

Transportation Improvement Program FY 2020/21 - FY 2024/25

Adopted:

July 6, 2020

Amended:

- September 22, 2020
- January 26, 2021
- April 27, 2021
- May 25, 2021
- June 22, 2021
- August 24, 2021

Resolution
No. 21-11

RESOLUTION OF THE OCALA/MARION COUNTY
TRANSPORTATION PLANNING ORGANIZATION (TPO)
AMENDING THE TRANSPORTATION IMPROVEMENT PROGRAM (TIP)
FOR FISCAL YEAR 2020/2021 to 2024/2025

WHEREAS, the Ocala/Marion County Transportation Planning Organization, designated by the Governor of the State of Florida as the body responsible for the urban transportation planning process for the Ocala/Marion County area; and

WHEREAS, Title 23 U.S.C 134(j), 23 CFR Section 450.326 and Florida Statute 339.175(8) require each Metropolitan/Transportation Planning Organization to annually submit a Transportation Improvement Program; and

WHEREAS, a Transportation Improvement Program is defined as "a staged, multi-year, inter-modal program of transportation projects which is consistent with the metropolitan (long-range) transportation plan [23 CFR 450.104].

WHEREAS the TPO Board has authorized the TPO Director to perform revisions and amendments to plans, programs, and documents approved by the TPO, when such action is needed to obtain state or federal approval within a constrained timeframe. The authorization includes the following tenets:

- (i) The TPO Director shall include any such revision or amendment on the agenda of the next regularly scheduled meeting for ratification by TPO Board;
- (ii) No revision or amendment performed by the TPO Director shall substantially modify any plans, programs, or document approved by the TPO Board or result in the need to conduct a public hearing regarding such revision or amendment.

NOW THEREFORE BE IT RESOLVED that the Ocala/Marion County Transportation Planning Organization endorses the Transportation Improvement Program for FY 2020/2021 to 2024/2025.

CERTIFICATE

The undersigned duly qualified and acting Chairman of the Ocala/Marion County Transportation Planning Organization hereby certifies that the foregoing is a true and correct copy of a Resolution adopted at a legally convened meeting of the Ocala/Marion County Transportation Planning Organization held on this 24th day of August 2021.

INTRODUCTION

PURPOSE

The Ocala Marion Transportation Planning Organization (TPO) is the federally designated Metropolitan Planning Organization (MPO) for Marion County, Florida and is responsible for developing the Transportation Improvement Program (TIP). The TIP is a five-year schedule of transportation projects proposed by government agencies and other stakeholders within the TPO's Metropolitan Planning Area (MPA), which includes all of Marion County. The TIP documents the anticipated timing and cost of transportation improvements funded by federal, state and local sources and is updated on an annual basis. The types of projects in the TIP include all modes of transportation, such as roadway construction, operations, and reconstruction; bicycle and pedestrian; transit and aviation. Other projects that are regionally significant, regardless of funding source, are also incorporated into this document.

As stated in the Federal Highway and Transit Acts of 1962 and 1964, each urbanized area over 50,000 people must have a continuing, cooperative and comprehensive transportation process. This process, also known as the 3-C planning process, is carried out by the TIP, in conjunction with the Long-Range Transportation Plan (LRTP). The LRTP, which is also developed by the TPO, documents the community's transportation vision and goals 20 years into the future. The TIP outlines the short-term "action steps" necessary for achieving Marion County's long-term transportation vision by indicating specific improvements. In short, the TIP acts as the budget for carrying out the LRTP. The purpose of the TIP

is also to coordinate transportation projects between local, state, and federal agencies, thereby ensuring the efficient use of limited transportation funds.

All transportation projects contained in the TIP are financially feasible, located within the designated metropolitan planning area and funded by 23 United States Code (U.S.C.) and 49 U.S.C. Chapter 53 funds. For a project to be considered financially feasible, the anticipated cost must not exceed the anticipated revenue.

TPO PLANNING AREA

The Ocala Marion TPO is a federally-mandated public agency responsible for the planning and

implementation of several modes of transportation, including highway, transit, freight, bicycle, pedestrian and paratransit. The TPO serves the cities of Belleview, Dunnellon, Ocala and Marion County. The TPO was established in 1981 after the 1980 Census determined the urbanized area of Ocala exceeded a threshold of 50,000 people. Due to rapid population growth in the 1980s, the planning boundaries of the entire county were added. Figure 1 illustrates the 2010 Census designated Urbanized Areas (UZA) and Urban Cluster areas of Marion County, which are all served by the TPO. This also includes portions of Lady Lake-the Villages and the Homosassa Springs-Beverly Hills-Citrus areas within the Ocala Metropolitan Statistical Area (MSA), Marion Oaks, Rainbow Lakes and Ocala Estates-Lake Bryant.

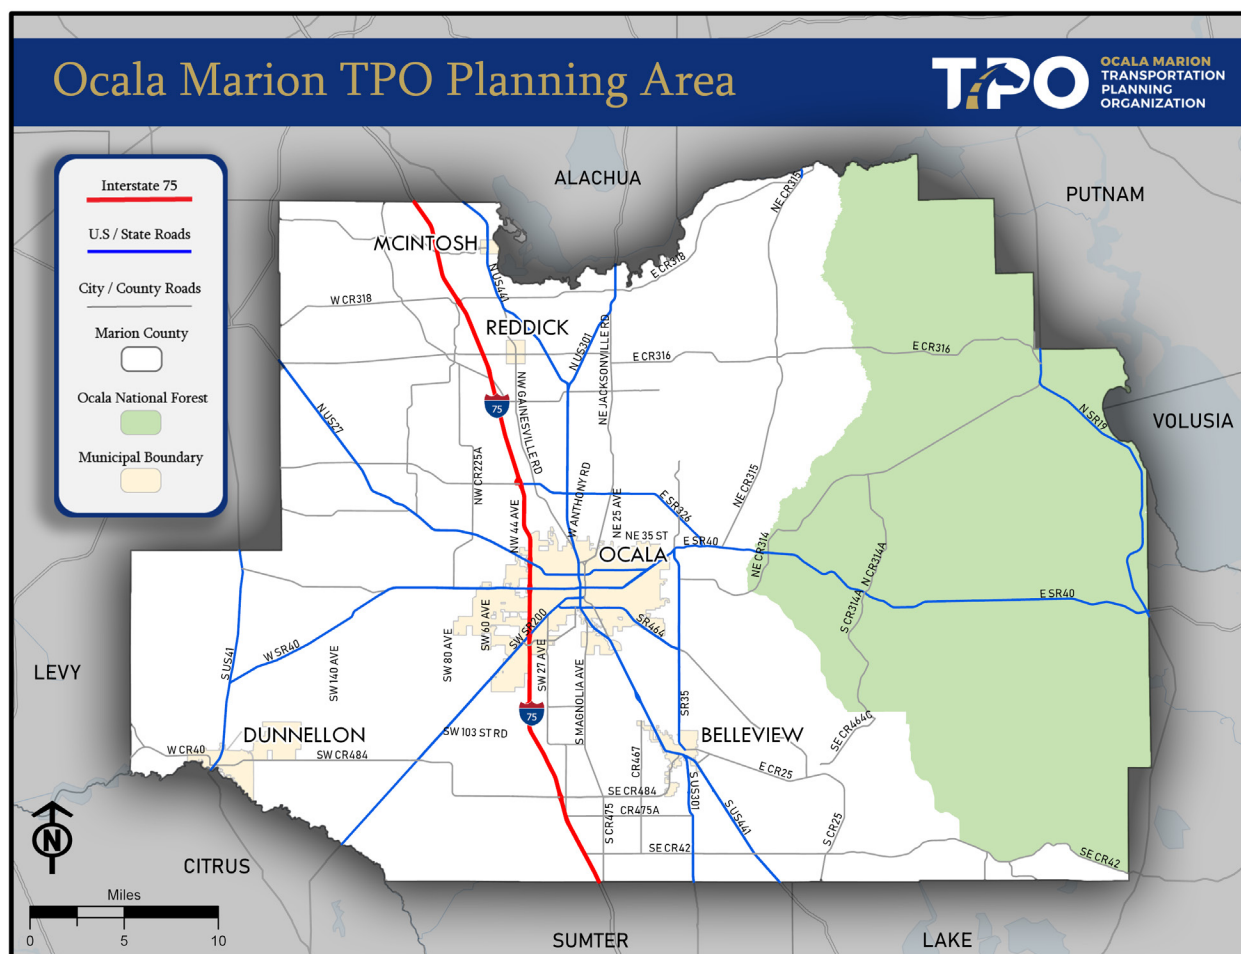

Figure 1: Map of TPO Planning Area

DEVELOPMENT OF THE TIP

Public and local government involvement for the development of the TIP is accomplished through regularly scheduled meetings of the TPO's Technical Advisory Committee (TAC) and Citizens Advisory Committee (CAC) and the TPO Board. The TPO also strives to engage both citizens and stakeholders to assist in the development of the TIP. The TPO seeks public input for thirty (30) days once the TIP DRAFT is publicly noticed, in accordance with 23 Code of Federal Regulation (C.F.R.) 450.316 and 23 C.F.R. 450.326(b). A Glossary of Terms and Acronyms used in the TIP and other TPO documents can be found in Appendix G.

