

#### **Citizens Advisory Committee (CAC) Meeting**

Marion County Office of County Engineer – Conference Room A 412 SE 25<sup>th</sup> Avenue, Ocala, FL 34470

June 8, 2021 1:00 PM AGENDA

- 1. CALL TO ORDER AND ROLL CALL
- 2. PROOF OF PUBLICATION
- 3. ACTION ITEMS
  - A. <u>Draft Fiscal Years (FY) 21/22 to 25/26 Transportation Improvement Program (TIP)</u>

TPO staff will provide a summary of public and partner comments on the draft FY 21/22 to 25/26 TIP. TPO staff will also seek CAC endorsement/approval.

B. 2021 List of Priority Projects (LOPP)

TPO staff will present the revised 2021 LOPP for review and approval.

C. <u>List of Regional Priority Projects</u>

TPO staff will present a draft list of recommended Regional Priorities of the TPO through the Central Florida MPO Alliance for review, comment and approval.

- 4. PRESENTATIONS
  - A. Congestion Management Process

The TPO's consultant team staff will provide an update on the CMP project.

- 5. DISCUSSION ITEMS
  - A. Transportation Resilience

TPO staff will discuss an upcoming proposed guidance paper on resilience.

- 6. CONSENT AGENDA
  - A. Meeting Minutes
- 7. COMMENTS BY FDOT
- 8. COMMENTS BY TPO STAFF
- 9. COMMENTS BY CAC MEMBERS
- 10. PUBLIC COMMENT (Limited to 2 minutes)

#### 11. ADJOURNMENT

If reasonable accommodations are needed for you to participate in this meeting, please call the TPO Office at (352) 438-2630 forty-eight (48) hours in advance so arrangements can be made. Pursuant to Chapter 286.0105, Florida Statutes, if a person decides to appeal any decision made by the TPO with respect to any matter considered at this meeting or hearing, he or she will need a record of the proceedings, and that, for such purpose, he or she may need to ensure that a verbatim record of the proceedings is made, which record includes the testimony and evidence upon which the appeal is to be based.

The next regular meeting of the Citizens Advisory Committee will be held on August 10, 2021

**TO:** Committee Members

FROM: Rob Balmes, Director

RE: Draft FY 2021/22 to 2025/26 Transportation Improvement

Program (TIP) Adoption

As you are aware, the draft Fiscal Years 2021/2022 to 2025/2026 Transportation Improvement Program (TIP) was made available for public review and comment on May 4. A formal presentation of the draft TIP was provided to the CAC at the May 11 meeting. Attached to this memo are the comments received to date from the public, along with some initial feedback from TPO partners. The process of receiving public feedback is through June 22. The deadline requested of TPO partners to submit feedback is by July 11.

TPO staff respectively requests the endorsement of the draft FY 2021/2022 to 2025/2026 TIP. Upon further comment and endorsement by the CAC, the draft will be presented to the TPO Board on June 22.

If you have any questions regarding the draft FY 2021/22 to 2025/26 TIP, please contact me at 438-2631.

# (June 1, 2021) Fiscal Years 2021/2022 to 2025/2026 Transportation Improvement Program Public and Partner Comment Summary

#### Public comments (through June 1, 2021) (5)

- (May 4, 2021) "The multi-use paths are extremely exciting and I cannot wait to use them; however, there is an issue with access to the SR 200 part of the paved path. There needs to be parking at 200 or a (less wide) paved path from SR 200 to the Ross Prairie Campground. People already park at the SR200 side even though there are tons of no parking signs; folks readily accept fines to park there. A linkup to RP Campground would also provide water/real restrooms which are not avail at Pruitt."
  - o TPO Response: Noted for public record. The citizen was thanked for the comment and informed it will become part of public record, shared with Marion County and included in the TIP document for future planning considerations.
- (May 4, 2021) "Need more parking with restrooms and water on the paved trail starting at 49th trailhead towards 200."
  - o TPO Response: Noted for public record. The citizen was thanked for the comment and informed it will become part of public record, shared with Marion County and included in the TIP document for future planning considerations.
- (May 13, 2021) CR 484
  - "What are the plans for improvements to CR 484 near I-75. Traffic backs up and causes serious delays"
    - TPO Response: Please see the CR 484 at I-75 project in the TIP. Improvements to the interchange area also include turn lanes at SW 20<sup>th</sup> and CR 475A. The project is on schedule to start in 2021.
- (May 19, 2021) Project 4354842: Pruitt Trail

  "Is the map of the Pruitt Paved Trail accurate? It shows it starting at SR 200 and south
  Greenway boundary, continues along south boundary about half way, then slowly goes
  north to the Pruitt Trail head. This would be a welcome change by the equestrian
  community in the "Horse Capital of the Word". The older maps showed the paved trail
  using the existing lime rock road. The lime rock road is the most popular horse and
  wagon trail in Pruitt and also has horse Pavilion."
  - o TPO Response: Noted for public record. The citizen was thanked for the comment and informed it will become part of public record and included in the TIP document for future planning considerations. The TPO also notified the citizen that follow up coordination with Marion County is taking place to obtain

a general alignment map. Once made available, it will be shared with the citizen via email.

- (May 25, 2021, TPO Board Meeting) Project 4354842: Pruitt Trail "The next phase after this project is completed should be to create a safe underpass connection under SR 200."
  - o TPO Response: Noted for public record. Comment will be documented to support priority projects process and considerations for trail projects.

#### Citizens Advisory Committee (CAC) project comments (May 11, 2021) (3)

- NW 27<sup>th</sup> Avenue Widening from US 27 to NW 35<sup>th</sup> Street to 4 lanes.
  - TPO Response: Noted for public record. This project is not currently identified in the TIP or 2045 Long Range Transportation Plan (LRTP) Needs Plan. TPO will send this suggestion to the City of Ocala and maintain on file for future LRTP project list opportunities.
- CR 484 Complete full connection from SW 49<sup>th</sup> Avenue to SW 20<sup>th</sup> Avenue.
  - TPO Response: Noted for public record. This project is not currently identified in the TIP or 2045 Long Range Transportation Plan (LRTP) Needs Plan. TPO will send this suggestion to Marion County and maintain on file for future LRTP project list opportunities.
- CR 484 Improvements to the turn lanes are needed at CR 475A as part of the interchange project.
- 80<sup>th</sup> Avenue the Future of 80<sup>th</sup> corridor. What are the plans of Marion County?
  - o TPO Response: Noted for public record. The TPO will pass this comment on to Marion County. This project is not in the draft TIP.

#### Federal Highway Administration (FHWA) Comments (6)

	Page #	Comment Type	Comment Description
1		Critical	Demonstration of explicit consideration and response to public input. 23 CFR 450.316(a)(1)(vi) This is found as part of the PPP but not HOW this is done.

**TPO Response:** Text was added on page 1-3, Public Involvement, summarizing how responses were made to public and agency comment. This includes specific responses to comments as to how they will be incorporated and/or addressed in the TIP document. In some cases, follow up responses to a public comment with further information about a project or process were also described.

**TPO Response:** As outlined in comment 1, all comments were fully addressed, including more

significant comments requiring research, information gathering or follow up with FDOT or local staff members regarding projects. This information has been gathered and is included in Appendix F.

Other It is not clearly stated that Construction Engineering and Inspection (CEI) is included in the listed construction cost.	3	8
--	---	---

**TPO Response:** It is a general understanding by the TPO that CEI is included with the Construction Cost phase of all applicable projects in the TIP. The TPO followed up further with FDOT District 5, but has not yet received confirmation. This issue will be resolved with FDOT prior to adoption.

4	Other	The TIP is required to contain all regionally significant projects regardless of funding source. Did the MPO to collect this information? 23 CFR 450.324(d)
---	-------	---

**TPO Response:** The CFR cited is not associated with regionally significant projects. This CFR is applicable to the LRTP. All projects within Marion County of regional significance are within the draft TIP document.

5	Critical	The estimated total project cost(s), which may extend beyond the timeframe of the TIP is not shown. 23 CFR 450.326(g)(2) Project with design funds did not include future cost.
---	----------	---

**TPO Response:** The following projects were identified as requiring updates to include estimated total costs beyond the current TIP timeframe. These include projects that involve only right-of-way, design or PE and no construction funding in this TIP.

- 4106742: SR 40, End of 4 lanes to East of CR 314A Total Project Cost is listed in the TIP project page (page 5-31) FDOT confirmed total cost (is in Project Page, Page 5-31)
- 4336521: SR 40 Intersections at SW 40th Avenue and SW 27th Avenue FDOT confirmed total cost (added to project page) Current total Cost is \$10.1 Million (added on page 5-34)
- 4367561: Downtown Ocala Trail from SE Osceola Avenue to Silver Springs State Park –
   City of Ocala has not yet confirmed total cost
- 4367551: Indian Lake Trail from Silver Springs State Park to Indian Lake State Park –
   Marion County has not yet confirmed total cost

4408801: Marion Oaks-Sunrise/Horizon- Marion Oaks Golf Way to Marion Oaks Manor
 Marion County has not yet confirmed total cost

6
---

**TPO Response:** Appendix H provides a summary of TIP major projects from the last TIP either implemented, in progress or delayed. This appendix is referenced on page 5-1. Since the draft document was released further information was provided in the appendix as to the status of the projects. The appendix also displays major projects and associated funding changes from the prior TIP to current TIP.

# Transportation Improvement Program

Fiscal Years 2021/2022 to 2025/2026

**DRAFT** for Public Review - May 4, 2021

This document has been developed in compliance with Title VI of the Civil Rights Act of 1964 and other federal and state nondiscrimination authorities.

Funding for this document has been financed through grants from the Federal Highway Administration and Federal Transit Administration in cooperation with the Florida Department of Transportation, Marion County and the cities of Belleview, Dunnellon and Ocala.

[RESOLUTION INSERTED ON THIS PAGE]

#### **Board Members**

Michelle Stone, Chair, Marion County
Ire Bethea, Sr., Vice-Chair, City of Ocala
Kathy Bryant, Marion County
Craig Curry, Marion County
Jeff Gold, Marion County
Justin Grabelle, City of Ocala
Kent Guinn, City of Ocala
Valerie Hanchar, City of Dunnellon
Ronald Livsey, City of Belleview
Brent Malever, City of Ocala
Jay Musleh, City of Ocala
Jared Perdue, FDOT District 5 (Non-Voting)
Carl Zalak, Marion County

#### **TPO Staff**

Rob Balmes, Director

Shakayla Irby, Administrative Assistant/
Social Media Coordinator

Liz Mitchell, Grants Coordinator/
Fiscal Planner, Title VI Non-Discrimination

#### **Citizens Advisory Committee (CAC)**

Steve Rudnianyn, Chair
Richard McGinley, Vice-Chair
Davis Dinkins
Richard Howard
Joe London
Travis Magamoll
Paul Marraffino
Suzanne Mangram
Michelle Shearer
Clark Yandle

#### **Technical Advisory Committee (TAC)**

Rancy Smith, Vice-Chair, City of Ocala
David Herlihy, Marion County Schools
Ji Li, SunTran
Ken Odom, Marion County
Loretta Shaffer, Marion County
Eric Smith, City of Ocala
Anna Taylor, FDOT District 5 (Non-Voting)
Mickey Thomason, Florida Greenways
Bob Titterington, City of Belleview
Vacant, City of Dunnellon

The Ocala Marion Transportation Planning Organization (TPO) complies with nondiscrimination laws and regulations, including Title VI of the Civil Rights Act of 1964 and the Americans with Disabilities Act (ADA). Public participation is solicited without regard to race, color, national origin, age, sex, religion, disability, or family status. Persons wishing to express their concerns relative to the Ocala Marion TPO compliance with Title VI may do so by contacting the TPO at: (352) 438-2630 or 2710 East Silver Springs Blvd, Ocala, FL 34470.

APPENDIX J: FDOT TIP Download

The preparation of this report has been financed in part through grants from the Federal Highway Administration and Federal Transit Administration, U.S. Department of Transportation. The contents of this report do not necessarily reflect the official views or policies of the U.S. Department of Transportation.

## 1. INTRODUCTION

#### **PURPOSE**

The Ocala Marion Transportation Planning Organization (TPO) is the federally designated Metropolitan Planning Organization (MPO) for Marion County, Florida and is responsible for developing the Transportation Improvement Program (TIP). The Fiscal Years 2021/22 to 2025/26 TIP is a five-year schedule of transportation projects proposed by government agencies and other stakeholders within the TPO's Metropolitan Planning Area (MPA), which includes all of Marion County. The TIP documents the anticipated timing and cost of transportation improvements funded by federal, state and local sources and is updated on an annual basis. The types of projects in the TIP include all modes of transportation, such as roadway construction, operations and reconstruction, bicycle and pedestrian, transit and aviation.

As stated in the Federal Highway and Transit Acts of 1962 and 1964, each urbanized area over 50,000 people must have a continuing, cooperative and comprehensive transportation process. This process, also known as the 3-C planning process, is reflected in the TIP, in conjunction with the Long-Range Transportation Plan (LRTP). The 2045 LRTP, which is also developed by the TPO, outlines Marion County's transportation vision and goals 20 years into the future. The TIP outlines the short-term "action steps" necessary for achieving Marion County's long-term transportation vision by programming specific improvements. In summary, the TIP serves as the budget for carrying out the LRTP in five-year increments. The TIP is also used to coordinate transportation projects between local, state and federal agencies, thereby ensuring the efficient use of transportation funding to Marion County.

The TIP was developed under the federal guidance and requirements contained in the Fixing America's Surface Transportation (FAST) Act, the current federal transportation law. Transportation projects contained in the TIP are financially feasible, located within the designated MPA and supported in part by 23 United States Code (U.S.C.) and 49 U.S.C. Chapter 53 funding. For a project to be considered financially feasible, the anticipated cost must not exceed the anticipated revenue.

A list of Obligated projects is provided in Appendix B. The Obligation list is a continuation of projects in the Fiscal Years 2020/21 to 2024/25 TIP (prior TIP), and in some cases started in previous TIPs [23 CFT 450.334].

