

#### **Technical Advisory Committee (TAC) Meeting**

Marion County – Library Headquarters, Meeting Room C 2720 E. Silver Springs Blvd., Ocala, FL 34470

March 8, 2022 3:30 PM <u>AGENDA</u>

- 1. CALL TO ORDER AND ROLL CALL
- 2. PROOF OF PUBLICATION
- 3. ACTION ITEMS
  - A. Fiscal Years (FY) 2021/22 to 2025/26 Transportation Improvement

    Program Amendment

    Staffing of the second and the second and the second at the EY 21/22 to 25/26 TIE

Staff is seeking review and approval of an amendment to the FY 21/22 to 25/26 TIP.

- 4. PRESENTATIONS
  - **A.** Commitment to Zero Safety Action Plan, Crash Tech Memo Benesch will present a summary of crash information.
  - **B.** List of Priority Projects (LOPP) Project Review

    Kimley-Horn will present information regarding the LOPP revision project.
- 5. CONSENT AGENDA
  - A. February 8, 2022 Meeting Minutes
- 6. COMMENTS BY FDOT
  - A. Construction Report Update
- 7. COMMENTS BY TPO STAFF
  - A. Commitment to Zero Safety Action Plan Community Workshop
- 8. COMMENTS BY TAC MEMBERS
- 9. PUBLIC COMMENT (Limited to 2 minutes)
- 10. ADJOURNMENT

All meetings are open to the public, the TPO does not discriminate on the basis of race, color, national origin, sex, age, religion, disability and family status. Anyone requiring special assistance under the Americans with Disabilities Act (ADA), or requiring language assistance (free of charge) should contact Liz Mitchell, Title VI/Nondiscrimination Coordinator at (352) 438-2634 or liz.mitchell@marioncountyfl.org forty-eight (48) hours in advance, so proper accommodations can be made.

Pursuant to Chapter 286.0105, Florida Statutes, please be advised that if any person wishes to appeal any decision made by the Board with respect to any matter considered at the above meeting, they will need a record of the proceedings, and that, for such purpose, they may need to ensure that a verbatim record of the proceedings is made, which record includes the testimony and evidence upon which the appeal is to be based.

**TO:** Committee Members

FROM: Rob Balmes, Director

RE: Amendment of FY 2021/22 to 2025/26 Transportation

**Improvement Program (TIP)** 

#### **Summary**

Per the request of the Florida Department of Transportation (FDOT), two projects are proposed to be amended to the Fiscal Years (FY) 2021/2022 to 2025/2026 Transportation Improvement Program (TIP). The projects may be found on the following attached pages of the TIP document.

#### FM# 436474-4: Saddlewood Elementary Sidewalk Improvements

- Total: \$12,000
- Funds to be added to FY 2021/22
- Addition of Construction Engineering and Inspection (CEI) to project

#### FM# 436474-5: Legacy Elementary School Sidewalks

- Total: \$36,000
- Funds to be added to FY 2021/22
- Addition of Construction Engineering and Inspection (CEI) to project

#### Attachment(s)

- FDOT TIP Amendment Request
- TIP Proposed Amended Project Pages
- FY 2021/22 to 2025/26 TIP document

#### Recommendation(s)

TPO staff is requesting your review and approval. If you have any questions regarding the proposed TIP amendments, please contact me at 438-2631.

RON DESANTIS GOVERNOR 605 Suwannee Street Tallahassee, FL 32399-0450 KEVIN J. THIBAULT, P.E. SECRETARY

January 18, 2022

Mr. Robert Balmes, AICP, CTP, Executive Director Ocala-Marion Transportation Planning Organization (TPO) 2710 E Silver Springs Blvd Ocala, FL 34470

Dear Mr. Balmes:

## RE: Request to Amend Adopted Transportation Improvement Program (TIP) for Fiscal Years (FY) 2021/22 – 2025/26

The Florida Department of Transportation (FDOT) requests the Ocala-Marion TPO amend the Adopted TIP for Fiscal Years (FY) 2021/22–2025/26. The projects requiring an amendment are listed below with an explanation of the changes to the project.

#### 1. FM#436474-4: Saddlewood Elementary Sidewalk Improvements

Explanation of amendment: The proposed amendment will add the CEI phase and funding to the project in FY 22. The CEI phase will be completed using a District-wide contract to complete the project through the Local Area Program (LAP).

#### Proposed amendment:

Project Name	<b>Project Limits</b>	Phase	Funding Amount/	Fiscal Year
			Source	
Saddlewood	Various Locations	CEI	\$12,000 - TALL	2022
Elementary Sidewalk				
Improvements				

#### 2. FM# 436474-5: Legacy Elementary School Sidewalks

Explanation of amendment: The proposed amendment will add the CEI phase and funding to the project in FY 22. The CEI phase will be completed using a District-wide contract to complete the project through the Local Area Program (LAP).

#### Proposed amendment:

Project Name	Project Limits	Phase	Funding Amount/ Source	Fiscal Year
Legacy Elementary School Sidewalks	Various locations	CEI	\$28,181 – SL \$ 7,819 - TALT	2022 2022

Please make sure that the amendment date is reflected on the cover page of the adopted TIP document and the amended information is reflected on page for the project.

Sincerely,

Anna Taylor

Government Liaison Administrator

FDOT District Five

c: Kellie Smith, Planning & Environmental Management Administrator, FDOT

Project: Side

Saddlewood Elementary School Sidewalk Improvements

Project Type:

Sidewalk

# Transportation Improvement Program Fiscal Years 2021/2022 to 2025/2026

**Adopted – June 22, 2021** 

Amendment #1, August 24, 2021 Modification #1, October 27, 2021 Amendment #2, January 25,2022 Amendment #3, March 22,2022

This document has been developed in compliance with Title VI of the Civil Rights Act of 1964 and other federal and state nondiscrimination authorities.

Funding for this document has been financed through grants from the Federal Highway Administration and Federal Transit Administration in cooperation with the Florida Department of Transportation, Marion County and the cities of Belleview, Dunnellon and Ocala.

[Insert Resolution]

#### **Board Members**

Michelle Stone, Chair, Marion County

Bob Titterington, City of Belleview
Vacant, City of Dunnellon

## **TABLE OF CONTENTS**

The Ocala Marion Transportation Planning Organization (TPO) complies with nondiscrimination laws and regulations, including Title VI of the Civil Rights Act of 1964 and the Americans with Disabilities Act (ADA). Public participation is solicited without regard to race, color, national origin, age, sex, religion, disability, or family status. Persons wishing to express their concerns relative to the Ocala Marion TPO compliance with Title VI may do so by contacting the TPO at: (352) 438-2630 or 2710 East Silver Springs Blvd, Ocala, FL 34470.

APPENDIX K: Roll Forward Amendment Report

The preparation of this report has been financed in part through grants from the Federal Highway Administration and Federal Transit Administration, U.S. Department of Transportation. The contents of this report do not necessarily reflect the official views or policies of the U.S. Department of Transportation.

## 1. INTRODUCTION

#### **PURPOSE**

The Ocala Marion Transportation Planning Organization (TPO) is the federally designated Metropolitan Planning Organization (MPO) for Marion County, Florida and is responsible for developing the Transportation Improvement Program (TIP). The Fiscal Years 2021/22 to 2025/26 TIP is a five-year schedule of transportation projects proposed by government agencies and other stakeholders within the TPO's Metropolitan Planning Area (MPA), which includes all of Marion County. The TIP documents the anticipated timing and cost of transportation improvements funded by federal, state and local sources and is updated on an annual basis. The types of projects in the TIP include all modes of transportation, such as roadway construction, operations and reconstruction, bicycle and pedestrian, transit and aviation.

As stated in the Federal Highway and Transit Acts of 1962 and 1964, each urbanized area over 50,000 people must have a continuing, cooperative and comprehensive transportation process. This process, also known as the 3-C planning process, is reflected in the TIP, in conjunction with the Long-Range Transportation Plan (LRTP). The 2045 LRTP, which is also developed by the TPO, outlines Marion County's transportation vision and goals 20 years into the future. The TIP outlines the short-term "action steps" necessary for achieving Marion County's long-term transportation vision by programming specific improvements. In summary, the TIP serves as the budget for carrying out the LRTP in five-year increments. The TIP is also used to coordinate transportation projects between local, state and federal agencies, thereby ensuring the efficient use of transportation funding to Marion County.

The TIP was developed under the federal guidance and requirements contained in the Fixing America's Surface Transportation (FAST) Act, the current federal transportation law. Transportation projects contained in the TIP are financially feasible and located within the designated MPA. As a condition of receiving federal project funding, the TIP must list all highway and public transportation projects proposed for funding under Title 23 United States Code (U.S.C.) (highways) and 49 U.S.C. (transit). The TIP must also contain state and locally funded regionally significant transportation projects regardless of funding source. For a project to be considered financially feasible, the anticipated cost must not exceed the anticipated revenue.

A list of Obligated projects is provided in Appendix B. The Obligation list is a continuation of projects in the Fiscal Years 2020/21 to 2024/25 TIP (prior TIP), and in some cases started in previous TIPs [23 CFT 450.334].

#### **TPO PLANNING AREA**

The Ocala Marion TPO is a federally-mandated public agency responsible for the planning and implementation of several modes of transportation, including highway, transit, freight, bicycle, pedestrian and paratransit. The TPO serves the cities of Belleview, Dunnellon, Ocala and Marion County. The TPO was established in 1981 after the 1980 Census determined the urbanized area of Ocala exceeded a threshold of 50,000 people. Due to rapid population growth in the 1980s, the planning boundaries of the entire county were added. Figure 1 illustrates TPO planning area which includes all of Marion County and the cities of Belleview, Dunnellon and Ocala.

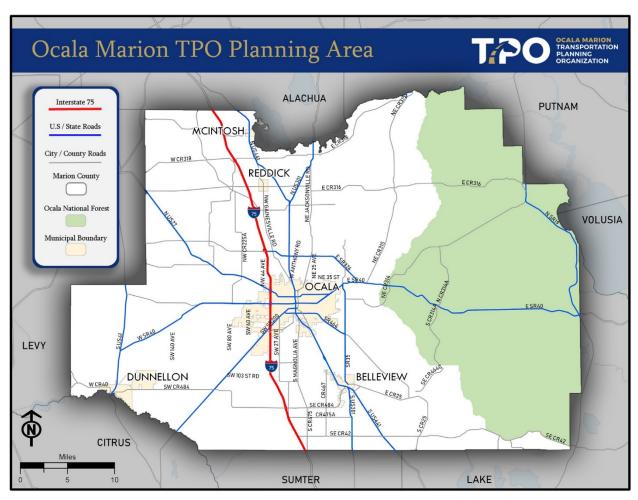

Figure 1: Map of TPO Planning Area

#### **DEVELOPMENT OF THE TIP**

Public and local government involvement for the development of the TIP is accomplished through regularly scheduled meetings of the TPO's Technical Advisory Committee (TAC) and Citizens Advisory Committee (CAC) and the TPO Board. The TPO strives to also engage both citizens and stakeholders to assist in the development of the TIP. The TPO seeks public input for a minimum of thirty (30) days once the Draft TIP document is publicly noticed, in accordance with 23 Code of Federal Regulation (C.F.R.) 450.316 and 23 C.F.R. 450.326(b). A Glossary of Terms and Acronyms used in the TIP and other TPO documents are contained in Appendix G.

#### **TPO Boards and Committees**

The TPO submits a draft TIP for review and feedback to the TPO's TAC and CAC. These boards/committees are composed of members who represent a variety of government organizations and stakeholders, which include the Cities of Belleview, Dunnellon, and Ocala; the Marion County School Board; the Marion County Engineering, Planning, and Tourism Departments; SunTran; the Florida Greenways and Trails Association; and citizens of Marion County, including persons who are considered transportation disadvantaged.

The TPO also submits a draft TIP to the TPO Board for review and to receive feedback. The TPO then addresses the recommendations provided by the Board and Committees, in addition to public input, in developing the final version of the TIP. The final version of the TIP is then presented to the TPO Board for adoption in May or June of each year. In 2021, TPO staff presented the draft TIP to the TAC and CAC on May 11th and June 8th, the TPO Board on May 25th and June 22nd.

#### **Public Involvement**

In addition to meeting federal regulations, the TIP was developed in accordance with the TPO's Public Participation Plan (PPP) (<a href="https://ocalamariontpo.org/plans-and-programs/public-participation-plan-ppp">https://ocalamariontpo.org/plans-and-programs/public-participation-plan-ppp</a>). The public was provided the opportunity to comment on the draft TIP at the aforementioned TAC, CAC and TPO Board meetings. The TAC and CAC meetings were held virtually and in person and therefore were also accessible to those with internet access. The TPO Board meetings were held both virtually and in-person. Advance public notices were provided for all committee and board meetings per Florida Sunshine Law and the TPO's PPP. The TPO sought input from the public and other stakeholders by posting on its website, social media pages (Facebook, Twitter) and sending e-blast notifications. Beginning on May 4th, a legal notice of the draft version of the TIP was advertised in the Ocala Star Banner. The public comment period for the TIP began on May 4th and concluded on June 22nd. A copy of the public notice can be found in Appendix E and a list of public comments, including the TPO's response to each comment, can be found in Appendix F. On May 4th, the TPO sent the Draft TIP for review and comment to the

following agencies: Federal Transit Administration, Federal Highway Administration, U.S. Forest Service, Florida Department of Transportation, Department of Economic Opportunity, Florida Commission for the Transportation Disadvantaged and the St. Johns River Water Management District.

Formal responses are provided to each citizen comment submitted to the TPO by email, mail or phone. Citizens are provided a formal response by the TPO and made aware how their public comment is documented, and how it may be addressed if related to a specific project(s) in the current TIP. In cases where further follow up is required, such seeking project background information, additional contact is made with the citizen by the TPO. All citizen, TPO committee, TPO Board and partner agency comments and corresponding TPO responses are summarized in Appendix F.

#### **JOINT CERTIFICATION**

The most recent joint certification between the Ocala Marion TPO and FDOT was conducted by on February 23, 2021. FDOT certified the TPO's transportation planning process for Fiscal Year 2020/2021. The next certification review will occur in February 2022.

#### **CONSISTENCY WITH OTHER PLANS**

The projects and project phases listed in the FY 2021/22 to 2025/26 TIP are consistent with the local public transit development plan (SunTran), aviation, and the approved local government comprehensive plans for governments within the TPO's MPA [s.339.175(8)(c)(7), F.S.]. The TIP is consistent with the Ocala Marion TPO's 2045 LRTP, Florida Transportation Plan (FTP), Strategic Intermodal System (SIS) Policy Plan, Strategic Highway Safety Plan (SHSP), Freight Mobility and Trade Plan (FMTP), Transportation Asset Management Plan (TAMP), TPO Congestion Management Process (CMP) and SunTran Transportation Development Plan (TDP).

#### 2045 Long Range Transportation Plan (LRTP)

In addition to documenting Marion County's long- term vision and goals for transportation, the 2045 LRTP includes a Needs Assessment and a Cost Feasible Plan. These two sections detail the specific projects to fulfill the County's long-term vision and goals. In order to remain current with the changing needs of Marion County, the Ocala Marion TPO updates the LRTP every five years. The 2045 LRTP was adopted by the TPO Board on November 24, 2020. A list of TIP projects referenced in the 2045 LRTP can be found in Appendix I. (<a href="https://ocalamariontpo.org/plans-and-programs/long-range-transportation-plan-lrtp">https://ocalamariontpo.org/plans-and-programs/long-range-transportation-plan-lrtp</a>)

#### Florida Transportation Plan (FTP)

The Florida Transportation Plan (FTP) serves as the state's long-range transportation vision and policy plan. The FTP focuses on ways to improve safety, provide a more efficient transportation system, meet the needs of a changing population, create a more competitive economy, enhance the overall quality of life and environment, increase access to transit and address emerging technologies. (http://floridatransportationplan.com)

#### Strategic Intermodal System (SIS) Policy Plan

The Strategic Intermodal System (SIS) Policy Plan establishes the policy framework for planning and managing Florida's Strategic Intermodal System, a network of transportation facilities that serves as the state's highest priority for transportation capacity investments. The Governor and Legislature established the SIS in 2003 to focus state resources on facilities most significant for promoting the state's economic competitiveness, including interregional, interstate and international travel. The SIS is the primary tool for implementing the Florida Transportation Plan (FTP). A map of the SIS can be found in Appendix D. Additionally, TIP projects supporting the SIS are noted in the individual project pages (SIS Project).

(https://www.fdot.gov/planning/sis/default.shtm)

#### Florida's Strategic Highway Safety Plan (SHSP)

The Florida's 2021 to 2025 Strategic Highway Safety Plan (SHSP) was adopted in March 2021. This is an update to the prior plan, and was completed in coordination with all 27 Florida MPO/TPO's. Florida's SHSP outlines a focus on safety programs to reduce crashes, serious injuries and fatalities to achieve zero traffic deaths and serious injuries. A set of 12 emphasis areas organized into three categories (Roadways, Road Users, User Behavior) provide the foundation for improving safety. (https://www.fdot.gov/safety/shsp/shsp.shtm)

#### Freight Mobility and Trade Plan (FMTP)

FDOT's Freight Mobility and Trade Plan (FMTP) defines policies and investments that will enhance Florida's economic development efforts into the future. The FMTP's Investment Element is specifically intended to identify freight needs, identify criteria for state investments in freight, and prioritize freight investments across modes. In February 2018, FHWA approved the FMTP as FDOT's State Freight Plan. (<a href="https://www.fdot.gov/planning/plans/default.shtm">https://www.fdot.gov/planning/plans/default.shtm</a>)

#### Transportation Asset Management Plan (TAMP)

The Transportation Asset Management Plan (TAMP) outlines the process for effectively operating, maintaining, and improving physical transportation assets within Florida. The plan also provides detailed information, such as the department's assets, asset management strategies, and long-term expenditure forecasts to inform decision-making at both the State and Local levels.

#### **Congestion Management Plan (CMP)**

Maintenance of a Congestion Management Process (CMP) is required for all TPOs under Florida Statute (F.S.) [339.175 (6)(c)1]. Guidance from the Final Rule on the CMP states the intent of the process is to, "address congestion management through a process that provides for safe and effective integrated management and operation of the multimodal transportation system".

The Ocala Marion TPO has developed the CMP to improve traffic operations and safety through the use of either strategies that reduce travel demand or the implementation of operational improvements. Recommendations in the CMP typically support improved travel conditions through the implementation of low cost improvements or strategies that can be implemented in a relatively short time frame (5-10 years) compared to traditional capacity improvements, such as adding travel lanes, which can be more time- consuming and expensive.

The TPO is developing a major update to the CMP in 2021. The CMP update serves two purposes: to meet state statutes and help with prioritizing project needs, and to also meet federal requirements if the TPO becomes a Transportation Management Area (TMA) as a result of the 2020 Census. A TPO is considered a TMA when their urbanized area population exceeds 200,000. Completing an update to the CMP will keep the TPO in compliance with both state statute and federal requirements. (https://ocalamariontpo.org/congestion-management-process-cmp)

#### **Transit Development Plan (TDP)**

The Transit Development Plan (TDP) represents the vision for public transportation in Marion County for a 10-year horizon. A TDP is updated by SunTran every five years to ensure transit services offered meet the mobility needs of local communities. Specifically, the TDP details SunTran's transit and mobility needs, cost and revenue projections, and community transit goals, objectives, and policies in Marion County.

#### **TIP REVISIONS**

When the TIP and the FDOT Work Program become adopted, there will be cases in which some projects are not yet authorized. These projects, in addition to funding changes within other projects, "roll forward" automatically into the Work Program, and will be amended into this TIP. A Roll Forward TIP Amendment Report is included in Appendix K.

Revisions to the TIP may also be required following approval of the document by the TPO Board and State and Federal agencies. Revisions to the TIP are required when projects are changed, added or deleted. There are three types of TIP revisions; a major amendment, a minor amendment, and administrative modification. Major amendments require adoption by the TPO Board and public comment. Minor amendment and administrative modifications do not. [23 C.F.R. 450.104].

#### **Administrative Modifications**

An administrative modification include minor changes to project/project phase costs, funding sources of previously included projects, and project/ project phase initiation dates is needed if there are changes in project timing within the five years of the program, changes in non-discretionary funding sources, and changes that cost less than \$200,000. An administrative modification does not require public comment.

#### **Minor Amendments**

A minor amendment is required to the TIP if a project is added or deleted that is either less than \$3 million in construction costs or a non-capacity expansion project. Changes to a project that cost up to \$3 million also require a minor amendment. Minor amendments do not require a formal public comment period.

#### **Major Amendments**

Major amendments to the TIP are required if a project that is over \$3 million in construction costs is added or deleted, if a capacity expansion project is added or deleted, or there is a significant change in cost (\$3 million or more).

#### TRANSPORTATION DISADVANTAGED

The Transportation Disadvantaged (TD) program is a statewide program that provides vital transportation to medical appointments, employment, educational and other life sustaining services. Persons eligible for TD services include those with a mental or physical disability, income level at or below 150% of the Federal Poverty Guideline or age 60+ or <16 years old.

In Marion County, TD transportation services are provided by Marion Transit. As a result of the overlap between the TD service area and the TPO service area, TD projects and funding are included in the TIP. Therefore, the TIP is developed in conjunction with Marion Transit, which also serves as the Community Transportation Coordinator (CTC) for Marion County.

#### **EFFICIENT TRANSPORTATION DECISION MAKING**

Efficient Transportation Decision Making (ETDM) is a process used by FDOT to incorporate environmental, physical, cultural and community resource considerations into transportation planning to inform project delivery. FDOT screens some of the projects in the TIP through the ETDM process. Public information for these projects is available at: <a href="https://etdmpub.flaetat.org/est">https://etdmpub.flaetat.org/est</a>.

### 2. PERFORMANCE MANAGEMENT

#### PERFORMANCE-BASED PLANNING

In order to develop a standardized process for monitoring the effectiveness of transportation investments across the country, the Federal government passed the Moving Ahead for Progress in the 21st Century Act (MAP-21). MAP- 21 was enacted in 2012 by Congress to establish a framework to link performance management and decision-making for federally-funded transportation investments. MAP-21, which was supplemented by the FAST Act in 2015, requires the State Department of Transportations (DOTs) and TPOs/MPOs to conduct performance-based planning. The objective of performance-based planning is to invest resources in projects that help achieve the following seven national goals (23 CFR 490 or [23 USC 150(b)]):

#### #1- Safety

To achieve a significant reduction in traffic fatalities and serious injuries on all public roads

#### **#2-Infrastructure Condition**

To maintain the highway infrastructure asset system in a state of good repair

#### **#3- Congestion Reduction**

To achieve a significant reduction in congestion on the National Highway System

#### #4- System Reliability

To improve the efficiency of the surface transportation system

#### **#5- Freight Movement and Economic Vitality**

To improve the national freight network, strengthen the ability of rural communities to access national and international trade markets, and support regional economic development

#### #6- Environmental Sustainability

To enhance the performance of the transportation system while protecting and enhancing the natural environment

#### **#7- Reduced Project Delivery Delays**

To reduce project costs, promote jobs and the economy, and expedite the movement of people and goods by accelerating project completion through eliminating delays in the project development and delivery process, including reducing regulatory burdens and improving agencies' work practices.

Performance-based planning utilizes performance measures and performance targets to ensure

the most efficient investment of transportation funds by increasing accountability, providing transparency, and linking investment decisions to key outcomes.

#### **PERFORMANCE MEASURES & TARGETS**

The Federal Transit Administration (FTA) and Federal Highway Administration (FHWA) have created highway and transit performance measures and requirements for State DOTs, TPOs/MPOs and transit operators to establish and report performance targets for each performance measure. Performance measures are quantitative criteria used to evaluate progress of the seven national goals. In order to determine the amount of progress made for each performance measure, the aforementioned agencies and organizations must establish baseline data and performance targets; benchmarks used to determine whether transportation investments make progress in achieving national goals and performance measures.

Once each State DOT develops its own performance targets for each performance measure, TPOs/MPOs are provided the option to either adopt state and/or transit agency targets, or develop their own targets.

## Safety

## Bridge and Pavement Condition

**System Performance** 

## Transit Asset Management and Transit Safety

## Safety

In March 2016, the FHWA published the Highway Safety Improvement Program (HSIP) and Safety Performance Management (Safety PM) Measures Final Rules, effective April 14, 2016. The Safety PM Final Rules established safety performance measures to assess serious injuries and fatalities on all public roadways and carry out the HSIP. Additionally, the Safety PM Finals Rules established a process for both State DOTs and TPOs to develop and report their safety targets and for FHWA to assess whether State DOTs have met, or are making significant progress toward meeting, their safety targets. The legislation works to improve data; foster transparency and accountability; and allow safety progress to be tracked at the national level. The HSIP annual report documents the statewide performance targets.

As outlined in the Safe System approach promoted by FHWA, the death or serious injury by any person is unacceptable. Consequently, FDOT is fully committed to Vision Zero, and has set a statewide target of "0" for all five safety performance measures. Vision Zero is discussed in greater detail in the HSIP, the Florida Highway Safety Plan, and the Florida Transportation Plan. FDOT set its safety performance targets on August 31, 2017. In addition, FDOT completed a HSIP Implementation Plan in August 2020 to outline an approach toward meeting its safety performance targets in future years. In August of each calendar year, FDOT reports the following year's targets in the HSIP. The TPO is then required to either adopt FDOT's targets or set their own.

On February 27, 2018, the Ocala Marion TPO Board adopted its own safety performance targets to better track progress and reflect greater accountability to the public. The TPO plans to develop a Safety Action Plan in 2021 and applying the adopted targets will serve a key role in this planning effort. By adopting its own safety performance targets, the TPO is required to update the targets annually. The TPO most recently updated its safety targets on February 23, 2021. Figure 2 shows the safety performance targets set by both FDOT and the TPO for each of the five safety performance measures.

The Ocala Marion TPO is committed to improving safety for all roadway users, which is demonstrated through planning and programming activities. The TIP includes specific investment priorities by using a project-prioritization and project-selection process that is based on the anticipated effect of reducing both fatal and serious injury crashes. The TPO also collects and analyzes crash data and trends, which will be published in a Safety Trends Manual in 2021. Additionally, the TPO participates in the Marion County Community Traffic Safety Team (CTST).

Safety Performance Measures	FDOT Target (2021)	TPO Target (2021)	TPO Target Results (2020)
Number of Fatalities	0	97	108
Rate of Fatalities per 100 Million Vehicle Miles Traveled (VMT)	0	1.96	2.24
Number of Serious Injuries	0	432	304
Rate of Serious Injuries per 100 Million VMT	0	8.74	6.31
Number of Non-motorized Fatalities and Non-motorized Serious Injuries	0	61	54

Figure 2: Performance Measure Targets and Results - Safety

## **Bridge and Pavement Condition**

In January 2017, the FHWA published the Bridge and Pavement Condition Performance Measures Final Rule. The second FHWA performance measure rule established six performance measures to assess pavement conditions and bridge conditions for the National Highway System (NHS). A map of the NHS in Marion County can be found in Appendix C.

The pavement condition measures represent the percentage of lane-miles on the Interstate and non-Interstate NHS that are in good or poor condition. FHWA established five pavement condition metrics: International Roughness Index (IRI); cracking percent; rutting; faulting; and Present Serviceability Rating (PSR). FHWA set a threshold for each metric to establish good, fair, or poor condition. A pavement section is classified as being in good condition if three or more metric ratings are good, and in poor condition if two or more metric ratings are poor. Pavement sections that are not good or poor are classified as fair.

FDOT established its statewide targets for bridge and pavement condition on May 18, 2018. The Ocala Marion TPO and all MPO/TPO's in Florida agreed to support the FDOT statewide targets on in 2018. The two-year and four-year targets represent bridge and pavement conditions at the end of both target years, and are displayed in Figure 3.

