disadvantaged areas of Marion County as identified and mapped in the 2045 LRTP.

A complete summary of the LOPP ranking and scoring methodology and most up to date project lists are available on the TPO website.

The **2023** List of Priority Projects (LOPP), Top **20** Priorities is provided in Figure 12 on the next page. The complete set of priority project lists may be found on the TPO's website: https://ocalamariontpo.org/priority-project-list/.

Figure 12: 2023 List of Priority Projects (LOPP), Top 20 Priorities

2023 Rank	FDOT Project Number	Project Name/Limits	Description	Current TIP/Tentative Work Program Phase(s)	Current TIP/Tentative Work Program Funding	Proposed Phase(s)	Funding Requested
1	435209-1	I-75 at NW 49th Street Interchange	Construction of a new interchange and roadway extension from on NW 49th Avenue from NW 44th Avenue to NW 35th Street Road	CST	\$33,565,826		
2	433652-1	SR 40 Intersection at SW 40th Avenue	Traffic operations, turn lanes near I-75 interchange at SW 40th intersection on SR 40	ROW	\$617,748	CST	\$5,500,000
3	435547-3	NW 44th Avenue, SR 40 to NW 11th St	Construction of four new roadway lanes	CST	\$9,000,000		
4		NW 80th/70th from north of SR 200 to north of US 27	Widening to four lanes			DES, ROW, CST	\$92,100,000
5		SW 44th Avenue from SR 200 to SW 20th	Four-Lane roadway construction			CST	\$4,000,000
6		SW 44th Avenue from SW 20th to SR 40	Addition of two lanes to complete four lane roadway			CST	\$2,550,000
7	450918-1	CR 484 Penn Avenue Multimodal	Roadway reconstruction, shared use path connection from downtown Dunnellon to Blue Run Park	PE, CST	\$2,537,000		
8	238648-1	US 41 from SW 110th to north of SR 40	Widening to four lanes, sidewalks, shared-use path, shoulders	CST	\$62,027,312		
9	410674-2	SR 40 from End of four lanes to CR 314	Reconstruction, widening to four lanes, new bridges, medians			CST	\$103,000,000
10		US 27/I-75 Interchange Operations, NW 44th to NW 35th	Safety and operational improvements at interchange area and intersections			PE, CST	\$29,341,000
11	450340-1	Emerald Road Extension	92nd Loop to FN Railroad Connection	ROW, CST	\$9,650,000	CST	\$4,000,000
12	237988-1	SR 40 at SR 35 intersection	Construction of a roundabout at the intersection			PE, ROW, CST	\$18,600,000
13		SW 49th from Marion Oaks Trail to SW 95th	Construction of a four lane divided roadway			ROW, CST	\$16,830,000
14	238651-1	SR 200 from Citrus County to CR 484	Widening to four lanes and pedestrian/wildlife underpass connecting Cross Florida Greenway			DES, CST	\$37,800,000
15	433660-1	US 441 (Pine Avenue) at SR 464 (SE 17th)	Intersection/Turn lane improvements	PE, CST	\$3,388,554

17	449443-1	NE 8th Avenue from SR 40 to SR 492	Construction of roundabouts on NE 8th Avenue	CST	\$4,452,800		
18		CR 484 from Marion Oaks Pass to SR 200	Widening to six lanes			PD&E, DES, ROW, CST	\$22,000,000
19		SW 80th Ave. from north of 38th St. to SR 40	Widening of roadway to four lanes			DES, ROW, CST	\$25,000,000
20		SR 35 and SR 464 Intersection Flyover	Flyover of SR 35 at SR 464			PE, DES, ROW, CST	\$39,600,000

5. PROJECTS

Overview

The FY 2024 to 2028 TIP projects are grouped into seven categories. All projects are also summarized in individual project pages by category to support an accessible and user-friendly format for the citizens of Marion County.

Seven TIP Project Categories:

- Interstate: I-75
- U.S. Routes: US 27, US 41, US 301, US 441
- State and Local Routes: City and County Roads, State Roads (e.g., SR 200)
- Bicycle and Pedestrian: Park Trails, Sidewalks and Trails on City, County and State Roads
- Aviation (Airport): Ocala International Airport, Marion County Airport
- Transit, Funding and Grants: Marion Transit, SunTran, TPO, Other
- ITS and Maintenance: Operations, Aesthetics, Asset Management (repaying, rehabilitation, shoulders, bridges, lighting), ongoing Maintenance

Appendix H contains a summary of changes to major regional transportation projects from the previous Fiscal Years 2023 to 2027 TIP. **Appendix J** contains a companion "snapshot" listing of the TIP projects as submitted by FDOT to the TPO in April 2023.

Figure 13 on the next page displays a summary chart of the acronyms used for various project phases/activities and the terms associated with the projects displayed in the TIP summary pages. This chart may be used as a reference when reviewing the project summary pages in this section.

Acronym	Project Phase and Information
ADM	Administration
CST	Construction (includes Construction, Engineering, Inspection)
CAP	Capital Grant
CEI	Construction, Engineering and Inspection
DES	Design
ENG	Engineering
ENV CON	Environmental/Conservation
FM	FDOT Financial Management Number
INC	Construction Incentive/Bonus
MNT	Maintenance
MSC	Miscellaneous Construction
OPS	Operations
PD&E	Project Development and Environment Study
PE	Preliminary Engineering
PLEMO	Planning and Environmental Offices Study
PLN	In-House Planning
PST DES	Post Design
R/R CST	Railroad Construction
RELOC	Relocation
ROW	Right-of-Way Support & Acquisition
RRU	Railroad and Utilities
RT MNT	Routine Maintenance
SEG	Project Segment Number
UTIL	Utilities Construction

Figure 13: Project Phase/Activity and Information Acronym List

TIP Online Interactive Map

The FY 2024 to 2028 TIP online map provides specific project locations and general information including funding and total project cost. Projects without a specific location (e.g., ongoing maintenance, TPO, Marion Transit, SunTran grants) are not included in the interactive map. The map may be accessed through the TPO website or directly at the following link:

https://marioncountyfl.maps.arcgis.com/apps/webappviewer/index.html?id=a1591413f8aa4cc7b2d78110c9b4e1a3

Performance Management and TIP Projects

The following provides a summary of the projects and SunTran transit program funding in the TIP that support meeting federally required performance measures specifically on the NHS and local transit system, including: safety; bridge and pavement condition; system performance; and transit asset management and safety. Safety projects include the entire federal aid transportation system. In some cases, a project may support meeting more than one federal performance measure.

Safety (PM1) (10 projects)

FM Number	Project	Limits	TIP Funding
4348441	CR 42	at CR 25	\$583,730
4493171	CR 484 at SW 135th Street	at SW 135th Street	\$369,605
4492771	CR 484 at Marion Oaks Blvd	at Marion Oaks Boulevard	\$475,830
4494431	NE 8th Avenue	SR 40 to SR 492	\$4,452,800
4492611	SW 60th Avenue	SW 54th Street to SECO Energy Driveway	\$199,243
4336601	U.S. 441	at SR 464 (SE 17th Street)	\$3,388,554
4336511	CR 484 (at I-75)	Southwest 20th Avenue to CR 475A	\$46,260
4392382	SR 25/U.S. 441/301	SR 25 to SR 200/SW 10th Street	\$3,919,169
4512511	SR 40 (W. Silver Springs Blvd.) at SW 27th Avenue		\$1,595,576
4512531	SR 200 (SW College Road)	at SW 60th Avenue	\$723,118
	1	Total:	\$15,753,885

Pavement and Bridge Condition (PM2) (12 projects, National Highway System)

FM Number	Project	Limits	TIP Funding
4483761	SR 93 (I-75)	SR 200 to N. of U.S. 27	\$15,485,998
4486351	SR 25 (U.S. 441)	CR 25A to Avenue I	\$8,026,908
4452181	SR 25 (U.S. 441)	Avenue I to Alachua County Line	\$6,553,389
4485261	SR 45 (U.S. 41)	N/O Citrus County Line to SW 110th	\$4,411,438
4392341	SR 200	I-75 to U.S. 301	\$12,445,781
4453021	SR 35/U.S. 301	North of CR 42 to North of SE 144th Place	\$5,347,959
2386481	SR 45 (U.S. 41)	SW 110th Street to North of SR 40	\$62,027,312
4506651	SR 40	SW 80th Avenue to SW 52nd Avenue	\$5,090,549
4509521	SR 40	U.S. 441/301 (Pine Ave.) to 25th Avenue	\$11,227,342
4509511	SR 40	25th Avenue to NE 64th Avenue	\$11,953,924
4509481	SR 40	NE 64th Avenue to Lake County Line	\$24,831,080
4506371	U.S. 27	Sumter County to U.S. 301 (Belleview)	\$24,752,774
		Total:	\$192,154,454

System Performance (PM3) (8 projects, National Highway System)

FM Number	Project	Limits	TIP Funding
4352091	I-75 (SR 93) at NW 49th Street	NW 49th Street to end of NW 35th Street	\$33,369,172
4336601	U.S. 441	at SR 464 (SE 17th Street)	\$3,388,554
4512511	SR 40 (W. Silver Springs Blvd.)	at SW 27th Avenue	\$1,595,576
4336511	CR 484 (at I-75)	Southwest 20th Avenue to CR 475A	\$46,260
4512531	SR 200 (SW College Road)	at SW 60th Avenue	\$723,118
2386481	SR 45 (U.S. 41)	SW 110th Street to North of SR 40	\$62,027,312
4106743	SR 40	East of CR 314 to East of CR 314A	\$25,293,495
4106744	SR 40	CR 314A to Levy Hammock Road	\$125,000
		Total:	\$126,568,487

Transit Asset Management (TAM) and Transit Safety

FM Number	Grant	TIP Funding
4271882	Small Urban Capital Fixed Route	\$20,972,638
4424551	Block Grant Operating Assistance	\$6,435,202
4424552	Block Grant Operating Assistance	\$1,729,344
	Total:	\$29,137,184

TIP Project Summary Pages

Summary pages are provided for all programmed projects and are organized by project category.

Summary Page Definitions

Project: Includes the project name, project limits and location.

Project Type: Identifies the type of project improvement(s).

FM Number: References the financial management number in FDOT's project tracking system.

Lead Agency: Identifies the agency with project management oversight.

LRTP (Page #): References how the project reflects the 2045 LRTP goals and planning consistency and/or page location in the Cost Feasible Plan section.

SIS: Denotes if a project is on the state's Strategic Intermodal System (SIS) network.

Description: Summarizes the project and highlights major improvements to be implemented.

Prior <Year: Identifies the amount of funding programmed in years prior to the current five-year TIP period.

Future >Year: Identifies the amount of funding programmed in years beyond the current five-year TIP period.

Total Project Cost: Lists the total project cost programmed for the project, including prior year, current five-year and future year funding.

Phase: Identifies the stage in project development for which funding is programmed.

Fund Category: Identifies the type of funding programmed by phase for the project.

Funding Source: Identifies the source of funding by phase for the project (Federal, State and/or Local).

Fiscal Year: Identifies the federal fiscal year(s) when funding is programmed for the project.

Interstate 75 (I-75) Projects

Project: I-75 (SR 93) at NW 49th Street from end of NW 49th Street to end of NW 35th Street

Project Type: Interchange

FM Number: 4352091

Lead Agency: FDOT

Length: 0.1 miles

LRTP (Page #): LRTP Cost Feasible (pages 112-

113) (Table 7.10)

SIS Project

Description:

Construction of a new I-75 interchange at NW 49th Street to facilitate projected increases in freight traffic and regional economic development. This project also includes extending NW 49th Street from NW 44th Avenue to NW 35th Avenue.

Prior <2024: Future >2028: Total Project Cost:

\$20,327,904 \$0 \$53,697,076

Annual Listing of Federally Obligated Projects

Summary

On an annual basis, per Title 23, United States Code (USC) 450.334, the Ocala Marion Transportation Planning Organization (TPO) is required to provide a summary listing of projects for which federal funds have been *obligated in the preceding federal fiscal year (FFY) from October 1 to September 30. The Florida Department of Transportation (FDOT) assists the TPO in complying with this requirement by providing a detailed report of federal obligations for Marion County. The report is included each year as an amendment to the current Transportation Improvement Program (TIP).

A net total of \$21,876,693 of federal funds were obligated in FFY 2022 for 39 transportation projects and programs in Marion County. Projects or programs for which federal funds have been obligated are not necessarily initiated or completed in the FFY, and the amount of the obligation in a fiscal year will typically not equal the total cost of the entire project. The following summary and companion FDOT report provide a listing of the federally obligated projects by phases and funding sources. In some cases, the FFY totals are negative, which reflect a de-obligation of project or program funding.

^{*}Obligation is the legal commitment by the Federal government to pay or reimburse a State or other entity for the Federal share of a project's eligible cost. Obligated projects have been authorized by the federal government and funds have been approved for reimbursement. Funding for projects can in some cases also be de-obligated. Funding previously obligated is removed from a project due to changes such as cost, delay or cancellation.

APPENDIX D: Transportat	ion Performance	Management Fac	t Sneets	
024 to 2028 Transportation Improver	ment Program			D-1

MPORequirements

Florida Department of Transportation Office of Policy Planning

Transportation Performance Management

February 2023

OVERVIEW

This document highlights key target setting provisions of Federal Highway Administration (FHWA) and Federal Transit Administration (FTA) performance management requirements for state Departments of Transportation (DOT), Metropolitan Planning Organizations (MPO), and public transportation providers.*

TRANSPORTATION PERFORMANCE MANAGEMENT FRAMEWORK

Federal transportation law requires state DOTs and MPOs to implement Transportation Performance Management (TPM), a strategic approach to making investment and policy decisions to achieve performance goals. TPM uses past performance levels and

PM1
HIGHWAY
SAFETY

PM2
BRIDGE AND PAVEMENT

PM3
SYSTEM
PERFORMANCE
AND FREIGHT
MOVEMENT

TRANSIT
ASSET
MANAGEMENT
(TAM)

TRANSIT SAFETY

forecasted conditions to measure progress toward strategic goals as a means to guide investments.

Three FHWA Performance Measures (PM) rules and two FTA transit rules establish various performance measures to assess highway safety (PM1), bridge and pavement condition (PM2), system performance and freight movement (PM3), transit asset management (TAM), and transit safety. The FHWA and FTA Planning Rule and the performance measures rules also specify how MPOs should set targets, report performance, and integrate performance management into their Long Range Transportation Plans (LRTP) and Transportation Improvement Programs (TIP).*

Long Range Transportation Plans

The LRTP must:

- » Describe performance measures and targets used in assessing the performance of the transportation system.
- » Include a System Performance Report that:
 - Evaluates the performance of the transportation system with respect to performance targets.
 - Documents the progress achieved by the MPO in meeting the targets.
- » Integrate the goals, objectives, performance measures, and targets described in other plans and processes required as part of a performance-based program.

Transportation Improvement Programs

The TIP must:

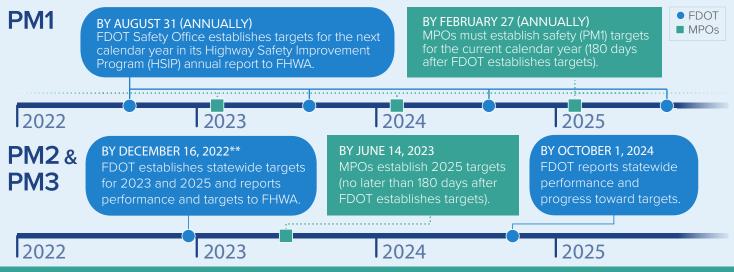

- » Reflect the investment priorities established in the LRTP.
- » Be designed such that once implemented, it makes progress toward achieving the performance targets.
- » Include a description of the anticipated effect of the TIP toward achieving

the performance targets, linking investment priorities to performance targets.

FDOT and the
Metropolitan Planning
Organization Advisory
Council (MPOAC) have
developed model
language for inclusion
of performance
measures and targets
in LRTPs and TIPs

^{*}Please refer to the five accompanying fact sheets to obtain key information for the three FHWA performance measures rules and two FTA transit rules.

TIMELINE FOR MPO ACTIONS

TIMEFRAME

TRANSIT ASSET MANAGEMENT AND TRANSIT SAFETY

PUBLIC TRANSPORTATION PROVIDERS TAM Update TAM Plan/Group TAM Plan every 4 years Update TAM targets annually Transit Safety Reflect MPO targets and public transportation provider(s) current targets in each updated TIP

TARGET SETTING OPTIONS

The Florida Department of Transportation (FDOT), the MPOs, and public transportation providers set their respective performance targets in coordination with one another. All MPOs establish a target for each applicable performance measure by one of two options:

Support the target established by FDOT or the public transportation provider(s).

The MPO agrees to plan and program projects so that they contribute toward the accomplishment of the state or public transportation provider(s) target.

Establish own target.

The MPO coordinates with FDOT or the public transportation provider(s) regarding the methodology used to develop the target and the proposed target prior to establishing a final target.

For the **PM1**, **PM2**, and **PM3** measures, MPOs must establish their targets no later than 180 days after FDOT sets its targets. For the **transit asset management and safety measures**, MPOs are not required to establish transit targets annually each time the public transportation provider(s) establishes targets. Instead, MPO transit targets must be established when the MPO updates the LRTP. MPOs will reflect current public transportation provider(s) targets in the updated TIP.

ASSESSMENT OF SIGNIFICANT PROGRESS

FHWA will not assess MPO target achievement. However, FHWA and FTA will review MPO adherence to performance management requirements as part of periodic transportation planning process reviews.

FOR MORE INFORMATION PLEASE CONTACT

^{**} FHWA changed the due date from October 1, 2022 due to a technical issue with the reporting system.

PM1:

Safety (All Public Roads)

Florida Department of Transportation Office of Policy Planning

Performance Management

February 2023

OVERVIEW

<u>The first of Federal Highway Administration's (FHWA) performance management rules</u> establishes measures to assess safety on all public roads and the process for the Florida Department of Transportation (FDOT) and Florida's Metropolitan Planning Organizations (MPO) to establish and report their safety targets.*

PERFORMANCE MEASURES - APPLICABLE TO ALL PUBLIC ROADS

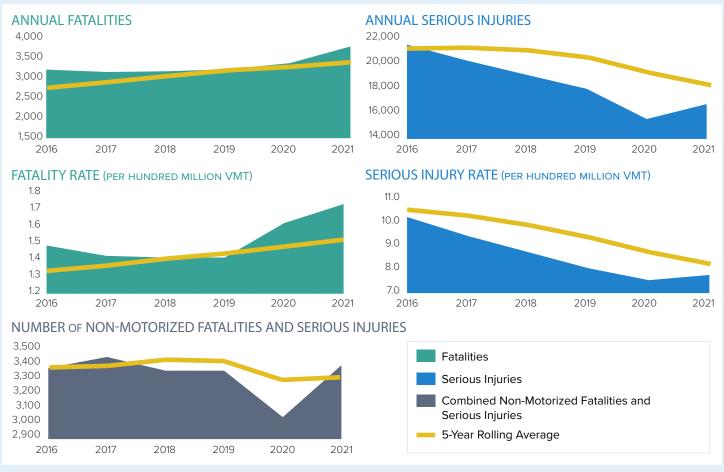

NUMBER OF FATALITIES	The total number of persons suffering fatal injuries in a motor vehicle crash during a calendar year.	RATE OF SERIOUS INJURIES	The total number of serious injuries per 100 million VMT in a calendar year.
RATE of FATALITIES	The total number of fatalities per 100 million vehicle miles traveled (VMT) in a calendar year.	NUMBER OF NON-MOTORIZED FATALITIES AND	The combined total number of non-motorized fatalities and
NUMBER OF SERIOUS INJURIES	The total number of persons suffering at least one serious injury in a motor vehicle crash during a calendar year.	FATALITIES AND NON-MOTORIZED SERIOUS INJURIES	non-motorized serious injuries involving a motor vehicle during a calendar year.

TIMELINE

^{*} Please refer to the fact sheet addressing MPO Requirements for information about MPO targets and planning processes.

EXISTING STATEWIDE CONDITIONS

Source: FLHSMV, 2022.

STATEWIDE TARGETS

FDOT establishes statewide safety targets for the following calendar year as part of the <u>HSIP Annual Report</u>, which must be submitted by August 31 each year.

Given FDOT's firm belief that every life counts, the target set for all safety performance measures is ZERO.

MPO TARGETS

MPOs must set targets by February 27 of each year (within 180 days after FDOT sets targets). MPOs have the option of supporting the statewide targets or establishing their own targets for the MPO planning area.

MPOs must include the most recent reported performance and targets with each TIP update. The TIP must describe how the investments contribute to achieving the performance targets. The LRTP must include a System Performance Report that discusses the performance of the transportation system and progress achieved in meeting the targets over time.

ASSESSMENT OF SIGNIFICANT PROGRESS

FHWA considers a state to have met or made significant progress when at least four of the five safety targets are met or the actual outcome is better than baseline performance. Florida is making progress towards achieving the targets established for serious injuries but not yet for fatalities or non-motorized users.

As requested by FHWA, FDOT annually develops an <u>HSIP</u> <u>Implementation Plan</u> to highlight strategies it will undertake in support of these targets. MPOs are encouraged to review this Plan each year to identify strategies appropriate for their planning area.

FHWA will not assess MPO target achievement. However, FHWA will review MPO adherence to performance management requirements as part of periodic transportation planning process reviews.

FOR MORE INFORMATION PLEASE CONTACT

PM2: Bridge and Pavement

Florida Department of Transportation Office of Policy Planning

Performance Management

February 2023

OVERVIEW

<u>The second Federal Highway Administration (FHWA) performance management rule</u> establishes measures to assess the condition of bridges and pavement on the National Highway System (NHS) and the process for the Florida Department of Transportation (FDOT) and Florida's Metropolitan Planning Organizations (MPO) to establish and report targets.*

PAVEMENT PERFORMANCE MEASURES

- » Percentage of pavements on the Interstate System in GOOD condition.
- » Percentage of pavements on the Interstate System in POOR condition.
- » Percentage of pavements on the non-Interstate NHS in GOOD condition.
- » Percentage of pavements on the non-Interstate NHS in POOR condition.

GOOD CONDITION

Suggests no major investment is needed.

BRIDGE PERFORMANCE MEASURES

- » Percentage of NHS bridges (by deck area) in GOOD condition.
- » Percentage of NHS bridges (by deck area) in POOR condition.

POOR CONDITION

Suggests major investment is needed.

TIMELINE

^{*} Please refer to the fact sheet addressing MPO Requirements for information about MPO targets and planning processes.

^{**} FHWA changed the due date from October 1, 2022 due to a technical issue with the reporting system.

EXISTING STATEWIDE CONDITIONS

NHS Bridges

Year	in Good Condition	in Poor Condition
2017	67.7%	1.2%
2018	66.6%	1.2%
2019	66.2%	1.2%
2020	65.5%	0.5%
2021 (Baseline)	61.3%	0.5%

Interstate Pavements

Year	in Good Condition	in Poor Condition
2017	66.1%	0.0%
2018	54.2%	0.6%
2019	68.0%	0.5%
2020	68.8%	0.6%
2021 (Baseline)	70.5%	0.7%

Non-Interstate NHS Pavements

Year	in Good Condition	in Poor Condition
2017	44.0%	0.4%
2018	39.9%	0.4%
2019	41.0%	0.3%
2020	41.0%	0.3%
2021 (Baseline)	47.5%	1.1%

Source: FDOT and FHWA.

STATEWIDE TARGETS

FDOT established 2023 and 2025 targets for NHS bridge and pavement on December 16, 2022. These targets are identical to those set for 2019 and 2021, respectively. Florida's performance through 2021 exceeds the targets.

Performance Measure	2023 Target	2025 Target
Bridge		
% of NHS bridges (by deck area) in GOOD condition	50.0%	50.0%
% of NHS bridges (by deck area) in <i>POOR</i> condition	10.0%	10.0%
Pavement		
% of Interstate pavements in GOOD condition	60.0%	60.0%
% of Interstate pavements in POOR condition	5.0%	5.0%
% of non-Interstate NHS pavements in GOOD condition	40.0%	40.0%
% of non-Interstate NHS pavements in <i>POOR</i> condition	5.0%	5.0%

MPO TARGETS

MPOs must set 2025 targets by June 14, 2023 (within 180 days after FDOT set the statewide targets). MPOs have the option of supporting the statewide targets or establishing their own targets for the MPO planning area.

The TIP must include the most recent reported performance and targets as well as a description of how the investments contribute to achieving the targets. The LRTP must include a System Performance Report that discusses performance and the progress achieved in meeting targets.

ASSESSMENT OF SIGNIFICANT PROGRESS

FHWA will determine if FDOT has made significant progress toward the achievement of each 2-year or 4-year statewide target if either:

- » The actual condition/performance level is better than the baseline performance; or
- » The actual performance level is equal to or better than the established target.

FHWA's determination of significant progress toward the 2021 bridge and pavement targets is anticipated in March 2023.

FHWA will not assess MPO target achievement. However, FHWA and FTA will review MPO adherence to performance management requirements as part of periodic transportation planning process reviews.

MINIMUM CONDITIONS

Every year, FHWA will assess if FDOT is meeting federal minimum condition standards for NHS bridges and Interstate pavements. If it is not, FDOT must obligate a specified percentage of available funds for maintenance of these facilities.

FDOT IS ON TRACK TO MEET MINIMUM CONDITION STANDARDS

- » Bridge: No more than 10 percent of total deck area of NHS bridges classified as Structurally Deficient (Poor condition) for three consecutive years.
- » **Pavement:** No more than 5 percent of the Interstate System in *Poor* condition for most recent year.

FOR MORE INFORMATION PLEASE CONTACT

PM3: System Performance

Florida Department of Transportation Office of Policy Planning

Performance Management

February 2023

OVERVIEW

<u>The third Federal Highway Administration (FHWA) performance management rule</u> establishes measures to assess the reliability of passenger and truck freight travel on the National Highway System (NHS) and the process for the Florida Department of Transportation (FDOT) and Florida's Metropolitan Planning Organizations (MPO) to establish and report their targets.*

PERFORMANCE MEASURES

PERFORMANCE MEASURE	REFERRED TO AS	WHAT IT MEASURES	
Percent of person-miles traveled on the Interstate that are reliable	Interstate reliability	Compares longer travel times (80 th percentile) to a normal travel time (50 th percentile). Vehicle occupancy	
Percent of person-miles traveled on the non-Interstate NHS that are reliable	Non-Interstate NHS reliability	 is factored in to determine the person-miles traveled on segments considered reliable, and this is converted to a percent of total miles. 	
Truck travel time reliability index (Interstate)	Truck reliability	Compares longer travel times (95 th percentile) to the normal travel time for trucks. This is expressed as a ratio called the Truck Travel Time Reliability Index, or TTTR.	

The PM3 rule also defines measures for assessing the CMAQ Program that apply only to states and MPOs that are in a designated air quality non attainment areas or maintenance areas. Florida does not have any applicable areas, therefore the CMAQ measures are not addressed in this fact sheet.

TIMELINE

SECOND Performance Period (January 1, 2022 to December 31, 2025) FDOT BY DECEMBER 16, 2022** BY JUNE 14, 2023 BY OCTOBER 1, 2024 MPOs FDOT establishes statewide targets MPOs establish 2025 targets FDOT reports statewide for 2023 and 2025 and reports (no later than 180 days after performance and performance and targets to FHWA. FDOT establishes targets). progress toward targets. 2022 2024 2025

^{*} Please refer to the fact sheet addressing MPO Requirements for information about MPO targets and planning processes.

^{**} FHWA changed the due date from October 1, 2022 due to a technical issue with the reporting system.

EXISTING STATEWIDE CONDITIONS

INTERSTATE RELIABILITY

Percent of person-miles traveled on the Interstate that are reliable

NON-INTERSTATE NHS RELIABILITY

Percent of person-miles traveled on the non-Interstate NHS that are reliable

TRUCK RELIABILITY

Truck travel time reliability index (Interstate)

WORSE	BETTER
2017	82.2%
2018	83.5%
2019	83.4%
2020	92.3%
2021	87.5 %
2017	84.0%
2018	86.3%

2020	93.5%
2021	92.9%
BETTER	WORSE
2017	1.43
2018	1.42
2019	1.45
2020	1.34
2021	1.38

Source: PM3 Report on Regional Integrated Transportation Information System (RITIS) platform using National Performance Management Data Research Data Set (NPMRDS).

STATEWIDE TARGETS

FDOT established the following 2023 and 2025 targets on December 16, 2022. These targets are identical to those set for 2019 and 2021, respectively. Florida's performance through 2021 exceeds the targets.

	2023	2025
PERFORMANCE MEASURE	TARGET	TARGET
INTERSTATE RELIABILITY	75.0%	70.0%
NON-INTERSTATE NHS RELIABILITY	50.0%	50.0%
TRUCK RELIABILITY	1.75	2.00

MPO TARGETS

MPOs must set 2025 targets by June 14, 2023 (within 180 days after FDOT set the statewide targets). MPOs have the option of supporting the statewide targets or establishing their own targets for the MPO planning area.

The TIP must include the most recent reported performance and targets as well as a description of how the investments contribute to achieving the targets. The LRTP must include a System Performance Report that discusses performance and the progress achieved in meeting targets.

ASSESSMENT OF SIGNIFICANT PROGRESS

FHWA will determine that FDOT has made significant progress toward the achievement of each 2-year or 4-year statewide target if either:

- The actual performance level is better than the baseline performance; or
- » The actual performance level is equal to or better than the established target.

FHWA's determination of significant progress toward the 2021 interstate reliability and truck reliability targets is anticipated in March 2023. If FDOT does not make significant progress toward achieving a reliability target, it must document the actions it will take to achieve the target. For the truck reliability measure, it must provide additional freight congestion analysis and documentation.

FHWA will not assess MPO target achievement. However, FHWA and FTA will review MPO adherence to performance management requirements as part of periodic transportation planning process reviews.

FOR MORE INFORMATION PLEASE CONTACT

ASSET MANAGEMENT Public Transit

Florida Department of Transportation Office of Policy Planning

Performance Management

February 2023

OVERVIEW

<u>The Federal Transit Administration (FTA) Transit Asset Management rule</u> applies to all recipients and subrecipients of federal transit funding that own, operate, or manage public transportation capital assets. The rule defines State of Good Repair (SGR) performance measures and establishes requirements for Transit Asset Management (TAM) Plans and performance targets. This fact sheet describes these requirements and the role of the Metropolitan Planning Organizations (MPO) under this rule.*

STATE OF GOOD REPAIR PERFORMANCE MEASURES

Transit Asset Categories and TAM Performance Measures

FTA ASSET CATEGORIES	PERFORMANCE MEASURES
EQUIPMENT Non-revenue support-service and maintenance vehicles	Percentage of non-revenue vehicles that have met or exceeded their useful life benchmark (ULB)
ROLLING STOCK Revenue vehicles	Percentage of revenue vehicles that have met or exceeded their ULB
INFRASTRUCTURE Rail fixed-guideway track	Percentage of track segments (by mode) with performance restrictions
FACILITIES Buildings and structures	Percentage of facilities rated below condition 3 on the Transit Economic Requirement Model (TERM) scale

"State of good

repair" is defined as the condition in which a capital asset is able to operate at a full level of performance. This means the asset:

- 1. Is able to perform its designed function.
- 2. Does not pose a known unacceptable safety risk.
- 3. Lifecycle investment needs have been met or recovered.

Public transportation providers are required to report transit asset performance measures and targets annually to the National Transit Database (NTD).

TIMEFRAME

PUBLIC TRANSPORTATION PROVIDERS

- Update TAM Plan/Group TAM Plan every 4 years
- Update TAM targets annually

MPOs

- Update MPO TAM targets with every LRTP update
- Reflect MPO targets and public transportation provider(s) current TAM targets in each updated TIP

^{*} Please refer to the fact sheet addressing MPO Requirements for information about MPO targets and planning processes.

TAM PLAN

Tier I versus Tier II Agencies

The rule makes a distinction between Tier I and Tier II public transportation providers and establishes different requirements for them.

TIER I

Operates rail

OR

≥ 101 vehicles across all fixed route modes

OR

≥ 101 vehicles in one non-fixed route mode

<u>Tier II</u>

Subrecipient of 5311 funds

OR

American Indian Tribe

OR

≤ 100 vehicles across all fixed route modes

OR

≤ 100 vehicles in one non-fixed route mode

7. List of Key Annual Activities

8. Identification of Resources

9. Evaluation Plan

CIER I ONLY

A TIER I public transportation provider must develop its own TAM Plan. The Tier I public transportation provider must make the TAM plan, annual targets, and supporting materials available to the state DOTs and MPOs that provide funding to the provider.

A TIER II public transportation provider may develop its own plan or participate in a group TAM plan, which is compiled by a group TAM plan sponsor. Group plan sponsors must make the group plan, targets, and supporting materials available to the state DOTs and MPOs that program projects for any participants of the group plan.

The Florida Department of Transportation (FDOT) developed a group plan for all subrecipients in 2022 that includes collective TAM targets for the participating providers. Participants in FDOT's Group TAM Plan primarily operate in areas of the state that are not served by an MPO.

MPO AND PUBLIC TRANSPORTATION PROVIDER COORDINATION

- » Each public transportation provider or its sponsor must share its targets with each MPO in which the public transportation provider operates services.
- » MPOs are not required to establish transit asset management targets each time the public transportation provider(s) establishes annual targets. Instead, MPO transit targets must be established when the MPO updates the LRTP. MPOs will reflect current public transportation provider(s) TAM targets in the updated TIP.
- When establishing transit asset management targets, the MPO can either agree to program projects that will support the public transportation provider(s) targets, or establish its own separate regional targets for the MPO planning area. MPO targets may differ from the public transportation provider(s) targets, especially if there are multiple public transportation providers in the MPO planning area.
- MPOs are required to coordinate with the public transportation provider(s) and group plan sponsors when selecting targets.
- » FTA will not assess MPO progress toward achieving transit targets. However, Federal Highway Administration (FHWA) and FTA will review MPO adherence to performance management requirements as part of periodic transportation planning process reviews.

FOR MORE INFORMATION PLEASE CONTACT

SAFETY Public Transit

Performance Management

February 2023

OVERVIEW

<u>The Federal Transit Administration (FTA) Public Transportation Agency Safety Plan (PTASP) rule</u> established transit safety performance management requirements for certain providers of public transportation that receive federal financial assistance. This fact sheet describes these requirements and the role of Metropolitan Planning Organizations (MPO) under this rule.*

PUBLIC TRANSPORTATION AGENCY SAFETY PLANS (PTASP)

Federal Rule Applicability

Recipients and Sub-recipients of FTA 5307 funds

The rule applies to recipients and sub-recipients of FTA 5307 funds that operate a public transportation system and to operators of rail transit systems subject to FTA's State Safety Oversight Program.

The PTASP regulations do not apply to certain modes of transit service that are subject to the safety jurisdiction of another Federal agency, including passenger ferry operations regulated by the U.S. Coast Guard, and commuter rail operations that are regulated by the Federal Railroad Administration.

Small public transportation providers without rail and with fewer than 101 revenue vehicles in operation during peak service may complete their own plan or have their plan drafted or certified by their state DOT.