#### **TPO PLANNING AREA**

The Ocala Marion TPO is a federally-mandated public agency responsible for the planning and

implementation of several modes of transportation, including highway, transit, freight, bicycle, pedestrian and paratransit. The TPO serves the cities of Belleview, Dunnellon, Ocala and Marion County. The TPO was established in 1981 after the 1980 Census determined the urbanized area of Ocala exceeded a threshold of 50,000 people. Due to rapid population growth in the 1980s, the planning boundaries of the entire county were added. Figure 1 illustrates TPO planning area which includes all of Marion County and the cities of Belleview, Dunnellon and Ocala.

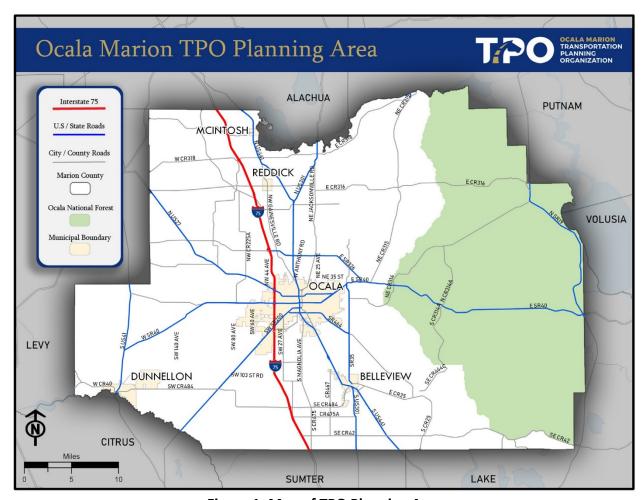

Figure 1: Map of TPO Planning Area

#### **DEVELOPMENT OF THE TIP**

Public and local government involvement for the development of the TIP is accomplished through regularly scheduled meetings of the TPO's Technical Advisory Committee (TAC) and Citizens Advisory Committee (CAC) and the TPO Board. The TPO strives to also engage both citizens and stakeholders to assist in the development of the TIP. The TPO seeks public input for a minimum of thirty (30) days once the Draft TIP document is publicly noticed, in accordance with 23 Code of Federal Regulation (C.F.R.) 450.316 and 23 C.F.R. 450.326(b). A Glossary of Terms and

Acronyms used in the TIP and other TPO documents are contained in Appendix G.

#### **TPO Boards and Committees**

The TPO submits a draft TIP for review and feedback to the TPO's TAC and CAC. These boards/committees are composed of members who represent a variety of government organizations and stakeholders, which include the Cities of Belleview, Dunnellon, and Ocala; the Marion County School Board; the Marion County Engineering, Planning, and Tourism Departments; SunTran; the Florida Greenways and Trails Association; and citizens of Marion County, including persons who are considered transportation disadvantaged.

The TPO also submits a draft TIP to the TPO Board for review and to receive feedback. The TPO then addresses the recommendations provided by the Board and Committees, in addition to public input, in developing the final version of the TIP. The final version of the TIP is then presented to the TPO Board for adoption in May or June of each year. In 2021, TPO staff presented the draft TIP to the TAC and CAC on May 11th and June 8th, the TPO Board on May 25th and June 22nd.

#### **Public Involvement**

In addition to meeting federal regulations, the TIP was developed in accordance with the TPO's Public Participation Plan (PPP) (https://ocalamariontpo.org/plans-and-programs/publicparticipation-plan-ppp). The public was provided the opportunity to comment on the draft TIP at the aforementioned TAC, CAC and TPO Board meetings. The TAC and CAC meetings were held virtually and in person and therefore were also accessible to those with internet access. The TPO Board meetings were held both virtually and in-person. Advance public notices were provided for all committee and board meetings per Florida Sunshine Law and the TPO's PPP. The TPO sought input from the public and other stakeholders by posting on its website, social media pages (Facebook, Twitter) and sending e-blast notifications. Beginning on May 4th, a legal notice of the draft version of the TIP was advertised in the Ocala Star Banner. The public comment period for the TIP began on May 4th and concluded on June 22nd. A copy of the public notice can be found in Appendix E and a list of public comments, including the TPO's response to each comment, can be found in Appendix F. On May 4th, the TPO sent the Draft TIP for review and comment to the following agencies: Federal Transit Administration, Federal Highway Administration, U.S. Forest Service, Florida Department of Transportation, Department of Economic Opportunity, Florida Commission for the Transportation Disadvantaged and the St. Johns River Water Management District.

Formal responses are provided to each citizen comment submitted to the TPO by email, mail or phone. Citizens are provided a formal response by the TPO and made aware how their public comment is documented, and how it may be addressed if related to a specific project(s) in the

current TIP. In cases where further follow up is required, such seeking project background information, additional contact is made with the citizen by the TPO. All citizen, TPO committee, TPO Board and partner agency comments and corresponding TPO responses are summarized in Appendix F.

#### **JOINT CERTIFICATION**

The most recent joint certification between the Ocala Marion TPO and FDOT was conducted by on February 23, 2021. FDOT certified the TPO's transportation planning process for Fiscal Year 2020/2021. The next certification review will occur in February 2022.

#### **CONSISTENCY WITH OTHER PLANS**

The projects and project phases listed in the FY 2021/22 to 2025/26 TIP are consistent with the local public transit development plan (SunTran), aviation, and the approved local government comprehensive plans for governments within the TPO's MPA [s.339.175(8)(c)(7), F.S.]. The TIP is consistent with the Ocala Marion TPO's 2045 LRTP, Florida Transportation Plan (FTP), Strategic Intermodal System (SIS) Policy Plan, Strategic Highway Safety Plan (SHSP), Freight Mobility and Trade Plan (FMTP), Transportation Asset Management Plan (TAMP), TPO Congestion Management Process (CMP) and SunTran Transportation Development Plan (TDP).

#### 2045 Long Range Transportation Plan (LRTP)

In addition to documenting Marion County's long- term vision and goals for transportation, the 2045 LRTP includes a Needs Assessment and a Cost Feasible Plan. These two sections detail the specific projects to fulfill the County's long-term vision and goals. In order to remain current with the changing needs of Marion County, the Ocala Marion TPO updates the LRTP every five years. The 2045 LRTP was adopted by the TPO Board on November 24, 2020. A list of TIP projects referenced in the 2045 LRTP can be found in Appendix I. (<a href="https://ocalamariontpo.org/plans-and-programs/long-range-transportation-plan-lrtp">https://ocalamariontpo.org/plans-and-programs/long-range-transportation-plan-lrtp</a>)

#### Florida Transportation Plan (FTP)

The Florida Transportation Plan (FTP) serves as the state's long-range transportation vision and policy plan. The FTP focuses on ways to improve safety, provide a more efficient transportation system, meet the needs of a changing population, create a more competitive economy, enhance the overall quality of life and environment, increase access to transit and address emerging technologies. (http://floridatransportationplan.com)

#### Strategic Intermodal System (SIS) Policy Plan

The Strategic Intermodal System (SIS) Policy Plan establishes the policy framework for planning

and managing Florida's Strategic Intermodal System, a network of transportation facilities that serves as the state's highest priority for transportation capacity investments. The Governor and Legislature established the SIS in 2003 to focus state resources on facilities most significant for promoting the state's economic competitiveness, including interregional, interstate and international travel. The SIS is the primary tool for implementing the Florida Transportation Plan (FTP). A map of the SIS can be found in Appendix D. Additionally, TIP projects supporting the SIS are noted in the individual project pages (SIS Project).

(https://www.fdot.gov/planning/sis/default.shtm)

#### Florida's Strategic Highway Safety Plan (SHSP)

The Florida's 2021 to 2025 Strategic Highway Safety Plan (SHSP) was adopted in March 2021. This is an update to the prior plan, and was completed in coordination with all 27 Florida MPO/TPO's. Florida's SHSP outlines a focus on safety programs to reduce crashes, serious injuries and fatalities to achieve zero traffic deaths and serious injuries. A set of 12 emphasis areas organized into three categories (Roadways, Road Users, User Behavior) provide the foundation for improving safety. (https://www.fdot.gov/safety/shsp/shsp.shtm)

#### **Freight Mobility and Trade Plan (FMTP)**

FDOT's Freight Mobility and Trade Plan (FMTP) defines policies and investments that will enhance Florida's economic development efforts into the future. The FMTP's Investment Element is specifically intended to identify freight needs, identify criteria for state investments in freight, and prioritize freight investments across modes. In February 2018, FHWA approved the FMTP as FDOT's State Freight Plan. (https://www.fdot.gov/planning/plans/default.shtm)

#### **Transportation Asset Management Plan (TAMP)**

The Transportation Asset Management Plan (TAMP) outlines the process for effectively operating, maintaining, and improving physical transportation assets within Florida. The plan also provides detailed information, such as the department's assets, asset management strategies, and long-term expenditure forecasts, in order to help inform decision-making at both the State and Local levels.

#### **Congestion Management Plan (CMP)**

Maintenance of a Congestion Management Process (CMP) is required for all TPOs under Florida Statute (F.S.) [339.175 (6)(c)1]. Guidance from the Final Rule on the CMP states the intent of the process is to, "address congestion management through a process that provides for safe and effective integrated management and operation of the multimodal transportation system".

The Ocala Marion TPO has developed the CMP to improve traffic operations and safety through the use of either strategies that reduce travel demand or the implementation of operational improvements. Recommendations in the CMP typically support improved travel conditions through the implementation of low cost improvements or strategies that can be implemented in a relatively short time frame (5-10 years) compared to traditional capacity improvements, such as adding travel lanes, which can be more time- consuming and expensive.

The TPO is developing a major update to the CMP in 2021. The CMP update serves two purposes: to meet state statutes and help with prioritizing project needs, and to also meet federal requirements if the TPO becomes a Transportation Management Area (TMA) as a result of the 2020 Census. A TPO is considered a TMA when their urbanized area population exceeds 200,000. Completing an update to the CMP in 2021 will keep the TPO in compliance with both state statute and federal requirements, if necessary. (<a href="https://ocalamariontpo.org/congestion-management-process-cmp">https://ocalamariontpo.org/congestion-management-process-cmp</a>)

#### **Transit Development Plan (TDP)**

The Transit Development Plan (TDP) represents the vision for public transportation in Marion County for a 10-year horizon. A TDP is updated by SunTran every five years to ensure transit services offered meet the mobility needs of the local communities, the TDP provides a comprehensive assessment of transit services in Marion County. Specifically, the TDP details SunTran's transit and mobility needs, cost and revenue projections, and community transit goals, objectives, and policies.

#### **TIP REVISIONS**

When the TIP and the FDOT Work Program become adopted, there will be cases in which some projects are not yet authorized. These projects, in addition to funding changes within other projects, "roll forward" automatically into the Work Program, and will be amended into this TIP.

Revisions to the TIP may also be required following approval of the document by the TPO Board and State and Federal agencies. Revisions to the TIP are required when projects are changed, added, or deleted. There are three types of revisions to the TIP; a major amendment, a minor amendment, and an administrative modification. Major amendments require adoption by the TPO Board and public comment, while a minor amendment and administrative modification do not. [23 C.F.R. 450.104].

#### **Administrative Modifications**

An administrative modification include minor changes to project/project phase costs, funding sources of previously included projects, and project/ project phase initiation dates is needed if there are changes in project timing within the five years of the program, changes in non-discretionary funding sources, and changes that cost less than \$200,000. An administrative modification does not require public comment.

#### **Minor Amendments**

A minor amendment is required to the TIP if a project is added or deleted that is either less than \$3 million in construction costs or a non-capacity expansion project. Changes to a project that cost up to \$3 million also require a minor amendment. Minor amendments do not require a formal public comment period.

#### **Major Amendments**

Major amendments to the TIP are required if a project that is over \$3 million in construction costs is added or deleted, if a capacity expansion project is added or deleted, or there is a significant change in cost (\$3 million or more).

#### TRANSPORTATION DISADVANTAGED

The Transportation Disadvantaged (TD) program is a statewide program that provides vital transportation to medical appointments, employment, educational and other life sustaining services. Persons eligible for TD services include those with a mental or physical disability, income level at or below 150% of the Federal Poverty Guideline or age 60+ or <16 years old.

In Marion County, TD transportation services are provided by Marion Transit. As a result of the overlap between the TD service area and the TPO service area, TD projects and funding are included in the TIP. Therefore, the TIP is developed in conjunction with Marion Transit, which also serves as the Community Transportation Coordinator (CTC) for Marion County.

#### **EFFICIENT TRANSPORTATION DECISION MAKING**

Efficient Transportation Decision Making (ETDM) is a process used by FDOT to incorporate environmental, physical, cultural and community resource considerations into transportation planning to inform project delivery. FDOT screens some of the projects in the TIP through the ETDM process. Public information for these projects is available at: <a href="https://etdmpub.flaetat.org/est">https://etdmpub.flaetat.org/est</a>.

### 2. PERFORMANCE MANAGEMENT

#### PERFORMANCE-BASED PLANNING

In order to develop a standardized process for monitoring the effectiveness of transportation investments across the country, the Federal government passed the Moving Ahead for Progress in the 21st Century Act (MAP-21). MAP- 21 was enacted in 2012 by Congress to establish a framework to link performance management and decision-making for federally-funded transportation investments. MAP-21, which was supplemented by the FAST Act in 2015, requires the State Department of Transportations (DOTs) and TPOs/MPOs to conduct performance-based planning. The objective of performance-based planning is to invest resources in projects that help achieve the following seven national goals (23 CFR 490 or [23 USC 150(b)]):

#### #1- Safety

To achieve a significant reduction in traffic fatalities and serious injuries on all public roads

#### **#2-Infrastructure Condition**

To maintain the highway infrastructure asset system in a state of good repair

#### **#3- Congestion Reduction**

To achieve a significant reduction in congestion on the National Highway System

#### #4- System Reliability

To improve the efficiency of the surface transportation system

#### **#5- Freight Movement and Economic Vitality**

To improve the national freight network, strengthen the ability of rural communities to access national and international trade markets, and support regional economic development

#### #6- Environmental Sustainability

To enhance the performance of the transportation system while protecting and enhancing the natural environment

#### **#7- Reduced Project Delivery Delays**

To reduce project costs, promote jobs and the economy, and expedite the movement of people and goods by accelerating project completion through eliminating delays in the project development and delivery process, including reducing regulatory burdens and improving agencies' work practices.