TPO Boards and Committees

The TPO submits its draft TIP for review and feedback to the TPO's Technical Advisory Committee (TAC) and Citizens Advisory Committee (CAC). These boards/committees are composed of members who represent a variety of government organizations and stakeholders, which include the Cities of Belleview, Dunnellon, and Ocala; the Marion County School Board; the Marion County Engineering, Planning, and Tourism Departments; SunTran; the Florida Greenways and Trails Association; and citizens of Marion County, including persons who are considered transportation disadvantaged.

The TPO also submits its draft TIP to the TPO Board for review and to receive additional feedback. The TPO then addresses the recommendations provided by the Board and Committees, in addition to public input, in developing the final version of the TIP. The final version of the TIP is presented to the TPO Board for adoption in May or June of each year. TPO staff presented the draft TIP to the TAC and CAC on May 12th and June 9th, the TPO Board on May 26th and June 23rd, the Dunnellon City Council on June 8th and the Belleview City Commission on June 16th.

Public Involvement

In addition to meeting federal regulations, the TIP was developed in accordance with the TPO's [Public Involvement Plan \(PIP\)](#). The public was provided the opportunity to comment on the draft TIP at the aforementioned TAC, CAC, TPO Board, Dunnellon City Council and Belleview City Commission meetings. The TAC and CAC meetings were held virtually and therefore were accessible to those with internet access. The TPO Board, Dunnellon and Belleview meetings were held in-person, with the added capability to participate virtually. The TPO sought input from the public and other stakeholders by posting on its website, social media pages (Facebook, Twitter, LinkedIn) and sending e-blast notifications. Beginning on May 19th, a legal notice of the draft version of the TIP was placed in the Ocala Star Banner for 30 days. The public comment period for the TIP began on May 19th and concluded on June 23rd. A copy of the notice can be found in Appendix E and a list of public comments, including the TPO's response to each comment, can be found in Appendix F. On May 19th, the TPO sent the Draft TIP for review and comment to the following agencies: Federal Transit Administration, Federal Highway Administration, U.S. Forest Service, Florida Department of Transportation, Department of Economic Opportunity, Florida Commission for the Transportation Disadvantaged and the St. Johns River Water Management District.

CERTIFICATION

The most recent certification review of the Ocala Marion TPO was conducted by FDOT in February 2020. FDOT certified the transportation planning process for Fiscal Year 2020/2021. The next certification review will occur in February 2021.

CONSISTENCY WITH OTHER PLANS

The projects and project phases listed in the 2020/21-2024/25 TIP are consistent, to the maximum extent possible, with public transit development plans, aviation, and the approved local government comprehensive plans for governments within the TPO's MPA [s.339.175(8)(c)(7), F.S.]. The TIP is consistent with the Ocala Marion TPO's 2040 Long Range Transportation Plan (LRTP), Florida Transportation Plan (FTP), Strategic Intermodal System (SIS) Policy Plan, Freight Mobility and Trade Plan (FMTP), Transportation Asset Management Plan (TAMP), Congestion Management Plan (CMP) and the Transportation Development Plan (TDP).

2040 Long Range Transportation Plan (LRTP)

In addition to documenting Marion County's long-term vision and goals for transportation, the LRTP includes a Needs Assessment and a Cost Feasible Plan. These two sections detail the specific projects to fulfill the County's long-term vision and goals. In order to remain current with the changing needs of Marion County, the Ocala Marion TPO updates the LRTP every five years. The 2040 Long Range Transportation Plan is the current LRTP for Marion County and development of the 2045 LRTP is currently in progress. The 2045 is scheduled for adoption in November 2020. A list of TIP projects referenced in the 2040 LRTP can be found in Appendix I.

Florida Transportation Plan (FTP)

The Florida Transportation Plan (FTP) serves as the state's long-range transportation vision and policy plan. The FTP focuses on ways to improve safety,

provide a more efficient transportation system, meet the needs of a changing population, create a more competitive economy, enhance the overall quality of life and environment, increase access to transit and address emerging technologies.

Strategic Intermodal System (SIS) Policy Plan

The Strategic Intermodal System (SIS) Policy Plan establishes the policy framework for planning and managing Florida's Strategic Intermodal System, a network of transportation facilities that serves as the state's highest priority for transportation capacity investments. The Governor and Legislature established the SIS in 2003 to focus state resources on facilities most significant for promoting the state's economic competitiveness, including interregional, interstate and international travel. The SIS is the primary tool for implementing the Florida Transportation Plan (FTP). A map of the SIS can be found in Appendix D.

Freight Mobility and Trade Plan (FMTP)

FDOT's Freight Mobility and Trade Plan (FMTP) defines policies and investments that will enhance Florida's economic development efforts into the future. The FMTP's Investment Element is specifically intended to identify freight needs, identify criteria for state investments in freight, and prioritize freight investments across modes. In February 2018, FHWA approved the FMTP as FDOT's State Freight Plan.

Transportation Asset Management Plan (TAMP)

The Transportation Asset Management Plan (TAMP) outlines the process for effectively operating, maintaining, and improving physical transportation assets within Florida. The plan also provides detailed

information, such as the department's assets, asset management strategies, and long-term expenditure forecasts, in order to help inform decision-making at both the State and Local levels.

Congestion Management Plan (CMP)

Maintenance of a Congestion Management Process (CMP) is required for all TPOs under Florida Statute 339.175 (6)(c)1. Guidance from the Final Rule on the CMP states the intent of the process is to, "address congestion management through a process that provides for safe and effective integrated management and operation of the multimodal transportation system.

The Ocala Marion TPO has developed the CMP to improve traffic operations and safety through the use of either strategies that reduce travel demand or the implementation of operational improvements. Recommendations in the CMP often support improved travel conditions through the implementation of low cost improvements or strategies that can be implemented in a relatively short time frame (5-10 years) compared to traditional capacity improvements, such as adding travel lanes, which can be more time-consuming and expensive.

The TPO anticipates beginning the update of the CMP in 2020 and expects to complete the update in 2021. This plan serves two purposes; to meet state statute and to meet federal requirements for when the TPO becomes a Transportation Management Area (TMA). A TPO is considered a TMA when their urbanized area population exceeds 200,000. This is expected when the results of the 2020 census are finalized. Therefore, completing an update to the CMP will keep the TPO in compliance with both state statute and federal statutes.

Transit Development Plan (TDP)

The Transit Development Plan (TDP) represents

the community's vision for public transportation in the Ocala Marion TPO planning area for a 10-year span. Updated every five years to ensure transit services offered meet the mobility needs of the local communities, the TDP provides a comprehensive assessment of transit services in Marion County. Specifically, the TDP details SunTran's transit and mobility needs, cost and revenue projections, and community transit goals, objectives, and policies.

TIP REVISIONS

When the TIP and the FDOT Work Program became adopted in July 2020, there were cases in which some projects were not yet authorized. These projects, in addition to funding changes within other projects, "roll forward" automatically into the Work Program. These changes have been listed in Appendix J.

Revisions to the TIP may be required following approval of the document by the TPO Board and State and Federal agencies. Revisions to the TIP are required when projects are changed, added, or deleted. There are three types of revisions to the TIP; a major amendment, a minor amendment, and an administrative modification. Major amendments require adoption by the TPO Board and public comment, while a minor amendment and administrative modification do not. [23 C.F.R. 450.104].

Administrative Modifications

An administrative modification include minor changes to project/project phase costs, funding sources of previously included projects, and project/project phase initiation dates. is needed if there are changes in project timing within the five years of the program, changes in non-discretionary funding sources, and changes that cost less than \$200,000. An administrative modification does not require public comment.

Minor Amendments

A minor amendment is required to the TIP if a project is added or deleted that is either less than \$3 million in construction costs or a non-capacity expansion project. Changes to a project that cost up to \$3 million also require a minor amendment. Minor amendments do not require a formal public comment period.

Major Amendments

Major amendments to the TIP are required if a project that is over \$3 million in construction costs is added or deleted, if a capacity expansion project is added or deleted, or there is a significant change in cost (\$3 million or more).

TRANSPORTATION DISADVANTAGED

The Transportation Disadvantage (TD) program is a statewide program that provides vital transportation to medical appointments, employment, educational

and other life sustaining services. Persons eligible for TD services include those with a mental or physical disability, income level at or below 150% of the Federal Poverty Guideline or age 60+ or <16 years old.