PUBLIC TRANSPORTATION SAFETY PERFORMANCE MEASURES

FATALITIES

Total number of reportable fatalities and rate per total vehicle revenue miles by mode.

INJURIES

Total number of reportable injuries and rate per total vehicle revenue miles by mode.

SAFETY EVENTS Total number of reportable events and rate per total vehicle revenue miles by mode.

SYSTEM RELIABILITY

Mean distance between major mechanical failures by mode.

TIMEFRAME

PUBLIC TRANSPORTATION PROVIDERS

· Update safety targets annually

MPOs

- Update MPO safety targets with every LRTP update
- Reflect MPO targets and public transportation provider(s) current safety targets in each updated TIP

^{*} Please refer to the fact sheet addressing MPO Requirements for information about MPO targets and planning processes.

PTASP CERTIFICATION AND REVIEW

RELATIONSHIP OF PTASP TO FLORIDA REQUIREMENTS

Florida requires each Section 5307 and/or 5311 public transportation provider to have an adopted System Safety Program Plan (SSPP) (Chapter 14-90, Florida Administrative Code). Because Section 5307 public transportation providers in Florida must already have a SSPP, FDOT recommends that public transportation providers revise their existing SSPPs to be compliant with the FTA PTASP requirements.

FDOT has issued guidance to public transportation providers to assist them with revising existing SSPPs to be compliant with the FTA PTASP requirements.

While the PTASP rule requires public transportation providers to establish safety performance targets, the SSPP does not.

REQUIREMENTS

TRANSIT SAFETY TARGET COORDINATION BETWEEN FDOT, MPOS, AND PUBLIC TRANSPORTATION PROVIDERS

- » Public transportation providers that annually draft and certify a PTASP and transit safety targets must make the PTASP and underlying safety performance data available to FDOT and the MPOs to aid in the planning process.
- » MPOs are not required to establish transit safety targets annually each time the public transportation provider(s) establishes targets. Instead, MPO transit targets must be established when the MPO updates the LRTP. MPOs will reflect current public transportation provider(s) PTASP targets in the updated TIP.
- » Public transportation providers will coordinate with FDOT and affected MPOs in the selection of transit safety performance targets.
- » Public transportation providers will give written notice to the MPO(s) and FDOT when the public transportation provider establishes transit safety targets.

- When establishing transit safety targets, the MPO can either agree to program projects that will support the public transportation provider targets, or establish its own separate targets for the MPO planning area.
- » MPOs that establish their own transit safety targets will coordinate with the public transportation provider(s) and FDOT in the selection of transit safety performance targets, and will give written notice to the public transportation provider(s) and FDOT when the MPO establishes its own transit safety targets.
- » MPOs that agree to support the public transportation provider(s) safety targets will provide FDOT and the public transportation providers documentation that the MPO agrees to do so.
- » If two or more public transportation providers operate in an MPO planning area and establish different safety targets for a measure, the MPO may establish a single target for the MPO planning area or establish a set of targets that reflect the differing public transportation provider targets.

Public Notices

Originally published at ocala.com on 05/02/2023

OCALA MARION TRANSPORTATION PLANNING ORGANIZATION May 2, 2023

The Ocala Marion TPO Draft Transportation Improvement Program (TIP) is now available for public review and comment.

The Ocala Marion Transportation Planning Organization (TPO) Transportation Improvement Program (TIP) is a five-year schedule of transportation improvements throughout the Metropolitan Planning Area of Marion County. The TIP documents the anticipated timing and cost of transportation projects funded by federal, state and local sources. Projects in the TIP may include roadway and bridge construction; operations; resurfacing; bicycle and pedestrian; transit, aviation and rail.

The Draft TIP for Fiscal Years 2024 to 2028 is now available for public review by accessing the TPO website at: https://ocalamariontpo.org/plans-and-programs/transportation-improvement-program-tip.

APPENDIX F: Public and Partner Comments

Draft FY 2024 to 2028 Transportation Improvement Program (TIP)

Public Comments

Summary

The draft Fiscal Years 2024 to 2028 Transportation Improvement Program (TIP) was made available for public and partner agency review from May 2 to June 16, 2023. The following public comments were received by the TPO.

- **Public Comment:** "In the draft TIP document for public review, the draft 2023 List of Priority Projects (Top 20 Priorities) is missing (Figure 12, page 26). Is there some reason that was omitted? It would be nice to see what's being proposed as the most important projects for 2023."
 - o **TPO Response**: Noted for public record. The citizen was provided a link to the current draft Top 20 list, and the process for adoption through the TPO Board. The citizen was thanked for the comment and action will be taken to add the most current draft Top 20 list in the draft TIP document.
- **Public Comment:** "I live on SE 175th St. 34491. We frequently have overflow traffic in our neighborhood as the interstate backs up and drivers come on to 475, then onto SE 175th. I have emailed the sheriff, county commissioner, marion county traffic dept. Several neighbors and I have come up with changes to our roads that we believe would help. Motorists are often speeding, not paying attention, littering, and disregarding pedestrians and their children and pets. We are concerned for our safety."
 - o **TPO Response**: Noted for public record. The citizen was thanked for the comment and asked to contact the TPO to share further details and recommendations.

TRANSPORTATION IMPROVEMENT PROGRAM (TIP) REVIEW CHECKLIST

The following TIP Review Checklist is provided to assist in the review of the TIP. This Review Checklist is to be completed and included in the MPO's final TIP Document.

Comments should be categorized as:

Editorial: Comments may be addressed by MPO, but would not affect approval of the document, i.e., grammatical, spelling and other related errors.

Enhancement: Comments may be addressed by MPO, but would not affect approval of the document, i.e., improve the quality of the document and the understanding for the public (improving graphics, re-packaging of the document, use of plain language, reformatting for clarity, removing redundant language).

Critical: Comment MUST be addressed to meet minimum state and federal requirements to obtain approval. The reviewer must clearly identify the applicable state or federal policies, regulations, guidance, procedures or statutes that the document does not conform with.

If a question is categorized, a comment must be included. In addition, if a question is answered with "no", a comment must also be included. Once the checklist is finalized, please share as a PDF.

APPENDIX G: Glossary of Terms and Acronyms

Glossary of Terms and Acronyms

ACRYONYM	NAME	DESCRIPTION
3C	Continuing, Cooperative and Comprehensive	A Continuing, Cooperative and Comprehensive (3C) process is required for all Metropolitan Planning Organizations (MPO) to be eligible for Federal transportation funding.
ACS	American Community Survey	The American Community Survey is an ongoing survey that provides vital information on a yearly basis about our nation and its people.
ADA	Americans with Disabilities Act	The Americans with Disabilities Act (ADA) prohibits discrimination against people with disabilities in employment, transportation, public accommodation, communications, and governmental activities.
ATMS	Automated Traffic Management System	ATMS is used to improve the efficiency of the transportation network. ATMS utilizes data-analysis and communication technology to reduce congestion in real-time due to crashes and other traffic problems.
BEA	Bureau of Economic Analysis	Federal agency within the Department of Commerce that provides economic data and projections.
BLS	Bureau of Labor Statistics	Federal agency within the Department of Labor that tracks federal employment data.
BTS	Bureau of Transportation Statistics	The Bureau of Transportation Statistics was established as a statistical agency in 1992. The Intermodal Surface Transportation Efficiency Act (ISTEA) of 1991 created BTS to administer data collection, analysis, and reporting and to ensure the most cost-effective use of transportation- monitoring resources.
CAAA	Clean Air Act Amendments of 1990	The original Clean Air Act was passed in 1963, but the national air pollution control program is actually based on the 1970 revision of the law. The Clean Air Act as amended in 1990 made major changes and contains the most far reaching revisions of the 1970 law.
CAC	Citizen Advisory Committee	The Citizens Advisory Committee (CAC) advises the TPO on local transportation issues based on the input of citizens they represent in the area. The TPO strives to keeps the composition of the CAC diverse in terms of geographic location and professions represented.
CBSA	Core Based Statistical Areas	CBSAs consist of the county or counties or equivalent entities associated with at least one core (urbanized area or urban cluster) of at least 10,000 population plus adjacent counties having a high degree of social and economic integration with the core. Social and economic integration is measured in the form of commuting and other reoccurring travel.
СЕМРОА	Central Florida Metropolitan Planning Organization Alliance	A partnership of Transportation Planning Organizations in Central Florida created to provide transportation solutions throughout the region.
CFR	Code of Federal Regulations	The codification of the rules published in the Federal Register by the executive departments and agencies of the Federal Government. These are the administrative rules and regulations that clarify the impact of the United States Code (USC) or the law.

ACRYONYM	NAME	DESCRIPTION
CFRPM	Central Florida Regional Planning Model	Travel demand forecasting tool used by numerous planning agencies throughout central Florida.
CMAQ	Congestion Mitigation and Air Quality Improvement Program	The CMAQ program funds transportation projects and programs in air quality non-attainment and maintenance areas that reduce traffic congestion and transportation related emissions (ozone, carbon monoxide, particulate matter, etc.).
СМР	Congestion Management Process	A systematic approach required in transportation management areas (TMAs) that provides for effective management and operation. Provides information on transportation system performance and finds alternative ways to alleviate congestion and enhance the mobility of people and goods, to levels that meet state and local needs.
СТС	Community Transportation Coordinator	Community Transportation Coordinators are businesses or county departments responsible for arrangement of transportation services delivered to the transportation disadvantaged. (Definition taken from Lee MPO - http://leempo.com/programs-products/transportation- disadvantaged/).
CTD	Commission for Transportation Disadvantaged	Created in 1989, the CTD was created to provide statewide policy guidance to Florida's Transportation Disadvantaged Program, which coordinates funs to provide older adults, persons with disabilities and people with limited access to employment, health care and educational opportunities (Definition taken from NCFRPC - http://www.ncfrpc. org/TD/td.html).
СТРР	Census Transportation Planning Products	The CTPP is a set of special tabulations designed by and for transportation planners using large sample surveys conducted by the Census Bureau.
СТЅТ	Community Traffic Safety Team	An organization created to inform the public about transportation safety issues. Major events conducted by the Marion County CTST include "Walk Your Child to School Day", a mock DUI scenario, and a Battle of the Belts competition.
DBE	Disadvantaged Business Enterprise	The DBE program ensures that federally-assisted contracts for transportation projects are made available for small businesses owned/ controlled by socially and economically disadvantaged individuals (Definition taken from FHWA - https://www.fhwa.dot.gov/civilrights/ programs/dbe/).
DOPA	Designated Official Planning Agency	An agency that assists the Florida Commission for the Transportation Disadvantaged (CTD) in the coordination of safe, efficient, cost effective transportation services to those who are transportation disadvantaged. (Definition taken from CTD - https://ctd.fdot.gov/ communitytransystem.htm)
DRI	Development of Regional Impact	A large-scale development project that may impact multiple counties or jurisdictions
EIS	Environmental Impact Statement	Report developed as part of the National Environmental Policy Act requirements, which details any adverse economic, social, and environmental effects of a proposed transportation project for which Federal funding is part of the project.

ACRYONYM	NAME	DESCRIPTION
EPA	Environmental Protection Agency	The federal regulatory agency responsible for administering and enforcing federal environmental laws, including the Clean Air Act, the Clean Water Act, the Endangered Species Act, and others.
ETDM	Efficient Transportation Decision Making	Developed by the Florida Department of Transportation (FDOT) to streamline the environmental review process, ETDM helps protect natural resources by involving stakeholders early in the transportation planning process. Specifically, ETDM is used to identify the impacts may occur from planned transportation projects.
FAA	Federal Aviation Administration	FAA provides a safe, secure, and efficient global aerospace system that contributes to national security and the promotion of US aerospace safety.
FAST Act	Fixing America's Surface Transportation Act	The Fixing America's Surface Transportation (FAST) Act is five-year legislation that was enacted into law on December 4, 2015. The main focus of the legislation is to improve the Nation's surface transportation infrastructure, including our roads, bridges, transit systems, and rail transportation network.
FDOT	Florida Department of Transportation	Originally named the Florida State Road Department, the Florida Department of Transportation (FDOT) was created in 1969. FDOT's mission is to ensure the mobility of people and goods, enhance economic prosperity, and preserve the quality of the environment and community (Definition taken from State of Florida-https://jobs.myflorida.com/go/ Department-of-Transportation/2817700/).
FHWA	Federal Highway Administration	A branch of the U.S. Department of Transportation that administers the federal- aid highway program, providing financial assistance to states to construct and improve highways, urban and rural roads, and bridges.
FMTP	Freight Mobility and Trade Plan	FDOT's Freight Mobility and Trade Plan (FMTP) defines policies and investments that will enhance Florida's economic development into the future.
FSUTMS	Florida Standard Urban Transportation Modeling Structure	FSUTMS is a computerized planning model that allows users to better predict the impact of transportation policies and programs by providing a standardized framework for the development, use and sharing of models.
FTA	Federal Transit Administration	A branch of the U.S. Department of Transportation that administers federal funding to transportation authorities, local governments, and states to support a variety of locally planned, constructed, and operated public transportation systems throughout the U.S., including buses, subways, light rail, commuter rail, streetcars, monorail, passenger ferry boats, inclined railways, and people movers.
FTP	Florida Transportation Plan	Florida's long-range plan that guides current transportation decisions. The plan outlines transportation issues and solutions related to improving safety, efficiency, population growth, economic development, and access to transit and other modes of transportation.
FY	Fiscal Year/ Federal Fiscal Year	The TPO's Fiscal Year is from July 1 to June 30. The Federal Fiscal Year is from October 1 to September 30.

ACRYONYM	NAME	DESCRIPTION
GIS	Geographic Information System	Computerized data management system designed to capture, store, retrieve, analyze, and display geographically referenced information.
HOV	High-Occupancy Vehicle	Vehicles carrying two or more people.
HSIP	Highway Safety Improvement Program	The goal of the HSIP program is to achieve a significant reduction in traffic fatalities and serious injuries on all public roads, including non-State-owned public roads and roads on tribal lands.
HUD	Department of Housing and Urban Development	HUD's mission is to increase homeownership, support community development and increase access to affordable housing free from discrimination. HUD's Community Development Block Grant Program (CDBG) is a program with many resources that are used to help address a wide array of community development needs, including sidewalks and other transportation infrastructure.
IIJA	Infrastructure Investment and Jobs Act	Commonly referred to as the Bipartisan Infrastructure Bill, IIJA was signed into law by President Biden on November 15, 2021. IIJA includes \$550 billion in new funding for transportation infrastructure. IIJA authorizes \$1.2 trillion in total spending.
IRI	International Roughness Index	International Roughness Index (IRI) is used by transportation professionals around the world as a standard to quantify road surface roughness. IRI is highly useful for assessing overall roadway pavement ride quality; a higher IRI value indicates a rougher road surface.
ITS	Intelligent Transportation Systems	Electronics, photonics, communications, or information processing to improve the efficiency or safety of the surface transportation system.
LOS	Level of Service	Level of Service (LOS) is a term that describes the operating conditions a driver, transit users, bicyclist, or pedestrian will experience while traveling on a particular street, highway or transit vehicle. LOS is used in transportation planning as a data friendly tool to help aid in the decision making process regarding road capacity. LOS data allows planners to make more informed decisions regarding transportation projects.
LOPP	List of Priority Projects	The List of Priority Projects (LOPP) is a formalized list developed each year by the TPO in collaboration with local government partners, and as required by state statute. The LOPP contains the highest priorities for future transportation projects and investments to receive consideration for federal and state funding.
LRTP/MTP	Long-Range Transportation Plan (or Metropolitan Transportation Plan)	A document that serves as the defining vision for the region's transportation systems and services. The LRTP addresses a planning horizon of no less than a 20-years and is developed, adopted, and updated every five years by the TPO. The most recent LRTP was adopted in December 2015. The plan can be viewed on the TPO website at: https://ocalamariontpo.org/plans-and-programs/long-range-transportation-plan-lrtp/.

ACRYONYM	NAME	DESCRIPTION
LOTTR	Level of Travel Time Reliability	The Level of Travel Time Reliability (LOTTR) is the ratio of the 80th percentile travel time to the normal travel time (50th percentile) throughout a full calendar year. Data for this measure is derived from the FHWA National Performance Management Research Data set (NPMRDS).
MAP-21	Moving Ahead for Progress in the 21st Century	The Moving Ahead for Progress in the 21st Century Act (P.L. 112-141), was signed into law in 2012. Funding surface transportation programs at over 105 billion for fiscal years (FY) 2013 and 2014, MAP-21 is the first long-term highway authorization enacted since 2005. MAP-21 creates a streamlined and performance-based surface transportation program and builds on many of the highway, transit, bike, and pedestrian programs and policies established in 1991.
МРА	Metropolitan Planning Area	The geographic area determined by agreement between the transportation planning organization (TPO) for the area and the Governor, in which the metropolitan transportation planning process is carried out.
МРО	Metropolitan Planning Organization	An MPO, also known as a TPO, is a forum for cooperative transportation decision-making for metropolitan planning areas. In order for a TPO to be designated as an MPO, an urban area must have a population of at least 50,000 as defined by the US Census Bureau.
MPOAC	Metropolitan Planning Organization Advisory Council	A planning and policy organization created to assist individual MPO/TPOs across Florida in building a more collaborative transportation planning process.
MSA	Metropolitan Statistical Area	A Core Based Statistical Areas associated with at least one urbanized area that has a population of at least 50,000. The metropolitan statistical area comprises the central county or counties or equivalent entities containing the core, plus adjacent outlying counties having a high degree of social and economic integration with the central county or counties as measured through commuting.
NTD	National Transit Database	The National Transit Database (NTD) is the repository of data for the financial, operating and asset conditions of the nation's transit systems.
NEPA	National Environmental Policy Act of 1969	Established requirements that any project using federal funding or requiring federal approval, including transportation projects, examine the effects of proposed and alternative choices on the environment before a federal decision is made.
NHPP	National Highway Performance Program	The NHPP provides support for the condition and performance of the National Highway System (NHS), for the construction of new facilities on the NHS.
NHPP (Bridge)	National Highway Performance Program (Bridge)	Reconstruction, resurfacing, restoration, rehabilitation, or preservation of a bridge on a non-NHS Federal-aid highway (if Interstate System and NHS Bridge Condition provision requirements are satisfied) [23 U.S.C. 119(i)].
NHS	National Highway System	This system of highways designated and approved in accordance with the provisions of 23 U.S.C. 103(b) (23CFR500).

ACRYONYM	NAME	DESCRIPTION
PD&E	Project Development and Environmental Study	A study conducted to determine feasible building alternatives for transportation projects and their social, economic and environmental impacts. PD&E studies are required per the National Environmental Policy Act (NEPA). (Definition taken from FDOT, District 7 - https://www.fdotd7studies.com/what-is-a-pde-study.html).
PEA	Planning Emphasis Area	Planning Emphasis Areas set planning priorities that are supportive of the statewide Florida Transportation Plan (FTP), and give importance to topics that all MPOs are encouraged to address in their respective planning programs.
PM	Performance Management	Performance Management (PM) serves as federally required strategic approach that uses system data and information guide investment and policies to achieve national goals.
РРР	Public Participation Plan	The Public Participation Plan documents the goals, objectives and strategies for ensuring all individuals have every opportunity to be involved in transportation planning decisions. The plan is designed to provide a transparent planning process that is free from any cultural, social, racial or economic barriers and offers multiple opportunities for public participation and input.
PTASP	Public Transportation Agency Safety Action Plan	A plan that is developed by transit agencies to identify responsibilities for safety and day to day implementation of a safety management system.
RPC	Regional Planning Council	Organizations designated by Florida law to provide planning and technical expertise to local governments in order to promote regional collaboration.
SHSP	Strategic Highway Safety Plan	This is a statewide and coordinated safety plan that provides a comprehensive framework for eliminating highway fatalities and reducing serious injuries on all public roads.
SIS	Strategic Intermodal System	A network of transportation facilities important to the state's economy and mobility. The SIS was created to focus the state's limited resources on the facilities most significant for interregional, interstate and international travel (Definition taken from FDOT - https://www.fdot.gov/planning/sis/default.shtm).
SOV	Single-Occupancy Vehicle	Any motor vehicle operated or driven by a single person.
STBG	Surface Transportation Block Grant Program	The STBG federal funding promotes flexibility in State and local transportation decisions and provides flexible funding to best address State and local transportation needs.
STIP	Statewide Transportation Improvement Program	The STIP is a statewide prioritized listing/program of transportation projects covering a period of four years that is consistent with the long-range statewide transportation plan, metropolitan transportation plans, and TIPs, and required for projects to be eligible for funding under title 23 U.S.C. and title 49 U.S.C. Chapter 53.
STP	Surface Transportation Program	Federal-aid highway funding program that supports a broad range of surface transportation capital needs, including many roads, transit, sea and airport access, vanpool, bike, and pedestrian facilities.

ACRYONYM	NAME	DESCRIPTION
TAC	Technical Advisory Committee	The Technical Advisory Committee provides technical expertise to the TPO by reviewing transportation plans, programs and projects primarily from a technical standpoint. The TAC is comprised of professional planners, engineers, and other state and local professionals.
ТАМР	Transportation Asset Management Plan	The TAMP outlines the process for effectively operating, maintaining and improving the physical transportation assets in Florida (e.g., roads, bridges, culverts).
TAZ	Traffic Analysis Zone	A defined geographic area used to tabulate traffic-related land use data and forecast travel demand. Traffic Analysis Zones typically consist of one or more Census blocks/tracts or block groups.
TD	Transportation Disadvantaged	Transportation Disadvantaged includes individuals with physical and economic challenges and senior citizens facing mobility issues.
TDLCB	Transportation Disadvantaged Local Coordinating Board	The TDLCB coordinates transportation needs of the disadvantaged, including individuals with physical and economic challenges and senior citizens facing mobility issues. The Board helps the TPO identify local service needs of the Transportation Disadvantaged (TD) community to the Community Transportation Coordinator (CTC).
TDM	Transportation Demand Management	Programs designed to reduce demand for transportation through various means, such as the use of public transit and of alternative work hours.
TDP	Transit Development Plan	The Transit Development Plan (TDP) represents the community's vision for public transportation in the Ocala Marion TPO service area for a 10- year span. Updated every five years, the Plan provides a comprehensive assessment of transit services in Marion County. Specifically, the TDP details SunTran's transit and mobility needs, cost and revenue projections, and community transit goals, objectives, and policies.
TIP	Transportation Improvement Program	A TIP is a prioritized listing/program of transportation projects covering a period of five years that is developed and formally adopted by a TPO as part of the metropolitan transportation planning process, consistent with the metropolitan transportation plan, and required for projects to be eligible for funding under title 23 U.S.C. and title 49 U.S.C. Chapter 53.
TMA	Transportation Management Area	An urbanized area with a population over 200,000 (as determined by the latest decennial census) or other area when TMA designation is requested by the Governor and the TPO (or affected local officials), and officially designated by the Administrators of the FHWA and FTA. The TMA designation applies to the entire metropolitan planning area.
TMIP	Travel Model Improvement Program	TMIP supports and empowers planning agencies through leadership, innovation and support of planning analysis improvements to provide better information to support transportation and planning decisions.

ACRYONYM	NAME	DESCRIPTION
TOD	Transit Oriented Development	Transit-oriented development, or TOD, is a type of community development that includes a mixture of housing, office, retail and/or other amenities integrated into a walkable neighborhood and located within a half-mile of quality public transportation (Definition taken from Reconnecting America-www.reconnectingamerica.org).
ТРМ	Transportation Performance Management	FHWA defines Transportation Performance Management as a strategic approach that uses system information to make investment and policy decisions to achieve national performance goals.
ТРО	Transportation Planning Organization	A TPO, also known as an MPO, is a forum for cooperative transportation decision-making for metropolitan planning areas. In order for a TPO to be designated, an urban area must have a population of at least 50,000 as defined by the US Census Bureau.
TRB	Transportation Research Board	The mission of the Transportation Research Board (TRB) is to promote innovation and progress in transportation through research.
TRIP	Transportation Regional Incentive Program	Created in 2005, the program provides state matching funds to improve regionally significant transportation facilities.
TTTR	Truck Travel Time Reliability Index	The Truck Travel Time Reliability Index (TTTR) is defined as the ratio of longer truck travel times (95th percentile) compared to normal truck travel times (50th percentile) on the interstate system.
UA	Urbanized Area	A statistical geographic entity delineated by the Census Bureau, consisting of densely settled census tracts and blocks and adjacent densely settled territory that together contain at least 50,000 people.
ULB	Useful Life Benchmark	The expected lifecycle or the acceptable period of use in service for a transit capital asset, as determined by the transit agency or by a default benchmark provided by the Federal Transit Administration.
UPWP	Unified Planning Work Program	UPWP means a Scope of Services identifying the planning priorities and activities to be carried out within a metropolitan planning area. At a minimum, a UPWP includes a description of planning work and resulting products, who will perform the work, time frames for completing the work, the cost of the work, and the source(s) of funds.
USC	United States Code	The codification by subject matter of the general and permanent laws of United States.
USDOT	United States Department of Transportation	When used alone, indicates the U.S. Department of Transportation. In conjunction with a place name, indicates state, city, or county transportation agency.
YOE	Year of Expenditure	The current dollar in the year (adjusted for inflation) during which an expenditure is made or benefit realized, such as a project being constructed.
VMT	Vehicle Miles Traveled	A measurement of miles traveled by vehicles within a specified region for a specified time period (Definition taken from Wikipedia).

APPENDIX H: Project Changes from Prior TIP

Project Changes from Prior Transportation Improvement Program (TIP)

The following list summarizes major projects that were programmed in the previous Fiscal Years (FY) 2023 to 2027 TIP and their respective status toward implementation. This includes projects advanced; completed; construction (2023/2024); or deferred. The project status denoted references the general fiscal year time frame.

	Status of Projects from Prior TIP		
	Advanced, Completed, Construction or D	eferred	
Project			FY 2023-2027
Number/FM	Project Description	Project Status	TIP Funding
4336511	CR 484 from SW 20th Avenue to CR 475A	Construction 2023/2024	\$47,520
4336514	CR 484 from SW 20th Avenue to CR 475A	Construction 2023/2024	\$184,725
4336611	U.S. 441 from SR 40 to SR 40A (Broadway)	Construction 2023/2024	\$17,767
4348441	CR 42 at SE 182nd Avenue Road	Construction 2023/2024	\$350,000
4348442	CR 42 at SE 182nd Avenue Road	Construction 2023/2024	\$67,980
4355473	NW 44th Street from SR 40 to NW 11th Street	Construction 2023/2024	\$14,269,963
4375962	SR 40/Silver Springs Blvd from NW 27th Ave to SW 7th Ave	Construction 2023/2024	\$909,279
4384171	Marion County Airport Runway Improvements	Deferred FY 24 to FY 26	\$437,500
4385621	I-75 (SR 93) Rest Area from North of CR 484 to South of SR 200	Construction 2023/2024	\$42,379,924
4392341	SR 200 from I-75 to U.S. 301	Deferred FY 23 to FY 24	\$13,344,987
4407801	Ocala International Airport Pavement Rehabilitation	Deferred FY 24 to FY 25	\$1,500,000
4411411	SR 464 from U.S. 441/U.S. 301 to SR 35 (Baseline Road)	Construction 2023/2024	\$21,644,972
4448771	Ocala International Airport Hangar	Advanced FY 25 to FY 24	\$1,250,000
4452121	U.S. 301 from S of NE 175th St to Alachua County Line	Advanced FY 24 to FY 23	\$4,729,689
4452171	SR 326 from NW 12th to SR 40	Construction 2023/2024	\$11,875,930
4456881	U.S. 27/U.S. 441/Abshiver Boulevard at CR 42	Construction 2023/2024	\$1,099,429
4457011	SE Abshier Blvd from SW Hames Rd to North of SE Agnew Rd	Construction 2023/2024	\$2,062,140
4489241	SR 492 over CSX Railroad Line	Construction 2023/2024	\$391,249
4503401	Emerald Road Extension from 92nd Loop to CR 424	Construction 2023/2024	\$9,650,000
4509181	Dunnellon Trail from River View to Rainbow River Bridge	Construction 2023/2024	\$2,537,000

TIP Funding and schedule changes are summarized in the following table for major projects programmed in both the previous FY 2023 to FY 2027 TIP and the current draft FY 2024 to FY 2028 TIP. Also summarized are projects previously deferred in a prior TIP, and are now programmed in the current FY 2024 to FY 2028 TIP.

	Major Project Funding Changes Prior TIP (2023 to 2027) Years to Current TIP Years (2024 to 2028)								
Project Number/FM	Project Description	Project Schedule Changes	Change in TIP Project Funding						
*2386481	SR 45 (US 41) from SW 110th St to North of SR 40	Programmed FY 2028	\$62,027,312						
4336601	U.S. 441 at SR 464	None	\$111,255						
4352091	I-75 (SR 93) at NW 49th St from end of NW 49th to NW 35th	None	(\$9,010,692)						
4392341	SR 200 from I-75 to U.S. 301	Deferred FY 23 to FY 24	\$2,141,011						
4392382	U.S. 441 from SE 102nd Place to SW 10th/SR 200	None	\$943,991						
4452181	U.S. 441 from Avenue I to Alachua County Line	None	(\$541,692)						
4453021	U.S. 301 from N of CR 42 to SE 114th Place Road	None	\$2,293,462						
4483761	I-75 (SR 93) from SR 200 to North of U.S. 27	None	(\$1,930,868)						
4485261	U.S. 41/Williams from N of Citrus County to SW 110th St	None	(\$526,554)						
4486351	U.S. 441 from County Road 25A to Avenue I	None	\$454,932						

^{*}Project deferred in a prior TIP years, programmed in current FY 2024 to FY 2028 TIP

APPENDIX I: List of Projects in 2045 LRTP

FIGURE 7.2: 2021-2025 PROJECTS

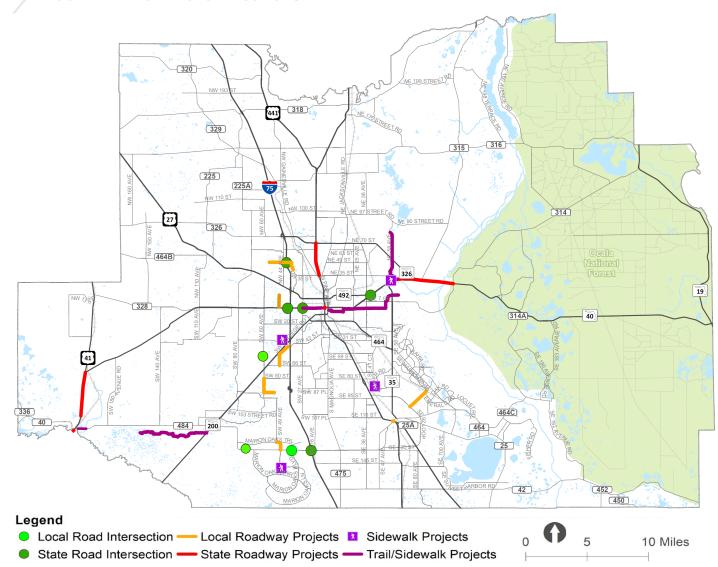

TABLE 7.2: 2021-2025 PROJECTS

PROJECT TYPE	FACILITY	FROM	то	IMPROVEMENT
	SR 45 (US 41)	SW 110TH St	N of SR 40	Add Lanes & Reconstruct
	SR 40	End of 4 Lanes	E of CR 314	Add Lanes & Reconstruct
	CR 484	SW 20TH Ave	CR 475A	Interchange Improvement
	SR 40	at SW 40th Ave and SW 27th Ave		Add Turn Lane(s)
Chata/Eadamal Essadad	I-75(SR 93)	End of NW 49th St	End of NW 35th St	New Interchange
State/Federal Funded Roadway Investmens	US 441	SR 40	SR 40A (SW Broadway)	Traffic Ops Improvement
	E SR 40	At SR 492		Traffic Signals
	SR 40	SW 27th Ave	MLK Jr. Ave	Safety Project
	US 41/Williams St	Brittan Alexander Bridge	River Rd	Safety Project
	SR 25	NW 35th St	SR 326	Safety Project
	CR 42	at SE 182ND		Add Turn Lane(s)
	NW 44th Avenue	SR 40	NW 11th Street	New Four Lanes
	Dunnellon Trail	River View	Rainbow River Bridge	Multimodal/Roadway
	Emerald Rd. Exten.	SE 92nd Loop	FL Northern Railroad	New 2 Lane
	CR 484	at Intersection of Marion	Oaks Boulevard	Intersection/Turn lanes
	CR 484	at SW 135th Street Road	1)	Intersection/Turn lanes
	SW 60th Avenue	SW 54th Street	SECO Driveway	Intersection/Turn lanes
	SE Abshier Blvd	SE Hames Rd	N of SE Agnew Rd	Traffic Signals
	Emerald Road Extension	SE 92nd Loop	Florida Northern Railroad	New 2 Lane
	NW 49th Street Ext	NW 44th Ave	NW 35th Ave	New 4 Lane
Local Funded	NW 49th Street	1.1 miles west of NW 44th Ave	NW 44th Ave	New 2 Lane
Roadway Investments	SW 49th/40th Ave	SW 66th St	SW 42nd St Flyover	New 4 Lane divided
	SW 49th Ave	Marion Oaks Trail	CR 484	New 4 Lane
	SW 90th St	SW 60th Ave	0.8 miles E of SW 60th Ave	New 2 Lane
	SW 60th Ave	SW 90th St	SW 80th St	Traffic Signals
	CR 484	at Marion Oaks Blvd		Add Turn Lanes, Modify Signals
	Silver Springs State F	<mark>Park</mark>		Pedestrian Bridges
	Pruitt Trail	SR 200	Pruitt Trailhead	Bike Path/Trail
	Indian Lake Trail	Silver Springs State Park	Indian Lake Park	Bike Path/Trail
Pedestrian/ Bicycle	Downtown Ocala Trail	SE Osceola Ave	Silver Springs State Park	Bike Path/Trail
Investments	SR 40	NW 27th Ave	SW 7th Ave	Sidewalks
	Marion Oaks- Sunrise/Horizon	Marion Oaks Golf Way	Marion Oaks Manor	Sidewalks
	Saddlewood Elemen	tary Sidewalks		Sidewalks

RE: Commitment to Zero Safety Action Plan Update

Summary

On November 29, 2022, the TPO Board adopted the Commitment to Zero Safety Action Plan. The Action Plan outlines a visionary framework and strategies for achieving the long-term goal of zero fatalities and serious injuries to the transportation system of Marion County.

Based upon further guidance made available by the U.S. Department of Transportation (US DOT), along with an interest by local governments to pursue the federal discretionary Safe Streets and Roads for All (SS4A) grant program, the TPO is proposing to update the Action Plan.

In the Strategies for Getting to Zero section of the Action Plan, one of the TPO's commitments outlined on page 39 (Safe Roads, Engineering/Planning) is to: "Review and update safety projects annually for the TPO's List of Priority Projects (LOPP) process. Reference LOPP safety projects to the Commitment to Zero Safety Action Plan."

The TPO is proposing to accomplish this strategy by updating the Action Plan to include safety and operations projects tied to both the LOPP, safety emphasis areas, and local government partner input. This project list will help support an annual review of safety project needs, along with local government SS4A applications to USDOT.