Performance-based planning utilizes performance measures and performance targets to ensure

the most efficient investment of transportation funds by increasing accountability, providing transparency, and linking investment decisions to key outcomes.

#### **PERFORMANCE MEASURES & TARGETS**

The Federal Transit Administration (FTA) and Federal Highway Administration (FHWA) have created highway and transit performance measures and requirements for State DOTs, TPOs/MPOs and transit operators to establish and report performance targets for each performance measure. Performance measures are quantitative criteria used to evaluate progress of the seven national goals. In order to determine the amount of progress made for each performance measure, the aforementioned agencies and organizations must establish baseline data and performance targets; benchmarks used to determine whether transportation investments make progress in achieving national goals and performance measures.

Once each State DOT develops its own performance targets for each performance measure, TPOs/MPOs are provided the option to either adopt state and/or transit agency targets, or develop their own targets.

**System Performance** 

# Transit Asset Management and Transit Safety

# Safety

In March 2016, the FHWA published the Highway Safety Improvement Program (HSIP) and Safety Performance Management (Safety PM) Measures Final Rules, effective April 14, 2016. The Safety PM Final Rules established safety performance measures to assess serious injuries and fatalities on all public roadways and carry out the HSIP. Additionally, the Safety PM Finals Rules established a process for both State DOTs and TPOs to develop and report their safety targets and for FHWA to assess whether State DOTs have met, or are making significant progress toward meeting, their safety targets. The legislation works to improve data; foster transparency and accountability; and allow safety progress to be tracked at the national level. The HSIP annual report documents the statewide performance targets.

As outlined in the Safe System approach promoted by FHWA, the death or serious injury by any person is unacceptable. Consequently, FDOT is fully committed to Vision Zero, and has set a statewide target of "0" for all five safety performance measures. Vision Zero is discussed in greater detail in the HSIP, the Florida Highway Safety Plan, and the Florida Transportation Plan. FDOT set its safety performance targets on August 31, 2017. In addition, FDOT completed a HSIP Implementation Plan in August 2020 to outline an approach toward meeting its safety performance targets in future years. In August of each calendar year, FDOT reports the following year's targets in the HSIP. The TPO is then required to either adopt FDOT's targets or set their own.

On February 27, 2018, the Ocala Marion TPO Board adopted its own safety performance targets to better track progress and reflect greater accountability to the public. The TPO plans to develop a Safety Action Plan in 2021 and applying the adopted targets will serve a key role in this planning effort. By adopting its own safety performance targets, the TPO is required to update the targets annually. The TPO most recently updated its safety targets on February 23, 2021. Figure 2 shows the safety performance targets set by both FDOT and the TPO for each of the five safety performance measures.

The Ocala Marion TPO is committed to improving safety for all roadway users, which is demonstrated through planning and programming activities. The TIP includes specific investment priorities by using a project-prioritization and project-selection process that is based on the anticipated effect of reducing both fatal and serious injury crashes. The TPO also collects and analyzes crash data and trends, which will be published in a Safety Trends Manual in 2021. Additionally, the TPO participates in the Marion County Community Traffic Safety Team (CTST).

Safety Performance Measures	FDOT Target (2021)	TPO Target (2021)	TPO Target Results (2020)
Number of Fatalities	0	97	108
Rate of Fatalities per 100 Million Vehicle Miles Traveled (VMT)	0	1.96	2.24
Number of Serious Injuries	0	432	304
Rate of Serious Injuries per 100 Million VMT	0	8.74	6.31
Number of Non-motorized Fatalities and Non-motorized Serious Injuries	0	61	54

Figure 2: Performance Measure Targets and Results - Safety

# **Bridge and Pavement Condition**

In January 2017, the FHWA published the Bridge and Pavement Condition Performance Measures Final Rule. The second FHWA performance measure rule established six performance measures to assess pavement conditions and bridge conditions for the National Highway System (NHS). A map of the NHS in Marion County can be found in Appendix C.

The pavement condition measures represent the percentage of lane-miles on the Interstate and non-Interstate NHS that are in good or poor condition. FHWA established five pavement condition metrics: International Roughness Index (IRI); cracking percent; rutting; faulting; and Present Serviceability Rating (PSR). FHWA set a threshold for each metric to establish good, fair, or poor condition. A pavement section is classified as being in good condition if three or more metric ratings are good, and in poor condition if two or more metric ratings are poor. Pavement sections that are not good or poor are classified as fair.

FDOT established its statewide targets for bridge and pavement condition on May 18, 2018. The Ocala Marion TPO and all MPO/TPO's in Florida agreed to support the FDOT statewide targets on in 2018. The two-year and four-year targets represent bridge and pavement conditions at the end of both target years, and are displayed in Figure 3.

The bridge condition measures represent the percentage of bridges, by deck area, on the NHS that are in good condition or poor condition. The condition of each bridge is evaluated by assessing four bridge components: deck, superstructure, substructure, and culverts. The Final Rule created a metric rating threshold for each component to establish good, fair, or poor condition. If the lowest rating of the four metrics is greater than or equal to seven, the structure

is classified as good. If the lowest rating is less than or equal to four, the structure is classified as poor. If the lowest rating is five or six, it is classified as fair.

Bridge and Pavement Condition Performance Measures	FDOT/TPO Target (2-Year)	FDOT/TPO Target (4-Year)	TPO Target Results (2019)				
Pavement							
Mea	sures						
Percent of Interstate pavements in good condition	Not Required	≥ 60%	66.4%				
Percent of Interstate pavements in poor condition	Not Required	≤ 5%	0%				
Percent of non-Interstate NHS pavements in good condition	≥ 40%	≥ 40%	37.8%				
Percent of non-Interstate NHS pavements in poor condition	≤ 5%	≤ 5%	0%				
Bridge Deck	Area Measures						
Percent of NHS bridges by deck area in good condition	≥ 50%	≥ 50%	59.1%				
Percent of NHS bridges by deck area in poor condition	≤ 10%	≤ 10%	0%				

Figure 3: Performance Measure Targets and Results - Bridge and Pavement Condition

# **System Performance**

In January 2017, FHWA published the System Performance, Freight, and Congestion Mitigation and Air Quality (CMAQ) Performance Measures Final Rule. The third and final Performance Measures Rule, established six measures to assess the performance of the NHS, freight movement on the Interstate System, and traffic congestion and on-road mobile source emissions for the CMAQ program.

There are two NHS performance measures that represent the reliability of travel times for all vehicles on the Interstate and non-Interstate NHS. FHWA established the Level of Travel Time Reliability (LOTTR) metric to calculate reliability on both the Interstate and non-Interstate NHS. LOTTR is defined as the ratio of longer travel times (80th percentile) to a normal travel time (50th

percentile) during four time periods from the hours of 6 AM to 8 PM each day (AM peak, midday, and PM peak on Mondays through Fridays and weekends). The LOTTR ratio is calculated for each segment of applicable roadway. A segment is reliable if its LOTTR is less than 1.5 during all time periods. If one or more time periods has a LOTTR of 1.5 or above, that segment is unreliable. The measures are expressed as the percentage of person- miles traveled on the Interstate and non-Interstate NHS that are reliable.

The single freight movement performance measure represents the reliability of travel times for trucks on the Interstate System. FHWA established the Truck Travel Time Reliability (TTTR) Index, which is defined as the ratio of longer truck travel times (95th percentile) to a normal truck travel time (50th percentile). The TTTR is generated by dividing the longer truck travel time by a normal travel time for each segment of the Interstate system over five time periods from all hours of each day (AM peak, midday, and PM peak on Mondays through Fridays, overnights for all days, and weekends). This is averaged across the length of all Interstate segments in the state or MPO planning area to determine the TTTR index.

There are three traffic congestion and on-road mobile source emissions performance measures that represent peak hour excessive delay per capita (PHED), non- single occupancy vehicle (SOV) travel, and total on- road mobile source emissions reductions. The Ocala Marion TPO meets all current air quality standards and is not subject to establishing targets for these performance measures.

FDOT established its statewide targets for system performance on May 18, 2018. The Ocala Marion TPO and all MPO/TPO's in Florida agreed to support the FDOT statewide targets in October 2018. Figure 4 displays the most current System Performance measure targets and results.

System Performance Measures	FDOT/TPO Target (2-Year)	FDOT/TPO Target (4-Year)	TPO Target Results (2020)
Percent of person-miles on the Interstate system that are reliable (Interstate LOTTR)	≥ 75%	≥ 70 %	100%
Percent of person-miles on the non-Interstate NHS that are reliable (Non-Interstate NHS LOTTR)	Not Required	≥ 50 %	97%
Truck Travel Time Reliability (TTTR)	1.75	2.00	1.13

Figure 4: Performance Measure Targets and Results - System Performance

# Transit Asset Management and Safety

On July 26, 2016, the FTA published the final Transit Asset Management rule, which requires that public transportation providers develop and implement transit asset management (TAM) plans, establish "state of good repair" standards and establish performance measures for four asset categories; rolling stock, equipment, transit infrastructure and facilities.

On July 1, 2019, SunTran, the public transit agency that operates primarily in the city of Ocala and in parts of unincorporated Marion County, moved from the oversight by the TPO to the City of Ocala. The SunTran system includes seven fixed bus routes contracted through a third-party company. As the administrative body to SunTran, the City of Ocala is responsible for setting performance targets for Transit Asset Management. In July 2019, the City of Ocala set the transit asset targets in Figure 5, thereby agreeing to plan and program projects in the TIP that, once implemented, will make progress toward achieving the transit asset targets. SunTran coordinates with FDOT on reporting targets to FTA through the National Transit Database (NTD). SunTran also coordinates with the TPO on a continuous basis and participates as a member of the Technical Advisory Committee (TAC).

Figure 5 displays the percentage of SunTran's assets that have met or exceeded their Useful Life Benchmark (ULB) for each asset class in 2019 and their performance targets for the next four years. FTA defines ULBs as "... the expected lifecycle or the acceptable period of use in service for a capital asset, as determined by a transit provider, or the default benchmark provided by the FTA." The performance targets assume the assets are replaced as they reach their ULB.

Asset Class	2019 Performance	2020 Target	2021 Target	2022 Target	2023 Target			
	Rolling Stock							
Buses 69%		0%	0%	0%	0%			
Cutaways	0%	0%	0%	0%	100%			
Equipment								
Non-Revenue Vehicles	80%	0%	0%	0%	20%			
Facilities								
Maintenance Facility	0%	0%	0%	0%	0%			

Figure 5: Performance Measure Targets and Results - Transit Asset Management

On July 19, 2018, the FTA published the Public Transportation Agency Safety Action Plan (PTASP) regulation, 49CFR Part 673, as required by 49 U.S.C. 5329(d). The effective date of the regulation was July 19, 2019, but was extended to December 31, 2020 due to the global pandemic. The PTASP regulation implements a risk-based Safety Management System approach and requires all recipients and sub-recipients of federal transit financial assistance to establish and certify an Agency Safety Plan and corresponding safety performance targets. MPO/TPO's then have 180 days from the adoption of the PTASP targets set by the public transit agency (SunTran) to adopt or develop their own independent targets.

On December 1, 2020, SunTran submitted their PTASP and corresponding safety targets to the TPO, as adopted by City of Ocala City Council on November 30, 2020. On April 27, 2021, the TPO Board adopted the SunTran PTASP safety targets. Figure 6 displays the adopted SunTran PTASP targets.

SunTran Safety Performance Targets  Performance Targets based on collected data from the previous three years							
Mode of Transit Service	Fatalities Total	Fatalities (per 100k vehicle revenue miles) VRM)	Injuries Total	Injuries (per 100k vehicle revenue miles VRM)	Safety Events Total	Safety Events (per 100k vehicle revenue miles VRM)	(VRM/ failures)
Fixed Route Bus	0	0	1	.20	5	1.03	7,492
ADA Paratransit	0	0	0	0	0	0	0

Figure 6: Performance Measure Targets and Results - Transit Safety Targets

## 3. FINANCIAL PLAN

#### **Overview**

The financial planning process of the TPO is undertaken during the development of the LRTP, as part of the Cost Feasible Plan. Once all projects have been determined as "needs", TPO committees, TPO staff and the TPO Board prioritizes the projects based on cost feasibility, using revenue forecasting from local, state and federally published sources. The Cost Feasible Plan in the LRTP then becomes a prioritized project list. This list becomes part of the TPO's annual List of Priority Projects (LOPP) process. On an annual basis, a revised LOPP is developed collaboratively by the TPO with local partners, committee input and TPO Board approval. The annual revised LOPP is submitted to FDOT annually for projects to be considered in the next Tentative Work Program for funding. FDOT will decide which projects from the LOPP that can be reasonably funded with its cost/funding projections. The LOPP can be found in Figure 10 on page 4-3. For further information about the LOPP process, please access the TPO website at:

https://ocalamariontpo.org/priority-project-list.

The FY 2021/22 to 2025/26 TIP is financially constrained for each year, meaning projects must be implemented using reasonably expected revenue sources. Projects in the TIP must use Year of Expenditure (YOE) dollars, which are dollars adjusted for inflation from the present time to the expected year of construction. The TIP includes the public and private financial resources that are reasonably expected to be available in order to accomplish the program. The TIP has been developed in cooperation with Marion County, the Cities of Belleview, Dunnellon, and Ocala, FDOT, SunTran and Marion Transit. A summary of funding categories, distribution of funding by category and funding sources are summarized in Figures 7 to 9.

All projects in the TIP are designated for funding from Title 23 and 49 of U.S.C funding sources and all regional transportation projects requiring federal action. Projects in the TIP are also derived from the FDOT Work Program and must include a balanced 36-month forecast of revenue and expenditures and a five-year finance plan supporting the FDOT Work Program [339.135, Florida Statute, F.S.]. Additionally, only projects that are reasonably expected to be funded may be included in the TIP.