The bridge condition measures represent the percentage of bridges, by deck area, on the NHS that are in good condition or poor condition. The condition of each bridge is evaluated by assessing four bridge components: deck, superstructure, substructure, and culverts. The Final Rule created a metric rating threshold for each component to establish good, fair, or poor condition. If the lowest rating of the four metrics is greater than or equal to seven, the structure

is classified as good. If the lowest rating is less than or equal to four, the structure is classified as poor. If the lowest rating is five or six, it is classified as fair.

Bridge and Pavement Condition Performance Measures	FDOT/TPO Target (2-Year)	FDOT/TPO Target (4-Year)	TPO Target Results (2019)						
Pavement									
Mea	sures								
Percent of Interstate pavements in good condition	Not Required	≥ 60%	66.4%						
Percent of Interstate pavements in poor condition	Not Required	≤ 5%	0%						
Percent of non-Interstate NHS pavements in good condition	≥ 40%	≥ 40%	37.8%						
Percent of non-Interstate NHS pavements in poor condition	≤ 5%	≤ 5%	0%						
Bridge Deck	Area Measures								
Percent of NHS bridges by deck area in good condition	≥ 50%	≥ 50%	59.1%						
Percent of NHS bridges by deck area in poor condition	≤ 10%	≤ 10%	0%						

Figure 3: Performance Measure Targets and Results - Bridge and Pavement Condition

## **System Performance**

In January 2017, FHWA published the System Performance, Freight, and Congestion Mitigation and Air Quality (CMAQ) Performance Measures Final Rule. The third and final Performance Measures Rule, established six measures to assess the performance of the NHS, freight movement on the Interstate System, and traffic congestion and on-road mobile source emissions for the CMAQ program.

There are two NHS performance measures that represent the reliability of travel times for all vehicles on the Interstate and non-Interstate NHS. FHWA established the Level of Travel Time Reliability (LOTTR) metric to calculate reliability on both the Interstate and non-Interstate NHS. LOTTR is defined as the ratio of longer travel times (80th percentile) to a normal travel time (50th

percentile) during four time periods from the hours of 6 AM to 8 PM each day (AM peak, midday, and PM peak on Mondays through Fridays and weekends). The LOTTR ratio is calculated for each segment of applicable roadway. A segment is reliable if its LOTTR is less than 1.5 during all time periods. If one or more time periods has a LOTTR of 1.5 or above, that segment is unreliable. The measures are expressed as the percentage of person- miles traveled on the Interstate and non-Interstate NHS that are reliable.

The single freight movement performance measure represents the reliability of travel times for trucks on the Interstate System. FHWA established the Truck Travel Time Reliability (TTTR) Index, which is defined as the ratio of longer truck travel times (95th percentile) to a normal truck travel time (50th percentile). The TTTR is generated by dividing the longer truck travel time by a normal travel time for each segment of the Interstate system over five time periods from all hours of each day (AM peak, midday, and PM peak on Mondays through Fridays, overnights for all days, and weekends). This is averaged across the length of all Interstate segments in the state or MPO planning area to determine the TTTR index.

There are three traffic congestion and on-road mobile source emissions performance measures that represent peak hour excessive delay per capita (PHED), non- single occupancy vehicle (SOV) travel, and total on- road mobile source emissions reductions. The Ocala Marion TPO meets all current air quality standards and is not subject to establishing targets for these performance measures.

FDOT established its statewide targets for system performance on May 18, 2018. The Ocala Marion TPO and all MPO/TPO's in Florida agreed to support the FDOT statewide targets in October 2018. Figure 4 displays the most current System Performance measure targets and results.

System Performance Measures	FDOT/TPO Target (2-Year)	FDOT/TPO Target (4-Year)	TPO Target Results (2020)
Percent of person-miles on the Interstate system that are reliable (Interstate LOTTR)	≥ 75%	≥ 70 %	100%
Percent of person-miles on the non-Interstate NHS that are reliable (Non-Interstate NHS LOTTR)	Not Required	≥ 50 %	97%
Truck Travel Time Reliability (TTTR)	1.75	2.00	1.13

Figure 4: Performance Measure Targets and Results - System Performance

## Transit Asset Management and Safety

On July 26, 2016, the FTA published the final Transit Asset Management rule, which requires that public transportation providers develop and implement transit asset management (TAM) plans, establish "state of good repair" standards and establish performance measures for four asset categories; rolling stock, equipment, transit infrastructure and facilities.

On July 1, 2019, SunTran, the public transit agency that operates primarily in the city of Ocala and in parts of unincorporated Marion County, moved from the oversight by the TPO to the City of Ocala. The SunTran system includes seven fixed bus routes contracted through a third-party company. As the administrative body to SunTran, the City of Ocala is responsible for setting performance targets for Transit Asset Management. In July 2019, the City of Ocala set the transit asset targets in Figure 5, thereby agreeing to plan and program projects in the TIP that, once implemented, will make progress toward achieving the transit asset targets. SunTran coordinates with FDOT on reporting targets to FTA through the National Transit Database (NTD). SunTran also coordinates with the TPO on a continuous basis and participates as a member of the Technical Advisory Committee (TAC).

Figure 5 displays the percentage of SunTran's assets that have met or exceeded their Useful Life Benchmark (ULB) for each asset class in 2019 and their performance targets for the next four years. FTA defines ULBs as "... the expected lifecycle or the acceptable period of use in service for a capital asset, as determined by a transit provider, or the default benchmark provided by the FTA." The performance targets assume the assets are replaced as they reach their ULB.

Asset Class	2019 Performance	2020 Target	2021 Target	2022 Target	2023 Target			
	Rolling S	tock						
Buses	69%	0%	0%	0%	0%			
Cutaways	0%	0% 0%		0%	100%			
	Equipment							
Non-Revenue Vehicles	80%		0%	0%	20%			
Facilities								
Maintenance Facility	0%	0%	0%	0%	0%			

Figure 5: Performance Measure Targets and Results - Transit Asset Management

On July 19, 2018, the FTA published the Public Transportation Agency Safety Action Plan (PTASP) regulation, 49CFR Part 673, as required by 49 U.S.C. 5329(d). The effective date of the regulation was July 19, 2019, but was extended to December 31, 2020 due to the global pandemic. The PTASP regulation implements a risk-based Safety Management System approach and requires all recipients and sub-recipients of federal transit financial assistance to establish and certify an Agency Safety Plan and corresponding safety performance targets. MPO/TPO's then have 180 days from the adoption of the PTASP targets set by the public transit agency (SunTran) to adopt or develop their own independent targets.

On December 1, 2020, SunTran submitted their PTASP and corresponding safety targets to the TPO, as adopted by City of Ocala City Council on November 30, 2020. On April 27, 2021, the TPO Board adopted the SunTran PTASP safety targets. Figure 6 displays the adopted SunTran PTASP targets.

SunTran Safety Performance Targets  Performance Targets based on collected data from the previous three years								
Mode of Transit Service	Fatalities Total	Fatalities (per 100k vehicle revenue miles) VRM)	Injuries Total	Injuries (per 100k vehicle revenue miles VRM)	Safety Events Total	Safety Events (per 100k vehicle revenue miles VRM)	(VRM/ failures)	
Fixed Route Bus	0	0	1	.20	5	1.03	7,492	
ADA Paratransit	0	0	0	0	0	0	0	

Figure 6: Performance Measure Targets and Results - Transit Safety Targets

## 3. FINANCIAL PLAN

#### **Overview**

The financial planning process of the TPO is undertaken during the development of the LRTP, as part of the Cost Feasible Plan. Once all projects have been determined as "needs", TPO committees, TPO staff and the TPO Board prioritizes the projects based on cost feasibility, using revenue forecasting from local, state and federally published sources. The Cost Feasible Plan in the LRTP then becomes a prioritized project list. This list becomes part of the TPO's annual List of Priority Projects (LOPP) process. On an annual basis, a revised LOPP is developed collaboratively by the TPO with local partners, committee input and TPO Board approval. The annual revised LOPP is submitted to FDOT annually for projects to be considered in the next Tentative Work Program for funding. FDOT will decide which projects from the LOPP can be reasonably funded with the cost/funding projections. The LOPP can be found in Figure 10 on page 4-3. For further information about the LOPP process, please access the TPO website at:

https://ocalamariontpo.org/priority-project-list.

The FY 2021/22 to 2025/26 TIP is financially constrained for each year, meaning projects must be implemented using reasonably expected revenue sources. Projects in the TIP must use Year of Expenditure (YOE) dollars, which are dollars adjusted for inflation from the present time to the expected year of construction. The TIP includes the public and private financial resources that are reasonably expected to be available in order to accomplish the program. The TIP has been developed in cooperation with Marion County, the Cities of Belleview, Dunnellon, and Ocala, FDOT, SunTran and Marion Transit. A summary of funding categories, distribution of funding by category and funding sources are summarized in Figures 7 to 9. The funding totals include the roll-forward projects, which are included in Appendix K.

All projects in the TIP are designated for funding from Title 23 and 49 of U.S.C funding sources and all regional transportation projects requiring federal action. Projects in the TIP are also derived from the FDOT Work Program and must include a balanced 36-month forecast of revenue and expenditures and a five-year finance plan supporting the FDOT Work Program [339.135, Florida Statute, F.S.]. Additionally, only projects that are reasonably expected to be funded may be included in the TIP.

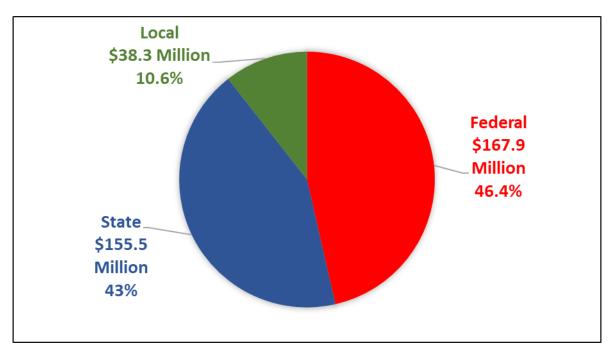

Acronym	Funding Category	Funding Source
ACFP	Advanced Construction Freight Program	Federal

## 4. PROJECT PRIORITIZATION PROCESS

### Methodology

In 2019, the TPO modified its project prioritization process. The process involves an emphasis on prioritizing projects that are closest to receiving construction funding, meet federal performance measures, are multimodal, have available funding and/or include local funding sources and local partnerships. As stated in Section 3, the TPO works collaboratively each year with the cities of Belleview, Dunnellon, Ocala, Marion County and FDOT to develop a List of Priority Projects. The LOPP is a process undertaken to identify the highest priority projects in Marion County to receive consideration for federal and state funding.

The TPO's project prioritization process is consistent with 23 C.F.R 450.332(b), the 2045 LRTP, and with local aviation master plans, public transit development plans, and the approved local government comprehensive plans within the TPO MPA, to the maximum extent feasible [339.175(8)(c)(7), F.S.].

### **Project Ranking Criteria**

The priority projects ranking criteria is tied directly to the adopted 2045 LRTP Goals and Objectives and to federally required performance measures. The goals from the 2045 LRTP that are used in this prioritization and selection process include:

- Optimization and Preserve Existing Infrastructure
- Focus on Improving Safety and Security of the Transportation System
- Provide Efficient Transportation that Promotes Economic Development
- Promote Travel Choices that are Multimodal and Accessible
- Protect Natural Resources and Create Quality Places
- Ensure the Transportation System Meets the Needs of the Community.

The ranking criteria are grouped into the following six categories:

- 1. **Multimodal**: The ranking criteria looks at whether a project incorporates different modes of transportation or is multimodal. If a project incorporates bike lanes, sidewalks, transit options, or offers a new alternative such as a trail, it receives one (1) point for being multimodal.
- 2. **Performance Measure(s)**: Based on federal requirements, MPO/TPOs must measure the performance of projects. This is done by measuring projects based on safety, pavement/bridge condition, system performance, transit asset management and transit safety. Therefore, one (1) point is awarded to any project that meets one of the

performance measures, and an additional one (1) point if the project meets two. Please note: most off-system local projects can only obtain up to one point, as most performance measures require a project to either be on or demonstrates improvements to the National Highway System (NHS).

- 3. **Project Development**: This ranking criteria looks at the status of projects in their development phase. For example, if a project is in the Project Development & Environmental (PD&E) or Planning phase it receives one (1) point. Projects then receive an additional point for each phase it advances up to construction, which receives four (4) points. Please note: projects can only qualify for one of the phases at a time, with one to four points possible (PD&E/Planning 1 point; Design 2 points; ROW 3 points; Construction 4 points).
- 4. **Funding Availability**: Federal and state transportation is highly competitive and limited. Therefore, if a project has funding already programmed and/or a lower overall cost (e.g. operations, system preservation) or a lower cost is needed to complete the project or specific phase, one (1) point may be awarded.
- 5. **Local Revenue/Funding Source**: If a project has local revenue being invested, it receives one (1) point.
- 6. **Local Partnership**: The ranking criteria considers whether a project has a formal partnership between two or more agencies. For example, a project could be a Local Agency Program (LAP) project, or a project that FDOT manages or helps manage for another jurisdiction. In this case, the project would receive an additional point.

Based on the development of a revised CMP and anticipated Safety Action Plan in 2021 and 2022, the TPO expects to revise this ranking methodology in 2022 to ensure a greater emphasis is placed on improving both congestion and safety. Any modifications to the methodology will be reviewed by all partners, committees and the TPO Board.

The 2021 List of Priority Projects (LOPP) is provided in Figure 10 on pages 4-3 to 4-5.

## 5. PROJECTS

### **Summary**

The FY 2021/22 to 2025/26 TIP consists of a total of 74 programmed projects. For ease of reference by the public, the projects were grouped into seven major categories. A summary of changes to major regional transportation projects from the previous Fiscal Years 2020/21 to 2024/25 TIP are available in Appendix H. Appendix I contains a listing of the TIP projects (TIP Download) as submitted to the TPO by FDOT in April 2021. Figure 11 provides a breakdown of the 74 projects by funding category. All 74 projects in the TIP are included in a summary format by category in the following pages of this section. A total of 21 other projects, part of the Roll Forward Amendment (Amendment #1), are included in a summary report in Appendix K. Projects are also referenced how they meet the specific goals and objectives in the 2045 LRTP.

- Interstate (I-75)
- U.S. Routes
- State and Local Routes
- Bicycle and Pedestrian
- Aviation (Airport)
- Transit, Funding, Grants
- ITS and Maintenance

	Interstate	Interstate U.S.		State and Bicycle and		Transit,	ITS and
	(I-75)	Routes	<b>Local Routes</b>	Pedestrian	(Airport)	Funding/Grants	Maintenance

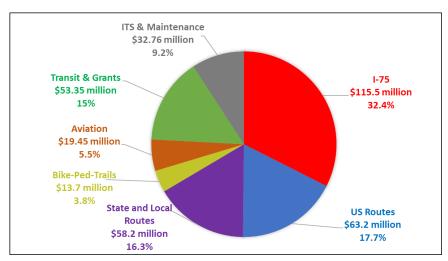

Figure 11: 5-Year Summary of Projects by Funding Source

Figure 12 provides a summary chart of the acronyms used for various project phases and the terms associated with the projects displayed in the TIP summary pages. This chart may be used as a reference when reviewing the project pages.

Acronym	Project Phase and Information				
ADM	Administration				
CRT MTN	Contract Routine Maintenance				
CST	Construction (includes Construction, Engineering and Inspection)				
CAP	Capital Grant				
DES	Design				
ENG	Engineering				
ENV CON	Environmental/Conservation				
FM	FDOT Financial Management Number				
INC	Construction Incentive/Bonus				
MNT	Maintenance				
MSC	Miscellaneous Construction				
OPS	Operations				
PD&E	Project Development & Environmental Study				
PE	Preliminary Engineering				
PLEMO	Planning and Environmental Offices Study				
PLN	In House Planning				
PST DES	Post Design				
R/R CST	Railroad Construction				
RELOC	Relocation				
ROW	Rights-of-Way Support & Acquisition				
RRU	Railroad & Utilities				
RT MNT	Routine Maintenance				
SEG	Project Segment Number				
UTIL	Utilities Construction				

Figure 12: Project Phase and Information Acronym List

## **Performance Management and TIP Projects**

The following provides a summary of the projects and SunTran transit program funding in the TIP that support meeting federally required performance measures specifically on the NHS and local

transit system, including: safety; bridge and pavement condition; system performance; and transit asset management and safety. In some cases, a project may support meeting more than one federal performance measure.

# Safety (8 projects)

FM Number	Project	Limits	TIP Funding
2386481	SR 45 (U.S. 41)	Southwest 110th Street to North of SR 40	\$44,211,268
4336601	U.S. 441	at SR 464 (SE 17th Street)	\$3,594,243
4456861	U.S. 41 North/South Williams	Brittan Alexander Bridge to River Road	\$551,496
4336511	CR 484	Southwest 20th Avenue to CR 475A	\$15,302,481
4458001	East SR 40	at SR 492 (NE 14th Street)	\$987,415
4106742	SR 40	End of Four Lanes to East of CR 314A	\$1,223,559
4375962	SR 40/Silver Springs Blvd.	NW 27th Avenue to SW 7th Avenue	\$913,539
4392382	SR 25/U.S. 441/301	SR 25 to SR 200/SW 10th Street	\$4,588,691
		Total:	\$71,372,692

# **Bridge and Pavement Condition** (8 projects)

FM Number	Project	Limits	TIP Funding
4431701	SR 93 (I-75)	Sumter County Line to SR 200	\$30,271,013
2386481	SR 45 (U.S. 41)	Southwest 110th Street to North of SR 40	\$44,211,268
4452121	SR 200 (U.S. 301)	South of NE 175th to Alachua County	\$6,166,256
4392382	SR 25/U.S. 441/SR 500	SR 35/Baseline to SR 200/SW 10th Street	\$4,588,691
4453021	SR 35/U.S. 301	North of CR 42 to North of SE 144th Place	\$3,774,255
4471371	SR 200 Bridge and SR 40 Deck	Rehabilitation	\$1,008,681
4452171	SR 326	NW 12th Avenue to SR 40	\$8,669,722
4106742	SR 40	End of Four Lanes to East of CR 314A	\$1,223,559
	•	Total:	\$99,913,445

#### **System Performance** (7 projects)

FM Number	Project	Limits	TIP Funding
4352091	I-75 (SR 93) at NW 49th Street	NW 49th Street to end of NW 35th Street	\$57,974,815
2386481	SR 45 (U.S. 41)	Southwest 110th Street to North of SR 40	\$44,211,268
4336601	U.S. 441	at SR 464 (SE 17th Street)	\$3,594,243
4336611	U.S. 441	SR 40 to SR 40A (SW Broadway)	\$3,607,422
4336511	CR 484	Southwest 20th Avenue to CR 475A	\$15,302,481
4106742	SR 40	End of Four Lanes to East of CR 314A	\$1,223,559
4336521	SR 40 Intersections	at SW 40th Avenue, at SW 27th Avenue	\$4,280,209
		Total:	\$130,193,997

#### **Transit Asset Management and Transit Safety**

FM Number	Grant	TIP Funding
4481701	5399 Small Urban Capital Fixed Route	\$470,711
4333041	Block Grant Operating Assistance	\$2,073,725
4424551	Block Grant Operating Assistance	\$5,906,624
4271882	Section 5307 FTA Grant	\$29,998,766
4492381	Section 5307 FTA Grant	\$783,759
	Total:	\$39,233,585

# **TIP Online Interactive Map**

The TPO has published an online interactive TIP map. The map provides specific project locations and general information including funding and total project cost. Projects without a specific location (e.g. TPO grants, SunTran grants or FDOT programs) are not included in the interactive map. The map may be accessed through the TPO website or directly at:

 $\frac{https://marioncountyfl.maps.arcgis.com/apps/webappviewer/index.html?id=e2c53a70081742}{7f82b12b9833800168}$ 

I-75 (SR 93) at NW 49th Street from end of NW 49th Street to

end of NW 35th Street

Project Type:

Interchange

FM Number:

4352091

Lead Agency:

**FDOT** 

Length:

## **APPENDIX B: LIST OF OBLIGATED PROJECTS**

Website: Ocalamariontpo.org

# **Transportation Improvement Program**

Fiscal Years 2021/2022 to 2025/2026

**Federal Obligations Report** 

October 1, 2020 to September 30, 2021

# **Annual Listing of Federally Obligated Projects**

# **Summary**

On an annual basis, per Title 23, United States Code (USC) 450.334, the Ocala Marion Transportation Planning Organization (TPO) is required to provide a summary listing of projects for which federal funds have been \*obligated in the preceding federal fiscal year (FFY) from October 1 to September 30. The Florida Department of Transportation (FDOT) assists the TPO in complying with this federal requirement by providing a detailed report of federal project obligations for Marion County. The report is included each year as an amendment to the current Transportation Improvement Program (TIP).

A net total of \$26,342,420 of federal funds were obligated in FFY 2021 on 30 transportation projects and programs in Marion County. The following summary report and detailed obligation document provide a listing of the federally obligated projects by phases and funding sources.

\*Obligation is the legal commitment by the Federal government to pay or reimburse a State or other entity for the Federal share of a project's eligible cost. Obligated projects have been authorized by the federal government and funds have been approved for reimbursement. Funding for projects can in some cases also be de-obligated. Funding previously obligated is removed from a project due to changes such as cost, delay or cancellation.

\*\*Tim Karemoto\*\* who on oath says that they are an authorized employee of the Star-Banner, a daily newspaper published at Ocala, in Marion County, Florida; that the attached copy of advertisement, being a notice in the matter of

OCALA MARION TRANSPORTATION PLANNING ORGANIZATION The Ocala Marion TPO Draft Transportation Improvement Program TIP is available for public review and comment. The Ocala Marion Transportation Planning Organization TPO Transportation Improvement Progra

was published in said newspaper in the issues of:

5/4 1x

Affiant further says that the said STAR-BANNER is a daily newspaper published at Ocala, in said Marion County, Florida, and that the said newspaper has heretofore been continuously published in said Marion County, Florida, daily, and has been entered as second class mail matter at the post office in Ocala in said Marion County, Florida, for a period of one year next preceding the first publication of the attached copy of advertisement; and affiant further says that he has neither paid nor promised any person, firm or corporation any discount, rebate, commission or refund for the person of securing this advertisement for publication in the said newspaper.

OCALA MARION TRANSPORTATION PLANNING ORGANIZATION

The Ocala Marion TPO Draft Transportation Improvement Program (TIP) is available for public review and comment

The Ocala Marion Transportation Planning Organization (TPO) Transportation Improvement Program (TIP) is a five-year schedule of transportation improvements to be funded throughout the Metropolitan Planning Area, which includes all of Marion County. The TIP documents the anticipated timing and cost of transportation projects funded by federal, state and local sources. Projects in the TIP may include roadway construction, operations and reconstruction; bicycle and pedestrian; transit, aviation, and rail.

The Draft TIP for Fiscal Years 2021/2022 to 2025/2026 is available for public review and comment by accessing the TPO website at: https://localamariontpo.org/plans-and-programs/transportation-improvement-program-tip/

Please use the TPO Feedback Form at https://ocalamariontpo.org/public-involvement/tpo-feedback-form/ to provide comments by June 22, 2021. Or contact Rob Balmes, TPO Director at: 352-438-2631; rob.balmes@marionfl.org.

May 4, 2021

# Future road plan for Ocala/Marion starts with CR 484/I-75 refresh. What else made the list?

By Joe Callahan

Ocala Star-Banner

Most every day, early in the morning and again late in the afternoon, traffic on County Road 484 backs up for a mile or more on each side of Interstate

75. Sometimes, lines of cars trying to get on the interstate block the ones trying to get off.

And now that more development has launched in the area, especially in and near Marion Oaks, as well as the opening of the new Florida Crossroads Commerce Park just off that exit, traffic is only expected to get worse.

But help is on the way. The local Ocala Marion Transportation Planning Organization recently unveiled the draft of its five-year road construction plan, which spans from 2021-22 to 2025-26, and CR 484 interchange is on the top of the list.

The \$15.3 million project, which is being funded with mostly federal transportation dollars, will be include reworking CR 484 from Southwest 20th Street on the west side of I-75 to County Road 475A on the east side.

The project includes constructing and expanding turn lanes and improving traffic flow for through-lanes. The CR 475A intersection will be improved, as well. The project is scheduled to be completed by the beginning of 2023.

"It will be big improvement," said Rob Balmes, the local TPO director. "They're also going to ensure bicycle/pedestrian connectivity through that area too, with bike lanes and sidewalks so people can get through there with other modes of transportation."

That is one of the many projects scheduled in the Ocala Marion TPO's five-year draft plan, which was released early this month. The total \$335.1 million plan is for road improvement, bicycle/pedestrian trails and upgrades at Ocala International Airport.

"We're required to post the draft document for a minimum of 30 days so that we can solicit input and public feedback from both the citizens and our government partners, which include both federal and state," Balmes said.

# What other road projects are in the Ocala/Marion County plan?

The other big project will be a \$44.2 million widening of U.S. 41 north of Dunnellon to State Road 40.

State Road 40 is the most popular way to get to Dunnellon from Ocala, and that widening has been a top priority for the county for many years.

The project will expand U.S. 41, from Southwest 110th Street to State Road 40, from two to four lanes. The project includes a grass median, paved shoulders, sidewalks, driveway reconstruction and full and directional median openings.

That project is scheduled to kick off in 2023-24.

In Ocala, Mayor Kent Guinn said that he is pleased that plans are moving forward to connect the new Northwest 49th Street interchange from I-75 to State Road 200.

The five-year TPO plans includes more than \$57 million for the new interchange north of Ocala. That is the new interchange was needed to get trucks from the industrial areas onto I-75 much quicker.

Southwest: New 392-home community coming to State Road 200 corridor

**Southeast:** <u>Huge apartment/quadraplex/commercial development planned</u> off US 441

**Northwest:** Old-line family balks, but developer wants 207 homes in NW Marion

Northeast:320-home subdivision approved just north of Ocala

In the 2045 long range plan, in the locally funded portion of the document, it shows that within the next five years that there is funding for the Northwest 49th Street to connect to the State Road 200/Southwest 42nd Flyover intersection.

"This will be a tremendous help (to traffic flow)," Guinn noted.

There are also plans to spend, albeit in 2025-26, \$3.6 million at the overloaded U.S. 441/SE 17th Street intersection. The project includes the addition of a northbound left turn lane and a modified northbound right turn lane east of the 17th Street intersection.

The plan includes \$115.5 million worth of Interstate 75 projects, including the new interchange, \$62.8 million on U.S. highways, \$56.8 million in state and local highways, \$19.4 million for airport additions and \$13.6 million on bicycle/pedestrian paths.

To look at the lengthy plan go to the <u>Ocala Marion TPO</u> website at https://ocalamariontpo.org. Officials not that the long-range plan, through 2045, is subject to change.

According to the 2045 long range plan, which also includes local-only funded projects, here is what is planned from 2021-26:

# State/Federal funded roadways

**U.S. 41**, from Southwest 110th Street to north of State Road 40, add lanes and reconstruct.

**SR 40**, from end of four lanes to east of County Road 314, add lanes and reconstruct.

CR 484, from SW 20th Avenue to CR 475A ,interchange improvement.

SR 40, at SW 40th Ave and SW 27th Ave, add turn lanes.

**Intestate 75,** from end of NW 49th Street to end of NW 35th St, new Interchange.

SR 40, SR 40A (SW Broadway Street), traffic ops Improvement.

E SR 40, at SR 492, traffic signals.

**SR 40**, from SW 27th Ave to MLK Jr. Ave, safety project.

US 41/ Williams St., Brittan Alexander Bridge River Road, safety project.

**SR 25**, NW 35th St to SR 326, safety project.

CR 42, at SE 182nd, add turn lanes.