Additionally, as part of having a "compliant" Safety Action Plan, USDOT calls for a specific aspirational goal to achieve zero fatalities and serious injuries. Therefore, the TPO proposes a community-wide goal of achieving zero by 2045, which reflects the TPO's current Long-Range Transportation Plan (LRTP) horizon year.

Attachment(s)

- Commitment to Zero Safety Action Plan, Proposed Updates
- Commitment to Zero High Injury Network
- Safe Streets and Roads for All Self-Certification Worksheet

Committee Recommendation(s)

On June 13, 2023, the Citizens Advisory Committee (CAC) and the Technical Advisory Committee (TAC) approved the proposed changes to the Safety Action Plan, including a listing of projects based on four primary criteria:

- Location on the Commitment to Zero High Injury Network (HIN)
- Five-year history of fatalities and serious injuries (2018-2022)
- Location in a 2045 LRTP Equity Area
- 2023 List of Priority Projects (LOPP) Ranking

Action Requested

TPO staff is recommending approval of the updates to the Commitment to Zero Safety Action Plan, including a revised Appendix A with a listing of projects and planning studies.

If you have any questions, please contact me at: 438-2631.

Appendix C – High Injury Network

Appendix D – Engagement Summary

Appendix E – Best Practice Review

What is Commitment to Zero?

Commitment to Zero is the Ocala Marion TPO's call to action to eliminate traffic-related fatalities and serious injuries by 2045. It is not just a slogan, plan, or effort isolated to the TPO. Commitment to Zero is a community-wide shift in how the region talks about, approaches, and addresses traffic safety. Commitment to Zero is founded on four principles: Education and Awareness, Public and Partner Engagement, Safety Analysis, and Action Planning. Together, these form the foundation of a lasting effort to foster change and action.

Proposed Update

Commitment to Zero is
Ocala Marion TPO's
call to action to
eliminate trafficrelated fatalities and
serious injuries by 2045

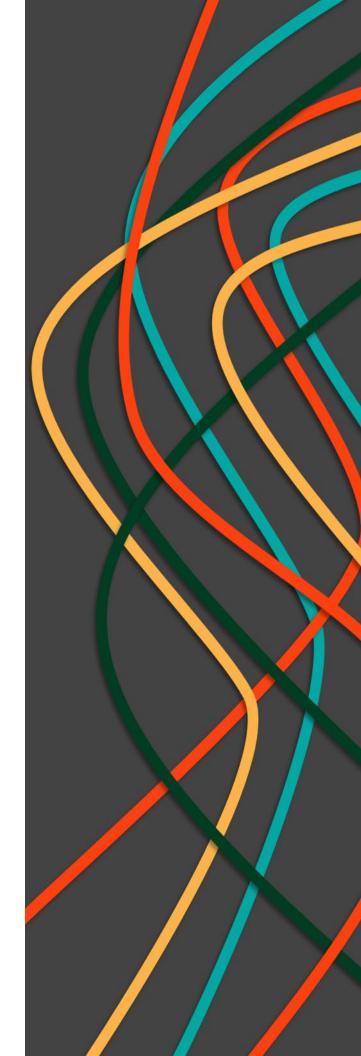

Appendix A Commitment to Zero Projects

Pending Approval on June 27, 2023

COMMITMENT TO ZERO PROJECTS

The Commitment to Zero Action Plan includes a listing of projects to address safety challenges in the Ocala/Marion County community. Projects identified in the most current list are based on the TPO's annual formalized List of Priority Projects (LOPP) process, safety emphasis areas and submissions from local government partners. The 2023 project list was reviewed by the TPO's Citizens Advisory Committee (CAC) and Technical Advisory Committee (TAC) and approved by the TPO Board on June 27.

The projects identified are all deemed eligible for federal grants, and federal and/or state funding programmed annually by the Florida Department of Transportation (FDOT).

Project Ranking Methodology

The TPO's priority project ranking criteria is used to support the development of the **Commitment to Zero** project list based on the following ten categories and is summarized as follows:

- **1. Prior Year Rank**: An emphasis on prior project ranking to help support program stability and advancement toward implementation.
- **2. Project Cycle:** The status of projects in their development phase with an emphasis on the most weight given to projects that are ready for construction.
- **3. Local Funding Commitment**: Projects receive points for including a local match commitment.
- **4. Regional Connectivity and Partnerships**: Projects that involve a formal partnership between two or more jurisdictions and coordination between two or more jurisdictions.
- **5. Safety**: Points given for being located on a roadway segment with a five-year history of serious injury and fatality crashes (2018 to 2022). Additional points for projects located on the Commitment to Zero Plan High Injury Network (HIN).
- **6. Congestion Management**: Points given for being located on the most up to date Congestion Management Plan Congested Corridors.
- **7. Multimodal**: A sidewalk, trail and/or bicycle facility are given points and also receive additional points for connecting to existing multimodal facilities in Marion County.
- **8. Transportation Resilience**: Points given for being located on an existing Florida Evacuation Route or connection to an Evacuation Route.
- **9. Economic Development and Logistics**: Points given for connecting to or serving employment growth areas of Marion County, along with connecting to or being located on a facility that supports freight activity centers.
- **10. Equity**: Projects that are located in at least one or more equity-based transportation disadvantaged areas of Marion County as identified and mapped in the 2045 Long-Range Transportation Plan (LRTP). The equity areas include: Poverty higher than county average; Minority higher than county average; No vehicle higher than county average; Senior (over 65) higher than county average; and youth (under 16) higher than county average.

Priority Projects

Project rankings are then adjusted based on applying a safety emphasis and local government input through a strategic refinement process at TPO committee and/or board meetings. A complete summary of the LOPP ranking and scoring methodology is available on the TPO website (https://ocalamariontpo.org/priority-project-list/).

Commitment to Zero Project List

The following page provides the most current (2023) Commitment to Zero Safety and Operations Projects as identified by local government partners. The projects and planning studies are identified for implementation over the next six fiscal years (2024 to 2029).

The projects and planning studies are listed/ranked in order based on four primary criteria:

- Location on the Commitment to Zero High Injury Network (HIN)
- Five-year history of fatalities and serious injuries (2018-2022)
- Location in a 2045 LRTP Equity Area
- 2023 LOPP Ranking

Safe Streets and Roads for All

Self-Certification Eligibility Worksheet

Applicants should follow the instructions in the NOFO to correctly apply for a grant. See the SS4A website for more information.

Instructions: The purpose of this worksheet is to determine whether an applicant's existing plan(s) is substantially similar to an Action Plan for purposes of applying for an Implementation Grant or to conduct Supplemental Planning/Demonstration Activities only. Use of this worksheet is required. Applicants should not adjust the formatting or headings of the worksheet.

For each question below, answer "yes" or "no." If "yes," cite the specific page in your existing Action Plan or other plan(s) that corroborate your response, or cite and provide other supporting documentation separately.

An applicant is eligible to apply for an Action Plan Grant that funds supplemental action plan activities, or an Implementation Grant, only if the following two conditions are met:

- Answer "yes" to Questions
- Answer "yes" to at least four of the six remaining Questions
 1
 2
 4
 5
 6
 8

If both conditions are not met, an applicant is still eligible to apply for an Action Plan Grant that funds creation of a new Action Plan.

Lead Applicant: UEI: Are both of the following true? NO YFS • Did a high-ranking official and/or governing body in the jurisdiction If yes, provide documentation: publicly commit to an eventual goal of zero roadway fatalities and serious injuries? • Did the commitment include either setting a target date to reach zero, OR setting one or more targets to achieve significant declines in roadway fatalities and serious injuries by a specific date? To develop the Action Plan, was a committee, task force, implementation YES NO group, or similar body established and charged with the plan's If yes, provide documentation: development, implementation, and monitoring? 3 Does the Action Plan include all of the following? NO YES Analysis of existing conditions and historical trends to baseline the level If yes, provide documentation: of crashes involving fatalities and serious injuries across a jurisdiction, locality, Tribe, or region; • Analysis of the location where there are crashes, the severity, as well as

of higher risk locations.

road users; and,

contributing factors and crash types;

• Analysis of systemic and specific safety needs is also performed, as needed (e.g., high risk road features, specific safety needs of relevant

A geospatial identification (geographic or locational data using maps)

Safe Streets and Roads for All

Self-Certification Eligibility Worksheet

 Did the Action Plan development include all of the following activities? Engagement with the public and relevant stakeholders, including the private sector and community groups; Incorporation of information received from the engagement and collaboration into the plan; and Coordination that included inter- and intra-governmental cooperation and collaboration, as appropriate. 	YES NO If yes, provide documentation:
 Did the Action Plan development include all of the following? Considerations of equity using inclusive and representative processes; The identification of underserved communities through data; and Equity analysis, in collaboration with appropriate partners, focused on initial equity impact assessments of the proposed projects and strategies, and population characteristics. 	YES NO If yes, provide documentation:
 Are both of the following true? The plan development included an assessment of current policies, plans, guidelines, and/or standards to identify opportunities to improve how processes prioritize safety; and The plan discusses implementation through the adoption of revised or new policies, guidelines, and/or standards. 	YES NO If yes, provide documentation:
Does the plan identify a comprehensive set of projects and strategies to address the safety problems in the Action Plan, time ranges when projects and strategies will be deployed, and explain project prioritization criteria?	YES NO If yes, provide documentation:
 Does the plan include all of the following? A description of how progress will be measured over time that includes, at a minimum, outcome data. The plan is posted publicly online. 	YES NO If yes, provide documentation:
Was the plan finalized and/or last updated between 2018 and June 2023?	YES NO If yes, provide documentation:

RE: General Planning Consultant (GPC) Recommendations

Since March 2023, the TPO has been coordinating with the Marion County Procurement Services Department regarding a Request for Qualifications (RFQ) process for general planning consultant (GPC) contract(s). The TPO has managed GPC contracts over the past three years with three firms (Benesch, Kimley-Horn and Associates, Kittelson and Associates) for assistance in various planning project tasks. The tasks performed by the consultants are based on activities outlined in the TPO's two-year Unified Planning Work Program (UPWP).

The timeline for the GPC process was from March 7 to May 17, 2023. Please find attached a Memorandum from the Marion County Procurement Services Department outlining the process and selection committee results.

Attachment(s)

• TPO General Planning Consultant Memorandum from Marion County Procurement Services Department

Action Requested

Staff requests Board approval of the selection committee recommendations and for the TPO Director to work with Marion County Procurement Services Department to begin contract negotiations with the three firms.

If you have any questions or concerns about the process and/or committee selections, please contact me at: 438-2631.

Memorandum

To: TPO Director, Rob Balmes

From: Procurement Contract & Analyst, Anette Francia

Date: June 5, 2023

RE: 23Q-055 TPO General Planning Consultants – Request for Qualifications

On March 7, 2023, Procurement advertised a Request for Qualifications (RFQ) on behalf of TPO for general planning consultants. On May 5, 2023, Marion County Procurement Services received four (4) submittals from the following firms:

- 1. Kittelson & Associates, Inc.
- 2. HDR Engineering, Inc.
- 3. Kimley-Horn and Associates, Inc.
- 4. Alfred Benesch & Company

Marion County Procurement Services facilitated a Selection Committee on May 17, 2023, along with the Selection Committee members which included: Kenneth Odom (Marion County Growth Services, Transportation Planner), Eric Smith (City of Ocala Growth Management, Senior Transportation Project Administrator), Bob Titterington (City of Belleview, Public Works Director), Noel Cooper (City of Ocala, Transportation Engineer), and Rob Balmes (Ocala/Marion TPO Director).

Based on the scores and the meeting held on May 17, 2023, the selection committee recommends that the top three-ranking firms be awarded the contract to serve as TPO's general planning consultants at an upcoming Marion County Board of County Commissioner meeting.

- 1. Kimley-Horn and Associates, Inc.
- 2. Alfred Benesch & Company
- 3. Kittelson & Associates, Inc.

If you have any questions or concerns regarding the RFQ or selection process, you can contact me directly at (352) 671-8450.

Thank you, Anette

RE: 2050 Long Range Transportation Plan (LRTP) Request for

Qualifications (RFQ) and Scope of Services Approval

Summary

The TPO is required by both federal law (23 CFR 450, 49 CFR 613) and Florida Statute (339.175) to develop a Long-Range Transportation Plan (LRTP) every five years with at least a 20-year planning horizon. The current LRTP was adopted on November 24, 2020 and is valid through November 24, 2025.

Since March 2023, the TPO has been developing a Scope of Services with the intent on working with a Consultant for the 2050 LRTP. The plan development process is anticipated to be from late 2023 to the end of 2025. The adoption of the 2050 LRTP must be no later than November 24, 2025.

The Scope of Services outlines the tasks that will be issued by the TPO to the Consultant. A draft of the Scope was circulated to local government partners and the TPO's Citizen Advisory Committee (CAC) and Technical Advisory Committee (TAC). Based upon feedback, a final draft Scope of Services is included with this memo.

A five-person selection committee has been identified and includes planning and engineering professionals from Marion County, the City of Ocala and the TPO. The Selection Committee's Consultant recommendation will be presented to the TPO Board for approval. Additionally, when contract negotiations take place with the approved Consultant, a final Scope and Budget will be presented to the TPO Board for approval. The dates of these approvals are anticipated at the September and October or November 2023 Board meetings.

A Request for Qualifications (RFQ) document has been developed by the Marion County Procurement Services Department, in coordination with the TPO, and modified to ensure all appropriate clauses and documentation are in full compliance with federal requirements. This includes Title VI Assurances and Disadvantaged Business Enterprise (DBE) language. The Florida Department of Transportation (FDOT) provided a review of the draft RFQ and Scope and confirmed all required documentation is included in the document.

A transportation system that supports growth, mobility, and safety through leadership and planning

Marion County • City of Belleview • City of Dunnellon • City of Ocala

Scope Highlights

The Scope of Services in the RFQ includes a total of 17 tasks to be performed by the Consultant, in coordination and collaboration with the TPO. Some of the highlights include:

- The LRTP will reflect a required horizon year of 2050. The 2045 LRTP will be used as a foundation to build upon the 2050 LRTP.
- The Consultant will integrate the major emphasis areas of safety, equity, resilience, carbon reduction, housing, technology and emerging mobility.
- The Consultant will integrate the ten (10) Federal Planning Factors and apply a performance-based planning process.
- A LRTP Steering Committee will be formed and include professionals from all four local jurisdictions, along with federal, state and other regional partners.
- Due to the projected growth of Ocala/Marion County, the TPO is including a Scenario Planning task in the 2050 LRTP. Scenario Planning will be used as a tool to consider plausible growth build-out alternatives and their potential future impacts to the transportation system. This task would be an additional expense beyond a standard LRTP update.

Proposed 2050 LRTP Budget

Consultant: \$435,000

Proposed Procurement Timeframe

July to October 2023 (includes TPO Board action)

Attachment(s)

• Draft 2050 LRTP Request for Qualifications (RFQ) Package

Action Requested

Staff requests Board approval of the RFQ package, and for the TPO Director to work with Marion County Procurement Services Department to begin the advertisement and procurement process.

If you have any questions or concerns, please contact me at: 438-2631.

RFQ 23Q-141: TPO 2050 LRTP

NON-MANDATORY PRE-PROPOSAL MEETING DATE/TIME:

Attending this meeting is strongly recommended as the project's scope of work, procedures, and specifications will be discussed at this time. All questions must be made only to Procurement, and received by the date indicated and will be considered. Questions will not be answered over the phone; they must be submitted by fax or email, and must be acknowledged below when issued by addendum.

MEETING LOCATION: Procurement Services Department, Large Conference Room

Marion County Procurement Services will continue to conduct all formal bid openings and Selection Committee Meetings via videoconference on WebEx, and most Pre-Bid/Pre-Award Meetings via teleconference, until further notice.

**Please note that this information may change at any time and with very little notice.

For questions relating to this solicitation, contact: Anette Francia | anette.francia@marionfl.org

LAST DAY FOR QUESTIONS: July 25, 2023, 12:00 PM

SUBMITTALS WILL ONLY BE ACCEPTED ELECTRONICALLY THROUGH THE DEMANDSTAR SYSTEM. ALL OTHER SUBMITTALS WILL NOT BE OPENED

DUE DATE: August 3, 2023, 3:00PM

It is the responsibility of contractors who receive this Solicitation from sources other than Marion County or DemandStar to contact the Procurement Services Department prior to the due date to ensure any updates/addenda are received in order to submit a responsible and responsive offer. Not submitting a complete and accurate document may deem the offer non-responsive and have your bid rejected.

RFQ 23Q-141 TPO 2050 LRTP

PART 1 – SCOPE OF WORK

INTRODUCTION

ABOUT THE TPO

Established in 1981, the Ocala/Marion County Transportation Planning Organization (TPO) is a federally-mandated agency responsible for allocating state and federal funds to the roadway, freight, transit, bicycle, pedestrian and aviation projects within Marion County. The TPO serves the cities of Belleview, Dunnellon, Ocala, and Marion County, and works to ensure improvements to the transportation system reflect the needs of both stakeholders and the public.

The TPO is governed by a 12-member Board of locally elected officials. The expertise of the staff and leadership of the TPO Board are supplemented by the Technical Advisory Committee (TAC), Citizens Advisory Committee (CAC), and the Transportation Disadvantaged Local Coordinating Board (TDLCB). Collectively, these boards and committees provide guidance and policymaking decisions for the organization. The work of the TPO is guided by federal and state legislation, including U.S. Code Title 23 and 49 and Florida Statutes 339 and 427.

The Ocala Marion TPO's MISSION STATEMENT is to plan for a future transportation system that is safe and accessible for the residents and visitors of our community.

The Ocala Marion TPO's VISION STATEMENT is a transportation system that supports growth, mobility, and safety through leadership and planning.

2050 LRTP SCOPE OVERVIEW

The TPO is seeking to work with a Consultant to prepare the 2050 Long Range Transportation Plan (LRTP) in accordance with 23 Code of Federal Regulations (CFR) Part 450 and 49 CFR Part 613; the Infrastructure Investment and Jobs Act (IIJA), Public Law 117-58; and the requirements outlined in section 339.175 of the Florida Statutes. The 2050 LRTP must be adopted by the TPO Board on October 28, 2025. All final work will be completed by the TPO and Consultant no later than December 31, 2025 to ensure the supporting federally required documentation is transmitted to the Florida Department of Transportation (FDOT).

This Scope of Services outlines the tasks that will be issued whole or in part by the TPO to the Consultant. When contract negotiations take place, tasks may be modified at the discretion of the TPO. The end result will be a final negotiated Scope and Budget presented to the TPO Board for final approval. The TPO retains all rights and ownership to the data, reports, presentations, maps, video and documents delivered by the Consultant pertaining to the tasks in this Scope of Services.

2050 LRTP Scope of Services

This update to the LRTP will reflect the horizon year of 2050. The 2045 LRTP will be used as a foundation to build upon the 2050 LRTP. The Consultant will be required to integrate the new funding and planning requirements of the IIJA, which includes the major emphasis areas of safety, equity, resilience, carbon reduction, housing, technology and emerging mobility. The Consultant will fully integrate the ten (10) Federal Planning Factors and apply a Performance-based planning process. Also, the Consultant will integrate the additional state (Florida Department of Transportation) and federal (U.S. Department of Transportation) major emphasis areas as published in December 2021. These emphasis areas are outlined in the TPO's Fiscal Years 2022/2023 to 2023/2024 Unified Planning Work Program (UPWP) budgetary document.

Due to the projected growth and development of Ocala/Marion County, the TPO is also seeking to integrate Scenario Planning in the 2050 LRTP. Scenario Planning will be used to consider plausible build-out alternatives and their potential future impacts to the transportation system of the TPO Planning Area, which includes the entirety of Marion County. Further information is outlined in Task 11.

A comprehensive and inclusive public participation process will be essential to the 2050 LRTP. This process will include development of a LRTP Public Participation Plan. Further information is outlined in Task 3.

2050 LRTP PROJECT TASKS

The TPO and Consultant will be responsible for completing and/or supporting the following task activities. Each task is organized by work area and includes a summary of responsibilities and deliverables.

TASK 1: PROJECT MANAGEMENT

The TPO Project Manager (TPM) will lead this task with a Consultant Project Manager (CPM). The CPM will be the primary point of contact to the TPM and responsible for the overall project management of the Consultant and Sub-Consultant team members. The CPM will be responsible for ensuring the following activities are completed, in close coordination with the TPM:

Consultant Responsibilities

- Development of a detailed project schedule, and public-friendly schedule. The project schedule will guide the entire plan development process. All work identified in the schedule must be completed on time. Any changes to the schedule will require coordination with the TPM.
- Management of tasks, budget, deliverables and invoices. All work performed by the Consultant must be on-time and on-budget.
- Management, coordination and delivery of presentations at meetings, open houses and hearings.

- Coordination between the CPM and TPM to maintain the project schedule, deliverables and participation in regularly scheduled project status meetings.
- Submission of draft and final deliverables based on specific deadlines outlined in the project schedule.
- Designation of a Quality Assurance and Quality Control (QA/QC) Task Manager to oversee the review of all draft and final project deliverables.

Consultant Deliverables

- 2050 LRTP Project Schedules
- Monthly invoices for work performed through the end of each month
- Monthly Progress Report (included with monthly invoice)
- Monthly project coordination meetings between the CPM and TPM
- In-person attendance at public meetings, TPO Board, Committee and LRTP Steering Committee meetings
- Delivery of presentations and associated electronic files
- Delivery of meeting files

Each task activity involving the TPM or TPO staff, either providing support, leading or reviewing, will be completed in a timely manner according to the agreed-upon project schedule.

TPO Responsibilities

- Review and approval of draft and final project schedules
- Review of all draft and final project deliverables by Consultant based on the project schedule and deadlines
- Submission of comments to the CPM
- Attend monthly coordination meetings
- Process invoices for prompt payment to Consultant
- Secure facility locations for public meetings, TPO Board and Committee meetings, and LRTP Steering Committee meetings

TASK 2: 2050 LRTP DOCUMENTATION

The Consultant will be responsible for preparing documentation for the draft and final 2050 LRTP, executive summary, companion appendices, maps and electronic files. The format of the 2050 LRTP documents will reflect a uniform, consistent theme and color scheme. The LRTP draft, final, executive summary and appendix documents will be developed in Microsoft Word and Adobe Acrobat (PDF) for efficiency and ease of future modifications and/or amendments. All project tables (Cost Feasible, Needs) and other files involving data analysis will be completed in Microsoft Excel. All maps will be developed and completed in ArcGIS Pro. The presentation of information in the main and executive summary documents will be in a format that is public-friendly and concise. The appendices will contain all of the in-depth, technical information. The following outlines specific LRTP documentation deliverables.

Consultant Deliverables

- 2050 LRTP Executive Summary
- 2050 LRTP Document
- 2050 LRTP Appendices
 - Federal and State LRTP Guidance
 - Public Participation Plan
 - Vision, Goals, Objectives, Measures of Effectiveness
 - System Performance Summary
 - Data Collection and Plan Synthesis Summary
 - o Travel Demand Model Summary
 - Financial Revenues
 - Needs Assessment, Prioritization, Cost Feasible Summary
 - Scenario Planning Summary
 - Public Participation Summary (public process and survey summaries)
 - Equity Assessment Summary
- 2050 LRTP Cost Feasible, Boxed Funds, Needs Project Lists (Excel, PDF)
- 2050 LRTP maps (GIS Files)
 - Electronic GIS files for all maps produced in the draft, final LRTP and appendices

TPO Responsibilities

Review of draft and final deliverables for all documents, maps, tables

TASK 3: PUBLIC PARTICIPATION

Engagement with the public will be a continuous process in the development of the 2050 LRTP. A major emphasis will be placed on ensuring the underserved and disadvantaged members of the community are engaged in the entire process. To guide public participation at the onset of the project, the Consultant will be responsible for developing a 2050 LRTP Public Participation Plan (PPP). The PPP will guide both the TPO and Consultant throughout the project, including a schedule of milestones, participation methods, meetings, public review periods and other activities as identified. The PPP will contain a summary of performance metrics and corresponding results for each of the methods conducted over the course of the project. The LRTP document will contain a chapter highlighting the entire public process.

The following provides a summary of the public participation activities planned for the 2050 LRTP.

2050 LRTP Project Website

A 2050 LRTP project page will be located on the TPO's website. The project page will be customized by the TPO and its website vendor to include all content and announcements. The TPM will be responsible for working directly with the CPM to maintain files and information on the project page.

2050 LRTP Project Video

The Consultant will develop a video introducing the 2050 LRTP to the Ocala/Marion community. The video will highlight the LRTP purpose, plan development process, and the role of citizens and partner agencies. The video should be no more than 2 minutes in length.

2050 LRTP Social Media

The TPO's current social media platforms (Facebook, Twitter) will serve as a public forum for this project. The pages will also be closely linked to the activities posted on the LRTP project website page, and be focused on interaction and support for generating public participation. The Consultant will provide support with background content based on the specific phase of the project.

Communication

The TPM will coordinate closely with the CPM throughout the project to collaborate with local media, public information officers and partner organizations. An emphasis will be placed on key milestones involving public input through surveys, an online comment map and public meetings.

Public Outreach Educational Materials

The development of educational information and materials will support informing the public throughout the LRTP project. This may include LRTP overview fact sheets, a public-friendly schedule, visual aids, public outreach resources, etc. The Consultant and TPO will closely coordinate on appropriate educational materials, items and content.

Public Surveys

Two public surveys will be conducted to receive input from the public. The surveys will be developed by the Consultant with input and coordination from the TPO and LRTP Steering Committee. It is envisioned an initial survey (Public Survey 1) will be conducted to coincide with the formal LRTP public kick-off and extend through a specific period of time tied to the project schedule. Survey 1 will place an emphasis on concisely capturing public opinion related to the state of transportation in Marion County, including areas of emphasis, and input on the development of the vision, goals and objectives. The second survey (Public Survey 2) will be conducted to concisely capture public opinion related to prioritizing project needs and improvements, and scenario/build-out planning. Final results of both surveys will be included in the Public Participation Summary. Task work associated with Survey 1 is further explained in Task 4. Task work associated with Survey 2 is further explained in Task 10. Both surveys will be developed in formats administered online and hardcopy to ensure all members of the community, especially the underserved and disadvantaged have opportunities for sharing input.

Public Comment Map

An online, interactive public comment map will be developed and hosted by the Consultant. The public comment map will provide ongoing opportunities for the public to share feedback on specific locations in Marion County related to transportation opportunities, challenges and concerns. Comments will support the identification of project needs and priorities. The online

public comment map will be made available at public meetings for members of the community without access to the internet. Supplemental hardcopy maps and display boards will also be made available at meetings to ensure all members of the community, especially the underserved or disadvantaged have opportunities to share input. The online public comment map will be released to coincide with the LRTP public kick-off meeting and be extended through the Needs Assessment phase. Final results will be included in the Public Participation Summary.

Steering Committee Meetings

A 2050 LRTP Steering Committee will be formed to serve as the technical oversight body. The Steering Committee will be comprised of TPO Technical Advisory Committee (TAC) members and other identified federal, state and local partner agency staff members. Steering Committee members will be asked to convene in person, review information and draft deliverables, share local data and information, and provide feedback at key milestones. It is envisioned the Steering Committee will convene a total of up to five in-person meetings. Virtual meetings may be convened to supplement, but not replace in-person meetings. The Consultant will be required to lead and attend three in-person meetings.

Coordination will also take place with neighboring MPO's, including the Lake~Sumter MPO. This may include sharing the project schedule, public meeting notices, and project needs assessments.

Public Meetings

A formal, public kick-off meeting will be held to provide an opportunity for the 2050 LRTP to be introduced to the public. The Consultant will provide support to the TPO through the delivery of a formal presentation, sharing the 2050 LRTP project video and general presentation displays. The kick-off meeting will be held at a public venue, accessible by auto, non-motorized, bus and paratransit modes of transportation.

A community (Open House Meeting I) open house meeting will be conducted at an early stage of the project when a draft vision statement, goals, objectives and measures of effectiveness and other transportation and community features background information are available based on the project schedule. The purpose of this Open House will be to further introduce the 2050 LRTP, solicit feedback through in-person activities, comment mapping, survey completion, and other methods identified by the Consultant and TPO. The Open House Meeting I will be held at a public venue, accessible by auto, non-motorized, bus and paratransit modes of transportation with an emphasis placed on being located in an underserved area of the community.

A second community open house meeting (Open House Meeting II) will be conducted to provide an opportunity for citizens and interested parties to review information related to project needs and scenario/build-out options based on the project schedule. Feedback will be solicited through in-person activities, comment mapping, in-person survey completion, and other methods identified by the Consultant and TPO. Open House Meeting II will be held at a public venue,

accessible by auto, non-motorized, bus and paratransit modes of transportation with an emphasis placed on being located in an underserved area of the community.

Stakeholder and Partner Meetings

The LRTP outreach process will also include two extensive stakeholder and partner outreach meeting periods. The first period of meetings will be conducted during the initial/early stage of the project, following the Community Open House Meeting I, based on the project schedule. The second period of stakeholder and partner meetings will be conducted following the Community Open House Meeting II, based on the project schedule. Both periods of outreach will be limited to up 20 meetings in total.

The format will involve the TPM and TPO staff delivering presentations and soliciting feedback. The meetings will be held by the request of stakeholder organizations and local government partners. The TPO will publicize the meeting opportunities in the community, and coordinate scheduling. The overall intent of this format is to engage in community outreach that involves more direct, in-person interaction at the respective stakeholder and jurisdiction facilities.

The Consultant will support the TPO by providing appropriate background information based on the phase of the plan development process, including presentations and display materials. The Consultant will not attend any of the stakeholder and partner meetings.

Community Events and Public Locations

The TPM and TPO staff will attend accessible community events at specific periods of the plan development process, based on the project schedule. The TPM and TPO staff may also set up display tables at community facilities. The Consultant will support the TPO by providing appropriate background information based on the phase of the plan development process, including handouts and display materials. The Consultant will not be asked to attend any of these community events. These types of events will be selected based on location and staff availability, and are meant to supplement the public, stakeholder and partner meetings.

Board and Committee Meetings

The Consultant will attend and present at a total of two regularly scheduled TPO Board meetings, two Technical Advisory Committee and two Citizen Advisory Committee meetings. Presentations will made at the respective board/committee meetings based on the project schedule, and on the two rounds of public open house meetings.

Consultant Deliverables

- 2050 LRTP Public Participation Plan (PPP) (Word, PDF)
- Two public surveys and summary documents (see Tasks 4 and 10)
- Development of a 2045 LRTP project video
- Online public comment map
- Participation at the 2050 LRTP Kick-off Meeting
- Project educational fact sheets
- Co-lead and provide support at the Community Open House Meetings (2)

2050 LRTP Scope of Services

- Facilitate LRTP Steering Committee Meetings (3)
- TPO Board and Committee Meetings (4)
- Public Participation Summary

TPO Responsibilities

- Review of draft and final PPP document
- Host and manage the 2050 LRTP project page on The TPO website
- Coordinate social media with Consultant
- Review of draft and final 2050 LRTP project video
- Review of project educational information
- Review of draft and final Public Participation Summary document
- Facilitate LRTP Steering Committee Meetings (2)
- Organize and attend Stakeholder and Partner outreach meetings
- Organize and attend Community Events and Public Location activities

TASK 4: DATA COLLECTION AND PLAN SYNTHESIS

The Consultant will responsible for compiling and reviewing planning documents, GIS files, data and information related to existing and future development of the TPO Planning area. Conducting a review of the documents will be essential to understanding the historic, existing and future trends in Marion County.

The TPM will provide support to secure TPO-specific planning documents and associated files, and make requests to local partner agencies. The CPM will be responsible for ensuring the following list of information is collected and reviewed. This includes necessary electronic files, databases and GIS files. Some of this information will also be used to develop an LRTP chapter devoted to the State of Transportation Marion County.

- Socioeconomic Data, Profile (population, household, employment, schools, etc.)
- Comprehensive, Master Plans
- Government Strategic Plans
- Redevelopment Plans
- Local Development Inventories
- Economic Development Plans/Strategies
- Tourism Plans/Strategies
- SunTran Transit Development Plan (TDP)
- SunTran and Marion Transit Planning Studies
- School Board Studies/Plans
- Bicycle/Pedestrian/Trail Plans, Studies
- Local Freight/Trail Studies, Plans
- Airport Master Plans
- State Trail Plans

- Federal, State, Local Land Management and Environmental Resources, Inventories, Plans
- TPO Planning Documents
 - 2045 Long Range Transportation Plan (LRTP)
 - Transportation Improvement Programs (TIP)
 - Public Participation Plan (PPP)
 - Congestion Management Plan (CMP)
 - o Commitment to Zero Safety Action Plan
 - TPO Annual Safety Report
 - Transportation Resilience Guidance
 - o Regional Trails Facilities Plan
 - o Intelligent Transportation System (ITS) Strategic Plan

FDOT Documents

- Florida Transportation Plan
- o FDOT SIS Plans, District 5, Marion County
- Florida Strategic Highway Safety Plan (SHSP)
- o Florida Freight and Mobility Trade Plan
- Other FDOT Statewide Plans
- Regional Documents
 - Central Florida Metropolitan Planning Organization Alliance plans, regional priority lists, maps, etc.

The Consultant will also collect and summarize socioeconomic data derived from the Central Florida Regional Planning Model (CFRPM) (see Task 9) and other sources including the University of Florida Bureau of Economic and Business Research (BEBR).

Consultant Deliverables

- 2050 LRTP Data Collection and Plan Synthesis Summary
- Electronic files for data tables, GIS maps collected and produced
- Incorporation of summary information, maps, tables in the 2050 LRTP draft, final, executive summary documents, State of Transportation in Marion County LRTP chapter

TPO Responsibilities

- Provide pertinent TPO files and information
- Support CPM with federal, state, local contacts for information collection
- Review of draft and final documents.

TASK 5: VISION, GOALS, OBJECTIVES AND MEASURES OF EFFECTIVNESS

Plan visioning will set forth the desired direction for transportation over the next 25 years in Marion County. The development by the Consultant a 2050 vison statement, goals, objectives and measures of effectiveness will be undertaken in the initial phase of the project, and become an LRTP chapter. The prior 2045 vision, goals, and objectives will be used as the baseline.

However, this task will result in a revised framework tied to 2050 and a collaborative process with community leadership and partners, including the LRTP Steering Committee, TPO Board, TPO committees, stakeholders, citizens and other elected officials.

As part of this task, the Consultant will also conduct a review of current federal, state and local goals and emphasis areas, along with the integration of priorities of the IIJA and other pertinent recent transportation laws. This includes federally required planning factors and performance measures. A review will be conducted of current national transportation goals, state-level planning documents, and local transportation priorities. The TPO currently uses a List of Priority Projects (LOPP) Policies and Procedures guidance document to prioritize and rank projects. This document will also be reviewed in support of developing the goals, objectives and measures of effectiveness.

A component of this task will involve a 2050 LRTP Public Opinion Survey (Public Survey 1) as outlined in Task 3. The Consultant will be responsible for developing and implementing a public survey after the formal Kick-Off of the project. The survey will be hosted by the Consultant or third party, with a link to the survey provided on the TPO's 2050 LRTP website page and social media platforms. The survey questions will be formatted to concisely capture public opinion and insights related to the state of transportation in Marion County, including current priorities, areas of concern and input on the development of vision, goals and objectives.