Acronym	Funding Category	Funding Source
ACFP	Advanced Construction Freight Program	Federal

## 4. PROJECT PRIORITIZATION PROCESS

### Methodology

In 2019, the TPO modified its project prioritization process. The process involves an emphasis on prioritizing projects that are closest to receiving construction funding, meet federal performance measures, are multimodal, have available funding and/or include local funding sources and local partnerships. As stated in Section 3, the TPO works collaboratively each year with the cities of Belleview, Dunnellon, Ocala, Marion County and FDOT to develop a List of Priority Projects. The LOPP is a process undertaken to identify the highest priority projects in Marion County to receive consideration for federal and state funding.

The TPO's project prioritization process is consistent with 23 C.F.R 450.332(b), the 2045 LRTP, and with local aviation master plans, public transit development plans, and the approved local government comprehensive plans within the TPO MPA, to the maximum extent feasible [339.175(8)(c)(7), F.S.].

### **Project Ranking Criteria**

The priority projects ranking criteria is tied directly to the adopted 2045 LRTP Goals and Objectives and to federally required performance measures. The goals from the 2045 LRTP that are used in this prioritization and selection process include:

- Optimization and Preserve Existing Infrastructure
- Focus on Improving Safety and Security of the Transportation System
- Provide Efficient Transportation that Promotes Economic Development
- Promote Travel Choices that are Multimodal and Accessible
- Protect Natural Resources and Create Quality Places
- Ensure the Transportation System Meets the Needs of the Community.

The ranking criteria are grouped into the following six categories:

- 1. **Multimodal**: The ranking criteria looks at whether a project incorporates different modes of transportation or is multimodal. If a project incorporates bike lanes, sidewalks, transit options, or offers a new alternative such as a trail, it receives one (1) point for being multimodal.
- 2. **Performance Measure(s)**: Based on federal requirements, MPO/TPOs must measure the performance of projects. This is done by measuring projects based on safety, pavement/bridge condition, system performance, transit asset management and transit safety. Therefore, one (1) point is awarded to any project that meets one of the

performance measures, and an additional one (1) point if the project meets two. Please note: most off-system local projects can only obtain up to one point, as most performance measures require a project to either be on or demonstrates improvements to the National Highway System (NHS).

- 3. **Project Development**: This ranking criteria looks at the status of projects in their development phase. For example, if a project is in the Project Development & Environmental (PD&E) or Planning phase it receives one (1) point. Projects then receive an additional point for each phase it advances up to construction, which receives four (4) points. Please note: projects can only qualify for one of the phases at a time, with one to four points possible (PD&E/Planning 1 point; Design 2 points; ROW 3 points; Construction 4 points).
- 4. **Funding Availability**: Federal and state transportation is highly competitive and limited. Therefore, if a project has funding already programmed and/or a lower overall cost (e.g. operations, system preservation) or a lower cost is needed to complete the project or specific phase, one (1) point may be awarded.
- 5. **Local Revenue/Funding Source**: If a project has local revenue being invested, it receives one (1) point.
- 6. **Local Partnership**: The ranking criteria considers whether a project has a formal partnership between two or more agencies. For example, a project could be a Local Agency Program (LAP) project, or a project that FDOT manages or helps manage for another jurisdiction. In this case, the project would receive an additional point.

Based on the development of a revised CMP and anticipated Safety Action Plan in 2021 and 2022, the TPO expects to revise this ranking methodology in 2022 to ensure a greater emphasis is placed on improving both congestion and safety. Any modifications to the methodology will be reviewed by all partners, committees and the TPO Board.

The Top 20 List of Priority Projects (LOPP) for 2021 is provided in Figure 10. The following projects are identified in both the LOPP and Draft TIP document:

[Under Development]

Figure 10: 2021 List of Top 20 Priority Projects

## 5. PROJECTS

### **Summary**

For the draft FY 2021/22 to 2025/26 TIP, there are a total of 71 programmed projects. For ease of reference by the public, the projects were grouped into seven major categories. A summary of changes to major regional transportation projects from the previous Fiscal Years 2020/21 to 2024/25 TIP is available in Appendix H. Appendix I contains a listing of the TIP projects (TIP Download) as submitted to the TPO by FDOT in April 2021. Figure 11 provides a breakdown of the number of projects and funding by category. All projects in the TIP are included in a summary page format by category in the following pages of this section. Projects are also referenced how they meet the specific goals and objectives in the 2045 LRTP.

- Interstate (I-75)
- U.S. Routes
- State and Local Routes
- Bicycle and Pedestrian
- Aviation (Airport)
- Transit, Funding, Grants
- ITS and Maintenance

	Interstate	U.S.	State and	Bicycle and	Aviation	Transit,	ITS and
	(I-75)	Routes	Local Routes	Pedestrian	(Airport)	Funding/Grants	Maintenance
Funding	\$115,495,548	\$62,767,203	\$56,796,506	\$13,551,008	\$19,452,936	\$34,340,099	\$32,764,410
Projects	6	9	13	11	8	10	14

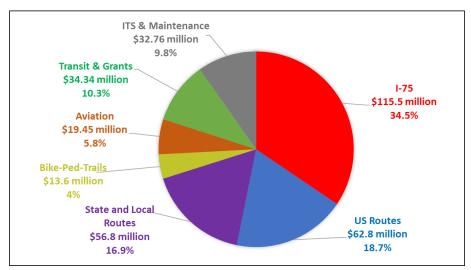

Figure 11: 5-Year Summary of Projects by Funding Source

Figure 12 provides a summary chart of the acronyms used for various project phases and the terms associated with the projects displayed in the TIP summary pages. This chart may be used as a reference when reviewing the project pages.

Acronym	Project Phase and Information
ADM	Administration
CRT MTN	Contract Routine Maintenance
CST	Construction
CAP	Capital Grant
DES	Design
ENG	Engineering
ENV CON	Environmental/Conservation
FM	FDOT Financial Management Number
INC	Construction Incentive/Bonus

## **Performance Management and TIP Projects**

The following provides a summary of the projects and SunTran transit program funding in the TIP that support meeting federally required performance measures specifically on the NHS and local transit system, including: safety; bridge and pavement condition; system performance; and

transit asset management and safety. In some cases, a project may support meeting more than one federal performance measure.

#### Safety (8 projects)

FM Number	Project	Limits	TIP Funding
2386481	SR 45 (U.S. 41)	Southwest 110th Street to North of SR 40	\$44,211,268

#### **APPENDIX E: PUBLIC NOTICE RECORDS**

#### AFFIDAVIT OF PUBLICATION

#### Star-Banner

Published – Daily Ocala, Marion County, Florida

#### STATE OF FLORIDA COUNTY OF MARION

Before the undersigned, a Notary Public of Said County and State,

\*\*Tim Karemoto\*\* who on oath says that they are an authorized employee of the Star-Banner, a daily newspaper published at Ocala, in Marion County, Florida; that the attached copy of advertisement, being a notice in the matter of

OCALA MARION TRANSPORTATION PLANNING ORGANIZATION The Ocala Marion TPO Draft Transportation Improvement Program TIP is available for public review and comment. The Ocala Marion Transportation Planning Organization TPO Transportation Improvement Progra

was published in said newspaper in the issues of:

5/4 1x

Affiant further says that the said STAR-BANNER is a daily newspaper published at Ocala, in said Marion County, Florida, and that the said newspaper has heretofore been continuously published in said Marion County, Florida, daily, and has been entered as second class mail matter at the post office in Ocala in said Marion County, Florida, for a period of one year next preceding the first publication of the attached copy of advertisement; and affiant further says that he has neither paid nor promised any person, firm or corporation any discount, rebate, commission or refund for the person of securing this advertisement for publication in the said newspaper.

OCALA MARION TRANSPORTATION PLANNING ORGANIZATION

The Ocala Marion TPO Draft Transportation Improvement Program (TIP) is available for public review and comment

The Ocala Marion Transportation Planning Organization (TPO) Transportation Improvement Program (TIP) is a five-year schedule of transportation improvements to be funded throughout the Metropolitan Planning Area, which includes all of Marion County. The TIP documents the anticipated timing and cost of transportation projects funded by federal, state and local sources. Projects in the TIP may include roadway construction, operations and reconstruction; bicycle and pedestrian; transit, aviation, and rail.

The Draft TIP for Fiscal Years 2021/2022 to 2025/2026 is available for public review and comment by accessing the TPO website at: https://localamariontpo.org/plans-and-programs/transportation-improvement-program-tip/

Please use the TPO Feedback Form at https://ocalamariontpo.org/public-involvement/tpo-feedback-form/ to provide comments by June 22, 2021. Or contact Rob Balmes, TPO Director at: 352-438-2631; rob.balmes@marionfl.org.

# Future road plan for Ocala/Marion starts with CR 484/I-75 refresh. What else made the list?

By Joe Callahan

Ocala Star-Banner

Most every day, early in the morning and again late in the afternoon, traffic on County Road 484 backs up for a mile or more on each side of Interstate

75. Sometimes, lines of cars trying to get on the interstate block the ones trying to get off.

And now that more development has launched in the area, especially in and near Marion Oaks, as well as the opening of the new Florida Crossroads Commerce Park just off that exit, traffic is only expected to get worse.

But help is on the way. The local Ocala Marion Transportation Planning Organization recently unveiled the draft of its five-year road construction plan, which spans from 2021-22 to 2025-26, and CR 484 interchange is on the top of the list.

The \$15.3 million project, which is being funded with mostly federal transportation dollars, will be include reworking CR 484 from Southwest 20th Street on the west side of I-75 to County Road 475A on the east side.

The project includes constructing and expanding turn lanes and improving traffic flow for through-lanes. The CR 475A intersection will be improved, as well. The project is scheduled to be completed by the beginning of 2023.

"It will be big improvement," said Rob Balmes, the local TPO director. "They're also going to ensure bicycle/pedestrian connectivity through that area too, with bike lanes and sidewalks so people can get through there with other modes of transportation."

That is one of the many projects scheduled in the Ocala Marion TPO's five-year draft plan, which was released early this month. The total \$335.1 million plan is for road improvement, bicycle/pedestrian trails and upgrades at Ocala International Airport.

"We're required to post the draft document for a minimum of 30 days so that we can solicit input and public feedback from both the citizens and our government partners, which include both federal and state," Balmes said.

# What other road projects are in the Ocala/Marion County plan?

The other big project will be a \$44.2 million widening of U.S. 41 north of Dunnellon to State Road 40.

State Road 40 is the most popular way to get to Dunnellon from Ocala, and that widening has been a top priority for the county for many years.

The project will expand U.S. 41, from Southwest 110th Street to State Road 40, from two to four lanes. The project includes a grass median, paved shoulders, sidewalks, driveway reconstruction and full and directional median openings.

That project is scheduled to kick off in 2023-24.

In Ocala, Mayor Kent Guinn said that he is pleased that plans are moving forward to connect the new Northwest 49th Street interchange from I-75 to State Road 200.

The five-year TPO plans includes more than \$57 million for the new interchange north of Ocala. That is the new interchange was needed to get trucks from the industrial areas onto I-75 much quicker.

Southwest: New 392-home community coming to State Road 200 corridor

**Southeast:** <u>Huge apartment/quadraplex/commercial development planned</u> off US 441

**Northwest:** Old-line family balks, but developer wants 207 homes in NW Marion

Northeast:320-home subdivision approved just north of Ocala

In the 2045 long range plan, in the locally funded portion of the document, it shows that within the next five years that there is funding for the Northwest 49th Street to connect to the State Road 200/Southwest 42nd Flyover intersection.

"This will be a tremendous help (to traffic flow)," Guinn noted.

There are also plans to spend, albeit in 2025-26, \$3.6 million at the overloaded U.S. 441/SE 17th Street intersection. The project includes the addition of a northbound left turn lane and a modified northbound right turn lane east of the 17th Street intersection.

The plan includes \$115.5 million worth of Interstate 75 projects, including the new interchange, \$62.8 million on U.S. highways, \$56.8 million in state and local highways, \$19.4 million for airport additions and \$13.6 million on bicycle/pedestrian paths.

To look at the lengthy plan go to the <u>Ocala Marion TPO</u> website at https://ocalamariontpo.org. Officials not that the long-range plan, through 2045, is subject to change.

According to the 2045 long range plan, which also includes local-only funded projects, here is what is planned from 2021-26:

## State/Federal funded roadways

**U.S. 41**, from Southwest 110th Street to north of State Road 40, add lanes and reconstruct.

**SR 40**, from end of four lanes to east of County Road 314, add lanes and reconstruct.

CR 484, from SW 20th Avenue to CR 475A ,interchange improvement.

SR 40, at SW 40th Ave and SW 27th Ave, add turn lanes.

**Intestate 75,** from end of NW 49th Street to end of NW 35th St, new Interchange.

SR 40, SR 40A (SW Broadway Street), traffic ops Improvement.

E SR 40, at SR 492, traffic signals.

**SR 40**, from SW 27th Ave to MLK Jr. Ave, safety project.

US 41/ Williams St., Brittan Alexander Bridge River Road, safety project.

**SR 25**, NW 35th St to SR 326, safety project.

CR 42, at SE 182nd, add turn lanes.

## Local funded projects

**SE Abshier Blvd**, SE Hames Road and north of SE Agnew Road, traffic signals.

**Emerald Road Extension**, from SE 92nd Loop to Florida Northern Railroad, new two-lane highway.

**NW 49th Street Extension**, from NW 44th Ave. to NW 35th Ave., new four-lane.

**NW 49th Street**, for 1.1 miles to west of NW 44th Ave., new two-lane.

**SW 49th/40th Avenue**, from SW 66th St. to the SW 42nd St Flyover, new divided four-lane highway.

**SW 49th Avenue**, from Marion Oaks Trail to CR 484, new four-lane highway.

**SW 90th Street**, from SW 60th Ave to 0.8 miles east of SW 60th Avenue, new two-lane road.

SW 60th Ave, at SW 90th St and SW 80th St, traffic signals.

CR 484, at Marion Oaks Blvd, add turn Lanes, modify signals.

### **Pedestrian/ Bicycle Investments**

Silver Springs State Park, pedestrian bridges.

**Pruitt Trail**, from SR 200 to Pruitt Trailhead, bike path and trail.

**Indian Lake Trail,** from Silver Springs State Park to Indian Lake Park, bike path and trail.

**Downtown Ocala Trail**, from SE Osceola Ave. to Silver Springs State Park, bike path and trail.

**SR 40**, from NW 27th Ave. to SW 7th Ave., sidewalks.

**Marion Oaks Sunrise/Horizon,** from Marion Oaks Golf Way to Marion Oaks Manor, sidewalks.

Saddlewood Elementary, sidewalks.