# Local funded projects

**SE Abshier Blvd**, SE Hames Road and north of SE Agnew Road, traffic signals.

**Emerald Road Extension**, from SE 92nd Loop to Florida Northern Railroad, new two-lane highway.

**NW 49th Street Extension**, from NW 44th Ave. to NW 35th Ave., new four-lane.

**NW 49th Street**, for 1.1 miles to west of NW 44th Ave., new two-lane.

**SW 49th/40th Avenue**, from SW 66th St. to the SW 42nd St Flyover, new divided four-lane highway.

**SW 49th Avenue**, from Marion Oaks Trail to CR 484, new four-lane highway.

**SW 90th Street**, from SW 60th Ave to 0.8 miles east of SW 60th Avenue, new two-lane road.

SW 60th Ave, at SW 90th St and SW 80th St, traffic signals.

CR 484, at Marion Oaks Blvd, add turn Lanes, modify signals.

# **Pedestrian/ Bicycle Investments**

Silver Springs State Park, pedestrian bridges.

**Pruitt Trail**, from SR 200 to Pruitt Trailhead, bike path and trail.

**Indian Lake Trail,** from Silver Springs State Park to Indian Lake Park, bike path and trail.

**Downtown Ocala Trail**, from SE Osceola Ave. to Silver Springs State Park, bike path and trail.

**SR 40**, from NW 27th Ave. to SW 7th Ave., sidewalks.

**Marion Oaks Sunrise/Horizon,** from Marion Oaks Golf Way to Marion Oaks Manor, sidewalks.

Saddlewood Elementary, sidewalks.

Legacy Elementary, sidewalks.

**Technological Investments** 

**Marion County/ Ocala ITS Operational Support,** ITS Communication System.

# **APPENDIX F: PUBLIC COMMENTS**

# Fiscal Years 2021/2022 to 2025/2026 Transportation Improvement Program Public and Partner Comments Summary

#### Public comments (5)

#### **Non-Motorized Transportation Comments**

- (May 4, 2021) "The multi-use paths are extremely exciting and I cannot wait to use them; however, there is an issue with access to the SR 200 part of the paved path. There needs to be parking at 200 or a (less wide) paved path from SR 200 to the Ross Prairie Campground. People already park at the SR200 side even though there are tons of no parking signs; folks readily accept fines to park there. A linkup to RP Campground would also provide water/real restrooms which are not avail at Pruitt."
  - TPO Response: Noted for public record. The citizen was thanked for the comment and informed it will become part of public record, shared with Marion County and included in the TIP document for future planning considerations.
- (May 4, 2021) "Need more parking with restrooms and water on the paved trail starting at 49th trailhead towards 200."
  - TPO Response: Noted for public record. The citizen was thanked for the comment and informed it will become part of public record, shared with Marion County and included in the TIP document for future planning considerations.
- (May 19, 2021) Project 4354842: Pruitt Trail "Is the map of the Pruitt Paved Trail accurate? It shows it starting at SR 200 and south Greenway boundary, continues along south boundary about half way, then slowly goes north to the Pruitt Trail head. This would be a welcome change by the equestrian community in the "Horse Capital of the Word". The older maps showed the paved trail using the existing lime rock road. The lime rock road is the most popular horse and wagon trail in Pruitt and also has horse Pavilion."
  - TPO Response: Noted for public record. The citizen was thanked for the comment and informed it will become part of public record and included in the TIP document for future planning considerations. The TPO notified the citizen that based on coordination with Marion County, the trail is planned to be separated from equestrian trails as its own facility.

- (May 25, 2021, TPO Board Meeting) Project 4354842: Pruitt Trail
   "The next phase after this project is completed should be to create a safe underpass connection under SR 200."
  - TPO Response: Noted for public record. Comment will be documented to support priority projects process and considerations for trail projects.

#### **Roadway Comment**

- (May 13, 2021) CR 484
   "What are the plans for improvements to CR 484 near I-75. Traffic backs up and causes serious delays"
  - TPO Response: Please see the CR 484 at I-75 project in the TIP. Improvements to the interchange area also include turn lanes at SW 20<sup>th</sup> and CR 475A. The project is on schedule to start in 2021.

### Citizens Advisory Committee (CAC) comments (May 11, June 8 2021)

- **NW 27th Avenue** Widening from US 27 to NW 35<sup>th</sup> Street to 4 lanes.
  - TPO Response: Noted for public record. This project is not currently identified in the TIP or 2045 Long Range Transportation Plan (LRTP) Needs Plan. TPO will send this suggestion to the City of Ocala and maintain on file for future LRTP project list opportunities.
- **CR 484** Complete full connection from SW 49<sup>th</sup> Avenue to SW 20<sup>th</sup> Avenue.
  - TPO Response: Noted for public record. This project is not currently identified in the TIP or 2045 Long Range Transportation Plan (LRTP) Needs Plan. TPO will send this suggestion to Marion County and maintain on file for future LRTP project list opportunities.
- **CR 484** Improvements to the turn lanes are needed at CR 475A as part of the interchange project.
- 80th Avenue the Future of 80<sup>th</sup> corridor. What are the plans of Marion County?
  - TPO Response: Noted for public record. The TPO will pass this comment on to Marion County. This project is not in the draft TIP, but part of multiple planned phases of locally-funded projects in the Marion County TIP.
- 80th Avenue An emphasis should be placed on widening between SR 40 to US 27.
  - TPO Response: Noted for public record. The TPO will include this comment in the TIP public comment section.
- Interchange gap between SR 200 and CR 484 The existing 9-mile stretch from CR 484 to SR 200 presents a significant gap in access to/from I-75 in Marion County. Based on current and projected population growth in this part of Marion County, an interchange is needed to support future mobility and safety.
  - TPO Response: Noted for public record. The TPO will include this comment in the TIP public comment section.

- Safety on SR 40 at SW 27th Avenue This intersection in the City of Ocala is considered one of the most dangerous intersections involving turning movements. Additional turn lanes and safety measures are needed at the intersection area.
  - TPO Response: Noted for public record. A project is currently funded in the TIP through the Right-of-Way phase at this location. The project calls for dual left turn lanes at all four approaches of the intersection. The project is ranked #7 on the LOPP and the TPO will ensure this project continues to be emphasized as a priority to be fully funded through the TIP.

### **FHWA Comments and TPO Responses**

	Page #	Comment Type	Comment Description
1		Critical	Demonstration of explicit consideration and response to public input. 23 CFR 450.316(a)(1)(vi) This is found as part of the PPP but not HOW this is done.

**TPO Response:** Text was added on page 1-3, Public Involvement, summarizing how responses were made to public and agency comment. This includes specific responses to comments as to how they will be incorporated and/or addressed in the TIP document. In some cases, follow up responses to a public comment with further information about a project or process were also described.

2	Critical	Are significant comments addressed fully? 23 CFR 450.316(a)(2) Identified in PPP on page 37. This is just a reminder to included in comments.
---	----------	---

**TPO Response:** As outlined in Comment 1, all comments were fully addressed, including more significant comments requiring research, information gathering or follow up with FDOT or local staff members regarding projects. This information has been gathered and is included in Appendix F.

3		It is not clearly stated that Construction Engineering and Inspection (CEI) is included in the listed construction cost.

**TPO Response:** It is the general understanding by the TPO that CEI is included with the Construction Cost phase of all applicable projects in the TIP Download files provided by FDOT District 5. Figure 12 on page 5-2 was updated to include CEI with CST – Construction.

4	1 (0.1101	The TIP is required to contain all regionally significant projects regardless of funding source. Did the MPO to collect this information? 23 CFR 450.324(d)
---	-----------	---

**TPO Response:** All projects within Marion County of regional significance are within the draft TIP document. The TPO included a statement also provided by FDOT in reference to 23 CFR 450.326(a). A statement was added to Page 1-1 in the Purpose section of the Introduction.

5		Critical	The estimated total project cost(s), which may extend beyond the timeframe of the TIP is not shown. 23 CFR 450.326(g)(2) Project with design funds did not include future cost.
---	--	----------	---

**TPO Response:** The following five projects were identified as requiring updates to include estimated total costs beyond the current TIP timeframe. These include projects that involve only right-of-way, design or PE, and no construction funding in this TIP.

- 4106742: SR 40, End of 4 lanes to East of CR 314A Total Project Cost is listed in the TIP project page (page 5-31) FDOT confirmed total cost (is in Project Page, Page 5-31)
- 4336521: SR 40 Intersections at SW 40th Avenue and SW 27th Avenue FDOT confirmed total cost (added to project page) Current total Cost is \$10.1 Million (added on page 5-34)
- 4367561: Downtown Ocala Trail from SE Osceola Avenue to Silver Springs State Park City of Ocala provided total cost of \$1.25 million, and it is noted on page 5-40.
- 4367551: Indian Lake Trail from Silver Springs State Park to Indian Lake State Park –
   Marion County provided total project cost of \$2.85 million, and it is noted on page 5-41.
- 4408801: Marion Oaks-Sunrise/Horizon- Marion Oaks Golf Way to Marion Oaks Manor Marion County provided total project cost of \$495,000, and it is noted on page 5-44.

6	Critical	Did not find the TIP list major projects from the last TIP that were implemented or identify significant delays in the implementation of major projects. 23 CFR 450.324(I)(2)
---	----------	---

**TPO Response:** Appendix H provides a summary of TIP major projects from the last TIP either implemented, in progress or delayed. This appendix is referenced on page 5-1. Since the draft document was released, further information was provided in the appendix as to the status of the projects. The appendix also displays major projects and associated funding changes from the prior TIP to current TIP.

Florida Department of Transportation (FDOT) Comments

# TRANSPORTATION IMPROVEMENT PROGRAM (TIP) REVIEW CHECKLIST

The following TIP Review Checklist is provided to assist in the review of the TIP. This Review Checklist is to be completed and included in the MPO's final TIP Document.

Comments should be categorized as:

**Editorial**: Comments may be addressed by MPO, but would not affect approval of the document, i.e., grammatical, spelling and other related errors.

**Enhancement:** Comments may be addressed by MPO, but would not affect approval of the document, i.e., improve the quality of the document and the understanding for the public (improving graphics, re-packaging of the document, use of plain language, reformatting for clarity, removing redundant language).

**Critical:** Comment MUST be addressed to meet minimum state and federal requirements to obtain approval. The reviewer must clearly identify the applicable state or federal policies, regulations, guidance, procedures or statutes that the document does not conform with.

If a question is categorized, a comment must be included. In addition, if a question is answered with "no", a comment must also be included. Once the checklist is finalized, please share as a PDF.

TIP Review Checklist Updated: 10/6/2020

# **APPENDIX G: GLOSSARY OF TERMS AND ACRONYMS**

# Glossary of Terms and Acronyms

ACRYONYM	NAME	DESCRIPTION
3-C	Comprehensive, Continuing and Cooperative	A Comprehensive, Continuing and Cooperative (3C) process is required for all Metropolitan Planning Organizations (MPO) to be eligible for Federal transportation funding.
ACS	American Community Survey	The American Community Survey is an ongoing survey that provides vital information on a yearly basis about our nation and its people.
ADA	Americans with Disabilities Act	The Americans with Disabilities Act (ADA) prohibits discrimination against people with disabilities in employment, transportation, public accommodation, communications, and governmental activities.
ATMS	Automated Traffic Management System	ATMS is used to improve the efficiency of the transportation network. ATMS utilizes data-analysis and communication technology to reduce congestion in real-time due to crashes and other traffic problems.
BEA	Bureau of Economic Analysis	Federal agency within the Department of Commerce that provides economic data and projections.
BLS	Bureau of Labor Statistics	Federal agency within the Department of Labor that tracks federal employment data.
BTS	Bureau of Transportation Statistics	The Bureau of Transportation Statistics was established as a statistical agency in 1992. The Intermodal Surface Transportation Efficiency Act (ISTEA) of 1991 created BTS to administer data collection, analysis, and reporting and to ensure the most cost-effective use of transportation- monitoring resources.
CAAA	Clean Air Act Amendments of 1990	The original Clean Air Act was passed in 1963, but the national air pollution control program is actually based on the 1970 revision of the law. The Clean Air Act as amended in 1990 made major changes and contains the most far reaching revisions of the 1970 law.
CAC	Citizen Advisory Committee	The Citizens Advisory Committee (CAC) advises the TPO on local transportation issues based on the input of citizens they represent in the area. The TPO strives to keeps the composition of the CAC diverse in terms of geographic location and professions represented.
CBSA	Core Based Statistical Areas	CBSAs consist of the county or counties or equivalent entities associated with at least one core (urbanized area or urban cluster) of at least 10,000 population plus adjacent counties having a high degree of social and economic integration with the core. Social and economic integration is measured in the form of commuting and other reoccurring travel.
СҒМРОА	Central Florida Metropolitan Planning Organization Alliance	A partnership of Transportation Planning Organizations in Central Florida created to provide transportation solutions throughout the region.
CFR	Code of Federal Regulations	The codification of the rules published in the Federal Register by the executive departments and agencies of the Federal Government. These are the administrative rules and regulations that clarify the impact of the United States Code (USC) or the law.

ACRYONYM	NAME	DESCRIPTION		
CFRPM	Central Florida Regional Planning Model	Travel demand forecasting tool used by numerous planning agencies throughout central Florida.		
CMAQ	Congestion Mitigation and Air Quality Improvement Program	· · · ·		
СМР	Congestion Management Process	A systematic approach required in transportation management areas (TMAs) that provides for effective management and operation. Provides information on transportation system performance and finds alternative ways to alleviate congestion and enhance the mobility of people and goods, to levels that meet state and local needs.		
СТС	Community Transportation Coordinator	Community Transportation Coordinators are businesses or county departments responsible for arrangement of transportation services delivered to the transportation disadvantaged. (Definition taken from Lee MPO http://leempo.com/programs-products/transportation- disadvantaged/).		
CTD	Commission for Transportation Disadvantaged	Created in 1989, the CTD was created to provide statewide policy guidance to Florida's Transportation Disadvantaged Program, which coordinates funs to provide older adults, persons with disabilities and people with limited access to employment, health care and educational opportunities (Definition taken from NCFRPC - http://www.ncfrpc. org/TD/td.html).		
СТРР	Census Transportation Planning Products	The CTPP is a set of special tabulations designed by and for transportation planners using large sample surveys conducted by the Census Bureau.		
СТЅТ	Community Traffic Safety Team	An organization created to inform the public about transportation safety issues. Major events conducted by the Marion County CTST include "Walk Your Child to School Day", a mock DUI scenario, and a Battle of the Belts competition.		
DBE	Disadvantaged Business Enterprise	The DBE program ensures that federally-assisted contracts for transportati projects are made available for small businesses owned/ controlled by socially and economically disadvantaged individuals (Definition taken from FHWA - https://www.fhwa.dot.gov/civilrights/ programs/dbe/).		
DOPA	Designated Official Planning Agency	An agency that assists the Florida Commission for the Transportation Disadvantaged (CTD) in the coordination of safe, efficient, cost effective transportation services to those who are transportation disadvantaged. (Definition taken from CTD - https://ctd.fdot.gov/ communitytransystem.htm)		
DRI	Development of Regional Impact	A large-scale development project that may impact multiple counties or jurisdictions		
EIS	Environmental Impact Statement	Report developed as part of the National Environmental Policy Act requirements, which details any adverse economic, social, and environmental effects of a proposed transportation project for which Federal funding is part of the project.		

ACRYONYM	NAME	DESCRIPTION	
EPA	Environmental Protection Agency	The federal regulatory agency responsible for administering and enforcing federal environmental laws, including the Clean Air Act, the Clean Water Act, the Endangered Species Act, and others.	
ETDM	Efficient Transportation Decision Making	Developed by the Florida Department of Transportation (FDOT) to streamline the environmental review process, ETDM helps protect natural resources by involving stakeholders early in the transportation planning process. Specifically, ETDM is used to identify the impacts may occur from planned transportation projects.	
FAA	Federal Aviation Administration	FAA provides a safe, secure, and efficient global aerospace system that contributes to national security and the promotion of US aerospace safety.	
FAST Act	Fixing America's Surface Transportation Act	The Fixing America's Surface Transportation (FAST) Act is five-year legislation that was enacted into law on December 4, 2015. The main focus of the legislation is to improve the Nation's surface transportation infrastructure, including our roads, bridges, transit systems, and rail transportation network.	
FDOT	Florida Department of Transportation	Originally named the Florida State Road Department, the Florida Department of Transportation (FDOT) was created in 1969. FDOT's mission to ensure the mobility of people and goods, enhance economic prosperity, and preserve the quality of the environment and community (Definition taken from State of Florida-https://jobs.myflorida.com/go/ Department-of-Transportation/2817700/).	
FHWA	Federal Highway Administration	A branch of the U.S. Department of Transportation that administers the federal- aid highway program, providing financial assistance to states to construct and improve highways, urban and rural roads, and bridges.	
FMTP	Freight Mobility and Trade Plan	FDOT's Freight Mobility and Trade Plan (FMTP) defines policies and investments that will enhance Florida's economic development into the future.	
FSUTMS	Florida Standard Urban Transportation Modeling Structure	FSUTMS is a computerized planning model that allows users to better predict the impact of transportation policies and programs by providing a standardized framework for the development, use and sharing of models.	
FTA	Federal Transit Administration	A branch of the U.S. Department of Transportation that administers federal funding to transportation authorities, local governments, and states to support a variety of locally planned, constructed, and operated public transportation systems throughout the U.S., including buses, subways, light rail, commuter rail, streetcars, monorail, passenger ferry boats, inclined railways, and people movers.	
FTP	Florida Transportation Plan	Florida's long-range plan that guides current transportation decisions. The plan outlines transportation issues and solutions related to improving safety, efficiency, population growth, economic development, and access to transit and other modes of transportation.	
FY	Fiscal Year/ Federal Fiscal Year	The TPO's Fiscal Year is from July 1 to June 30. The Federal Fiscal Year is from October 1 to September 30.	

ACRYONYM	NAME	DESCRIPTION	
GIS	Geographic Information System	Computerized data management system designed to capture, store, retrieve, analyze, and display geographically referenced information.	
HIS	Interstate Highway System	The specially designated system of highways, begun in 1956, which connects the principal metropolitan areas, cities, and industrial centers of the United States.	
HOV	High-Occupancy Vehicle	Vehicles carrying two or more people.	
HSIP	Highway Safety Improvement Program	The goal of the HSIP program is to achieve a significant reduction in traffic fatalities and serious injuries on all public roads, including non-State-owned public roads and roads on tribal lands.	
HUD	Department of Housing and Urban Development	HUD's mission is to increase homeownership, support community development and increase access to affordable housing free from discrimination. HUD's Community Development Block Grant Program (CDBG) is a program with many resources that are used to help address a wide array of community development needs, including sidewalks and other transportation infrastructure.	
IRI	International Roughness Index	International Roughness Index (IRI) is used by transportation professionals around the world as a standard to quantify road surface roughness. IRI is highly useful for assessing overall roadway pavement ride quality; a higher IRI value indicates a rougher road surface.	
ITS	Intelligent Transportation Systems	Electronics, photonics, communications, or information processing to improve the efficiency or safety of the surface transportation system.	
LOS	Level of Service	Level of Service (LOS) is a term that describes the operating conditions a driver, transit users, bicyclist, or pedestrian will experience while traveling on a particular street, highway or transit vehicle. LOS is used in transportation planning as a data friendly tool to help aid in the decision making process regarding road capacity. LOS data allows planners to make more informed decisions regarding transportation projects.	
LOPP	List of Priority Projects	The List of Priority Projects (LOPP) is a formalized list developed each year by the TPO in collaboration with local government partners, and as required by state statute. The LOPP contains the highest priorities for future transportation projects and investments to receive consideration for federal and state funding.	
LRTP/MTP	Long-Range Transportation Plan (or Metropolitan Transportation Plan)	A document that serves as the defining vision for the region's transportation systems and services. The LRTP addresses a planning horizon of no less than a 20-years and is developed, adopted, and updated every five years by the TPO. The most recent LRTP was adopted in December 2015. The plan can be viewed on the TPO website at: https://ocalamariontpo.org/plans-and-programs/long-range- transportation-plan-lrtp/.	

ACRYONYM	NAME	DESCRIPTION			
LOTTR	Level of Travel Time Reliability	The Level of Travel Time Reliability (LOTTR) is the ratio of the 80th percentile travel time to the normal travel time (50th percentile) throughout a full calendar year. Data for this measure is derived from the FHWA National Performance Management Research Data set (NPMRDS).			
MAP-21	Moving Ahead for Progress in the 21st Century	The Moving Ahead for Progress in the 21st Century Act (P.L. 112-141), was signed into law in 2012. Funding surface transportation programs at over 105 billion for fiscal years (FY) 2013 and 2014, MAP-21 is the first long-term highway authorization enacted since 2005. MAP-21 creates a streamlined and performance-based surface transportation program and builds on many of the highway, transit, bike, and pedestrian programs and policies established in 1991.			
МРА	Metropolitan Planning Area	The geographic area determined by agreement between the transportation planning organization (TPO) for the area and the Governor, in which the metropolitan transportation planning process is carried out.			
МРО	Metropolitan Planning Organization	An MPO, also known as a TPO, is a forum for cooperative transportation decision-making for metropolitan planning areas. In order for a TPO to be designated as an MPO, an urban area must have a population of at least 50,000 as defined by the US Census Bureau.			
MPOAC	Metropolitan Planning Organization Advisory Council	A planning and policy organization created to assist individual MPO/TPOs across Florida in building a more collaborative transportation planning process.			
MSA	Metropolitan Statistical Area	A Core Based Statistical Areas associated with at least one urbanized area that has a population of at least 50,000. The metropolitan statistical area comprises the central county or counties or equivalent entities containing the core, plus adjacent outlying counties having a high degree of social and economic integration with the central county or counties as measured through commuting.			
NTD	National Transit Database	The National Transit Database (NTD) is the repository of data for the financial, operating and asset conditions of the nation's transit systems.			
NEPA	National Environmental Policy Act of 1969	Established requirements that any project using federal funding or requiring federal approval, including transportation projects, examine the effects of proposed and alternative choices on the environment before a federal decision is made.			
NHPP	National Highway Performance Program	The NHPP provides support for the condition and performance of the National Highway System (NHS), for the construction of new facilities on the NHS.			
NHPP (Bridge)	National Highway Performance Program (Bridge)	Reconstruction, resurfacing, restoration, rehabilitation, or preservation of a bridge on a non-NHS Federal-aid highway (if Interstate System and NHS Bridge Condition provision requirements are satisfied) [23 U.S.C. 119(i)].			
NHS	National Highway System	This system of highways designated and approved in accordance with the provisions of 23 U.S.C. 103(b) (23CFR500).			

ACRYONYM	NAME	DESCRIPTION		
PD&E	Project Development and Environmental Study	A study conducted to determine feasible building alternatives for transportation projects and their social, economic and environmental impacts. PD&E studies are required per the National Environmental Policy Act (NEPA). (Definition taken from FDOT, District 7 - https://www.fdotd7studies.com/what-is-a-pde-study.html).		
PEA	Planning Emphasis Area	Planning Emphasis Areas set planning priorities that are supportive of the statewide Florida Transportation Plan (FTP), and give importance to topics that all MPOs are encouraged to address in their respective planning programs.		
PM	Performance Management	Performance Management (PM) serves as federally required strategic approach that uses system data and information guide investment and policies to achieve national goals.		
PPP	Public Participation Plan	The Public Participation Plan documents the goals, objectives and strategies for ensuring all individuals have every opportunity to be involved in transportation planning decisions. The plan is designed to provide a transparent planning process that is free from any cultural, social, racial or economic barriers and offers multiple opportunities for public participation and input.		
PTASP	Public Transportation Agency Safety Action Plan	A plan that is developed by transit agencies to identify responsibilities for safety and day to day implementation of a safety management system.		
RPC	Regional Planning Council	Organizations designated by Florida law to provide planning and technical expertise to local governments in order to promote regional collaboration.		
SHSP	Strategic Highway Safety Plan	This is a statewide and coordinated safety plan that provides a comprehensive framework for eliminating highway fatalities and reducing serious injuries on all public roads.		
SIS	Strategic Intermodal System	A network of transportation facilities important to the state's economy and mobility. The SIS was created to focus the state's limited resources on the facilities most significant for interregional, interstate and international travel (Definition taken from FDOT - https://www.fdot.gov/planning/sis/default.shtm).		
SOV	Single-Occupancy Vehicle	Any motor vehicle operated or driven by a single person.		
STBG	Surface Transportation Block Grant Program	The STBG federal funding promotes flexibility in State and local transportation decisions and provides flexible funding to best address State and local transportation needs.		
STIP	Statewide Transportation Improvement Program	The STIP is a statewide prioritized listing/program of transportation projects covering a period of four years that is consistent with the long-range statewide transportation plan, metropolitan transportation plans, and TIPs, and required for projects to be eligible for funding under title 23 U.S.C. and title 49 U.S.C. Chapter 53.		
STP	Surface Transportation Program	Federal-aid highway funding program that supports a broad range of surface transportation capital needs, including many roads, transit, sea and airport access, vanpool, bike, and pedestrian facilities.		

ACRYONYM	NAME	DESCRIPTION			
TAC	Technical Advisory Committee	The Technical Advisory Committee provides technical expertise to the TPO by reviewing transportation plans, programs and projects primarily from a technical standpoint. The TAC is comprised of professional planners, engineers, and school officials.			
ТАМР	Transportation Asset Management Plan	The TAMP outlines the process for effectively operating, maintaining and improving the physical transportation assets in Florida (e.g., roads, bridges, culverts).			
TAZ	Traffic Analysis Zone	A defined geographic area used to tabulate traffic-related land use data and forecast travel demand. Traffic Analysis Zones typically consist of one or more Census blocks/tracts or block groups.			
TD	Transportation Disadvantaged	Transportation Disadvantaged includes individuals with physical and economic challenges and senior citizens facing mobility issues.			
TDLCB	Transportation Disadvantaged Local Coordinating Board	The TDLCB coordinates transportation needs of the disadvantaged, including individuals with physical and economic challenges and senior citizens facing mobility issues. The Board helps the TPO identify local service needs of the Transportation Disadvantaged (TD) community to the Community Transportation Coordinator (CTC).			
TDM	Transportation Demand Management	Programs designed to reduce demand for transportation through various means, such as the use of public transit and of alternative work hours.			
TDP	Transit Development Plan	The Transit Development Plan (TDP) represents the community's vision for public transportation in the Ocala Marion TPO service area for a 10- year span. Updated every five years, the Plan provides a comprehensive assessment of transit services in Marion County. Specifically, the TDP details SunTran's transit and mobility needs, cost and revenue projections, and community transit goals, objectives, and policies.			
TIP	Transportation Improvement Program	A TIP is a prioritized listing/program of transportation projects covering a period of five years that is developed and formally adopted by a TPO as part of the metropolitan transportation planning process, consistent with the metropolitan transportation plan, and required for projects to be eligible for funding under title 23 U.S.C. and title 49 U.S.C. Chapter 53.			
TMA	Transportation Management Area	An urbanized area with a population over 200,000 (as determined by the latest decennial census) or other area when TMA designation is requested by the Governor and the TPO (or affected local officials), and officially designated by the Administrators of the FHWA and FTA. The TMA designation applies to the entire metropolitan planning area.			
TMIP	Travel Model Improvement Program	TMIP supports and empowers planning agencies through leadership, innovation and support of planning analysis improvements to provide better information to support transportation and planning decisions.			