In Marion County, TD transportation services are provided by Marion Transit. As a result of the overlap between the TD service area and the TPO service area, TD projects and funding are included in the TIP. The TIP was developed in conjunction with Marion Transit, which also serves as the Community Transportation Coordinator (CTC) for Marion County.

EFFICIENT TRANSPORTATION DECISION MAKING

Efficient Transportation Decision Making (ETDM) is a process used by FDOT to incorporate environmental, physical, cultural and community resource considerations into transportation planning to inform project delivery. FDOT screens some of the projects in this TIP through the ETDM process.

Grant	Grant Dates	Local	State	Federal	Total
5311 (Operating)	10/1/2020-9/30/2021	\$670,000		\$670,000	\$1,340,000
5310 (Capital)	10/1/2020-9/30/2021	\$42,114	\$42,114	\$336,911	\$421,139
TD Trip & Equipment Grant	07/01/2020-06/30/2021	\$94,899	\$854,091		\$948,990
Board of County Commissioners Transit and Match Funding	10/01/2020-09/30/2021				\$879,121
Grand Total		\$807,013	\$896,205	\$1,006,911	\$3,589,339

Figure 2: Transportation Disadvantaged Funding

PERFORMANCE MANAGEMENT

PERFORMANCE-BASED PLANNING

In order to develop a standardized process for monitoring the effectiveness of transportation investments across the country, the Federal government passed the Moving Ahead for Progress in the 21st Century Act (MAP-21). MAP-21 was enacted in 2012 by Congress to establish a framework to link performance management and decision-making for federally-funded transportation investments. MAP-21, which was supplemented by the Fixing America's Surface Transportation (FAST) Act in 2015, required the State Department of Transportation (DOTs) and TPOs/MPOs to conduct performance-based planning. The objective of performance-based planning is to invest resources in projects that help achieve the following seven national goals (23 CFR 490 or [23 USC 150(b)]):

#1- Safety

To achieve a significant reduction in traffic fatalities and serious injuries on all public roads

#2- Infrastructure Condition

To maintain the highway infrastructure asset system in a state of good repair

#3- Congestion Reduction

To achieve a significant reduction in congestion on the National Highway System

#4- System Reliability

To improve the efficiency of the surface transportation system

#5- Freight Movement and Economic Vitality

To improve the national freight network, strengthen the ability of rural communities to access national and international trade markets, and support regional economic development

#6- Environmental Sustainability

To enhance the performance of the transportation system while protecting and enhancing the natural environment

#7- Reduced Project Delivery Delays

To reduce project costs, promote jobs and the economy, and expedite the movement of people and goods by accelerating project completion through eliminating delays in the project development and delivery process, including reducing regulatory burdens and improving agencies' work practices

Performance-based planning utilizes performance measures and performance targets to ensure the most efficient investment of transportation funds by increasing accountability, providing transparency, and linking investment decisions to key outcomes.

PERFORMANCE MEASURES & TARGETS

The Federal Transit Administration (FTA) and Federal Highway Administration (FHWA) have created highway and transit performance measures, and requirements for State DOTs, TPOs/MPOs and transit operators to establish and report performance targets for each performance measure. Performance measures are quantitative criteria used to evaluate progress of the seven national goals. In order to

determine the amount of progress made for each performance measure, the aforementioned agencies and organizations must establish baseline data and performance targets; benchmarks used to determine whether transportation investments make progress in achieving national goals and performance measures.

Once each State DOT develops its own performance targets for each performance measure, TPOs/MPOs are provided the option to either adopt the State's performance targets, or develop their own targets.

Safety

**Bridge and
Pavement
Condition**

**System
Performance**

**Transit Asset
Management**

In March 2016, the FHWA published the Highway Safety Improvement Program (HSIP) and Safety Performance Management (Safety PM) Measures Final Rules, effective April 14, 2016. The Safety PM Final Rules established safety performance measures to assess serious injuries and fatalities on all public roadways and carry out the HSIP. Additionally, the Safety PM Final Rules established a process for both State DOTs and TPOs to develop and report their safety targets and for FHWA to assess whether State DOTs have met, or are making significant progress toward meeting, their safety targets. The legislation works to improve data; foster transparency and accountability; and allow safety progress to be tracked at the national level. The HSIP annual report documents the statewide performance targets.

The State of Florida is committed to Vision Zero, a traffic safety policy aimed at achieving zero traffic

fatalities or serious injuries. As such, FDOT has set a statewide target of “0” for all five safety performance measures. Vision Zero is discussed in greater detail in the HSIP, the Florida Strategic Highway Safety Plan (SHSP), and the Florida Transportation Plan (FTP). FDOT set its safety performance targets on August 31, 2017. On February 27, 2018, the Ocala Marion TPO adopted its own safety performance targets. By adopting its own safety performance targets, the TPO is required to update the targets annually. The TPO most recently updated its safety targets on February 25, 2020. Figure 3 shows the safety performance targets set by FDOT and the TPO for each of the five performance measures.

The Ocala Marion TPO is committed to improving safety for all roadway users, which is demonstrated through planning and programming activities. The TIP includes specific investment priorities by using a project-prioritization and project-selection process that is based on the anticipated effect of reducing both fatal and serious injury crashes. The TPO also collects and analyzes crash data and trends, which is published in its Traffic Counts & Trends Manual. Additionally, the TPO is involved in the Marion County Community Traffic Safety Team (CTST); Safety Through Engineering; Education and Responsibility (STEER); the Youth Bike Rodeo; CarFit; Walk Your Kids to School Day; and the Safe Routes to School program.

Safety Performance Measures	FDOT Target (2020)	TPO Target (2020)	Marion County Results (2019)
Number of Fatalities	0	88	86
Rate of Fatalities per 100 Million Vehicle Miles Traveled (VMT)	0	1.86	1.48
Number of Serious Injuries	0	433	392
Rate of Serious Injuries per 100 Million VMT	0	9.19	8.44
Number of Non-motorized Fatalities and Non-motorized Serious Injuries	0	55	54

Figure 3: Performance Measure Targets and Results - Safety

In January 2017, the FHWA published the Bridge and Pavement Condition Performance Measures Final Rule. The second FHWA performance measure rule established six performance measures to assess pavement conditions and bridge conditions for the National Highway System (NHS). A map of the NHS in Marion County can be found in Appendix C.

The pavement condition measures represent the percentage of lane-miles on the Interstate and non-Interstate National Highway System (NHS) that are in good or poor condition. FHWA established five pavement condition metrics : International Roughness Index (IRI); cracking percent; rutting; faulting; and Present Serviceability Rating (PSR). FHWA set a threshold for each metric to establish good, fair, or poor condition. A pavement section is

classified as being in good condition if three or more metric ratings are good, and in poor condition if two or more metric ratings are poor. Pavement sections that are not good or poor are classified as fair.

FDOT established its statewide targets for bridge and pavement condition on May 18, 2018. The Ocala Marion TPO agreed to support the FDOT statewide targets on October 23, 2018.

The two-year and four-year targets represent bridge and pavement conditions at the end of calendar years 2022 and 2024.

The bridge condition measures represent the percentage of bridges, by deck area, on the NHS that are in good condition or poor condition. The condition of each bridge is evaluated by assessing four bridge components: deck, superstructure, substructure, and culverts. The Final Rule created a metric rating threshold for each component to establish good, fair, or poor condition. If the lowest rating of the four metrics is greater than or equal to seven, the structure is classified as good. If the lowest rating is less than or equal to four, the structure is classified as poor. If the lowest rating is five or six, it is classified as fair.

Bridge and Pavement Condition Performance Measures	FDOT/TPO Target (2022)	FDOT/TPO Target (2024)	Marion County Results (2018)
Pavement Measures			
Percent of Interstate pavements in good condition	Not Required	≥ 60%	56%
Percent of Interstate pavements in poor condition	Not Required	≤ 5%	0%
Percent of non-Interstate NHS pavements in good condition	≥ 40%	≥ 40%	40.2%
Percent of non-Interstate NHS pavements in poor condition	≤ 5%	≤ 5%	0%
Bridge Deck Area Measures			
Percent of NHS bridges by deck area in good condition	≥ 50%	≥ 50%	78.5%
Percent of NHS bridges by deck area in poor condition	≤ 10%	≤ 10%	0%

Figure 4: Performance Measure Targets and Results - Bridge and Pavement Condition

In January 2017, FHWA published the System Performance, Freight, and Congestion Mitigation and Air Quality (CMAQ) Performance Measures Final Rule. The third and final Performance Measures Rule, established six measures to assess the performance of the NHS, freight movement on the Interstate System, and traffic congestion and on-road mobile source emissions for the CMAQ program.