Key summary findings of the survey will be used in the development of a draft Vison Statement, goals, objectives and measures of effectiveness at a LRTP Steering Committee meeting. This draft framework will also be presented at TPO Board and Committee meetings to receive feedback, resulting in a completed draft package for moving forward to plan development.

Consultant Deliverables

- 2050 LRTP Public Opinion Survey Instrument (Survey 1)
- 2050 LRTP Public Opinion Survey Summary
- Co-facilitate a LRTP Steering Committee Visioning Workshop
- Vision, Goals, Objectives and Measures of Effectiveness Summary and LRTP chapter

TPO Responsibilities

- Review of draft and final Public Opinion Survey Instrument (Survey 1)
- Review of draft and final Public Opinion Survey Summary
- Co-facilitate a LRTP Steering Committee Visioning Workshop
- Review of draft and final documents
- 2050 LRTP website Public Opinion Survey support
- Support with contact distribution lists, advertisements, social media and other communication channels

TASK 6: TRANSPORTATION AND COMMUNITY FEATURES

The Consultant will work in close coordination with the TPM and Steering Committee to identify, map and summarize transportation and community features in Marion County. This information will serve to inform and solicit feedback, and to support the prioritization of projects in the Cost Feasible and Unfunded Needs elements. This information will also be used to develop an LRTP chapter devoted to the State of Transportation Marion County. Some of the major community features may include, but not limited to:

- Horse farm preservation areas
- Ocala National Forest, other conservation lands
- Environmental sensitive resources.
- Downtowns
- Community gateways
- Historic districts
- Tourism destination areas
- Freight activity centers, corridors
- Employment centers
- Schools
- Federal-aid roadway network and interstate interchanges
- Federal functional classification network
- Trails and Trailheads
- On-Road bicycle lanes and sidewalks
- SunTran Fixed transit routes
- Marion Transit Deviated/Zone routes
- Airports
- Railroad lines and crossings
- Commitment to Zero High Injury Network
- Census commuting/travel patterns
- Congestion Management Process, Congested Corridors
- Others as identified by the LRTP Steering Committee and Consultant

Consultant Deliverables

- Transportation Community Feature set of maps
- Electronic files GIS maps collected and developed
- State of Transportation in Marion County LRTP chapter

TPO Responsibilities

- Provide and support in collection of data, GIS files and information
- Review of draft and final maps and documents
- Coordination with LRTP Stakeholder Committee and local partners for to conduct timely reviews

TASK 7: PERFORMANCE MEASURES AND TARGETS

The TPO is required to incorporate performance-based planning in the LRTP. A System Performance Measures Report will be developed by the Consultant for the 2050 LRTP summarizing the federally required target setting for:

- Safety (PM1)
- Pavement and Bridge Condition (PM2)
- System Performance (PM3)
- Transit Asset Management
- Transit Safety

The Report will include an evaluation of system performance with respect to the federally required targets and must be consistent with the template developed by the Florida Department of Transportation (FDOT) for use by MPO's in Florida. The report will also include an overview of how performance-based planning is integrated into the LRTP, including national goals, the ten planning factors, and specific performance measures. Progress and/or actions toward achieving the targets by the TPO should also be highlighted. The System Performance Report will be a separate chapter in the LRTP document in a summary format, with more detailed information contained in the appendix (System Performance Summary). Completion of this task will be tied to the adoption of PM1, PM2, PM3 targets by the TPO Board in early 2025.

Consultant Deliverables

- System Performance Report Summary
- System Performance Report Summary content integrated into a chapter in the draft and final LRTP documents

TPO Responsibilities

- Provide support in the collection of data and information
- Review draft and final documents

TASK 8: FEDERAL AND STATE EMERGING ISSUES

The rapid pace of change in the nation and state of Florida has resulted many impacts to MPO/TPO's. This task will involve a summary of several key federal and state emerging issues to ensure they are better understood, and how they must be integrated into the transportation planning process. Each emerging issue will be summarized in a condensed format meant for general public understanding, including specific implications for future transportation planning in Ocala/Marion County. Any past or ongoing work by the TPO involving these emerging areas will be referenced and included in the documentation. The following emerging issues will be part of this task:

- Carbon Reduction
- Emerging Mobility
 - Automated, Connected, Electric, Shared (ACES) Vehicles
 - Micromobility

- Others, as recommended by Consultant
- Housing and Transportation
- Transportation Resiliency

Consultant Deliverables

Summary LRTP chapter on Federal and State Emerging Issues

TPO Responsibilities

Review of draft and final LRTP chapter document

TASK 9: TRAVEL DEMAND MODEL REVIEW AND COORDINATION

The Consultant will utilize the Central Florida Regional Planning Model (CFRPM) managed by the Florida Department of Transportation (FDOT) District Five. The CFRPM is the regional travel demand model and includes the nine counties of Central Florida, including Marion County.

A critical component of this task will involve future 2050 land use data collected for supporting the model. This may include, but is not limited to large development data, future land use and zoning data; GIS and files that include property parcels and appraiser data, along with other collected information, as deemed necessary. The Consultant will review the model validation results and coordinate with the FDOT Model Consultant to provide comments and information on the socioeconomic development data from Marion County. As part of this task, the CPM will closely coordinate with the TPM, LRTP Steering Committee and local governments to ensure the most up to date and accurate information is collected and transmitted to the FDOT Model Consultant.

The local government partners will be involved in this task. They include: Marion County, City of Ocala, City of Belleview, City of Dunnellon, Town of Reddick and Town of McIntosh. The TPM will support the CPM to coordinate and make requests to the local governments to ensure all appropriate data is collected according to the project schedule. This task will support the development of FDOT's CFRPM 2050 Socio-economic and Development Data summary report. The files and information from the model will also be packaged for use by the TPO and local government partner agencies.

Consultant Deliverables

- Travel Demand Model Coordination and Review Summary Report
- All model files and information used for the 2050 LRTP process

TPO Responsibilities

Review of draft and final Travel Demand Model Summary Report

TASK 10: NEEDS ASSESSMENT

The Needs Assessment will be a major component for the development of the 2050 LRTP. The 2045 LRTP Needs, Cost Feasible and Boxed Funds project lists will be used as a foundation, but require an updated analysis including the revised 2050 Existing plus Committed (E+C) horizon year network. The Consultant will lead this task to analyze and evaluate a revised E+C transportation network with the 2050 socioeconomic data and information from the CFPRM, as outlined in Task 7. The most current Transportation Improvement Program (TIP) will be used as the committed (C) improvements timeframe.

As outlined, the identification and evaluation of needs based on deficiencies and/or constraints by transportation mode will be one of the sources of identifying projects. However, projects based on input received from local partner government agencies, Board and committee members, public participation, stakeholder meetings and the LRTP Steering Committee will also be part of the Needs Assessment.

Based on the schedule developed by the Consultant, a "Request for LRTP projects" from local government partners will take place to ensure the opportunity for feedback is formally established. The identification of project needs will also be tied to local government transportation capital project lists, the SunTran Transit Development Plan, and others such as the TPO Lists of Priority Projects (LOPP), Congestion Management Plan and the Commitment to Zero Safety Action Plan. Additionally, state and regional project lists will be incorporated, including the most current FDOT Strategic Intermodal System (SIS) Cost Feasible Plan and the Central Florida MPO Alliance regional lists. The LRTP Steering Committee will be engaged to review and coordinate on the Needs Assessment project lists development.

A component of this task will also involve a 2050 LRTP Public Opinion Survey (Public Survey 2). The Consultant will be responsible for developing and implementing a public survey to coincide with Open House II. The survey will be hosted by the Consultant or third party, with a link to the survey provided on the TPO's 2050 LRTP website page and social media platforms. The survey questions will be formatted to concisely capture public opinion and insights related to the identification of project needs, areas of concern, and feedback on improvement priorities. Questions will also be developed related to Scenario Planning and seeking input on build-out options in Marion County (see Task 11).

A 2050 LRTP Needs Lists by mode will be developed and include cost estimates (capital, construction, right-of-way, PE, operating and maintenance costs), and identify any uncertainty, where applicable. The cost estimates should be calculated at a planning level and utilize a consistent methodology agreed upon by the TPO and FDOT District 5.

Consultant Deliverables

- Needs Assessment draft and final Summary, LRTP chapter
- Needs Assessment draft and final maps
- Needs Project draft and final lists in table format

• Electronic GIS files for all maps produced in the draft, final versions

TPO Responsibilities

- Review of draft and final summary documents, LRTP chapter
- Support CPM with local government coordination to collect project lists
- Support CPM with 2045 data and information collection

TASK 11: SCENARIO/BUILD-OUT PLANNING

The 2050 LRTP will involve the use of Scenario Planning. The Consultant will be tasked with assessing what the future of transportation in Marion County could look like tied to baseline and alternative growth scenarios. The primary goal of this task will be to analyze how different growth changes tied to the model data could impact the transportation network and what the preferred direction is for Marion County. The focus will be on exploring possible outcomes tied to the build-out of the community, and strategies that will guide the TPO and local government partners toward achieving the future direction.

Up to three types of growth scenarios (low, medium, high) will be selected based on the information available through the plan development process, data collection, travel demand model zone data (ZDATA) and input/information from local government partners. This also includes input, review, and feedback by local government partners. As outlined in Tasks 3 (Public Participation) and 10 (Needs Assessment), Survey 2 and Open House II will engage the public and stakeholders to identify project needs and areas of concern. This task should be tied to the Open House II process.

Based on the Scenario Planning activities, a Summary Report will be developed in addition to an LRTP Chapter highlighting the process and outcomes.

Consultant Deliverables

- Scenario Planning Summary Report
- Scenario Planning draft and final LRTP chapter
- Scenario Planning draft and final maps
- Electronic GIS files for all maps produced in the draft, final versions

TPO Responsibilities

• Review of draft and final documents, maps

TASK 12: FINANCIAL REVENUES

This task will be instrumental to outlining the financial outlook for the investment of federal and state funding to transportation projects in the 2050 LRTP. The Consultant will prepare a Financial Revenue Summary report that describes the revenue projections through 2050, which includes a 27-year period (fiscal years 2024 to 2050). The information will be derived primarily from the 2050 Statewide Revenue Forecast for the Ocala/Marion TPO, released by FDOT Central Office. This information reflects current policy and is based on State Revenue Estimating Conference (REC) and FDOT Federal Aid Forecasts. The FDOT 2050 Revenue Forecast Handbook should be

used as a primary reference and guide. Funding allocated to the Strategic Intermodal System (SIS) must also be identified for the TPO planning area. Local revenue sources will also be projected based on the most current information available. All funding revenue projections will be presented in a Financial Revenue Summary report. Other sources of potential funding, such as discretionary grants should be summarized for only illustrative purposes. The Financial Revenue Report will be a separate chapter in the LRTP document in a summary format, with more detailed information contained in an appendix.

Consultant Deliverables

- Financial Revenue draft and final Report Summary
- Financial Revenue Summary integrated into a LRTP chapter

TPO Responsibilities

- Review of draft and final documents
- Support CPM with local financial information collection

TASK 13: PROJECT PRIORITIZATION PROCESS

The identification of transportation projects which best address the vision, goals, objectives and community needs, while staying fiscally balanced, requires a prioritization process. The Consultant will work in coordination with the TPO and LRTP Steering Committee to develop a prioritization process using evaluation criteria. The evaluation criteria will be based primarily on the TPO's current List of Priority Projects (LOPP) Policies and Procedures Criteria Scoring methodology. Refinements may be made to incorporate additional criteria or changes as deemed necessary. The evaluation and prioritization of projects will also include a strategic refinement process based on input provided by the LRTP Steering Committee, TPO Board and Committees, the public and stakeholders.

Consultant Deliverables

- Project Prioritization draft and final Summary
- Project Prioritization Summary integrated into a LRTP chapter

TPO Responsibilities

- Review of draft and final documents
- Support CPM with TPO data and information collection

TASK 14: COST FEASIBLE ELEMENT

The 2050 LRTP Cost Feasible Element will be developed by the Consultant based on the formalized evaluation criteria task outlined in Task 13, and in close collaboration with the TPO, LRTP Steering Committee, TPO Board and Committees, and input from the public and stakeholders. This task will include reviewing all the identified needs by mode of transportation in Task 10 against the projected available federal and state revenues outlined in Task 12. The 2045 LRTP Cost Feasible project lists will serve as a baseline.

The process of developing the Cost Feasible project lists must include fiscal year one (2024 to 2025); the first five programmed years (TIP fiscal years 2026 to 2030); the first ten years (fiscal years 2031-2040); and then the second ten years (fiscal years 2041-2050). The first ten years will also be further broken down in two five-year periods. Project costs must include all phases and by year-of-expenditure (YOE), based on FDOT inflation factors applied to both revenues and costs, as outlined in the FDOT 2050 Revenue Forecast Handbook. The Cost Feasible Element must demonstrate fiscal constraint per the FDOT Office of Policy Planning Technical Memorandum (21-02).

The TPO's 2045 LRTP Cost Feasible Element contained Boxed Fund projects for Corridor Studies, Intelligent Transportation System and Multimodal (sidewalk, bicycle, trail). The TPO's preference is to maintain the same approach for the 2050 LRTP involving these specific types and modes and project improvement types. The 2045 Boxed funds project lists will be used as a baseline.

Consultant Deliverables

- Cost Feasible draft and final Summary
- Cost Feasible Summary integrated into a LRTP chapter
- Cost Feasible project draft and final maps
- Cost Feasible draft and final project Lists in table format
- Electronic GIS files for all maps produced in the draft, final versions

TPO Responsibilities

- Review of draft and final documents
- Support CPM with project, data and information collection

TASK 15: UNFUNDED NEEDS

The 2050 Unfunded Needs Element will contain projects that did not make the Cost Feasible Element due to federal/state revenue limitations and the collaborative decision-making process outlined in Task 13. These projects will be listed and mapped in an Unfunded Needs section of the Cost Feasible Element chapter and include planning level cost estimates.

Local jurisdiction roadway projects will also be included in the Cost Feasible Element for informational purposes in a separated list(s) from the federal/state funded projects. These projects demonstrate additional needs of the transportation system, and are funded through local government revenue sources identified in Task 12.

Consultant Deliverables

- Unfunded Needs draft and final Project Lists
- Unfunded Needs Project draft and final lists integrated into a LRTP chapter
- Unfunded Needs project maps
- Unfunded Needs project Lists in table format
- Electronic GIS files for all maps produced in the draft, final versions

TPO Responsibilities

Review of draft and final documents

TASK 16: EQUITY ASSESSMENT

The 2050 LRTP must be developed to ensure the process is consistent with the requirements of Environmental Justice (EJ), including the provisions of Title VI of the Civil Rights Act of 1964. These requirements will be included in the 2050 LRTP and be reflected throughout the entire public participation process. The Consultant will apply EJ analysis through the completion of an Equity Assessment to identify areas of Marion County that are underserved by transportation investments. The 2045 LRTP Equity Areas will be used as the foundation for conducting a new analysis for 2050. These Equity Areas by Census Block included: Poverty, Minority, No Vehicle, Seniors (over 65) and Youth (under 16). Other factors will be considered and potentially integrated by the Consultant in coordination with the TPO. This includes reviewing the United States Department of Transportation (USDOT) Equity Action Plan and Justice 40 Initiative, the TPO PPP and Title VI Plan documents, and the County's Disabled and Limited English (LEP) populations.

The Equity Assessment will involve analyzing the impacts of the draft Cost Feasible projects (all modes) on the under-served areas. Based on the Assessment, a Summary Report will be developed that identifies any disproportionate or adverse impacts, and recommendations to the LRTP Cost Feasible project investments in Marion County. This report will also be incorporated into an LRTP Chapter on Equity Assessment that includes an overview of the topic, methodology and results. Background information on EJ and federal initiatives such as Justice 40 will also be highlighted.

Consultant Deliverables

- Equity Assessment Summary Report
- Equity Assessment draft and final LRTP chapter
- Equity Assessment draft and final maps
- Electronic GIS files for all maps produced in the draft, final versions

TPO Responsibilities

• Review of draft and final documents, maps

TASK 17: PLAN IMPLEMENTATION

This task will involve developing a brief chapter in the 2050 LRTP devoted to adoption and implementation, including the amendment and modification process.

Consultant Deliverables

Plan Implementation draft and final LRTP chapter

TPO Responsibilities

Review of draft and final documents
 2050 LRTP Scope of Services

RFQ 23Q-141 TPO 2050 LRTP

FEDERAL CLAUSES

EQUAL OPPORTUNITY STATEMENT

As a sub-recipient of Federal Highway Administration (FHWA) or Federal Transit Administration (FTA) funding, the TPO is required to participate in the Florida Department of Transportation (FDOT) Disadvantaged Business Enterprise (DBE) program. In accordance with 49 Code of Federal Regulations (CFR) Part 26 and the FDOT DBE Program Plan, DBE participation shall be achieved through race-neutral methods. Race neutral means that the TPO can likely achieve the overall DBE aspirational goal of 10.65% through ordinary procurement methods. Therefore, no specific DBE contract goal may be applied to this project. Nevertheless, the TPO is committed to supporting the identification and use of DBEs and other small businesses, and encourages all reasonable efforts to do so. Furthermore, the TPO recommends the use of certified DBEs listed in the Florida Unified Certification Program (UCP) DBE Directory, who by reason of their certification are ready, willing, and able to provide and assist with the services delineated in the scope of work. Assistance with locating DBEs and other special services are available at no cost through FDOT's Equal Opportunity Office DBE Supportive Services suppliers. More information is available by visiting:

https://www.fdot.gov/equalopportunity/serviceproviders.shtm

or calling 850-414-4750. The TPO has a DBE participation program policy document that reflects the FDOT DBE Plan and can be found at the TPO website: https://ocalamariontpo.org/disadvantaged-business-enterprise-program-dbe/

The FDOT DBE Plan can be found at: https://www.fdot.gov/equalopportunity/dbe-plan
Participation by DBE's: The Contractor shall agree to abide by the following statement from 49 CFR 26.13(b). This statement shall be included in all subsequent agreements between the Contractor and any subcontractor or contractor.

"The Contractor, sub recipient or subcontractor shall not discriminate on the basis of race, color, national origin, or sex in the performance of this contract. The Contractor shall carry out applicable requirements of 49 CFR Part 26 in the award and administration of DOT-assisted contracts. Failure by the Contractor to carry out these requirements is a material breach of this contract, which may result in termination of this contract or other such remedy as the recipient deems appropriate."

Pursuant to 49 CFR 26.11(c), the Contractor shall submit the bid opportunity list at the time of contract execution and shall enter DBE commitment and payment information in the Florida Department of Transportation Equal Opportunity Compliance (EOC) system. The Contractor shall request access to the EOC system using Form No. 275-021-30.

For more information on the FDOT DBE program and how to become UCP-Certified, visit the FDOT's DBE website: https://www.fdot.gov/equalopportunity/dbecertification.shtm

STATE OF FLORIDA DEPARTMENT OF TRANSPORTATION

DBE BID PACKAGE INFORMATION

275-030-11 EQUAL OPPORTUNITY OFFICE 09/19 Page 1 of 2

DBE Utilization

The Department began its DBE race neutral program January 1, 2000. **Contract specific goals are not placed on Federal/State contracts;** however, the Department has an overall 10.65% DBE goal it must achieve. In order to assist contractors in determining their DBE commitment level, the Department has reviewed the estimates for this letting.

As you prepare your bid, please monitor potential or anticipated DBE utilization for contracts. When the low bidder executes the contract with the Department, information will be requested of the contractor's DBE participation for the project. While the utilization is not mandatory in order to be awarded the project, continuing utilization of DBE firms on contracts supports the success of Florida's DBE Program, and supports contractors' Equal Employment Opportunity and DBE Affirmative Action Programs.

Any project listed as 0% DBE availability does not mean that a DBE may not be used on that project. A 0% DBE availability may have been established due to any of the following reasons: limited identified subcontracting opportunities, minimal contract days, and/or small contract dollar amount. Contractors are encouraged to identify any opportunities to subcontract to DBE's.

Please contact the Equal Opportunity Office at (850) 414-4747 if you have any questions regarding this information.

DBE Reporting

If you are the prime contractor on a project, enter your DBE participation in the Equal Opportunity Compliance system prior to the pre-construction or pre-work conference for all federal and state funded projects. This **will not** become a mandatory part of the contract. It will assist the Department in tracking and reporting planned or estimated DBE utilization. <u>During</u> the <u>contract</u>, the prime contractor is required to report actual payments to DBE and MBE subcontractors through the web-based Equal Opportunity Compliance (EOC) system.

All DBE payments must be reported whether or not you initially planned to utilize the company. In order for our race neutral DBE Program to be successful, your cooperation is imperative. If you have any questions, please contact EOOHelp@dot.state.fl.us.

Bid Opportunity List

The Federal DBE Program requires States to maintain a database of all firms that are participating or attempting to participate on FDOT-assisted contracts. The list must include all firms that bid on prime contracts or bid or quote subcontracts on FDOT-assisted projects, including both **DBE's and non-DBEs.**

Please complete the Bidders Opportunity List through the Equal Opportunity Compliance system within 3 business days of submission of the bid or proposal for ALL subcontractors or sub-consultants who quoted to you for specific project for this letting. The web address to the Equal Opportunity Compliance system is: https://www.fdot.gov/equalopportunity/eoc.shtm.

STATE OF FLORIDA DEPARTMENT OF TRANSPORTATION

DBE BID PACKAGE INFORMATION

275-030-11 EQUAL OPPORTUNITY OFFICE 09/19 Page 2 of 2

DBE/AA Plans

Contractors bidding on FDOT contracts are to have an approved DBE Affirmative Action Plan (FDOT Form 275-030-11B) on file with the FDOT Equal Opportunity Office before execution of a contract. DBE/AA Plans must be received with the contractors bid or received by the Equal Opportunity Office <u>prior</u> to the award of the contract.

Plans are approved by the Equal Opportunity Office in accordance with Ch. 14-78, Florida Administrative Code. Plans that do not meet these mandatory requirements may not be approved. Approvals are for a (3) three year period and should be updated at anytime there is a change in the company's DBE Liaison Officer and/or President. Contractors may evidence adoption of the DBE/AA Policy and Plan and/or a change in the designated DBE Liaison officer as follows:

- Print the first page of the document on company stationery ("letterhead") that indicates the company's name, mailing address, phone number, etc.
- Print the company's name in the "____" space; next to "Date" print the month/day/year the policy is being signed; record the signature of the company's Chief Executive Officer, President or Chairperson in the space next to "by" and print the full first and last name and position title of the official signing the policy.
- Print the DBE Liaison's full name, email address, business mailing address and phone number the bottom of email.

E-mail the completed and signed DBE AA Plan to: **eeoforms@dot.state.fl.us.**

The Department will review the policy, update department records and issue a notification of approval or disapproval; a copy of the submitted plan will not be returned to the contractor.

BID OPPORTUNITY LIST FOR COMMODITIES & CONTRACTUAL SERVICES

Prime Contractor:

TITLE VI/NONDISCRIMINATION ASSURANCE

During the performance of this Agreement, the Contractor herein assures the TPO and County that said Contractor is compliant with Title VI of the 1964 Civil Rights Act, as amended, and the Florida Civil Rights Act of 1992 in that the Contractor does not on the grounds of race, color, national origin, religion, sex, age, handicap or marital status, discriminate in any form or manner against the employees of the Contractor or its applicants for employment. The Contractor understands and agrees that this Agreement is conditioned upon the veracity of this Statement of Assurance. Furthermore, the Contractor herein assures the County that said Contractor shall comply with Title VI of the Civil Rights Act of 1964 when any Federal grant is involved. Other applicable Federal and State laws, executive orders and regulations prohibiting the type of discrimination as hereinabove delineated are included by this reference thereto. This Statement of Assurance shall be interpreted to include Vietnam Era Veterans and Disabled Veterans within its protective range of applicability.

The Contractor, sub-recipient, or subcontractor shall not discriminate on the basis of race, color, national origin, or sex in the performance of this contract. The contractor shall carry out the requirements of 49 CFR part 26 in the award and administration of DOT-assisted contracts. Failure by the contractor to carry out these requirements is a material breach of the contract, which may result in the termination of this contract or such other remedy as the recipient deems appropriate, which may include, but is not limited to:

- (1) Withholding monthly progress payments;
- (2) Assessing sanctions;
- (3) Liquidated damages; and/or
- (4) Disqualifying the contractor from future bidding as non-responsible.

Pursuant to Subsection 287.134(2)(a), Florida Statutes, an entity or affiliate who has been placed on the discriminatory vendor list may not submit a bid, proposal, or reply on a contract to provide any goods or services to the state or any department or agency of this state ("public entity"); may not submit a bid, proposal, or reply on a contract with a public entity for the construction or repair of a public building or public work; may not submit bids, proposals, or replies on leases of real property to a public entity; may not be awarded or perform work as a contractor, supplier, subcontractor, or contractor under a contract with any public entity; and may not transact business with any public entity.

The Contractor agrees to include this provision in all contracts issued as a result of this solicitation. During the performance of this contract, the contractor, for itself, its assignees and successors in interest (hereinafter referred to as the "Contractor") agrees as follows:

- (1) **Compliance with Regulations:** The Contractor shall comply with the Regulations relative to nondiscrimination in Federally-assisted programs of the U.S. Department of Transportation (hereinafter, "USDOT") Title 49, Code of Federal Regulations, Part 21, as they may be amended from time to time, (hereinafter referred to as the Regulations), which are herein incorporated by reference and made a part of this Agreement.
- (2) **Nondiscrimination:** The Contractor, with regard to the work performed during the contract, shall not discriminate on the basis of race, color, national origin, sex, age, disability, religion or family status in the selection and retention of subcontractors, including procurements of materials and leases of equipment. The Contractor shall not participate either directly or indirectly in the discrimination prohibited by section 21.5 of the Regulations, including employment practices when the contract covers a program set forth in Appendix B of the Regulations.
- (3) **Solicitations for Subcontractors, including Procurements of Materials and Equipment:** In all solicitations made by the Contractor, either by competitive bidding or negotiation for work to be performed under a subcontract, including procurements of materials or leases of equipment; each potential subcontractor or supplier shall be notified by the Contractor of the Contractor's obligations under this contract and the Regulations relative to nondiscrimination on the basis of race, color, national origin, sex, age, disability, religion or family status.
- (4) **Information and Reports:** The Contractor shall provide all information and reports required by the Regulations or directives issued pursuant thereto, and shall permit access to its books, records, accounts, other sources of information, and its facilities as may be determined by the *Florida Department of Transportation*, the *Federal Highway Administration*, *Federal Transit Administration*, *Federal Aviation*

Administration, and/or the Federal Motor Carrier Safety Administration to be pertinent to ascertain compliance with such Regulations, orders and instructions. Where any information required of a Contractor is in the exclusive possession of another who fails or refuses to furnish this information the Contractor shall so certify to the Florida Department of Transportation, the Federal Highway Administration, Federal Transit Administration, Federal Aviation Administration, and/or the Federal Motor Carrier Safety Administration as appropriate, and shall set forth what efforts it has made to obtain the information.

- (5) **Sanctions for Noncompliance:** In the event of the Contractor's noncompliance with the nondiscrimination provisions of this contract, the *Florida Department of Transportation* shall impose such contract sanctions as it or the *Federal Highway Administration, Federal Transit Administration, Federal Aviation Administration, and/or the Federal Motor Carrier Safety Administration* may determine to be appropriate, including, but not limited to:
 - a. Withholding of payments to the Contractor under the contract until the Contractor complies, and/or
 - b. Cancellation, termination or suspension of the contract, in whole or in part.
- (6) **Incorporation of Provisions:** The Contractor shall include the provisions of paragraphs (1) through (7) in every subcontract, including procurements of materials and leases of equipment, unless exempt by the Regulations, or directives issued pursuant thereto. The Contractor shall take such action with respect to any subcontract or procurement as the Florida Department of Transportation, the Federal Highway Administration, Federal Transit Administration, Federal Aviation Administration, and/or the Federal Motor Carrier Safety Administration may direct as a means of enforcing such provisions including sanctions for noncompliance. In the event a Contractor becomes involved in, or is threatened with, litigation with a subcontractor or supplier as a result of such direction, the Contractor may request the Florida Department of Transportation to enter into such litigation to protect the interests of the Florida Department of Transportation, and, in addition, the Contractor may request the United States to enter into such litigation to protect the interests of the United States.
- (7) Compliance with Nondiscrimination Statutes and Authorities: Title VI of the Civil Rights Act of 1964 (42 U.S.C. § 2000d et seg., 78 stat. 252), (prohibits discrimination on the basis of race, color, national origin); and 49 CFR Part 21; The Uniform Relocation Assistance and Real Property Acquisition Policies Act of 1970, (42 U.S.C. § 4601), (prohibits unfair treatment of persons displaced or whose property has been acquired because of Federal or Federal-aid programs and projects); Federal-Aid Highway Act of 1973, (23 U.S.C. § 324 et seq.), (prohibits discrimination on the basis of sex); Section 504 of the Rehabilitation Act of 1973, (29 U.S.C. § 794 et seq.), as amended, (prohibits discrimination on the basis of disability); and 49 CFR Part 27; The Age Discrimination Act of 1975, as amended, (42 U.S.C. § 6101 et seg.), (prohibits discrimination on the basis of age); Airport and Airway Improvement Act of 1982, (49 USC § 471, Section 47123), as amended, (prohibits discrimination based on race, creed, color, national origin, or sex); The Civil Rights Restoration Act of 1987, (PL 100-209), (Broadened the scope, coverage and applicability of Title VI of the Civil Rights Act of 1964, The Age Discrimination Act of 1975 and Section 504 of the Rehabilitation Act of 1973, by expanding the definition of the terms "programs or activities" to include all of the programs or activities of the Federal-aid recipients, sub-recipients and contractors, whether such programs or activities are Federally funded or not); Titles II and III of the Americans with Disabilities Act, which prohibit discrimination on the basis of disability in the operation of public entities, public and private transportation systems, places of public accommodation, and certain testing entities (42 U.S.C. §§ 12131 -- 12189) as implemented by Department of Transportation regulations at 49 C.F.R. parts 37 and 38; The Federal Aviation Administration's Non-discrimination statute (49 U.S.C. § 47123) (prohibits discrimination on the basis of race, color, national origin, and sex); Executive Order 12898, Federal Actions to Address Environmental Justice in Minority Populations and Low-Income Populations, which ensures nondiscrimination against minority populations by discouraging programs, policies, and activities with disproportionately high and adverse human health or environmental effects on minority and low-income populations; Executive Order 13166, Improving Access to Services for Persons with Limited English Proficiency, and resulting agency guidance, national origin discrimination includes discrimination because of limited English proficiency (LEP). To ensure compliance with Title VI, you must take reasonable steps to ensure that LEP persons have meaningful access to your programs (70 Fed. Reg. at 74087 to 74100); Title IX of the Education Amendments of 1972, as amended, which prohibits you from discriminating because of sex in education programs or activities (20 U.S.C. 1681 et seq)

DEBARMENT

By submitting a response to this RFQ, the Contractor certifies that no principal (which includes officers, directors, or executives) is presently debarred, suspended, proposed for debarment, declared ineligible or voluntarily excluded from participation on this transaction by any Federal department or agency.

Instructions for Certification

Instructions for Certification - Lower Tier Participants:

(Applicable to all subcontracts, purchase orders and other lower tier transactions requiring prior FHWA approval or estimated to cost \$25,000 or more - 2 CFR Parts 180 and 1200)

- a. By signing and submitting this proposal, the prospective lower tier is providing the certification set out below.
- b. The certification in this clause is a material representation of fact upon which reliance was placed when this transaction was entered into. If it is later determined that the prospective lower tier participant knowingly rendered an erroneous certification, in addition to other remedies available to the Federal Government, the department, or agency with which this transaction originated may pursue available remedies, including suspension and/or debarment.
- c. The prospective lower tier participant shall provide immediate written notice to the person to which this proposal is submitted if at any time the prospective lower tier participant learns that its certification was erroneous by reason of changed circumstances.
- d. The terms "covered transaction," "debarred," "suspended," "ineligible," "participant," "person," "principal," and "voluntarily excluded," as used in this clause, are defined in 2 CFR Parts 180 and 1200. You may contact the person to which this proposal is submitted for assistance in obtaining a copy of those regulations. "First Tier Covered Transactions" refers to any covered transaction between a grantee or subgrantee of Federal funds and a participant (such as the prime or general contract). "Lower Tier Covered Transactions" refers to any covered transaction under a First Tier Covered Transaction (such as subcontracts). "First Tier Participant" refers to the participant who has entered into a covered transaction with a grantee or subgrantee of Federal funds (such as the prime or general contractor). "Lower Tier Participant" refers any participant who has entered into a covered transaction with a First Tier Participant or other Lower Tier Participants (such as subcontractors and suppliers).
- e. The prospective lower tier participant agrees by submitting this proposal that, should the proposed covered transaction be entered into, it shall not knowingly enter into any lower tier covered transaction with a person who is debarred, suspended, declared ineligible, or voluntarily excluded from participation in this covered transaction, unless authorized by the department or agency with which this transaction originated.
- f. The prospective lower tier participant further agrees by submitting this proposal that it will include this clause titled "Certification Regarding Debarment, Suspension, Ineligibility and Voluntary Exclusion-Lower Tier Covered Transaction," without modification, in all lower tier covered transactions and in all solicitations for lower tier covered transactions exceeding the \$25,000 threshold.
- g. A participant in a covered transaction may rely upon a certification of a prospective participant in a lower tier covered transaction that is not debarred, suspended, ineligible, or voluntarily excluded from the covered transaction, unless it knows that the certification is erroneous. A participant is responsible for ensuring that its principals are not suspended, debarred, or otherwise ineligible to participate in covered transactions. To verify the eligibility of its principals, as well as the eligibility of any lower tier prospective participants, each participant may, but is not required to, check the Excluded Parties List System website (https://www.epls.gov/), which is compiled by the General Services Administration.
- h. Nothing contained in the foregoing shall be construed to require establishment of a system of records in order to render in good faith the certification required by this clause. The knowledge and information of participant is not required to exceed that which is normally possessed by a prudent person in the ordinary course of business dealings.
- i. Except for transactions authorized under paragraph e of these instructions, if a participant in a covered transaction knowingly enters into a lower tier covered transaction with a person who is suspended, debarred, ineligible, or voluntarily excluded from participation in this transaction, in addition to other remedies available to the Federal Government, the department or agency with which this transaction originated may pursue available remedies, including suspension and/or debarment.

BYRD ANTI-LOBBYING AMENDMENT (31 U.S.C. 1352)

Contractors that apply or bid for an award exceeding \$100,000 must file the required certification. Each tier certifies to the tier above that it will not and has not used Federal appropriated funds to pay any person or organization for influencing or attempting to influence an officer or employee of any agency, a member of Congress, officer or employee of Congress, or an employee of a member of Congress in connection with obtaining any Federal contract, grant or any other award covered by 31 U.S.C. 1352. Each tier must also disclose any lobbying with non-Federal funds that takes place in connection with obtaining any Federal award. Such disclosures are forwarded from tier to tier up to the non-Federal award.