ACRYONYM	NAME	DESCRIPTION		
TOD	Transit Oriented Development	Transit-oriented development, or TOD, is a type of community development that includes a mixture of housing, office, retail and/or other amenities integrated into a walkable neighborhood and located within a half-mile of quality public transportation (Definition taken from Reconnecting America-www.reconnectingamerica.org).		
TPM	Transportation Performance Management	FHWA defines Transportation Performance Management as a strategic approach that uses system information to make investment and policy decisions to achieve national performance goals.		
ТРО	Transportation Planning Organization	A TPO, also known as an MPO, is a forum for cooperative transportation decision-making for metropolitan planning areas. In order for a TPO to be designated, an urban area must have a population of at least 50,000 as defined by the US Census Bureau.		
TRB	Transportation Research Board	The mission of the Transportation Research Board (TRB) is to promote innovation and progress in transportation through research.		
TRIP	Transportation Regional Incentive Program	Created in 2005, the program provides state matching funds to improve regionally significant transportation facilities.		
TTTR	Truck Travel Time Reliability Index	The Truck Travel Time Reliability Index (TTTR) is defined as the ratio of longer truck travel times (95th percentile) compared to normal truck travel times (50th percentile) on the interstate system.		
UA	Urbanized Area	A statistical geographic entity delineated by the Census Bureau, consisting of densely settled census tracts and blocks and adjacent densely settled territor that together contain at least 50,000 people.		
ULB	Useful Life Benchmark	The expected lifecycle or the acceptable period of use in service for a transit capital asset, as determined by the transit agency or by a default benchmark provided by the Federal Transit Administration.		
UPWP	Unified Planning Work Program	UPWP means a Scope of Services identifying the planning priorities and activities to be carried out within a metropolitan planning area. At a minimum, a UPWP includes a description of planning work and resulting products, who will perform the work, time frames for completing the work, the cost of the work, and the source(s) of funds.		
USC	United States Code	The codification by subject matter of the general and permanent laws of United States.		
USDOT	United States Department of Transportation	When used alone, indicates the U.S. Department of Transportation. In conjunction with a place name, indicates state, city, or county transportation agency.		
YOE	Year of Expenditure	The current dollar in the year (adjusted for inflation) during which an expenditure is made or benefit realized, such as a project being constructed.		
VMT	Vehicle Miles Traveled	A measurement of miles traveled by vehicles within a specified region for a specified time period (Definition taken from Wikipedia).		

# APPENDIX H: MAJOR PROJECT CHANGES FROM PRIOR TIP

# **Major Project Changes**

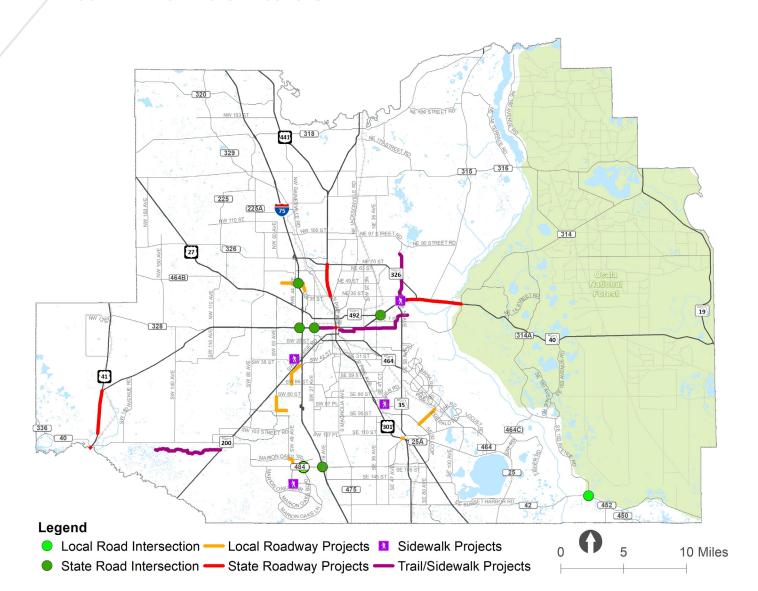

Major projects include TIP funded improvements to transportation facilities in Marion County that serve regional needs. The following lists summarize major projects that were listed in the previous FY 2020/2021 to FY 2024/2025 TIP and their respective status toward implementation. The status of these projects are identified as construction, delayed or completed. Changes to funding are also noted for major projects funded in both the previous TIP (FY 20/21 to 24/25) and the current FY 2021/2022 to FY 2025/2026 TIP.

Major Projects in Progress, Delayed or Implemented				
Project				
Number/FM	Project Description	Total Project Cost	Project Status	
4411361	US 301 from CR 25A to US 301/US 441 Resurfacing	\$21,395,079	Construction 2021	
4458021	US 301 Median Access from NW 35th to SR 326	\$2,604,273	Construction 2021	
4413661	SR 40 from SW 27th to MLK Jr. Median Access	\$1,005,666	Completion 2021	
4336511	CR 484 from SW 20th to CR 475A	\$21,519,132	Construction 2021	

Major Projects - Funding Changes				
Project		Changes from 20/21		
Number/FM	Project Description	to 24/25 TIP	Change in Funding	
4453211	Wildwood Mainline Weigh In Motion (WIM)	Funding Increase	\$2,091,373	
4336601	US 441 at SR 464	Funding Increase	\$3,199,243	
4336611	US 441 from SR 40 to SR 40A	Funding Decrease	-\$1,603,444	
4106742	SR 40 from End of Four Lanes to East of CR 314A	Funding Decrease	-\$5,181,957	
4336511	CR 484 from SW 20th to CR 475A	Funding Increase	\$4,078,864	
4392341	SR 200 from I-75 to US 301	Funding Decrease	-\$1,254,072	
4411411	SR 464 from US 301 to SR 35	Funding Decrease	-\$1,514,432	

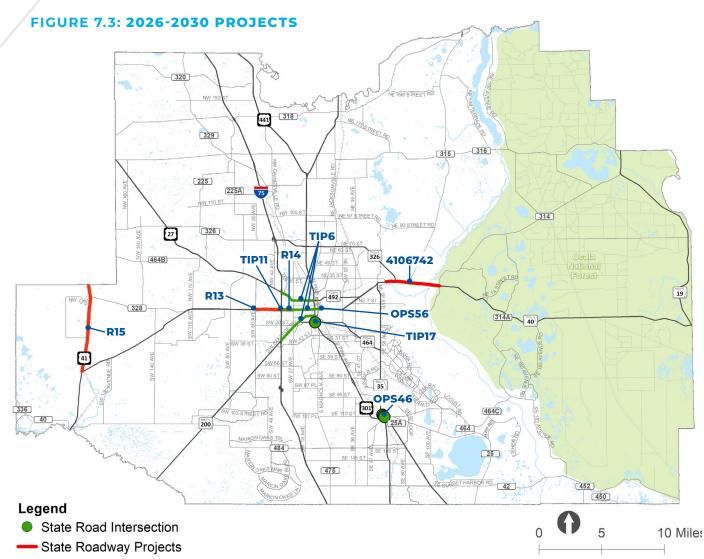

# APPENDIX I: LIST OF PROJECTS IN THE 2045 LONG RANGE TRANSPORATION PLAN (LRTP)

#### FIGURE 7.2: 2021-2025 PROJECTS

**TABLE 7.2: 2021-2025 PROJECTS** 

PROJECT TYPE	FACILITY	FROM	то	IMPROVEMENT
	SR 45 (US 41)	SW 110TH St	N of SR 40	Add Lanes & Reconstruct
	SR 40	End of 4 Lanes	E of CR 314	Add Lanes & Reconstruct
	CR 484	SW 20TH Ave	CR 475A	Interchange Improvement
	SR 40	at SW 40th Ave and SW 27th Ave		Add Turn Lane(s)
	I-75(SR 93)	End of NW 49th St	End of NW 35th St	New Interchange
State/Federal Funded Roadway Investmens	US 441	SR 40	SR 40A (SW Broadway)	Traffic Ops Improvement
	E SR 40	At SR 492		Traffic Signals
	SR 40	SW 27th Ave	MLK Jr. Ave	Safety Project
	US 41/Williams St	Brittan Alexander Bridge	River Rd	Safety Project
	SR 25	NW 35th St	SR 326	Safety Project
	CR 42	at SE 182ND		Add Turn Lane(s)
	SE Abshier Blvd	SE Hames Rd	N of SE Agnew Rd	Traffic Signals
	Emerald Road Extension	SE 92nd Loop	Florida Northern Railroad	New 2 Lane
	NW 49th Street Ext	NW 44th Ave	NW 35th Ave	New 4 Lane
Local Funded	NW 49th Street	1.1 miles west of NW 44th Ave	NW 44th Ave	New 2 Lane
Roadway Investments	SW 49th/40th Ave	SW 66th St	SW 42nd St Flyover	New 4 Lane divided
	SW 49th Ave	Marion Oaks Trail	CR 484	New 4 Lane
	SW 90th St	SW 60th Ave	0.8 miles E of SW 60th Ave	New 2 Lane
	SW 60th Ave	SW 90th St	SW 80th St	Traffic Signals
	CR 484	at Marion Oaks Blvd		Add Turn Lanes, Modify Signals
	Silver Springs State F	Park		Pedestrian Bridges
	Pruitt Trail	SR 200	Pruitt Trailhead	Bike Path/Trail
	Indian Lake Trail	Silver Springs State Park	Indian Lake Park	Bike Path/Trail
Pedestrian/ Bicycle	Downtown Ocala Trail	SE Osceola Ave	Silver Springs State Park	Bike Path/Trail
Investments	SR 40	NW 27th Ave	SW 7th Ave	Sidewalks
	Marion Oaks- Sunrise/Horizon	Marion Oaks Golf Way	Marion Oaks Manor	Sidewalks
	Saddlewood Elemen	tary Sidewalks		Sidewalks
	Legacy Elementary S	Sidewalks		Sidewalks
Technological Investments				

#### **TABLE 7.3: 2026-2030 PROJECTS**

FUNDING	ID	FACILITY	FROM	то	PROJECT DESCRIPTION
	TIP6	I-75 FRAME Off System			ITS infrastructure
	TIP17	US 441	at SR 464		Turn lane
	TIP11	SR 40	SW 40th Ave	SW 27th Ave	Left turn lane
	R15	US 41	SR 40	Levy County Line	Widen to 4 lanes
State/ Federal	OPS46	SR 35	at Foss Rd, Robinson Rd, Hames Rd		Intersection geometry
Funded	R13	SR 40	SW 60th Avenue	I-75	Widen to 6 lanes
	R14	SR 40	I-75	SW 27th Avenue	Widen to 6 lanes
	OPS56	SR 40 Downtown Operational Imp.	US 441	NE 8th Ave	Complete Street
	4106742	SR 40	from end of 4 lanes	to East of CR 314	Widen to 4 lanes

### **APPENDIX K: Roll Forward Amendment Report**

Website: Ocalamariontpo.org

# **Transportation Improvement Program**

Fiscal Years 2021/2022 to 2025/2026

**Roll Forward Amendment** 

**Approved August 24, 2021** 

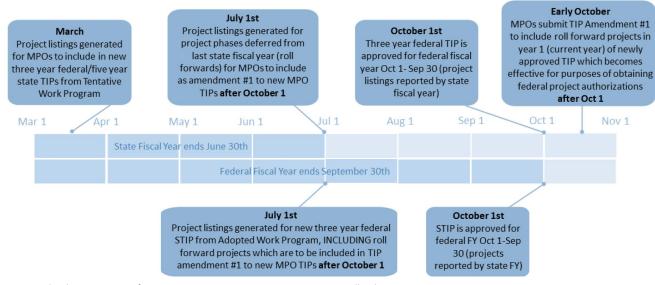

### **Roll Forward TIP Amendment**

#### **PURPOSE**

The purpose of the Roll Forward Amendment is to ensure consistency between the Ocala/Marion County Transportation Planning Organization (TPO) Transportation Improvement Program (TIP) and the Florida Department of Transportation (FDOT) Work Program. This is due to a three-month gap between the start of the State fiscal year (FY) on July 1 and the start of the Federal FY on October 1.

The TPO's FY 2021/2022 to 2025/2026 TIP was adopted by the Board on June 22, 2021. Both the TPO's TIP and FDOT's Work Program are adopted by July 1 of each year with the requirement that year one (FY 2022) in both documents must match. However, in some cases there are projects that were programmed in the previous FY of the prior TIP document that were not authorized and encumbered prior to June 30. These projects automatically roll-forward in the FDOT Work Program, but not into the TIP to meet the TPO's timeline for annual adoption. As a result, the TPO's TIP must be amended each year to include these projects to be in full alignment with the FDOT Work Program. Hence, the process is called the Roll Forward TIP Amendment.

Unlike all other projects, Federal Transit Administration (FTA) projects to not automatically roll-forward in the FDOT Work Program. The TPO is required to coordinate with the FDOT District Public Transit Office (TPO) and SunTran to ensure that any project funding is appropriately accounted for in the Roll Forward TIP Amendment. The following graphic displays the Roll Forward process and all key milestones.

Source: Florida Department of Transportation MPO Program Management Handbook, 2021

### **Roll Forward Summary**

The following summary displays the differences between the current adopted FY 2021/2022 to 2025/2026 TIP for year one (FY 21/2022) and proposed TIP based on the project changes due to the Roll Forward amendment process.

Project FM #	Project Name	Work Type	Phase(s)	Current TIP FY 21/2022	Amount Rolled Forward	Revised TIP FY 21/2022

**RE:** Commitment to Zero Crash Tech Memo

#### **Summary**

On January 12, 2022, the TPO kicked-off Commitment to Zero: An Action Plan for Safer Streets in Ocala Marion. The TPO's consultant team, Benesch, has been undertaking task work to develop a Crash Tech Memo to summarize their analysis of recent crash statistics in Marion County.

At the meeting, Chris Keller of Benesch will provide a presentation that highlights the draft Crash Tech Memo and share further information regarding the progress of the Commitment to Zero planning process.

#### Attachment(s)

• Commitment to Zero Draft Crash Tech Memo

#### **Action Requested**

Review and offer comments, feedback on the Crash Tech Memo.

If you have any questions, please contact me at: 438-2631.

Behavior	22

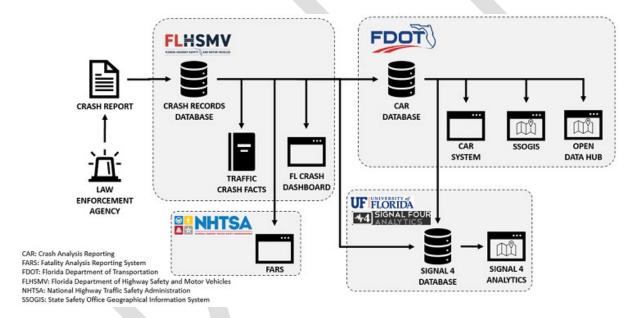

#### Introduction

Commitment to Zero is built around a Safe Systems framework. In Safe Systems, a "safety culture" is adopted, whereby the goal of any roadway initiative, whether education, engineering, or any other intervention, is to eliminate the possibility of death. Under Safe Systems, the entirety of the transportation network is designed and studied in a way that inevitable mistakes by roadway users – motorists, walkers, bicyclists, and motorcyclists – do not result in death.

#### **Data Source**

Crash data were retrieved from Signal Four Analytics, a collaborative statewide crash analytical tool developed by the University of Florida Geoplan Center, for the period between 2015 and 2020. Signal Four receives its crash data via the Florida Department of Highway Safety and Motor Vehicles (FHSMV) and enhances this data using citation data retrieved from the Florida Court Clerks & Comptrollers (FCCC). After retrieving these data, Signal Four then performs quality control as needed.

#### **Crash Trends**

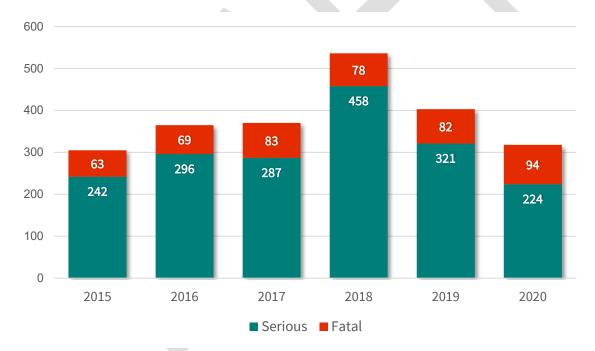

To better understand which interventions will have the highest safety benefit, an analysis of five-year crash data was undertaken to identify crash trends within Ocala / Marion County. An additional sixth year, 2015, was included to account for the unusual circumstances in 2020 stemming from the initial onset of the Covid-19 pandemic. Because Commitment to Zero focuses on eliminating deaths and serious injuries, only crashes where someone was killed or severely injured (KSI) were reviewed. Certain trends were further identified for KSI crashes involving people riding bikes or walking, who make up a disproportionate share of total KSI crashes.

#### Seasonality

Crashes were reviewed by year, month, day of the week, and hour of the day.

#### **Annual Crashes**

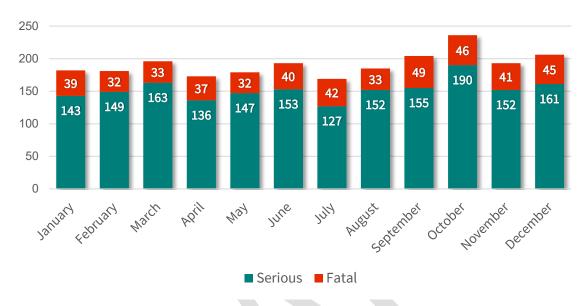

On an annual basis, KSI crashes have been progressively increasing. In 2018 there was a noted spike in serious injury crashes. Although total KSI crashes were lower in 2020, the proportion of fatal crashes to serious injury crashes was higher than in any other reviewed year.

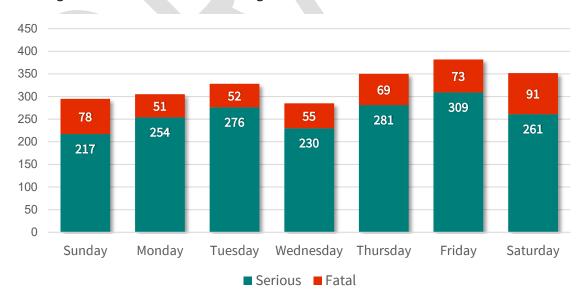

#### **Monthly Crashes**

On a monthly basis, total KSI crashes are generally stable month over month. The highest period is between September and December, with September having the highest number of deadly crashes and October having the highest number of crashes resulting in serious injuries.

#### **Daily Crashes**

By day of the week, Thursday through Saturday are the most dangerous days of the week. Friday has the highest number of total KSI crashes and crashes resulting in serious injury, while Saturday has the highest number of crashes resulting in death.

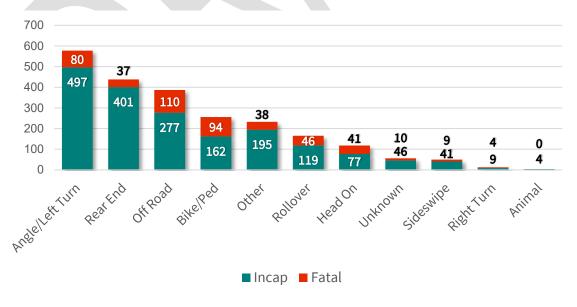

#### Hourly

Crashes by time of day see a distinct peak in crash frequency between the lunch hour and the end of the evening rush hour. The highest number of crashes resulting in serious injuries occurred during the 4:00 PM hour, while the highest number of crashes resulting in death occurred during the 7:00 PM hour.

#### **Crash Types**

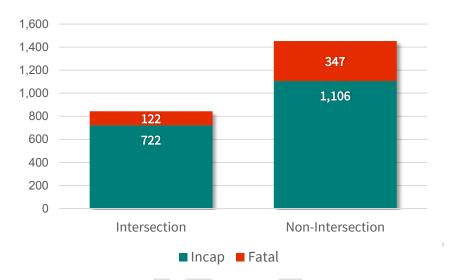

Crashes were placed into 11 categories, shown as the figure below. Angle and Left Turn crashes made up the largest share of total KSI crashes (25%) and serious injury crashes (27%). Run Off Road accounted for the largest share (23%) of crashes that resulted in a death.

#### Relation to Intersection

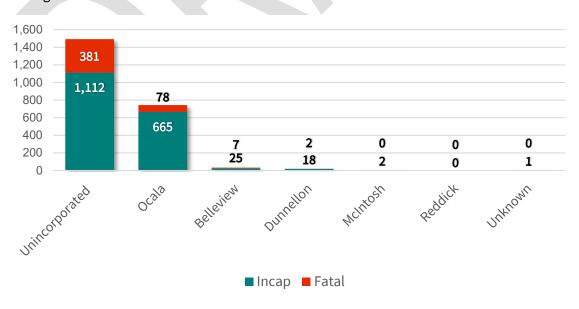

Crashes were categorized based on their relationship to the nearest intersection. Most KSI crashes occurred outside of an intersection. Crashes that occurred away from an intersection were more likely to result in death.

#### Roadway and Locational Trends

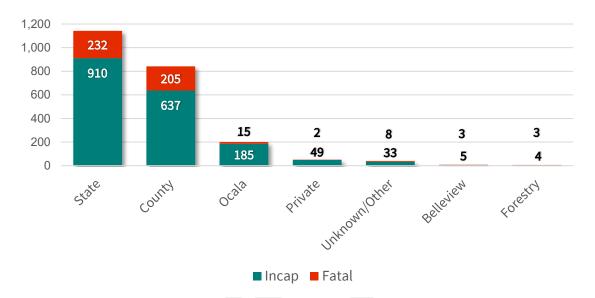

A review of roadway data was completed to better understand the types of roads where KSI crashes are occurring with the highest frequency.

Most crashes are documented as occurring within Unincorporated Marion County or the City of Ocala. Together, the lane miles of roads within these areas make up for about 98% of total miles, matching their total share of about 98% of KSI crashes.

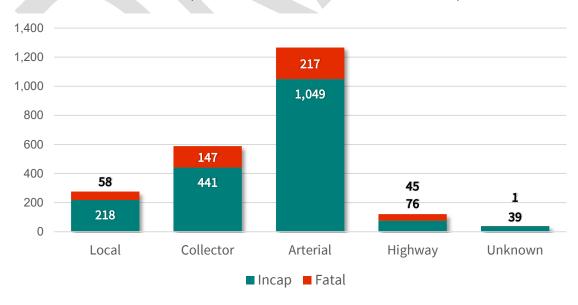

The majority of crashes occur on State and County jurisdiction roads. These roads carry the highest volume of traffic at the highest speeds, two factors that contribute significantly to the probability and severity of a crash.

Excluding local streets, arterial roadways make up about a third of total lane miles in Marion County yet carry 55% of total KSI crashes and 46% of total fatal crashes. Collector streets, which make up about two-thirds of total lane miles (excluding local streets), carry about a quarter of total KSI crashes. Conversely, local streets, which make up 77% of total lane miles, carry disproportionately lower crashes, carrying only 12% of total KSI crashes – including 12% of serious injury crashes and 12% of fatal crashes. This is due in part to the much lower volume and speed encountered on local roads compared to their arterial and collector counterparts.

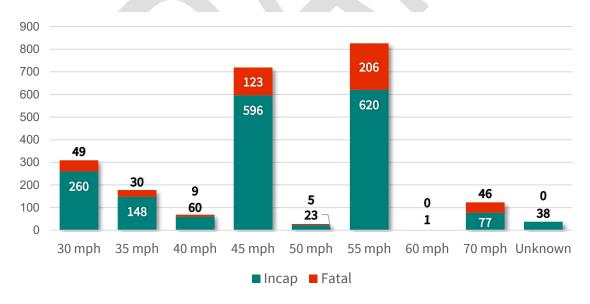

Most crashes occurred on 4-lane roadways, with 5-lane roadways having a slightly higher share of fatal crashes than total KSI crashes.

Roads with a posted speed limit of 45 MPH or 55 MPH made up about two-thirds of total KSI crashes. Additionally, roads with a posted speed limit of 55 MPH made up 44% of fatal crashes, despite only making up 36% of total KSI crashes.

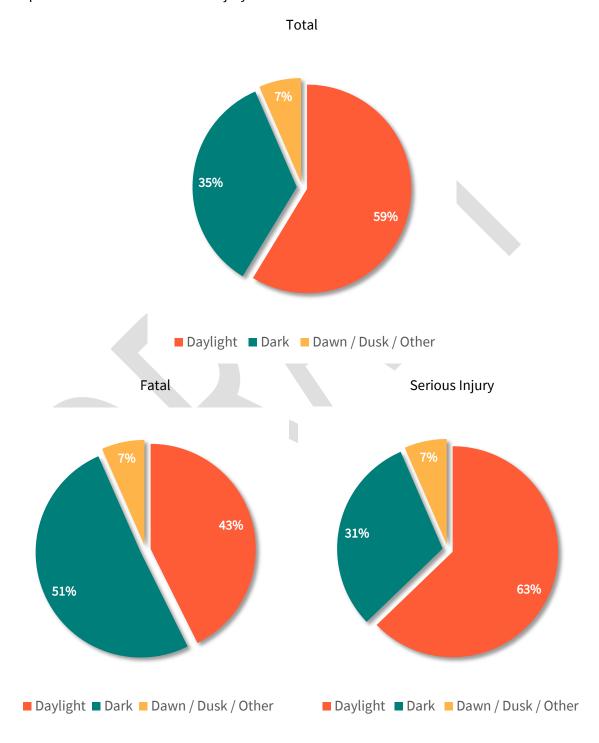

#### **Environmental Trends**

#### Lighting

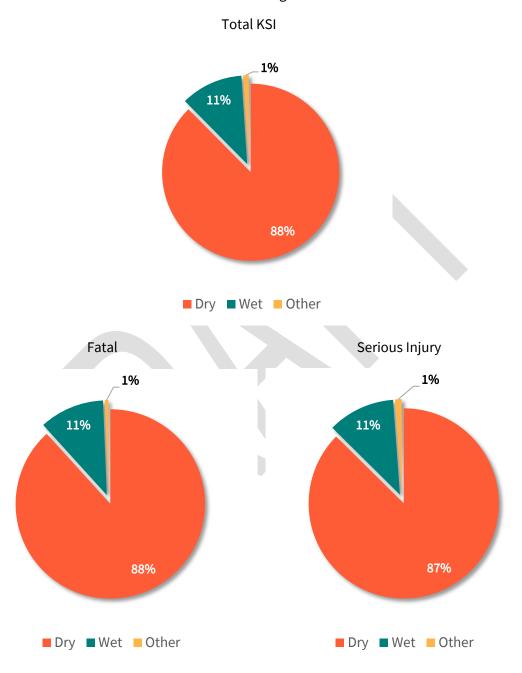

Dark lighting conditions were a significant indicator that a crash would result in death when compared to total KSI and serious injury crashes.

#### **Road Surface Condition**

Most KSI crashes occurred during dry road surface conditions. There was no distinct trend to indicate that road surface conditions are a contributing factor between crash severities.

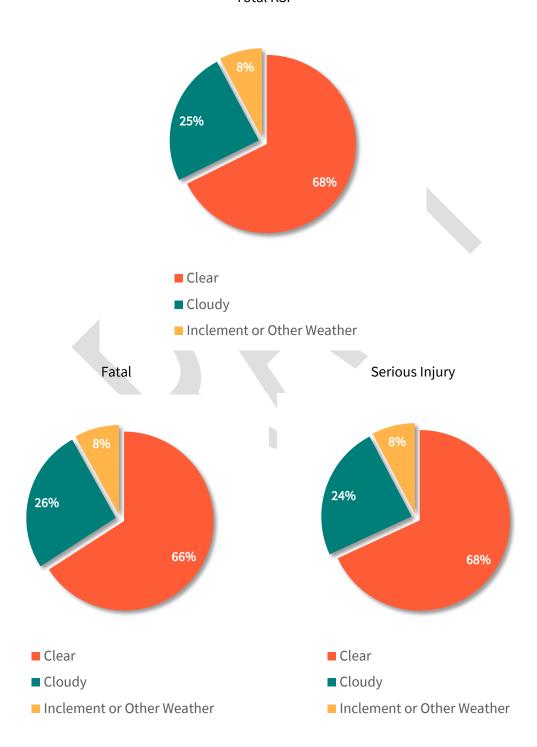

#### **Weather Condition**

Most KSI crashes occurred during clear weather conditions. There was no distinct trend to indicate that weather conditions are a contributing factor between crash severities.