There are two NHS performance measures that represent the reliability of travel times for all vehicles on the Interstate and non-Interstate NHS. FHWA established the Level of Travel Time Reliability (LOTTR) metric to calculate reliability on both the Interstate and non-Interstate NHS. LOTTR is defined as the ratio of longer travel times (80th percentile) to a normal travel time (50th percentile) during four time periods from the hours of 6 AM to 8 PM each day (AM peak, midday, and PM peak on Mondays through Fridays and weekends). The LOTTR ratio is calculated for each segment of applicable roadway. A segment is reliable if its LOTTR is less than 1.5 during all time periods. If one or more time periods has a

LOTTR of 1.5 or above, that segment is unreliable. The measures are expressed as the percentage of person-miles traveled on the Interstate and non-Interstate NHS that are reliable.

The single freight movement performance measure represents the reliability of travel times for trucks on the Interstate System. FHWA established the Truck Travel Time Reliability (TTTR) Index, which is defined as the ratio of longer truck travel times (95th percentile) to a normal truck travel time (50th percentile). The TTTR is generated by dividing the longer truck travel time by a normal travel time for each segment of the Interstate system over five time periods from all hours of each day (AM peak, midday, and PM peak on Mondays through Fridays, overnights for all days, and weekends). This is averaged across the length of all Interstate segments in the state or MPO planning area to determine the TTTR index.

There are three traffic congestion and on-road mobile source emissions performance measures that represent peak hour excessive delay per capita (PHED), non-single occupancy vehicle (SOV) travel, and total on-road mobile source emissions reductions. The Ocala Marion TPO meets all current air quality standards and is not subject to establishing targets for these performance measures.

FDOT established its statewide targets for system performance on May 18, 2018. The Ocala Marion TPO agreed to support the FDOT statewide targets on October 23, 2018.

System Performance Measures	FDOT/TPO Target (2022)	FDOT/TPO Target (2024)	Marion County Results (2018)
Percent of person-miles on the Interstate system that are reliable (Interstate LOTTR)	≥ 75%	≥ 70 %	100%
Percent of person-miles on the non-Interstate NHS that are reliable (Non-Interstate NHS LOTTR)	Not Required	≥ 50 %	96%
Truck Travel Time Reliability (TTTR)	1.75	2	1.31

Figure 5: Performance Measure Targets and Results - System Performance

from the oversight of the TPO to the City of Ocala. The SunTran system includes seven fixed bus routes contracted through a third-party company. As the administrative body to SunTran, the City of Ocala is responsible for setting performance targets for Transit Asset Management. In July 2019, the City of Ocala set the transit asset targets below, thereby agreeing to plan and program projects in the TIP that, once implemented, will make progress toward achieving the transit asset targets.

On July 26, 2016, the FTA published the final Transit Asset Management rule, which requires that public transportation providers develop and implement transit asset management (TAM) plans, establish “state of good repair” standards and establish performance measures for four asset categories; rolling stock, equipment, transit infrastructure and facilities.

On July 1, 2019, SunTran, the public transit agency that operates primarily in the city of Ocala and in parts of unincorporated Marion County, moved

The chart shows the percentage of SunTran’s assets that have met or exceeded their Useful Life Benchmark (ULB) for each asset class in 2019 and their performance targets for the next four years. FTA defines ULBs as “... the expected lifecycle or the acceptable period of use in service for a capital asset, as determined by a transit provider, or the default benchmark provided by the FTA.” The performance targets assume the assets are replaced as they reach their ULB.

Asset Class	2019 Performance	2020 Target	2021 Target	2022 Target	2023 Target
Rolling Stock					
Buses	69%	0%	0%	0%	0%
Cutaways	0%	0%	0%	0%	100%
Equipment					
Non-Revenue Vehicles	80%	0%	0%	0%	20%
Facilities					
Maintenance Facility	0%	0%	0%	0%	0%

Figure 6: Performance Measure Targets and Results - Transit Asset Management

performance targets. MPO/TPO's then have 180 days from the adoption of the PTASP targets set by the public transit agency (SunTran) to adopt or develop their own independent targets.

On December 1, 2020, SunTran submitted their PTASP and corresponding safety targets to the TPO, as adopted by City of Ocala City Council on November 30, 2020. Figure 7 displays the adopted SunTran PTASP targets.

On July 19, 2018, the FTA published the Public Transportation Agency Safety Action Plan (PTASP) regulation, 49CFR Part 673, as required by 49 U.S.C. 5329(d). The effective date of the regulation was July 19, 2019, but was extended to December 31, 2020 due to the global pandemic. The PTASP regulation implements a risk-based Safety Management System approach and requires all recipients and sub-recipients of federal transit financial assistance to establish and certify an Agency Safety Plan and corresponding safety

SunTran Safety Performance Targets 2020 Performance Targets based on collected data from previous three years							
Mode of Transit Service	Fatalities Total	Fatalities (per 100k vehicle revenue miles VRM)	Injuries Total	Injuries (per 100k vehicle revenue miles VRM)	Safety Events Total	Safety Events (per 100k vehicle revenue miles VRM)	Safety Reliability (VRM/failures)

FINANCIAL PLAN

The financial plan is determined during the development of the LRTP, as part of its Cost Feasible Plan. Once all projects have been determined as “needs”, the LRTP steering committee prioritizes the projects based on cost feasibility, using revenue forecasting from local, state and federally published sources. The cost feasible plan in the LRTP then becomes a prioritized project list. This list, known as the List of Priority Projects (LOPP), is then sent to FDOT annually, to be included in the next work program for funding. FDOT will decide which projects from the prioritized list or List of Prioritized Projects (LOPP) that can be reasonably funded with its cost/funding projections. The LOPP can be found in Figure 10 on page 23.

The 2020/21-2024/25 TIP is financially constrained for each year, meaning projects must be implemented using reasonably expected revenue sources. Projects in the TIP must use Year of Expenditure (YOE) dollars, which are dollars adjusted for inflation from the present time to the expected year of construction. The TIP includes the public and private financial resources that are reasonably expected to be available in order to accomplish the program. The TIP has been developed in cooperation with Marion County, the Cities of Belleview, Dunnellon, and Ocala, FDOT, SunTran, and Marion Transit. A summary of funds by funding source is included in Figure 8 ([23 CFR. 450.326(a) and Subsection 339.175(8), F. S.]).

All projects in the TIP are designated for funding from Title 23 and 49 of U.S.C funding sources and all regional transportation projects requiring federal action. Projects in the TIP are derived from the FDOT Work Program and must include a balanced 36-month forecast of revenue and expenditures and a five-year finance plan supporting the FDOT Work Program [339.135(4)(b)(5) F. S.]. Additionally, only projects that are reasonably expected to be funded may be included in the TIP.

Figure 8 provides a summary of the funding categories, associated acronyms, and whether the funding source is federal, state, or local.

Acronym	Funding Category	Funding Source

Figure 10: 5-Year Summary of Projects by Funding Source

PROJECT SELECTION PROCESS

The TPO has recently changed its project selection and priority process. The process includes prioritizing projects that are closest to receiving construction funding, help achieve performance measures, are multimodal, have available funding and/or include local funding sources and partnerships.

The TPO's project selection process is consistent with 23 C.F.R 450.332(b), the TPO's 2040 LRTP, and with the aviation master plans, public transit development plans, and the approved local government comprehensive plans within the TPO service area, to the maximum extent feasible [s.339.175(8)(c)(7), F.S.]. A list of obligated projects, found in Appendix B, is a continuation of projects in the current TIP, and in some cases started in previous TIPs [23 CFR 450.334].

RANKING CRITERIA

The ranking criteria was narrowed down based on the adopted 2040 Long-Range Transportation Plan's (LRTP) Goals and Objectives. The goals from the 2040 LRTP that were used in this prioritization and selection process were Multimodal Choices (Goal #1), Economic Development and Growth (Goal #2), Safety and Security (Goal #3), Cooperation (Goal #4), and System Preservation (Goal #6). The ranking criteria is grouped into the following six categories:

1. Multimodal:

The ranking criteria looks at whether a project incorporates different modes of transportation into the project or is multimodal. Therefore, if a project incorporates bike lanes, sidewalks, transit options, or offers a new alternative, such as a trail, it receives one point for being multimodal.

2. Performance Measure:

Based on the latest federal transportation legislation, the Fixing America's Surface Transportation (FAST) Act was signed into law on December 4, 2015, which requires MPO/TPOs to measure the performance of projects. This is done by measuring projects on safety, system performance, pavement/bridge condition, and transit asset management. Therefore, the LOPP gives weight to any project that meets one of the performance measures, and an additional point if the project meets two. Please note: most projects could only obtain one point for a performance measure, as most performance measures require a project to either be on or demonstrate how it improves the performance of a corridor on the National Highway System (NHS). Therefore, most projects that obtained two points in this category were a part of the NHS.