INSTRUCTIONS FOR COMPLETION OF SF-LLL, DISCLOSURE OF LOBBYING ACTIVITIES

This disclosure form shall be completed by the reporting entity, whether subawardee or prime Federal recipient, at the initiation or receipt of a covered Federal action, or a material change to a previous filing, pursuant to title 31 U.S.C. section 1352. The filing of a form is required for each payment or agreement to make payment to any lobbying entity for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with a covered Federal action. Complete all items that apply for both the initial filing and material change report. Refer to the implementing guidance published by the Office of Management and Budget for additional information.

- 1. Identify the type of covered Federal action for which lobbying activity is and/or has been secured to influence the outcome of a covered Federal action.
- 2. Identify the status of the covered Federal action.
- 3. Identify the appropriate classification of this report. If this is a followup report caused by a material change to the information previously reported, enter the year and quarter in which the change occurred. Enter the date of the last previously submitted report by this reporting entity for this covered Federal action.
- 4. Enter the fullname, address, city, State and zip code of the reporting entity. Include Congressional District, if known. Check the appropriate classification of the reporting entity that designates if it is, or expects to be, a prime or subaward recipient. Identify the tier of the subawardee, e.g., the first subawardee of the prime is the 1st tier. Subawards include but are not limited to subcontracts, subgrants and contract awards under grants.
- 5. If the organization filing the report in item 4 checks "Subawardee," then enter the full name, address, city, State and zip code of the prime Federal recipient. Include Congressional District, if known.
- 6. Enter the name of the Federal agency making the award or loan commitment. Include at least one organizational level below agency name, if known. For example, Department of Transportation, United States Coast Guard.
- 7. Enter the Federal program name or description for the covered Federal action (item 1). If known, enter the full Catalog of Federal Domestic Assistance (CFDA) number for grants, cooperative agreements, loans, and loan commitments.
- 8. Enter the most appropriate Federal identifying number available for the Federal action identified in item 1 (e.g., Request for Proposal (RFP) number; Invitation for Bid (IFB) number; grant announcement number; the contract, grant, or loan award number; the application/proposal control number assigned by the Federal agency). Include prefixes, e.g., "RFP-DE-90-001."
- 9. For a covered Federal action where there has been an award or loan commitment by the Federal agency, enter the Federal amount of the award/loan commitment for the prime entity identified in item 4 or 5.
- 10. (a) Enter the full name, address, city, State and zip code of the lobbying registrant under the Lobbying Disclosure Act of 1995 engaged by the reporting entity identified in item 4 to influence the covered Federal action.
 - (b) Enter the full names of the individual(s) performing services, and include full address if different from 10 (a). Enter Last Name, First Name, and Middle Initial (MI).
- 11. The certifying official shall sign and date the form, print his/her name, title, and telephone number.

According to the Paperwork Reduction Act, as amended, no persons are required to respond to a collection of information unless it displays a valid OMB Control Number. The valid OMB control number for this information collection is OMB No. 0348-0046. Public reporting burden for this collection of information is estimated to average 10 minutes per response, including time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information. Send comments regarding the burden estimate or any other aspect of this collection of information, including suggestions for reducing this burden, to the Office of Management and Budget, Paperwork Reduction Project (0348-0046), Washington, DC 20503.

TRUTH-IN-NEGOTIATION CERTIFICATION

By submitting a response and through Florida Department of Transportation (FDOT) Truth-In Negotiation Form 375-030-30, the Contractor certifies that the wage rates and costs used to determine the compensation provided for in a resulting contract will be accurate, complete and current as of the date of the resulting contract and no higher than those charged the Contractor's most favored customer(s) for the same or substantially similar services. The said rates and costs shall be adjusted to exclude any significant sums should the County determine that the rates and costs were increased due to inaccurate, incomplete or non-current wage rates or due to inaccurate representations of fees paid to outside contractors. The County may exercise its rights under this "certification" within one (1) year following final payment.

[Truth in Negotiations Form on Next Page, no other information on this page]

STATE OF FLORIDA DEPARTMENT OF TRANSPORTATION

375-030-30 PROCUREMENT

TRUTH IN NEGOTIATION CERTIFICATION

Pursuant to Section 287.055(5)(a), Florida Statutes, for any lump-sum or cost-plus-a-fixed fee professional services contract over the threshold amount provided in Section 287.017, Florida Statutes for CATEGORY FOUR, the Department of Transportation (Department) requires the Consultant to execute this certificate and include it with the submittal of the Technical Proposal, or as prescribed in the contract advertisement.

The Consultant hereby certifies, covenants, and warrants that wage rates and other factual unit costs supporting the compensation for this project's agreement are accurate, complete, and current at the time of contracting.

The Consultant further agrees that the original agreement price and any additions thereto shall be adjusted to exclude any significant sums by which the Department determines the agreement price was increased due to inaccurate, incomplete, or noncurrent wage rates and other factual unit costs. All such agreement adjustments shall be made within (1) year following the end of the contract. For purposes of this certificate, the end of the agreement shall be deemed to be the date of final billing or acceptance of the work by the Department, whichever is later.

Federal Transit Administration Procurement Clauses

As a sub-recipient of Federal Transit Administration (FTA) funding through FDOT, the TPO in coordination with Marion County Procurement has developed a procurement policy to be included with all applicable Professional Services/Architectural Engineering Services procurements and contracts. TPO procurements and contracts through Marion County shall be in accordance with Chapter 287, Florida Statutes, Chapter 60A, Florida Administrative Code, and the FTA Best Practices Procurement Manual. Additionally, geographic preferences are prohibited when procurements involve federal funds [(49.CFR 18.36 (c)(1)(2) and FTA C4220.1F, Chapter VI, Section 2.a(4)(g)].

This policy includes specific Federal clauses involving methods of procurement for Micro Purchases (less than \$2,500), Small Purchases (greater than \$2,500 but less than \$35,000) and Competitive Proposals (greater than \$35,000).

The Contractor shall comply with the applicable federal clauses as referenced.

[TPO Policy on Next Page, no other information on this page]

POLICY OF THE OCALA/MARION COUNTY TRANSPORTATION PLANNING ORGANIZATION (TPO) ACQUISITION OF PROFESSIONAL SERVICES

The Ocala/Marion County Transportation Planning Organization (TPO) is designated by the Governor of the State of Florida as the body responsible for the urban transportation planning process for the Ocala/Marion County planning area.

This policy ensures the TPO follows the Federal Transit Administration (FTA) and Florida Department of Transportation (FDOT) in the procurement of Professional Services. As a subrecipient of FTA funding, the TPO has developed this policy to be applicable to all TPO Professional Services/Architectural Engineering Services procurements and contracts. This will ensure TPO procurements and contracts shall be in accordance with Chapter 287, Florida Statutes, Chapter 60A, Florida Administrative Code, and the FTA Best Practices Procurement Manual. Additionally, geographic preferences are prohibited when procurements involve Federal funds [49.CFR 18.36 (c)(1)(2) and FTA C4220. 1F, Chapter VI, Section 2a(4)(g)].

This policy includes specific Federal clauses involving methods of procurement for Micro Purchases (less than \$2,500), Small Purchases (greater than \$2,500 but less than \$35,000) and Competitive Proposals (greater than \$35,000). Attachment 1 includes a summary of all applicable FTA clauses and mandatory language included with TPO Professional Services/Architectural Engineering Services procurements and contracts. This policy should be deemed to amend and become part of all future procurements and contracts, initiated by the TPO and communicated as to those needs with the Marion County Board of County Commissioners Procurement Services Department both at the time a solicitation begins and when the contract is written. The TPO will be responsible for clearly communicating these needs with the Marion County Board of County Commissioners Procurement Services Department.

NO GOVERNMENT OBLIGATION TO THIRD PARTIES

The Recipient and Contractor acknowledge and agree that, notwithstanding any concurrence by the Federal Government in or approval of the solicitation or award of the underlying Contract, absent the express written consent by the Federal Government, the Federal Government is not a party to this Contract and shall not be subject to any obligations or liabilities to the Recipient, Contractor or any other party (whether or not a party to that contract) pertaining to any matter resulting from the underlying Contract. The Contractor agrees to include the above clause in each subcontract financed in whole or in part with Federal assistance provided by the FTA. It is further agreed that the clause shall not be modified, except to identify the subcontractor who will be subject to its provisions.

PROGRAM FRAUD AND FALSE OR FRAUDULENT STATEMENTS AND RELATED ACTS

49 U.S.C. § 5323(I) (1) 31 U.S.C. §§ 3801-3812 18 U.S.C. § 1001 49 C.F.R. part 31

The Contractor acknowledges that the provisions of the Program Fraud Civil Remedies Act of 1986, as amended, 31 U.S.C. § 3801 *et seq.* and U.S. DOT regulations, "Program Fraud Civil Remedies," 49 C.F.R. part 31, apply to its actions pertaining to this Project.

Upon execution of the underlying contract, the Contractor certifies or affirms the truthfulness and accuracy of any statement it has made, it makes, it may make, or causes to be made, pertaining to the underlying contract or the FTA assisted project for which this contract work is being performed. In addition to other penalties that may be applicable, the Contractor further acknowledges that if it makes, or causes to be made, a false, fictitious, or fraudulent claim, statement, submission, or certification, the Federal Government reserves the right to impose the penalties of the Program Fraud Civil Remedies Act of 1986 on the Contractor to the extent the Federal Government deems appropriate.

The Contractor also acknowledges that if it makes, or causes to be made, a false, fictitious, or fraudulent claim, statement, submission, or certification to the Federal Government under a contract connected with a project that is financed in whole or in part with Federal assistance originally awarded by FTA under the authority of 49 U.S.C. chapter 53, the Government reserves the right to impose the penalties of 18 U.S.C. § 1001 and 49 U.S.C. § 5323(I) on the Contractor, to the extent the Federal Government deems appropriate. The Contractor agrees to include the above two clauses in each subcontract financed in whole or in part with Federal assistance provided by FTA. It is further agreed that the clauses shall not be modified, except to identify the subcontractor who will be subject to the provisions.

ACCESS TO RECORDS AND REPORTS

49 U.S.C. § 5325(g) 2 C.F.R. § 200.333 49 C.F.R. part 633

Record Retention. The Contractor will retain, and will require its subcontractors of all tiers to retain, complete and readily accessible records related in whole or in part to the contract, including, but not limited to, data, documents, reports, statistics, sub-agreements, leases, subcontracts, arrangements, other third-party agreements of any type, and supporting materials related to those records.

Retention Period. The Contractor agrees to comply with the record retention requirements in accordance with 2 C.F.R. § 200.333. The Contractor shall maintain all books, records, accounts and reports required under this Contract for a period of at not less than three (3) years after the date of termination or expiration of this Contract, except in the event of litigation or settlement of claims arising from the performance of this Contract, in which case records shall be maintained until the disposition of all such litigation, appeals, claims or exceptions related thereto.

Access to Records. The Contractor agrees to provide sufficient access to FTA and its contractors to inspect and audit records and information related to performance of this contract as reasonably may be required.

Access to the Sites of Performance. The Contractor agrees to permit FTA and its contractors' access to the sites of performance under this contract as reasonably may be required.

FEDERAL CHANGES

49 CFR Part 18

Contractor shall at all times comply with all applicable FTA regulations, policies, procedures and directives, including without limitation those listed directly or by reference in the Master Agreement between Purchaser and FTA, as they may be amended or promulgated from time to time during the term of this contract. Contractor's failure to so comply shall constitute a material breach of this contract.

CIVIL RIGHTS LAWS AND REGULATIONS

Civil Rights and Equal Opportunity

The AGENCY is an Equal Opportunity Employer. As such, the AGENCY agrees to comply with all applicable Federal civil rights laws and implementing regulations. Apart from inconsistent requirements imposed by Federal laws or regulations, the AGENCY agrees to comply with the requirements of 49 U.S.C. § 5323(h) (3) by not using any Federal assistance awarded by FTA to support procurements using exclusionary or discriminatory specifications.

Under this Agreement, the Contractor shall at all times comply with the following requirements and shall include these requirements in each subcontract entered into as part thereof.

Nondiscrimination. In accordance with Federal transit law at 49 U.S.C. § 5332, the Contractor agrees that it will not discriminate against any employee or applicant for employment because of race, color, religion, national origin, sex, disability, or age. In addition, the Contractor agrees to comply with applicable Federal implementing regulations and other implementing requirements FTA may issue.

Race, Color, Religion, National Origin, Sex. In accordance with Title VII of the Civil Rights Act, as amended, 42 U.S.C. § 2000e *et seq.*, and Federal transit laws at 49 U.S.C. § 5332, the Contractor agrees to comply with all applicable equal employment opportunity requirements of U.S. Department of Labor (U.S. DOL) regulations, "Office of Federal Contract Compliance Programs, Equal Employment Opportunity, Department of Labor," 41 C.F.R. chapter 60, and Executive Order No. 11246, "Equal Employment Opportunity in Federal Employment," September 24, 1965, 42 U.S.C. § 2000e note, as amended by any later Executive Order that amends or supersedes it, referenced in 42 U.S.C. § 2000e note. The Contractor agrees to take affirmative action to ensure that applicants are employed, and that employees are treated during employment, without regard to their race, color, religion, national origin, or sex (including sexual orientation and gender identity). Such action shall include, but not be limited to, the following: employment, promotion, demotion or transfer, recruitment or recruitment advertising, layoff or termination; rates of pay or other forms of compensation; and selection for training, including apprenticeship. In addition, the Contractor agrees to comply with any implementing requirements FTA may issue.

Age. In accordance with the Age Discrimination in Employment Act, 29 U.S.C. §§ 621-634, U.S. Equal Employment Opportunity Commission (U.S. EEOC) regulations, "Age Discrimination in Employment Act," 29 C.F.R. part 1625, the Age Discrimination Act of 1975, as amended, 42 U.S.C. § 6101 *et seq.*, U.S. Health and Human Services regulations, "Nondiscrimination on the Basis of Age in Programs or Activities Receiving Federal Financial Assistance," 45 C.F.R. part 90, and Federal transit law at 49 U.S.C. § 5332, the Contractor agrees to refrain from discrimination against present and prospective employees for reason of age. In addition, the Contractor agrees to comply with any implementing requirements FTA may issue. **Disabilities**. In accordance with section 504 of the Rehabilitation Act of 1973, as amended, 29 U.S.C. § 794, the Americans with Disabilities Act of 1990, as amended, 42 U.S.C. § 12101 *et seq.*, the Architectural Barriers Act of 1968, as amended, 42 U.S.C. § 4151 *et seq.*, and Federal transit law at 49 U.S.C. § 5332, the Contractor agrees that it will not discriminate against individuals on the basis of disability. In addition, the Contractor agrees to comply with any implementing requirements FTA may issue.

DISADVANTAGED BUSINESS ENTERPRISE (DBE)

49 C.F.R. part 26

For all DOT-assisted contracts, each FTA recipient must include assurances that third party contractors will comply with the DBE program requirements of 49 C.F.R. part 26, when applicable. The following contract clause is required in all DOT-assisted prime and subcontracts:

The contractor, subrecipient or subcontractor shall not discriminate on the basis of race, color, national origin, or sex in the performance of this contract. The contractor shall carry out applicable requirements of 49 C.F.R. part 26 in the award and administration of DOT-assisted contracts. Failure by the contractor to

carry out these requirements is a material breach of this contract, which may result in the termination of this contract or such other remedy as the recipient deems appropriate, which may include, but is not limited to:

- (1) Withholding monthly progress payments;
- (2) Assessing sanctions;
- (3) Liquidated damages; and/or
- (4) Disqualifying the contractor from future bidding as non-responsible. 49 C.F.R. § 26.13(b).

Further, recipients must establish a contract clause to require prime contractors to pay subcontractors for satisfactory performance of their contracts no later than 30 days from receipt of each payment the recipient makes to the prime contractor. 49 C.F.R. § 26.29(a). Finally, for contracts with defined DBE contract goals, each FTA recipient must include in each prime contract a provision stating that the contractor shall utilize the specific DBEs listed unless the contractor obtains the recipient's written consent; and that, unless the recipient's consent is provided, the contractor shall not be entitled to any payment for work or material unless it is performed or supplied by the listed DBE. 49 C.F.R. § 26.53(f) (1).

As an additional resource, recipients can draw on the following language for inclusion in their federally funded procurements.

Overview

It is the policy of the AGENCY and the United States Department of Transportation ("DOT") that Disadvantaged Business Enterprises ("DBE's"), as defined herein and in the Federal regulations published at 49 C.F.R. part 26, shall have an equal opportunity to participate in DOT-assisted contracts. It is also the policy of the AGENCY to:

Ensure nondiscrimination in the award and administration of DOT-assisted contracts; Create a level playing field on which DBE's can compete fairly for DOT-assisted contracts; Ensure that the DBE program is narrowly tailored in accordance with applicable law; Ensure that only firms that fully meet 49 C.F.R. part 26 eligibility standards are permitted to participate as DBE's;

Help remove barriers to the participation of DBEs in DOT assisted contracts;

To promote the use of DBEs in all types of federally assisted contracts and procurement activities; and

Assist in the development of firms that can compete successfully in the marketplace outside the DBE program.

This Contract is subject to 49 C.F.R. part 26. Therefore, the Contractor must satisfy the requirements for DBE participation as set forth herein. These requirements are in addition to all other equal opportunity employment requirements of this Contract. The AGENCY shall make all determinations with regard to whether or not a Bidder/Offeror is in compliance with the requirements stated herein. In assessing compliance, the AGENCY may consider during its review of the Bidder/Offeror's submission package, the Bidder/Offeror's documented history of non-compliance with DBE requirements on previous contracts with the AGENCY.

Contract Assurance

The Contractor, subrecipient or subcontractor shall not discriminate on the basis of race, color, national origin, or sex in the performance of this Contract. The Contractor shall carry out applicable requirements of 49 C.F.R. part 26 in the award and administration of DOT-assisted contracts. Failure by the Contractor to carry out these requirements is a material breach of this Contract, which may result in the termination of this Contract or such other remedy as the AGENCY deems appropriate.

DBE Participation

For the purpose of this Contract, the AGENCY will accept only DBE's who are: Certified, at the time of bid opening or proposal evaluation, by the FDOT DBE & Small Business Development Program at 850-414-4745; or

An out-of-state firm who has been certified by either a local government, state government or Federal government entity authorized to certify DBE status or an agency whose DBE certification process has received FTA approval; or

Certified by another agency approved by the FDOT.

DBE Participation Goal

The DBE participation goal for this Contract is set at 10.65%. This goal represents those elements of work under this Contract performed by qualified Disadvantaged Business Enterprises for amounts totaling not less than 10.65 % of the total Contract price. Failure to meet the stated goal at the time of proposal submission may render the Bidder/Offeror non-responsive.

Proposed Submission

Each Bidder/Offeror, as part of its submission, shall supply the following information:

A completed DBE Utilization Form (see below) that indicates the percentage and dollar value of the total bid/contract amount to be supplied by Disadvantaged Business Enterprises under this Contract.

A list of those qualified DBE's with whom the Bidder/Offeror intends to contract for the performance of portions of the work under the Contract, the agreed price to be paid to each DBE for work, the Contract items or parts to be performed by each DBE, a proposed timetable for the performance or delivery of the Contract item, and other information as required by the DBE Participation Schedule (see below). No work shall be included in the Schedule that the Bidder/Offeror has reason to believe the listed DBE will subcontract, at any tier, to other than another DBE. If awarded the Contract, the Bidder/Offeror may not deviate from the DBE Participation Schedule submitted in response to the bid. Any subsequent changes and/or substitutions of DBE firms will require review and written approval by the AGENCY. An original DBE Letter of Intent (see below) from each DBE listed in the DBE Participation Schedule.

An original DBE Affidavit (below) from each DBE stating that there has not been any change in its status since the date of its last certification.

Good Faith Efforts

If the Bidder/Offeror is unable to meet the goal set forth above (DBE Participation Goal), the AGENCY will consider the Bidder/Offeror's documented good faith efforts to meet the goal in determining responsiveness. The types of actions that the AGENCY will consider as part of the Bidder/Offeror's good faith efforts include, but are not limited to, the following:

Documented communication with the AGENCY's DBE Coordinator (questions of IFB or RFP requirements, subcontracting opportunities, appropriate certification, will be addressed in a timely fashion);

Pre-bid meeting attendance. At the pre-bid meeting, the AGENCY generally informs potential Bidder/Offeror's of DBE subcontracting opportunities;

The Bidder/Offeror's own solicitations to obtain DBE involvement in general circulation media, trade association publication, minority-focus media and other reasonable and available means within sufficient time to allow DBEs to respond to the solicitation;

Written notification to DBE's encouraging participation in the proposed Contract; and Efforts made to identify specific portions of the work that might be performed by DBE's. The Bidder/Offeror shall provide the following details, at a minimum, of the specific efforts it made to negotiate in good faith with DBE's for elements of the Contract:

The names, addresses, and telephone numbers of DBE's that were contacted;

A description of the information provided to targeted DBE's regarding the specifications and bid proposals for portions of the work;

Efforts made to assist DBE's contacted in obtaining bonding or insurance required by the Bidder or the Authority.

Further, the documentation of good faith efforts must include copies of each DBE and non-DBE subcontractor quote submitted when a non-DBE subcontractor was selected over a DBE for work on the contract. 49 C.F.R. § 26.53(b) (2) (VI). In determining whether a Bidder has made good faith efforts, the Authority may take into account the performance of other Bidders in meeting the Contract goals. For example, if the apparent successful Bidder failed to meet the goal but meets or exceeds the average DBE participation obtained by other Bidders, the Authority may view this as evidence of the Bidder having made good faith efforts.

Administrative Reconsideration

Within five (5) business days of being informed by the AGENCY that it is not responsive or responsible because it has not documented sufficient good faith efforts, the Bidder/Offeror may request administrative reconsideration. The Bidder should make this request in writing to the AGENCY's Administrative Coordinator. The Administrative Coordinator will forward the Bidder/Offeror's request to a reconsideration official who will not have played any role in the original determination that the Bidder/Offeror did not document sufficient good faith efforts.

As part of this reconsideration, the Bidder/Offeror will have the opportunity to provide written documentation or argument concerning the issue of whether it met the goal or made adequate good faith efforts to do so. The Bidder/Offeror will have the opportunity to meet in person with the assigned reconsideration official to discuss the issue of whether it met the goal or made adequate good faith efforts to do so. The AGENCY will send the Bidder/Offeror a written decision on its reconsideration, explaining the basis for finding that the Bidder/Offeror

did or did not meet the goal or make adequate good faith efforts to do so. The result of the reconsideration process is not administratively appealable to the Department of Transportation.

Termination of DBE Subcontractor

The Contractor shall not terminate the DBE subcontractor(s) listed in the DBE Participation Schedule (see below) without the Agency's prior written consent. The AGENCY may provide such written consent only if the Contractor has good cause to terminate the DBE firm. Before transmitting a request to terminate, the Contractor shall give notice in writing to the DBE subcontractor of its intent to terminate and the reason for the request. The Contractor shall give the DBE five days to respond to the notice and advise of the reasons why it objects to the proposed termination. When a DBE subcontractor is terminated or fails to complete its work on the Contract for any reason, the Contractor shall make good faith efforts to find another DBE subcontractor to substitute for the original DBE and immediately notify the AGENCY in writing of its efforts to replace the original DBE. These good faith efforts shall be directed at finding another DBE to perform at least the same amount of work under the Contract as the DBE that was terminated, to the extent needed to meet the Contract goal established for this procurement. Failure to comply with these requirements will be in accordance with Section 8 below (Sanctions for Violations).

Continued Compliance

The AGENCY shall monitor the Contractor's DBE compliance during the life of the Contract. In the event this procurement exceeds ninety (90) days, it will be the responsibility of the Contractor to submit quarterly written reports to the AGENCY that summarize the total DBE value for this Contract. These reports shall provide the following details:

DBE utilization established for the Contract;

Total value of expenditures with DBE firms for the quarter;

The value of expenditures with each DBE firm for the quarter by race and gender;

Total value of expenditures with DBE firms from inception of the Contract; and

The value of expenditures with each DBE firm from the inception of the Contract by race and gender.

Reports and other correspondence must be submitted to the DBE Coordinator with copies provided to the FDOT and Agency. Reports shall continue to be submitted quarterly until final payment is issued or until DBE participation is completed.

The successful Bidder/Offeror shall permit:

The AGENCY to have access to necessary records to examine information as the AGENCY deems appropriate for the purpose of investigating and determining compliance with this provision, including, but not limited to, records of expenditures, invoices, and contract between the successful Bidder/Offeror and other DBE parties entered into during the life of the Contract.

The authorized representative(s) of the AGENCY, the U.S. Department of Transportation, the Comptroller General of the United States, to inspect and audit all data and record of the Contractor relating to its performance under the Disadvantaged Business Enterprise Participation provision of this Contract.

AGENCY shall keep and maintain public records that ordinarily and necessarily would be required by the AGENCY in order to perform the service.

Sanctions for Violations

If at any time the AGENCY has reason to believe that the Contractor is in violation of its obligations under this Agreement or has otherwise failed to comply with terms of this Section, the AGENCY may, in addition to pursuing any other available legal remedy, commence proceedings, which may include but are not limited to, the following:

Suspension of any payment or part due the Contractor until such time as the issues concerning the Contractor's compliance are resolved; and

Termination or cancellation of the Contract, in whole or in part, unless the successful Contractor is able to demonstrate within a reasonable time that it is in compliance with the DBE terms stated herein.

DBE UTILIZATION FORM

The undersigned Bidder/Offeror has satisfied the requirements of the solicitation in the following manner:

X The Bidder/Offer is committed to a minimum of **10.65** % DBE utilization on this contract. **DBE PARTICIPATION SCHEDULE**

The Bidder/Offeror shall complete the following information for all DBE's participating in the contract that comprises the DBE Utilization percent stated in the DBE Utilization Form. The Bidder/Offeror shall also furnish the name and telephone number of the appropriate contact person should the Authority have any questions in relation to the information furnished herein.

INCORPORATION OF FEDERAL TRANSIT ADMINISTRATION (FTA) TERMS

FTA Circular 4220.1E or subsequent revisions

Incorporation of Federal Transit Administration (FTA) Terms - The preceding provisions include, in part, certain Standard Terms and Conditions required by DOT, whether or not expressly set forth in the preceding contract provisions. All contractual provisions required by DOT, as set forth in FTA Circular 4220.1E or subsequent revisions, are hereby incorporated by reference. Anything to the contrary herein notwithstanding, all FTA mandated terms shall be deemed to control in the event of a conflict with other provisions contained in this Agreement. The Contractor shall not perform any act, fail to perform any act, or refuse to comply with any AGENCY requests which would cause AGENCY to be in violation of the FTA terms and conditions.

ENERGY CONSERVATION

42 U.S.C. 6321 et seq.

49 C.F.R. part 622, subpart C

The contractor agrees to comply with mandatory standards and policies relating to energy efficiency, which are contained in the state energy conservation plan issued in compliance with the Energy Policy and Conservation Act.

TERMINATION

2 C.F.R. § 200.339

2 C.F.R. part 200, Appendix II (B) Termination for Convenience (General Provision)

The AGENCY may terminate this contract, in whole or in part, at any time by written notice to the

Contractor when it is in the AGENCY's best interest. The Contractor shall be paid its costs, including contract close-out costs, and profit on work performed up to the time of termination. The Contractor shall promptly submit its termination claim to AGENCY to be paid the Contractor. If the Contractor has any property in its possession belonging to AGENCY, the Contractor will account for the same, and dispose of it in the manner AGENCY directs.

Termination for Default [Breach or Cause] (General Provision)

If the Contractor does not deliver supplies in accordance with the contract delivery schedule, or if the contract is for services, the Contractor fails to perform in the manner called for in the contract, or if the Contractor fails to comply with any other provisions of the contract, the AGENCY may terminate this contract for default.

Termination shall be effected by serving a Notice of Termination on the Contractor setting forth the manner in which the Contractor is in default. The Contractor will be paid only the contract price for supplies delivered and accepted, or services performed in accordance with the manner of performance set forth in the contract.

If it is later determined by the AGENCY that the Contractor had an excusable reason for not performing, such as a strike, fire, or flood, events which are not the fault of or are beyond the control of the Contractor, the AGENCY, after setting up a new delivery of performance schedule, may allow the Contractor to continue work, or treat the termination as a Termination for Convenience.

Opportunity to Cure (General Provision)

The AGENCY, in its sole discretion may, in the case of a termination for breach or default, allow the Contractor [an appropriately short period of time] in which to cure the defect. In such case, the Notice of Termination will state the time period in which cure is permitted and other appropriate conditions

If Contractor fails to remedy to AGENCY's satisfaction the breach or default of any of the terms, covenants, or conditions of this Contract within [10 days] after receipt by Contractor of written notice from AGENCY setting forth the nature of said breach or default, AGENCY shall have the right to terminate the contract without any further obligation to Contractor. Any such termination for default shall not in any way operate to preclude AGENCY from also pursuing all available remedies against Contractor and its sureties for said breach or default.

Waiver of Remedies for any Breach

In the event that AGENCY elects to waive its remedies for any breach by Contractor of any covenant, term or condition of this contract, such waiver by AGENCY shall not limit AGENCY's remedies for any succeeding breach of that or of any other covenant, term, or condition of this contract.

Termination for Convenience (Professional or Transit Service Contracts)

The AGENCY, by written notice, may terminate this contract, in whole or in part, when it is in the AGENCY's interest. If this contract is terminated, the AGENCY shall be liable only for payment under the payment provisions of this contract for services rendered before the effective date of termination.

Termination for Default (Supplies and Service)

If the Contractor fails to deliver supplies or to perform the services within the time specified in this contract or any extension, or if the Contractor fails to comply with any other provisions of this contract, the AGENCY may terminate this contract for default. The AGENCY shall terminate by delivering to the Contractor a Notice of Termination specifying the nature of the default. The Contractor will only be paid the contract price for supplies delivered and accepted, or services performed in accordance with the manner or performance set forth in this contract.

If, after termination for failure to fulfill contract obligations, it is determined that the Contractor was not in default, the rights and obligations of the parties shall be the same as if the termination had been issued for the convenience of the AGENCY.

GOVERNMENT-WIDE DEBARMENT AND SUSPENSION

2 C.F.R. part 180 2 C.F.R part 1200 2 C.F.R. § 200.213

2 C.F.R. part 200 Appendix II (I) Executive Order 12549

Executive Order 12689 Debarment, Suspension, Ineligibility and Voluntary Exclusion
The Contractor shall comply and facilitate compliance with U.S. DOT regulations, "Nonprocurement
Suspension and Debarment," 2 C.F.R. part 1200, which adopts and supplements the U.S. Office of
Management and Budget (U.S. OMB) "Guidelines to Agencies on Governmentwide Debarment and
Suspension (Nonprocurement)," 2 C.F.R. part 180. These provisions apply to each contract at any tier of
\$25,000 or more, and to each contract at any tier for a federally required audit (irrespective of the contract
amount), and to each contract at any tier that must be approved by an FTA official irrespective of the
contract amount. As such, the Contractor shall verify that its principals, affiliates, and subcontractors are
eligible to participate in this federally funded contract and are not presently declared by any Federal
department or agency to be:

- a. Debarred from participation in any federally assisted Award;
- b. Suspended from participation in any federally assisted Award;
- c. Proposed for debarment from participation in any federally assisted Award;
- d. Declared ineligible to participate in any federally assisted Award;
- e. Voluntarily excluded from participation in any federally assisted Award; or
- f. Disqualified from participation in ay federally assisted Award.

By signing and submitting its bid or proposal, the bidder or proposer certifies as follows:

The certification in this clause is a material representation of fact relied upon by the AGENCY. If it is later determined by the AGENCY that the bidder or proposer knowingly rendered an erroneous certification, in addition to remedies available to the AGENCY, the Federal Government may pursue available remedies, including but not limited to suspension and/or debarment. The bidder or proposer agrees to comply with the requirements of 2 C.F.R. part 180, subpart C, as supplemented by 2 C.F.R. part 1200, while this offer is valid and throughout the period of any contract that may arise from this offer. The bidder or proposer further agrees to include a provision requiring such compliance in its lower tier covered transactions.

LOBBYING RESTRICTIONS

31 U.S.C. § 1352 2 C.F.R. § 200.450 2 C.F.R. part 200 appendix II (J) 49 C.F.R. part 20

Lobbying Restrictions

49 C.F.R. part 20, Appendices A and B provide specific language for inclusion in FTA funded third party contracts as follows:

The undersigned certifies, to the best of his or her knowledge and belief, that:

- No Federal appropriated funds have been paid or will be paid, by or on behalf of the undersigned, to
 any person for influencing or attempting to influence an officer or employee of an agency, a Member of
 Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection
 with the awarding of any Federal contract, the making of any Federal grant, the making of any Federal
 loan, the entering into of any cooperative agreement, and the extension, continuation, renewal,
 amendment, or modification of any Federal contract, grant, loan, or cooperative agreement.
- 2. If any funds other than Federal appropriated funds have been paid or will be paid to any person for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with this Federal contract, grant, loan, or cooperative agreement, the undersigned shall complete and submit Standard Form- LLL, "Disclosure Form to Report Lobbying," in accordance with its instructions.
- 3. The undersigned shall require that the language of this certification be included in the award documents for all sub-awards at all tiers (including subcontracts, sub-grants, and contracts under

grants, loans, and cooperative agreements) and that all subrecipients shall certify and disclose accordingly.

This certification is a material representation of fact upon which reliance was placed when this transaction was made or entered into. Submission of this certification is a prerequisite for making or entering into this transaction imposed by section 1352, title 31, U.S. Code. Any person who fails to file the required certification shall be subject to a civil penalty of not less than \$10,000 and not more than \$100,000 for each such failure.

VIOLATION AND BREACH OF CONTRACT

2 C.F.R. § 200.326

2 C.F.R. part 200, Appendix II (A)

Rights and Remedies of the AGENCY

The AGENCY shall have the following rights in the event that the AGENCY deems the Contractor guilty of a breach of any term under the Contract.

- 1. The right to take over and complete the work or any part thereof as agency for and at the expense of the Contractor, either directly or through other contractors;
- 2. The right to cancel this Contract as to any or all of the work yet to be performed;
- 3. The right to specific performance, an injunction or any other appropriate equitable remedy; and
- 4. The right to money damages.

For purposes of this Contract, breach shall include CONTRACTOR warrants that it has not employed or retained any company or person other than a bona fide employee working solely for CONTRACTOR to solicit or secure this Agreement, and that it has not paid or agreed to pay any company or person other than an employee working solely for CONTRACTOR, any fee, commission, percentage, brokerage fee, gift, contingent fee, or any other consideration contingent upon or resulting from the award or making of this Agreement. For breach or violation of this warranty, AGENCY shall have the right to annul this Agreement without liability, or at its discretion, to deduct from the Agreement price or consideration or otherwise recover the full amount of such fee, commission, percentage, brokerage fee, gifts, or contingent fee.

CONTRACTOR shall at all times comply with all applicable FTA regulations, policies, procedures and directives, including without limitation those listed directly or by reference in the Master Agreement between the AGENCY and FTA, as they may be amended or promulgated from time to time during the term of this contract. CONTRACTOR's failure to so comply shall constitute a material breach of this contract.