**Total KSI** 

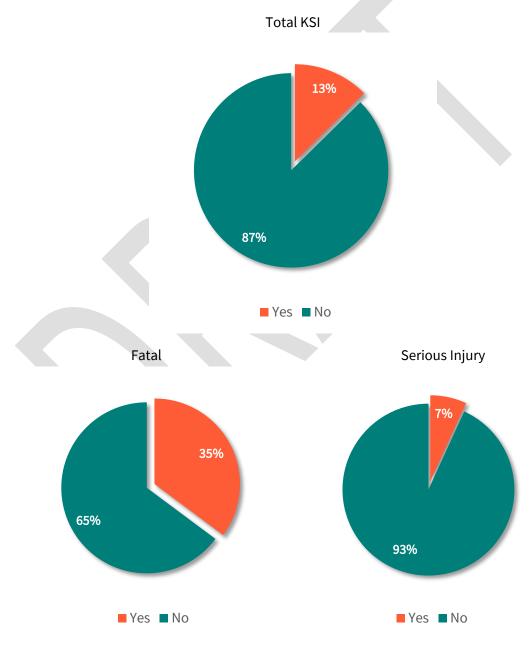

#### **Behavioral Trends**

Studying contributing behavior is another way to better understand how crashes occurred, and thus how they can be prevented from reoccurring. The reliability of behavioral trend data is limited to cases where the behavior could be confirmed by a reporting officer. Actual occurrences of these behavioral attributes may be higher, but unable to be confirmed at the time of the crash.

#### Confirmed Alcohol Use

Crashes that resulted in a death were more likely to involve alcohol use when compared to total KSI crashes and serious injury crashes.

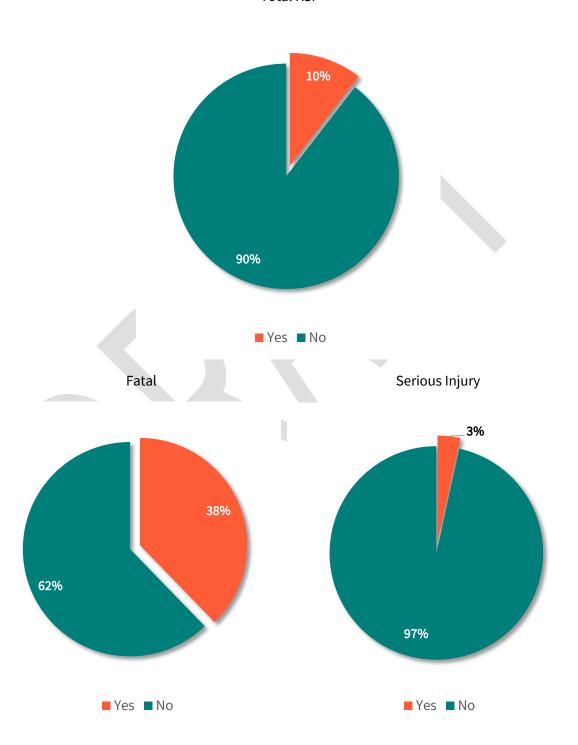

#### **Confirmed Drug Use**

Crashes that resulted in a death were more likely, and serious injury crashes were less likely, to involve drug use when compared to total KSI crashes.

Total KSI

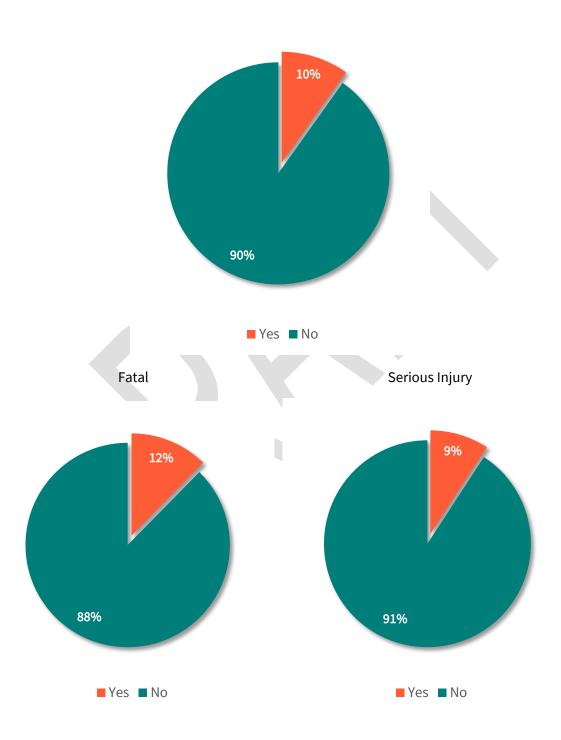

#### **Confirmed Distraction**

Distraction isn't a significant indicator in the severity of a KSI crash.

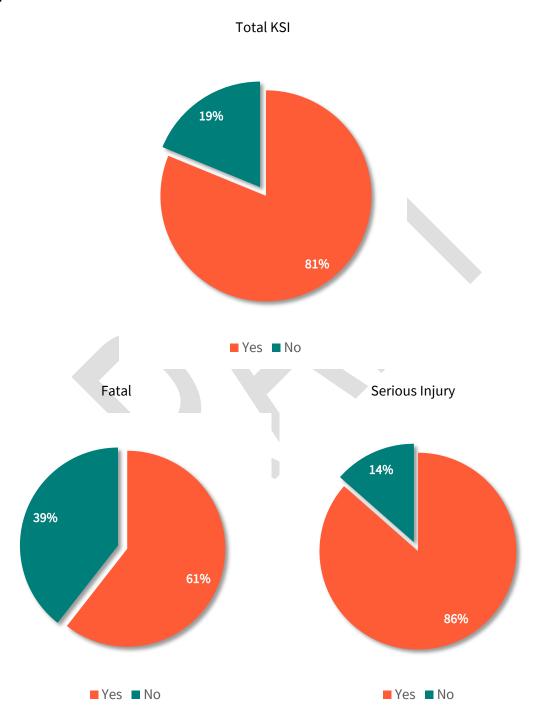

#### **Passenger Restraints**

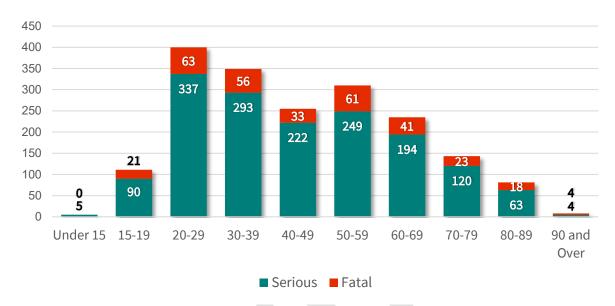

The lack of a passenger restraint, or seatbelt, is a significant indicator that a crash results in a death.

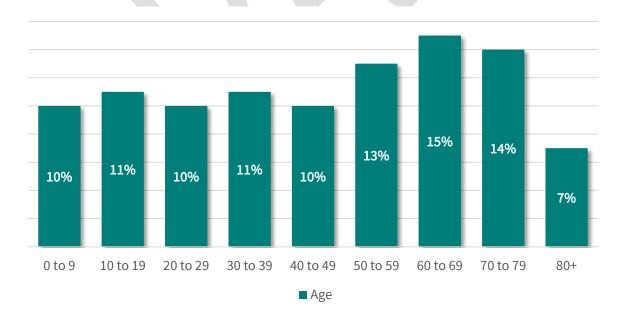

#### Age of Involved Parties

A review of the age of involved parties was completed, showing that people between the age of 20 and 39 are more likely than others to be involved in a KSI crash. Two cases were excluded where the age of the involved party was unknown.

Upon a review of ACS 2019 data, seen in figure below, the disproportionate share of total crashes compared to total population for the 20 to 29 and 30 to 39 age groups becomes more apparent.

Source: ACS 2019

#### **Vulnerable Road Users**

People walking or riding a bike, collectively referred to as vulnerable road users, are at unique risk for death or serious injury when compared to people driving. In Marion County, vulnerable road users made up a disproportionate 11% of total KSI crashes, 20% of total crashes resulting in death, and 9% of serious injury crashes, despite making up a comparatively small number of total road users. For this reason, KSI crashes involving vulnerable users are further broken down to identify trends that may be unique from overall KSI crashes.

#### Seasonality

#### **Annual Crashes**

KSI crashes have been steadily increasing since 2015, with 2016 serving as the year with the highest number of crashes causing death and 2020 as the year with the highest number of serious injury crashes.

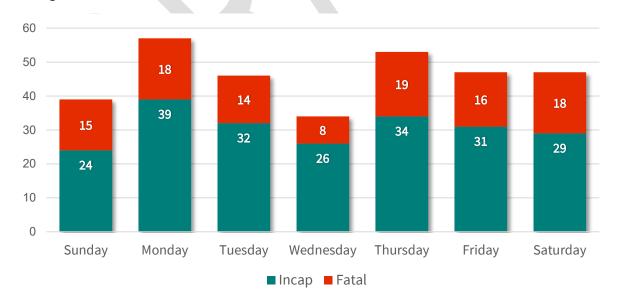

#### **Monthly Crashes**

Crashes involving vulnerable road users tend to peak in the Fall and Winter months, with October having the highest number of serious injury crashes and December and January having the highest number of fatal crashes.

#### **Daily Crashes**

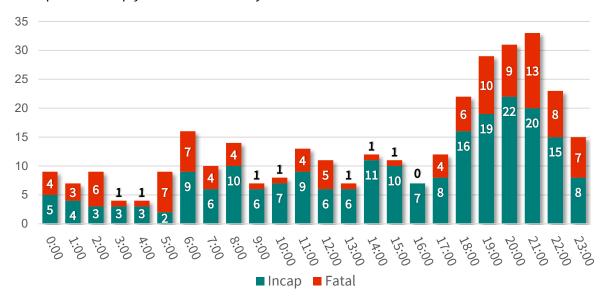

KSI crashes involving vulnerable road users are, on average, highest on Monday and Thursday. Monday was the day with the highest average number of serious injury crashes, and Thursday with the highest number of fatal crashes.

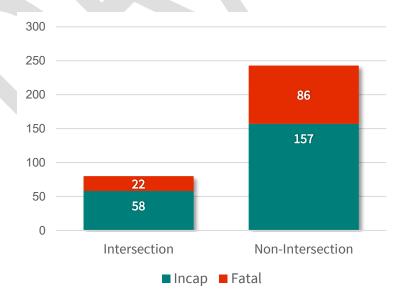

#### Crashes By Hour

Crashes involving vulnerable road users are low all morning and most of the afternoon, sharply peaking between 4:00 p.m. and beginning to drop off around 10:00 p.m., closely correlating with lighting conditions. This pattern is distinct from total KSI crashes involving all road users, which do not peak as sharply or as late in the day.

#### Relation to Intersection

Similar to total KSI crashes involving all road users, most crashes involving vulnerable road users occur outside of intersections. However, vulnerable user crashes were more likely to result in death in non-intersection crashes than total KSI non-intersection crashes.

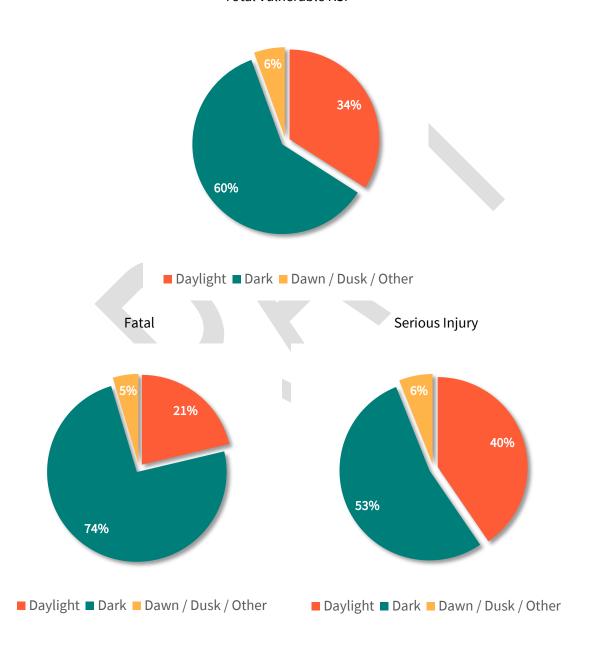

#### **Environmental Trends**

#### Lighting

Compared to total KSI crashes involving vulnerable road users, crashes occurring during dark lighting conditions were more likely to result in a death. Serious injury crashes followed a similar trend to total KSI crashes.

Total Vulnerable KSI

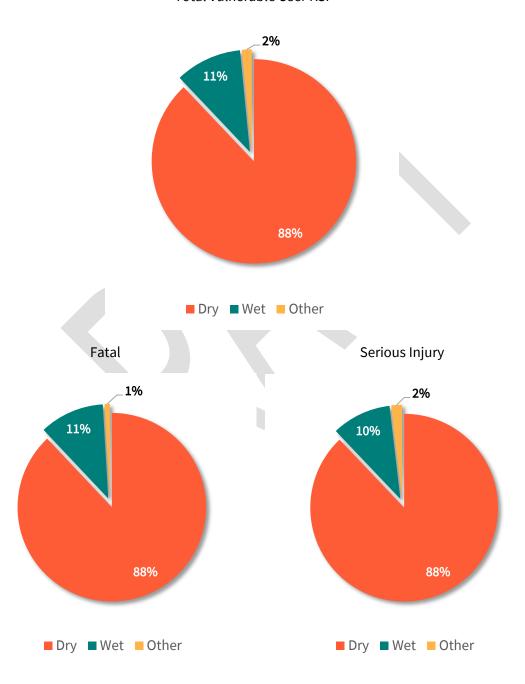

#### **Road Surface Condition**

Most KSI crashes involving vulnerable road users occurred under dry road surface conditions. There was no distinct trend to indicate that road surface condition is a contributing factor between crash severities.

Total Vulnerable User KSI

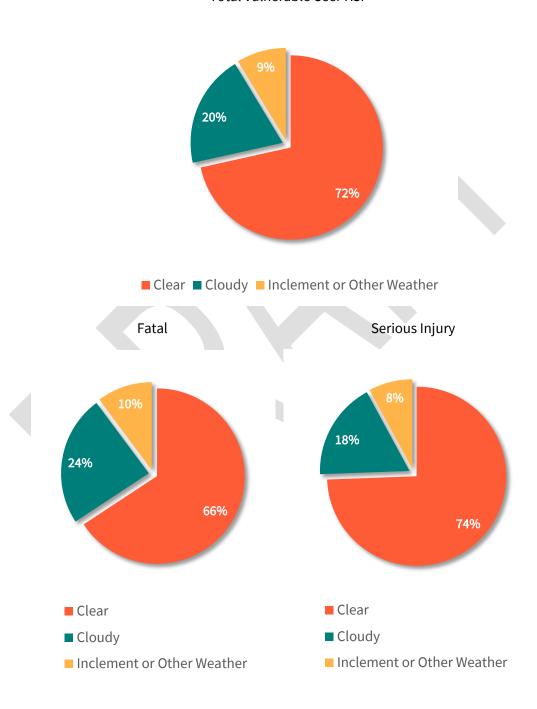

#### Weather Condition

Most KSI crashes involving vulnerable road users occurred during clear weather conditions. There was no distinct trend to indicate that weather conditions are a contributing factor between crash severities.

Total Vulnerable User KSI

#### **Behavior**

#### Confirmed Alcohol Use

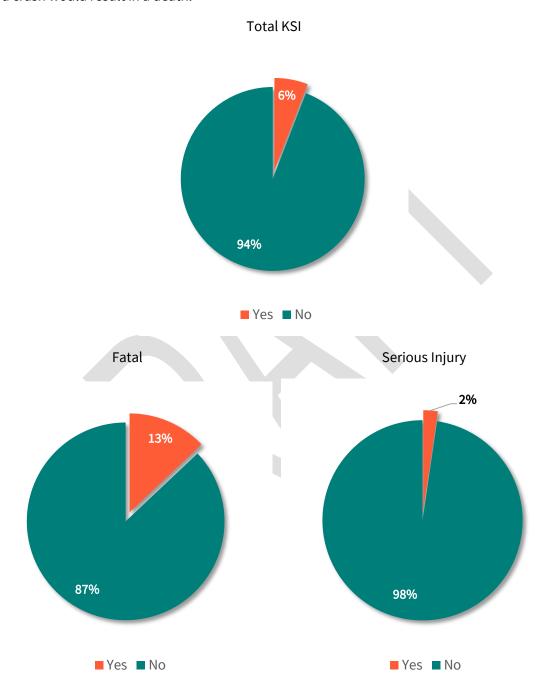

Similar to total KSI crashes involving all road users, confirmed alcohol use was a definitive indicator that a crash would result in a death.

Total KSI 93% ■ Yes ■ No Serious Injury Fatal 3% 13% 87% 97% ■ Yes ■ No ■ Yes ■ No

#### Confirmed Drug Use

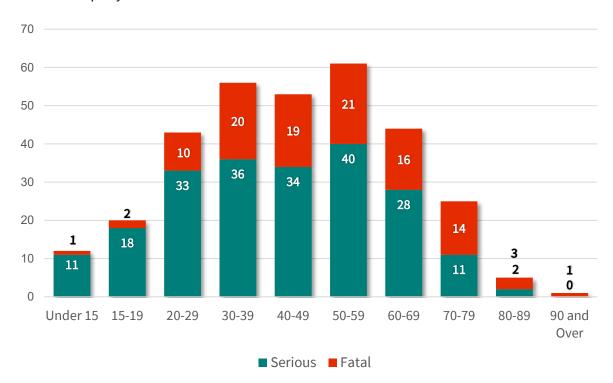

Similar to total KSI crashes involving all road users, confirmed drug use was a definitive indicator that a crash would result in a death.

#### Age of Involved Parties

A review of the age of involved parties was undertaken, showing that people between the age of 30 and 59 are more likely to be involved in a nonmotorized KSI crash, which is comparatively older than those involved in total KSI crashes of any mode. Two cases were excluded where the age of the involved party was unknown.

**TO:** Committee Members

FROM: Rob Balmes, Director

**RE:** List of Priority Projects (LOPP) Review

#### **Summary**

The List of Priority Projects (LOPP) is a process undertaken every year to identify the highest priority projects in Marion County to receive consideration for federal and state funding through the Florida Department of Transportation (FDOT) Five-Year Work Program. Kimley-Horn is currently working with the TPO on the development of a revised LOPP process, including a policy and procedures document, ranking methodology and project lists.

At the meeting, Kimley Horn will present the draft LOPP Policy and Procedures document and solicit comments and feedback. In April, Kimley Horn will present the draft ranking methodology and project list templates for review and approval.

#### Attachment(s)

- Draft LOPP Policy and Procedures Guidance
- LOPP Presentation

#### **Action Requested**

Review and offer feedback on the draft Policy and Procedures document and project progress to date.

If you have any questions, please contact me at: 438-2631.

#### NOTE: Cover and Table of Contents to be included with final document.

The annual List of Priority Projects (LOPP) process is one of the most significant activities undertaken by the Ocala Marion Transportation Planning Organization (TPO). The LOPP represents the highest priority unfunded transportation needs in the TPO's planning area. **A well-organized LOPP process is critical to obtaining federal and state funding.** This *LOPP Policy and Procedures Guide* is intended to provide the TPO and partner local governments with guidance to implement a successful process that is predictable and consistent from year-to-year.

#### **Purpose of the LOPP**

The LOPP serves as the bridge between the TPO's Long Range Transportation Plan (LRTP) and the annual selection of projects by FDOT for inclusion in the Five-Year Work Program which the TPO's Transportation Improvement Program (TIP) will align with.

Insert New Graphic Illustrating Relationship of the LOPP with LRTP and TIP

#### STATUTORY REQUIREMENTS

Per Section 339.175(8), Florida Statutes, all Florida MPOs/TPOs are required to annually develop and submit a list of priority projects to FDOT. The prevailing principles to be considered by MPOs/TPOs when developing a list of project priorities are:

- Preserving existing transportation infrastructure
- Enhancing Florida's economic competitiveness
- Improving travel choices to ensure mobility

The LOPP must be based upon project selection criteria that, at a minimum, consider the following:

- 1. The approved MPO/TPO long-range transportation plan
- 2. The Strategic Intermodal System Plan [s. 339.64]
- 3. The priorities developed pursuant to the Transportation Regional Incentive Program (TRIP) [s. 339.2819(4)]
- 4. The results of the transportation management systems
- 5. The MPO's/TPO's public-involvement procedures

#### ALIGNMENT WITH OTHER PLANS

As noted above, it is critical for projects submitted within the LOPP to be aligned with the TPO's LRTP. Similarly, the projects that are being advanced should be consistent with the respective local government's Comprehensive Plan. A key concept for transportation projects being prioritized and programmed for funding is *planning consistency*. It is important for projects to be described consistently as they proceed from the LRTP Cost Feasible Plan to the LOPP, the TIP, and ultimately into project development. This is a requirement for federally funded projects so changes to a project beyond certain thresholds will require amendments of the LRTP and TIP to ensure planning consistency is maintained.

#### **LOPP Process**

The LOPP process is continuous and dynamic, with the highest priority projects advancing each year as funding is programmed and the project phases move forward. The highest priority projects in the LOPP will typically remain at the top of a given list from year-to-year until they move forward to be programmed for funding in the FDOT Work Program and TIP. Reaffirming priorities annually provides greater predictability for local sponsors, improves coordination with FDOT, and improves prospects for project funding. Once a project has been fully funded through construction in the FDOT Work Program/TIP [and is completed], it will no longer remain on the LOPP. Projects will typically advance more quickly or be ranked higher on a list based on prioritization factors such as the amount of local funding available (see LOPP Prioritization and Ranking section).

#### SCHEDULE AND KEY MILESTONES

The success of each year's LOPP in paving the way for project funding depends on a schedule that facilitates effective coordination, communication, and prioritization. It is critical for the approved annual LOPP with associated documentation for all priority projects to be ready for submission to FDOT by the annual deadline which is typically July 1. The annual Ocala Marion TPO LOPP process will follow the Typical LOPP Schedule in the table below. Specific deadlines and meeting dates (e.g. Call for Projects and Technical Assistance Meetings) will be communicated by the TPO to partner local governments during the Call for Projects period.

TYPICAL LOPP SCHEDULE	
Key LOPP Activity	General Milestone Dates
Call for Projects	November – January
Compilation of Initial Project Lists (unranked)	January - February
Technical Assistance Meetings with Project Sponsors	February
Project Ranking and Prioritization	March
Coordination with FDOT to Identify Project Information Application Needs	March - April
Presentation of Draft LOPP to TPO Board/Committees	April
Presentation of Revised Draft LOPP to TPO Board/Committees (as needed)	May
Finalization of FDOT Project Information Applications for Applicable Projects	May – June
Presentation of Final LOPP to TPO Board/Committees	June
Adoption of Final LOPP by TPO Board	June
Submission of the Final LOPP and Project Information Applications to FDOT	No later than June 30

#### AGENCY ROLES AND EXPECTATIONS

The LOPP is a collaborative process between the TPO, Marion County, the cities of Belleview, Dunnellon, Ocala, and the Florida Department of Transportation. The following represents the general roles of each agency in the development of each year's LOPP.

#### **Ocala Marion TPO**

The TPO serves as the facilitator of the LOPP process and is responsible for the following activities:

- Support jurisdictions in the identification of projects eligible for consideration in the LOPP
- Provide information and guidance related to available project funding sources and applicable processes
- Leads project scoring and ranking process in collaboration with project sponsors

- As-needed support for the development of FDOT Project Information Application
- Submission of each year's required LOPP documentation to FDOT

#### **Local Jurisdictions**

During each year's LOPP process, Marion County, Belleview, Dunnellon, and Ocala are expected to provide and/or participate in the following:

- Submit a prioritized list of projects that has been approved by its respective board as defined in this guidance
- Participate in TPO-led meetings related to initial list reviews, project prioritization, and FDOT Project Information Application (PIA) needs
- Preparation of complete and accurate PIA forms for submission to FDOT

#### Florida Department of Transportation

FDOT can provide valuable information to the TPO and project sponsors during the LOPP process. This includes providing cursory review of draft priority lists, confirming application requirements, and providing guidance and consultation on the organization of the various project lists.

#### SUBMISSION OF PROJECTS

The process for the annual LOPP begins with each jurisdiction submitting a list of its highest priority projects for consideration. By submitting this list early in the process, the TPO can lead an efficient approach to analyze projects and appropriately direct the efforts of local governments in the development of only the necessary applications and information. An FDOT Project Information Application (PIA) needs to be completed or on-file for all projects being submitted for funding consideration. Projects that are in the current version of the LOPP should still be included in lists submitted by project sponsors. This helps the TPO and FDOT to determine if a new PIA is required or if an existing application only needs updated information such as updated project schedule or estimated costs.

#### Insert Graphic Illustrating the Following:

#### **Keys to Successful Funding Requests**

#### **Complete and Accurate Information**

An updated FDOT Project Information Application should be on-file or submitted for each project. The TPO will support this process.

#### **Local Prioritization**

Each project sponsor should provide the TPO with an approved priority ranking of its project listing. This initial ranking by each local government will also inform the overall LOPP rankings.

#### **Planning Alignment**

Projects included on the list should be consistent with respective local government Comprehensive Plans and the TPO's LRTP.

#### **Local Support**

Clearly define and state any matching local funds that are committed to the project.

#### **Other Funding Opportunities**

Cleary indicate if any particular grant or funding programs are being pursued for the project.

#### **Responsiveness and Communication**

Timely communication and coordination with the TPO or FDOT will contribute to a successful LOPP process.

#### ORGANIZATION OF THE LOPP

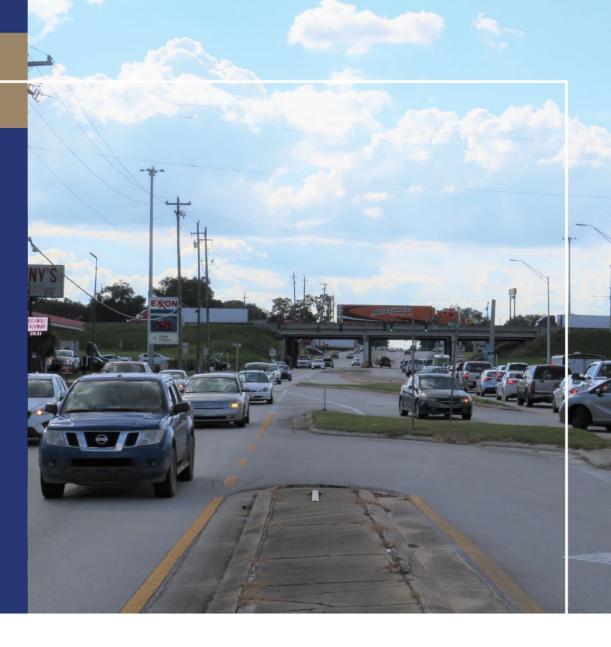

NOTE: This content of this section will be dependent on the final project list templates developed as part of Task #4.

#### LOPP PRIORITIZATION AND RANKING

NOTE: This content of this section will be dependent on the final ranking methodology developed as part of Task #3.

# List of Priority Projects (LOPP) Process Update

## **Project Goals**

### LOPP Policy and Procedures Guidance

 Year-to-year predictability and consistency for coordination and project submissions

### Revised LOPP Ranking Methodology

Improve scoring process and consider new categories/criteria

### LOPP Project List Templates

e.g. Capacity, TSM&O , Bike/Ped, Planning

### Purpose of the LOPP

- Bridge between
  - Long Range Transportation Plan
  - Work Program/Transportation Improvement Program (TIP)
- Highest priority unfunded needs in TPO planning area
- Annually updated list of priorities submitted to FDOT
- Used by FDOT to consider projects for Tentative Five-Year Work Program which will determine what is in the TIP

# 2/16 Meeting with Project Sponsors

- Representatives from Marion County, Ocala, Dunnellon, Belleview, and SunTran
- Discussion of the following:
  - What is working or not working in the current LOPP process?
  - How can we improve coordination and collaboration?
  - What can be improved with the current LOPP ranking methodology and scoring?
  - What are other potential scoring criteria you would recommend to include?