3. Project Development:

This ranking criteria looks at where the projects are in their development. For example, if a project is in the Project Development & Environmental (PD&E) stage it gets one point, and it receives an additional point for each stage the project is in up until construction, which would be four points. Please note: projects can only qualify for one of the phases, with one to four points possible.

4. Funding Availability:

Due to limited funding, if a project has a lower cost associated with it, and/or a lower cost still needed for completion, the project can receive one additional point.

5. Local Revenue/Funding Source:

An additional category that staff thought was pertinent to the ranking system was local revenue. Therefore, if a project has local revenue being added to the project it receives an additional point.

6. Local Partnership:

The ranking criteria considers whether a project has a formal partnership between two agencies. For example, a project could be a Local Agency Program (LAP) project, or a project that FDOT manages or helps manage for another jurisdiction. In this case, the project would receive an additional point.

The Top 20 List of Priority Projects (LOPP) is shown in Figure 11 below. The following projects are identified in both the LOPP and TIP (referenced in the “Additional Information” section of the respective project page). Projects displayed show New Rank - FM Number (Page in TIP)

#1 - 435209-1 (p. 34) #12 - 433652-1 (p.52)
 #3 - 433651-1 (p.50) #14 - 436755-1 (p.67)
 #6/18 - 435484-1/2 (p. 63) #15 - 238648-1 (p.40)
 #8 - 433660-1 (p.42) #16 - 410674-2 (p.49)
 #11 - 433661-1 (p.43)

PROJECTS

This section of the TIP consists of a map of projects throughout Marion County and five smaller scale maps, two lists that indicate projects and their associated page number, a list of project phase acronyms and 63 individual project pages. Only projects tied to a location are shown in the Marion County map and Maps A-E.

A summary of changes to regionally significant transportation projects from the previous Fiscal Years 2019/20 to 2023/24 TIP is available in Appendix H.

An aerial photograph of an airport. On the left is a tall, yellow control tower with a green roof and several antennas. To its right is a long, white terminal building with a dark roof and arched windows. The word "SHELDON" is visible on the side of the terminal. In the foreground, there is a large, dark asphalt parking lot. The background shows a grassy field, some trees, and other airport buildings under a clear blue sky.

APPENDIX E: PUBLIC NOTICE IN OCALA STAR-BANNER

AFFIDAVIT OF PUBLICATION

Star-Banner
Published – Daily
Ocala, Marion County, Florida

STATE OF FLORIDA
COUNTY OF MARION

Before the undersigned, a Notary Public of Said County and State, Michelle Garcia who on oath says that they are an authorized employee of the Star-Banner, a daily newspaper published at Ocala, in Marion County, Florida; that the attached copy of advertisement, being a notice in the matter of

The Ocala Marion TPO Draft Transportation Improvement Program TIP is available for public review and comment. The TIP is a five-year schedule of transportation improvements to be funded throughout the TPOs Metropolitan Planning Area, which includes all

was published in said newspaper in the issues of:

5/19 1x

Affiant further says that the said STAR-BANNER is a daily newspaper published at Ocala, in said Marion County, Florida, and that the said newspaper has heretofore been continuously published in said Marion County, Florida, daily, and has been entered as second class mail matter at the post office in Ocala in said Marion County, Florida, for a period of one year next preceding the first publication of the attached copy of advertisement; and affiant further says that he has neither paid nor promised any person, firm or corporation any discount, rebate, commission or refund for the person of securing this advertisement for publication in the said newspaper.

Sworn to and subscribed before me this 19 day of May, A.D., 2020

Harmony Stalter
Notary Public

Ad #: A000968561

The Ocala Marion TPO Draft Transportation Improvement Program (TIP) is available for public review and comment.

The TIP is a five-year schedule of transportation improvements to be funded throughout the TPO's Metropolitan Planning Area, which includes all of Marion County. The TIP documents the anticipated timing and cost of transportation projects funded by federal, state and local sources. Projects in the TIP may include roadway construction, operations and reconstruction; bicycle and pedestrian; transit; aviation; and rail.

The Draft TIP for Fiscal Years 2020/2021 to 2024/2025 is available for public review and comment by accessing the TPO website at:
<https://ocalamariontpo.org/plans-and-programs/transportation-improvement-program-tip/>

Please use the TPO Feedback Form to provide comments by June 23, 2020. Or contact Anton Schauerte at: 352-438-2635 or anton.schauerte@marioncountyfl.org

APPENDIX F: PUBLIC COMMENTS

Comments Received	Ocala Marion TPO Response
City of Ocala - Growth Management Department - Received 5/20/20	
The TPO should correct pages 84 and 90 in the TIP to indicate that this is Block Grant funding and not 5307.	This comment has been incorporated into the Final TIP
Public Comment - Received 5/29/20	
You are already, wisely, putting an overpass on NE 36 Ave over the railroad tracks. But even more of a bottleneck and magnet for crazy, unsafe drivers is where NE 8 Ave crosses 14 St. The main problem is the very short left turn lane on 8th between the tracks and the intersection ... big enough for only 1½ cars. The antics of drivers to push their way to the front of the intersection is legendary. That is where an overpass (car or train) is desperately needed.	Thank you for your comment. This comment has been provided to the City of Ocala Engineering Office.
Federal Highway Administration - Received 6/2/20	
23 CFR 450.316(a)(1)(vi) requires a demonstration of explicit consideration and response to public input. The TIP states that it takes public input into consideration but it is not demonstrated on how this managed or accomplished.	Text informing the reader to this chart has been added to the "Public Involvement" section on page 7.
23 CFR 450.316(d) requires the involvement of Federal Lands since the Ocala National Forest occupies a large portion of the TPO area. There was no evidence that the Federal Public Lands (Ocala Natl.Forest) was included.	The TPO informed the U.S Forest Service that the Draft TIP was available for review on 5/27/20
23 CFR 450.326(g)(2) requires that the estimated total cost for projects which may extend beyond the timeframe of the TIP be included. Future cost estimates were not identified in the review.	The estimate total cost for projects extending beyond the timeframe of the TIP are included on each individual project page.
There should be at least one formal public hearing held during the TIP development. This is part of the TPO's PPP but it was unclear if a hearing had occurred.	The TPO's PPP does not require a formal public hearing to be held during the development of the TIP.
Since the TPO had adopted the TPM Consensus Document in the TIP in 2019 (as an amendment), there are two options. One, the Consensus Document must again be included in the TIP. Or the TPO Board may adopt the Document as a stand-only item.	The TPO will present the TPM Consensus Document to the TPO Board for adoption on 6/23/20 as a stand-only item.
Ocala Marion TPO's Technical Advisory Committee - Received 6/10/20	
Page 35: SR 484 should be CR 484	Project Description must stay consistent with FDOT Work Program
Page 44-45: Interchange and "The Y" should be consistent	Project Description must stay consistent with FDOT Work Program
Page 46: US 441 first in title and correct Abshier Blvd or omit it	Project Description must stay consistent with FDOT Work Program
Page 47: Change or reorder Abshier Blvd to US 441	Project Description must stay consistent with FDOT Work Program
Page 55: SR 500 should be US 441	Project Description must stay consistent with FDOT Work Program
Page 63: Map line goes to Bridges Road. Should stop at the Pruitt Trailhead	Map has been updated
Page 66: Map is incorrect. Reference Project Application Map	Map has been updated
Page 70: Map is incorrect. Check aerial based on road and from/to	Map has been updated