Legacy Elementary, sidewalks.

**Technological Investments** 

**Marion County/ Ocala ITS Operational Support,** ITS Communication System.

#### **APPENDIX F: PUBLIC COMMENTS**

# (June 1, 2021) Fiscal Years 2021/2022 to 2025/2026 Transportation Improvement Program Public and Partner Comment Summary

#### Public comments (through June 1, 2021) (5)

- (May 4, 2021) "The multi-use paths are extremely exciting and I cannot wait to use them; however, there is an issue with access to the SR 200 part of the paved path. There needs to be parking at 200 or a (less wide) paved path from SR 200 to the Ross Prairie Campground. People already park at the SR200 side even though there are tons of no parking signs; folks readily accept fines to park there. A linkup to RP Campground would also provide water/real restrooms which are not avail at Pruitt."
  - o TPO Response: Noted for public record. The citizen was thanked for the comment and informed it will become part of public record, shared with Marion County and included in the TIP document for future planning considerations.
- (May 4, 2021) "Need more parking with restrooms and water on the paved trail starting at 49th trailhead towards 200."
  - o TPO Response: Noted for public record. The citizen was thanked for the comment and informed it will become part of public record, shared with Marion County and included in the TIP document for future planning considerations.
- (May 13, 2021) CR 484
  - "What are the plans for improvements to CR 484 near I-75. Traffic backs up and causes serious delays"
    - o TPO Response: Please see the CR 484 at I-75 project in the TIP. Improvements to the interchange area also include turn lanes at SW 20<sup>th</sup> and CR 475A. The project is on schedule to start in 2021.
- (May 19, 2021) Project 4354842: Pruitt Trail

  "Is the map of the Pruitt Paved Trail accurate? It shows it starting at SR 200 and south
  Greenway boundary, continues along south boundary about half way, then slowly goes
  north to the Pruitt Trail head. This would be a welcome change by the equestrian
  community in the "Horse Capital of the Word". The older maps showed the paved trail
  using the existing lime rock road. The lime rock road is the most popular horse and
  wagon trail in Pruitt and also has horse Pavilion."
  - o TPO Response: Noted for public record. The citizen was thanked for the comment and informed it will become part of public record and included in the TIP document for future planning considerations. The TPO also notified the citizen that follow up coordination with Marion County is taking place to obtain

a general alignment map. Once made available, it will be shared with the citizen via email.

- (May 25, 2021, TPO Board Meeting) Project 4354842: Pruitt Trail "The next phase after this project is completed should be to create a safe underpass connection under SR 200."
  - o TPO Response: Noted for public record. Comment will be documented to support priority projects process and considerations for trail projects.

## Citizens Advisory Committee (CAC) project comments (May 11, 2021) (3)

- NW 27<sup>th</sup> Avenue Widening from US 27 to NW 35<sup>th</sup> Street to 4 lanes.
  - TPO Response: Noted for public record. This project is not currently identified in the TIP or 2045 Long Range Transportation Plan (LRTP) Needs Plan. TPO will send this suggestion to the City of Ocala and maintain on file for future LRTP project list opportunities.
- CR 484 Complete full connection from SW 49<sup>th</sup> Avenue to SW 20<sup>th</sup> Avenue.
  - TPO Response: Noted for public record. This project is not currently identified in the TIP or 2045 Long Range Transportation Plan (LRTP) Needs Plan. TPO will send this suggestion to Marion County and maintain on file for future LRTP project list opportunities.
- CR 484 Improvements to the turn lanes are needed at CR 475A as part of the interchange project.
- 80<sup>th</sup> Avenue the Future of 80<sup>th</sup> corridor. What are the plans of Marion County?
  - o TPO Response: Noted for public record. The TPO will pass this comment on to Marion County. This project is not in the draft TIP.

### Federal Highway Administration (FHWA) Comments (6)

	Page #	Comment Type	Comment Description
1		Critical	Demonstration of explicit consideration and response to public input. 23 CFR 450.316(a)(1)(vi) This is found as part of the PPP but not HOW this is done.

**TPO Response:** Text was added on page 1-3, Public Involvement, summarizing how responses were made to public and agency comment. This includes specific responses to comments as to how they will be incorporated and/or addressed in the TIP document. In some cases, follow up responses to a public comment with further information about a project or process were also described.

**TPO Response:** As outlined in comment 1, all comments were fully addressed, including more

significant comments requiring research, information gathering or follow up with FDOT or local staff members regarding projects. This information has been gathered and is included in Appendix F.

Other It is not clearly stated that Construction Engineering and Inspection (CEI) is included in the listed construction cost.	3	8
--	---	---

**TPO Response:** It is a general understanding by the TPO that CEI is included with the Construction Cost phase of all applicable projects in the TIP. The TPO followed up further with FDOT District 5, but has not yet received confirmation. This issue will be resolved with FDOT prior to adoption.

4	Other	The TIP is required to contain all regionally significant projects regardless of funding source. Did the MPO to collect this information? 23 CFR 450.324(d)
---	-------	---

**TPO Response:** The CFR cited is not associated with regionally significant projects. This CFR is applicable to the LRTP. All projects within Marion County of regional significance are within the draft TIP document.

5	Critical	The estimated total project cost(s), which may extend beyond the timeframe of the TIP is not shown. 23 CFR 450.326(g)(2) Project with design funds did not include future cost.
---	----------	---

**TPO Response:** The following projects were identified as requiring updates to include estimated total costs beyond the current TIP timeframe. These include projects that involve only right-of-way, design or PE and no construction funding in this TIP.

- 4106742: SR 40, End of 4 lanes to East of CR 314A Total Project Cost is listed in the TIP project page (page 5-31) FDOT confirmed total cost (is in Project Page, Page 5-31)
- 4336521: SR 40 Intersections at SW 40th Avenue and SW 27th Avenue FDOT confirmed total cost (added to project page) Current total Cost is \$10.1 Million (added on page 5-34)
- 4367561: Downtown Ocala Trail from SE Osceola Avenue to Silver Springs State Park –
   City of Ocala has not yet confirmed total cost
- 4367551: Indian Lake Trail from Silver Springs State Park to Indian Lake State Park –
   Marion County has not yet confirmed total cost

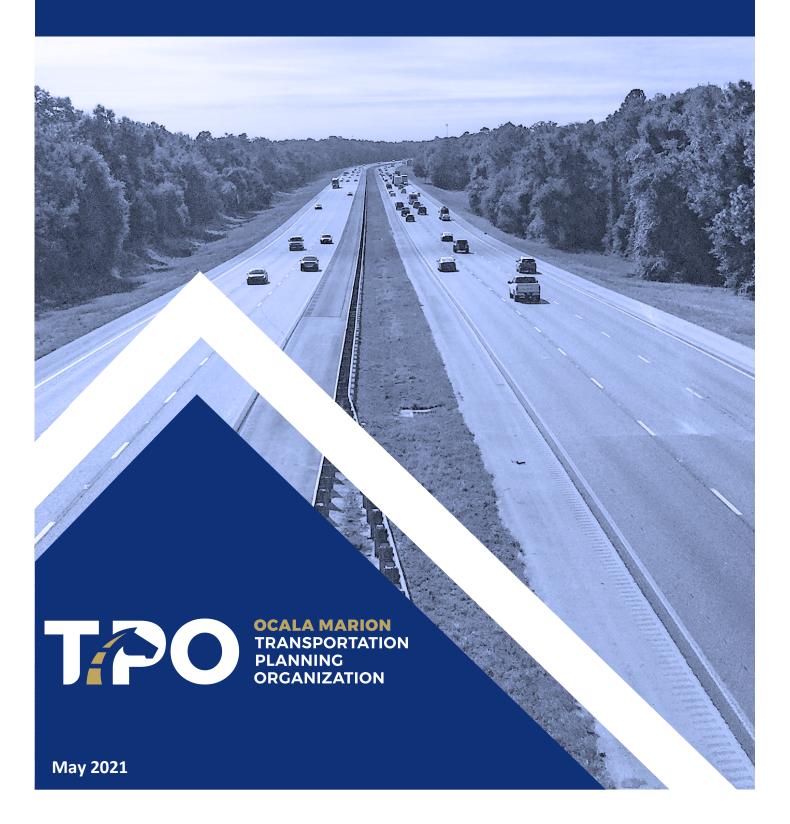

4408801: Marion Oaks-Sunrise/Horizon- Marion Oaks Golf Way to Marion Oaks Manor
 Marion County has not yet confirmed total cost

6
---

**TPO Response:** Appendix H provides a summary of TIP major projects from the last TIP either implemented, in progress or delayed. This appendix is referenced on page 5-1. Since the draft document was released further information was provided in the appendix as to the status of the projects. The appendix also displays major projects and associated funding changes from the prior TIP to current TIP.

# **APPENDIX G: GLOSSARY OF TERMS AND ACRONYMS**

# Glossary of Terms and Acronyms

ACRYONYM	NAME	DESCRIPTION
3-C	Comprehensive, Continuing and Cooperative	A Comprehensive, Continuing and Cooperative (3C) process is required for all Metropolitan Planning Organizations to be eligible for Federal transportation funding.
ACS	American Community Survey	The American Community Survey is an ongoing survey that provides vital information on a yearly basis about our nation and its people.
ADA	Americans with Disabilities Act	The Americans with Disabilities Act prohibits discrimination against people with disabilities in employment, transportation, public accommodation, communications, and governmental activities.
ATMS	Automated Traffic Management System	ATMS is used to improve the efficiency of the transportation network. It utilizes data-analysis and communication technology to reduce congestion in real-time due to crashes and other traffic problems.
BEA	Bureau of Economic Analysis	Federal agency within the Department of Commerce that provides economic data and projections
BLS	Bureau of Labor Statistics	Federal agency within the Department of Labor that tracks federal employment data
BTS	Bureau of Transportation Statistics	The Bureau of Transportation Statistics was established as a statistical agency in 1992. The Intermodal Surface Transportation Efficiency Act (ISTEA) of 1991 created BTS to administer data collection, analysis, and reporting and to ensure the most cost-effective use of transportation-monitoring resources.
CAAA	Clean Air Act Amendments of 1990	The original Clean Air Act was passed in 1963, but the national air pollution control program is actually based on the 1970 revision of the law. The Clean Air Act as amended in 1990 made major changes and contains the most far reaching revisions of the 1970 law.
CAC	Citizen Advisory Committee	The Citizens Advisory Committee (CAC) advises the TPO on local transportation issues based on the input of citizens they represent in the area. The TPO strives to keeps the composition of the CAC diverse in terms of geographic location and professions represented. (reworded)
CBSA	Core Based Statistical Areas	CBSAs consist of the county or counties or equivalent entities associated with at least one core (urbanized area or urban cluster) of at least 10,000 population, plus adjacent counties having a high degree of social and economic integration with the core. Social and economic integration is measured in the form of commuting and other reoccurring travel. (reworded)
CFMPOA	Central Florida Metropolitan Planning Organization Alliance	A partnership of Transportation Planning Organizations in Central Florida created to provide transportation solutions throughout the region.
CFR	Code of Federal Regulations	The codification of the rules published in the Federal Register by the executive departments and agencies of the Federal Government. These are the administrative rules and regulations that clarify the impact of the United States Code (USC) or the law.

ACRYONYM	NAME	DESCRIPTION
CFRPM	Central Florida Regional Planning Model	Travel demand forecasting tool used by numerous planning agencies throughout central Florida.
CMAQ	Congestion Mitigation and Air Quality Improvement Program	The CMAQ program funds transportation projects and programs in air quality non-attainment and maintenance areas that reduce traffic congestion and transportation related emissions (ozone, carbon monoxide, particulate matter, etc.)
СМР	Congestion Management Process	A systematic approach required in transportation management areas (TMAs) that provides for effective management and operation. Provides information on transportation system performance and finds alternative ways to alleviate congestion and enhance the mobility of people and goods, to levels that meet state and local needs.
CTC	Community Transportation Coordinator	Community Transportation Coordinators are businesses or county departments responsible for arrangement of transportation services delivered to the transportation disadvantaged. (Definition taken from Lee MPO - http://leempo.com/programs-products/transportation-disadvantaged/)
CTD	Commission for the Transportation Disadvantaged	Created in 1989, the CTD was created to provide statewide policy guidance to Florida's Transportation Disadvantaged Program, which coordinates funs to provide older adults, persons with disabilities and people with limited access to employment, health care and educational opportunities. (Definition taken from NCFRPC - http://www.ncfrpc.org/TD/td.html)
СТРР	Census Transportation Planning Products	The CTPP is a set of special tabulations designed by and for transportation planners using large sample surveys conducted by the Census Bureau.
CTST	Community Traffic Safety Team	An organization created to inform the public about transportation safety issues. Major events conducted by the Marion County CTST include "Walk Your Child to School Day", a mock DUI scenario, and a Battle of the Belts competition.
DBE	Disadvantaged Business Enterprise	The DBE program ensures that federally-assisted contracts for transportation projects are made available for small businesses owned/controlled by socially and economically disadvantaged individuals (Definition taken from FHWA - https://www.fhwa.dot.gov/civilrights/programs/dbe/)
DOPA	Designated Official Planning Agency	An agency that assists the Florida Commission for the Transportation Disadvantaged (CTD) in the coordination of safe, efficient, cost effective transportation services to those who are transportation disadvantaged. (Definition taken from CTD - https://ctd.fdot.gov/communitytransystem.htm)
DRI	Development of Regional Impact	A large-scale development project that may impact multiple counties or jurisdictions

ACRYONYM	NAME	DESCRIPTION
EIS	Environmental Impact Statement	Report developed as part of the National Environmental Policy Act requirements, which details any adverse economic, social, and environmental effects of a proposed transportation project for which Federal funding is being sought.
EPA	Environmental Protection Agency	The federal regulatory agency responsible for administering and enforcing federal environmental laws, including the Clean Air Act, the Clean Water Act, the Endangered Species Act, and others.
ETDM	Efficient Transportation Decision Making	Developed by the Florida Department of Transportation (FDOT) to streamline the environmental review process, ETDM helps protect natural resources by involving stakeholders early in the transportation planning process. Specifically, ETDM is used to identify what impacts may occur from planned transportation projects.
FAA	Federal Aviation Administration	FAA provides a safe, secure, and efficient global aerospace system that contributes to national security and the promotion of US aerospace safety.
FAST Act	Fixing America's Surface Transportation Act	The Fixing America's Surface Transportation (FAST) Act is five-year legislation that was enacted into law on December 4, 2015. The main focus of the legislation is to improve the Nation's surface transportation infrastructure, including our roads, bridges, transit systems, and rail transportation network.
FDOT	Florida Department of Transportation	Originally named the Florida State Road Department, the Florida Department of Transportation (FDOT) was created in 1969. FDOT's mission is to ensure the mobility of people and goods, enhance economic prosperity, and preserve the quality of the environment and community (Definition taken from State of Florida-https://jobs.myflorida.com/go/Department-of-Transportation/2817700/)
FHWA	Federal Highway Administration	A branch of the U.S. Department of Transportation that administers the federal-aid highway program, providing financial assistance to states to construct and improve highways, urban and rural roads, and bridges.
FMTP	Freight Mobility and Trade Plan	FDOT's Freight Mobility and Trade Plan (FMTP) defines policies and investments that will enhance Florida's economic development into the future.
FSUTMS	Florida Standard Urban Transportation Modeling Structure	FSUTMS is a computerized planning model that allows users to better predict the impact of transportation policies and programs by providing a standardized framework for the development, use and sharing of models.
FTA	Federal Transit Administration	A branch of the U.S. Department of Transportation that administers federal funding to transportation authorities, local governments, and states to support a variety of locally planned, constructed, and operated public transportation systems throughout the U.S., including buses, subways, light rail, commuter rail, streetcars, monorail, passenger ferry boats, inclined railways, and people movers.