## Input Received

- Current process generally working well
- Identify projects that may benefit multiple jurisdictions or complement each other
- Look for opportunities to leverage additional funding opportunities
- Reaffirm priorities from year-to-year keep programmed projects on list until year of construction
- Consider board-approved prioritized list from each jurisdiction
- Separate lists were easier to identify priorities so moving away
   from just one list will be positive

# Input Received

- Consider flexibility in developing scores and rankings
  - Quantitative
  - Qualitative
- Sole reliance on quantitative scoring can have limitations
- Qualitative component can help need to be careful how it is implemented
- Interest in greater focus on safety consider how to incorporate in context of lists
- For existing criteria, explore differing scales and
- TPO reframe/consolidate for better clarity

### Policy and Procedures Guidance

- Working draft of document included in agenda
- Will address the following
  - Purpose of the LOPP
  - LOPP Process
    - Schedule and Milestones
    - Project Submissions
  - Ranking Methodology
  - New Project Lists

## Updated Ranking Methodology

- Working with staff to incorporate best practices and input from partner agencies and committees
- Refining current categories and criteria
- Explore addition of new categories
- Incorporate flexibility and qualitative considerations

### Project List Templates

- Moving away from single list format
- Reflecting most recent input from FDOT District Five
- Potential lists may include:
  - Overall List Top Projects
  - SIS
  - Non-SIS Capacity Projects
  - Bicycle/Pedestrian
  - Trails
  - Transit
  - Planning Studies

### Next Steps

- Presentation in April to Committees and Board
  - Policy and Procedures Guidance
  - Ranking Methodology
  - List Templates

### Questions?

#### **Technical Advisory Committee (TAC) Meeting**

Marion County Public Library- Meeting Room B 2720 E. Silver Springs Blvd. Ocala, FL 34470 3:30 PM

#### **MINUTES**

#### **Members Present:**

Ji Li (Steven Neal attended for Ji Li arrived at 3:34pm)
Tyler Burgett
Bob Titterington
Kenneth Odom
Mickey Thomason
Eric Smith
Loretta Shaffer
Elton Holland
Troy Slattery (arrived at 3:41pm)

#### **Members Not Present:**

Dave Herlihy

#### **Others Present:**

Rob Balmes Liz Mitchell Shakayla Irby Sarah McNamara, FDOT Franco Saraceno, Kittelson & Associates (via WebEx)

#### Item 1. Call to Order and Roll Call

Chairman Mickey Thomason called the meeting to order at 3:30pm and Secretary Shakayla Irby called the roll, there was a quorum present.

#### **Item 2. Proof of Publication**

Secretary Shakayla Irby stated the meeting had been published online to the TPO's website, as well as the City of Ocala, Belleview, Marion County, and Dunnellon's websites on February 1, 2022. The meeting had also been published to the TPOs Facebook and Twitter pages.

#### 3A. Transportation Resilience Guidance Paper

The TPO had been supported by Kittelson and Associates to complete the guidance paper on transportation resilience. The main purpose of the paper was to help better educate and inform the TPO about transportation resilience. The paper also provided consideration for how to integrate resilience into future transportation planning, and opportunities at the state and federal levels of government for grants and funding.

Transportation Resiliency was the ability to adapt to changing conditions and recovery from disruptions, such as major weather events. The impacts from both natural and human-related events could have significant and unexpected impacts to the Ocala/Marion transportation system.

Franco Saraceno, Kittelson and Associates, provided a presentation at the meeting to share highlights from the guidance paper and considerations for next steps.

Mr. Odom said that resiliency had been handle through the Department of Emergency Management (DEM) and inquired who would be handling resiliency for roadways.

Mr. Saraceno said that he believed DEM would still take the lead but he would find out about the management of the program and get back with a response.

The presentation that was given is attached to pages 6-25 of this set of minutes for reference.

#### **Item 4A. Performance Management Safety Targets**

Mr. Balmes presented on the Performance Management Safety Targets.

The Moving Ahead for Progress in the 21st Century Act (MAP-21) required State DOTs and TPOs/MPOs to conduct performance-based planning by tracking performance measures and setting data-driven targets to improve those measures.

The first of the performance measures that became effective in 2016 was assessing the conditions of roadway safety – PM1. By May 2018, all TPO/MPO's were required to establish safety targets and approve or update on an annual basis.

TAC Meeting Minutes – February 8, 2022 Approved –

Specifically, the Ocala Marion TPO was required to update and adopt **Targets** for **five** required **Safety Performance Measures** established under MAP-21. For the current year, the TPO had to submit Safety targets to the Florida Department of Transportation (FDOT) no later than February 25, 2022.

There were five required safety performance measures:

- 1. Fatalities- Total number of fatalities involving a motor vehicle crash
- 2. Fatalities (Rate) Rate of fatalities per 100 Million Vehicle Miles Traveled (VMT)
- 3. Serious Injuries- Total number of serious injuries involving a motor vehicle crash
- 4. Serious Injuries (Rate) Rate of serious injuries per 100 Million Vehicle Miles Traveled (VMT)
- 5. Non-Motorized Fatalities & Serious Injuries- Number of non-motorized fatalities and number non-motorized serious injuries involving a motor vehicle crash

On an annual basis, the TPO had the opportunity to select one of two options regarding updating and submission of safety targets.

- 1. Adopt the state targets established by FDOT.
- 2. Develop its own quantifiable safety performance targets.

If the TPO were to adopt state targets, it was required to annually adopt the same targets until changes were made by FDOT.

Presently, the FDOT had adopted 0 for each of the five safety targets.

In 2018, when the process became a federal requirement, the TPO Board adopted its own specific safety performance targets to better track progress and reflect more accountability to the public. The targets reflected specific crash data for Marion County. For the past four years, the TPO Board had opted to follow the same approach of reviewing prior year target results, and adopting revised targets tied to a specific methodology involving five-year rolling averages and projected vehicle miles traveled (VMT).

The TPO's Target Setting Methodology was a follows:

- 1. Calculate Average Percent Change of the three most recent five-year rolling averages
  - #1 Fatalities
  - #3 Serious Injuries
  - #4 Non-motorized Fatalities and Serious Injuries
- 2. Project the Vehicle Miles Traveled (VMT) in 2021 and 2022 to calculated:
  - #2 Fatality rate per 100 Million VMT
  - #4 Serious Injury rate per 100 Million VMT

TAC Meeting Minutes – February 8, 2022 Approved –

Two options were provided to the committee:

#### Option A

- Adopt 2022 Targets based on current methodology.
- Staff explore crash reduction factors for 2023 targets as part of Commitment to Zero.

#### Option B

- Adopt 0 for all five targets to reflect State Targets and Commitment to Zero.
- Staff explore crash reduction factors for 2023 targets as part of Commitment to Zero. With the understanding that when an MPO/TPO adopts State Targets, no changes can be made unless FDOT changes the State Targets.

The presentation that was given is attached to pages 26-49 of this set of minutes for reference.

The committee had discussion on the safety targets.

Mr. Neal asked where money came from to fund the safety projects.

Mr. Balmes said that on the federal level there were discretionary grants for safety programs and safety planning projects. There would also be more opportunities through FDOT as well.

Mr. Burgett said that the safety office had taken on educational opportunities on educating the public on safety.

Mr. Neal made a motion to adopt Option A for the Performance Measures Safety Targets. Mr. Smith seconded, and the motion passed unanimously.

#### **Item 5. Consent Agenda**

Mr. Neal made a motion to approve the Consent Agenda. Mr. Odom seconded, and the motion passed unanimously.

#### **Item 6. Comments by FDOT**

Mr. Burgett provided an updated construction report and gave an update on US 441 resurfacing and said that the lane closures under the bridge would be opening soon with completion of the median work within a week weather permitting. The project was anticipated to be completed in the fall.

#### **Item 7. Comments by TPO Staff**

Mr. Balmes informed the committee that the 2021 TPO Annual Report was posted on the TPO's website to view https://ocalamariontpo.org/about-us/annual-report/. The Annual Report summarized the TPO program accomplishments in Ocala/Marion County in calendar year 2021. The report also included boards and committee leadership, along with major projects funded through the TPO process. To honor the TPO's 40th anniversary, a special timeline section was developed to highlight some of the major organizational milestones from 1981 to 2021.

Also on January 12, 2022, the TPO kicked-off Commitment to Zero: An Action Plan for Safer Streets in Ocala Marion. Commissioner Stone led the meeting, which included participation by Mayor Guinn as a speaker. Several local safety leaders also participated as speakers at the meeting, including Lieutenant Eades and Sergeant McDonald of the Ocala Police Department, Battalion Chief Driggers of Marion County Fire Rescue and Ken Odom, Chair of the Community Traffic Safety Team. Loreen Bobo, Administrator of the FDOT Office of Safety also presented.

The TPO and consultant team (Benesch, Inc.) presented an overview of the Commitment to Zero project, including the schedule and how the public can get involved throughout the process. This included both an online public survey and comment map regarding safety concerns in Marion County. The meeting was video-recorded. The online public tools and link to the kick-off meeting recording are available at the Commitment to Zero project page: https://ocalamariontpo.org/safety-plan.

Mr. Balmes asked the committee to share the project page for opportunities for public comment with constituents, diversity of feedback would be critical to the success of the project.

#### **Item 7. Comments by TAC Members**

Mr. Slattery asked if the overall number of reported accidents compared to fatality and serious injury rates. Also, if there were certain times of years that accidents fluctuated.

Mr. Balmes said that those details were being looked at by the consultants through the planning effort of the Commitment to Zero. Those numbers would be presented to the committee at an upcoming meeting.

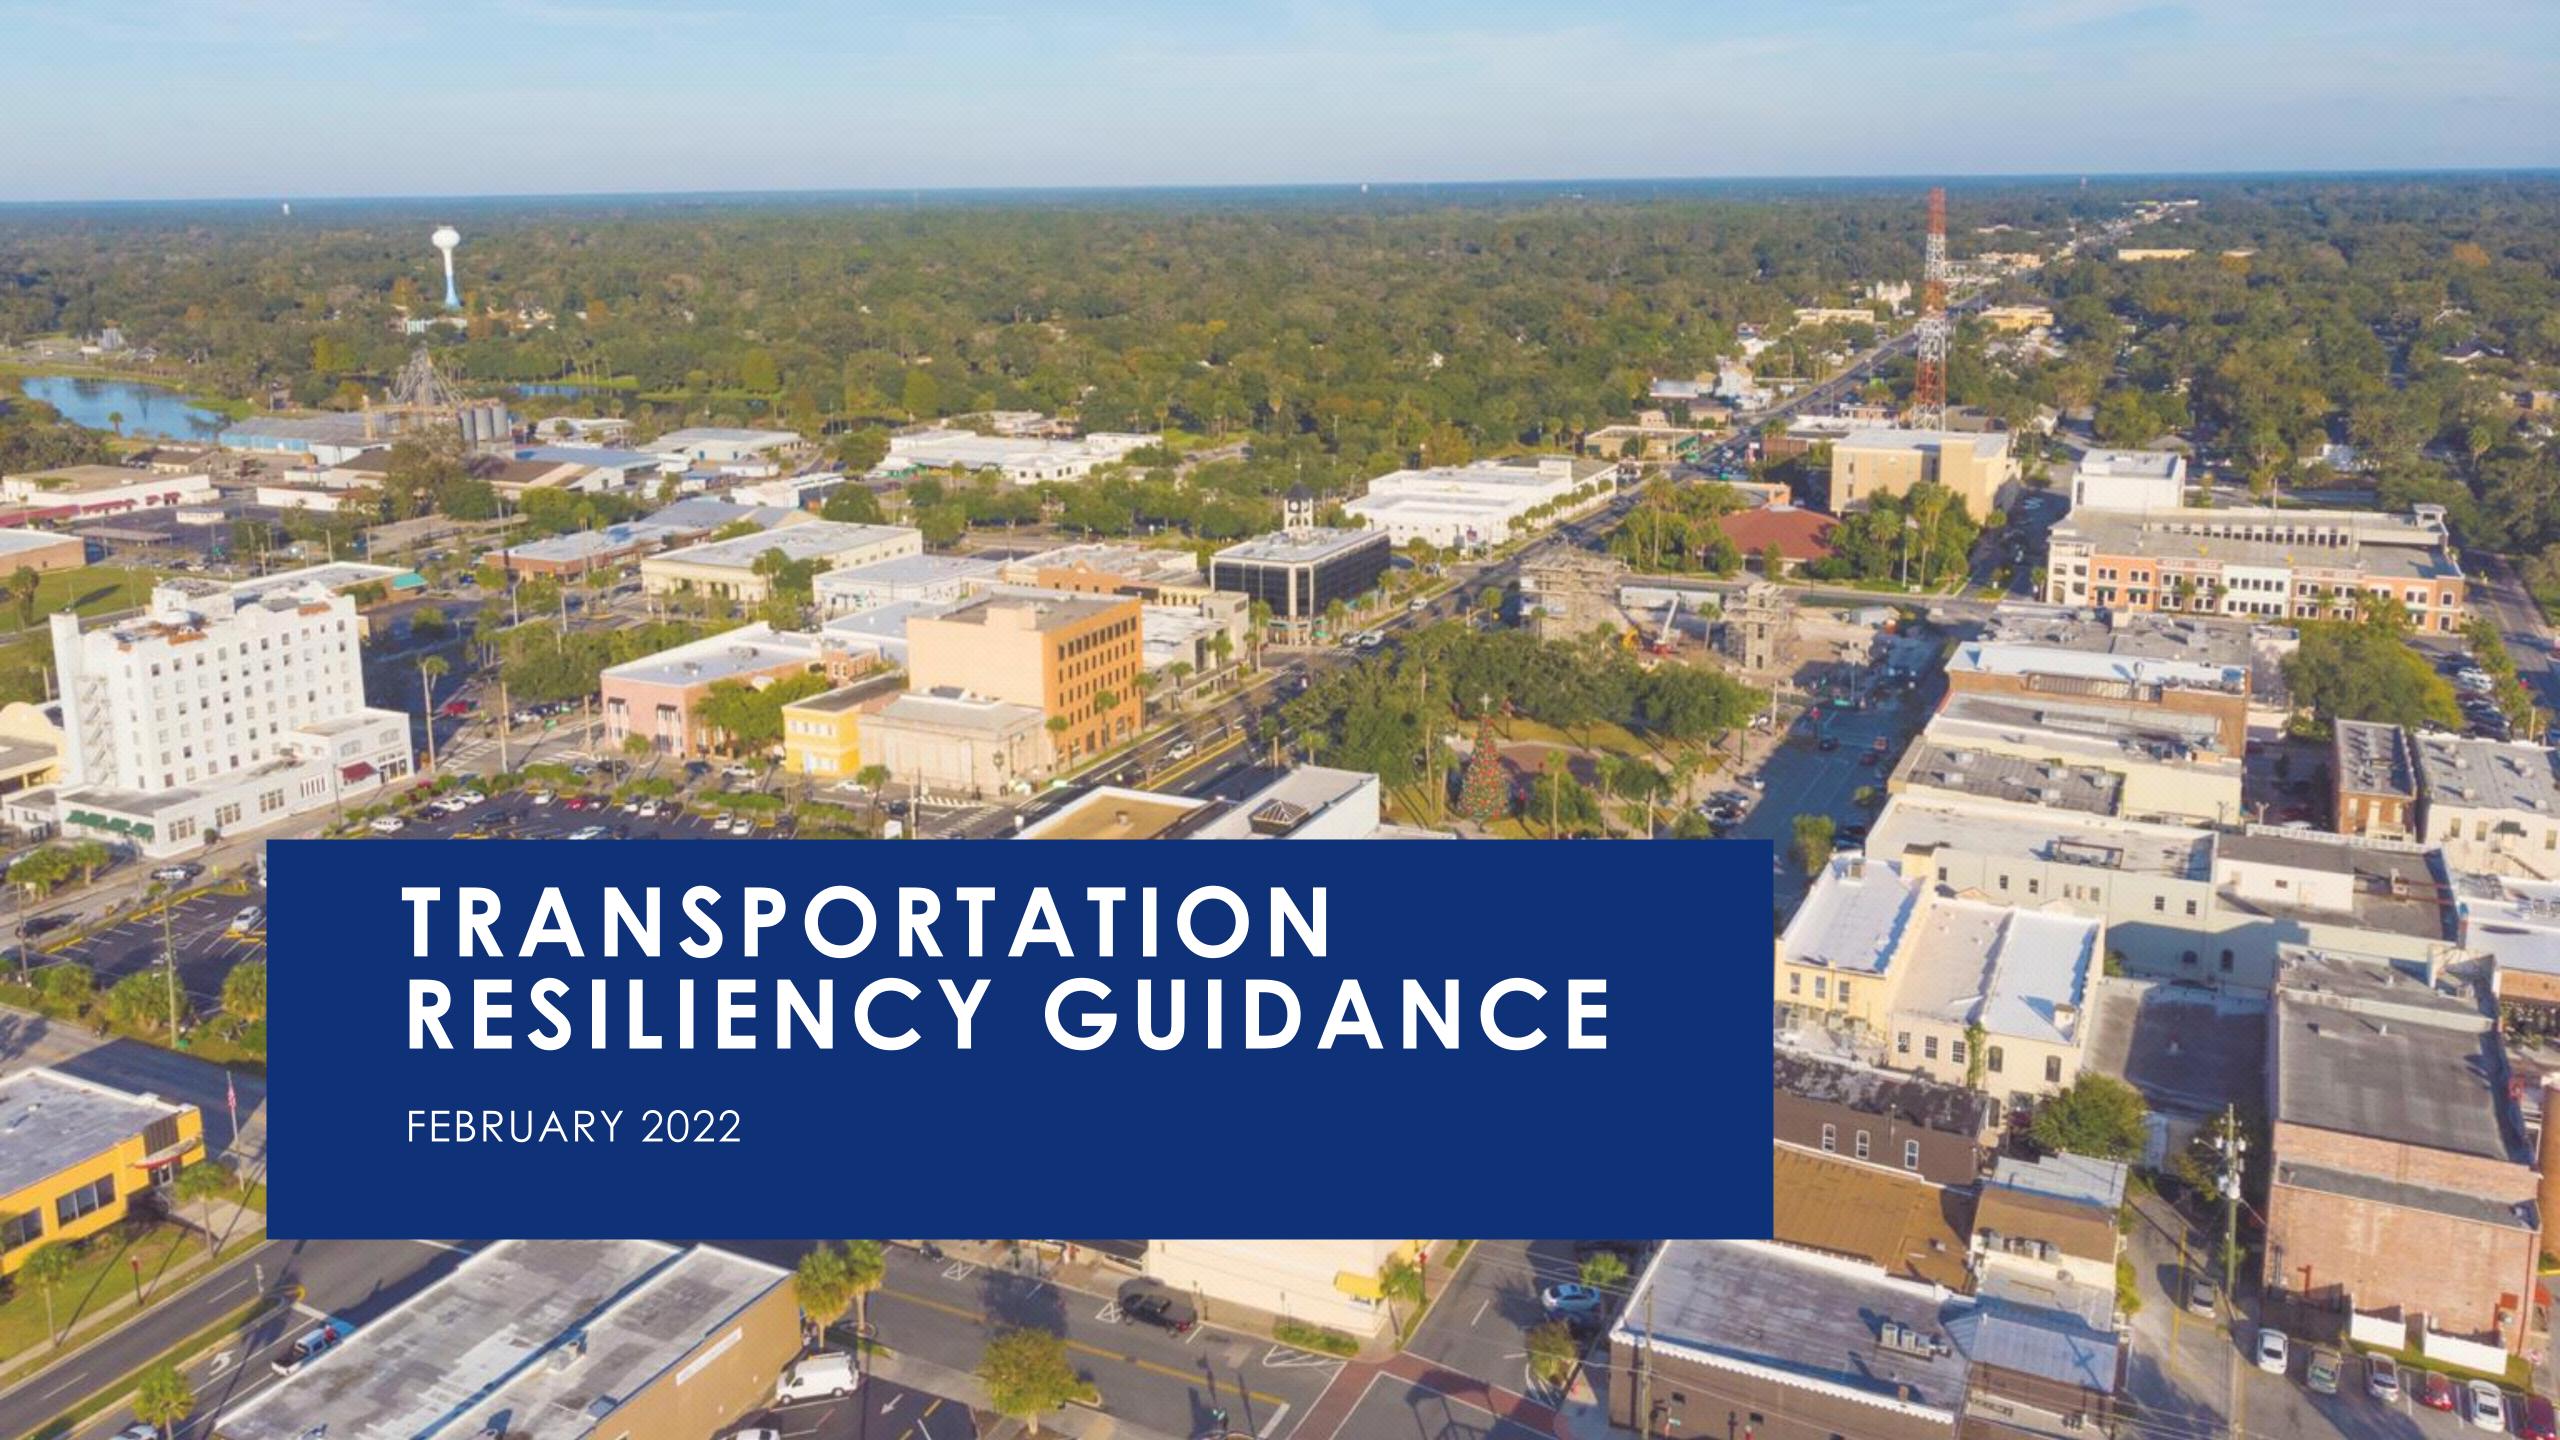

#### **Item 8. Public Comment**

There was no public comment.

#### Item 9. Adjournment

Chairman	Thomason	adjourned	the meeting	at 4.37nm
Chantinan	THOMASON	adjourned	the meeting	at 1.5 / piii.

Respectfully Submitted By:
Shakayla Irby, TPO Administrative Assistant

- What is Resiliency?
- National guidance
- Funding opportunities
- Vulnerability analysis
- Resiliency strategies
- Next steps

## Transportation Resiliency

Is it relevant to Marion County, FL?

The Federal Highway Administration defines resiliency as:

the ability to anticipate, prepare for, and adapt to changing conditions and withstand, respond to, and recover rapidly from disruptions

## Disruptions can include natural and man-made disasters

- Flooding
- Wildfires
- Tornados
- HazMat incidents
- Sinkholes
- Traffic crashes

## NATIONAL GUIDANCE

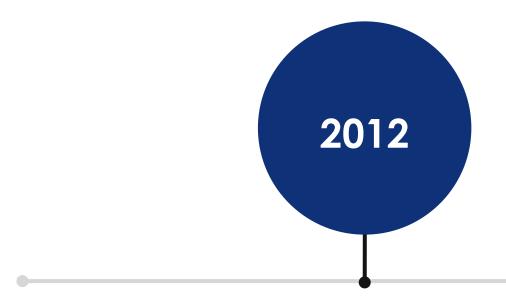

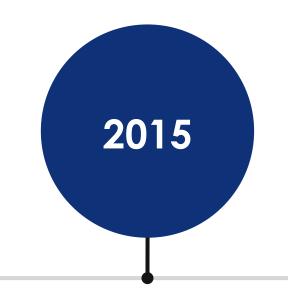

## Resiliency Requirements

Resilience planning was first introduced into federal transportation legislation 10 years ago.

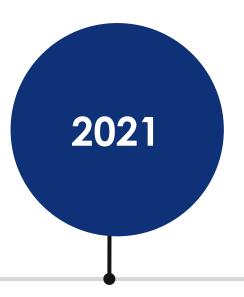

Moving Ahead for Progress in the 21st Century (MAP-21)

Added eligibility of "protection against extreme events" to funding programs

Fixing America's Surface
Transportation Act (FAST Act)

Formalizes resilience consideration into transportation planning

Infrastructure Investment & Jobs Act (II&J)

Allocates \$47 billion to infrastructure resilience

## FUNDING OPPORTUNITIES

In 2021, Governor DeSantis signed the first piece of legislation dedicated to resiliency planning in Florida.

\$8.7 b

Promoting Resilient
Operations for
Transformative, Efficient, &
Cost-saving Transportation
(PROTECT)

\$1.0 b

Building Resilient Infrastructure & Communities (BRIC)

\$3.5 b

Flood Mitigation
Assistance (FMA)

Federal Infrastructure Investment & Jobs Act

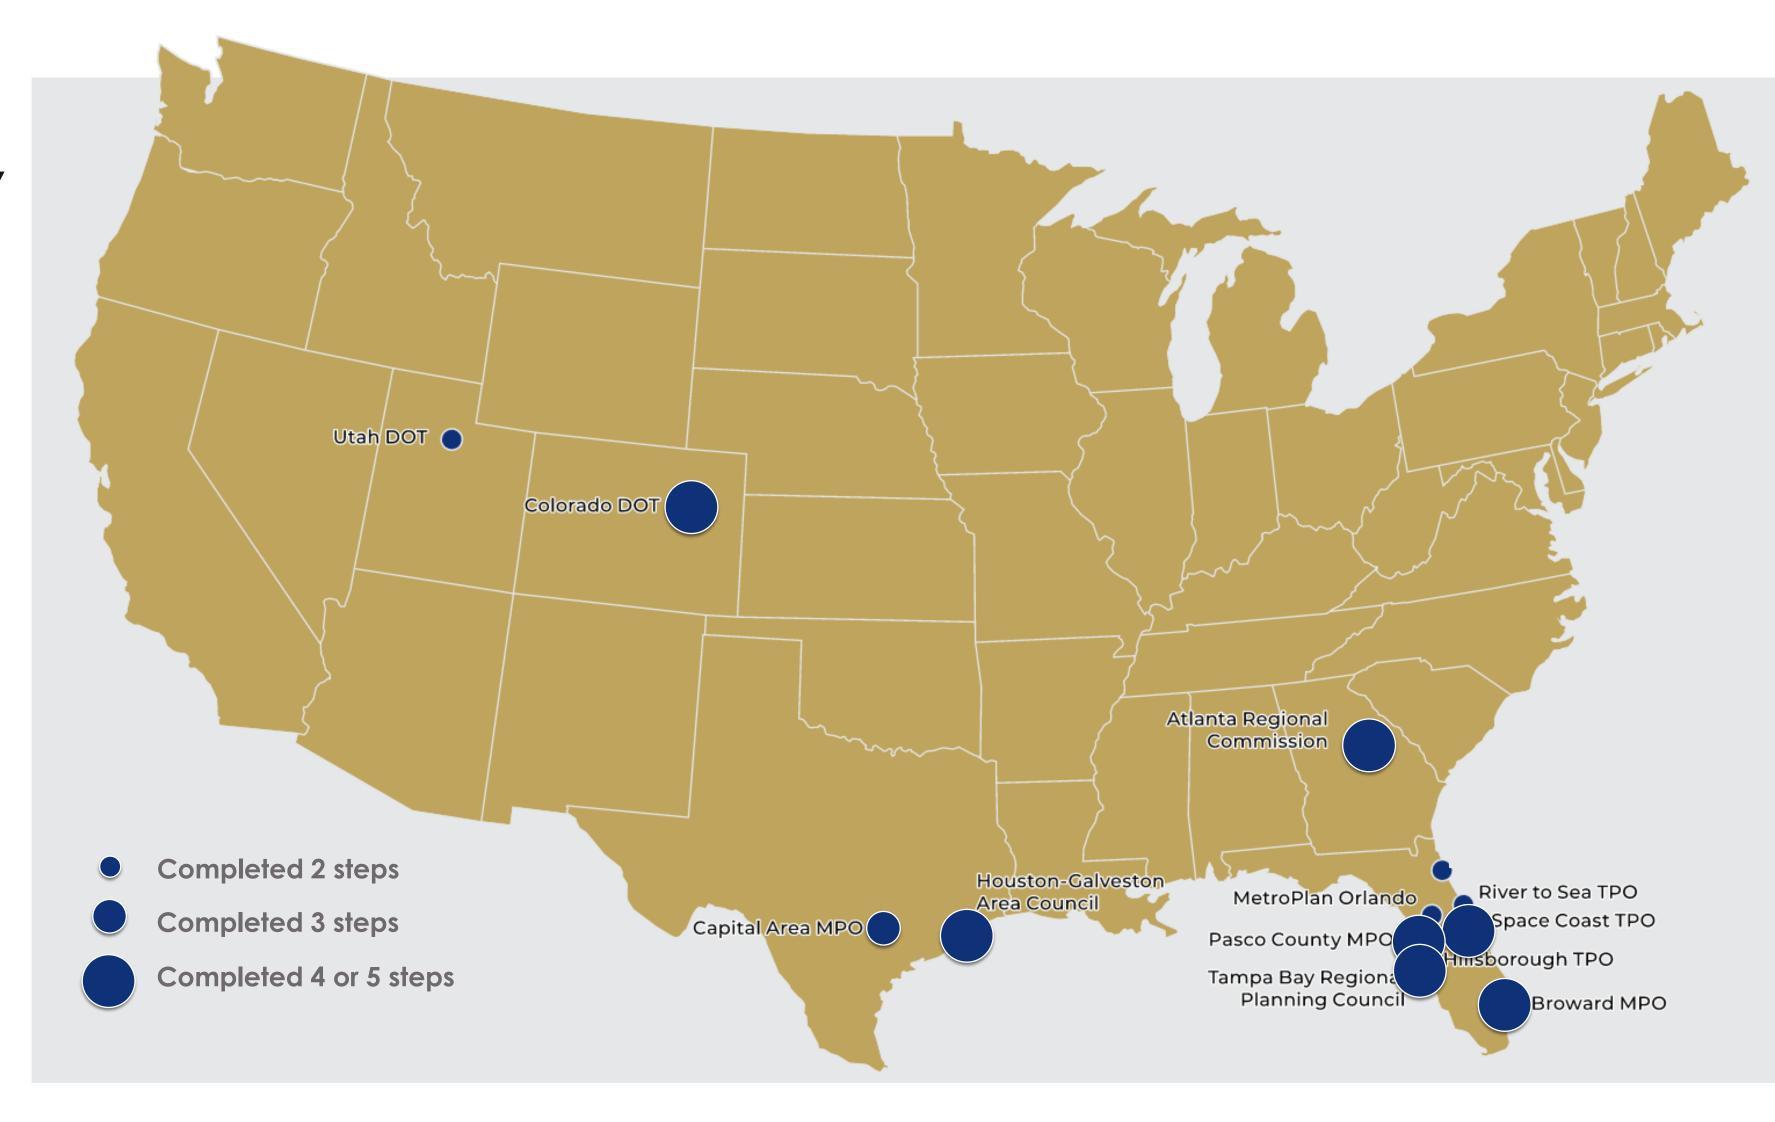

\$20 m

Resilient Florida Grant Program

Statewide Flooding and Sea Level Rise Resilience

# PEER AREA RESILIENCY EFFORTS

- Define hazards
- 2 Identify critical roadways
- 3 Assess vulnerabilities
- 4 Develop mitigation strategies
- 5 Specify funding sources

## PEER AREA RESILIENCY EFFORTS

- Define hazards
- 2 Identify critical roadways
- 3 Assess vulnerabilities
- 4 Develop mitigation strategies
- 5 Specify funding sources

			Resiliency Actions						
Agency/ Location	Plan	Description	Defines Hazards	Identifies Critical Roadways	Assesses Vulnerablities/ Exposure	Develops Mitigation Strategies	Specifies Funding Sources		
Space Coast TPO Brevard County, FL	Transportation Resiliency Master Plan	Defines six unique shocks/stressors and their impact on roadways critical to the communities in Brevard County; develops mitigation strategies.							
River to Sea TPO	SLR Vulnerability Assessment	Identified exposure/vulnerability to evacuation routes, major roadways, trails, and stormwater storage assets.							
MetroPlan Orlando	2045 Long Range Transportation Plan	Used scenario planning to identify potential risks and how they can impact the region. MetroPlan Orlando chose six key drivers of change: Population, Economy, Visitation, Development & Land Use, Technology, and Climate. These drivers were used to form four scenarios, to help guide the planning and needs assessment.							