Florida Department of Transportation (FDOT) - Received 6/24/20

Provide MPO Adoption Date	Text has been included on the cover page
Page 21 states TPO's project selection process is consistent but does not address "how" it is consistent	Comment is not defined by FDOT as "critical" and is not addressed in the final document
FS ([s. 339.175(8)(c)(7) F.S.]) stated on page 21, each project references LRTP. See markups on document for specific corrections	LRTP Page number(s) indicating a project's applicable Goal(s)/ Objective(s) have been included to all projects
Please provide the Certification statement (for FHWA/FTA quadrennial certification)	The Ocala Marion TPO is not a TMA and is therefore not subject to the FHWA/FTA quadrennial certification
Introduced on page 10 (discussion of Transportation Disadvantaged), Figure 2 should be explained/ referenced. Please include a list of improvements funded the TD Funds	Comment is not defined by FDOT as "critical" and is not addressed in the final document
Include project page for FM #4384171 and FM #4466911	Both project pages have been added (p.74 and p.100, respectively)
Numerous pages: Match "Project Descriptions" with FDOT Work Program	The Project Descriptions on the following pages of the final TIP have been corrected: 34-37, 40-47, 50-53, 55, 57, 59-60, 63-64, 67, 69-71, 73, 83-92, 96, 98
Page 3: Include Appendix H in Table of Contents	Text has been included
Explanation of Bridge and Pavement Condition (is stated) on page 14 but no anticipated effect explained. Transit Asset Management figure and explanation of goals is hard to follow and there is no anticipated effect stated from achieving the 0% target goal. Suggest to define a "0%" Target.	Comment is not defined by FDOT as "critical" and is not addressed in the final document
Page 14: List the anticipated effects of achieving performance targets	Comment is not defined by FDOT as "critical" and is not addressed in the final document
Page 17, correct 450.324(a) to 450.326(a), distribution of funds provided on page 19 and 20	Text has been updated on page 17. Funding distribution on page 19 and 20 is not incorrect.
Does the TIP demonstrate that there are sufficient funds (federal, state, local and private) to implement proposed transportation system improvements, identifies any innovative financing techniques through comparison of revenues and costs for each year? It is recommended that the TIP include a table(s) that compares the funding sources and amounts, by year to the total project costs. [23 C.F.R. 450.326(k)]; [23 C.F.R. 450.326(j)]; [s. 339.175(8)(c)(3) F.S.].	The following comment was provided by FDOT: "Awaiting word back from Central Office regarding concurrence."
Did the MPO make the draft TIP available to all review agencies and affected parties? Refer distribution list in MPO Handbook, page 5-21 – 5-24	The following comment was provided by FDOT: "Need confirmation from FDOT."
Did the MPO upload the document into the MPO Document Portal for review by District staff, Office of Policy Planning, Florida Commission for the Transportation Disadvantaged, Bureau of Community Planning, FTA, & FHWA?	The following comment was provided by FDOT: "Need concurrence from D5 Liaison"
Page 23: Include List of Priority Projects	List has been included

p.43: Correct total funding amount on line 5 and 6	Text has been updated
p.44: Change "Goal 6, Objective 1" to "Goal 6, Objective 3"	Text has been updated
p.46: Change "Intersection/Turn Lane" to "Traffic Signals"	Project Type is a TPO-developed classification system
p.56: Combine both rows in funding table	Rows have been combined
p.59: Change "Intersection/Turn Lane" to "Traffic Signals"	Project Type is a TPO-developed classification system
p.59: Correct Phase and Funding Source for each row	Text has been updated
p.63: Check line 5 and 6 of funding chart	Funding amounts were correct
p.83: Check Total funding for FY 2020/21	Funding amounts were correct
p.86: Check Total funding for FY 2020/21	Funding amounts were correct

APPENDIX G: GLOSSARY OF TERMS AND ACRONYMS

Glossary of Terms and Acronyms

**OCALA MARION
TRANSPORTATION
PLANNING
ORGANIZATION**

ACRYONYM	NAME	DESCRIPTION
3-C	Continuing, Cooperative, and Comprehensive	A Comprehensive, Cooperative, and Continuing (3-C) process is required for initiatives to be eligible for Federal transportation funding.
AADT	Annual Average Daily Traffic	The average volume of traffic per day on a particular road or section of road.
ACES	Automated, Connected, Electric, Shared Vehicles	Term used to describe vehicles that are self-driving, electronically-connected and powered, and/or used for ridesharing.
ACS	American Community Survey	The American Community Survey is an ongoing survey that provides vital information on a yearly basis about our nation and its people.
ADA	Americans with Disabilities Act	The Americans with Disabilities Act prohibits discrimination against people with disabilities in employment, transportation, public accommodation, communications, and governmental activities.
AER	Actual Expenditure Report	An annual report, completed by the planning agency and the Community Transportation Coordinator (CTC), to inform the Commission for the Transportation Disadvantaged (CTD) of the specific amount of funds the agency expended for transportation disadvantaged services.
AMPO	Association of Metropolitan Planning Organizations	Organization that provides MPOs with technical assistance, transportation research and a variety of other transportation-related services.
AOR	Annual Operating Report	An annual report prepared by the Community Transportation Coordinator (CTC) that provides a summary of performance trends detailing its designated service area and operational statistics.
ATMS	Automated Traffic Management System	ATMS is used to improve the efficiency of the transportation network. It utilizes data-analysis and communication technology to reduce congestion in real-time due to crashes and other traffic problems.
BEA	Bureau of Economic Analysis	Federal agency within the Department of Commerce that provides economic data and projections.
BEBR	Bureau of Economics & Business Research	Research center at the University of Florida that performs economic and demographic research to inform public policy and business decision making (Definition taken from A2RU - https://www.a2ru.org/bebr-bureau-of-economics-business-research/)
BLS	Bureau of Labor Statistics	Federal agency within the Department of Labor that tracks federal employment data.
BTS	Bureau of Transportation Statistics	The Bureau of Transportation Statistics was established as a statistical agency in 1992. The Intermodal Surface Transportation Efficiency Act (ISTEA) of 1991 created BTS to administer data collection, analysis, and reporting and to ensure the most cost-effective use of transportation-monitoring resources.

CAAA	Clean Air Act Amendments of 1990	The original Clean Air Act was passed in 1963, but the national air pollution control program is actually based on the 1970 revision of the law. The Clean Air Act as amended in 1990 made major changes and contains the most far reaching revisions of the 1970 law.
CAC	Citizen Advisory Committee	The Citizens Advisory Committee (CAC) advises the TPO on local transportation issues based on the input of citizens they represent in the area. The TPO strives to keep the composition of the CAC diverse in terms of geographic location and professions represented.
CBSA	Core Based Statistical Areas	CBSAs consist of the county or counties or equivalent entities associated with at least one core (urbanized area or urban cluster) of at least 10,000 population, plus adjacent counties having a high degree of social and economic integration with the core. Social and economic integration is measured in the form of commuting and other reoccurring travel.
CFMPOA	Central Florida Metropolitan Planning Organization Alliance	A partnership of Transportation Planning Organizations in Central Florida created to provide transportation solutions throughout the region.
CFR	Code of Federal Regulations	The codification of the rules published in the Federal Register by the executive departments and agencies of the Federal Government. These are the administrative rules and regulations that clarify the impact of the United States Code (USC) or the law.
CFRPM	Central Florida Regional Planning Model	Travel demand forecasting tool used by numerous planning agencies throughout central Florida.
CMAQ	Congestion Mitigation and Air Quality Improvement Program	The CMAQ program funds transportation projects and programs in air quality non-attainment and maintenance areas that reduce traffic congestion and transportation related emissions (ozone, carbon monoxide, particulate matter, etc.).
CMP	Congestion Management Process	A systematic approach required in transportation management areas (TMAs) that provides for effective management and operation. Provides information on transportation system performance and finds alternative ways to alleviate congestion and enhance the mobility of people and goods, to levels that meet state and local needs.
CTC	Community Transportation Coordinator	Community Transportation Coordinators are businesses or county departments responsible for arrangement of transportation services delivered to the transportation disadvantaged. (Definition taken from Lee MPO - http://leempo.com/programs-products/transportation-disadvantaged/)
CTD	Commission for the Transportation Disadvantaged	Created in 1989, the CTD was created to provide statewide policy guidance to Florida's Transportation Disadvantaged Program, which coordinates funds to provide older adults, persons with disabilities and people with limited access to employment, health care and educational opportunities. (Definition taken from NCFRPC - http://www.ncfrpc.org/TD/td.html)
CTPP	Census Transportation Planning Products	The CTPP is a set of special tabulations designed by and for transportation planners using large sample surveys conducted by the Census Bureau.

CTST	Community Traffic Safety Team	An organization created to inform the public about transportation safety issues. Major events conducted by the Marion County CTST include “Walk Your Child to School Day”, a mock DUI scenario, and a Battle of the Belts competition.
DBE	Disadvantaged Business Enterprise	The DBE program ensures that federally-assisted contracts for transportation projects are made available for small businesses owned/controlled by socially and economically disadvantaged individuals (Definition taken from FHWA - https://www.fhwa.dot.gov/civilrights/programs/dbe/)
DOPA	Designated Official Planning Agency	An agency that assists the Florida Commission for the Transportation Disadvantaged (CTD) in the coordination of safe, efficient, cost effective transportation services to those who are transportation disadvantaged. (Definition taken from CTD - https://ctd.fdot.gov/communitytransystem.htm)
DOT	Department of Transportation	When used alone, indicates the U.S. Department of Transportation. In conjunction with a place name, indicates state, city, or county transportation agency.
DRI	Development of Regional Impact	A large-scale development project that may impact multiple counties or jurisdictions.
EIS	Environmental Impact Statement	Report developed as part of the National Environmental Policy Act requirements, which details any adverse economic, social, and environmental effects of a proposed transportation project for which Federal funding is being sought.
EPA	Environmental Protection Agency	The federal regulatory agency responsible for administering and enforcing federal environmental laws, including the Clean Air Act, the Clean Water Act, the Endangered Species Act, and others.
ETDM	Efficient Transportation Decision Making	Developed by the Florida Department of Transportation (FDOT) to streamline the environmental review process, ETDM helps protect natural resources by involving stakeholders early in the transportation planning process. Specifically, ETDM is used to identify what impacts may occur from planned transportation projects.
FAA	Federal Aviation Administration	FAA provides a safe, secure, and efficient global aerospace system that contributes to national security and the promotion of US aerospace safety.
FAST Act	Fixing America’s Surface Transportation Act	The Fixing America’s Surface Transportation (FAST) Act is five-year legislation that was enacted into law on December 4, 2015. The main focus of the legislation is to improve the Nation’s surface transportation infrastructure, including our roads, bridges, transit systems, and rail transportation network.