Rights and Remedies of Contractor

Inasmuch as the Contractor can be adequately compensated by money damages for any breach of this Contract, which may be committed by the AGENCY, the Contractor expressly agrees that no default, act or omission of the AGENCY shall constitute a material breach of this Contract, entitling Contractor to cancel or rescind the Contract (unless the AGENCY directs Contractor to do so) or to suspend or abandon performance.

Remedies

Substantial failure of the Contractor to complete the Project in accordance with the terms of this Agreement will be a default of this Agreement. In the event of a default, the AGENCY will have all remedies in law and equity, including the right to specific performance, without further assistance, and the rights to termination or suspension as provided herein. The Contractor recognizes that in the event of a breach of this Agreement by the Contractor before the AGENCY takes action contemplated herein, the AGENCY will provide the Contractor with sixty (60) days written notice that the AGENCY considers that such a breach has occurred and will provide the Contractor a reasonable period of time to respond and to take necessary corrective action.

Disputes

The AGENCY and the Contractor intend to resolve all disputes under this Agreement to the best of their abilities in an informal manner. To accomplish this end, the parties will use an Alternative Dispute

Resolution process to resolve disputes in a manner designed to avoid litigation. In general, the parties contemplate that the Alternative Dispute Resolution process will include, at a minimum, an attempt to resolve disputes through communications between their staffs, and, if resolution is not reached at that level, a procedure for review and action on such disputes by appropriate management level officials within the AGENCY and the Contractor's organization.

In the event that a resolution of the dispute is not mutually agreed upon, the parties can agree to mediate the dispute or proceed with litigation. Notwithstanding any provision of this section, or any other provision of this Contract, it is expressly agreed and understood that any court proceeding arising out of a dispute under the Contract shall be heard by a Court de novo and the court shall not be limited in such proceeding to the issue of whether the Authority acted in an arbitrary, capricious or grossly erroneous manner.

Pending final settlement of any dispute, the parties shall proceed diligently with the performance of the Contract, and in accordance with the AGENCY's direction or decisions made thereof.

Performance during Dispute

Unless otherwise directed by AGENCY, Contractor shall continue performance under this Contract while matters in dispute are being resolved.

Claims for Damages

Should either party to the Contract suffer injury or damage to person or property because of any act or omission of the party or of any of its employees, agents or others for whose acts it is legally liable, a claim for damages therefor shall be made in writing to such other party within a reasonable time after the first observance of such injury or damage.

Remedies

Unless this Contract provides otherwise, all claims, counterclaims, disputes and other matters in question between the AGENCY and the Contractor arising out of or relating to this agreement or its breach will be decided by arbitration if the parties mutually agree, or in a court of competent jurisdiction within the State in which the AGENCY is located.

Rights and Remedies

The duties and obligations imposed by the Contract documents and the rights and remedies available thereunder shall be in addition to and not a limitation of any duties, obligations, rights and remedies otherwise imposed or available by law. No action or failure to act by the AGENCY or Contractor shall constitute a waiver of any right or duty afforded any of them under the Contract, nor shall any such action or failure to act constitute an approval of or acquiescence in any breach thereunder, except as may be specifically agreed in writing.

CLEAN AIR ACT AND FEDERAL WATER POLLUTION CONTROL ACT

42 U.S.C. §§ 7401 – 7671q 33 U.S.C. §§ 1251-1387 2 C.F.R. part 200, Appendix II (G)

Model Clause/Language

Recipients can draw on the following language for inclusion in their federally funded procurements. The Contractor agrees:

- 1. It will not use any violating facilities;
- 2. It will report the use of facilities placed on or likely to be placed on the U.S. EPA "List of Violating Facilities;"
- 3. It will report violations of use of prohibited facilities to FTA; and
- 4. It will comply with the inspection and other requirements of the Clean Air Act, as amended, (42 U.S.C. §§ 7401 7671q); and the Federal Water Pollution Control Act as amended, (33 U.S.C. §§ 1251-1387).

PATENT RIGHTS AND RIGHTS IN DATA

2 C.F.R. part 200, Appendix II (F) 37 C.F.R. part 401

Intellectual Property Rights

This Project is funded through a Federal award with FTA for experimental, developmental, or research work purposes. As such, certain Patent Rights and Data Rights apply to all subject data first produced in the performance of this Contract. The Contractor shall grant the AGENCY intellectual property access and licenses deemed necessary for the work performed under this Agreement and in accordance with the requirements of 37 C.F.R. part 401, "Rights to Inventions Made by Nonprofit Organizations and Small Business Firms Under Government Grants, Contracts and Cooperative Agreements," and any implementing regulations issued by FTA or U.S. DOT. The terms of an intellectual property agreement and software license rights will be finalized prior to execution of this Agreement and shall, at a minimum, include the following restrictions: Except for its own internal use, the Contractor may not publish or reproduce subject data in whole or in part, or in any manner or form, nor may the Contractor authorize others to do so, without the written consent of FTA, until such time as FTA may have either released or approved the release of such data to the public. This restriction on publication, however, does not apply to any contract with an academic institution. For purposes of this agreement, the term "subject data" means recorded information whether or not copyrighted, and that is delivered or specified to be delivered as required by the Contract. Examples of "subject data" include, but are not limited to computer software, standards, specifications, engineering drawings and associated lists, process sheets, manuals, technical reports, catalog item identifications, and related information, but do not include financial reports, cost analyses, or other similar information used for performance or administration of the Contract.

- 1. The Federal Government reserves a royalty-free, non-exclusive and irrevocable license to reproduce, publish, or otherwise use, and to authorize others to use for "Federal Government Purposes," any subject data or copyright described below. For "Federal Government Purposes," means use only for the direct purposes of the Federal Government. Without the copyright owner's consent, the Federal Government may not extend its Federal license to any other party. a. Any subject data developed under the Contract, whether or not a copyright has been obtained; and b. Any rights of copyright purchased by the Contractor using Federal assistance in whole or in part by the FTA.
- 2. Unless FTA determines otherwise, the Contractor performing experimental, developmental, or research work required as part of this Contract agrees to permit FTA to make available to the public, either FTA's license in the copyright to any subject data developed in the course of the Contract, or a copy of the subject data first produced under the Contract for which a copyright has not been obtained. If the experimental, developmental, or research work, which is the subject of this Contract, is not completed for any reason whatsoever, all data developed under the Contract shall become subject data as defined herein and shall be delivered as the Federal Government may direct.
- 3. Unless prohibited by state law, upon request by the Federal Government, the Contractor agrees to indemnify, save, and hold harmless the Federal Government, its officers, agents, and employees acting within the scope of their official duties against any liability, including costs and expenses, resulting from any willful or intentional violation by the Contractor of proprietary rights, copyrights, or right of privacy, arising out of the publication, translation, reproduction, delivery, use, or disposition of any data furnished under that contract. The Contractor shall be required to indemnify the Federal Government for any such liability arising out of the wrongful act of any employee, official, or agents of the Federal Government.
- 4. Nothing contained in this clause on rights in data shall imply a license to the Federal Government under any patent or be construed as affecting the scope of any license or other right otherwise granted to the Federal Government under any patent.
- 5. Data developed by the Contractor and financed entirely without using Federal assistance provided by the Federal Government that has been incorporated into work required by the underlying Contract is exempt from the requirements herein, provided that the Contractor identifies those data in writing at the time of delivery of the Contract work.
- 6. The Contractor agrees to include these requirements in each subcontract for experimental, developmental, or research work financed in whole or in part with Federal assistance.

PROMPT PAYMENT

The TPO will ensure that the following clause is placed in every USDOT-assisted contract and subcontract:

- (A) Every contract let by the TPO for the performance of work shall contain a provision requiring the prime contractor, before receipt of any progress payment under the provisions of such contract, to certify that the prime contractor has disbursed to all subcontractors and suppliers having an interest in the contract their pro rata shares of the payment out of previous progress payments received by the prime contractor for all work completed and materials furnished in the previous period, less any retainage withheld by the prime contractor pursuant to an agreement with a subcontractor, as approved by the TPO for payment. The TPO shall not make any such progress payment before receipt of such certification, unless the contractor demonstrates good cause for not making any such required payment and furnishes written notification of any such good cause to both the TPO and the affected subcontractors and suppliers.
- (B) Every contract let by the TPO for the performance of work shall contain a provision requiring the prime Contractor, within 30 days of receipt of the final progress payment or any other payments received thereafter except the final payment, to pay all subcontractors and suppliers having an interest in the contract their pro rata shares of the payment for all work completed and materials furnished, unless the Contractor demonstrates good cause for not making any such required payment and furnishes written notification of any such good cause to both the MPO and the affected subcontractors or suppliers within such 30-day period. Each invoice on a contract with DBE participation will be required to be submitted on our standard invoice format requiring DBE breakout and the above Prompt Payment statement attached to it.

Appendix II to 2 CFR Part 200 — FEDERAL CONTRACT PROVISIONS FOR NON-FEDERAL ENTITY CONTRACTS UNDER FEDERAL AWARDS

On a case-by-case basis, Contractors with the TPO and Marion County may be subject to Federal Grant Provisions found under 2 CFR 200 and its Appendix, as well as other federal grant funding statutes. Contractors shall be able to comply with those federal provisions if funding is from a federal source.

Within these Federal contract provisions, the successful Offeror is referred to as Contractor and contract means a contract resulting from this solicitation.

- A. Contracts for more than the simplified acquisition threshold, which is the inflation adjusted amount determined by the Civilian Agency Acquisition Council and the Defense Acquisition Regulations Council (Councils) as authorized by 41 U.S.C. 1908, must address administrative, contractual, or legal remedies in instances where contractors violate or breach contract terms, and provide for such sanctions and penalties as appropriate.
- B. All contracts in excess of \$10,000 must address termination for cause and for convenience by the non-Federal entity including the manner by which it will be affected and the basis for settlement.
- C. Equal Employment Opportunity. Except as otherwise provided under 41 CFR Part 60, all contracts that meet the definition of "federally assisted construction contract" in 41 CFR Part 60-1.3 must include the equal opportunity clause provided under 41 CFR 60-1.4(b), in accordance with Executive Order 11246, "Equal Employment Opportunity" (30 FR 12319, 12935, 3 CFR Part, 1964-1965 Comp., p. 339), as amended by Executive Order 11375, "Amending Executive Order 11246 Relating to Equal Employment Opportunity," and implementing regulations at 41 CFR part 60, "Office of Federal Contract Compliance Programs, Equal Employment Opportunity, Department of Labor."
- D. Davis-Bacon Act, as amended (40 U.S.C. 3141-3148). When required by Federal program legislation, all prime construction contracts in excess of \$2,000 awarded by non-Federal entities must include a provision for compliance with the Davis-Bacon Act (40 U.S.C. 3141-3144, and 3146-3148) as supplemented by Department of Labor regulations (29 CFR Part 5, "Labor Standards Provisions Applicable to Contracts Covering Federally Financed and Assisted Construction"). In accordance with the statute, contractors must be required to pay wages to laborers and mechanics at a rate not less than the prevailing wages specified in a wage determination made by the Secretary of Labor. In addition, contractors must be required to pay

- wages not less than once a week. The non-Federal entity must place a copy of the current prevailing wage determination issued by the Department of Labor in each solicitation. The decision to award a contract or
- E. Contract Work Hours and Safety Standards Act (40 U.S.C. 3701-3708). Where applicable, all contracts awarded by the non-Federal entity in excess of \$100,000 that involve the employment of mechanics or laborers must include a provision for compliance with 40 U.S.C. 3702 and 3704, as supplemented by Department of Labor regulations (29 CFR Part 5). Under 40 U.S.C. 3702 of the Act, each contractor must be required to compute the wages of every mechanic and laborer on the basis of a standard work week of 40 hours. Work in excess of the

standard work week is permissible provided that the worker is compensated at a rate of not less than one and a half times the basic rate of pay for all hours worked in excess of 40 hours in the work week. The requirements of 40 U.S.C. 3704 are applicable to construction work and provide that no laborer or mechanic must be required to work in surroundings or under working conditions which are unsanitary, hazardous or dangerous. These requirements do not apply to the purchases of supplies or materials or articles ordinarily available on the open market, or contracts for transportation or transmission of intelligence.

- F. § 401.2(a) and the recipient or subrecipient wishes to enter into a contract with a small business firm or nonprofit organization regarding the substitution of parties, assignment or performance of experimental, developmental, or research work under that "funding agreement," the recipient or subrecipient must comply with the requirements of 37 CFR Part 401, "Rights to Inventions Made by Nonprofit Organizations and Small Business Firms Under Government Grants, Contracts and Cooperative Agreements," and implementing regulations issued by the awarding agency.
- G. Clean Air Act (42 U.S.C. 7401-7671q.) and the Federal Water Pollution Control Act (33 U.S.C. 1251-1387), as amended Contracts and subgrants of amounts in excess of \$150,000.00 must contain a provision that requires the non-Federal award to agree to comply with all applicable standards, orders or regulations issued pursuant to the Clean Air Act (42 U.S.C. 7401-7671q) and the Federal Water Pollution Control Act as amended (33 U.S.C. 1251-1387). Violations must be reported to the Federal awarding agency and the Regional Office of the Environmental Protection Agency (EPA).
- H. Debarment and Suspension (Executive Orders 12549 and 12689) A contract award (see 2 CFR 180.220) must not be made to parties listed on the government-wide exclusions in the System for Award Management (SAM), in accordance with the OMB guidelines at 2 CFR 180 that implement Executive Orders 12549 (3 CFR part 1986 Comp., p. 189) and 12689 (3 CFR part 1989 Comp., p. 235), "Debarment and Suspension." SAM Exclusions contains the names of parties debarred, suspended, or otherwise excluded by agencies, as well as parties declared ineligible under statutory or regulatory authority other than Executive Order 12549.
- I. Byrd Anti-Lobbying Amendment (31 U.S.C. 1352) Contractors that apply or bid for an award exceeding \$100,000 must file the required certification. Each tier certifies to the tier above that it will not and has not used Federal appropriated funds to pay any person or organization for influencing or attempting to influence an officer or employee of any agency, a member of Congress, officer or employee of Congress, or an employee of a member of Congress in connection with obtaining any Federal contract, grant or any other award covered by 31 U.S.C. 1352. Each tier must also disclose any lobbying with non-Federal funds that takes place in connection with obtaining any Federal award. Such disclosures are forwarded from tier to tier up to the non-Federal award.
- J. Procurement of recovered materials (2 CFR 200.323) A non-Federal entity that is a state agency or agency of a political subdivision of a state and its contractors must comply with section 6002 of the Solid Waste Disposal Act, as amended by the Resource Conservation and Recovery Act. The requirements of Section 6002 include procuring only items designated in guidelines of the Environmental Protection Agency (EPA) at 40 CFR part 247 that contain the highest percentage of recovered materials practicable, consistent with maintaining a satisfactory level of competition, where the purchase price of the item exceeds \$10,000 or the value of the quantity acquired during the preceding fiscal year exceeded \$10,000; procuring solid waste management services in a manner that maximizes energy and resource recovery; and

- establishing an affirmative procurement program for procurement of recovered materials identified in the EPA guidelines.
- K. Prohibition on certain telecommunications and video surveillance services or equipment (2 CFR 200.216) Recipients and subrecipients are prohibited from obligating or expending loan or grant funds to:
 - (1) Procure or obtain;
 - (2) Extend or renew a contract to procure or obtain; or
 - (3) Enter into a contract (or extend or renew a contract) to procure or obtain equipment, services, or systems that uses covered telecommunications

equipment or services as a substantial or essential component of any system, or as critical technology as part of any system. As described in

Public Law 115-232, section 889, covered telecommunications equipment telecommunications equipment produced by Huawei Technologies or ZTE Corporation (or any subsidiary or affiliate of such

Company

entities).

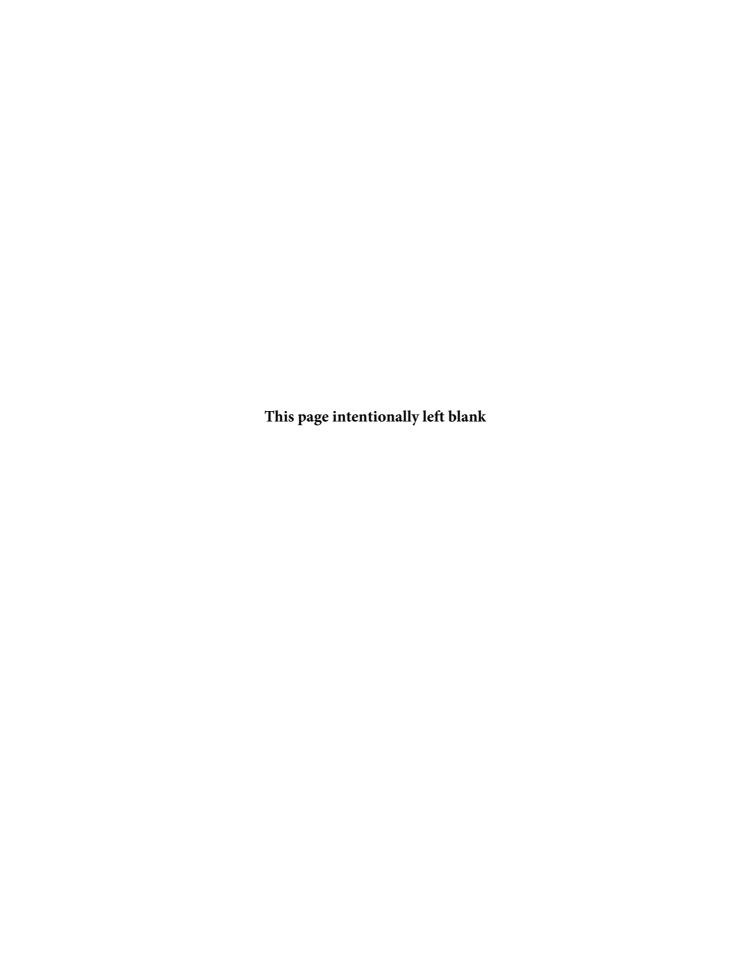

(i) For the purpose of public safety, security of government facilities, physical security surveillance of critical infrastructure, and other

national security purposes, video surveillance and telecommunications equipment produced by Hytera Communications Corporation, Hangzhou Hikvision Digital Technology Company, or Dahua Technology Company (or any subsidiary or affiliate of such entities).

- (ii) Telecommunications or video surveillance services provided by such entities or using such equipment.
- (iii) Telecommunications or video surveillance equipment or services produced or provided by an entity that the Secretary of Defense,

in consultation with the Director of the National Intelligence or the Director of the Federal Bureau of Investigation, reasonably believes to be an entity owned or controlled by, or otherwise connected to, the government of a covered foreign country.

- (4) In implementing the prohibition under Public Law 115-232, section 889, subsection (f), paragraph (1), heads of executive agencies administering loan, grant, or subsidy programs shall prioritize available funding and technical support to assist affected businesses, institutions and organizations as is reasonably necessary for those affected entities to transition from covered communications equipment and services, to procure replacement equipment and services, and to ensure that communications service to users and customers is sustained.
 - (5) See Public Law 115-232, section 889 for additional information.
 - (6) See also § 200.471.
- L. Domestic preferences for procurements (2 CFR 200.322) The County prefers to purchase or use goods, products, or materials produced in the United States (including but not limited to iron, aluminum, steel, cement, and other manufactured products). The requirements of this section must be included in all subawards including all contracts and purchase orders for work or products under this award.
 - (1) For purposes of this section:
- (i) "Produced in the United States" means, for iron and steel Products, that all manufacturing processes, from the initial melting stage through the application of coatings, occurred in the United States.
- (ii) "Manufactured products" means items and construction materials composed in whole or in part of non-ferrous metals such as aluminum; plastics and polymer-based products such as polyvinyl chloride pipe; aggregates such as concrete; glass, including optical fiber; and lumber.

RFQ 23Q-141 TPO 2050 LRTP

PART 2 - INTENT AND GENERAL INFORMATION

Thank you for your interest in working with Marion County. We look forward to working with you. Pertinent information and required documents regarding this solicitation as part of a responsive submittal are listed below:

2.1 REQUEST FOR QUALIFICATIONS:

The Marion County Procurement Services Department on behalf of the Board of County Commissioners is soliciting letters of interest for statements of qualifications for this project. Marion County expects interested individuals and firms will make every effort to assemble a team with the requisite expertise and qualifications to supply the product or service.

SELECTION COMMITTEE APPOINTMENT AND SUBMITTAL EVALUATION PROCESS:

Proposals will be evaluated by an Administration-approved Selection Committee, or the using Director with concurrence from the Assistant County Administrator (ACA). In all cases, firms will be evaluated based on the criteria herein. In cases where there is only a single response, or the only responding firm(s) is the County's incumbent provider, the using Director and ACA may recommend some/all/none of the respondents qualified for the type of work.

PROHIBITION OF LOBBYING:

To ensure fair consideration for all proposers, The County prohibits communication to or with any department, bureau or employee during the submission process, except as provided in this section. Additionally, the County prohibits communication initiated by a proposer to any County Official or employee evaluating or considering the proposals (up to and including the County Administrator or Board of County Commissioners) before the time an award decision has been made. Any communication between proposer and the County will be initiated by the Procurement Services staff in order to obtain information or clarification needed to develop a proper, accurate evaluation of the proposal. Such communications initiated by a proposer may be grounds for disqualifying the offending proposer from consideration for award of the proposal and/or any future proposal.

2.2 HOW TO SUBMIT A REQUEST FOR QUALIFICATIONS (RFQ):

<u>DEADLINE</u> for receipt of submittals in response to this Request for Proposals is listed on the Invitation's Cover Page.

Due to cybersecurity concerns, all submittals must be entered in electronically through DemandStar (click on DemandStar text for direct link to Marion County Procurement Services current procurement opportunities). The DemandStar system will ensure all submittals will remained sealed in their system until the due date. Once the due date is reached, submittals will may be opened electronically. Any submittals not entered electronically through DemandStar will not be opened.

2.3 SUBMITTAL OPENING PROCESS:

Proposals will be opened on or as reasonably feasible after the Due Date, after which time a Respondents' List will be prepared and uploaded to DemandStar. A Selection Committee Meeting will be set when the Committee has had sufficient time to review all submittals. The Selection Committee Meeting will be noticed on DemandStar (only), and after the Committee makes its recommendation, all responding firms will be notified of intent.

2.4 SUBMITTAL REQUIREMENTS AND EVALUATION OF PROPOSALS:

Proposals will be reviewed, and evaluated by a Selection Committee based upon the criteria below, and as supported by the firm's documentation for the requirements within each tab. The Selection Committee or using Director will make recommendation to short-list, accept, and/or negotiate with any, all, or none of the firms, or a selected group of firms may be required to make presentations. Such presentations may provide opportunity for the firms to clarify the information provided in their proposal. If presentations are given, the final decision of the Selection Committee will be based on the tabulation from the presentations. The County reserves the right to make selections based on the submittals only or to request presentations before determining final ranking. Procurement will notify the firm(s) of recommendations, and will present to the Board of County Commissioners, or in some cases the County Administrator, both of whom have the authority to make the final determination and award contracts.

23Q-141 RFQ | Page 55 of 65

SCORING GUIDELINES:

All submittals received in accordance with this solicitation will be evaluated using the following scoring guidelines (multiplied by weights when applicable) unless other scoring is specifically identified in the category:

- 0. Non-Responsive Included no information on subject criteria; blank; unacceptable
- 1. Poor Indicated responses, but indecipherable or incomplete for subject criteria; unacceptable
- 2. Fair Contained adequate information, but information is less than required of subject criteria; unacceptable
- 3. Average Included minimum information requested in subject criteria; acceptable
- 4. Good Response was thorough and complete for subject criteria; acceptable
- 5. Excellent Response exceeds requested criteria; exceptional resources, staff, materials, etc.; excellent

A. COMPANY/FIRM AND PROFESSIONAL PERSONNEL QUALIFICATIONS, CAPABILITIES

- a. The firm demonstrated its qualifications and capability to perform services as described in his RFQ. The firm included examples of current or past projects of similar scope of work to demonstrate its depth of experience. In the description of each similar projects, the firm identified any of the proposed team members who worked on the project.
- b. The firm included its organization profile and identified the project team and their qualifying credentials, including specific names, functions and resumes of personnel assigned to the project, years of experience, years with the submitting company, and specific knowledge.
- c. The Project Manager displays the experience, proven record of success, and availability to manage this project.

Weight for this category is 10 (Min 0, Max 50*)

B. PROJECT UNDERSTANDING/APPROACH and MANAGEMENT PLAN

- a. Demonstrated clear understanding of the nature of the scope of work kin the RFQ.
- b. Proposal outlined project team's approach and management plan for providing services.
- c. Discussed staffing plan including current and anticipated workload, with key team members' capacity to perform services. This also includes involvement by specific team members directly assigned to the project tasks.
- d. Outlined firm's approach for completing services within budget and as scheduled.
- e. Described quality assurance/quality control (QA/QC) approach or process.

Weight for this category is 10 (Min 0, Max 50*)

C. COMPLETENESS & QUALITY OF PROPOSAL and REFERENCES

a. Proposal provides a straightforward, concise description of the proposer's experience and ability to fulfill the requirements of the RFQ. Proposal is professional in appearance. All documents listed are included in the proposal. The firm included three (3) letters of reference from clients for which they performed the type of work requested for the scope under this RFQ, and for an agency similar in size and type to the Ocala Marion TPO.

Weight for this category is 10 (Min 0, Max 50*)

*Scores are per Committee Member; to gain maximum points, verify each item above is supported by all necessary and required documentation listed in the tabs below.

HOW TO ASSEMBLE YOUR PROPOSAL:

The following documents and forms must accompany any offer submitted **in the order identified**, and will be the basis for Selection Committee evaluation and scoring for the criteria listed in Section 1.4. A submittal returned without these documents may deem the offer non-responsive. Marion County reserves the right to request additional information from any vendor prior to award.

** Documents are included with this RFO

SUBMITTAL LAYOUT/ORDER OF DOCUMENTS

- A. Firm Qualifications Statement/Introduction Letter
 - 1. How is your firm qualified to provide the required functions of this RFQ?
 - 2. Describe the approach or provide an outline to simply identify organization management and the responsibilities of management and staff performing on the Project; describe method employed to ensure prompt service, customer satisfaction, prompt complaint resolution, effective employee performance and training, and timely initiation and completion of all work.
 - 3. Describe any prior or pending litigation or investigation, either civil or criminal, involving a governmental agency or which may affect the performance of the services to be rendered herein, in which the firm, any of its employees, subcontractors, or Sub-Consultants intended for this project is, or has been involved within the last three (3) years.

- B. Letter from a financial institution with which the firm has conducted business for at least the last 12 months stating the firm is in good standing (this should be generic enough to not be considered confidential).
- C. **Resumes of key individuals and personnel assigned to project
- D. **Similar Work Detail Provide reference to completed projects within the last five years of similar scope that demonstrates the Consultant team's experience in performing work requested in this RFQ.
- E. The submittal shall contain *proof of insurability* issued by a company authorized to do business in the State of Florida and with an A.M. Best Company rating of at least A- for the required insurance(s) listed below. Self-Insured companies that cannot be rated, will also be considered.

PROFESSIONAL LIABILITY INSURANCE - with limits of not less than \$1,000,000 per occurrence and \$2,000,000.00 annual aggregate. Higher limits may be required for projects valued in excess of \$5,000,000. Projects \$5,000,000 or more will need to be reviewed by COUNTY's Risk and Benefit Services Department to determine appropriate Professional Liability limits. The policy must be maintained by FIRM for the duration of the Project. If the policy is written on a claims-made basis, FIRM must maintain the policy for a minimum of 5 years following the completion of the Project.

WORKERS COMPENSATION AND EMPLOYER'S LIABILITY

Coverage to apply for all employees at STATUTORY Limits in compliance with applicable state and federal laws.

- Employer's Liability limits for not less than \$100,000 each accident \$500,000 disease policy limit and \$100,000 disease each employee must be included.
- The Contractor/Vendor, and its insurance carrier, waives all subrogation rights against Marion County, a political subdivision of the State of Florida, its officials, employees and volunteers for all losses or damages which occur during the contract and for any events occurring during the contract period, whether the suit is brought during the contract period or not.
- The County requires all policies to be endorsed with WC00 03 13 Waiver of our Right to Recover from others or equivalent.

COMMERCIAL GENERAL LIABILITY

Coverage must be afforded under a Commercial General Liability policy with limits not less than

- \$1,000,000 each occurrence for Bodily Injury, Property Damage and Personal and Advertising Injury
- \$2,000,000 each occurrence for Products and Completed Operations

BUSINESS AUTOMOBILE LIABILITY

Coverage must be afforded including coverage for all Owned vehicles, Hired and Non-Owned vehicles for Bodily Injury and Property Damage of not less than \$500,000 combined single limit each accident.

 In the event the Contractor/Vendor does not own vehicles, the Contractor/Vendor shall maintain coverage for Hired & Non-Owned Auto Liability, which may be satisfied by way of endorsement to the Commercial General Liability policy or separate Business Auto Liability policy.

NOTE! If awarded a contract, vendor will be required to attain and provide a Certificate of Insurance that meets all requirements listed above, references the project number and shows Marion County named as additional insured.

- G. Proof of firm entity location (tangible tax listing, firm license or registration on www.sunbiz.org, or other type of location documentation)
- H. Proof of firm's ability to do business in the State of Florida
- I. Proof of Firm's Registration with E-Verify
- J. W-9
- K. **Conflict of Interest Statement
- L. **Firm Certification Page/Addenda Acknowledgement/Cover Page
- M. **Disclosure of Subcontractors and Sub-Consultants
- N. **Debarment Form, Disclosure of Lobbying Form, Truth in Negotiations Form, DBE Certification Form.

23Q-141 RFQ | Page 57 of 65

PROPOSAL SPECIFICATIONS, ASSEMBLY, AND SUBMITTAL:

Proposal requirements

- One (1) Original Document uploaded into DemandStar as a single .pdf file.
- Page Limit Up to 60 pages.
- **Page Size** 8 ½ x 11; oversized pages must be scanned to print out to appropriate page sizes, if necessary.

Assembly requirements

• **Submitted in order of Submittal Layout as listed above** – documents should be scanned as PDF or similar format as one complete package.

Submittal requirements

 Complete package – Complete package shall consist of all required information and documents as listed in Section 2.4 under Submittal Layout/Order of Documents.

2.5 <u>DISCUSSIONS AND NEGOTIATIONS</u>

The County, in its sole discretion, may do any or all of the following:

- 1. Evaluate proposals and award a contract with or without discussions with any or all of the Proposers.
- 2. Discuss and negotiate anything and everything with any Proposer or Proposers at any time.
- 3. Request additional information from any or all Proposers.
- 4. Request one or more best and final offers from any or all Proposers.
- 5. Accept any Proposal in whole or in part.
- 6. Require a Proposer to make modifications to their initial Proposals.
- 7. Make a partial award to any or all Proposers.
- 8. Make a multiple award to any or all of Proposers.
- 9. Terminate this RFQ, and reissue an amended RFQ.

NEGOTIATIONS FOR PROJECTS:

Will be held with the most qualified firm for compensation which the County determines is fair, competitive, and reasonable. Should the County be unable to negotiate a satisfactory contract with the firm considered to be the most qualified at a price the County determines to be fair, competitive, and reasonable, negotiations with that firm will be formally terminated. The County will then undertake negotiations with the second most qualified firm. Failing accord with the second most qualified firm, the County will terminate negotiations. The County will then undertake negotiations with the third most qualified firm. Should the County be unable to negotiate a satisfactory contract with one of the top three firms, the County shall select additional firms in the order of their competence and qualification and continue negotiations until an agreement is reached.

2.6 BILLING COMPLIANCE:

Firm should be able to provide a variety of options for invoice and statement formats to accommodate the specific needs of the County. Depending on the number of departments utilizing the contract, needs of the County can vary throughout the length of the contract. This may include the ability to separate County departments' or department divisions' billing to meet the needs of the County.

2.7 ACKNOWLEDGEMENT OF CONTRACTOR RESPONSIBILITIES:

Contractor shall review and acknowledge all addenda issued to date on the Acknowledgement and Acceptance Form. I understand timely commencement may be considered in award of this Request for Qualifications (RFQ), and cancellation of award will be considered if commencement time is not met, and that untimely commencement may be cause for assessment of liquidated damages claims. I further certify services will meet or exceed RFQ requirements. I, the undersigned, declare I have carefully examined the RFQ, specifications, terms and conditions as applicable, and I am thoroughly familiar with all provisions and the quality and type of coverage and services specified. I further declare I have not divulged, discussed or compared this RFQ with

any other Offeror and have not colluded with any Offerors or parties to an RFQ whatsoever for any fraudulent purpose.

2.8 PUBLIC RECORDS COMPLIANCE SERVICES/CONSTRUCTION IF NO AGREEMENT

FIRM'S RESPONSIBILITY FOR COMPLIANCE WITH CHAPTER 119, FLORIDA STATUTES. Pursuant to Section 119.0701, F.S., FIRM agrees to comply with all public records laws, specifically to:

- 1. Keep and maintain public records required by the County to perform the service.
 - The timeframes and classifications for records retention requirements must be in accordance with the General Records Schedule GS1-SL for State and Local Government Agencies. (See https://dos.myflorida.com/library-archives/records-management/general-records-schedules/).
 - Records include all documents, papers, letters, maps, books, tapes, photographs, films, sound recordings, data processing software, or other material, regardless of the physical form, characteristics, or means of transmission, made or received pursuant to law or ordinance or in connection with the transaction of official business with the County. FIRM's records under this Agreement include but are not limited to, supplier/subcontractor invoices and contracts, project documents, meeting notes, emails and all other documentation generated during this Agreement.
- 2. Upon request from the County's custodian of public records, provide the County with a copy of the requested records or allow the records to be inspected or copies within a reasonable time at a cost that does not exceed the cost provided for by law. If a FIRM does not comply with the County's request for records, the County shall enforce the provisions in accordance with the contract.
- Ensure that project records that are exempt or confidential and exempt from public records disclosure requirements are not disclosed except as authorized by law for the duration of the contract term and following completion of the contract if the FIRM does not transfer the records to County.
- 4. Upon completion of the contract, transfer, at no cost, to the County all public records in possession of the FIRM or keep and maintain public records required by the County to perform the service. If the FIRM transfers all public records to the County upon completion of the contract, the FIRM shall destroy any duplicate public records that are exempt or confidential and exempt from public records disclosure requirements. If the FIRM keeps and maintains public records upon the completion of the contract, the FIRM shall meet all applicable requirements for retaining public records. All records kept electronically must be provided to the County, upon request from the County's custodian of public records, in a format that is compatible with the information technology systems of the County.

IF FIRM HAS QUESTIONS REGARDING THE APPLICATION OF CHAPTER 119, FLORIDA STATUTES, TO ITS DUTY TO PROVIDE PUBLIC RECORDS RELATING TO THIS CONTRACT, CONTACT MARION COUNTY PROCUREMENT AT (352) 671-8444, BY MAIL AT 2631 SE 3rd ST, OCALA, FL 34471 OR BY EMAIL AT PROCUREMENT@MARIONCOUNTYFL.ORG.

A FIRM who fails to provide the public records to the County within a reasonable time may also be subject to penalties under Section 119.10, Florida Statutes.