## Vulnerability analysis

Wildfires – 960 square miles in Marion County are prone to wildfires

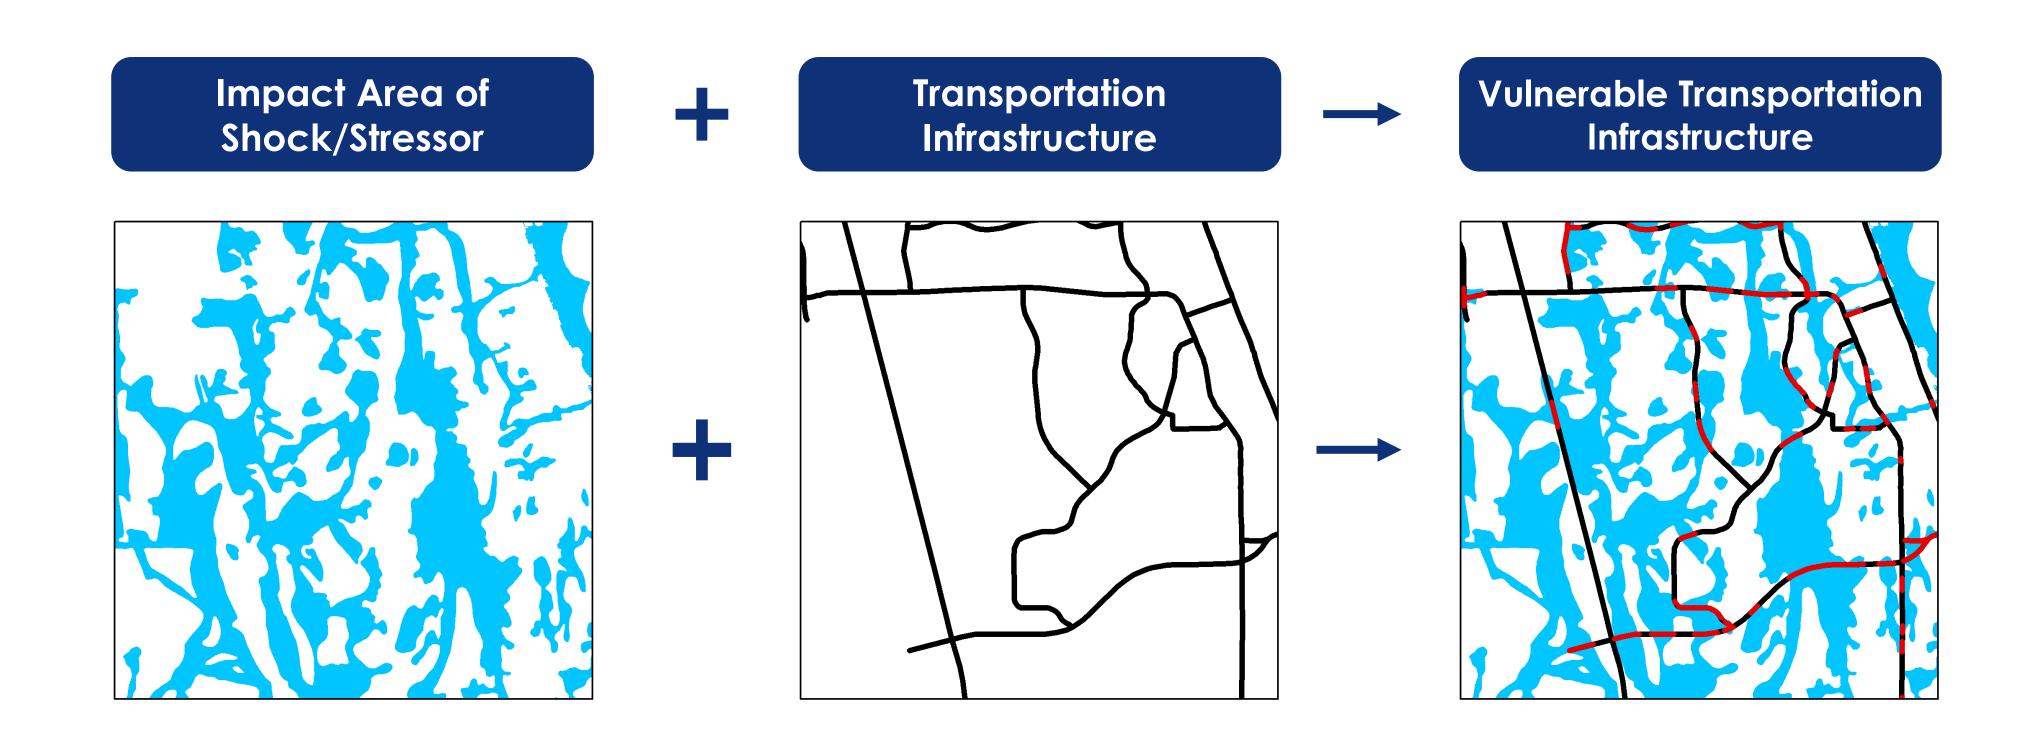

Flooding – 315 square miles in Marion County are prone to flooding

Sinkholes – 803 sinkholes in Marion County between 2015 and 2020

## Exposure analysis

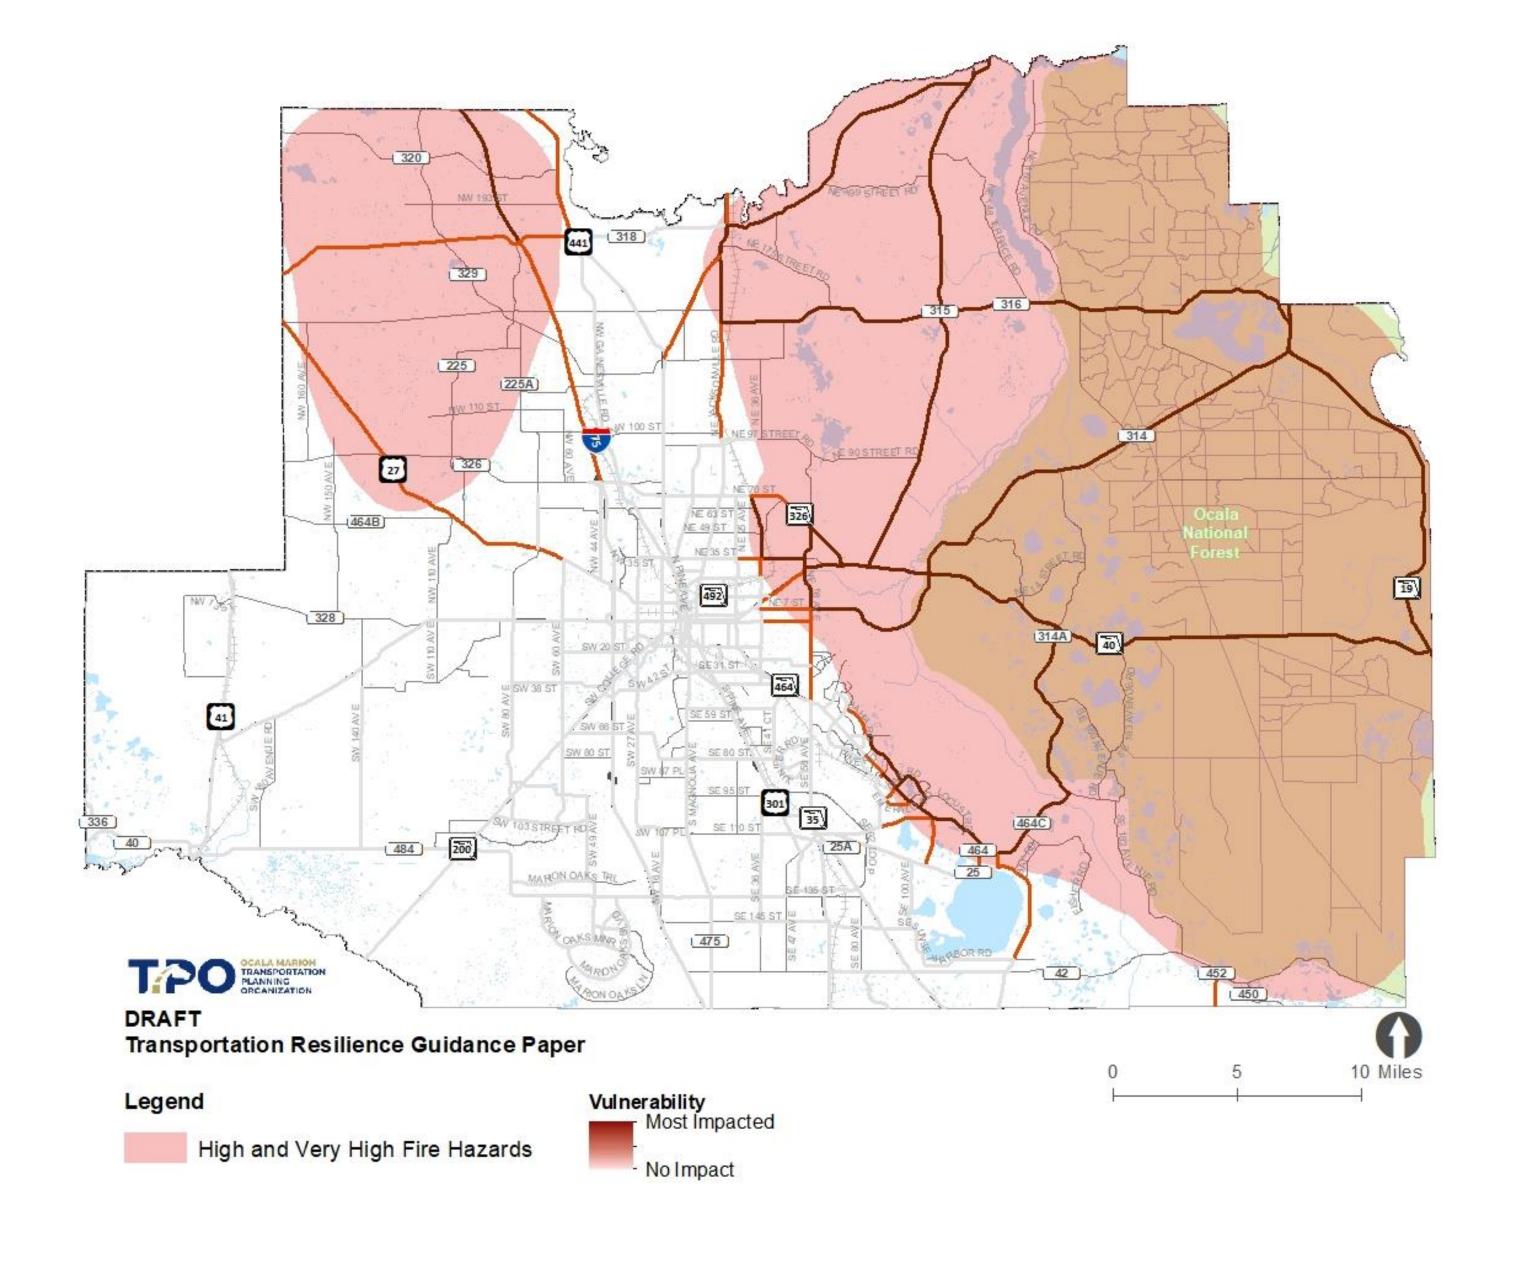

Spatial analysis of the relationship between shock/stressors and federal aid eligible network. Analysis completed separately for evacuation network as well.

# WILDFIRE exposure

## Federal Aid Eligible Roadways exposure

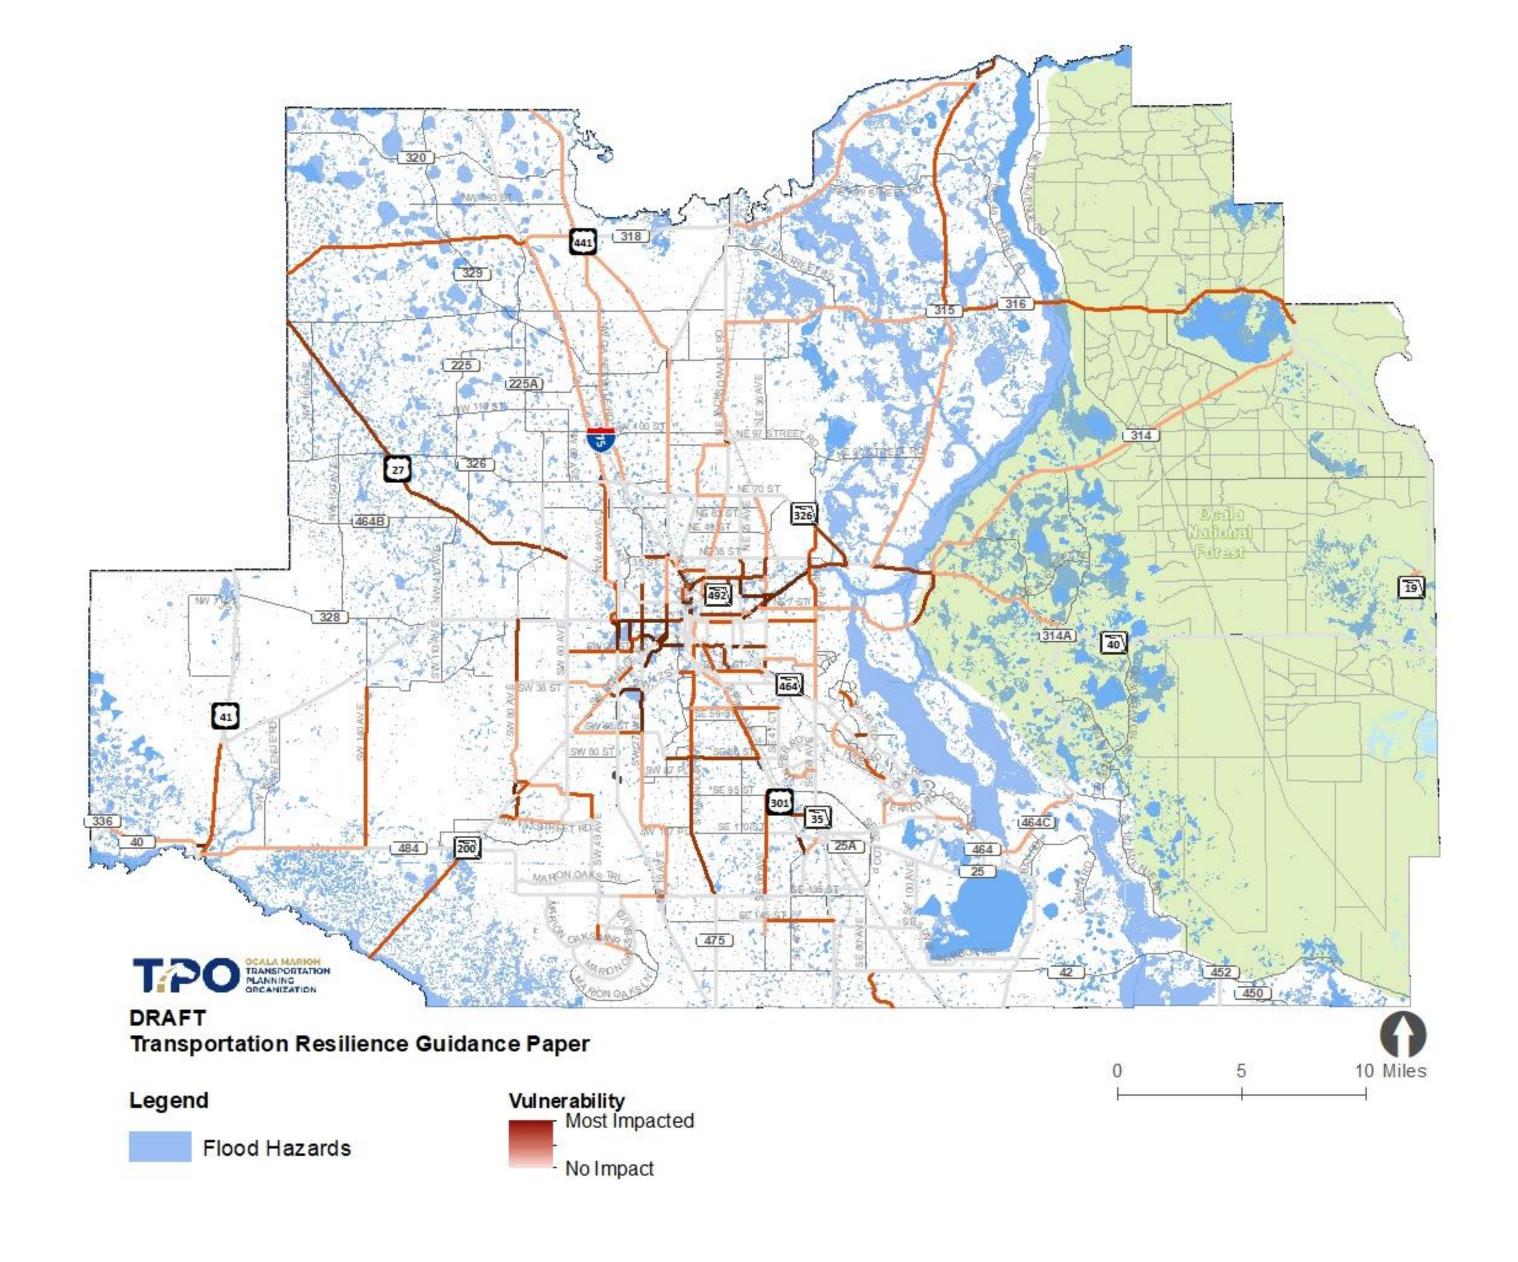

- 78 miles of principal arterials
- 38 miles of minor arterials
- 116 miles of major collectors
- 23 miles of minor collectors
- 255 total miles of roadways35% of system

# FLOODING exposure

## Federal Aid Eligible Roadways exposure

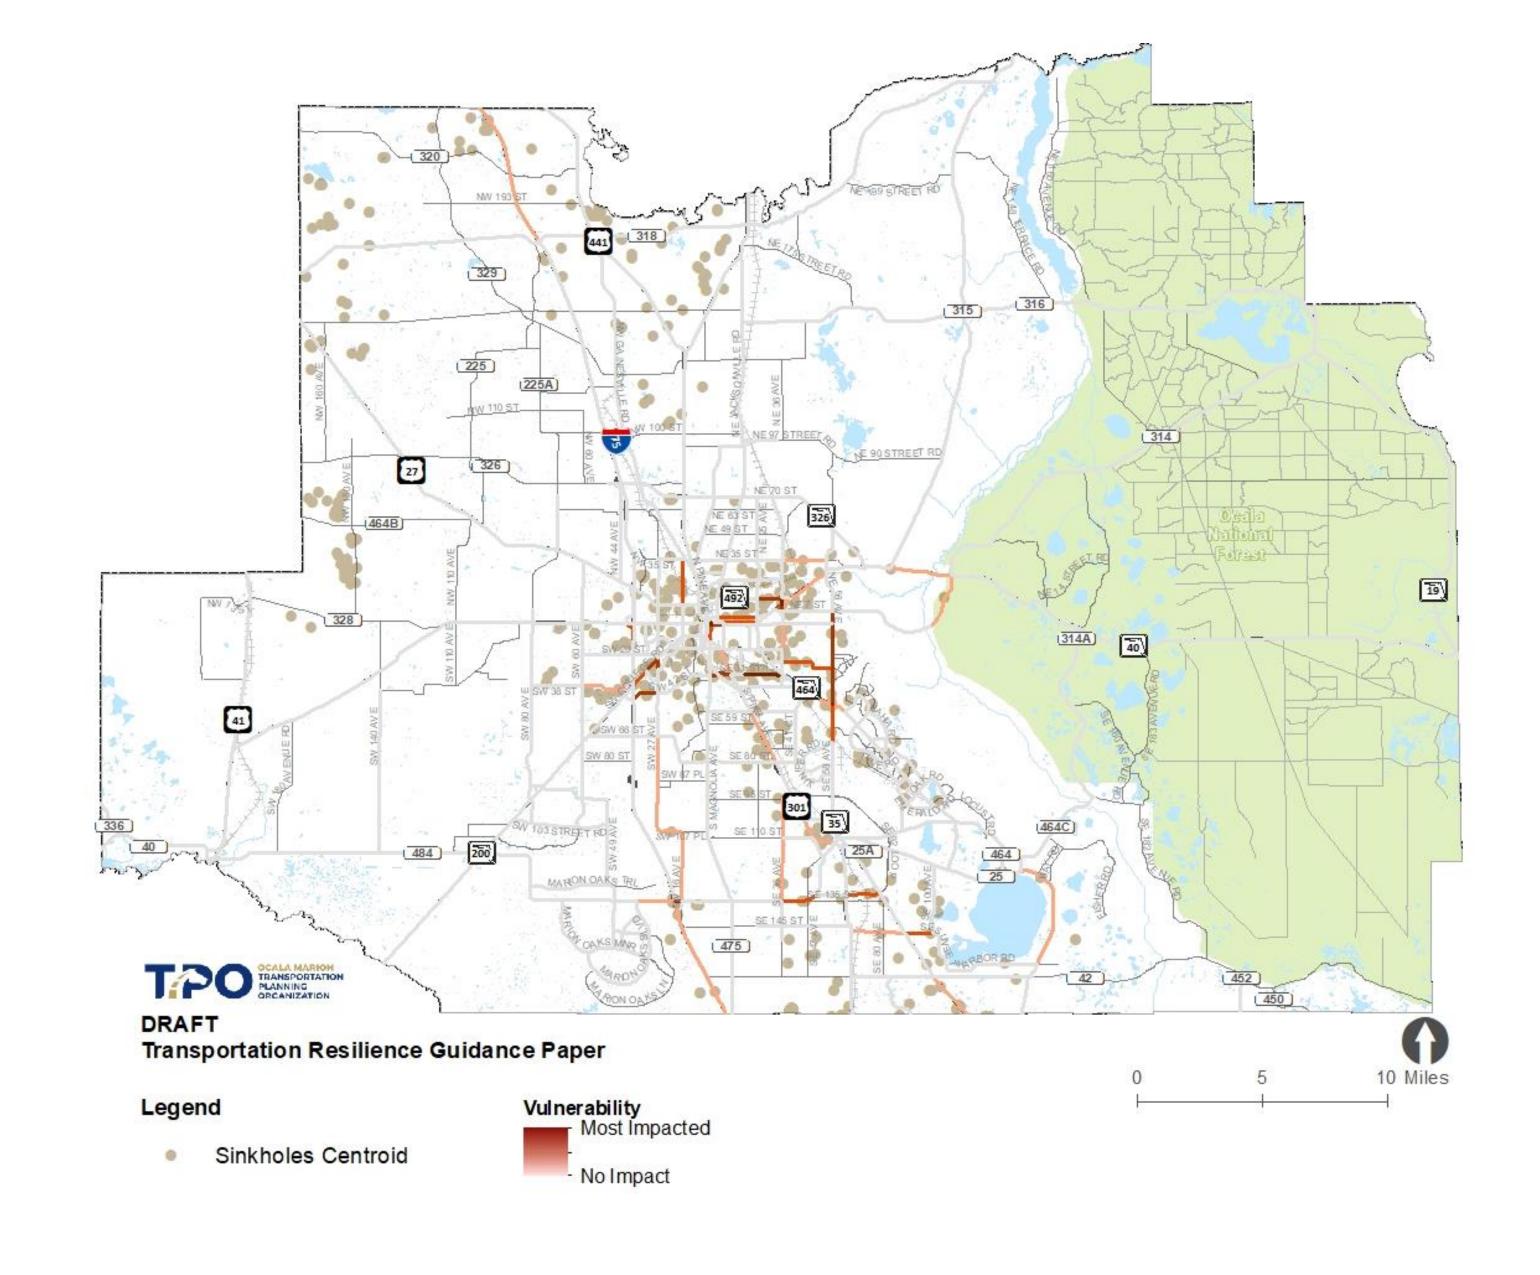

- 125 miles of principal arterials
- 56 miles of minor arterials
- 151 miles of major collectors
- 100 miles of minor collectors
- 436 total miles of roadways
   60% of system