FDOT	Florida Department of Transportation	Originally named the Florida State Road Department, the Florida Department of Transportation (FDOT) was created in 1969. FDOT's mission is to ensure the mobility of people and goods, enhance economic prosperity, and preserve the quality of the environment and community (Definition taken from State of Florida- https://jobs.myflorida.com/go/Department-of-Transportation/2817700/)
FHWA	Federal Highway Administration	A branch of the U.S. Department of Transportation that administers the federal-aid highway program, providing financial assistance to states to construct and improve highways, urban and rural roads, and bridges.
F.S.	Florida Statute	Codified, statutory laws of Florida
FSUTMS	Florida Standard Urban Transportation Modeling Structure	FSUTMS is a computerized planning model that allows users to better predict the impact of transportation policies and programs by providing a standardized framework for the development, use and sharing of models.
FTA	Federal Transit Administration	A branch of the U.S. Department of Transportation that administers federal funding to transportation authorities, local governments, and states to support a variety of locally planned, constructed, and operated public transportation systems throughout the U.S., including buses, subways, light rail, commuter rail, streetcars, monorail, passenger ferry boats, inclined railways, and people movers.
FTC	Florida Transportation Commission	An entity that reviews and recommends major transportation policies and serves as an oversight body to monitor the efficiency and productivity of transportation authorities.
FTE	Florida's Turnpike Enterprise	Unit of the Florida Department of Transportation (FDOT) that operates 461 miles of toll highways across the state.
FTP	Florida Transportation Plan	Florida's long-range plan that guides current transportation decisions. The plan outlines transportation issues and solutions related to improving safety, efficiency, population growth, economic development, and access to transit and other modes of transportation.
FY	Fiscal Year/Federal Fiscal Year	The TPO's Fiscal Year is from July 1-June 30. The Federal Fiscal Year is from Oct 1-Sept 30.
GIS	Geographic Information System	Computerized data management system designed to capture, store, retrieve, analyze, and display geographically referenced information.
HIS	Interstate Highway System	The specially designated system of highways, begun in 1956, which connects the principal metropolitan areas, cities, and industrial centers of the United States.
HOV	High-Occupancy Vehicle	Vehicles carrying two or more people.
HSIP	Highway Safety Improvement Program	The goal of the program is to achieve a significant reduction in traffic fatalities and serious injuries on all public roads, including non-State-owned public roads and roads on tribal lands.

HUD	U.S. Department of Housing and Urban Development	HUD's mission is to increase homeownership, support community development and increase access to affordable housing free from discrimination. HUD's Community Development Block Grant Program (CDBG) is a program with many resources that are used to help address a wide array of community development needs, including sidewalks and other transportation infrastructure.
ITS	Intelligent Transportation Systems	Electronics, photonics, communications, or information processing used singly or in combination to improve the efficiency or safety of a surface transportation system.
JPA	Joint Planning Agreement	An agreement made between multiple organizations.
LAP	Local Agency Program	A program that establishes the regulations used by the Florida Department of Transportation (FDOT) to authorize federal funding to local agencies.
LOS	Level of Service	Level of Service is a term that describes the operating conditions a driver, transit users, bicyclist, or pedestrian will experience while traveling on a particular street, highway or transit vehicle. LOS is used in transportation planning as a data friendly tool to help aid in the decision making process regarding road capacity. LOS data allows planners to make more informed decisions regarding transportation projects.
LRTP/MTP	Long-Range Transportation Plan (also known as a Metropolitan Transportation Plan)	A document resulting from regional or statewide collaboration and consensus on a region's transportation system. It serves as the defining vision for the region's transportation systems and services. The LRTP addresses a planning horizon of no less than a 20-years and is developed, adopted, and updated every five years by the TPO. The most recent LRTP was adopted in December 2015. The plan can be viewed on the TPO website at: https://ocalamariontpo.org/plans-and-programs/long-range-transportation-plan-lrtp/
MAP-21	Moving Ahead for Progress in the 21st Century	The Moving Ahead for Progress in the 21st Century Act (P.L. 112-141), was signed into law in 2012. Funding surface transportation programs at over 105 billion for fiscal years (FY) 2013 and 2014, MAP-21 is the first long-term highway authorization enacted since 2005. MAP-21 creates a streamlined and performance-based surface transportation program and builds on many of the highway, transit, bike, and pedestrian programs and policies established in 1991.
MPA	Metropolitan Planning Area	The geographic area determined by agreement between the transportation planning organization (TPO) for the area and the Governor, in which the metropolitan transportation planning process is carried out.
MPO	Metropolitan Planning Organization	An MPO, also known as a TPO, is a forum for cooperative transportation decision-making for metropolitan planning areas. In order for a TPO to be designated, an urban area must have a population of at least 50,000 as defined by the US Census Bureau.
MPOAC	Metropolitan Planning Organization Advisory Council	A planning and policy organization created to assist individual MPO/ TPOs across Florida in building a more collaborative transportation planning process.

MSA	Metropolitan Statistical Areas	Core Based Statistical Areas associated with at least one urbanized area that has a population of at least 50,000. The metropolitan statistical area comprises the central county or counties or equivalent entities containing the core, plus adjacent outlying counties having a high degree of social and economic integration with the central county or counties as measured through commuting.
NEPA	National Environmental Policy Act of 1969	Established requirements that any project using federal funding or requiring federal approval, including transportation projects, examine the effects of proposed and alternative choices on the environment before a federal decision is made.
NHPP	National Highway Performance Program	The NHPP provides support for the condition and performance of the National Highway System (NHS), for the construction of new facilities on the NHS.
NHPP (Bridge)	National Highway Performance Program (Bridge)	Reconstruction, resurfacing, restoration, rehabilitation, or preservation of a bridge on a non-NHS Federal-aid highway (if Interstate System and NHS Bridge Condition provision requirements are satisfied) [23 U.S.C. 119(i)]
NHS	National Highway System	This system of highways designated and approved in accordance with the provisions of 23 U.S.C. 103b). (23CFR500)
PD&E	Project Development and Environmental Study	A study conducted to determine feasible building alternatives for transportation projects and their social, economic and environmental impacts. PD&E studies are required per the National Environmental Policy Act (NEPA). (Definition taken from FDOT, District 7 - https://www.fdotd7studies.com/what-is-a-pde-study.html)
PE	Preliminary Engineering	The analysis and design work performed by professionals for transportation projects that leads to the development of construction/roadway plans, specifications and cost estimates.
PEA	Planning Emphasis Area	Planning Emphasis Areas set planning priorities that are supportive of the statewide Florida Transportation Plan (FTP), and give importance to topics that all MPOs are encouraged to address in their respective planning programs.
PIP	Public Involvement Plan	The Public Involvement Plan documents the goals, objectives and strategies for ensuring all individuals have every opportunity to be involved in transportation planning decisions. The plan is designed to provide a transparent planning process that is free from any cultural, social, racial or economic barriers and offers multiple opportunities for public participation and input.
PL Funds	Metropolitan Planning Funds	Funds made available to MPOs for transportation planning activities to provide for a continuing, comprehensive and cooperative (3-C) planning process.
ROW	Right of Way	An easement reserved on the land for transportation purposes, such as a highway, bike path, rail line, utility line, etc.