NAME	DESCRIPTION
Florida Transportation Plan	Florida's long-range plan that guides current transportation decisions. The plan outlines transportation issues and solutions related to improving safety, efficiency, population growth, economic development, and access to transit and other modes of transportation.
Fiscal Year/Federal Fiscal Year	The TPO's Fiscal Year is from July 1-June 30. The Federal Fiscal Year is from Oct 1-Sept 30. (Confirming that these are our TPO's fiscal year dates too?)
Geographic Information System	Computerized data management system designed to capture, store, retrieve, analyze, and display geographically referenced information.
Interstate Highway System	The specially designated system of highways, begun in 1956, which connects the principal metropolitan areas, cities, and industrial centers of the United States.
High-Occupancy Vehicle	Vehicles carrying two or more people.
Highway Safety Improvement Program	The goal of the program is to achieve a significant reduction in traffic fatalities and serious injuries on all public roads, including non-Stateowned public roads and roads on tribal lands.
Department of Housing and Urban Development	HUD's mission is to increase homeownership, support community development and increase access to affordable housing free from discrimination. HUD's Community Development Block Grant Program (CDBG) is a program with many resources that are used to help address a wide array of community development needs, including sidewalks and other transportation infrastructure.
International Roughness Index	International Roughness Index is used by transportation professionals around the world as a standard to quantify road surface roughness. IRI is highly useful for assessing overall roadway pavement ride quality; a higher IRI value indicates a rougher road surface.
Intelligent Transportation Systems	Electronics, photonics, communications, or information processing used singly or in combination to improve the efficiency or safety of a surface transportation system.
Level of Service	Level of Service is a term that describes the operating conditions a driver, transit users, bicyclist, or pedestrian will experience while traveling on a particular street, highway or transit vehicle. LOS is used in transportation planning as a data friendly tool to help aid in the decision making process regarding road capacity. LOS data allows planners to make more informed decisions regarding transportation projects.
List of Priority Projects	The List of Priority Projects (LOPP) is a formalized list developed each year by the TPO in collaboration with local government partners. The LOPP contains the highest priorities for future transportation projects and investments to receive consideration for federal and state funding.
	Florida Transportation Plan  Fiscal Year/Federal Fiscal Year  Geographic Information System  Interstate Highway System  High-Occupancy Vehicle  Highway Safety Improvement Program  Department of Housing and Urban Development  International Roughness Index  Level of Service

ACRYONYM	NAME	DESCRIPTION
LRTP/MTP	Long-Range Transportation Plan (also known as a Metropolitan Transportation Plan)	A document resulting from regional or statewide collaboration and consensus on a region's transportation system. It serves as the defining vision for the region's transportation systems and services. The LRTP addresses a planning horizon of no less than a 20-years and is developed, adopted, and updated every five years by the TPO. The most recent LRTP was adopted in December 2015. The plan can be viewed on the TPO website at: https://ocalamariontpo.org/plans-and-programs/long-range-transportation-plan-lrtp/
LOTTR	Level of Travel Time Reliability	The Level of Travel Time Reliability (LOTTR) is the ratio of the 80th percentile travel time to the normal travel time (50th percentile) throughout a full calendar year. Data for this measure is derived from the FHWA National Performance Management Research Data set (NPMRDS).
MAP-21	Moving Ahead for Progress in the 21st Century	The Moving Ahead for Progress in the 21st Century Act (P.L. 112-141), was signed into law in 2012. Funding surface transportation programs at over 105 billion for fiscal years (FY) 2013 and 2014, MAP-21 is the first long-term highway authorization enacted since 2005. MAP-21 creates a streamlined and performance-based surface transportation program and builds on many of the highway, transit, bike, and pedestrian programs and policies established in 1991.
MPA	Metropolitan Planning Area	The geographic area determined by agreement between the transportation planning organization (TPO) for the area and the Governor, in which the metropolitan transportation planning process is carried out.
МРО	Metropolitan Planning Organization	An MPO, also known as a TPO, is a forum for cooperative transportation decision-making for metropolitan planning areas. In order for a TPO to be designated, an urban area must have a population of at least 50,000 as defined by the US Census Bureau.
MPOAC	Metropolitan Planning Organization Advisory Council	A planning and policy organization created to assist individual MPO/TPOs across Florida in building a more collaborative transportation planning process.
MSA	Metropolitan Statistical Areas	Are (?) Core Based Statistical Areas associated with at least one urbanized area that has a population of at least 50,000. The metropolitan statistical area comprises the central county or counties or equivalent entities containing the core, plus adjacent outlying counties having a high degree of social and economic integration with the central county or counties as measured through commuting.
NTD	National Transit Database	The National Transit Database (NTD) is the repository of data for the financial, operating and asset conditions of the nation's transit systems.
NEPA	National Environmental Policy Act of 1969	Established requirements that any project using federal funding or requiring federal approval, including transportation projects, examine the effects of proposed and alternative choices on the environment before a federal decision is made.
NHPP	National Highway Performance Program	The NHPP provides support for the condition and performance of the National Highway System (NHS), for the construction of new facilities on the NHS.

ACRYONYM	NAME	DESCRIPTION
NHPP (Bridge)	National Highway Performance Program (Bridge)	Reconstruction, resurfacing, restoration, rehabilitation, or preservation of a bridge on a non-NHS Federal-aid highway (if Interstate System and NHS Bridge Condition provision requirements are satisfied) [23 U.S.C. 119(i)]
NHS	National Highway System	This system of highways designated and approved in accordance with the provisions of 23 U.S.C. 103b). (23CFR500)
PD&E	Project Development and Environmental Study	A study conducted to determine feasible building alternatives for transportation projects and their social, economic and environmental impacts. PD&E studies are required per the National Environmental Policy Act (NEPA). (Definition taken from FDOT, District 7 - https://www.fdotd7studies.com/what-is-a-pde-study.html)
PEA	Planning Emphasis Area	Planning Emphasis Areas set planning priorities that are supportive of the statewide Florida Transportation Plan (FTP), and give importance to topics that all MPOs are encouraged to address in their respective planning programs.
PM	Performance Management	Performance Management (PM) serves as federally required strategic approach that uses system data and information guide investment and policies to achieve national goals.
PPP	Public Participation Plan	The Public Participation Plan documents the goals, objectives and strategies for ensuring all individuals have every opportunity to be involved in transportation planning decisions. The plan is designed to provide a transparent planning process that is free from any cultural, social, racial or economic barriers and offers multiple opportunities for public participation and input.
PTASP	Public Transportation Agency Safety Action Plan	A plan that is developed by transit agencies to identify responsibilities for safety and day to day implementation of a safety management system.
RPC	Regional Planning Council	Organizations designated by Florida law to provide planning and technical expertise to local governments in order to promote regional collaboration.
SHSP	Strategic Highway Safety Plan	This is a statewide-coordinated safety plan that provides a comprehensive framework for eliminating highway fatalities and reducing serious injuries on all public roads.
SIS	Strategic Intermodal System	A network of transportation facilities important to the state's economy and mobility. The SIS was created to focus the state's limited resources on the facilities most significant for interregional, interstate and international travel (Definition taken from FDOT - https://www.fdot.gov/planning/sis/default.shtm)
SOV	Single-Occupancy Vehicle	Any motor vehicle operated or driven by a single person.

ACRYONYM	NAME	DESCRIPTION
STBG	Surface Transportation Block Grant Program	The STBG promotes flexibility in State and local transportation decisions and provides flexible funding to best address State and local transportation needs.
STIP	Statewide Transportation Improvement Program	The STIP is a statewide prioritized listing/program of transportation projects covering a period of four years that is consistent with the long-range statewide transportation plan, metropolitan transportation plans, and TIPs, and required for projects to be eligible for funding under title 23 U.S.C. and title 49 U.S.C. Chapter 53
STP	Surface Transportation Program	Federal-aid highway funding program that supports a broad range of surface transportation capital needs, including many roads, transit, sea and airport access, vanpool, bike, and pedestrian facilities.
TAC	Technical Advisory Committee	The Technical Advisory Committee provides technical expertise to the TPO by reviewing transportation plans, programs and projects primarily from a technical standpoint. The TAC is comprised of professional planners, engineers, and school officials.
TAMP	Transportation Asset Management Plan	The TAMP outlines the process for effectively operating, maintaining and improving the physical transportation assets in Florida (e.g., roads, bridges, culverts).
TAZ	Traffic Analysis Zone	A defined geographic area used to tabulate traffic-related land use data and forecast travel demand. Traffic Analysis Zones typically consist of one or more Census blocks/tracts or block groups.
TD	Transportation Disadvantaged	Transportation Disadvantaged includes individuals with physical and economic challenges and seniorcitizens facing mobility issues.
TDLCB	Transportation Disadvantaged Local Coordinating Board	The TDLCB coordinates transportation needs of the disadvantaged, including individuals with physical and economic challenges and senior citizens facing mobility issues. The Board helps the TPO identify local service needs of the Transportation Disadvantaged (TD) community to the Community Transportation Coordinator (CTC).
TDM	Transportation Demand Management	Programs designed to reduce demand for transportation through various means, such as the use of public transit and of alternative work hours.

ACRYONYM	NAME	DESCRIPTION
TDP	Transit Development Plan	The Transit Development Plan (TDP) represents the community's vision for public transportation in the Ocala Marion TPO service area for a 10-year span. Updated every five years, the Plan provides a comprehensive assessment of transit services in Marion County. Specifically, the TDP details SunTran's transit and mobility needs, cost and revenue projections, and community transit goals, objectives, and policies.
TIGER	Transportation Investment Generating Economic Recovery	The TIGER Discretionary Grant program, provides a unique opportunity for the DOT to invest in road, rail, transit and port projects that promise to achieve national objectives. (Definition taken from USDOT- www. transportation.gov/tiger/about)
TIP	Transportation Improvement Program	A TIP is a prioritized listing/program of transportation projects covering a period of five years that is developed and formally adopted by a TPO as part of the metropolitan transportation planning process, consistent with the metropolitan transportation plan, and required for projects to be eligible for funding under title 23 U.S.C. and title 49 U.S.C. Chapter 53.
TMA	Transportation Management Area	An urbanized area with a population over 200,000 (as determined by the latest decennial census) or other area when TMA designation is requested by the Governor and the TPO (or affected local officials), and officially designated by the Administrators of the FHWA and FTA. The TMA designation applies to the entire metropolitan planning area.
TMIP	Travel Model Improvement Program	TMIP supports and empowers planning agencies through leadership, innovation and support of planning analysis improvements to provide better information to support transportation and planning decisions.
TOD	Transit Oriented Development	Transit-oriented development, or TOD, is a type of community development that includes a mixture of housing, office, retail and/or other amenities integrated into a walkable neighborhood and located within a half-mile of quality public transportation. (Definition taken from Reconnecting America-www.reconnectingamerica.org.)
TPM	Transportation Performance Management	FHWA defines Transportation Performance Management as a strategic approach that uses system information to make investment and policy decisions to achieve national performance goals.
ТРО	Transportation Planning Organization	A TPO, also known as an MPO, is a forum for cooperative transportation decision-making for metropolitan planning areas. In order for a TPO to be designated, an urban area must have a population of at least 50,000 as defined by the US Census Bureau.
TRB	Transportation Research Board	The mission of the Transportation Research Board (TRB) is to promote innovation and progress in transportation through research.
TRIP	Transportation Regional Incentive Program	Created in 2005, the program provides state matching funds to improve regionally significant transportation facilities
TTTR	Truck Travel Time Reliability Index	The Truck Travel Time Reliability Index (TTTR) is defined as the ratio of longer truck travel times (95th percentile) compared to normal truck travel times (50th percentile) on the interstate system.
UA	Urbanized Area	A statistical geographic entity delineated by the Census Bureau, consisting of densely settled census tracts and blocks and adjacent densely settled territory that together contain at least 50,000 people.