# SINKHOLE exposure

## Federal Aid Eligible Roadways exposure

- 37 miles of principal arterials
- 21 miles of minor arterials
- 6 miles of major collectors
- 21 miles of minor collectors
- 86 total miles of roadways
   12% of system

## Types of Strategies

**Prevention** – Improvements that reduce likelihood of impact to the system

Adaptation – Improvements that adjust Minimize impacts

**Absorption** – Improvements that fortify the system against shocks and stressors

**Restoration** – Improvements that facilitate restoration of normal function after impacts.

## PREVENTION STRATEGIES

Strategy	Descritpion	Hazards	Considerations	Benefits	Cost	Source
Prevention: Strate	egies that reduce the likelihood of a shock or stress	or impac	ting the system.			
Reduce VMT	Reducing Vehicle Miles Travelled (VMT) reduces the strain on the network associated with rerouting trips or reducing the available route choices.	• <b>•</b> ••••		<ul> <li>Reduce community reliance on automobile trips</li> <li>Reduce the number of vehicles that must use detour routes</li> </ul>		
Develop a Stormwater Management Plan	Develop a plan to address existing conditions and the required capacity for new facilities.	444		<ul> <li>Determine effectiveness of centralized facilities and other regional opportunities</li> </ul>		· Houston Galveston Resilience Pilot Program
Construct green roofs	Utilize green roofs that provide shade, reduce surrounding air temperature, and reduce runoff.	-\\\\\\\\\\\\\\\\\\\\\\\\\\\\\\\\\\\\\		Reduce runoff     Reduce urban heat island effect		· USFS Compendium of Adaptation Practices
Realign or reconnect water courses	Realign waterways away from critical infrastructure. Reconnect waterways to allow natural flood plains to absorb impact of storm events.	•••		· Allow natural flooding to occur, rather than constraining waterways		<ul> <li>World Road         Association         International Climate         Change Adaptation         Framework for Road         Infrastructure     </li> </ul>
Implement fire-use restrictions	Implement policies to reduce the likelihood of wildfire during conditions that are conducive to wildfire ignition.	8		· Reduce chances of wildfire		· USFS Compendium of Adaptation Practices
Use forest management techniques such as thinning, prescribed burn, and fuels removal	Reduce the likelihood for an extreme fire, with intermittent fire and other management practices.	S		Maintain ecosystems that require fire		· USFS Compendium of Adaptation Practices
	<b>Legend</b> General	<b>W</b> Wildfire	Flood Tornado Low cost	Medium cost High cost		

## ADAPTATION STRATEGIES

#### Adaptation: Strategies that change the system in anticipation of shocks and stressors to maintain normal functioning. **O**: · Reduce the amount of vulnerable Discourage Create zoning requirements that encourage dense development Consider impacts to communities living in FEMA Natureto occur outside of impact areas, for example the flood plain. **Based Solutions** less vulnerable areas development and infrastructure over time Houston Galveston growth in vulnerable Consider conservation projects, especially Resilience Pilot areas in areas that coincide with environmentally Program vulnerable/valuable areas **D**: When developing new assets or infrastructure, consider locating · Consider hazards during the planning phase Site new facilities FHWA Adaptation outside of the hazard area. Framework outside of hazard to reduce the cost of relocation area Provide access to critical facilities under hazards by considering · Provides redundant access during normal Change the nature USFS Compendium alternative accesses. For example, access through the rear of of access to critical of Adaptation operations the building, provide for walking or using a mode other than Practices facilities automobile for a portion of the access trip. **D**: · Reduces the consequence of segments Maintain redundant routes in the network that are functional for Consider access to critical facilities and · Resilient California Provide redundant all modes. being impacted by shocks or stressors routes critical routes · Offers traffic management in non-hazard times

## ABSORPTION STRATEGIES

#### ion normally during events that cause shocks and stressors.

Maintain the working order of infrastructur culverts clear.
Widen roadway structure to reduce impact
Slows, filters, and cleans stormwater runof surfaces.
For flooding: Increase the thickness of hot increasing 2") and binder course using larg For heat and wildfire: Design road with ma and heat.

ure, for example keeping

- Proactive measure to maintain flow at critical points
- · Maintain clear of overgrown vegetation which may spread wildfire across the roadway

- · South Florida Climate Pilot
- Houston Galveston Resilience Pilot Program

ct to travel lanes.

- · Requires clearance around roadway
- Along roadways experiencing strong flows
- Limit inundation to one side of roadway
- · Reduce erosion from overtopping

Resilient Tampa

off by installing porous

- · Especially relevant in areas with large parking lots
- Appropriate only for gentle slopes
- Can become clogged.
- Appropriate for low traffic volumes, loads, and speed
- Reduce runoff
- Allow water to infiltrate
- Reduced particulates in water

- · Resilient Tampa
- Houston Galveston Resilience Pilot Program

: mix asphalt (consider ger aggregate. aterials resistant to fire

- Resist water movement and inundation
- Withstand impacts of prolonged exposure to heat or submersion

- · Resilient Tampa
- Resilient California
- Houston Galveston Resilience Pilot Program

#### Construct enhanced sub-surface

Increase the thickness of subbase layers to provide additional drainage, structural strength, and resistance to flow damages (consider increasing 4-6").

Resist water movement and inundation

- Resilient Tampa Bay
- · Houston Galveston Resilience Pilot Program

#### Construct berms or barriers

Construct a barrier to prevent water from flooding the roadway.

- Consider available right-of-way to construct barrier
- · Prevent water from reaching roadway or flowing across roadway

 FHWA Adaptation Framework

#### Construct protected or depressed

17

Separate the roadway and potential effect of inundation with a median between the travel lanes in each direction.

- · Especially effective along roadways in flat
- · Requires maintenance of vegetation and keeping drains clear
- · Reduce the occurrence of floods across the full roadway
- · If depressed, serve as a holding area for

- Resilient Tampa
- · Houston Galveston Resilience Pilot Program

## RESTORATION STRATEGIES

Restoration: Strate	egies that help the system recover quickly and retu	rn to no	rmal functioning.		
Install generator connections at traffic signals	Provide built in connections on signal cabinets to connect a generator.	~	<ul> <li>Battery capacity and need for replacement or installation of a generator</li> <li>Prioritize signals with greatest impact</li> </ul>	· Quickly resume operations after shock	<ul> <li>Space Coast TPO Resiliency Master Plan</li> </ul>
Prioritize roadways	Prioritize roadways based upon network effectiveness. In all response activities focus on roadways in priority order, for example send crews to clear debris from priority roadways before non-priority roadways.	<b>•</b>	<ul> <li>Include community input regarding critical routes and facilities</li> </ul>	· Clear and defined plan that can be communicated to the community	· Resilient California
Develop warning systems with resilient communications	Warning system may consist of sensors, cameras, citizen reporting tool, or other means.	<b>•</b>		· Quickly alert of hazard to allow response to occur	· Houston Galvesto Resilience Pilot Program
Develop a coordination plan with other agencies to respond to changes and hazards		•••			· FHWA Adaptation Framework
Coordinate with transit providers to identify alternative routes and stops if normal infrastructure is impacted		•••		<ul> <li>Continue to operate transit in a predetermined manner consistent with rider expectations.</li> </ul>	· Resilient California
Establish stand- by contracts for damage response	Establish mechanisms to pay for rapid response to hazards.	<b>•</b>		· Proactive measure to reduce the length of impact.	• FHWA HOP-15-025
Stockpile materials (culvert pipe, fuel, components) and equipment (generators, traffic control devices) at appropriate locations	Maintain an inventory of critical materials to quickly respond to needs during and after shocks.	•••	<ul> <li>Different materials will be needed at different locations to address each hazard</li> <li>Consider in conjunction with prioritized roadways</li> <li>Consider cost of storage and potential deterioration of materials over time</li> </ul>	· Proactive measure to reduce the length of impact.	• FHWA HOP-15-025

## 2022 Safety Targets

- Moving Ahead for Progress (MAP-21)
   Annual Federal Requirement
- Safety Performance Measures (PM-1)
- Integration into TPO's LRTP and TIP

- TAC and CAC review and action, February 8
- TPO Board review and action, February 22
- Submission of Safety Targets to FDOT by February 25, 2022

### **Targets for Five Performance Measures**

Safety Performance Measures	Description
1. Fatalities	Total number of fatalities
2. Fatalities (Rate)	Rate of fatalities per 100 Million Vehicle Miles
	Traveled (VMT)
3. Serious Injuries	Total number of serious injuries
4. Serious Injuries (Rate)	Rate of serious injuries per 100 Million Vehicle
	Miles Traveled (VMT)
5. Non-Motorized Fatalities &	Number of non-motorized fatalities and number
Serious Injuries	non-motorized serious injuries

## 2021 Targets & Results

Safety Performance Measure	2020 Targets	2020 Results	Met Target?
#1 - Fatalities	88	105	No
#2 - Fatalities per 100 Million VMT	1.86	2.34	No
#3 - Serious Injuries	433	302	Yes
#4 - Serious Injuries per 100 Million VMT	9.19	6.72	Yes
#5 - Number of Non-Motorized (bicycle, pedestrian) Fatalities and Serious Injuries	55	54	Yes

### **Data and Information Sources**

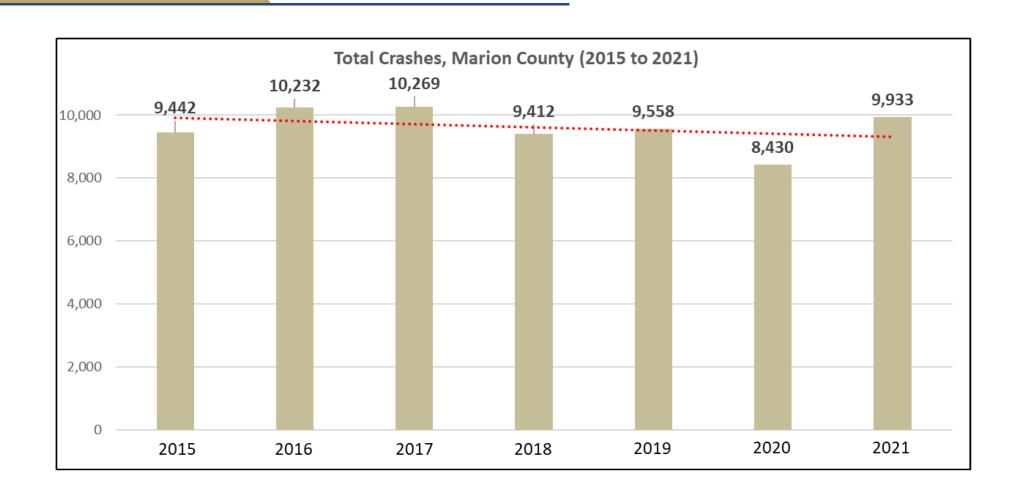

- Florida Department of Transportation
   Crashes (through 2020)
  - Vehicle Miles Traveled (through 2020)
- University of Florida (UF) Signal Four Crashes (2021)

## Review of Crashes in Ocala/Marion County

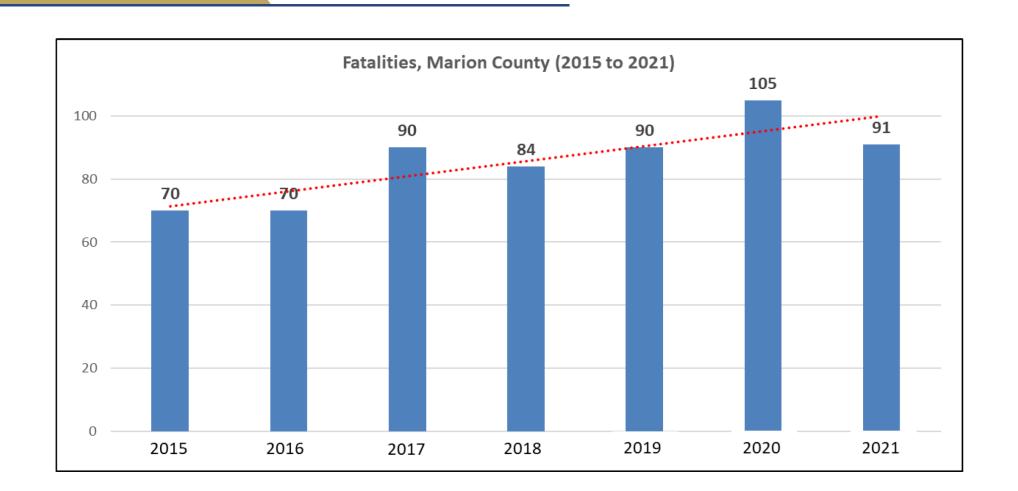

## 2015 to 2021 Total Crashes

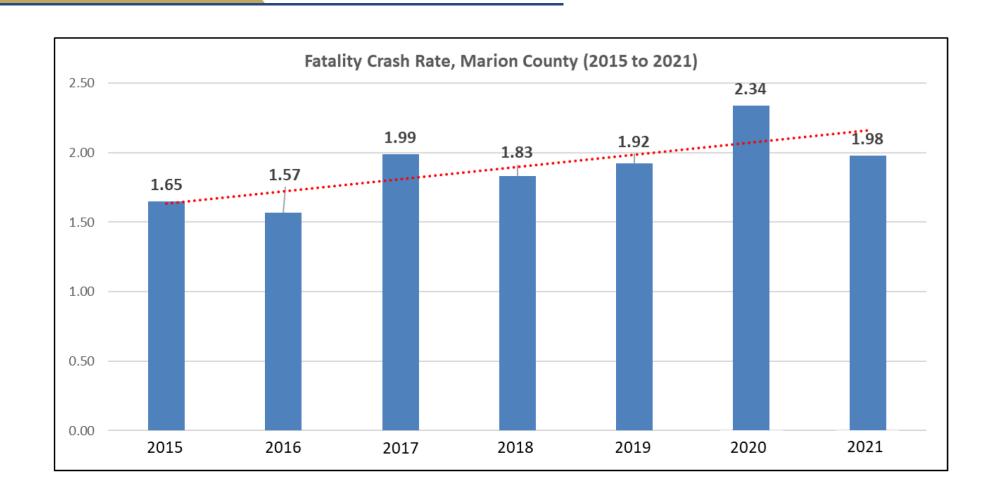

## 2015 to 2021 Fatalities

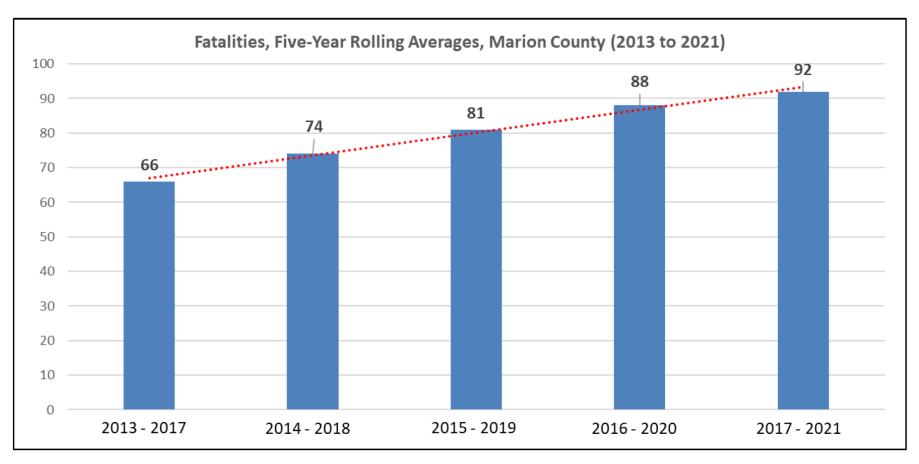

# 2015 to 2021 Fatality Rate

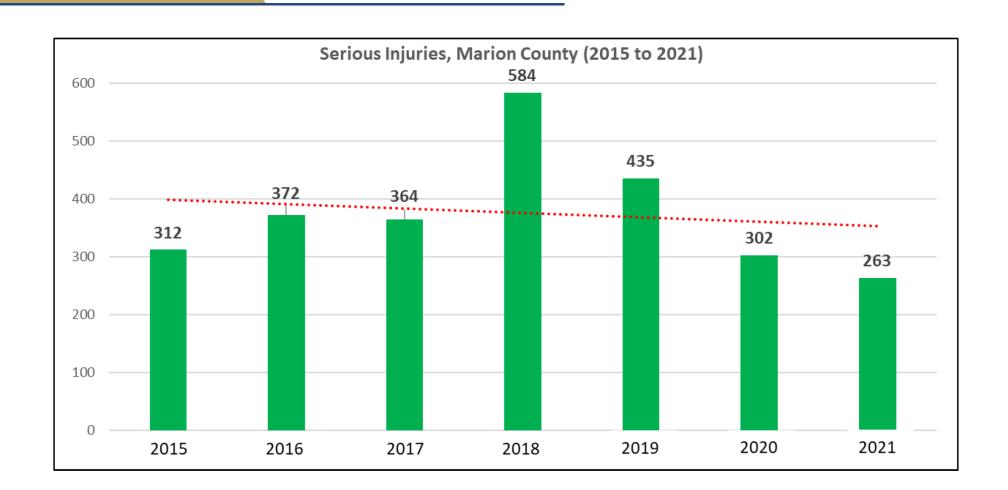

# Fatalities Five-Year Rolling Averages

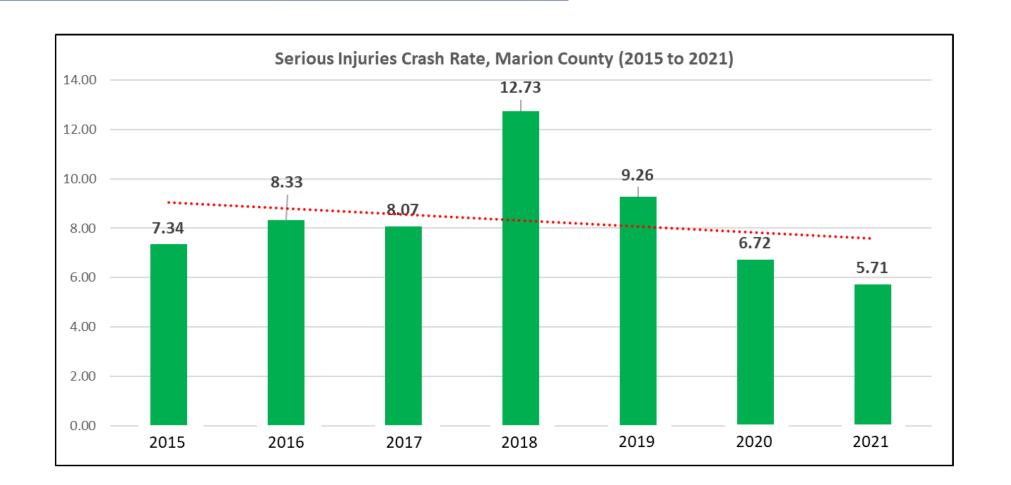

## 2015 to 2021 Serious Injuries

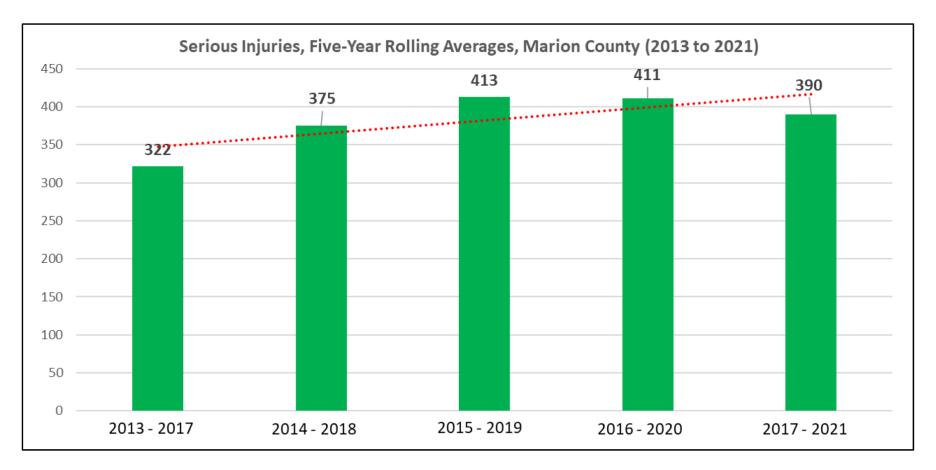

## 2015 to 2021 Serious Injury Rate

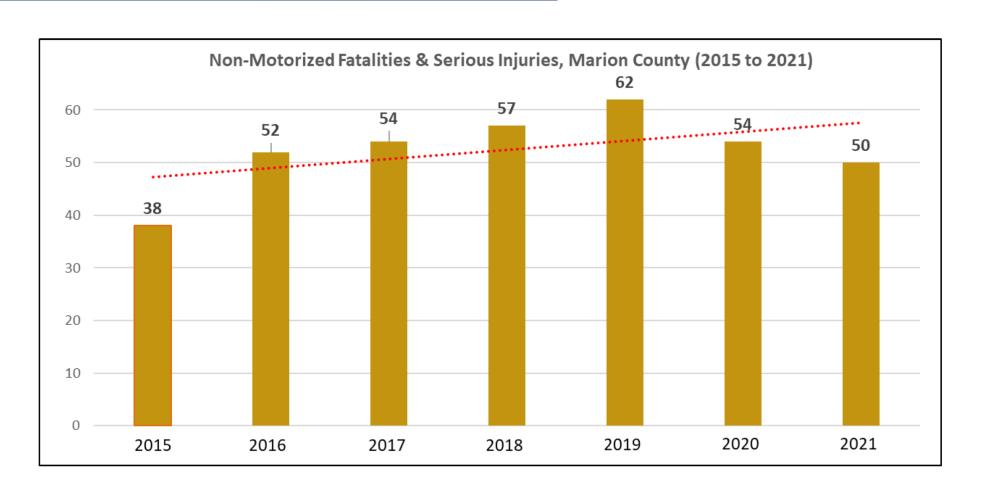

# Serious Injuries Five-Year Rolling Averages

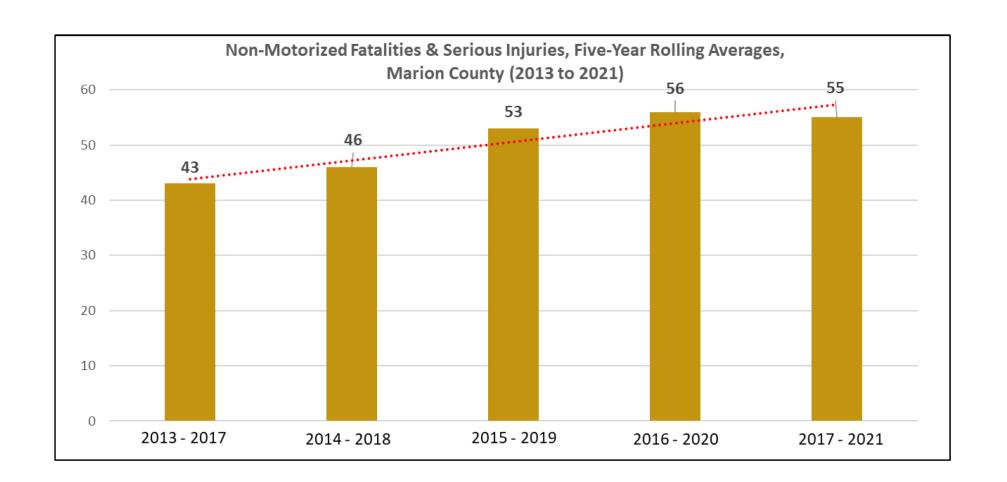

### 2015 to 2021 Non-Motorized Serious Injuries & Fatalities

### Non-Motorized Serious Injuries & Fatalities Five-Year Rolling Averages

### **Targets for Five Performance Measures**

Safety Performance Measures	Description				
1. Fatalities	Total number of fatalities				
2. Fatalities (Rate)	Rate of fatalities per 100 Million Vehicle Miles				
	Traveled (VMT)				
3. Serious Injuries	Total number of serious injuries				
4. Serious Injuries (Rate)	Rate of serious injuries per 100 Million Vehicle				
	Miles Traveled (VMT)				
5. Non-Motorized Fatalities &	Number of non-motorized fatalities and number				
Serious Injuries	non-motorized serious injuries				

### **TPO's Target Setting Methodology**

- 1. Calculate Average Percent Change of the three most recent five-year rolling averages
  - #1. Fatalities
  - #3. Serious Injuries
  - #5. Non-Motorized Fatalities and Serious Injuries

### **Target Setting Methodology**

# 2. Project the Vehicle Miles Traveled (VMT) in 2021 and 2022 to calculate:

#2 Fatality rate per 100 Million VMT

#4 Serious Injury rate per 100 Million VMT

							2021		#1	#2	#2	2022 Method	2022
Performance Measure	2015	2016	2017	2018	2019	2020	*Total Results	Targets (Set Feb. 2021)	2015-2019 Rolling Average	2016-2020 Rolling Average	2017-2021 Rolling Average	Percent Change of Three Rolling Averages	Proposed 2022 Targets
#1 - Fatalities	70	70	90	84	90	105	91	97	81	88	92	6.7%	98
#2 - Fatalities per 100 Million VMT	1.65	1.57	1.99	1.83	1.92	2.34	1.98	1.96					2.08
#3 - Serious Injuries	312	372	364	584	435	302	263	432	413	411	390	-2.9%	378
#4 - Serious Injuries per 100 Million VMT	7.34	8.33	8.07	12.73	9.26	6.72	5.71	8.74					8.02
#5 - Number of non-motorized (bicycle & pedestrian) fatalities and serious injuries	38	52	54	57	62	54	50	61	53	56	55	2.7%	57

### 2022 Vehicle Miles Traveled (VMT) Chart

100 Million Vehicle Miles Traveled (MVMT) annually

						YE	ARS		
2014	2015	2016	2017	2018	2019	*2020	2014 to 2019 Average Annual % Change	2021	2022
41.3	42.5	44.7	45.1	45.9	47.0	44.9	2.5%	46.0	47.2

**PROJECTIONS** 

The MVMT equate to an overall Billion VMT i.e. 47.2 Million Vehicle Miles Traveled (MVMT) = 4.72 Billion VMT

<sup>\*</sup>Due to the 2020 anomaly year, TPO used projections from 2014 to 2019 to obtain historical VMT growth rate.
VMT data for Marion County provided by Florida Department of Transportation

# Proposed 2022 Targets

	Proposed 2022		
Safety Performance Measure	Targets	2021 Targets	
	(not to exceed)	ZUZI Targets	
#1 - Fatalities	98	97	
#2 - Fatalities per 100 Million VMT	2.08	1.96	
#3 - Serious Injuries	378	432	
#4 - Serious Injuries per 100 Million VMT	8.02	8.74	
#5 - Number of Non-Motorized (bicycle,	<b>57</b>	61	
pedestrian) Fatalities and Serious Injuries	57	01	

### 2022 Recommendations

### **Option A**

- Adopt 2022 Targets based on current methodology.
- Staff explore crash reduction factors for 2023 targets as part of Commitment to Zero.

### 2022 Recommendations

### **Option B**

- Adopt <u>0</u> for all five targets to reflect State Targets and Commitment to Zero.
- Staff explore crash reduction factors for 2023 targets as part of Commitment to Zero.

Note: When an MPO/TPO adopts State Targets, no changes can be made unless FDOT changes the State Targets.

**TO:** Committee Members

FROM: Rob Balmes, Director

**RE:** Commitment to Zero Community Workshop

#### **Summary**

The TPO has scheduled a Community Workshop for Commitment to Zero on April 14, 2022 from 5:30 pm to 8:00 pm at the College of Central Florida Klein Center. Included with this memo is a flier containing workshop information. Further information will be available in the coming weeks.

The TPO continues to solicit feedback via an online survey and comment map. Please share and visit the project page to provide feedback on safety issues in our community.