RPC	Regional Planning Council	Organizations designated by Florida law to provide planning and technical expertise to local governments in order to promote regional collaboration.
SHSP	Strategic Highway Safety Plan	This is a statewide-coordinated safety plan that provides a comprehensive framework for eliminating highway fatalities and reducing serious injuries on all public roads.
SIS	Strategic Intermodal System	A network of transportation facilities important to the state's economy and mobility. The SIS was created to focus the state's limited resources on the facilities most significant for interregional, interstate and international travel (Definition taken from FDOT - https://www.fdot.gov/planning/sis/default.shtm)
SLRTP	Statewide Long-Range Transportation Plan	The official, statewide, multimodal transportation plan covering no less than 20 years and developed through the statewide transportation planning process.
SOV	Single-Occupancy Vehicle	Any motor vehicle not meeting the established occupancy requirement of a High-Occupancy (HOV) lane.
STBG	Surface Transportation Block Grant Program	The STBG promotes flexibility in State and local transportation decisions and provides flexible funding to best address State and local transportation needs.
STIP	Statewide Transportation Improvement Program	The STIP is a statewide prioritized listing/program of transportation projects covering a period of four years that is consistent with the long-range statewide transportation plan, metropolitan transportation plans, and TIPs, and required for projects to be eligible for funding under title 23 U.S.C. and title 49 U.S.C. Chapter 53.
STP	Surface Transportation Program	Federal-aid highway funding program that supports a broad range of surface transportation capital needs, including many roads, transit, sea and airport access, vanpool, bike, and pedestrian facilities.
TAC	Technical Advisory Committee	The Technical Advisory Committee provides technical expertise to the TPO by reviewing transportation plans, programs and projects primarily from a technical standpoint. The TAC is comprised of professional planners, engineers, and school officials.
TAZ	Traffic Analysis Zone	A defined geographic area used to tabulate traffic-related land use data and forecast travel demand. Traffic Analysis Zones typically consist of one or more Census blocks/tracts or block groups.
TDLCB	Transportation Disadvantaged Local Coordinating Board	The TDLCB coordinates transportation needs of the disadvantaged, including individuals with physical and economic challenges and senior citizens facing mobility issues. The Board helps the TPO identify local service needs of the Transportation Disadvantaged (TD) community to the Community Transportation Coordinator (CTC).
TDM	Transportation Demand Management	Programs designed to reduce demand for transportation through various means, such as the use of public transit and of alternative work hours.

TDP	Transit Development Plan	The Transit Development Plan (TDP) represents the community's vision for public transportation in the Ocala Marion TPO service area for a 10-year span. Updated every five years, the Plan provides a comprehensive assessment of transit services in Marion County. Specifically, the TDP details SunTran's transit and mobility needs, cost and revenue projections, and community transit goals, objectives, and policies.
TDSP	Transportation Disadvantaged Service Plan	A comprehensive analysis of the service area, identifies available transportation services, and provides local service standards. (Definition taken from FDOT - https://ctd.fdot.gov/communitytransystem.htm)
TIGER	Transportation Investment Generating Economic Recovery	The TIGER Discretionary Grant program, provides a unique opportunity for the DOT to invest in road, rail, transit and port projects that promise to achieve national objectives. (Definition taken from USDOT- www.transportation.gov/tiger/about)
TIP	Transportation Improvement Program	A TIP is a prioritized listing/program of transportation projects covering a period of five years that is developed and formally adopted by a TPO as part of the metropolitan transportation planning process, consistent with the metropolitan transportation plan, and required for projects to be eligible for funding under title 23 U.S.C. and title 49 U.S.C. Chapter 53.
TMA	Transportation Management Area	An urbanized area with a population over 200,000 (as determined by the latest decennial census) or other area when TMA designation is requested by the Governor and the TPO (or affected local officials), and officially designated by the Administrators of the FHWA and FTA. The TMA designation applies to the entire metropolitan planning area.
TMIP	Travel Model Improvement Program	TMIP supports and empowers planning agencies through leadership, innovation and support of planning analysis improvements to provide better information to support transportation and planning decisions.
TOD	Transit Oriented Development	Transit-oriented development, or TOD, is a type of community development that includes a mixture of housing, office, retail and/or other amenities integrated into a walkable neighborhood and located within a half-mile of quality public transportation. (Definition taken from Reconnecting America- www.reconnectingamerica.org .)
TPM	Transportation Performance Management	FHWA defines Transportation Performance Management as a strategic approach that uses system information to make investment and policy decisions to achieve national performance goals.
TPO	Transportation Planning Organization	A TPO, also known as an MPO, is a forum for cooperative transportation decision-making for metropolitan planning areas. In order for a TPO to be designated, an urban area must have a population of at least 50,000 as defined by the US Census Bureau.
TRB	Transportation Research Board	The mission of the Transportation Research Board (TRB) is to promote innovation and progress in transportation through research.
TRIP	Transportation Regional Incentive Program	Created in 2005, the program provides state matching funds to improve regionally significant transportation facilities.

TSM&O	Transportation Systems Management and Operations	Florida Department of transportation (FDOT) program to measuring performance, streamlining and improving the existing system, promoting effective cooperation/collaboration, and delivering positive safety and mobility outcomes to the travelling public. (Definition taken from FDOT - http://www.cflsmartroads.com/tsmo.html)
UA	Urbanized Area	A statistical geographic entity delineated by the Census Bureau, consisting of densely settled census tracts and blocks and adjacent densely settled territory that together contain at least 50,000 people.
UPWP	Unified Planning Work Program	UPWP means a Scope of Services identifying the planning priorities and activities to be carried out within a metropolitan planning area. At a minimum, a UPWP includes a description of planning work and resulting products, who will perform the work, time frames for completing the work, the cost of the work, and the source(s) of funds.
USC	United States Code	The codification by subject matter of the general and permanent laws of the United States.
V/C	Volume to Capacity	A ratio used to determine whether a particular section of road warrants improvements. V/C compares roadway demand to roadway supply.
VMT	Vehicle Miles Traveled	A measurement of miles traveled by vehicles within a specified region for a specified time period. (Definition taken from Wikipedia)

APPENDIX H: MAJOR CHANGES FROM 2019/2020-2023/2024 TIP

Project Number / FM Number	Project Description	Change from 19/20-23/24 TIP	Change In Total Funding (If Applicable)
4348441	CR 42 at SE 182nd Ave. Rd	No Change	N/A
4336511	CR 484 from SW 20th Ave. to CR 475A	No Change	N/A
4443821	CR 484 / PENNSYLVANIA AVE @ CROSSING # 622599-D	Fully Funded	N/A
4352091	I-75 at NW 49th St. from end of NW 49th St. to end of NW 35th St.	Funding Increase	\$58,318,200
4436231	I-75 (State Road 93)	No Change	N/A
4436241	I-75 (State Road 93)	No Change	N/A
4409002	I-75 FRAME OFF SYSTEM	Fully Funded	N/A
4385621	I-75 MARION COUNTY REST AREAS	Funding Decrease	\$20,221
4378261	I-75 MARION COUNTY REST AREAS	Funding Decrease	\$88,377
4363611	ITS OPERATIONAL SUPPORT	No Change	N/A
4317983	NE 36TH AVENUE	Fully Funded	N/A
4443831	SE 36 AVE @ CROSSING # 627220-F	Fully Funded	N/A
4432701	SR 25 / 200 TO ALACH BRIDGE 360025 & 360026	Fully Funded	N/A
4356602	SR 326	Fully Funded	N/A
4437031	SR 35 (SE 58TH AVE) FROM CR 464 (SE MARICAMP RD) TO SR 40	No Change	N/A
4112565	SR 35 (US 301) DALLAS POND REDESIGN	Funding Increase	\$236,597
4336521	SR 40 from SW 40th Ave. to SW 27th Ave.	Funding Decrease	\$2,504,748
4413661	SR 40 from SW 27th Ave. to MLK Jr. Ave.	Funding Increase	\$64,400
4106742	SR 40 from end of 4 lanes to east of CR 314	Funding Decrease / Constructed Delayed - Est. to Begin 2029)	\$23,963,634
4431701	I-75 from Sumter County Line to SR 200	Funding Decrease	\$2,375,139
4437301	US 301 / US 441 Split (The Y) from south of Split to north of Split	Funding Increase	\$26,680
2386481	US 41 from SW 110th St. to north of SR 40	Funding Decrease	\$10,469,145
4392381	US 441 from SR 35 to SR 200	Fully Funded	N/A
4336611	US 441/US 27/South Pine Avenue from SW 3rd St. to NW 2nd St.	Funding Decrease	\$107,604
4411361	US 441 from CR 25A (NW Gainesville Rd.) to US 301/441 Interchange	Funding Increase	\$5,606,809
4356861	US 441 at SE 98th Lane	Fully Funded	N/A
4336601	US 441 at SR 464	Funding Decrease	\$90,948
4447671	US 441 SLOPES AT RR OVER PASS B/W SE 3RD AVE & SE 30TH ST	Fully Funded	N/A
4453211	WILDWOOD MAINLINE WEIGH IN MOTION (WIM) SCREENING	Funding Decrease	\$57,711

APPENDIX I: LIST OF PROJECTS IN 2040 LRTP

The chart below shows projects included in both the TIP and the TPO's 2040 Long-Range Transportation Plan (LRTP). Please note that the details of projects, including the project description, may vary slightly to how the project is identified in the 2040 LRTP. Also, projects listed in the LRTP may be listed on other pages, in addition to the pages shown below.

TIP Page Number	FM Number	2040 LRTP Page Number	2040 LRTP Project Name
34	4352091	5-2	I-75 @ NW 49th Street