ACRYONYM	NAME	DESCRIPTION
ULB	Useful Life Benchmark	The expected lifecycle or the acceptable period of use in service for a transit capital asset, as determined by the transit agency or by a default benchmark provided by the Federal Transit Administration.
UPWP	Unified Planning Work Program	UPWP means a Scope of Services identifying the planning priorities and activities to be carried out within a metropolitan planning area. At a minimum, a UPWP includes a description of planning work and resulting products, who will perform the work, time frames for completing the work, the cost of the work, and the source(s) of funds.
USC	United States Code	The codification by subject matter of the general and permanent laws of the United States.
USDOT	United States Department of Transportation	When used alone, indicates the U.S. Department of Transportation. In conjunction with a place name, indicates state, city, or county transportation agency.
YOE	Year of Expenditure	The current dollar in the year (adjusted for inflation) during which an expenditure is made or benefit realized, such as a project being constructed.
VMT	Vehicle Miles Traveled	A measurement of miles traveled by vehicles within a specified region for a specified time period. (Definition taken from Wikipedia)

# APPENDIX H: MAJOR PROJECT CHANGES FROM PRIOR TIP

# **Major Project Changes**

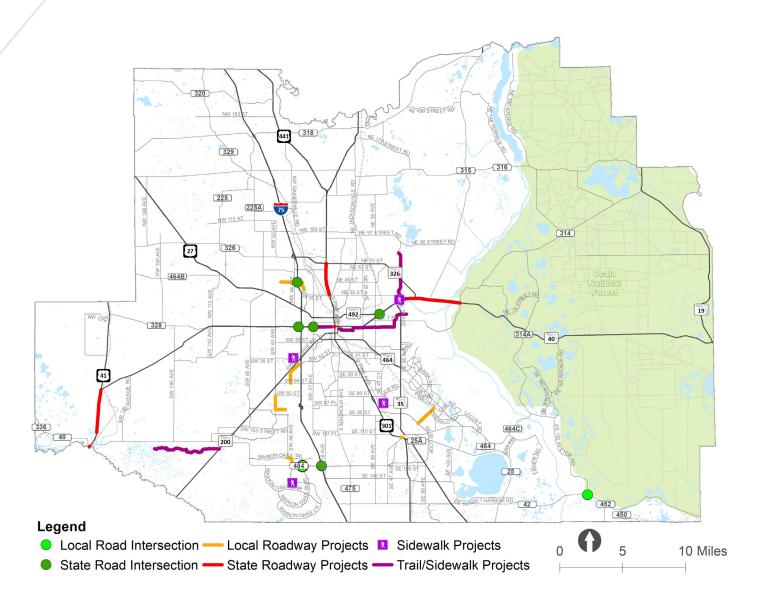

Major projects include TIP funded improvements to transportation facilities in Marion County that serve regional needs. The following lists summarize major projects that were listed in the previous FY 2020/2021 to FY 2024/2025 TIP and their respective status toward implementation. The status of these projects are identified as construction, delayed or completed. Changes to funding are also noted for major projects funded in both the previous TIP (FY 20/21 to 24/25) and the current FY 2021/2022 to FY 2025/2026 TIP.

	Major Projects in Construction, Delayed or Implemented								
Project									
Number/FM	Project Description	Total Project Cost	<b>Project Status</b>						
4411361	US 301 from CR 25A to US 301/US 441 Resurfacing	\$21,395,079	Construction 2021						
4458021	US 301 Median Access from NW 35th to SR 326	\$2,604,273	Construction 2021						
4413661	SR 40 from SW 27th to MLK Jr. Median Access	\$1,005,666	Completion 2021						
4336511	CR 484 from SW 20th to CR 475A	\$21,519,132	Construction 2021						

Major Projects - Funding Changes								
Project		Changes from 20/21						
Number/FM	Project Description	to 24/25 TIP	Change in Funding					
4453211	Wildwood Mainline Weigh In Motion (WIM)	Funding Increase	\$2,091,373					
4336601	US 441 at SR 464	Funding Increase	\$3,199,243					
4336611	US 441 from SR 40 to SR 40A	Funding Decrease	-\$1,603,444					
4106742	SR 40 from End of Four Lanes to East of CR 314A	Funding Decrease	-\$5,181,957					
4336511	CR 484 from SW 20th to CR 475A	Funding Increase	\$4,078,864					
4392341	SR 200 from I-75 to US 301	Funding Decrease	-\$1,254,072					
4411411	SR 464 from US 301 to SR 35	Funding Decrease	-\$1,514,432					

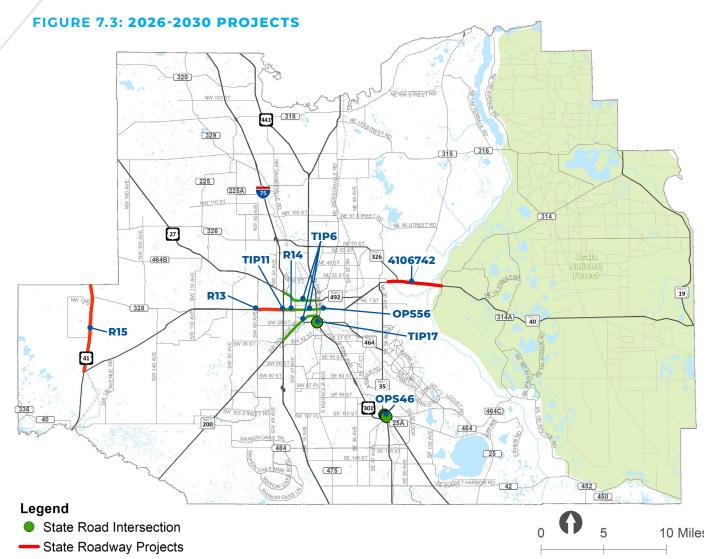

# APPENDIX I: LIST OF PROJECTS IN THE 2045 LONG RANGE TRANSPORATION PLAN (LRTP)

#### FIGURE 7.2: 2021-2025 PROJECTS

**TABLE 7.2: 2021-2025 PROJECTS** 

PROJECT TYPE	FACILITY	FROM	то	IMPROVEMENT
	SR 45 (US 41)	SW 110TH St	N of SR 40	Add Lanes & Reconstruct
	SR 40	End of 4 Lanes	E of CR 314	Add Lanes & Reconstruct
	CR 484	SW 20TH Ave	CR 475A	Interchange Improvement
	SR 40	at SW 40th Ave and SW 27th Ave		Add Turn Lane(s)
	I-75(SR 93)	End of NW 49th St	End of NW 35th St	New Interchange
State/Federal Funded Roadway Investmens	US 441	SR 40	SR 40A (SW Broadway)	Traffic Ops Improvement
	E SR 40	At SR 492		Traffic Signals
	SR 40	SW 27th Ave	MLK Jr. Ave	Safety Project
	US 41/Williams St	Brittan Alexander Bridge	River Rd	Safety Project
	SR 25	NW 35th St	SR 326	Safety Project
	CR 42	at SE 182ND		Add Turn Lane(s)
	SE Abshier Blvd	SE Hames Rd	N of SE Agnew Rd	Traffic Signals
	Emerald Road Extension	SE 92nd Loop	Florida Northern Railroad	New 2 Lane
	NW 49th Street Ext	NW 44th Ave	NW 35th Ave	New 4 Lane
Local Funded	NW 49th Street	1.1 miles west of NW 44th Ave	NW 44th Ave	New 2 Lane
Roadway Investments	SW 49th/40th Ave	SW 66th St	SW 42nd St Flyover	New 4 Lane divided
	SW 49th Ave	Marion Oaks Trail	CR 484	New 4 Lane
	SW 90th St	SW 60th Ave	0.8 miles E of SW 60th Ave	New 2 Lane
	SW 60th Ave	SW 90th St	SW 80th St	Traffic Signals
	CR 484	at Marion Oaks Blvd		Add Turn Lanes, Modify Signals
	Silver Springs State F	Park		Pedestrian Bridges
	Pruitt Trail	SR 200	Pruitt Trailhead	Bike Path/Trail
	Indian Lake Trail	Silver Springs State Park	Indian Lake Park	Bike Path/Trail
Pedestrian/ Bicycle	Downtown Ocala Trail	SE Osceola Ave	Silver Springs State Park	Bike Path/Trail
Investments	SR 40	NW 27th Ave	SW 7th Ave	Sidewalks
	Marion Oaks- Sunrise/Horizon	Marion Oaks Golf Way	Marion Oaks Manor	Sidewalks
	Saddlewood Elemen	tary Sidewalks		Sidewalks
	Legacy Elementary S	Sidewalks		Sidewalks
Technological Investments	Marion County/ Ocal	a ITS Operational Support		ITS Communication System

### **TABLE 7.3: 2026-2030 PROJECTS**

FUNDING	ID	FACILITY	FROM	то	PROJECT DESCRIPTION

**RE:** Draft 2021 List of Priority Projects (LOPP)

As a follow up to the May 11 CAC meeting to discuss the draft 2021 LOPP, please find included with this memo a revised version of the document. Based on feedback received by TPO staff at the May 25 TPO Board meeting, some revisions to the draft LOPP have been made per the request of board members and technical staff.

Please plan to attend the CAC meeting discuss the 2021 LOPP. The goal of this process is for the CAC to endorse the 2021 LOPP and recommend adoption by the TPO Board at the June 22 meeting.

If you have any questions regarding the revised draft LOPP, please contact me at: 438-2631.

**RE:** List of Regional Priority Projects

In collaboration with the Central Florida MPO Alliance (CFMPOA), the TPO is required to submit an updated list of regionally significant transportation priority projects by June 30. The following outlines the project lists that require TPO action and recommendations. Included with this memo are the current and proposed regional priority lists with Ocala/Marion projects highlighted.

### **Transportation Regional Incentive Program (TRIP)**

As background, the purpose of TRIP is to encourage partnerships for transportation projects that are regionally significant. TRIP funds are awarded by the Florida Department of Transportation (FDOT) and are used to match local or regional funds up to 50% of the total project costs. The TRIP serves as a matching program to leverage investments in projects with substantial local/regional commitment. There must be a 50% match commitment and endorsement of the project by three contiguous counties to receive consideration.

In 2020, the TPO submitted two projects for submission to the CFMPOA TRIP Priority List.

- Marion Oaks Manor Extension Marion Oaks Manor to CR 42 Flyover at I-75
- County Road 484 SW 49th Avenue to <del>SW 20th Avenue Road CR 475A</del>

**Action Required**: The TPO is seeking CAC input and recommendations on updating, replacing or adding projects to the regional TRIP list.

### Strategic Intermodal System (SIS) Needs

The current SIS Needs list is based on existing unfunded needs to support improvements in Marion County. Currently, four projects are listed in Marion County.

- SR 40 End of Four Lanes to CR 314
- I-75 Interchange at US 27
- SR 40 from CR 314 to CR 314A
- CR 314A to Levy Hammock Road

**Action Required**: The TPO is recommending to maintain the SIS Needs list until FDOT has completed their update process to the SIS Cost Feasible Plan over the next 1 to 2 years.

#### **Tier 3 SunTrail Projects**

The current Tier 3 SunTrail regional projects list contains two projects in Marion County.

- Silver Springs to Mount Dora Part of Heart of Florida Trail
- Santos to Baseline Trail Santos Trailhead Part of Heart of Florida Trail

**Action Required**: The TPO is recommending to maintain the two projects on the list, and add two new projects that serve as part of a future regional and statewide network.

- Pruitt Trail Pruitt Trailhead to Bridges Road Trailhead Part of Heart of Florida Trail
- Nature Coast Connector Dunnellon to Chiefland Part of the Nature Coast Trail

A regional trail network map derived from the TPO Regional Trails Facilities Plan is included with this memo for reference.

If you have any questions or concerns prior to the meeting about the regional priority lists, please contact me at 438-2631.

**RE:** Congestion Management Process Update and Review

In February, the TPO kicked-off a major update to the Congestion Management Process (CMP). Over the past 3 months, our consultant team Kimley-Horn has been analyzing data and information. As a follow up to a presentation at the April 13 CAC meeting, Amber Gartner of Kimley-Horn will provide a status update on the project and take any questions or comments. Included with this memo is map of the CMP roadway network. Please come ready to the TAC meeting with your feedback.

Based on the project schedule, a draft CMP document will be provided to the CAC at the August 10 meeting for a 30-day review. The CAC will then be asked to endorse the final CMP document at the October 12 meeting.

If you have any questions or concerns about the CMP project, please contact me at 438-2631.

**RE:** Transportation Resilience Guidance Paper

Transportation Resiliency is the ability to adapt to changing conditions and recovery from disruptions, such as major weather events. The impacts from both natural and human-related events can have significant and unexpected impacts to the transportation system.

As part of the Fixing America's Surface Transportation (FAST) Act, TPO/MPO's have been directed to expand their focus on resiliency of the transportation system to include activities that reduce stormwater runoff and strategies to reduce the vulnerability of existing infrastructure to natural disasters. More specifically, the U.S. Code of Federal Regulations [23CFR 450.306(b)(b)] outlines the role of TPO/MPO's to "Improve the resiliency and reliability of the transportation system and reduce or mitigate stormwater impacts of surface transportation".

The Federal Highway Administration (FHWA) and Florida Department of Transportation (FDOT) include resilience as a core emphasis area for TPO/MPO's to incorporate into planning activities in Fiscal Years 2021 and 2022. Additionally, resilience is anticipated to become an integral part of the next federal reauthorization, which is likely to occur by September 2021.

MPO's in Florida and state DOT's around the nation have been conducting resiliency planning and vulnerability assessments to better understand the risks to the transportation system from disruptions and major weather events. The TPO is proposing to develop a guidance paper that provides further understanding of resiliency; the role of the Ocala Marion TPO and its local partners in the planning process related to resiliency; a summary of major vulnerability issues to consider in Marion County; and recommended actions to integrate resiliency into the TPO/MPO planning process.

The TPO will discuss further this guidance paper at the committee meeting on June 8, and ask for feedback. If you have any immediate questions or concerns, please contact me at 438-2631.

#### **Citizens Advisory Committee (CAC) Meeting**

Marion County Library Headquarters – Meeting Room C 2710 E. Silver Springs Blvd., Ocala, FL 34470 May 11, 2021 1:00 PM

#### **MINUTES**

#### **Members Present:**

Davis Dinkins (via WebEx)
Michelle Shearer
Paul Marraffino
Richard Howard
Richard McGinley
Steve Rudnianyn
Suzanne Mangram
Travis Magamoll

#### **Members Not Present:**

Clark Yandle Joe London

#### **Others Present:**

Rob Balmes Liz Mitchell Shakayla Irby Rakinya Hinson, FDOT (via WebEx)

#### Item 1. Call to Order and Roll Call

Chairman Steve Rudnianyn called the meeting to order at 1:06pm and called the roll, there was a quorum present.