RFQ 23Q-141 TPO 2050 LRTP

PART 3 - GENERAL CONDITIONS - Revised 1/11/21

- **3.1 PUBLIC ENTITY CRIME:** A person or affiliate placed on the convicted vendor list following a conviction for a public entity crime may not submit a Bid on a contract to provide goods or services to a public entity, for the construction or repair of a public building or public work, may not submit Bids on leases of real property to a public entity, may not be awarded or perform work as a contractor, supplier, subcontractor, or consultant under a contract with any public entity, and may not transact business with any public entity in excess of the threshold amount provided in Section 287.017, for CATEGORY TWO for a period of 36 months from the date of being placed on the convicted vendor list.
- **3.2 INDEMNIFICATION:** The Contractor agrees to indemnify and hold harmless Marion County and its elected officials, employees and volunteers from and against all claims, losses and expenses, including legal costs, arising out of or resulting from, the performance of this contract, provided that any such claims, damage, loss of expenses is attributed to bodily injury, sickness, disease, personal injury or death, or to injury to or destruction of tangible property including the loss or loss of use resulting there from and is caused in whole or in part by any negligent act or omission of the firm.
- **3.3 ANTI TRUST LAWS:** By submission of a signed Bid, the successful Vendor acknowledges compliance with all antitrust laws of the United States and the State of Florida, in order to protect the public from restraint of trade, which illegally increases prices. **3.4 DOCUMENT RE-CREATION:** Vendor may choose to recreate any document(s) required for this solicitation, but must do so at his own risk. All required information in the original County format must be included in any re-created document. Submittals may be deemed non-responsive if required information is not included in any re-created document, or is altered from its
- **3.5 FUNDING**: Obligation of the County for payment to a Contractor is limited to availability of funds appropriated in a current fiscal period, and continuation of contract into a subsequent fiscal period is subject to appropriation of funds, unless otherwise authorized by law.

originally distributed format/content.

INTERPRETATION, **CLARIFICATIONS** AND **ADDENDA:** No oral interpretations will be made to any vendor as to the meaning of the Bid Contract Documents. Any inquiry or request for interpretation received by the Marion County Procurement Services Department before the date listed herein will be given consideration. All such changes or interpretations will be made in writing in the form of an addendum and, if issued, will be distributed at or after the Pre-Bid Conference, mailed or sent by available or electronic means to all attending prospective Submitters prior to the established Bid opening date. Each Vendor shall acknowledge receipt of such addenda in the space provided. In case any Bidder fails to acknowledge receipt of such addenda or addendum, his bid will nevertheless be construed as though it had been received and acknowledged and the submission of his bid will constitute acknowledgment of the receipt of same. All addenda are a part of the BID FORMS and each Bidder will be bound by such addenda, whether or not received by him. It is the responsibility of each bidder to verify that he has received all addenda issued before bids are opened.

In the case of unit price items, the quantities of work to be done and materials to be furnished under this Bid Contract are to be considered as approximate only and are to be used solely for the comparison of bids received. The COUNTY and/or his CONSULTANT do not expressly or by implication represent that the actual quantities involved will correspond exactly therewith; nor shall the Vendor plead misunderstanding or deception because of such estimate or quantities of work performed or material furnished in accordance with the Specifications and/or Drawings and other bid/proposal Documents, and it is understood that the quantities may be increased or diminished as provided herein without in any way invalidating any of the unit or lump sum prices bid.

3.7 GOVERNING LAWS AND REGULATIONS: The vendor is required to be familiar with and shall be responsible for complying with all federal, state and local laws, ordinances, rules and regulations that in any manner affect the work.

3.8 PROPRIETARY/CONFIDENTIAL INFORMATION:

Vendors are hereby notified that all information submitted as part of, or in support of Bids, will be available for public inspection ten days after opening of the Bids or until a short list is recommended whichever comes first, incompliance with Chapter 119, and 287 of the Florida Statutes. Any person wishing to view the Bids must make an appointment by calling the Marion County Procurement Services Department at (352) 671-8444. All Bids submitted in response to this solicitation become the property of the County. Unless information submitted is proprietary, copy written, trademarked, or patented, the County reserves the right to utilize any or all information, ideas, conceptions, or portions of any Bid, in its best interest.

- **3.9 TAXES**: Marion County Board of County Commissioners, Florida, is exempt from sales and excise taxes imposed by the State and/or Federal Government. Exemption certificates will be provided upon request.
- **3.10 NON-COLLUSION DECLARATION:** By signing this ITB, all Vendors shall affirm that they shall not collude, conspire, connive or agree, directly or indirectly, with any other Bidder, firm, or person to submit a collusive or sham Bid in connection with the work for which their Bid has been submitted; or to refrain from Bidding in connection with such work; or have in any manner, directly or indirectly, sought by person to fix the price or prices in the Bid or of any other Bidder, or to fix any overhead, profit, or cost elements of the Bid price or the Bid price of any other Bidder, or to secure through any collusion, conspiracy, connivance, or unlawful agreement any advantage against any other Bidder, or any person interested in the proposed work.
- **3.11 BIDDER RESPONSIBILITY:** Invitation by the County of Marion to vendors is based on the recipient's specific request and application to DemandStar by Onvia at www.DemandStar.com [(800) 711-1712] or as the result of response by the public to the legal advertisements required by State and County law. Firms or individuals submit their responses on a voluntary basis, and therefore are not entitled to compensation of any kind.
- **3.12 OWNERSHIP OF SUBMITTALS:** All correspondence relating to or in reference to this ITB, and all other documentation submitted by the vendors will become the property of the Marion County Board of County Commissioners. Reference to literature submitted with a previous Bid will not relieve the Bidder from including required documents with this Bid.
- **3.13 EXAMINATION OF BID DOCUMENTS:** Each Bidder shall carefully examine the Bid Document to ensure all pages have been received, all drawings and/or Specifications and other 23Q-141 RFQ | Page 60 of 65

applicable documents are included, and shall inform himself thoroughly regarding any and all conditions and requirements that may in any manner affect cost, progress or performance of the work to be performed under the Contract. Ignorance on the part of the CONTRACTOR will in no way relieve him of the obligations and responsibilities assumed under the Contract.

3.14 VENDOR RESPONSIBILITY: Vendors are fully and completely responsible for the labeling, identification and delivery of their submittals. The Procurement Services Department will not be responsible for any mislabeled or misdirected submissions, nor those handled by delivery persons, couriers, or the U. S. Postal Service.

3.15 LONG TERM CONTRACT AND ECONOMIC CHANGE: During the life of the contract, if circumstances (e.g.: fuel costs) arise beyond the Contractor's control creating a need for a price adjustment, the Contractor may submit a request for such adjustment. Requests may only be submitted once per calendar year and will be considered a temporary adjustment. Temporary shall mean price adjustments are monitored in association with market fluctuations. All price adjustments are subject to Board approval. If approved, price adjustments would only be in effect until reasonable market stability has occurred. At that time, all pricing would revert to original contract pricing.

3.16 MARION COUNTY BOARD OF COUNTY COMMISSIONERS, a political subdivision of the State of Florida, reserves the right to reject any and/or all submittals, reserves the right to waive any informalities or irregularities in the examination process, and reserves the right to award contracts and/or in the best interest of the County. Submittals not meeting stated minimum terms and qualifications may be rejected by the County as non-responsive. The County reserves the right to reject any or all submittals without cause. The County reserves the right to reject the submission of any Vendor in arrears or in default upon any debt or contract to the Board of County Commissioners of Marion County, or who has failed to perform faithfully any previous contract with the County or with other governmental agencies.

3.17 PUBLIC RECORDS LAW: Correspondence, materials and documents received pursuant to this ITB become public records subject to the provisions of Chapter 119, Florida Statutes. SUBMITTALS/PUBLIC DETAIL **OF** RECORDS **EXEMPTION:** §119.07, F.S., the Public Records Law. Florida law provides that municipal records shall at all times be open for personal inspection by any person. Information and materials received by the County in connection with any solicitation response shall be deemed to be public records subject to public inspection upon award, recommendation for award, or thirty (30) days after opening, whichever occurs first. However, certain exemptions to the public records law are statutorily provided for in §119.07, F.S. If the Proposer believes any of the information contained in his or her response is exempt from the Public Records Law, then the Proposer, must in his or her response, specifically identify the material which is deemed to be exempt and cite the legal authority for the exemption. The County's determination of whether an exemption applies shall be final, and the Proposer agrees to defend, indemnify, and hold harmless the County and the County's officers, employees, and agents, against any loss or damages incurred by any person or entity as a result of the County's treatment of records as public records. §286.0113, F.S. Provides that meetings of persons appointed to evaluate bids or proposals and negotiate contracts shall be closed to the public during oral presentations made by a vendor, or where a vendor answers

questions. Neither bidders, nor the public will be permitted to sit in on meetings wherein their competitors are making presentations or discussing their bid or proposal with the committee members. The portions of these meetings are subject to disclosure at the time of an intended award decision or within thirty (30) days of the bid or proposal opening, whichever is earlier.

3.18 VERIFICATION OF TIME: Atomic time is hereby established as the Official Time for Marion County Solicitations. All times stated in solicitation generated by the Marion County Procurement Services Department will refer to atomic time.

3.19 PREPARATION OF BIDS: Signature of the Bidder: The Bidder must sign the BID FORMS in the space provided for the signature. If the Bidder is an individual, the words "doing business as _____," must appear beneath such signature. In the case of a partnership, the signature of at least one of the partners must follow the firm name and the words, "Member of the Firm" should be written beneath such signature. If the Bidder is a corporation, the title of the officer signing the Bid on behalf of the corporation must be stated and evidence of his authority to sign the Bid must be submitted. The Bidder shall state in the BID FORMS the name and address of each person interested therein.

Basis for Bidding: The price bid for each item shall be on a lump sum or unit price basis according to specifications on the BID FORM. The bid prices shall remain unchanged for the duration of the Contract and no claims for cost escalation during the progress of the work will be considered, unless otherwise provided herein. Total Bid Price/Total Contract Sum Bid: If applicable, the total price bid for the work shall be the aggregate of the lump sum prices bid and/or unit prices multiplied by the appropriate estimated quantities for the individual items and shall be stated in figures in the appropriate place on the BID FORM. In the event that there is a discrepancy on the BID FORM due to unit price extensions or additions, the corrected extensions and additions shall be used to determine the project bid amount.

3.20 TABULATION: Those wishing to receive an official tabulation of the results of the opening of this Bid shall request a copy of the tabulation in accordance with public records policy.

3.21 OBLIGATION OF WINNING BIDDER: The contents of the Bid of the successful Bidder will become contractual obligations if acquisition action ensues. Failure of the successful Bidder to accept these obligations in a contract may result in cancellation of the award and such vendor may be removed from future participation.

3.22 AWARD OF BID: It is the County's intent to select a vendor within **sixty (60) calendar days** of the deadline for receipt of Bids. However, Bids must be firm and valid for award for at least **ninety (90) calendar days** after the deadline for receipt of Bids.

3.23 ADDITIONAL REQUIREMENTS: The firms shall furnish such additional information as Marion County may reasonably require. This includes information which indicates financial resources as well as ability to provide the services. The County reserves the right to make investigations of the qualifications of the firm as it deems appropriate.

3.24 PREPARATION COSTS: The County of Marion shall not be obligated or be liable for any costs incurred by Bidders prior to issuance of a contract. All costs to prepare and submit a response to this ITB shall be borne by the Bidder.

3.25 TIMELINESS: All work will commence upon authorization from the County's representative (Marion County Procurement Services Dept). All work will proceed in a timely manner without delays. The Contractor shall commence the work UPON RECEIPT OF NOTICE TO PROCEED and/or ORDER PLACED

(PURCHASE ORDER PRESENTED), and shall deliver in accordance to the terms and conditions outlined and agreed upon herein.

3.26 DELIVERY: All prices shall be FOB Destination, Ocala, Florida, inside delivery unless otherwise specified.

3.27 PLANS, FORMS & SPECIFICATIONS: Bid Packages are available from the Marion County Procurement Services Department. These packages are available for pickup or email at no additional charge. NO BID FORMS will be faxed. If requested to mail, the Bidder must supply a courier account number (UPS, FedEx, etc). Bidders are required to use the official BID FORMS, and all attachments itemized herein, are to be submitted as a single document. BID FORM documents for this project are free of charge and are available on-line and are downloadable (vendor must pay DemandStar fees or shipping), unless otherwise noted.

3.28 MANUFACTURER'S NAME AND APPROVED EQUIVALENTS: Any manufacturer's names, trade names, brand names, information and/or catalog numbers listed in a specification are for information and not intended to limit competition unless otherwise indicated. The Bidder may Bid any brand for which he is an authorized representative, which meets or exceeds the Bid specification for any item(s) and for a Countyapproved equivalent as specified in writing by addendum to the RFQ. Requests for equivalents shall be made prior to the Last Day for Questions, and shall include all materials necessary for the County or Engineer of Record to determine how the equivalent request meets or exceeds the minimum standard or product identified, and not be an exception thereto. Reference to literature submitted with a previous Bid will not satisfy this provision. The County's Procurement Services Department is to be notified, in writing, of any proposed changes in materials used, manufacturing process, or construction. However, changes shall not be binding upon the County unless evidenced by a Change Notice issued and signed by the Procurement Services Director, or designated representative.

3.29 QUANTITIES: Quantities specified in this Bid are estimates only and are not to be construed as guaranteed minimums.

3.30 SAMPLES: Samples of items, when called for, shall be furnished free of expense, and if not destroyed may, upon request, be returned at the Bidder's expense. Each sample shall be labeled with the Bidder's name, manufacturer brand name and number, Bid number and item reference. Samples of successful Bidder's items may remain on file for the term of the contract. Request for return of samples shall be accompanied by instructions which include shipping authorization and must be received at time of opening. Samples not returned may be disposed of by the County within a reasonable time as deemed appropriate.

3.31 PAYMENT TERMS: If payment terms are not indicated, terms of NET 30 DAYS shall be applied by the County. Payment terms to apply after receipt of invoice or final acceptance of the product/service, whichever is later. Payment terms offering less than 20 days for payment will not be considered. However the County has implemented a *Visa* credit card program. As a card-accepting vendor, some of the benefits of the program are: payment received within 72 hours of receipt and acceptance of goods, reduced paperwork, issue receipts instead of generating invoices, resulting in fewer invoice problems, deal directly with the cardholder (in most cases). Vendors accepting payment by the County's p-card (Visa) may not require the County (Cardholder) to pay a separate or additional convenience fee, surcharge or any part of any contemporaneous finance charge in connection with a

Transaction. Merchant shall not process p-card payments until merchandise/service has been received by the County, in good condition

3.32 DRUG FREE WORKPLACE CERTIFICATION: As part of my submittal for this project, and authorization on the Acknowledgement and Acceptance Form, and in accordance with Florida Statute 287.087, the person submitting for this RFQ attests this firm:

- Publishes a written statement notifying the unlawful manufacture, distribution, dispensing, possession or use of a controlled substance is prohibited in the workplace named above, and specifying actions will be taken against violations of such prohibition.
- Informs employees about dangers of drug abuse in the workplace, the firm's policy of maintaining a drug free working environment, and available drug counseling, rehabilitation, and employee assistance programs, and penalties may be imposed upon employees for drug use violations.
- Gives each employee engaged in providing commodities or contractual services under bid or proposal, a copy of the statement specified above.
- Notifies the employees as a condition of working on the commodities or contractual services under bid or proposal, the employee will abide by the terms of the statement and will notify the employer of any conviction or pleas of guilty or nolo contendere to, any violation of Chapter 893, or of any controlled substance law of the State of Florida or the United States, for a violation occurring in the workplace, no later than five (5) days after such conviction, and requires employees to sign copies of such written statement to acknowledge their receipt.
- Imposes a sanction on, or requires the satisfactory participation in, a drug abuse assistance or rehabilitation program, if such is available in the employee's community, by any employee who is so convicted.
- Makes a good faith effort to continue to maintain a drug free workplace through the implementation of the Drug Free Workplace program.

3.33 EMPLOYEE ELIGIBILITY VERIFICATION: County hereby affirms it is duly registered, uses, and adheres to the practices of the E-Verify system, including those outlined in the clauses below. Beginning January 1, 2021, Section 448.095, F.S., requires Firm to register and use the E-Verify system to verify the work authorization status of all newly hired employees and prohibits Firm from entering into this Contract unless it is in compliance therewith. Information provided by Firm is subject to review for the most current version of the State or Federal policies at the time of the award of this Contract.

By previously signing the ITB Acknowledgment and Addenda Certification Form, and this Contract, Firm has agreed to perform in accordance with the requirements of this subsection and agrees:

- (a) It is registered and uses the E-Verify system to verify work authorization status of all newly hired employees.
- (b) County shall immediately terminate Firm if County has a good faith belief that Firm has knowingly violated Section 448.09(1), F.S., that is, that Firm knowingly employed, hired, recruited, or referred either for itself or on behalf of another, private or public employment within the State an alien who is

- not duly authorized to work by the immigration laws or the Attorney General of the United States.
- (c) If Firm enters into a contract with a subcontractor, Firm shall obtain from the subcontractor an affidavit stating that the subcontractor does not employ, contract with, or subcontract with an unauthorized alien.
- (d) Firm shall maintain a copy of such affidavit for the duration of this Contract and provide it to County upon request.
- (e) Firm shall immediately terminate the subcontractor if Firm has a good faith belief that the subcontractor has knowingly violated Section 448.09(1), F.S., as set forth above.
- (f) If County has a good faith belief that Firm's subcontractor has knowingly violated Section 448.09(1), F.S., but that Firm has otherwise complied, County shall promptly order Firm to terminate the subcontractor. Firm agrees that upon such an order, Firm shall immediately terminate the subcontractor. Firm agrees that if it should fail to comply with such an order, County shall immediately terminate Firm.
- (g) If County terminates this Contract with Firm, Firm may not be awarded a public contract for a least one (1) year after the date of termination.
- (h) Firm is liable for any additional costs incurred by County as a result of a termination under this subsection.
- (i) Any such termination under this subsection is not a breach of this Contract and may not be considered as such.
- (j) Firm shall maintain records of its registration, use, and compliance with the provisions of the E-Verify system, including the registration and use by its subcontractors, and to make such records available to County or other authorized governmental entity.
- (k) To comply with the terms of this Employment Eligibility Verification provision is made an express condition of this Contract and County may treat a failure to comply as a material breach of this Contract.
- **3.34 EVALUATION, ACCEPTANCE OR REJECTION OF PROPOSAL:** The County may, at its sole and absolute discretion reject any and all, or part of any and all, responses; re-advertise this RFQ; postpone or cancel at any time this RFQ process; or waive any irregularities in this RFQ or in any responses received as a result of this RFQ. The Marion County Board of County Commissioners may reject a bid based on past performance of Contractor.
- **3.35 OBJECTIVITY:** In order to ensure objective supplier performance and eliminate unfair competitive advantage, suppliers that develop or draft specifications, requirements, statements of work and invitations for bids or requests for proposals are excluded from competing for such procurements.
- 3.36 FOR FEDERAL AND/OR FDOT FUNDING TITLE VI/ NONDISCRIMINATION POLICY STATEMENT APPENDIX A & E: During the performance of this contract, the contractor, for itself, its assignees and successors in interest (hereinafter referred to as the "Contractor") agrees as follows:
- Compliance with Regulations: The Contractor shall comply with the Regulations relative to nondiscrimination in Federally-assisted programs of the U.S. Department of Transportation (hereinafter, "USDOT") Title 49, Code of Federal Regulations, Part 21, as they may be amended from time to time, (hereinafter referred to as the Regulations), which are herein incorporated by reference and made a part of this Agreement.
- **Nondiscrimination:** The Contractor, with regard to the work performed during the contract, shall not discriminate on the basis of race, color, national origin, sex, age, disability,

- religion or family status in the selection and retention of subcontractors, including procurements of materials and leases of equipment. The Contractor shall not participate either directly or indirectly in the discrimination prohibited by section 21.5 of the Regulations, including employment practices when the contract covers a program set forth in Appendix B of the Regulations.
- Solicitations for Subcontractors, including Procurements of Materials and Equipment: In all solicitations made by the Contractor, either by competitive bidding or negotiation for work to be performed under a subcontract, including procurements of materials or leases of equipment; each potential subcontractor or supplier shall be notified by the Contractor of the Contractor's obligations under this contract and the Regulations relative to nondiscrimination on the basis of race, color, national origin, sex, age, disability, religion or family status.
- Information and Reports: The Contractor shall provide all information and reports required by the Regulations or directives issued pursuant thereto, and shall permit access to its books, records, accounts, other sources of information, and its facilities as may be determined by the Florida Department of Transportation, the Federal Highway Administration, Transit Administration, Federal Federal Administration, and/or the Federal Motor Carrier Safety Administration to be pertinent to ascertain compliance with such Regulations, orders and instructions. Where any information required of a Contractor is in the exclusive possession of another who fails or refuses to furnish this information the Contractor shall so certify to the Florida Department of Transportation, the Federal Highway Administration, Federal Transit Administration, Federal Aviation Administration, and/or the Federal Motor Carrier Safety Administration as appropriate, and shall set forth what efforts it has made to obtain the information.
- Sanctions for Noncompliance: In the event of the Contractor's noncompliance with the nondiscrimination provisions of this contract, the *Florida Department of Transportation* shall impose such contract sanctions as it or the *Federal Highway Administration, Federal Transit Administration, Federal Aviation Administration, and/or the Federal Motor Carrier Safety Administration* may determine to be appropriate, including, but not limited to:
 - withholding of payments to the Contractor under the contract until the Contractor complies, and/or
- cancellation, termination or suspension of the contract, in whole or in part.

Compliance with Nondiscrimination Statues and Authorities: Title VI of the Civil Rights Act of 1964 (42 U.S.C. § 2000d et seq., 78 stat. 252), (prohibits discrimination on the basis of race, color, national origin); and 49 CFR Part 21; The Uniform Relocation Assistance and Real Property Acquisition Policies Act of 1970, (42 U.S.C. § 4601), (prohibits unfair treatment of persons displaced or whose property has been acquired because of Federal or Federal-aid programs and projects); Federal-Aid Highway Act of 1973, (23 U.S.C. § 324 et seq.), (prohibits discrimination on the basis of sex); Section 504 of the Rehabilitation Act of 1973, (29 U.S.C. § 794 et seq.), as amended, (prohibits discrimination on the basis of disability); and 49 CFR Part 27; The Age Discrimination Act of 1975, as amended, (42 U.S.C. § 6101 et seq.), (prohibits discrimination on the basis of age); Airport

and Airway Improvement Act of 1982, (49 USC § 471, Section 47123), as amended, (prohibits discrimination based on race, creed, color, national origin, or sex); The Civil Rights Restoration Act of 1987, (PL 100-209), (Broadened the scope, coverage and applicability of Title VI of the Civil Rights Act of 1964, The Age Discrimination Act of 1975 and Section 504 of the Rehabilitation Act of 1973, by expanding the definition of the terms "programs or activities" to include all of the programs or activities of the Federal-aid recipients, subrecipients and contractors, whether such programs or activities are Federally funded or not); Titles II and III of the Americans with Disabilities Act, which prohibit discrimination on the basis of disability in the operation of public entities, public and transportation systems, places private of accommodation, and certain testing entities (42 U.S.C. §§ 12131 -- 12189) as implemented by Department of Transportation regulations at 49 C.F.R. parts 37 and 38; The Federal Aviation Administration's Non-discrimination statute (49 U.S.C. § 47123) (prohibits discrimination on the basis of race, color, national origin, and sex); Executive Order 12898, Federal Actions to Address Environmental Justice in Minority Populations and Low-Income Populations, which ensures nondiscrimination against minority populations by discouraging programs, policies, and activities with disproportionately high and adverse human health or environmental effects on minority and low-income populations; Executive Order 13166, Improving Access to Services for Persons with Limited English Proficiency, and resulting agency guidance, national origin discrimination includes discrimination because of limited English proficiency (LEP). To ensure compliance with Title VI, you must take reasonable steps to ensure that LEP persons have meaningful access to your programs (70 Fed. Reg. at 74087 to 74100); Title IX of the Education Amendments of 1972, as amended, which prohibits you from discriminating because of sex in education programs or activities (20 U.S.C. 1681 et seq).

Incorporation of Provisions: The Contractor shall include the provisions of paragraphs (1) through (7) in every subcontract, including procurements of materials and leases of equipment, unless exempt by the Regulations, or directives issued pursuant thereto. The Contractor shall take such action with respect to any subcontract or procurement as the Florida Department of Transportation, the Federal Highway Administration, Federal Transit Administration, Federal Aviation Administration, and/or the Federal Motor Carrier Safety Administration may direct as a means of enforcing such provisions including sanctions for noncompliance. In the event a Contractor becomes involved in, or is threatened with, litigation with a subcontractor or supplier as a result of such direction, the Contractor may request the Florida Department of Transportation to enter into such litigation to protect the interests of the Florida Department of Transportation, and, in addition, the Contractor may request the United States to enter into such litigation to protect the interests of the United States.

3.37 Contractor Conduct: These Guidelines cover any contractor, business, firm, company or individual (hereinafter "contractor") doing work on Marion County property, as well as the contractor's employees, agents, consultants, and others on County property in connection with the contractor's work or at the contractor's express or implied invitation.

Courtesy and Respect: Marion County is a diverse government institution and it is critical that all contractors and their

employees conduct themselves in a manner that is lawful, courteous, businesslike, and respectful of all staff, guests, or visitors.

Language and Behavior: Contractors and their employees cannot engage in behavior that is rude, threatening, or offensive. Use of profane or insulting language is prohibited. Harassment of any type, including sexual harassment is strictly prohibited. Abusive, derogatory, obscene or improper language, gestures, remarks, whistling, cat calls or other disrespectful behavior cannot be tolerated. Roughhousing, fighting, fisticuffs, physical threats, destruction of property, vandalism, littering, or physical abuse of anyone on County property is not permitted under any circumstance.

No Weapons, Alcohol, or Drugs: The use, possession, distribution, or sale of any weapon, alcohol, illegal drug, or controlled dangerous substance by any contractor or contractor's employee is prohibited. Offenders will be removed from County property and/or reported to law enforcement.

Smoking: Contractors and their employees are not permitted to smoke in or near any of the County buildings.

Fraternization: Contractors and their employees may not fraternize or socialize with County staff.

Appearance: Contractors and their employees are required to wear appropriate work wear, hard hats and safety footwear, as the case may be, while on the job. Articles of clothing must be neat and tidy in appearance, and cannot display offensive or inappropriate language, symbols or graphics. Marion County has the right to decide if such clothing is inappropriate.

Reporting: The Contractor is required to report any matter involving a violation of these rules of conduct to Marion County Procurement. Any matter involving health or safety, including any altercations, should be reported to Marion County Procurement Services immediately.

The Contractor is responsible for his/her employees, agents, consultants and guests. If prohibited conduct does occur, the contractor will takes all necessary steps to stop and prevent any future occurrence. Any breach of these conditions will result in the removal of the person responsible from County property and prohibited actions could result in the immediate termination of any contract or agreement with Marion County.

3.38 Scrutinized Companies, pursuant to Section 287.135, F.S.:

A. Certification.

- 1. If the Agreement is for One Million Dollars or more, Firm certifies that at the time it submitted its bid or proposal for the Agreement or before entering into the Agreement or renewing same, Firm was not then and is not now:
 - a. On the Scrutinized Companies with Activities in Sudan List or the Scrutinized Companies with Activities in the Iran Petroleum Energy Sector List, created pursuant to Section 215.473, F.S., or
 - b. Engaged in business operations in Cuba or Syria.
- 2. If the Agreement is for any amount, Firm certifies that at the time it submitted its bid or proposal for the Agreement or before entering into the Agreement or renewing same, Firm was not then and is not now:
 - a. On the Scrutinized Companies that Boycott Israel List, created pursuant to Section 215.4725, F.S. or
 - b. Engaged in a boycott of Israel.
- **B. Termination, Threshold Amount**. County may, entirely at its option, terminate the Agreement if it is for One Million Dollars and Firm meets any of the following criteria.

- 1. Was entered into or renewed on or after July 1, 2011, through June 30, 2012, and
- 2. Firm is found to have:
 - a. Submitted a false certification as provided under Section 287.135(5), F.S., or
 - b. Been placed on the Scrutinized Companies with Activities in Sudan List or the Scrutinized Companies with Activities in the Iran Petroleum Energy Sector List, created pursuant to Section 215.473, F.S.

OR

- 3. Was entered into or renewed on or after July 1, 2012, through September 30, 2016, and $\frac{1}{2}$
- 4. Firm is found to have:
 - a. Met either prohibition set forth in Section "3(B)(2)" above or
- b. Been engaged in business operations in Cuba or Syria. OR
- 5. Was entered into or renewed on or after October 1, 2016, through June 30, 2018, and
- 6. Firm is found to have:
 - a. Met any prohibition set forth in Section "3(B)(4)" above or

b. Been placed on the Scrutinized Companies that Boycott Israel List, created pursuant to Section 215.4725, F.S. or is engaged in a boycott of Israel.

OR

- 7. Was entered into or renewed on or after July 1, 2018, and
- 8. Firm is found to have met any prohibition set forth in Section "3(B)(4)" above.
- C. **Termination, Any Amount**. County may, entirely at its option, terminate the Agreement if it is for any amount and meets any of the following criteria.
- 1. Was entered into or renewed on or after July 1, 2018, and
- 2. Firm is found to have been placed on the Scrutinized Companies that Boycott Israel List, created pursuant to Section 215.4725, F.S. or is engaged in a boycott of Israel.
 - D. **Comply; Inoperative**. The Parties agree to comply with Section 287.135, F.S., as it may change from time to time during the Term. The contracting prohibitions in this Section become inoperative on the date that Federal law ceases to authorize the State of Florida to adopt and enforce such contracting prohibitions.

RE: Alternate Member to the Florida Metropolitan Planning

Organization Advisory Council (MPOAC)

Summary

Per the request of Chairman Curry, the TPO must fill a vacant Alternate Member seat to the Metropolitan Planning Organization Advisory Council (MPOAC) Governing Board. This seat was previously filled by former Commissioner Jeff Gold.

The MPOAC meets quarterly in the Orlando area. The TPO's current 2023 Governing Board Member is Councilmember Kristen Dreyer, City of Ocala.

The Alternate Member attends MPOAC Governing meetings when the Member is not available. MPOAC Website: https://www.mpoac.org

SunTran Building Renovation

Major scope of work included:

- Remove & replace existing floor and wall finishes
- Remove & replace ceilings in limited locations
- Remove & replace existing cabinets
- Install new cabinets
- Remove & replace existing lights, plumbing fixtures &
 A/C equipment
- Repainting exterior & interior walls and trim
- Install one new interior wall & door
- Reseal & restripe existing vehicular use areas

SunTran Building Renovation

Construction plan completed in 11/2022

Public bid on construction vendors in 01/2023

Construction vendor selected in 02/2023

Construction work started on 06/05/2023

NTP issued by FDOT on 04/05/2023

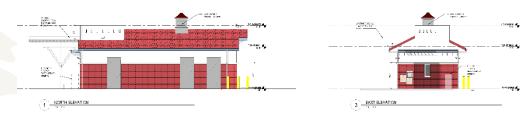

Contract submitted to FDOT for approval in 03/2023

Downtown Transfer Station New Restrooms/ Kiosk

Why the project is selected:

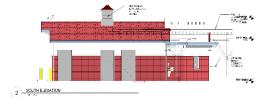

- Historical customer complaints on lack of quality passenger amenities in downtown transfer station, especially a restroom facility.
- Lack of quality amenities for SunTran operators & supervisors who are regularly overseeing the downtown transfer station.
- Lack of a convenient centralized location for passengers to purchase SunTran bus passes.
- Federal and State funding is readily available for this capital project.

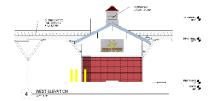

Draft

Downtown Transfer Station New Restrooms/Kiosk

What components will be included in the facility:

- One Male Public Restroom
- One Female Public Restroom
- Two Unisex Staff Restrooms
- Electrical Room
- Storage Room
- Ticketing Booth
- Supporting Amenities

Bus Stop Shelter Improvements

Why the project is selected:

- The project was identified as capital improvement needs in the last TDP Major Update and TPO Long Range Transportation Plan.
- In the 2021 SunTran System Route Redesign Study, "More benches and shelters at bus stops" ranks first among the top three preferred service improvements.
- In 2022 TDP major update on-board survey results, "More benches and shelters at bus stops" ranks third among the top three preferred service improvements.
- Federal and State Funding are readily available for these capital improvements.

Bus Stop Shelter Improvements

Bus Stop Selection Criteria:

- Average Weekday Boardings (stops with top 50 average weekday boardings were selected for further consideration)
- Supervisor & bus operators' screening on preselected stops
- Right-of-Way availability
- Proximity to disadvantaged communities
- Existing supporting infrastructure (e.g., sidewalk, trail)

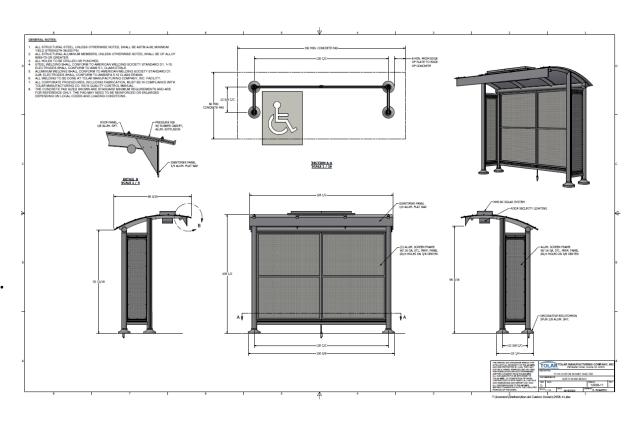

Existing Project Status

- Selected shelters for improvements.
- Site Plan Design completed.
- NEPA documents being prepared.
- Completed Site Plans were sent to FDOT for review.

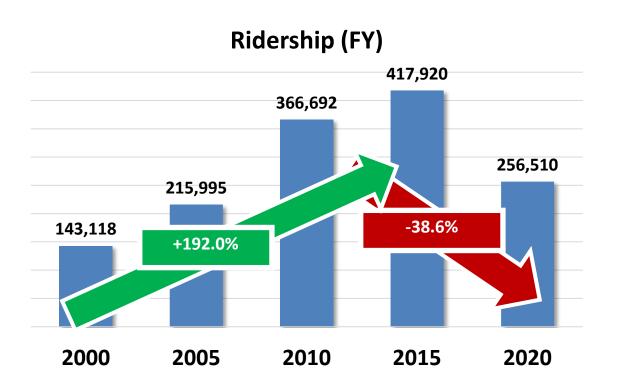

Next Steps

- Finalize and submit NEPA documents.
- Find and select contractor
- Start construction in 2024.

RE: Interlocal Agreement Update, SunTran

Summary

The Interlocal Agreement between the City of Ocala, Marion County and the Ocala Marion County Transportation Planning Organization (TPO) is currently under review. Tye Chighizola, City of Ocala Projects Director, will provide an update to the board. The current agreement expires on September 20, 2023.

June 16, 2023

To: Rob Balmes, TPO Director

From: Tye Chighizola, City Projects Director

RE: SunTran Draft Interlocal Agreement

The Interlocal Agreement between the City of Ocala, Marion County, and the Ocala/Marion County TPO approved in 2019 will expire on September 20, 2023. Since July 1, 2019, the City Council has served as the policy board for SunTran, and the City's Growth Management Department as the administrative agency.