#### **Item 2. Proof of Publication**

Secretary Shakayla Irby stated the meeting had been published online to the TPO's website, as well as the City of Ocala, Belleview, Marion County, and Dunnellon's websites on May 4, 2021. The meeting had also been published to the Star Banner news calendar, and the TPOs Facebook and Twitter pages.

## Item 3A. Fiscal Years (FY) 20/21 to 24/25 Transportation Improvement Program (TIP) Amendment

Per the request of the Florida Department of Transportation (FDOT), two projects were proposed to be amended to the Fiscal Years (FY) 2020/2021 to 2024/2025 Transportation Improvement Program (TIP).

#### FM# 448170-1: Section 5339 Small Urban Capital Fixed Route

- Total: \$470,711
- New transit project Capital Grant
- Funds to be added to FY 2021/22
- SunTran facility improvements

#### FM# 447603-1: NW 10th/NE 14th Street (SR 492) to NE 25th Avenue

- Total: \$1,258,199
- New project Preliminary Engineering Funds (ACSL)
- Funds to be added to FY 2020/21, 2021/22, 2023/24
- Implementation of recommendations for crash reduction countermeasures

Mr. Howard made a motion to approve the Fiscal Years (FY) 20/21 to 24/25 Transportation Improvement Program (TIP) Amendment. Mr. Marraffino seconded, and the motion passed unanimously.

## Item 4A. Draft Fiscal Years (FY) 21/22 to 25/26 Transportation Improvement Program (TIP)

Mr. Balmes presented a formal presentation of the draft TIP to the committee and said that the draft Fiscal Years 2021/2022 to 2025/2026 Transportation Improvement Program had been available for public review and comment. The draft TIP public involvement process would be from May 4, 2021 to June 22, 2021.

The draft would be presented again at the June 8 committee meeting to include a discussion regarding feedback and public comment.

Mr. Balmes gave an overview of some major highlights in the FY 2021/22 to 2025/26 TIP document.

- **Performance-based Planning**: Updates were provided on pages 2-2 to 2-8 on performance measure targets for the four core measures, including Safety; Bridge and Pavement Condition; System Performance; and Transit Asset Management and Transit Safety.
- **Performance Targets and Projects:** A new summary was provided on pages 5-2 to 5-4 highlighting the TIP project investments and how they support meeting federally required performance targets on the National Highway System (NHS) and local transit programs.
- TIP Interactive Map: A new online interactive TIP map was available to view projects with specific locations. The map could be found at: https://marioncountyfl.maps.arcgis.com/apps/webappviewer/index.html?id=e2c53a7 00817427f82b12b9833800168
- **TIP Projects and Funding:** A total of 71 projects with \$335,167,710 of funding were programmed in the draft TIP. That included \$147,649,148 Federal; \$153,742,613 State; and \$33,775,949 Local funding investments.
- TIP Document Organization: To continue the progress toward making the TIP document a more public-friendly resource while not compromising the importance of meeting federal and state requirements, the document this year once again contained summary pages for each of the 71 projects. These projects may be found on pages 5-5 to 5-82. Projects continued to be organized by the following major categories for ease of reference by the general public.
  - Interstate (I-75) (6 projects)
  - U.S. Routes (9 projects)
  - State and Local Routes (13 projects)
  - Bicycle and Pedestrian (11 projects)
  - Aviation (Airport) (8 projects)
  - Transit, Funding, Grants (10 projects)

Mr. Rudnianyn inquired why the local numbers in FY 22/23 and 23/24 dropped so significantly.

Mr. Balmes responded that there was about \$10.2 million in FY 22 that Marion County was providing to the 49<sup>th</sup> Street Interchange project for right-of-way acquisition. In terms of FY 24/25 it also had related to the Interchange and other projects that were local investments.

Ms. Shearer asked what would be the design of the Interchange.

Mr. Balmes responded that the FDOT had been working on the design and presented the possibility of a Diverging Diamond Interchange that would eliminate a lot of safety hazards when turning left at an interchange.

Mr. Marraffino asked when the US 41 project would begin construction.

Mr. Balmes responded that US 41 was currently in the TIP for FY 24 to begin construction.

Mr. McGinley shared concerns 475A going south at 484 because it backed up three quarters of a mile daily with no right hand turn lane.

CAC Meeting Minutes – May 11, 2021 Approved –

Mr. Balmes said the point of the process was to document all comments and feedback, and place them into the TIP and inform FDOT and Federal Highway.

There was further committee discussion.

Mr. McGinley inquired if there had been discussion on adding an additional lane in each direction on I-75 from the County line to the County line.

Mr. Balmes responded that the FDOT was in the process of conducting the project development environment PD&E studies and since the pandemic there had not been any updates but the TPO had inquired on a status but had not heard anything at the time.

Mr. McGinley inquired about 40 and the construction of new bridges that had been placed on a postponement period in 2020. He also inquired about the four laning of SR 200 from 484 south to the bridge at the County line.

Mr. Balmes responded that 40 had been funded for \$405,000 of right of way and the project had been pushed out to FY 28/29.

There was further committee discussion.

Ms. Shearer mentioned that the tunnel under SR 200 was needed.

Ms. Shearer inquired about bike lanes at SR 464 from SR 500 to SR 35.

Mr. Balmes said that FDOT had planned to narrow the travel lanes possibly 1ft and there would be 11ft travel lanes and enough space for a 3 or 4ft bike lane. Also, east of 25<sup>th</sup> FDOT had plans to add paved shoulders and filled in missing sidewalk pieces.

Ms. Shearer mentioned that bike lanes were good but with the distraction of texting she wondered if FDOT had thought about having some kind of buffers in place so people could hit the buffer instead of cyclist.

#### Item 4B. Draft 2021 List of Priority Projects (LOPP)

On an annual basis, the TPO worked in close collaboration with the cities of Belleview, Dunnellon, Ocala, Marion County and the Florida Department of Transportation (FDOT) to develop and submit the List of Priority Projects (LOPP). The process was undertaken to identify the highest priority projects to receive consideration for federal and state funding through the FDOT Work Program. To further explain the process, there was provided a one page fact sheet on the LOPP and a three page LOPP summary document.

Mr. Balmes said that the LOPP process served as the key connection between projects identified in the 2045 Long Range Transportation Plan (LRTP) Cost Feasible Plan and the Transportation Improvement Program (TIP). Therefore, in order for a project to receive federal and state funding, it must be in the LRTP Cost Feasible Plan or Boxed Funds List and TIP.

CAC Meeting Minutes – May 11, 2021 Approved –

The initial draft 2021 LOPP was included for the committee to view in the May 11, 2021 CAC Meeting Agenda Packet (reference page 329). The TPO proposed to once again adopt a Top 20 List. Additionally, a second tier of projects 21 to 41 was also proposed, along with other high priorities (Future Consideration) currently listed in the 2045 LRTP Needs Plan (unfunded needs). In 2019 the FDOT requested the TPO consolidate three separate priority lists (On-System, Off-System, Trails) into one comprehensive list.

Mr. McGinley asked if the top 20 projects on the LOPP had a higher probability of going into effect.

Mr. Balmes replied that some of the projects in the top 20 were already funded but the projects were kept on the list because of the construction dates and high emphasis on the completion of the projects.

Mr. Howard suggested a traffic study on Highway 27 at NW 27<sup>th</sup> Ave to 35<sup>th</sup> because of the highly congested traffic.

Mr. McGinley suggested 80<sup>th</sup> Avenue four lanes be extended to 484.

Mr. Balmes said that the discussion could be raised to the Marion County Engineers Office to find out any plans for four laning.

Ms. Shearer mentioned that a new Publix was being built by Cherry Wood and sometimes when you have many popular stores near communities that it could cut down trip travel.

#### Item 5A. National Bike Month

Shakayla Irby, Admin Specialist/ Social Media Coordinator presented and said the week of May 17 to 23, it was encouraged that everyone Bike Safe. During the week the TPO had plans to host a virtual Bicycle Safety Course taught by ReThink Your Commute, highlight some beautiful trails in Marion County, inform how to Bike on Bus with SunTran, provide information on trial enhancements and connections in the Transportation Improvement Plan (TIP), and provided information for Brick City and Santos Bicycle Shops.

Ms. Irby provided a flyer to the committee and said to follow the TPO for upcoming dates and more information @Ocalamariontpo on both Facebook and Twitter. Emails would also be sent out to the committees.

The hashtag #BikeSafeOcalaMarion would be used for participants to share photos of their solo or family rides on social media using the hashtag.

#### Item 6. Consent Agenda

Mr. McGinley made a motion to approve the Consent Agenda. Ms. Mangram seconded, and the motion passed unanimously.

#### **Item 7. Comments by FDOT**

Ms. Rakinya Hinson with FDOT stated the Construction Report was included in the meeting packet for the committee. There were no further comments.

#### **Item 8. Comments by TPO Staff**

Mr. Balmes provided the committee with the Florida Transportation Legislative Newsletter and mentioned the Senate Bill 100 that had passed April 26, 2021.

SB 100: Highway Projects – (General Bill by Appropriations - Harrell) – Repealing provisions relating to applications for funding for technical assistance relating to areas in and around a proposed multiuse corridor interchange; requiring that \$35 million transferred to Florida's Turnpike Enterprise be used for a specified purpose beginning in a specified fiscal year and annually for up to 30 years thereafter; requiring that certain increased revenues be used to fund specified projects beginning in a specified fiscal year and annually thereafter; requiring the department, in coordination with the Florida Turnpike Enterprise, to evaluate certain roadways for development of specific controlled access facilities and to include such projects in the work program, etc. Referred to Transportation; Appropriations. Favorable by Transportation; YEAS 5 NAYS 3, Now in Appropriations. CS by- Appropriations; YEAS 17 NAYS 2. Passed the full Senate; YEAS 39 NAYS 1. To be sent to the House. In the House the bill was referred to Appropriations Committee, passed Appropriations Committee and is now on 2nd reading on the House Floor.

Mr. Balmes said that there would be some changes to the MCORES project significantly the southwest corridor from Polk County to Naples that would be eliminated and also the Suncoast extension from the end of Suncoast to Georgia would become more of an improving US 19 as best as possible (possible overpasses and modifications to improve mobility).

Mr. Balmes also mentioned that the Turnpike extension would remain with the PD&E funded and the project would move ahead so the TPO would keep track of the process for any alternatives for the extension.

#### Item 9. Comments by CAC Members

There were no comments by CAC members.

#### **Item 10. Public Comment**

There was no public comment.

Item 11. Adjournment
The meeting was adjourned by Chairman Rudnianyn at 2:11pm.
Respectfully Submitted By:

Shakayla Irby, TPO Administrative Assistant

CAC Meeting Minutes – May 11, 2021 Approved –

## Ocala/Marion County Project Status Update as of May 27, 2021

The following is a brief status update on major FDOT road construction projects in Marion County. Information is also available on <a href="www.cflroads.com">www.cflroads.com</a>. For questions, please contact Anna Taylor at 386-943-5499 or via email at Anna. Taylor adot. state. fl.us.

#### **Current Projects:**

## Resurface U.S. 441 from State Road 35 (SE Baseline Road) to State Road 200 (FDOT Financial Information Number 439238-1)

The purpose of this project is to resurface U.S. 301/441 from State Road 35 (Baseline Road) in Belleview to State Road 200 in Ocala. Additional improvements include modifications to extend left and right turn lanes at various locations, removal of some of the existing on street parking in the downtown area, addition of bicycle lanes within the right of way where possible, updating and providing pedestrian features to meet current standards, and making other drainage and safety improvements as needed.

o Contract: T5675

Contractor: D.A.B. Constructors, Inc.

Estimated Start: January 2021Estimated Completion: Fall 2021

Cost: \$15.7 million

 Update: The contractor has been working along the shoulders of U.S. 441 and in the right of way to lengthen and widen turning lanes. Some paving has occurred throughout the project.

## ITS Florida Regional Advanced Mobility Elements (FRAME) (FDOT Financial Information Number 440900-1)

o Contract: T5662

Contractor: Contract Network LLC
 Estimated Start: Summer 2019
 Estimated Completion: Spring 2021

o Cost: \$5.5 million

 Update: The contractor has been testing the equipment to assure it works per plan and interfaces with the Regional Traffic Management Center. The testing was successful. The contractor is now working on punch list items with an expectation that the project will be finished in early June.

## Widen Northeast 36<sup>th</sup> Avenue to four lanes and construction of bridges over CSX rail line (FDOT Financial Information Number 431798-3)

Contract: E5Z71

Contractor: SEMA Construction, Inc.

Estimated Start: Summer 2019

Estimated Completion: Summer 2021

Cost: \$17 million

Update: The four-lane bridge over the CSX rail line is being constructed in two phases. The eastern two lanes has been open to traffic since 2020. The western two lanes were opened to southbound traffic in May. There are currently detours on Northeast 21<sup>st</sup> and Northeast 24<sup>th</sup> streets, but those detours are expected to be lifted in early June. The contractor is installing lighting and striping roadways. This project is tentatively scheduled to conclude in late June.

Converting full median openings to directional medians, closing three of the existing full median openings, and extending some of the turn lanes between Northwest 27<sup>th</sup> Avenue and Martin Luther King Jr. Avenue in Ocala. These modifications reduce traffic conflict points and separate turning movements along this section of S.R. 40. (FDOT Financial Information Number 441366-1)

Contract: T5710

o Contractor: CW Roberts Contracting

Estimated Start: Spring, 2021

Estimated Completion: Summer, 2021

o Cost: \$627,000

Update: Work began in early May.

#### **Upcoming Projects:**

Mill and resurface U.S. 441 from County Road 25A in Ocala north 8.8 miles to the U.S. 441/301 split (FDOT Financial Information Number 441136-1)

Contract:

Contractor: TBD

Estimated Start: Summer, 2021Estimated Completion: Spring, 2022

o Cost: \$17.8 million

 Update: The contract for this project is expected to be executed in late May/early June and construction is tentatively scheduled to begin in August.