The city is requesting to extend the interlocal agreement for another four years until September 30, 2027. The most significant change in the draft agreement concerns the funding method for the local matches provided by the city and county. In 2019, the city and county agreed to modify the split from 60% city and 40% county to 75% city and 25% county based on service levels. Staff is proposing to eliminate the percentages in the agreement and establish a process to determine the split each year during the budget process for the city and county based on the current service levels.

As indicated in the annual report presentation, SunTran may be providing additional services in the next year, both in the city and county. The proposed process will allow for more involvement by the city and county concerning funding future services. The proposed agreement also includes language that would allow for an amendment to the agreement to include other local governments participating in future funding based on service levels.

The fiscal year 2024 budget will continue with the 75/25% split (city \$414,000 and county 138,000) under the current agreement. If approved, the city and county will adopt budget resolutions in March of 2024 that will set the percentages for fiscal year 2025. Staff is proposing public hearings with the city, county, and TPO in July and August to finalize the interlocal agreement.

I will be making the presentation to the TPO Board and be available to answer any specific questions or concerns. If you have any questions, please contact me at tchighizola@ocalafl.org or (352) 401-3992.

AMENDED INTERLOCAL AGREEMENT CONCERNING THE PUBLIC TRANSPORTATION SYSTEM

THIS INTERLOCAL AGREEMENT is made and entered into this day of
, 2019 2023, by and between the CITY OF OCALA, a Florida municipal corporation
("CITY"), MARION COUNTY, a political subdivision of the State of Florida ("COUNTY), and the
Ocala/Marion County Transportation Planning Organization, a public entity created by Interlocal
Agreement and pursuant to Section 163.01, Florida Statutes ("TPO").

WHEREAS, the provision of adequate and effective public transportation services is an existing and growing problem in Marion County; and

WHEREAS, the public transportation system, known as "SunTran," began operation on December 15, 1998, and has continued to provide the community with public transportation service; and

WHEREAS, CITY and COUNTY are authorized by Section 163.01, Florida Statues, to enter into Interlocal Agreements to make the most efficient use of their powers by cooperating with each other on a basis of mutual advantage and thereby to provide services and facilities in a manner that will accord best with geographic, economic, population and other factors influencing the needs and development of the local community.

WHEREAS, CITY and COUNTY have entered into that certain Interlocal Agreement and desire to enter into the following agreement to clarify the respective rights and responsibilities concerning the operation of SunTran for the benefit of their respective constituents.

NOW, THEREFORE, for and in consideration of the mutual terms, covenants, and conditions to be complied with on the part of the respective parties hereto, it is agreed as follows:

 PURPOSE OF THIS AGREEMENT. The purpose of this Agreement is to provide for public transportation services within the area of Marion County designated in the Transit Development Plan, as modified or amended, and to state the terms and conditions upon which cooperative funding shall be provided and an understanding between the Parties as to the manner in which the services will be provided. The Agreement may be modified to include any other local governments within Marion County where public transit service may be provided.

- 2. ESTABLISHMENT OF POLICY BOARD. The City of Ocala City Council shall serve as the policy board for the public transportation system. The CITY shall be responsible for the establishment of all fares, service standards, rules, and regulations of the public transportation system. The CITY shall provide to the Ocala / Marion County TPO for their information and feedback an annual report in June of each year, which will include policies, strategies, ridership, operations, routes, coordination procedures, financial data, and other information pertinent to the public transportation system for the upcoming fiscal year.
- 3. **ESTABLISHMENT OF ADMINISTRATIVE AGENCY.** The CITY shall serve as the administrative agency for the public transportation system. The CITY shall provide public transportation for the general public by the operation of revenue vehicles over designated routes on a fixed schedule or designated areas as defined in the Transit Development Plan. CITY staff shall be responsible for the day-to-day administration and oversight to of the service.
- 4. CONTRACTUAL AUTHORITY FOR THE ADMINISTRATIVE AGENCY. The CITY, as administrator of the system, the system administrator shall be authorized to apply for and receive grants-in-aid or other assistance from the Federal Government and/or the State of Florida. Said grants or other assistance shall be used to carry out the purposes of this Interlocal Agreement. The CITY shall also receive any funds provided by local entities for the financial support of the public transit system as described in this Interlocal Agreement. The CITY is also authorized to enter into a management, operation, and maintenance contract with a private company to oversee the day-to-day operations of the public transportation system.
- 5. CAPITAL AND OPERATIONAL CONTRIBUTIONS. The CITY shall be authorized to acquire the physical equipment, motor vehicles, equipment, and facilities (i.e., buses, signage, bus stop furnishing, etc.) required to operate a public transportation system. The CITY shall be the legal

entity responsible for the operation and management of the public transportation system. The financial support for the purposes set forth in this Interlocal Agreement shall be borne by each of the Parties as follows: the CITY shall pay seventy five percent (75%) and the COUNTY shall provide twenty five percent (25%) of any local monies required for any grant related to capital and operation of the public transportation system, subject to annual appropriation, determined each year as a percentage of the number of operating hours SunTran spends in either the CITY or COUNTY. The percentages between the CITY and COUNTY may vary from year to year based on service changes identified in the current Transit Development Plan (TDP). By March 1 of each year, the CITY shall present the project budget percentages to the TPO. By no later than March 30 each year, the percentages between the CITY and COUNTY shall be established by the adoption of a budget resolution by both the CITY and COUNTY. The adoption of the resolutions by the CITY and COUNTY shall serve as the formal local match request for the upcoming budgets. Local monies are defined as those necessary to match any State program (Block Grant, TRIP, CIGP, or other programs that may be established) or Federal program (Section 5305(d), 5307, 5309, or other programs that may be established). In addition, other necessary funds, capital or operating, not covered by any grant program or other financial assistance shall be the responsibility of the CITY and COUNTY in the same proportion process as described above. The CITY shall, by March 30th of each year, submit to the COUNTY a request for the local County match for the upcoming budget year to be included in the COUNTY's proposed budget. The breakdown of the percentages listed above is based on the number of hours the public transportation provider spends in either the CITY or COUNTY. Currently, the percentage of hours spent in the CITY equates to seventy five (75) percent, whereas the percentage of hours spent in the COUNTY equates to twenty five (25) percent. The funds for capital and operating costs shall be provided by the Parties to this Interlocal Agreement to the CITY on a quarterly basis, as invoiced by the CITY, and shall reviewed be reviewed on an annual basis or as needed. All revenues derived from the operation of the transit system, including advertisement, shall be utilized to reduce the operating costs of the

system's operating costs.

- 6. TERM AND RENEWAL OF INTERLOCAL AGREEMENT. The term of this Interlocal Agreement shall begin on July 1 September 21, 201923, and end on September 2030, 202327.

 Before this Interlocal Agreement expires, the Ocala / Marion County TPO shall review the terms and conditions Prior to the expiration of this Interlocal Agreement, the terms and conditions shall be reviewed by the Ocala / Marion County TPO to discuss amendment or renewal.
- 7. **TERMINATION.** Either party may terminate this Interlocal Agreement by providing written notice of intent to terminate to the other party and the TPO at least ninety (90) days prior to the then current fiscal year; provided, that financial commitments made prior to termination are effective and binding for their full term and amount regardless of termination. In case of termination

by either party, the <u>transit system's administration</u>, and the policy board's authority administration of the transit system and authority of the policy board shall revert back to the TPO Governing Board. The effective date of any termination shall be the end of the <u>then currentthen-current</u> fiscal year, unless both parties agree to an alternative date of termination.

- 8. TRANSFER OR DISPOSITION OF PROPERTY. In the event of a transfer of administrative agency duties to another entity or agency, all property acquired pursuant to this Interlocal Agreement will transfer to the newly designated administrative agency. In the event of termination of the public transportation system, the disposition or distribution of any properties or monies acquired under the operation of this Agreement shall be on a proportionate rate basis, with the appropriate share to the Parties hereto being in direct proportion to each Party's contribution after required reimbursements to federal and/or state sources.
- AMENDMENT OF AGREEMENT. Amendments or modifications of this Agreement may only
 be made by written agreement signed by all parties hereto with the same formalities as the original
 Agreement.
- 10. <u>AGREEMENT EXECUTION</u>; <u>COUNTERPARTS</u>. This Agreement, and any amendments hereto, may be simultaneously executed in several counterparts, each of which so executed shall be deemed to be original, and such counterparts together shall constitute one and the same instrument.
- 11. **EFFECTIVE DATE**. This Agreement shall become effective upon execution by all parties and filing with the Marion County Clerk of Court.
- 12. <u>PARTIES NOT OBLIGATED TO THIRD PARTIES</u>. No party hereto shall be obligated or be liable hereunder to any party not a signatory to this Agreement. There are no express or intended third-party beneficiaries to of this Agreement.

INTENTIONAL PAGE BREAK – SIGNATURES FOLLOW

RE: Apportionment Plan Process

Summary

On May 16, 2023, the Florida Department of Transportation (FDOT) sent a notice to all MPO/TPO's in Florida beginning the decennial Apportionment Plan and Urban Area Boundary/Functional Classification process. All MPO/TPO's are required to submit an Apportionment Plan to FDOT by November 14, 2023 (180 days).

Federal law enables state and local governments to largely determine the composition of an MPO/TPO [23 U.S.C. 134(d), 23 C.F.R. 450.310]. Florida Statute refers to this process as "Apportionment". The Governor officially apportions the membership of the MPO/TPO in agreement with the affected local governments [F.S. 339.175(4)(a)].

Apportionment Plan

Every MPO/TPO reviews the composition of its membership in conjunction with the decennial census. MPO/TPO's must then submit a Membership Apportionment Plan that meets the requirements of both federal law and state statute.

Apportionment Plans are required at a minimum to contain a profile of the MPO/TPO, including the following:

- Census population (2020, 2010) of MPO planning area
- Current and proposed membership
- Planning area boundary map
- Board resolution for plan adoption

Proposed 2023 TPO Apportionment Plan Schedule

Draft Apportionment Plan for Review (with proposed planning area)

Multiple MPOs in One Urban Area	
Federal and State Requirements for MPO Membership	
Resources	

Introduction

After each decennial census, metropolitan planning organizations (MPOs) must review the composition of their membership and metropolitan planning area (MPA) boundaries and submit an Apportionment Plan that meets the requirements of <u>s.339.175(3)</u>, <u>FS</u>, <u>s.339.175(4)</u>, <u>FS</u>, and <u>23 CFR 450.310</u>. Apportionment Plans must include the following:

- 2010 and 2020 Census population in the MPO area
- Current MPO membership (local governments and agencies)
- Proposed MPO membership (local governments and agencies)
- The methodology used to determine the proposed changes if there are proposed changes
- MPA boundary map
- MPO Board resolution adopting the Apportionment Plan

The Florida Department of Transportation's (FDOT)
Transportation Data and Analytics (TDA) Office prepared the 2020 US Census urban area population data by county for the MPOs to aid in preparing Apportionment Plans. Look for the 2020 Census by County button on the <u>Urban Area</u>
Boundary and Functional Classification Data Hub.

FDOT's Office of Policy Planning (OPP) also prepared an Apportionment Plan template that accompanies this guidance. The template includes recommended language, tables, and a sample MPO Board resolution.

This guidance describes the following:

- Apportionment Plan Schedule
- Types of Changes to Membership and Boundaries
- Apportionment Plan Contents
- MPA Boundary Maps
- Options for When an Urban Area Crosses into Multiple MPOs
- Federal and State Requirements for MPO Membership

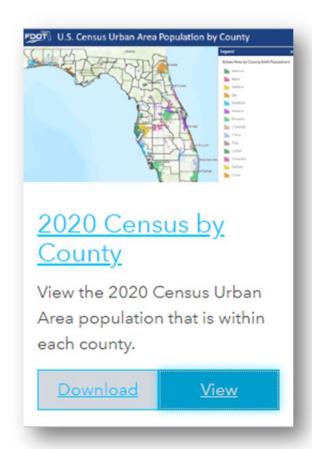

Figure 1. 2020 Census by County button on the Urban Area and Functional Classification Data Hub

Apportionment Plan Schedule

The Apportionment Plan process began on **May 16**, **2023**. Therefore, MPOs have 180 days from **May 16**, **2023**, to submit their Apportionment Plans to FDOT's Office of Policy Planning MPO Statewide Coordinator and District Planning Manager or designee (*MPO Program Management Handbook*, sections 2.5 and 2.10). Based on this requirement, all MPOs must submit their Apportionment Plans **by November 14**, **2023**.

FDOT has 30 days to review the plans, then 30 days to provide a recommendation to the Governor's Office. The Governor's approval of the Apportionment Plan constitutes the official designation of the MPO. If there are substantial changes to the MPO, the MPO and member local governments will need to amend or execute a new Interlocal Agreement and Interstate Compact (if applicable) following designation by the Governor.

Figure 2. Apportionment Plan Schedule

Types of Changes to MPO Membership or Boundaries

The MPO may change its voting membership or boundaries based on results of the 2020 Census. Changes can be categorized as follows:

Figure 2. Categories of Changes to the MPO

Anything that <u>does not</u> rise to a substantial change is considered minor. The following scenarios are considered substantial changes:

- Substantial changes that do not require redesignation include:
 - Expanding into a new county/state/city
 - o Expanding to add a new urban area with over 50,000 people
- Substantial changes that require redesignation¹ include:
 - o A major change in voting membership
 - A major change in the decision-making authority or responsibility of the MPO

The following changes to an MPO do not require a redesignation if the changes do not trigger a substantial change as described in 23 CFR 450.310(j):

- Adding a new urban area within the existing MPA
- Adding members to the MPO that represent new local governments resulting from expanding the MPA
- Adding members to satisfy TMA membership requirements described in 23 CFR 450.310(d)
- The periodic rotation of members representing local governments as established under MPO bylaws [23 CFR 450.310(I)]

¹ [23 CFR 450.310(i)]

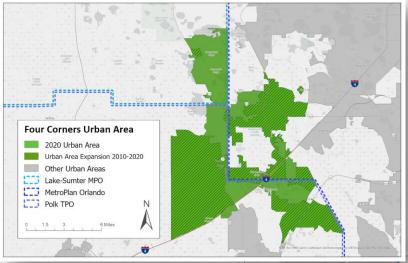

Minor/No Changes Example

Background: A multi-county MPO has two new urban areas with over 50,000 in population that were previously urban clusters. These urban areas extend into other MPOs. One urban area is in three MPOs and four counties. The other urban area is in two MPOs and two counties.

Potential Approaches: The MPO may adjust its boundaries to include all of the urban areas <u>or</u> choose to establish how the MPOs will coordinate planning efforts and identify transportation planning responsibilities. This topic is discussed in detail in the Multiple MPOs in One Urban Area section.

Potential Outcomes: The MPO may determine that the current voting structure is equitable based on the geographic distribution of the population or that slight adjustments in the voting structure are necessary. Therefore, this example would fall within the category of minor changes.

Substantial Change No Redesignation Example

Background: There are two adjacent urban areas. One urban area is within the MPO, and the other urban area is not within the MPO.

Potential Approaches: The MPO may expand its boundaries to encompass a new urban area.

Potential Outcomes: The MPO would encompass new cities and may determine that slight adjustments in the voting structure are necessary. The MPO must amend its agreements to reflect changes to membership. Therefore, this example would fall within the category of substantial changes, but <u>no</u> redesignation. This example would also require updating the Interstate Compact since the additional membership changes are across state lines.

Substantial Change Redesignation Example

Background: Three MPOs serve one urban area with a population greater than 200,000 people.

Potential Approaches: The MPOs may coordinate planning efforts and responsibilities <u>or</u> choose to consolidate into a single MPO.

Potential Outcomes: Consolidating multiple existing MPOs into a single MPO is an example of a substantial change to the proportion of voting members <u>and</u> the responsibility of the MPO, which would require redesignation. An MPO is redesignated by agreement between the Governor and local governments that together represent at least 75% of the existing planning area population, including the largest incorporated city based on population as named by the Census. The designation of an MPO shall remain in effect until the MPO is redesignated. [23 USC 134(d)(5)]

Apportionment Plan Contents

Apportionment Plans must include the following information:

- 2010 and 2020 Census population in the MPO area
- Current MPO membership (local governments and agencies)
- Proposed MPO membership (local governments and agencies)
- The methodology used to determine the proposed changes if there are proposed changes
- MPA boundary map
- MPO Board resolution adopting the Apportionment Plan

If there are substantial changes to the MPO membership and MPA boundaries, the MPO must update the following agreements to be consistent with the Apportionment Plan <u>after</u> the Governor approves the plan.

- Interlocal Agreement for the Creation of the MPO
- Interstate Compact (only applies to the FL-AL TPO)

If the substantial changes <u>require redesignation</u>, the MPO must prepare the following agreements after the Governor approves the Apportionment Plan.

- Interlocal Agreement for the Creation of the MPO
- Intergovernmental Coordination and Review and Public Transportation Collaborative Planning Agreement (ICAR)
- MPO Agreement (with UPWP)
- Interstate Compact (only applies to the FL-AL TPO)

Figure 3. Requirements for Apportionment Plans

Metropolitan Planning Area Boundary Map

The Federal requirements for establishing and adjusting MPA boundaries are in 23 CFR 450.312.

- The MPA boundaries must encompass the existing urban area plus the contiguous area expected to become urban within a 20-year forecast period.
- MPA boundaries must not overlap with each other.
- Where part of an urban area that one MPO serves extends into an adjacent MPA, the MPOs must establish written agreements that clearly identify areas of coordination and the division of transportation planning responsibilities among and between the MPOs.
- MPA boundary maps should be developed at a scale that best meets the needs of the urban area and clearly show the date of the map, scale bar, north arrow, waterways, major routes, transit, intermodal facilities, airports, and names of urban areas.

Multiple MPOs in One Urban Area

There are cases where the 2020 Census-designated urban areas cross into another MPA that previously did not cross MPA boundaries. For example, the Bradenton-Sarasota-Venice urban area now crosses into the Lee County MPO (shown on the map).

Suppose more than one MPO is designated to serve an urban area. In that case, there must be a written agreement between the MPOs, the state(s), and the public transportation operator(s) that describes how the metropolitan transportation planning processes will be coordinated to ensure the development of consistent plans across

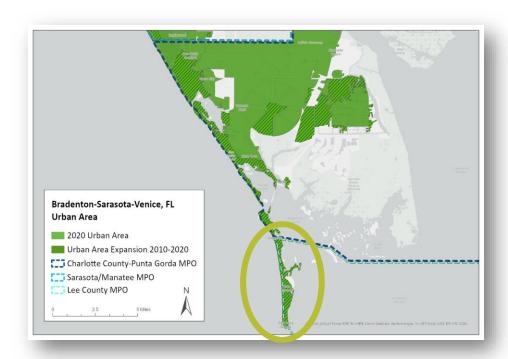

Figure 4. Example of a 2020 urban area that is in three MPOs when the urban area was previously in two MPOs.

the MPA boundaries, particularly in cases in which a proposed transportation investment extends across the boundaries of more than one MPA. The planning processes must reflect coordinated data collection, analysis, and planning assumptions across MPAs. Alternatively, a single LRTP or TIP for the entire area may be developed jointly by the MPOs. Coordination efforts and outcomes must be documented in submittals of the UPWP, the LRTP, and the TIP to the state(s), the FHWA, and the FTA.

Federal and State Requirements for MPO Membership

Designation and Representation (23 CFR 450.310)

- The units of general purpose local government that comprise the MPO should represent at least 75 percent of the affected population in the planning area, including the largest incorporated city based on population
- For MPOs with a Transportation Management Area (TMA)
 - A representative of a provider of public transportation may also serve as a representative of a local municipality
 - o Officials of public agencies that administer or operate major modes of transportation in the metropolitan area must have voting rights commensurate with other officials

Voting Membership (s.339.175(3)(a), s.FS, 339.175(3)(b), FS, and s.339.176, FS)

- Voting membership should consist of 5-25 members, the exact number determined based on an equitable geographic-population ratio basis
- Voting members must be elected officials of local governments and may also include a member of a statutorily authorized planning board, an official of an agency that operates/administers a major mode of transportation, or an official of Space Florida
- MPO members that represent municipalities may alternate with other representatives from other municipalities within the MPA that do not have members on the MPO
- County commissioners must compose one-third of the MPO governing board, except when all the county commissioners in a single county MPO are on the governing board
 - o Multicounty MPOs can satisfy this requirement with any combination of county commissioners from each of the counties
- County commissioners must compose no less than 20 percent of the MPO membership if an official
 of an agency that operates or administers a major mode of transportation has been appointed to an
 MPO
- Agencies created by law to perform transportation functions that are not under the jurisdiction of a local government represented on an MPO may be given voting membership
 - O When elected officials represent transportation agencies/authorities, the MPO must establish a process to convey the collective interests
- The voting membership of an MPO whose geographical boundaries include a county as defined in <u>s</u>.
 125.011(1) must include an additional voting member appointed by the city's governing board for each city with a population of 50,000 or more residents

Resources

The following resources are available to MPOs to aid in preparing Apportionment Plans.

- 2020 UABFC Data Hub
- MPO Program Management Handbook
- 23 CFR Part 450
- Florida Statutes 339.175
- <u>23 USC 134</u>

Ocala/Marion County Project Status Update as of May 31, 2023

The following is a brief status update on major FDOT road construction projects in Marion County as of the May cutoff. The next cutoff date is June 30, 2023. Information is also available on www.cflroads.com. For questions, please contact Melissa S. McKinney at 386-943-5077 or via email at melissa.mckinney@dot.state.fl.us.

MARION COUNTY

Upcoming Projects:

U.S. 27/ U.S. 441 at C.R. 42 Intersection Improvements (FDOT Financial Information Number 445688-1)

Contract: T5774

Contractor: Traffic Control Devices
 Estimated Start Date: Summer 2023
 Estimated Completion Date: Fall 2023
 Construction Cost: \$ 663 Thousand

• Description: The purpose of this project is to provide intersection improvements to enhance safety and operations on U.S. 441/U.S. 27 at County Road (C.R.) 42. The project plans to reconstruct the existing traffic signal, including new signal poles. Pavement markings and signage will be updated as needed.

S.R. 464 from U.S. 301/U.S. 27 to S.R. 35 Resurfacing (FDOT Financial Information Number 441141-1)

• Contract: T5782

• Contractor: Anderson Columbia Co., Inc.

Estimated Start: Summer 2023
Estimated Completion: Late 2024
Construction Cost: \$22.3 Million

• Description: The Florida Department of Transportation (FDOT) is designing improvements along State Road (S.R. 464) from east of U.S. 301/U.S. 27 to S.R. 35. The purpose of the project is to extend the life of the existing roadway by repaving this segment of S.R. 464. Various operational and safety enhancements are also planned, including restriping a portion of the corridor to provide bicycle lanes, reconstructing pedestrian curb ramps and constructing new sidewalk to fill gaps, and realigning crosswalks at the signalized intersections to enhance pedestrian safety. Traffic signal adjustments and drainage upgrades are also included.

Current Projects:

S.E. Abshier Blvd from S.E. Hames Rd Intersection Construction (FDOT Financial Information Number 445701-1)

• Contract: T5768

• Contractor: CW Roberts

Construction Cost: \$1.8 million
Estimated Start: Spring 2023

• Estimated Completion: Early 2024

- Description: This project will construct improvements at the intersection of SE Abshier Boulevard (U.S. 27/U.S. 301/U.S. 441) and SE Hames Road to enhance safety and operations for drivers, pedestrians, and bicyclists. The project proposes to create left turn lanes in each direction on SE Abshier Boulevard west of Hames Road with a raised concrete traffic separator in the middle.
- Update: This project started work on May 1,2023 with phase 2-A. On the morning of May 17, the free flow right turn lane from westbound SE Hames Road to northbound SE Abshier will be permanently closed. This closure will allow the contractor to work on storm drainage operations and intersection improvements replacing the free flow right turn lane with a new right turn lane that will be controlled by the traffic signal. This closure is to remain into effect until the project is completed in fall 2023. Currently the contractor is using nighttime lane closures, Sunday through Saturday from 7 p.m. to 7 a.m. for widening operations.

U.S. 441 and S.R. 40 Intersection Improvements (FDOT Financial Information Numbers 433661-1)

• Contract: T5747

Contractor: CW Roberts Contracting Inc.

• Start: April 4, 2023

Estimated Completion: Early 2024

- Description: The project includes milling and resurfacing, median modifications, turn lane modifications, curb & gutter, drainage improvements, sidewalk, ADA improvements, traffic signal upgrades, signing and pavement markings, and utility relocations.
- Update: Currently the contractor is working on drainage and sidewalk operations. They
 have set up temporary MOT signage on US 441 and SR 40. Soft digs for drill shaft
 locations continue to take place.

S.R.40 and S.R. 492 Intersection Improvements (FDOT Financial Information Number 445800-1)

• Contract: T5747

Contractor CW Roberts Contracting Inc.

• Start: April 4, 2023

• Estimated Completion: Early 2024

• Construction Cost: \$6.7 million

- Description: This project includes replacing the existing two free flow right
- turn lanes with a single right turn lane, milling and resurfacing, upgrade the existing signals, adding a new 7-ft buffered bicycle lane, crosswalks, utility relocation and lighting.
- Update: Pedestrian detour was implemented. Active work includes clearing, grubbing and soft digs for drilled shaft locations.

U.S. 41 N S Williams St. from Brittan Alexander Bridge to River Rd. (FDOT Financial Information Number 445687-1)

• Contract: T5755

Contractor: Ranger ConstructionConstruction Cost: \$1.1 Million

• Start: March 6, 2023

Estimated Completion: Summer 2023

- Description: The purpose of the project is to signalize the pedestrian crossing on U.S. 41
 (S. Williams Street) between Brittan Alexander Bridge and River Road, near Dunnellon
 City Hall. This will enhance pedestrian safety by installing a Midblock Pedestrian Signal
 (MPS) to replace the existing pedestrian crossing at this location.
- Update: Contractor continues with signal work and with sidewalk, driveway, and pedestrian ramps construction.

S.R. 40/Silver Spring Blvd. from N.W. 27TH Ave. TO S.W. 7th Ave. Sidewalk Improvements (FDOT Financial Information Number 437596-2)

• Contract: T5765

Contractor: Mejia International GroupConstruction Cost: \$780 Thousand

• Start: February 12, 2023

• Estimated Completion: Fall 2023

- Description: The intent of this project is to remove the existing 4.5-foot concrete path on the north side of the road and replace it with an 8- foot concrete sidewalk. The new 8-foot sidewalk will meet FDOT and ADA requirements.
- Update: Contractor continues sidewalk replacement work. Motorists should expect nighttime lane closures within the project limits.

C.R. 484 and I-75 Interchange Roadway Improvements (FDOT Financial Information Numbers 443170-1 & 433651-1)

• Contract: T5597

Contractor: Anderson Columbia Co., Inc.

• Start: January 4, 2023

• Estimated Completion: Summer 2024

- Description: The Florida Department of Transportation (FDOT) will be improving safety and traffic flow on County Road (C.R.) 484 from west of S.W. 20th Avenue to east of County Road (C.R.) 475A and will also be resurfacing I-75 from the Sumter County line to State Road (S.R.) 200 in Marion County.
- Update: Contractor built temporary off-ramp from 1-75 southbound on C.R. 484.
 Westbound traffic was shifted to the median. The contractor continues to work on lighting
 and signal conduits. Work has been resumed on NB I- 75 pier protection barrier under
 S.W. 66th Street bridge. The contractor is also working on drainage operations on CR
 484. Motorists should continue to expect lane closures and traffic shifts as needed within
 the project limits.

Mill and resurface U.S. 441 from County Road 25A in Ocala north 8.8 miles to the U.S. 441/301 split. (FDOT Financial Information Number 441136-1)

• Contract: T5705

• Contractor: Anderson Columbia Inc.

Construction cost: \$15.4 million

• Start: October 26, 2021

• Estimated Completion: Summer 2024

- Description: The Florida Department of Transportation (FDOT) will be resurfacing U.S. 441 from Northwest 20th Street in Ocala to the U.S. 441/301 split in Sparr. In addition to resurfacing, the project will make safety improvements to medians along this approximately 8-mile stretch of roadway by converting full median openings to bi-directional medians in some locations and closing median openings in other locations. These improvements will help reduce the number of points where motorists come into conflict, which increases safety and helps to enhance traffic flow in the area. The project will also change the configuration of the road at the U.S. 441/301 split. At completion, vehicles in both lanes of northbound U.S. 441 will be able to turn right onto U.S. 301, while only vehicles in the left (inside) lane of U.S. 441 will be able to continue north toward Gainesville. This change is being made to alleviate intermittent backups that occur as traffic stacks in the left lane waiting to turn onto U.S. 301.
- Update: Contractor is continuing paving friction course 5 and installing permanent signage. Signalization improvements are almost complete. All bi-directional medians and turn lanes have been completed.

Resurface U.S. 441 from State Road 35 (SE Baseline Road) to State Road 200 (FDOT Financial Information Number 439238-1)

• Contract: T5675

Contractor: C.W. Roberts Contracting, Inc.

• Construction cost: \$15.7 million

Start: January 11, 2021

• Estimated Completion: Summer 2023

- Description: The purpose of this project is to resurface U.S. 441 from State Road (S.R.) 35 (Baseline Road) to S.R. 200 (SW 10th Street). Additional improvements include modifications to extend left and right turn lanes at various locations, remove some of the existing on street parking, provide bicycle facilities within the right of way where possible, update and provide pedestrian features to meet current standards, and make other drainage and safety improvements, as needed. These improvements also include an almost half-mile portion of U.S. 27/U.S. 441 (SE Abshier Boulevard) east of County Road 484 (SE Hames Road).
- Update: Contractor is working on lighting, signalization, and asphalt corrections as needed. Motorists should expect nighttime lane closures within the project limits.

S.R 93 (I-75) Mainline Wildwood Weigh Station Improvements (FDOT Financial Information Number 445321-1)

• Contract: T9028

Contractor: Traffic Management Solutions

Construction Cost: \$4.5 millionStart: November 28, 2022

Estimated Completion: Fall 2023

- Description: The purpose of this project is to construct a Virtual Weigh-In-Motion System for the Wildwood Weigh Station on I-75. Electronic weigh sensors will be installed along 3 miles of the roadway and digital message boards will be added to direct traffic towards the station.
- Updates: Contractors are installing pull boxes, mast arms, conduits.

RE: 2023 Traffic Counts Report

Summary

The TPO recently published the 2023 Traffic Counts Report and Online Map. The report is a compilation of traffic counts taken and administered by professionals at Marion County, City of Ocala and the Florida Department of Transportation (FDOT).

The 2023 Report is attached with this memo, and may also be found on the TPO website: https://ocalamariontpo.org/transportation-statistics

The Online Map may be found at:

https://marioncountyfl.maps.arcgis.com/apps/webappviewer/index.html?id=684f763711d7 42f893a1271ab346c28c

INTRODUCTION

The Ocala Marion Transportation Planning Organization (TPO) has published the 2023 Traffic Counts Report to provide the public with a summary of traffic volumes on major roadways in Marion County. Traffic counts in this report were recorded over a five-year period from 2018 to 2022. Each count also indicates the agency that collected the count, the span of time over which the count was taken and the average annual percent change. Counts are listed in alphabetical order by roadway in the report tables.

A traffic count indicates the number of vehicles that pass over a point on a particular section of road. Traffic counts taken at the same location over multiple years help provide a better understanding as to how the volume of traffic is changing along a particular roadway. This information may also help determine where future improvements to the transportation system are needed. Additionally, this data informs land-use development, transportation decision-making and the TPO's Congestion Management Process (CMP).

Traffic Counts Online Map

The traffic counts may also be accessed online at the **TPO's Interactive Traffic Count Map**: https://marioncountyfl.maps.arcgis.com/apps/webappviewer/index.html?id=684f763711d742f893a1271ab346c28c

The online interactive map provides the locations of all traffic counts in this report, including a five-year history and average annual percentage change.

DATA SOURCES

The 2023 Traffic Count Report contains traffic counts for locations in the cities of Belleview, Dunnellon, Ocala and the unincorporated areas of Marion County. All traffic counts have been collected by one of three sources: City of Ocala, Marion County or the Florida Department of Transportation (FDOT). Counts collected by Marion County are raw count data. Counts by the City of Ocala are a combination of raw and adjusted

counts. Data collected by FDOT are all adjusted using seasonal and axle factors, resulting in Annual Average Daily Traffic (AADT) volumes. Seasonal factors are used to adjust data so that counts taken at different times of the year can be compared accurately. Axle factors are used to adjust axle counts into vehicle counts. Please note that all traffic counts in this report were rounded to the nearest 100.

Count Station Types

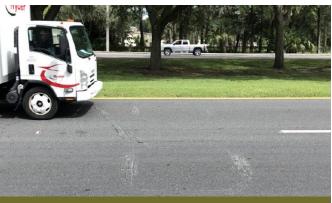

There are two main types of count station facilities that are used to record traffic volumes: 'Temporary' stations and 'Permanent' stations.

Temporary Stations

The majority of all count stations in Marion County are temporary count stations. These sites feature a portable count computer and pneumatic tubes that are taped across the roadway. When driven over, a burst of air pressure is sent through the tube to the counter. For each vehicle that passes over the tubes, the counter records the time of occurrence.

Permanent Stations

Permanent count station are sites that feature infrastructure that has been installed into the roadway surface. 'Loops' replace the use of pneumatic tubes used in temporary stations. These subsurface loops are fixed and can be connected to a portable count computer or a permanent cabinet. These stations allow for basic counts, and the capability to determine vehicle class and speed.

EXAMPLE TRAFFIC COUNT TABLE

1

2

3

Location	Source	Count Type	2018	2019	2020	2021	2022	Ave Annual Growth Rate (%)
			CR 47	5A				
N of SW 66th Street	MC	3	12,500	12,400	12,200	13,600	13,700	2.4%
S of SW 66th Street	MC	3	9,800	9,500	7,200	10,300	10,200	3.7%
West of CR 475B	MC	3	5,700	6,100	6,800	6,800	7,100	5.7%

Source: Agency responsible for collecting the traffic count.

FDOT – Florida Department of Transportation

MC - Marion County

OCA – City of Ocala

Count Type: Span of time when the count was taken.

- 1 = **Monthly Count:** A series of 24-hour counts taken on a Tuesday, Wednesday or Thursday once per month for a year.
 - 2 = **Annual Three-Day Count:** The average of three 24-hour counts.
 - 3 = **One/Two-Day Count:** A single 24 to 48-hour count, taken Monday through Thursday.
 - 4 = Average Annual Daily Traffic (AADT): FDOT AADT volumes published annually.
 - T = **Telemetered:** Permanent FDOT continuous traffic count location. There are currently five in Marion County.

Traffic Count: Numbers are rounded to the nearest 100.

'NC' is indicated when there is no traffic count available due to a reporting error, the count is being phased out, or there was construction or maintenance that interfered with the counting process.

Average Annual Growth Rate (Percent):

The growth rate is derived by calculating the sum of the average annual growth rates over the five-year period.

'N/A' is provided for count locations with limited historical counts to calculate an average annual growth rate over the five-year period.
